CAREER OPPORTUNITIES

Students learn entry-level job skills in architectural drafting.

This Associate Degree will prepare students for a design-related career.

The Core Skills Certificate of Achievement will prepare students for an entry-level position as an architectural drafter trainee in a variety of design profession settings and will serve as a foundation for specialization

The Advanced Skills Certificate of Achievement will prepare students for an advanced position as an architectural drafter or senior draftsman in a variety of design professional settings and will serve as a foundation for specialization.

DEPARTMENTAL ADMISSION REQUIREMENTS

None. For more departmental information call (562) 938-4718.

GRADUATION REQUIREMENTS

For CERTIFICATE(S) OF ACHIEVEMENT:

This certificate is a one to two year program in occupational/technical areas at Long Beach City College which provide training in job skills and employment opportunities. Complete the required units with a minimum cumulative grade point average of 2.0 ("C" average). Fifty per cent (50%) or more of the unit requirements for this field of concentration must be completed in residence (credit earned by exam, where applicable, may be included).

For ASSOCIATE IN SCIENCE DEGREE:

NOTE: Effective Fall 2009, Title 5, section 55063 (a) (2) requires that students must complete each course counted toward the major or area of emphasis with a grade of "C" or better or "P" if the course is taken on a "Pass/No Pass" basis.

The Associate Degree is a two-year college degree awarded by Long Beach City College which includes general education courses and a major. Complete the required units identified with a minimum cumulative grade point average of 2.0 ("C" average). In addition to these requirements, complete the A.S. degree requirements specified in the catalog. The requirements for general education/proficiency and the field of concentration need to be from the same catalog year. This catalog year may be any year between the year of initial enrollment to the present, provided continuous enrollment is maintained throughout (see the catalog for definition of "continuous enrollment"). Fifty per cent (50%) or more of the unit requirements for this field of concentration must be completed in residence (credit earned by exam, where applicable, may be included).

NOTE: To receive a certificate or degree you must submit completed application forms in the Admissions and Records Office during your final semester of course work. 300 numbered versions of classes may be used toward the total units required.

In general, "double-counting" is not allowed. That is, one course may not be used to fulfill both a field of concentration requirement and to fulfill a general education requirement.

Transfer students: See curriculum guide for Architectural Design (Transfer).

SUGGESTED SEQUENCE OF COURSES

This is not an educational plan, as course offerings, student schedules, and circumstances vary.
Students must meet all the prerequisites in order to be eligible for the sequence of courses.

A suggested full-time sample sequence of courses for the required **60** units to reach an Associate Degree includes:

<u>First Semester</u>		<u>Second Semester</u>	
ARCHT 60	8 units	ARCHT 64	8 units
Math Course	3-5	Carpentry Course	3
English Course	3	G.E. Course	3
G. E. Course	3	Semester Total	14
Semester Total	17-19		
 <u>Third Semester</u>		 <u>Fourth Semester</u>	
ARCHT 70A	8 units	ARCHT 70B	8 units
DRAFT Elective	4	ARCH Elective	3
G.E. Course	3	G.E. Course	3
G.E. Course	1-3	Semester Total	14
Semester Total	16-18		

Students interested in transferring to a university to continue their study in this field of concentration or other majors are strongly advised to consult an LBCC academic counselor and refer to the ASSIST website (www.assist.org) for major preparation information. Counselors can clarify the different major and admissions requirements at a university. Students may visit the Student Success/Transfer Services Center to access further educational resources. If you need to set up an appointment to see a counselor or schedule the SOAR Test, call LAC (562)938-4561 or PCC (562)938-3920.
