Version Date: 5/29/25

All information contained herein is subject to change without notice.

The Cal-GETC pattern is intended for students planning to transfer to the University of California (UC) or California State University (CSU) systems. These courses fulfill both systems' lower-division General Education (GE) requirements. Students must meet with an LBCC counselor to initiate and complete Cal-GETC certification. Students who wish to complete an Associate Degree, but do not wish to transfer, should complete the LBCC-GE plan instead. Consult the catalog and counselors for more information.

Grades & Pass/No Pass: A minimum "C" grade is required in each college course for Cal-GETC. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale. Courses in which a student receives a "Pass" grade may be used towards Cal-GETC certification since they are equivalent to a "C" grade or higher (2.0 grade points on a 4.0 scale). No more than 14 semester units of Pass/No Pass (Credit/No Credit), excluding credit by examination, may be used toward Cal-GETC certification.

Double Counting: Double-counting of courses listed in more than one area of this general education pattern is NOT allowed. One course cannot be

## Cal-GETC CERTIFICATION

Certification is the process whereby LBCC approves Cal-GETC course work for CSU or UC transfer. A grade of a C or better is required for all Cal-GETC coursework. Only courses appearing on Cal-GETC are eligible for certification. Non-LBCC courses that students seek to have applied to Cal-GETC must have been completed at an accredited community college or university. Students who begin their college work at any UC may not use Cal-GETC to transfer back to the same UC. Consult the catalog and counselors for more information and limitations.
