ABOUT AUTOMOTIVE TECHNOLOGY

LBCC's Automotive Technology program is committed to preparing students for employment in the automotive industry while preparing them for Industry Leading Certification exams. The courses provides students with a strong background in Automotive Technology, hands-on experience, and an excellent understanding of the industry's requirements for employment.

LBCC's expert faculty trains students for jobs that are in high demand by using critical and analytical skills - all while earning a certification in LBCC's Automotive Technology program.

DEGREES AND CERTIFICATES

- Associate of Science, Automotive Technology
- Certificate of Achievement, Automotive Technology
- Certificate of Achievement, Automotive Engine & Transmission Service
- Certificate of Achievement, Automotive Engine Performance Service
- Certificate of Achievement, Automotive Maintenance Service
- Certificate of Accomplishment, Automotive Quick Service
- Certificate of Completion, Automotive Quick Service

BEYOND THE CLASSROOM

The LBCC Automotive Technology Auto Club is a student organization that helps connect students to professionals in the automotive industry to expand students' networks and to learn what it takes to be successful in their chosen field.

LBCC Automotive Association Members meet with After Market and Original Equipment Manufacturer (OEM) executives from all over the world at events such as the Specialty Equipment Market Association (SEMA) HQ Career Fairs or the SEMA Conference and Student Education Event in Las Vegas, NV.

Automotive Technology also participates in the annual LBCC Career and Technical Education (CTE) Night at LBCC's Pacific Coast Campus, which showcases the Automotive Technology cars.
