## Pilots: Alternative Placement

### Summary:

**Transfer-Level English Placement:** Earned Grade of A or B in Senior Year English Class (2<sup>nd</sup> Semester)

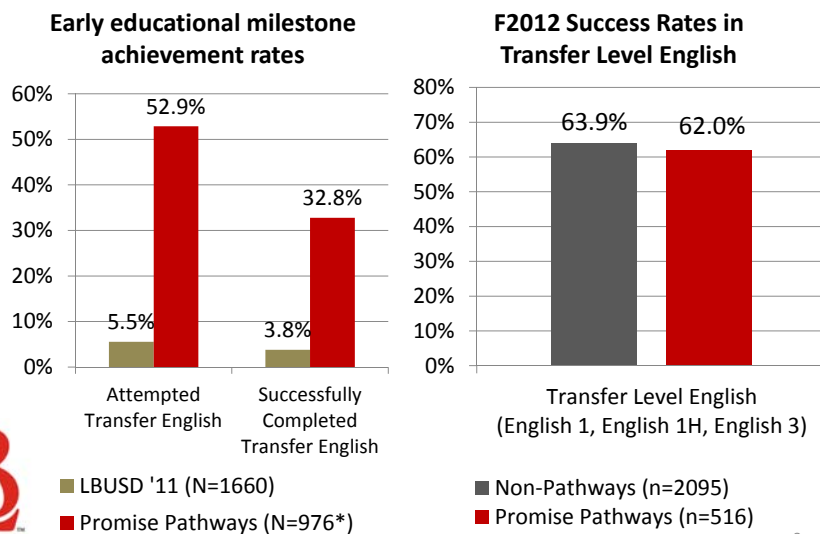

**Transfer-Level Math Placement:** Combination of a) last math course taken; b) grade in last math class; c) 11<sup>th</sup> grade math CST score; d) overall GPA in math; and e) overall GPA

### Rationale:

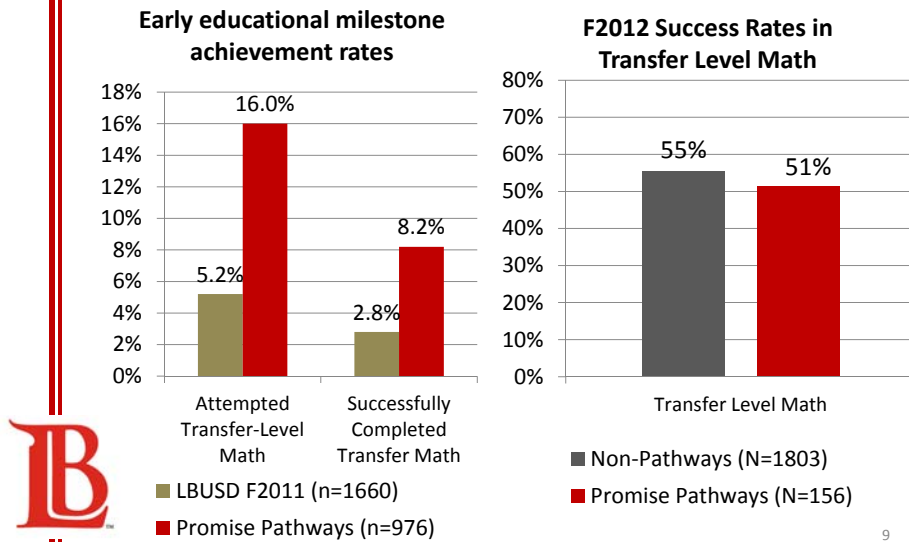

The more data we can use to place students, the more precise the placement will be; prior academic performance predicts success in college better than test scores alone
