* This course is an exception to the "double-counting" rule; it may be double-counted.

± These courses also apply towards a Program Certificate in Early Childhood Education offered at LBCC. See separate guide entitled Child Development Early Childhood Education for information or call (562) 938 - 4549

^ This pattern of child development also applies toward a Child Development Permit granted by the California Commission for Teacher Preparation and Licensing. Permit is required for employment in certain Title 5 programs.

DS 3: Program/Curriculum (includes Practicum and Guidance) DS 4: Infant Toddler Development

GRADUATION REQUIREMENTS

For ASSOCIATE IN ARTS DEGREE:

The Associate Degree is a two-year college degree awarded by Long Beach City College that includes general education courses and a major. Complete the required units listed above with a minimum grade of "C" in each course. In addition, complete the A.A. degree requirements specified in the Catalog. The requirements for general education/proficiency and the field of concentration need to be from the same catalog year. This catalog year may be any year between the years of initial enrollment to the present, provided continuous enrollment is maintained throughout (see the catalog for definition of "continuous enrollment"). Fifty per cent (50%) or more of the unit requirements for this field of concentration must be completed in residence (credit earned by exam, where applicable, may be included).

In general, "double-counting" is not allowed. That is, one course may not be used to fulfill both a field of concentration requirement and to fulfill a general education requirement.

NOTE: To receive a degree you must submit completed application forms in the Admissions and Records Office during your final semester of course work.
