## WHAT IS AN EARLY COLLEGE PROGRAM?

The Browning High School/Long Beach City College Early College Program gives students a jumpstart to college and lays out the pathway to Culinary Arts and Hospitality careers. The goal of the partnership is to provide a transformational educational experience for high school students – along with specialized support at no cost to the student – preparing them for future college and career opportunities all the while earning both a high school diploma and potentially an Associate degree.

Designed for students to earn high school and college credit for classes in the Culinary Arts and Hospitality pathways, courses also count toward both general education and major requirements.

Courses are offered at Browning High School, both Long Beach City College campuses (Liberal Arts and Pacific Coast), and online. Best of all, courses are aligned to current industry standards to help insure a place in the workforce.

## WHAT ARE THE BENEFITS OF EARLY COLLEGE?

The benefits are many!

Students save money on tuition, earn college credit, and save time by completing certificate and/or degree requirements.

## EARLY COLLEGE RESULTS ARE IMPRESSIVE!

Across the nation, Early College students are more likely to enroll in college and earn a college degree after high school.

## TAUGHT BY FACULTY AND INDUSTRY EXPERTS WITH DECADES OF EXPERIENCE

All instructors have professional experience in the Culinary Arts and Hospitality industries and add real-life experience to the course of study.

## BEYOND THE CLASSROOM

Besides classroom and online learning, the Culinary Arts and Hospitality pathway also incorporates workplace and on-site hospitality tours, chef demonstrations, job fairs – even competitions and volunteer opportunities where students can practice their new skills.
