

LONG BEACH CITY COLLEGE
CATALOG 2015 - 2016
VOLUME LVIII

LONG BEACH COMMUNITY COLLEGE DISTRICT
LONG BEACH, CALIFORNIA

On behalf of our dedicated faculty, staff and administrators, it is my pleasure to welcome you to Long Beach City College.

LBCC serves about 25,000 students each year with affordable, flexible classes and a wide range of educational options. We pride ourselves on diversity – from the student population we serve to the outstanding educational programs we provide.

We offer career and technical education courses aligned with today's job market, a broad range of certificate and degree programs, and academic courses that prepare thousands of our students every year for successful transfer to universities.

LBCC also provides leadership in the business community, as the host campus for regional workforce development programs that are creating new jobs and improving our economy statewide.

Meanwhile, our innovative programs like the Long Beach College Promise are ensuring that even more students are able to thrive at Long Beach City College.

For nearly 90 years Long Beach City College has supported our community and economy through the success of our graduates and alumni. We are glad you have chosen to be part of that tradition.

Eloy Ortiz Oakley
Superintendent-President

Welcome to Long Beach City College. The faculty at LBCC is dedicated to providing you with the knowledge and skills you that will need to be successful in your chosen profession. Certificate programs provide the foundation for you to begin, change or advance in your career. Associate degrees and transfer level courses are available if you are seeking a degree and/or wish to transfer to a university upon completion of your studies at LBCC. Counseling and other student service programs are available to help you select your course of study and ensure you make the most of your time at the college.

The faculty is honored to share in your educational endeavors and we all look forward to meeting, talking and working with you. We are here to support you in your pursuit of your academic and personal goals.

Karen Kane
Academic Senate President

Accreditation

Long Beach City College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (WASC), 10 Commercial Blvd, Ste 204 Novato, CA 94949 (415) 506-0234, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

Curriculum Offerings

The college reserves the right to determine which of the courses listed in the catalog are to be offered in each semester. Changes in curriculum or course content may occur after the information cut-off date of this catalog, February 2015.

Schedule of Classes

Long Beach City College publishes a schedule of classes online before the beginning of each semester indicating each course to be offered. Schedules are available on the college website (<http://www.lbcc.edu>). Changes in curriculum offerings or fees charged may occur after the schedule is published.

In compliance with Section 508 of the Workforce Investment Act of 1998, the Long Beach Community College District provides the catalog and other college publications in alternative formats. If you are an individual who requires special assistance and would like materials in an alternative format, contact the Disabled Students Programs & Services department at (562) 938-4558 or (562) 938-4833 TDD. The Disabled Students Programs & Services department is located on the Liberal Arts Campus (LAC), located at 4901 E. Carson St., Long Beach, CA 90808.

College Mission and Values

Mission

Long Beach City College promotes equitable student learning and achievement, academic excellence, and workforce development by delivering high quality educational programs and support services to our diverse communities.

Values

Student Focus - Students are the focus and purpose for all we do; we serve them best by providing exceptional educational and student support services opportunities to help them succeed.

Excellence - We value innovation and creativity as part of our commitment to the continuous improvement of our educational environment.

Equity and Diversity - We cultivate equity and diversity by embracing all cultures, ideas, and perspectives and by striving for equitable opportunities and outcomes for all.

Integrity - We encourage a civil and ethical campus environment and value the perspectives of all individuals.

Responsibility - We promote social responsibility throughout our campus community and strive to realize an efficient and effective use of our various resources.

College Functions

Transfer

The first two years of courses satisfying either the general education or major requirements for a four-year college or university (Baccalaureate) degree in the University of California system, California State University system or other colleges and universities to which our students commonly transfer.

General Education

A community college (Associate) degree includes a broad general education and selected fields of concentration most appropriate to the educational and occupational needs of our community.

Occupational Education

Occupational education provides specialized training in selected occupational fields leading to job skills preparation, promotion, retention and certification.

Developmental Education

Developmental education provides learning assistance to help students succeed in a community college program once they have demonstrated minimum communication and computational levels.

Support Services

A multifaceted support program is available to assist students to assess their abilities and to establish and achieve realistic educational and career goals.

Beyond the Classroom

Co-curricular programs are available including practical educational experiences, as well as opportunities for growth in leadership and citizenship.

Life-Long Learning

Selected continuing education programs and courses are offered that are cost effective and provide life-long learning and training opportunities.

Economic and Resource Development

Economic and Resource Development provides workforce preparation programs and services to individuals to develop entry-level skills, new technical skills, career advancement, and to regional industry to ensure business attraction, retention and global competitiveness.

General Education Outcomes (GEOs)

The College's commitment to excellence in student learning incorporates the following expected General Education Outcomes from the educational process. GEOs are statements that define the knowledge, skills, and perspectives acquired by students who satisfy the College's general education requirements.

Aesthetics and Creativity: The ability to appreciate a range of cultural expression, including art, music, dance, theater, literature, and film, as well as the ability to generate useful and original ideas.

Civic Engagement: The ability to participate actively in a democracy that respects the rights of diverse peoples and cultures.

a. Democracy: Develop and promote knowledge and skills to become informed participants who play an active and effective role in our society.

b. Cultural Sensitivity/Diversity: Appreciate and promote respect of individual differences that embraces the complex ways people integrate into their societies, cultures, and subcultures in order to participate in both our society and in diverse group activities.

Communication: The ability to effectively interchange ideas and information with diverse audiences and to act within the framework of a society based on information and service.

a. Foundational Skills: The ability to effectively read, write, listen, speak, and/or sign.

b. Teamwork & Collaboration: Cooperate and work effectively with individuals and groups using appropriate social skills.

c. Information Competency: Find, use, manage, evaluate, and convey information efficiently and effectively.

Critical Thinking: The ability to analyze and evaluate a spectrum of ideas that are represented by theories, images, and concepts.

a. Science Literacy: Apply the scientific method to gain an evidence-based understanding of phenomena.

b. Numeric Literacy: Apply arithmetic and mathematical skills necessary to solve everyday problems.

Wellness: The ability to make lifestyle choices that promote physical, mental, and social health.

College History

For nearly 90 years Long Beach City College has prepared students for success in their future studies and careers. LBCC has grown from a single building at what is now Wilson High School to two dynamic campuses on more than 140 acres, with about 25,000 students and 1,400 full- and part-time faculty and staff. The College offers state-of-the-art, technology-rich learning environments, a broad range of academic and career technical instructional programs, strong community partnerships, and economic and workforce development initiatives. Students can enroll in a diverse array of associate degree programs, certificate programs and courses that prepare them for transfer to four-year institutions, to advance their careers and to engage in personal development.

As one of the largest of the 112 community colleges in California, LBCC is governed by the five locally elected members of the Long Beach Community College District Board of Trustees. The District serves the cities of Long Beach, Signal Hill, Lakewood and Santa Catalina Island.

LBCC began in 1927 as Long Beach Junior College, founded at the current site of Woodrow Wilson High School. The LBCC building was destroyed by the 1933 Long Beach earthquake. Classes were held outside and in tents at neighboring Recreation Park until 1935, when the college moved to the site of its present-day Liberal Arts Campus, at Carson Street and Clark Avenue.

From its earliest days, the College established traditions that are alive today, such as the mascot, Ole, and team name, Vikings. Early athletic honors included championships in wrestling, baseball, men's and women's swimming and men's basketball. The tradition of athletic excellence continues today -- Long Beach City College has earned 90 state championships, more than any other community college in California.

LBCC grew rapidly after World War II, adding the Pacific Coast Campus, (formerly Hamilton Junior High) in 1949. In the 1970s, as a result of a new state law, the College separated from the Long Beach Unified School District and became the independent Long Beach Community College District with its own locally elected Board of Trustees.

In 1987, LBCC acquired Veterans Memorial Stadium from the City of Long Beach. Today the stadium hosts Viking football games, local high school football games as well as track meets, graduation ceremonies, concerts, commercial shoots and the Long Beach Antique Market.

As computing technology grew in the 1980s, Long Beach City College kept pace by acquiring new equipment for nearly every instructional program and revising its programs accordingly. Today, computer labs, multimedia "smart" classrooms and a host of 21st century instructional technology training programs for faculty connect students through course websites, social media and distance learning programs.

Since 2005 LBCC has been engaged in a 15-year, \$616-million modernization program to upgrade the Liberal Arts and Pacific Coast campuses. The College has celebrated the completion of dozens of new construction projects and building modernizations. The construction was made possible by the generosity of the Long Beach community, which voted to approve the Measure E Bond in 2002 and its extension in 2008. The building program is providing new facilities to support new programs, allowing Long Beach City College to prepare its students to meet the changing demands of today's workplace both globally and locally.

Meanwhile, the LBCC Foundation continues to provide strong and ongoing support to the College through scholarships and grants, recognizing and celebrating alumni accomplishments through the Alumni Hall of Fame, organizing reunions, anniversary celebrations and more.

LBCC's nationally recognized economic and workforce development programs help support the local economy through the creation and retention of regional jobs. Economic development initiatives like the regional Small Business Development Center Network and the Goldman Sachs *10,000 Small Businesses* program are helping small businesses and our local economy thrive.

And innovative programs like the Long Beach College Promise – a unique partnership with the Long Beach Unified School District, California State University, Long Beach and the City of Long Beach – are helping more students succeed in college. The program has become a national model for communities looking to increase student success.

Long Beach City College has had many accomplishments to celebrate in its first nine decades, and is well positioned to build on this tradition of success in serving its community for generations to come.

Accuracy Statement

To report errors and omissions, make suggestions for better readability, or offer comments, please send an email to mfernandez@lbcc.edu.

Extended Instruction/Off-Campus Programs

Off campus classes are offered at several community sites to facilitate student access to a variety of course offerings. These sites enable students to attend classes at convenient locations near their homes or work.

Students can enroll for these classes through the regular college registration process. For further information, consult the schedule of classes or call (562) 938-4126.

Senior Studies Program

Long Beach City College Senior Studies Program provides fee based programs for adults. We offer classes in World Affairs, Music, and Brain enhancement, all designed for the active adult. Mini tours to museums and galleries are also sponsored by our center.

The Senior Center is located at the Pacific Coast Campus, Room FF 108. For further information, call (562) 938-3048.

Distance Learning

Distance Learning courses are designed to be equivalent and comparable to their on-campus course's version in quality, learning outcomes, special requirements, course fees, and credit. Students can enroll in these classes through the regular college registration process (walk-in or by accessing the Viking Student System through <https://my.lbcc.edu>). Distance Learning students are offered equivalent online services and support as on-campus students. Electronic library services are extended beyond the services available on campus and include 24/7 online reference desk, resources, and electronic databases and catalog access. For further information access the Distance Learning website <http://www.lbcc.edu/dl> or call (562) 938-4818 or email dl@lbcc.edu. There are two types of Distance Learning courses at LBCC:

Online Courses

Online courses are offered entirely online and do not require students to be present on campus. Online courses are facilitated through a remote access by using a personal computer, Internet connection, and a valid E-mail address. Students can access these courses at home, at off-campus public facilities, or make use of the college's Academic Computing Centers to log on to their course website. Online courses may include video content that can be accessed on the Web, through the LBCC cable station, YouTube channel, or on DVDs.

Hybrid Courses

Hybrid courses meet partially online and include some required on-campus/face-to-face meeting(s). The on-campus meetings are either regularly or irregularly scheduled. Students can access the online portion of these courses at home, at off-campus public facilities, or make use of the college's Academic Computing Centers to log on to their course website.

Honors Program and Courses

For over a quarter of a century, high-achieving LBCC students have flocked to the college's Honors Program to prepare themselves for transfer to some of the country's best colleges and universities. The LBCC Honors Program offers courses in more than a dozen disciplines to serve intellectually ambitious students.

Students who complete the Honors Program have proven records of success in their applications to competitive baccalaureate programs as well as to professional and graduate schools.

Major benefits of the program include scholarships, transfer program agreements and President's Scholar and Academic Senate Scholar Awards.

For detailed information about the LBCC Honors Program, call the Honors Program Office at (562) 938-4354 or visit us on the web at <http://www.lbcc.edu/honors/>.

Rotary Club Honors Scholarships

Each year the Long Beach Rotary Scholarship Foundation awards Rotary Honor Scholarships to Long Beach Unified High School students who will be attending Long Beach City College. Recipients must maintain a 3.0 GPA or higher and be enrolled in the Honors Program once they attend Long Beach City College.

In addition, the Long Beach City College Scholarship office has hundreds more scholarships open to all Long Beach City College Students. Scholarship applications are available in September at <http://lbcc.edu/scholarships/>.

Transfer Programs

The LBCC Honors Program is a member of the UCLA, UCI (Honors), Cal Berkeley, CSUF (Honors), CSULB (Honors), SDSU (Honors), CSUS, CSUSJ (Honors), Azusa Pacific University, Chapman University, LaSierra University (Honors), Loyola Marymount University, Mills College, Occidental College, Pitzer College, Pomona College, University of San Diego (Honors) and Whitman College Transfer Programs and can offer its graduates priority transfer consideration for admission to these universities for the Baccalaureate Degree.

President's Scholar Honors

The President's Scholar designation with the associate degree or associate degree for transfer is awarded in recognition of outstanding achievement in the college's Honors Program.

- I. To qualify, a student must complete a minimum of six Honors courses with a 3.5 or higher GPA. (Minimum units required: 18).*

In addition, a student must maintain a Long Beach City College cumulative GPA of 3.5 or higher with at least 80 percent of all units attempted in courses numbered 1-99.* A student must also satisfy the college's "units in residency" requirement.

*NOTE: Exceptions to the total number of units required and to the 80 percent rule may be made at the discretion of the Honors Program Committee.

- II. The President's Scholar designation is entered on the transcript, next to the associate degree notation. In addition, qualifying students receive a gold seal on their diplomas and are given special recognition at commencement. President's Scholars are the first to receive their diplomas and are awarded medallions, which they wear at graduation.
- III. As part of the President's Scholar award, students customarily receive a cash scholarship at graduation.

Academic Senate Scholar Honors

The Academic Senate Scholar designation upon transfer is awarded in recognition of outstanding achievement in the college’s Honors Program.

- I. To qualify, a student must complete a minimum of six Honors courses with a 3.5 or better GPA. (Minimum units required: 18)*

In addition, a student must maintain a Long Beach City College cumulative GPA of 3.5 or higher with at least 80 percent of all units attempted in courses numbered 1-99.* A student must also satisfy the college’s “units in residency” requirement.

The Academic Senate Scholar designation is entered on the transcript after a student has completed the 60 units required for transfer.

*NOTE: Exceptions to the total number of units required and to the 80 percent rule may be made at the discretion of the Honors Program Committee.

- II. As part of the Academic Senate Scholar award, qualifying students will receive a certificate of recognition for this achievement.

Honors Student

The Honors Student designation is awarded to all transfer students that complete the Honors Program successfully.

- I. To qualify, a student must have completed a minimum of six Honors classes, a minimum of 18 units, with a 3.0 GPA or higher.
- II. In addition, a student must maintain a Long Beach City College cumulative GPA of 3.0 or higher with at least 80 percent of all units attempted in courses numbered 1-99. A student must also satisfy the college’s “units in residency” requirement.

Honors Courses

General education Honors courses generally have fewer students and offer more intensive study than is normally possible in regular sections of the same courses. All Honors courses satisfy degree and transfer requirements. Courses are offered in Anthropology, Astronomy, Art, Biology, Communications, Economics, English, Geology, History, Learn, Math, Music, Philosophy, Philosophy, Political Science, Psychology, Sociology and Statistics. Please see the schedule of classes for current offerings.

Admission to the Honors Program

To apply for admission to the Honors program, a student must complete an online application and submit two letters of recommendation.

To be eligible for the Honors Program, students must qualify for English 1 and meet the college’s standard for reading proficiency (or place into READ 82 or READ 83).

Requirements for Newly Enrolling LBCC Students

The following chart indicates the high school GPA and test scores that qualify first-semester students for the Honors program:

GPA	SAT TOTAL	ACT COMPOSITE
4.0	1140	20
3.9	1500	21
3.8	1560	22
3.7	1620	23
3.6	1680	24
3.5	1740	25
3.4	1800	26
3.3	1860	27
3.25	1920	27

If you believe you are eligible for the Program based on other criteria, please make an appointment to see the Honors Coordinator.

Requirements for Current LBCC Students

Students currently enrolled at Long Beach City College qualify for the Honors Program if they have a 3.0 overall GPA in nine or more college units (in courses numbered 1-99).

Continued superior academic achievement is required to remain in the Honors Program. A minimum 3.0 GPA is required in addition to completion of program requirements.

Some Benefits of the Long Beach City College Honors Program

- Honors Scholarships for entering students from local high schools
- Faculty mentors
- Honors academic counseling
- Informal degree checks
- Invitation to special honors forums, seminars and social events
- Participation in National Collegiate Honors Council (NCHC)
- Participation in Western Regional Honors Council (WRHC)
- Participation in Honors Transfer Council of California (HTCC)
- Participation in Honors Research Symposium at UC Berkeley
- Participation in Honors Research Conference for California Community Colleges at UC Irvine
- Letters of recommendation, including a statement of the goals of the Honors Program and an evaluation of the student’s participation in the program
- Facilitation of placement in four-year college Honors Programs
- Priority transfer privileges to universities at the junior level

For further information concerning the application process for the Honors Program, call (562) 938-4354 or visit the Honors Program Office in the LAC Library L164, or visit us on the web at <http://www.lbcc.edu/honors/>.

Honors Club

Members of the LBCC Honors program are eligible to join the LBCC Honors Experience club. This club meets regularly and goes on cultural and educational fieldtrips including visits to colleges.

Admissions & Residency Information

Admission Requirements

Graduation from high school or successful completion of the California High School Proficiency Examination or the General Education Development Examination (GED), is a prerequisite for admission for a person under 18 years of age. Any person who is 18 years of age or older and is able to benefit from the instruction offered is eligible to attend Long Beach City College. A student who does not possess a high school diploma may be admitted on provisional status and be required to complete activities and classes aligned with Long Beach City College's student success programs in order to demonstrate scholastic achievement.

Residence Requirements

All students are classified as either a resident of the State of California or a nonresident when applying for admission. A "resident" is a student who has residence in the state for more than one year before the initiation of a semester or term (EC 68017), based on the "Residency Determination Date" which is the day immediately preceding the opening of instruction (applies to U.S. citizens, permanent residents, and persons holding certain visas that allow for residence). A non-resident is a student who has not established residence in the State of California for one year as of the residency determination date.

1. Persons who are 18 years of age or older (adults) establish residency in accordance with EC 68017 above. Adult residency begins after the 18th birthday.
2. Persons who are under 18 years of age (minors) establish residence in accordance with the above "resident" definition and the following:
 - a. Married minors may establish their own residence.
 - b. The residence of the parent with whom an unmarried minor child maintains a place of abode is the residence of the unmarried minor child. When the minor lives with neither parent, residence is that of the parent with whom the minor last resided. The minor may establish residence when both parents are deceased and a legal guardian has not been appointed.
 - c. The residency of unmarried minors who have a parent living cannot be changed by their own acts, appointment of legal guardians, or relinquishment of a parent's right of control (EC 68062).
3. Exceptions apply under certain conditions to active members of the military and their dependents.
4. Non-Citizen Students: Students with a "permanent resident" visa, refugee status, or amnesty approval may establish residency in accordance with above discussion. All visas must be examined by the college to determine residency status.

New and Returning students who feel they have been incorrectly classified in their resident status or continuing students who now meet the resident requirement must submit a Residency Appeal to Admissions and Records. For New and Returning students Residency Appeals must be filed two weeks after notification of your residency status. Continuing

students need to submit The Residency Appeal no later than three weeks in the semester to meet the resident's requirements.

The above statements on residence are not intended to include all of the laws governing residence. The full text of the laws is presented in the California Education Code, available in the college library.

International Students

Students who are not U.S. citizens must verify their immigration status at the time of registration. If classified as a non-resident, they must pay non-resident tuition. Foreign students who plan to enroll with a student visa (F-1, M-1) must have the international admission application files completed through the International Student Office. No I-20 will be issued until all requirements are met. Contact the International Student Office for more information.

Students must submit the appropriate admissions applications and/or enrollment forms for each term they wish to attend. Documents, such as applications and transcripts, submitted to the college become the property of Long Beach City College and will not be returned and may not be duplicated.

Matriculation

Matriculation is a process that brings together the college and a student into an agreement for the purpose of realizing the student's educational goal through the college's established programs, policies and requirements. Matriculation services include registration, orientation, assessment, counseling, post-enrollment evaluation and referral of students to services. The student is expected to participate in these services unless he/she requests a waiver from a particular service.

I. College's Responsibility

In accordance with the matriculation agreement, the college agrees to provide guidance to students by evaluating basic skills, helping to place students in courses where they will encounter the greatest possible success, aiding them in developing realistic educational plans and providing the services to assist the student in achieving his/her goals.

II. Student's Responsibility

- a. All new non-exempt students must complete assessment and orientation before they enroll.
- b. Students must identify a specific educational goal/major by the semester after they have completed 15 units of degree applicable credit coursework. Diligence in class attendance, completion of assigned coursework and maintenance of progress toward an educational goal is expected.

III. Components of Matriculation

Matriculation is composed of the following components to ensure student success:

- ***Admission** to the college
- ***Assessment** of English, math, reading (LBCC Assessment & Orientation) and English as a Second Language skills

***Orientation** to the college's programs and services

***Counseling** to receive assistance with course selection and planning of an educational goal

Other Student Services are available to assist students in attaining an educational goal:

- Financial Aid - Health Center
- Job Placement - Transfer Center
- Tutoring

***THESE COMPONENTS ARE REQUIRED OF ALL STUDENTS TO BE FULLY MATRICULATED.** (See V. for exemptions)

IV. Matriculation Requirement

Admission, Orientation and Assessment. All new non-exempt students must complete assessment and orientation before they enroll. Assessment placement results are valid for two years. The LBCC Assessment & Orientation is required of any student who falls under one of the following categories:

- a. All new, non-exempt (see below) students.
- b. Students who want to enroll in any English composition, reading or math course.
- c. Students who want to use this option to fulfill their associate degree math or reading proficiency.
- d. Students who are financial aid recipients, including Extended Opportunities Programs and Services (EOPS).
- e. Students wishing to fulfill English and/or math prerequisites as specified by a department program.

V. Matriculation Component Exemptions

- a. **Orientation and Assessment** - Students who are exempt from the orientation and assessment component include students in the following categories:
 1. Students who hold associate degrees or higher.
 2. Students who demonstrate that they are taking courses only for personal enrichment.
 3. Students who are co-enrolled at a four-year college or university.
 4. Students who are enrolled only in:
 - a. Performance or activity classes.
 - b. Classes for advancement in current job/career (update job skills).
 - c. Contract education classes.
 - d. Non-Credit classes.
- b. The exemptions for orientation and assessment do not apply to a student who plans to take a Math, Reading, English or English as a Second Language class and has not met the prerequisite. The assessment component for math, reading and writing can

be partially met with documentation of coursework from another accredited college or high school.

VI. Matriculation Component Appeal/Waiver Process and District Policies of Handling

- a. **Admission** - All students must participate in this component; there is no waiver process.
- b. **Orientation, Assessment and Counseling** - Any student who feels that he/she is exempt from any of these components may appeal by filing a Matriculation Component Waiver form, which is available in the Assessment Office. These exemptions do not provide clearance for enrollment into specified English, Math, Reading or ESL courses. The waiver will be reviewed by the Matriculation Specialist and the student is then notified of the decision by mail. A student may request to participate in a previously waived component by contacting the Matriculation Specialist.
- c. **College Assessment Test** -
 1. **Appeals of Initial Placement Recommendation:** A student may appeal an initial placement recommendation in English, Math, Reading or ESL by completing the Placement Appeal form available at the Assessment Center, Counseling Office or the respective department. The student will be notified of the appeal decision by mail.

VII. Student Rights and Matriculation

A student may file a complaint against Long Beach City College matriculation practices by filing a complaint form, which is available at the Assessment Office. Complaints will be filed with the Dean of Counseling and Student Support Services, who is responsible for investigation and resolution of such complaints. The Dean will maintain a file on all formal complaints.

Student Grievance Policy

Long Beach City College is committed to resolving problems students may be encountering while working within the guidelines and policies established by the state of California and the Board of Trustees. For specific information on both policy and process for student grievances, contact the area department chair or manager, the instructional or area dean where the grievance took place. If the complaint is one of abuse it should be referred directly to Human Resources.

Complaints

Students having complaints, including but not limited to curriculum, class scheduling, faculty or staff, should be referred to the area department chair or manager, the area dean and if necessary Human Resources. If the complaint is one of abuse it should be referred directly to Human Resources.

Procedures for Application to School of Health and Science Programs 2015-2016

Health Care Programs may have limited enrollments due to the availability of clinical sites. These programs have separate admissions processes to ensure that students are selected in a fair and equitable manner. Admission to Long Beach City College does not ensure acceptance into these programs. To be considered, students must complete stated prerequisites, submit an official application form, and provide required documentation. After the stated deadlines, applications are evaluated and students will be notified if they have been selected. Nursing students have the opportunity to reapply for a subsequent term and are evaluated compared with the other students applying at the same time.

Electrical Technology Program

Admission Procedures

Students interested in the Electrical Technology program are required to complete the Program Orientation Session prior to registering for any classes. Exceptions to this requirement are made for students in Sheet Metal or students in other non-electrical trades programs who want to enroll in ELECT 202; these students may contact Scott Fraser at sfraser@lbcc.edu for the Prerequisite Waiver form. At the Orientation, students will be required to complete a 50 question online electrical math test that will be used as an advisory tool for choosing the appropriate electrical math class. Students who have completed any college math classes should bring unofficial transcripts so that their classes can be evaluated as substitutes for the Electrical math classes. Students are allowed to switch from the day or evening programs with instructor and Department Head approvals. Faculty recommends that students are eligible to enroll in ENGL 801 and READ 881 before joining the program. In addition, it is recommended that students have a valid CPR card or are concurrently enrolled in a CPR class while enrolled in Electricity courses.

International Student Program

Admission Procedures

Long Beach City College welcomes International Students to enroll in **the American Language and Culture Institute (ALCI), An Intensive English Program or in the Regular College Academic and Certificate programs.** The International Student Programs (ISP) offers specialized support services to international students from the moment of their initial application throughout their study at LBCC until their graduation. All international student applications are accepted and processed by International Student Programs (ISP).

American Language and Culture Institute (ALCI) – Intensive English Program

Admission Procedures

ALCI offers the opportunity to acquire or improve English language skills rapidly through intensive study, enhanced by small class sizes, and opportunities for cultural immersions. The language and culture institute enrolls adults of all ages (**18+**), backgrounds, and levels of English proficiency. It combines in-class instruction with explorations of American culture and Southern California's dynamic blend of arts, sports, and entertainment.

The program is modeled in eight-week sessions:

1. Two sessions in the Fall Semester,
2. Two sessions in the Spring Semester,
3. One Summer Session.

Whether students want to master English to complete an associate degree, transfer to a U.S. university, travel in English-speaking countries or improve English language business and professional skills, the Long Beach City College American Language and Culture Institute can help them to reach their goal. The ALCI has been a great first step toward enrolling in LBCC's regular college program.

Application admission to ALCI can be submitted online at www.lbcc.edu/alci **ALCI applicants do not need to submit proof of English proficiency.**

Tuitions and Fees:

- Tuition is \$1800.00 Session

Additional Fees include:

1. \$75.00 Cultural Enrichment Activities fee
2. \$20.00 Student ID card
3. \$25.00 parking fee to park on campus.
4. Health Insurance Fee

International Student Admission to LBCC Academic or Certificate Programs

LBCC offers a wide range of academic university transfer programs, associate degrees and technical vocational certificates. An international academic counselor will help students plan for and reach educational goals. LBCC welcomes all international students who desire to grow, serve and succeed in their academic and professional pursuits.

How to become an International Student at LBCC

1. **Apply online at www.lbcc.edu/international**
2. **Application fee \$40** (paid online)

Applicants must adhere to application deadlines and send in all required documentation which includes:

1. **Proof of English Proficiency:** Accepted test scores are:
 - a. iTEP International English Test (level 4.5)
 - b. PTE Pearson test of English Academic (44 score)
 - c. TOEFL - 500/173/61 or better
 - d. ALI at CSULB - level 104

- e. ALI at SDSU - level 106
 - f. IELTS - Level 5
 - g. TOEIC- 645 or better
 - h. ELS- Level 109
 - i. STEP Eiken- Level 2A
2. **Proof of Financial Support:** An original PDF signed and stamped bank statement or letter of financial sponsorship showing enough funds to cover academic and living expenses for at least one year of study at LBCC.
 3. **Academic Credential and Transcripts:**
 - a) Proof of High School Graduation.
 - b) Official Sealed College/University transcripts (Must be in English)
 4. **Tuberculosis Test:** Original PDF test result from a hospital or doctor is required.
 5. **Personal Essay:** Personal one-page essay explaining why the student wants to study at Long Beach City College, discussing academic goals.
 6. **Copy of Passport:** PDF copy of the information page from the passport showing full legal name in English and a picture. LBCC will use this version of the student's name to issue the I-20.

Email all required documents to International@lbcc.edu

Tuition and Fees:

- International Student Tuition fee (Non-resident Enrollment fee).
- Other fees and expenses include: student ID, health insurance, parking, housing, food, books, school supplies, and personal necessities.

For more information on the required documents and fees, you may visit www.lbcc.edu/international

Upon receiving a completed application, an international admission advisor will review the file and inform the prospective student of the admission decision.

General International Student Immigration and college Policy:

1. As per immigration regulations and college policy all International students are required to enroll and complete **12 units each semester**, except for summer and winter session.
2. All international students must purchase and maintain valid Student Health Insurance from an authorized LBCC vendor throughout their enrollment at LBCC.
3. International students are encouraged to be actively involved in campus life and activities.

Contact ISP (562) 938-4745 or via email international@lbcc.edu for any questions regarding your international student status.

Registration Procedures

Students are responsible for officially enrolling in classes. A registration receipt is proof of enrollment. Students may not attend a class unless they are properly registered in that class. Registration may be done on-line or on a walk-in basis. See the Schedule of Classes for the semester enrolled for the dates, times, and instructions for registration. Students must be officially enrolled prior to the census date.

Students are responsible for officially dropping classes by the posted deadlines even if the student never attended the class. Please refer to the online student center for drop deadlines.

Enrollment Fees and Other Expenses

Students must pay all fees and tuition at the time of registration unless otherwise indicated. All students are required to purchase their own books and regular supplies. All fees are subject to change after the printing of the schedule of classes.

A \$15 fee will be charged for all returned checks. Under Assembly Bill 1226, any person who writes a check dishonored for lack of funds is civilly liable, and under the law is liable for three times the amount of the check, plus the face value of the check.

Resident Enrollment Fees: A Student classified as a California resident (see residence section) shall be required to pay an in-state enrollment fee of \$46 per unit. (Rate subject to change without notice as determined by the California legislature).

Nonresident Enrollment Fees: Students who have been classified as non-residents (see residence section) shall be required to pay nonresident tuition at the rate of \$190 per unit, plus the normal enrollment fee of \$46 per unit, and a capital outlay surcharge of \$40 per unit, for a total of \$276 per unit (rate subject to change without notice).

Books, Supplies and Course Materials Fees: Students must purchase all books and the supplies required by instructors of the classes in which they enroll. If a class has a materials fee, it will be listed in the schedule of classes and that fee must be paid during registration. The on-campus bookstores will sell new and used textbooks, in addition to other cost-saving options such as textbook rentals and digital e-textbooks. Other required course materials and supplies will also be available for purchase at the campus stores.

College Services Card Fee: The College Services Card (CSC) is the official student identification card utilized by both LAC and PCC campuses at Long Beach City College. The CSC is validated each semester by a current CSC sticker. Revenue from this CSC Card supports the intellectual, physical, social and cultural goals of students through the sponsorship of educational and co-curricular programs. It underwrites the Associated Student Body student government, campus shuttle service, athletics, grants and scholarships, music and theater arts programs, Viking Newspaper, intramural & recreation, clubs & organizations, KLCB/KCTY radio, accident insurance and a number of other programs and activities supporting the students' "out of classroom" experience. The CSC sticker is

issued by the Cashier's Office (at LAC and PCC) each semester for \$20 for fall and spring and \$13 for summer sessions.

Student Health Fee: A health fee of \$19 for Fall/Spring and \$16 for Summer session will be charged upon registration, unless students meet one of the exemptions listed below:

1. Any student who depends exclusively on prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. Documentary evidence of such an affiliation is required.
2. Students attending college under approved apprenticeship training programs under Section 76355(c)(2).

Student Health Services is located on both campuses and are staffed by a registered nurse. Services include:

- Health assessment
- Health referrals
- First aid treatment
- Health counseling
- Blood pressure check
- Pregnancy tests
- Vision screening
- Hearing screening
- Over-the-counter medications for colds, flu, and headache
- Health-related programs such as the annual LBCC health fair
- Insurance coverage for accidents occurring on campus or at off-campus, college-sponsored events (\$50 deductible).

Parking Fee: Students must purchase a parking permit to park on-campus. The parking fee for automobiles or motorcycles is \$30 during the fall or spring semester. The fee for all students during summer/intersessions is \$20.

Printing Fee: A printing fee per page will be charged for each page printed in the Academic Computing Centers and library on campus. Students are welcome to save the information to email or a flash drive to print at home or take to another source for printing.

Indebtedness: The College cannot extend deadlines for paying fees. In the event that a student becomes indebted to the college due to library fines, books or athletic equipment damage or loss, student loan defaults, breakage of equipment, checks returned for insufficient funds, failure to meet attendance regulations for financial aid or for any other reason, the college will deny further enrollment, refuse to release transcripts and refuse to release information to potential employers or other agencies until all indebtedness has been cleared.

Refunds

Students are eligible for a refund only if they withdraw from classes during the first two weeks of instruction for a full-term class. See the online student center for refund deadlines for classes less than full-term. Long Beach City College will determine the amount of federal financial aid that a student has earned in accordance with federal law. Students who receive federal financial aid and do not attend any classes will be required to repay all of the funds they received. Students who withdraw from all classes prior to completing more than 60% of the semester will have their financial aid eligibility recalculated based on the percentage of the

semester completed and will be required to repay any unearned financial aid they received.

At LBCC a student's withdrawal date is:

1. The date the student officially filed a drop through the Admissions Office, via online, or
2. The student's last date of attendance at a documented academically related activity.

Long Beach City College does not offer leaves of absence.

Interdepartmental Class Transfer Rules and Refunds

Students may transfer from one class to another within the same academic discipline upon the approval of the instructors involved. Transfers shall not be considered withdrawals.

Definition of a Class Transfer: After the refund/transfer period, transfers may only be made between classes in the same academic discipline. Furthermore, transfers will only be allowed under the following conditions:

1. Both classes are of equal length and start in the same week, or
2. The class from which the transfer is being made is shorter than the new class and both start in the same week, or
3. The class from which the transfer is being made is longer than the new class and both end in the same week.

Fee Refund/Transfer Period: In order to receive a refund or transfer enrollment fees or nonresident tuition from one class to another, students must officially withdraw or transfer within the period defined below. Transfer of fees and tuition will be made at the 100 percent rate; refunds will be 100 percent. The period depends on the length of the class, regardless of when the student enrolls.

1. For classes that are scheduled for the entire semester, the refund/transfer period is the first two weeks of the semester. After the second week, no refund can be made and transfers may only be made within the same academic department provided that permission is granted by the instructors.
2. For all other classes that are scheduled for shorter or longer periods of time than the regular semester, the refund/transfer period is the first ten percent of the total scheduled class meetings, excluding holidays. After ten percent of the scheduled class meetings have passed, no refunds can be made and transfers may only be made within the same academic department provided that permission is granted by the instructors.

Enrollment fees, Nonresident tuition, health fees, and materials fees will be automatically refunded to students who **officially** withdraw or transfer during the refund period. After this period, they will not be refunded. **In the case of a verified military withdrawal**, enrollment fees will be refunded with no service charge.

College Services Card and Parking Fees will be refunded within the refund/transfer period defined above. After this time there are no refunds. All requests for refunds must be accompanied by the College Services Card and/or parking permit. No refunds will be granted without the appropriate documentation. College Services Cards stickers and Parking permits must be surrendered to the Cashier's Office to be eligible for a refund. Parking fees will be refunded by check from the Cashier's Office via US mail.

Appeal for Refund Due to Special Circumstances

1. The Enrollment Services Management Team shall consider all appeals for refund of tuition and enrollment fees.
2. The Vice President of Student Support Services, or Designee, shall consider all appeals for refund of College Services Card and parking fees.

Change of Address and/or Name

Change of address may be completed via the online student self-service, or in the Admissions and Records Office. Name changes must be completed in-person with legal documentation showing the new name. A photo I.D. is required for all transactions. Change of address for payroll purposes is made in the Payroll Office to ensure correct delivery of paychecks and W-2 Forms.

Knowing Your Responsibilities

Long Beach City College provides you with a wide variety of academic assistance and personal support, but it is up to you to know when you need help and to seek it out.

It is your responsibility to keep informed and to obey campus rules, regulations, and policies that affect your academic standing as a Long Beach City College student.

Meeting deadlines, completing prerequisites, and satisfying the degree and certificate requirements, as found in the curriculum guides and in this catalog, are all part of your responsibility as a student.

Consult this catalog, the college and school announcements, and the schedule of classes for the information you need. Watch for official announcements in the *Viking* and on-campus bulletin boards.

Family Educational Rights and Privacy Act (FERPA)

All student records of Long Beach City College are maintained in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974. Copies of the complete text of this act are available in the college library.

FERPA provides the student with the right to review and challenge his/her record and to control the release of their academic record.

1. Students may request access to challenge the correctness or appropriateness of any part of the record. Grades, though a part of the record, are considered final as assigned by the instructor. See change of grade section for further information.
2. Student information, except for directory information as defined below, cannot be released by the college to any outside agency, except for those entitled to access under FERPA, without signed permission of the student. The student may restrict the release of "directory information" by completing the appropriate form in the Admissions Office. In the absence of having this form on file, the college may release directory information.
 - a. Directory information is defined as dates of attendance, degrees, certificates or awards received, verification of student participation in school activities and sports and weight and height of members of athletic teams.
3. Parents may have access to records of their children but only if the children are still their dependents as evidenced by a claim of same on federal income tax returns. Parents desiring access to the records of a dependent child must complete the college dependent release form and present the full name, social security number, birth date of the child, and their own personal identification and a copy, that the college district may keep, of the current year's federal income tax transcript indicating the child has been claimed as a dependent. Parents seeking to review records of a dependent child during the early months of the year must be able to demonstrate that they have already filed for the year even though the filing deadline isn't until April 15th.
4. By law, notwithstanding any of the above, all student records must be released under court order and other federal mandated requirements. The student will be notified by mail to the last address on file in the event of a subpoena. The student shall have the right to request a copy of any information released in this manner.
5. Any questions regarding the student's rights under this act should be directed to the Dean, Enrollment Services or their designee.

Drug-Free College Statement

The Long Beach Community College District is committed to providing an appropriate environment free from illicit drugs and alcohol. As a preventive measure, appropriate information regarding the health risks associated with the use of illicit drugs and abuse of alcohol will be provided for students. This information may be obtained from the Student Health Services–(LAC) (562) 938-4210 or (PCC) (562) 938-3992. In addition, information may be obtained regarding counseling, treatment, and rehabilitation. Long Beach City College offers forums and other educational programs regarding the harmful effects of drugs and alcohol. All inquiries will be held in the strictest confidence.

In compliance with federal legislation, it is the policy of the Long Beach Community College District to maintain a drug-free environment and support a drug prevention program for students use. The unlawful manufacture, distribution, dispensation, possession, and use or sale of illicit drugs or alcohol is prohibited by all students in all buildings, property, facilities, service areas, and satellite centers of the district or as part of any district activities. Any student violating this policy will be subject to appropriate disciplinary action.

Student Right-To-Know and Campus Security Act

The Long Beach Community College District is committed to making the campuses of Long Beach City College as safe as possible for students, employees, and visitors. The Long Beach Police Department-College Unit exists to inform, educate and make individuals aware of personal safety, as well as the safety of others. Students are encouraged to promptly and accurately report all criminal and emergency actions to the Long Beach Police Department College Unit on either campus. Those actions requiring further reporting should also be reported to the appropriate law enforcement agency. Assistance will be provided, as needed, to accomplish this task.

Policies exist identifying Long Beach City College as a secure facility. Access to all facilities outside of class hours requires prior approval from the Office of Administrative Services.

Under the auspices of the Long Beach Police Department College Unit, monthly crime reports are compiled and distributed for both student and employee consumption. These reports are intended to inform individuals about current criminal experience, as well as educate individuals regarding crime prevention. The Police Department also recommends and conducts programs designed to inform students and employees about campus security procedures and practices which encourage individuals to be responsible for their own security, as well as the security of others. In addition, pamphlets are prepared and distributed by the Long Beach Police Department College Unit on a regular basis to new students and employees regarding campus safety and crime prevention.

Public information regarding sex offenders in California may be obtained by viewing the Megan's Law Web site at the Long Beach Police Department and/or the Los Angeles County Sheriff's Department.

Long Beach Police Officers assigned to the College Unit have the authority and responsibility to enforce all policies, rules, and regulations of the District, as well as local, state, and federal laws.

In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of our college district to make available its completion and transfer rates to all current and prospective students.

More information about Student-Right-to-Know rates and how they should be interpreted can be found at the California Community Colleges "Student-Right-to-Know Information Clearinghouse Website" located at <http://srtk.cccco.edu/index.asp>

Counseling & Student Development

The Counseling Office assists students in the selection of career and educational goals consistent with their interests and aptitudes. The Counseling Department is designed to complement the instructional programs by providing major specific counseling services. Counselors are available to assist students in developing an educational plan to achieve their stated goal. If a student has not identified a career goal, the Career and Job Services Center can help them through the decision making process.

Counseling appointments may be scheduled:

- Call (562) 938-4560 (LAC) or 938-3920 (PCC) or
- In-person in the Counseling Office at LAC A1111 or PCC MD129 or
- For Athletic, Career, Honors, or International Counseling, please contact the office to schedule an appointment.
- For counseling hours at either campus, check the counseling website.

The Counseling Office also provides Online Counseling as a flexible alternative to meeting with a counselor. Visit the Online Counseling website at <http://onlinecounseling.lbcc.edu> or access it directly from the LBCC website at <http://www.lbcc.edu> and click *Online Counseling*. Not all counseling services are available online.

Campus Child Development Center and Learning Lab

Child-care and preschool services make attending classes more convenient for many students. Quality care is available for children between 2-5 years of age (before kindergarten entrance). Both campuses have child-care facilities. Sliding scale state subsidies are available for income and need qualifying families. The facility used is NOT dependent on the location of classes. The Centers are open Monday-Friday 7:00 a.m.–5:30 p.m. For information about fees, space availability, and parent responsibilities, contact the PCC Center at (562) 938-3079 or 938-3082 and/or the LAC Center at (562) 938-4253 or 938-4251 or at <http://childrencenter.lbcc.edu>.

Transfer Center

The Transfer Center is part of Career and Transfer Services at Long Beach City College. We offer assistance to those in the process of transferring to a four-year college or university. On-line application assistance is available for CSU, UC, and private universities. Other services available include university representative appointments, university tours, university transfer fairs, and specialized transfer workshops. There are centers on both campuses; at the Liberal Arts Campus in A-1097 (562) 938-4670 and at the Pacific Coast Campus in MD-132 (562) 938-3916.

Please visit the Transfer Center website at <http://transfer.lbcc.edu> for our calendar of transfer events, regular transfer updates, valuable transfer resources, and updated hours of operation.

Student Life

The mission of the Office of Student Life is to create, encourage, and support a positive collegial learning environment whereby the educational goals of students and the College are enhanced. A number of activities and programs give students the opportunity to GET CONNECTED to Long Beach City College. These programs present opportunities for leadership development, personal growth, shared governance, healthy competition, volunteerism, and developing a sense of community.

- **Clubs & Organizations** – Joining a club and/or organization provides the perfect opportunity to make new friends, develop leadership skills, and contribute to the college and community. Utilizing the networks you will make to help you plan your future and build your resume.
- **Student Government** - ASB is the student voice for over 28,000 students supporting the intellectual, physical, social, and cultural goals for students through the sponsorship of educational and co-curricular programs. For students interested in participating in student government including the **Associated Student Body Cabinet** or **PCC Student Council**, you may consider one of the many elected or appointed positions.
- **Intramural & Recreation** - Intramural & Recreation strives to promote better health by offering a variety of intramural and recreational activities for participants of all abilities. Intramural & Recreational Sports offers a wide range of programming and plays an integral role in student life.
- **Viking Volunteer** - Volunteering helps connect students, clubs, and organizations to the community through service. The VVRC can provide information for volunteer opportunities throughout the surrounding community. The mission of the Viking Volunteer is to provide students with opportunities to serve their campus and community and become lifelong civic leaders.

Career & Job Services Center

The Career & Job Services Centers is part of Career and Transfer Services at Long Beach City College. We are here to assist individuals in their career planning and job search endeavors. The programs and services available to help in this personal exploration include career assessments and counseling, a job search database, resume review, an expansive career library, a career lab equipped with computers and internet access, and other career related materials.

The opportunity to explore choices is what our center is all about. The centers are staffed with counselors and Career Center staff who are available to assist you. There are centers on both campuses; at the Liberal Arts Campus in A-1097 (562) 938-4670 and at the Pacific Coast Campus in MD-132 (562) 938-3916. You may also visit our website at <http://careers.lbcc.edu> for important career resources, access to our job database, explanation of services, and updated hours of operation.

College Advancement & Economic Development

LBCC offers a variety of services and initiatives that help create and retain local jobs and advance California's economic growth and global competitiveness. The College of Advancement & Economic Development (CAED) provides administration and oversight for these programs. CAED's goals include helping business grow and create jobs, and helping people develop the skills they need to succeed in the workplace. CAED programs and initiatives focus on six core business activities vital to the region's economy: small business development, international trade, advanced transportation, health care, innovation, and technologies.

CAED programs and initiatives include:

- **Workforce development.** Training and professional development for individuals and companies to meet the needs of regional employers.
- **Economic development.** LBCC is home to a number of initiatives designed to create jobs by strengthening and growing small businesses.

CAED develops and maintains collaborative partnerships between education and local industry to ensure the College's courses and training programs match or exceed industry standards. The Division offers professional development courses for the community, customized training for business and industry, technical assistance, and employee assessment and skills development programs. Specialized programs and services designed for entrepreneurs and business owners are also offered. For more information, please call (562) 938-5020.

Student Health Services

Liberal Arts Campus - Pacific Coast Campus

Long Beach City College is committed to providing health and wellness services to students supported by student health fees. Health services for students include physical exams (for a fee), health assessments, and treatment for illnesses such as cough, cold, flu, headaches, bladder infections, simple ear & eye infections, sore throat, and other minor illnesses. Tuberculosis testing, screening for vision, hearing, blood pressure, glucose, and cholesterol testing are available by appointment. Same-day appointments are available for first aid and urgent medical problems. Immunizations such as Hepatitis B, Measles, Mumps,

Rubella, T-Dap, & flu are available for a modest fee. HIV screenings are available free of charge through a collaborative agreement with the Long Beach Department of Health and Human Services. Dental cleanings, x-rays, and consultations are offered at discounted rates through a collaborative arrangement with a local dentist. Dental referrals can be obtained from Student Health Services staff. Health education and promotional activities are provided by Student Health Services on both campuses. Students under the age of 18 must provide consent for treatment signed by a parent or guardian. Consent forms are available on both campuses in the Student Health Services offices or from <http://studenthealth.lbcc.edu>.

The student health fee also provides accident insurance for injuries that occur on campus or at college-sponsored events. Students needing to use the college student accident insurance coverage must contact Student Health Services as well as report the injury to the supervising instructor immediately. This accident coverage is secondary to any primary coverage available to the student and is subject to certain exclusions or limitations. In order to obtain the highest level of coverage students must be treated by approved physicians in the Anthem Blue Cross Prudent Buyer program. All claims are subject to a \$50 deductible payable at the end of the billing cycle.

The Health Services office on the Liberal Arts Campus is located in room A1010 and on the Pacific Coast Campus in the T.O. Trailer. For information or to make an appointment to see a nurse or a nurse practitioner call LAC (562) 938-4210 or PCC at (562) 938-3992. Hours of operation are:

LAC

Monday - Thursday 8:00 a.m. – 6:00 p.m.
Friday 8:00 a.m. – 12:00 p.m.

PCC

Monday – Thursday 8:00 a.m. – 6:00 p.m.
Friday 8:00 a.m. – 12:00 p.m.

Psychological Services

Personal counseling and School Coaching services are available for all enrolled students on both campuses. We provide help with academic stress, anxiety, crisis intervention, and referrals to campus and community resources. Sessions are held in the offices of the Counseling Departments at both LAC and PCC. Make appointments for LAC and PCC at (562) 938-3987. Sessions are strictly confidential.

Campus Security and Crime Awareness

It is the policy of the Long Beach Community College District to maintain a safe and secure environment for its students, staff, and visitors. Safety and security requires that everyone on campus be alert, aware, and responsible.

The Long Beach Police Department provides police services to the Long Beach Community College District through its City College Unit. The City College Unit is comprised of an assigned Lieutenant, four police officers, and 16 security officers who are assigned to both the Liberal Arts Campus and the Pacific Coast Campus.

EMERGENCY SERVICES – 911 or 9911 from campus phones:

Contact the Long Beach Police Department with any emergencies such as crimes in progress, medical aid, or any incident requiring immediate police/security response.

GENERAL POLICE SERVICES – (562) 938-4910 or (562) 435-6711:

Contact the Police Department for questions or problems regarding security, lost and found items, thefts or other crimes. The LAC office is located in Building X on Lew Davis. Business hours are Monday through Friday, 8am to 5pm. After business hours call the General Service number or 911 (9911 for on-campus phones) for an emergency.

Evening Safety Escorts

Escorts are available to students at both LAC and PCC. Students should call the City College Unit through the General Service number to arrange for an escort to meet them on campus.

Parking and Traffic Regulations

Parking permits are required for all Long Beach City College lots; that is, a current semester student parking permit or a daily permit. Student permits and daily permits do not authorize parking in staff or other reserved areas except where posted otherwise. At the LAC, there is additional parking in the Veterans Stadium Parking Lot. Parking permits are purchased each semester during registration at the time the College Services Card is purchased or may be obtained later at the Cashier's Office.

These rules are enforced to ensure the rights of permit holders, as well as to provide for the safety of people and property:

Parking permits are **required at all times** in LAC and PCC parking lots. Parking permits are purchased each semester during registration. After registration, permits may be purchased from the Cashier's Office at either campus. For students who do not wish to purchase a semester parking permit, one-day parking permits are available at both campuses. Parking permit machines at LAC are located in lots P, E, F, H, M and Veterans Stadium. There are two machines on each level of the parking structure. The PCC machines are located in Lot 5, 2 and Lot 1. Meter parking is available in Lot F, G, H, and on Lew Davis at LAC. There are also 30 minute visitor parking zones along the north curb of Carson Street for LAC and in Lot 7 at PCC.

Semester parking permits must be attached to either the rear view mirror, so that it is visible from the front of the vehicle, or on the lower left corner of the rear window (driver's side). One-day parking permits must be placed in plain view on the vehicle dashboard with the permit facing upward. Students who are having difficulty displaying a permit should go to the College Police for assistance. Students driving a convertible-type vehicle can obtain a special convertible permit from the LAC College Police. This special convertible permit can only be obtained after the purchase of a semester parking permit.

Student permits and daily permits do not authorize parking in staff or other reserved parking spaces except where posted otherwise.

Parking is available on a first-come, first-served basis.

All vehicles must be parked between the lines of a designated parking space only. Backing into parking stalls is not permitted.

A permit does not guarantee a parking space in the parking lot of choice. You are advised to allow ample time to find parking. At LAC, there is additional parking in the Veterans Stadium parking lot.

Citations are issued by the Long Beach Police Department to automobiles, motorcycle, and mopeds that do not display a properly placed, current parking permit. Students parked in staff or other specially designated areas will also be cited. Students may not double park nor circle the parking lots to wait for a parking space.

No adjustments will be made for parking citations at the Long Beach Police Department College Unit. Individuals wishing to contest citations must do so by following the instructions on the citation or by calling (562) 570-6822.

Motorcycles and mopeds are to be parked only in areas specifically posted for their use. Operators must purchase a current semester parking permit and keep it in their possession. Motorcycles and mopeds may not be driven on campus or parked on sidewalks. Violators will be cited.

Students, staff, or faculty with state-issued disabled placards are to park in the marked handicapped spaces. If a handicap space is not available, parking is allowed in any other student or staff space. Disabled permits are not valid in carpool or other reserved spaces.

Regulations pertaining to parking can vary from lot to lot. It is the responsibility of the driver to read the parking regulations that are posted at the entrance of each parking lot.

Student Financial Aid

Long Beach City College administers a comprehensive student financial aid program to assist students in meeting college costs. The amount of financial aid awarded varies from student to student, depending on the individual's need and resources. Financial Aid is intended to help students who might not otherwise be able to attend college. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Federal and state financial aid programs have been established to provide assistance to students with documented financial need.

The application process for financial aid begins with the completion of the Free Application for Federal Student Aid (FAFSA) which is available in January 1 for the following fall semester (apply online at www.fafsa.gov).

In addition to having financial need students must meet the following conditions:

- Must be enrolled in an eligible program of study leading to completion of an AA/AS degree, transfer requirements or a certificate program
- Maintain satisfactory academic progress;
- Be a U.S. citizen or eligible non-citizen
- Certify compliance with selective service registration requirements
- Not be in default on any student loan or owe a refund on any grant made under any Title IV program
- have a social security number
- and have a high school diploma, or GED*

*Effective July 1, 2012, we are no longer offering the Ability to Benefit test. Students without a High School diploma, GED or HiSET Test who passed the Ability to Benefit test or completed 6 college credits towards a degree or a certificate prior to July 1, 2012 are still eligible to continue receiving aid in future years.

The amount of financial aid awarded varies from student to student, depending on the individual's need and resources. Student budgets include educational expenses, such as tuition, fees, books, supplies, housing, food, transportation, child-care and personal expenses.

Financial aid recipients must adhere to the standards of progress of the financial aid programs.

Federal Pell Grants

This grant is a federally funded program designed to be the foundation of financial aid for undergraduates who demonstrate need. The amount of the PELL Grant is based on the cost of attendance, minus the expected calculated family contribution and the student's enrollment status at the time of payment. Award amounts vary according to eligibility and enrollment. Please check with the Financial Aid Office or visit the website for the maximum and minimum PELL award amounts. PELL Grants are limited to 12 semesters.

Federal Supplemental Educational Opportunity Grants (FSEOG)

This federally funded grant is available to undergraduate students who demonstrate exceptional financial need. The awarding of FSEOG funds is limited* and must be given to maximum PELL Grant recipients.

The Federal Work Study Program (FWS)

This federally funded program provides employment opportunities* to students with financial need. Students awarded FWS receive an allocation of funds earned through part-time jobs on campus. FWS provides an excellent "learning process" through on-the-job training. Students are employed a maximum of eighteen hours per week while school is in session.

*FSEOG and FWS funds are limited and early application is strongly advised. Be sure to check the financial aid calendar available online at www.lbcc.edu/financialaid for financial aid deadlines.

The William D. Ford Direct Loan Program provides loans to students to be used for educational expenses. Freshman students may borrow up to \$3,500 per year and sophomores (those who have completed 30 units) may borrow up to \$4,500 per year in subsidized loans. Based on need additional unsubsidized loans are also available.

California State Programs

A State program for California residents to waive the enrollment fees at community colleges.

Board of Governors Waiver (BOGW)

There are several ways to qualify for a BOGW:

The student demonstrates financial need according to federal methodology based on completion of the Free Application for Federal Student Aid (FAFSA);

OR

The student or the student's family, is receiving CalWORKs, formerly TANF/AFDC, or Supplemental Security Income (SSI), or General Assistance/General Relief, or the student is a disabled veteran or a dependent of a deceased or disabled veteran as certified by the California Department of Veterans Affairs, or the student is a recipient or the child of a recipient of the Congressional Medal of Honor, or the student is a dependent of a victim of the 9/11/01 terrorist attack, or the student is a dependent of deceased law enforcement/fire suppression personnel killed in the line of duty.

OR

The student meets specific income criteria based on family size as set by the State of California.

Cal Grants

Cal Grant Programs are available to California Residents who qualify. United States citizens, permanent residents or eligible non-citizens may apply for Cal Grant, via the Federal Application for Student Aid (FAFSA). Beginning January 15, 2013 AB-540 students may apply via the California Dream Act Application. The deadline to apply is March 2nd each

year for all California College Students (maximum opportunity). If you miss the March 2nd deadline and you plan to attend a community college in the fall, you have until September 2nd (limited number of grants available). Be aware there is also a GPA submission requirement. The college electronically transmits GPA verifications for certain students. For detailed information go to www.csac.gov. Students must be actively enrolled in at least 6 units to receive Cal Grant Benefits.

Cal Grant A assists low- and middle-income students with tuition/fee costs at four-year colleges and universities. Grant recipients are selected on the basis of financial need and grade point average.

For students who qualify for a Cal Grant A and want to attend a public community college first, the Student Aid Commission will hold the tuition/fee award on reserve until they transfer to a four-year school, provided they continue to qualify.

Cal Grant B provides a living allowance and tuition/fee help for low-income students. Cal Grant B may be used at community colleges, as well as at four-year schools.

Cal Grant C helps vocational school students with tuition and training costs. Recipients must be enrolled in a vocational program at a community college, independent college or vocational school, in a program of study from four months to two years in length.

Chafee Grant program is available to former foster youth. Awards are \$5,000 per year. Apply using the FAFSA and the separate Chafee Grant application. For more information please visit www.chafee.csac.ca.gov

Dream Act/AB540 Eligibility

Several types of state and institutional aid are available to AB 540 students as a result of the California Dream Act such as BOG Fee Waiver or Cal Grant. Please go to www.lbcc.edu/FinancialAid/ab540.cfm read more about it.

Important Financial Aid Information

The first Friday in May- The first priority deadline for financial aid at Long Beach City College. Turn in all required financial aid documentation by this date to be sure to receive your financial aid at the beginning of the fall semester. This is required for all eligible students to receive their financial aid Pell awards by the first week of the fall semester.

For more information about the financial aid programs at LBCC and our office hours, visit our website at: www.lbcc.edu/financialaid. For further information and for help with the financial aid application process, come into the Financial Aid Office at LAC or PCC to speak with a Financial Aid Specialist.

Financial Aid Office

Liberal Arts Campus
4901 E. Carson Street
Long Beach, CA 90808
(562) 938-4485

Financial Aid Office

Pacific Coast Campus
1305 E. PCH
Long Beach, CA 90806
(562) 938-4485

Veterans Service Office (VSO)

The VSO provides an office of support for veterans and their dependents. Offering assistance with receiving VA benefits. Financial Aid, enrollment at LBCC and service as a resource for other benefits related to veterans.

G. I. Bill

Generally, veterans' eligibility for benefits expires 10 years after release from active duty. Extensions are sometimes granted in cases of disability.

Once veterans have enrolled in classes, they must complete a request for VA Benefits, either at the PCC VA Office or through our lbcc.edu website under Financial- Veterans Affairs.

Other information is available at the VSO located in the E-Building. G. I. Bill benefits will be paid according to the following schedule:

Regular Semester

Full payment at least 12 units

3/4 payment at least 9 units

1/2 payment at least 6 units

1/4 payment at least 3 units

*1/4 payment is not available in all programs and may not be advisable under certain conditions. Check with the Veterans Affairs office for more information, (562) 938-3929.

Extended Opportunity Program and Services (EOPS)

Extended Opportunity Programs and Services (EOPS) provides counseling and other retention services and activities to qualified students "over and above" what is traditionally provided to community college students. EOPS is designed to help low-income and educationally disadvantaged students become successful in college to enable them to complete their educational and career goals.

The following services are provided through EOPS at Long Beach City College: priority registration, academic and personal counseling, special events, workshops, and supplemental book assistance* (based on available funding).

Students who would like to apply for the program must first complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov

EOPS Eligibility: Students must be California residents, not have completed more than 55 degree applicable units, be enrolled full-time, be eligible for the California Board of Governors' Fee waiver (BOGFW-A or B) and meet the educationally disadvantaged criteria.

Cooperative Agencies Resources for Education

(CARE): The CARE program provides additional support services to assist students in EOPS who are single heads of household CalWorks or GAIN participants with at least one child under the age of fourteen. The objective of the program is to provide linked resources that enable eligible students complete college-level training and educational programs.

College Programs

Long Beach City College administers more than 1,000 scholarships each year. These scholarships are funded by campus and community organizations, local businesses and private donors. Applications for scholarships will be available August 25, 2014 and are due December 9, 2014.

The Scholarship Office/Foundation Office is located in Building A1001 at the Liberal Arts Campus.

CalWORKS

Calworks is the community portion of the California Work Opportunity and Responsibility to Kids Act: the welfare reform program established by Assembly Bill (AB) 1542. CalWORKS funds assist single parents who are receiving Temporary Assistance for Needy Families (TANF), and those in transition off welfare, to achieve long-term self-sufficiency through coordinated student services. CalWORKS participants can also take advantage of our work study program which employs students in professional companies that provides them with job training.

Service available for eligible students can include: Career/Academic and Individual Advisement & Counseling; Book/Supplies Voucher Assistance; Employment assistance-including work-study assignments, resume writing, job search skills, and interview preparation; Temporary Child Care Assistance; Community/Support & Services Referral; Job Placement Referrals and Assistance; On-Site GAIN Workers and Advocacy; Coordination with the Department of Social Services (DPSS); Completing SIP/VOC Referral forms, progress reports, educational plans, training verifications, monthly attendance reports, book and supply material request forms. Please note: Students must submit a class printout with all documentation turned in for completion, and we have a three business day turn around for pick-up of documentation.

Eligibility Requirements include: Parent and child must be a recipient of CalWORKS/GAIN (TANF); program participants are required to sign a contract with the college and GAIN program; and be a full-time student (12 units) or have an approved documented exemption. CalWORKS students have the responsibility of: complying with a combination of 20/30 a week (35 hours for two parent households) hours of academic coursework, work activity, laboratory time, structured internships, or other activities which will lead to proper preparation for their career and student must meet with their CalWORKS counselor at least once a semester.

Disabled Student Programs and Services (DSPS)

DSPS provides many support services that empower students with disability related limitations to participate in the college's programs and activities. They include:

1. Specially designated parking spaces.
2. Registration assistance for students unable to negotiate regular registration procedures.
3. Specialized academic, personal and vocational counseling.
4. Special equipment for campus use (available on an as needed/ first come first serve basis) such as visual enlarging machines, a talking calculator, assistive listening devices, and adaptive computer equipment.
5. Services of the State Department of Rehabilitation, such as vocational counseling and guidance, training and job placement.
6. Accessible instruction for students with physical, learning, psychological and/or developmental disabilities.
7. Training in the use of assistive computer technology including access to the DSPS Adaptive Computing Lab.
8. Specialized services for the deaf and hard of hearing, including speechreading (lip reading) instruction, as well as the coordination of classroom interpreters for qualified students. Students who may need these services should request these services from DSPS prior to the beginning of classes.
9. Adapted physical education for physically limited students requiring specialized physical education.
10. Access to print in alternate formats.

DSPS is committed to the student with a disability and ensuring that students are able to participate in college programs and activities in the most integrated setting possible. For information or appointments, please call: LAC (562) 938-4558; PCC (562) 938-3921; (562) 275-7471 video phone.

Americans with Disabilities Act of 1990

The Americans with Disabilities Act (ADA) of 1990 prohibits discrimination against people with disabilities in employment, public services including public and private transportation, public accommodations and telecommunications services.

Support services for students with a disability are provided through the Disabled Student Services Program. Anyone needing information about our services for students with a disability should contact this office at (562) 938-4558 voice or (562) 938-9321.

Anyone with a question or a complaint of unlawful discrimination should contact the Human Resources at (562) 938-4372.

Section 504, Rehabilitation Act of 1973

In compliance with Section 504 of the Rehabilitation Act of 1973, the District has developed a Disabled Student Services Program. The office is located at 4901 E. Carson St., Long Beach, CA 90808. Anyone needing information about our program for students with a disability should contact this office at (562) 938-4558 voice or (562) 938-4833 TDD.

The Long Beach Community College District encourages the full participation of students with a disability in regular classes. The college offers support services to provide students with an equal educational experience. Disabled Student Services provides sign language interpreters, note-takers, readers, disability related counseling, test-taking accommodations, speech services, adapted equipment and a variety of other services.

Anyone with a question or a complaint of unlawful discrimination should contact the District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4372.

Civil Rights Compliance Statement

The Long Beach Community College District does not discriminate in its admissions, educational programs, activities or employment policies on the basis of race, religious creed, color, national origin, ancestry, gender, sexual orientation, age (over 40), disability, marital status, medical condition, or disability (mental and physical, including HIV and AIDS), other protected classes, or status as a Vietnam-era veteran, or obligations to the National Guard or Reserve forces of the United States.

The District is subject to Title VI and VII of the Civil Rights Act of 1964; Title IX of the Educational Amendments Act of 1972; the Rehabilitation Act of 1973, sections 503 and 504; the Age Discrimination Act of 1975; and the Americans with Disabilities Act of 1990.

The lack of English language skills will not be a barrier to admission and participation in the District's programs. Anyone with a question or a complaint of unlawful discrimination should contact the District Compliance Officer at (562) 938-4372.

Title IX. Prohibiting Sex Discrimination in Education

The Long Beach Community College District is committed to support all regulations under Title IX. "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance." Anyone with a question or discrimination complaint should contact the Human Resources at (562) 938-4372.

AB 1088 Mandatory Orientation: Sexual Violence Prevention

In compliance with Assembly Bill 1088, the Long Beach Community College District provides sexual violence prevention information to students during on-campus orientations, and posts this information on the campus Internet web site www.lbcc.edu, (follow links: Students, Health Services, Sexual Assault).

This site contains valuable information about Ways to Avoid Rape, What to Do in a Risky Situation, and What to Do in Case of Rape.

If you are the victim of sexual assault on campus, **immediately** call the Long Beach Police Department unit at the college: **911** from a cell phone or **9911** from a campus phone for an officer response. You may choose to go directly to a hospital emergency room for medical care. In addition, the Sexual Assault Crisis Agency (SACA) provides several unique services including an advocate to accompany you to the hospital, confidential individual counseling, support groups for survivors and families, and advocates to assist you in working with courts and law enforcement agencies.

LBCC Personal Counseling and Health Services are available on both campuses during business hours.

Counseling Offices: LAC Building A (562) 938-4559 or PCC Building, GG 938-3922.

Student Health Services: LAC Bldg. Q120 near the Gym 938-4210, PCC Bldg. AA114 near Administration (562) 938-3992.

Sexual Assault Crisis Agency- 24 hour hotline (English and Spanish) (562) 597-2002, 1703 Termino Avenue, Suite 103, Long Beach CA 90804.

Sexual Harassment Policy Statement

The Long Beach Community College District provides an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal statutes. Sexual harassment includes a prohibition against sexual harassment, gender harassment, and harassment based on pregnancy, childbirth, or related medical conditions. Sexual harassment is a violation of an individual's civil rights and will not be tolerated.

Individuals with questions and/or a sexual harassment complaint should contact the District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808 at (562) 938-4372.

Americanos con Incapacidades–Acta De 1990

El Acta (ADA) de 1990 de Americanos con Incapacidades prohíbe la discriminación contra personas con incapacidades en el trabajo, servicios públicos incluyendo transportes públicos y privados, alojamientos públicos y servicios de telecomunicación.

Se proveen servicios de ayuda para estudiantes con incapacidades mediante el Programa de Servicios Para Estudiantes Incapacitados. Para informarse de estos servicios, llame al (562) 938-4558 o (562) 938-3921.

Para hacer preguntas o presentar quejas de discriminación ilegales, pueden comunicarse con Human Resources (562) 938-4372.

Seccion 504, Acta de Rehabilitacion of 1973

De acuerdo con la Sección 504 del Acta de Rehabilitación de 1973, el distrito ha desarrollado un programa de servicios para los estudiantes incapacitados. La oficina localizado en 4901 E. Carson St., Long Beach CA 90808. Cualquier persona que necesite información acerca de nuestro programa para estudiantes con incapacidades puede ponerse en contacto con esta oficina al (562) 938-4558 voz o (562)938-4833 TDD.

El distrito de la universidad de la comunidad de Long Beach anima a los estudiantes con incapacidades a que participen completamente en todas nuestras clases. La universidad ofrece servicios de apoyo para dar a los estudiantes una experiencia educativa completa. Los servicios para estudiantes incapacitados ofrecen intérpretes de lenguaje por señas, ayudantes que toman notas, lectores, consejeros sobre incapacidades, acomodación para tomar exámenes, servicios de dicción, equipo especiales y otros varios servicios.

Para hacer preguntas o presentar quejas de discriminación ilegales, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4372.

Declaracion de Cumplimiento de los Derechos Civiles

El distrito de la universidad de la comunidad de Long Beach no discrimina en sus normas de admisión, programas educativos, actividades o regulaciones de empleo en lo referente a raza, edad (más de 40 años), sexo, religión, ascendencia, color, nacionalidad, incapacidad, condición médica, estado civil, orientación sexual o por ser veterano de la guerra de Vietnam o por tener obligaciones con la Guardia Nacional o con las

Fuerzas de Reserva de los Estados Unidos. El distrito está sujeto a los artículos VI y VII del Acta de 1964 de los Derechos Civiles, el artículo IX de la Enmienda Educativa de 1972, el Acta de Rehabilitación de 1973, secciones 503, 504 y el Acta de Americanos con Incapacidades de 1990.

La falta de conocimiento de la lengua inglesa no será una barrera para la admisión y participación en los programas del distrito.

Para hacer preguntas o presentar quejas de discriminación ilegales, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4372.

Articulo IX Prohibición de Discriminación Sexual en la Educación

El distrito de la universidad de la comunidad de Long Beach está comprometido a apoyar todas las regulaciones del artículo IX que especifica que: Ninguna persona en los Estados Unidos, por condición de su sexo, podrá ser excluida de participar o serle negados los beneficios o ser sujeta a discriminación en ninguna actividad que se lleve a cabo en una institución educativa que reciba fondos federales.”

Para hacer preguntas o presentar quejas de discriminación ilegales, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4372.

Declaracion de las Normas sobre Acoso Sexual

El distrito de la universidad de la comunidad de Long Beach provee un ambiente para la educación, el empleo, y el trabajo que no permite insinuaciones sexuales no solicitadas, peticiones de favores sexuales, u otra conducta verbal, visual o física, o comunicaciones que constituyen el acoso sexual que se define y se prohíbe en los estatutos estatales y federales. El acoso sexual incluye la prohibición de acoso sexual, el acoso basado en el sexo de la persona, en el embarazo, en el parto, o en condiciones médicas relacionadas con ellos. El acoso sexual es una violación de los derechos civiles del individuo y no será tolerado.

Para hacer preguntas o presentar quejas de discriminación ilegales, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4372.

Libraries

Libraries at each of the two main campuses serve as vital information centers. The collections include books, electronic books, periodicals, DVDs, CDs, and other video and audio recordings, carefully selected to support the curriculum and information needs of the community of learners. The library website provides a portal to valuable resources, such as the online catalog, electronic databases, reliable websites, and instructional materials, accessible on campus and remotely over the Internet. During all hours the libraries are open, librarians are available to assist students in person and via E-mail and instant messaging. To help students develop information competency, the Library faculty at both campuses offers instruction in the form of courses, workshops, and orientations. For more information, please visit the Library website at <http://lib.lbcc.edu>.

Hours (Fall and Spring):	
Monday-Thursday	8a.m.-9p.m.
Friday	8a.m.-2:30p.m.
Saturday	10a.m.-2p.m.
Sunday	Closed

For additional information or summer hours, call (562) 938-3028.

Learning and Academic Resources Department

LAC & PCC Multidisciplinary Student Success Center (L-212, EE-206)

The Multidisciplinary Success Centers provide:

- Supplemental Learning Assistance
- Workshops on a variety of topics
- Tutoring
- Adult Basic Education - BAE 601B
 - Test preparation – College Assessment
 - TEAS
 - Ability to Benefit
 - ASVAB
 - Basic Skills

BAE 601B is part of a non-credit program designed to improve basic skills for students whose abilities range from pre-high school (above 8th grade) through pre-college level. The course emphasizes the development of basic reading, writing and math skills for students who: (1) are enrolled, or plan to enroll, in regular courses and need to improve or refresh their basic educational skills; (2) wish to review or complete their secondary education;

(3) are preparing to take exams or need to develop basic skills for employment or special educational/vocational programs or college/university entrance; or (4) wish to improve their mastery of English as a Second Language.

The Center is open:

Monday –Thursday	8a.m.-8p.m.
Friday	8a.m.-2p.m.
Saturday	10a.m.-2p.m.

Check our website for current or summer hours at www.lbcc.edu/SuccessCenters and www.lbcc.edu/LAR. For further information or to learn how the Center can meet your needs, please call (562) 938-4699 LAC or (562) 938-3991 PCC.

CTE Center PCC (II-133)

The CTE Center provides students in Career Technical Education Programs:

- Supplemental Learning Assistance
- Workshops
- Contextualized basic skills
- Tutoring
- Career development support

Contextualized learning via trade-specific materials help students succeed in their classes and build necessary reading, writing and math skills for career pathways.

The CTE Center is located on the PCC campus in the II building, room 133, but provides services to students on both campuses.

The Center is open:

Monday-Tuesday	9a.m.-3p.m.
Wednesday	9a.m.-6p.m.
Thursday	9a.m.-5p.m.
Friday	9a.m.-1p.m.

Check website for current or summer hours www.lbcc.edu/SuccessCenters/CTECenter. For further information or to learn how the Center can meet your needs, please call (562) 938-3125.

The Learning and Academic Resources department offers a variety of programs to help students achieve their academic and occupational goals. For more information about LAR services, check the LAR web page at <http://lbcc.edu/las>.

Liberal Arts Campus L Building 2 nd Floor (562) 938-4699	Pacific Coast Campus EE Building 2 nd Floor (562) 938-3991
---	---

Hours: Monday-Thursday	8a.m.-8p.m.
Friday	8a.m.-2p.m.
Saturday	10a.m.-2p.m.

Learning and Study Skills

Skills to enhance learning, such as test taking and note taking, are taught in a variety of ways. Study skills assistance is offered through a series of free workshops. Learning skills are taught through individualized instruction or learning skills courses, such as LEARN11.

Media Materials

At the Liberal Arts Campus, LAR houses the collection for televised instruction courses which may be viewed in the Center. LAR also maintains a reserve section for instructors who would like to have media materials available for their students. A Multimedia Presentation practice room is available by appointment for students wanting to view and record their classroom presentations.

Tutoring

Free tutoring is offered in a variety of college subjects, including accounting, biology, chemistry, physics, foreign languages and math. Students work individually and in small groups. Interested students should inquire in person in L-203 at LAC or LL211 at PCC, or by phone at (562) 938-4474.

Academic Computing Centers

Macintosh and PC computers, software, laser printers and Internet access are available to students in a large open-access computer lab in L251 at LAC. Interested students may obtain information about the lab policies and services by visiting the facility. At LAC, the center is open: Monday-Thursday 7:30a.m.-9p.m., Friday 7:30a.m.-2p.m. and Saturday 10 a.m.-2p.m.

An open access computer lab with a mix of Macintosh and PC computers with laser printers and Internet access is available in LL216 on the Pacific Coast Campus. For information on the lab hours and policies, students may visit the lab or call (562) 938-4825. At PCC, the center is open: Monday-Thursday 9a.m.-6p.m., Friday 9a.m.-1p.m.

Computer Proficiencies for Academic Success

The Learning and Academic Resources department offers courses designed to teach students the technology skills they will need to succeed in their academic classes. Both introductory (CPAS 1) and advanced (CPAS 10) computer skills courses are offered. The department also offers a course designed to help students develop the skills necessary to be successful in distance learning classes (CPAS 805).

Supplemental Instruction

Supplemental Instruction (SI) offers organized group discussion sessions designed to help students master course concepts and improve relevant study skills in historically difficult courses. Regularly scheduled SI sessions are conducted by trained SI Leaders in selected course sections. For more information please call (562) 938-4669.

Computer & Office Studies Study Centers

Pacific Coast Campus

Classroom AA206

Phone (562) 938-3033

Hours of Operation:

Monday-Thursday	8a.m.-7p.m.
Friday	8a.m.-4p.m.

Liberal Arts Campus

Classroom M109

Phone (562) 938-4904

Hours of Operation:

Monday- Thursday	8a.m.-7p.m.
Friday	8a.m.-4p.m.

Writing and Reading Success Center

Liberal Arts Campus

The Writing and Reading Success Center (WRSC) is located in the lower level of the E Building (E09L). The WRSC offers Supplemental Learning Assistance (SLA) activities for English and Reading classes. These activities may be accomplished in an instructor-guided, one-hour workshop format, in a tutor-facilitated, one-hour Directed Study Group (DSG) format in which a small group of students work on the activity collaboratively with the assistance of a trained tutor, or in a Directed Learning Activity (DLA) format in which the student first works alone on the activity and then has an instructor or trained tutor follow up on his or her work.

The WRSC also offers free tutoring for any subject requiring writing or reading assistance. Both drop-in and scheduled tutoring appointments are available. Appointments are necessary for all tutoring, DLAs, Workshops, and DSGs, but when space is available, walk-ins are welcome. A wide range of written, online, and audiovisual materials are also available for student use.

The Center is open:

Monday-Thursday	8a.m.-8p.m.
Friday	8a.m.-2p.m.
Saturday	10a.m.-2p.m.

For further information or to learn how the Center can meet your needs, please check our website: <http://www.lbcc.edu/WRSC/index.cfm>, email: wrscc@lbcc.edu, or call (562) 938-4520.

Nursing and Allied Health Learning Center and Skills Lab

Liberal Arts Campus

- ❖ The Nursing and Allied Health Learning Center provides supplementary material and skills practice for students enrolled in a nursing and/or allied health program. Various self-paced, print media, multimedia programs and skills equipment resources are available.
- ❖ The Learning Center is located in Room N108 and is open during posted hours. For additional information, call (562) 938-4299.
- ❖ A Simulated Hospital Room in B301A is available and students are exposed to technology that simulates health care scenarios in a controlled setting. Many courses utilize simulation to facilitate learning.

Life Science Learning Center

The Life Science Learning Center is a general study room hosting a collection of audiovisual and reference materials designed to help students master fundamental concepts taught in Biology, Anatomy, and Physiology courses. Activities are essentially student-driven with additional assistance provided by a knowledgeable staff member.

The Life Science Learning Center offers a “hands-on” learning experience through the availability of scientific models, bones, plant and animal specimens currently used in classrooms. Students may check out microscopes and various histology slides to review for exams and quizzes. Macintosh computers with CD-ROM drives offers ready-to-run software currently used in various classes. Students enrolled in specific courses may check out answer keys, sample tests and lecture outlines to prepare before class and to assess mastery of lecture topics. In addition, the center hosts a collection of reference books for use, in the Learning Center.

The Life Science Learning Center at the Liberal Arts Campus is located in room D214, on the second floor of the Science Building (D) facing Carson Street. Hours of operation are posted on the door and may vary each semester.

Foreign Language Multimedia Learning Center

Liberal Arts Campus

The Foreign Language Learning Center located in M103 at LAC and BB233 at PCC offers technological and linguistic support in a multimedia environment for students enrolled in foreign language classes. The Center also operates as an open access lab to support computer-assisted learning.

The Center is open Monday-Thursday from 8:00 a.m. - 10:00 p.m., Fridays, 8:00 a.m. - 2:00 p.m. For additional information, please call (562) 938-4320.

Mathematics Success Center

Liberal Arts Campus

The Math Success Center provides supplemental learning assistance, tutoring, course material and computer access in an open, inviting, learning environment. Some Math classes require students to complete various supplemental learning assistance activities as part of their class grade. These activities can be completed at the Math success center at LAC under the direct supervision and interaction of Math faculty.

Additionally, the Center provides peer tutoring to students registered in any math course offered at LBCC. In addition, students can arrange to meet others enrolled in the same course for informal group study or a study room can be reserved. Math faculty are on hand for supplemental instruction.

The Math Success Center houses state-of-the-art computers to provide students with a broad range of educational tools. With PC workstations, students can access a variety of software that includes word processing, graphics, spreadsheets, statistics, Geometers' Sketchpad and Mathematica. Software is available that allows students to see filmed lectures on most math topics that are mentioned in their textbooks.

Beginning Fall 2015 the Mathematics Success Center will be located in V161 on the first floor of the Math and Culinary Arts Building near the corner of Clark and Carson Streets. Students may use the Mathematics Success Center facilities on a walk-in basis throughout the semester. They must register for MATH 650 a 0 unit course, and be concurrently enrolled in any math course. Hours of operation include Monday through Saturday. For further information please call (562) 938-4228.

Faculty Office Hours

All full-time instructional faculty hold five regularly scheduled office hours per week. Ask your instructors for their hours and office location.

Class Syllabus

All faculty members are required to publish and keep on file in the division office a course information sheet (syllabus) for each course for each semester and distribute them at the first class meeting or no later than the end of the second week of class. The syllabus must align to the content of the course that is in the course outline, contain grading standards for the class, a description of the means by which the course is to be taught (lecture, laboratory, outside assignments, etc.), attendance requirements, and office location and office hours. Other recommended items are examination dates, text assignments, an outline of topics to be covered in the course, and student learning outcomes.

Student Attendance

Attendance is the responsibility of the student. Students not attending the first class session **may be** dropped from the class at the discretion of the instructor. In the event of excessive absences, the instructor may drop a student from a course or may lower a student's grade. Students who are absent in excess of 20 percent of the total class hours may be dropped from class. The grade assigned by the instructor upon dropping a student for non-attendance shall be in accordance with Regulation 4020.3. Such students may be reinstated only at the discretion of the instructor for extenuating circumstances.

Extenuating circumstances shall be defined as reasons for absence beyond the control of the student. Typical examples of such circumstances would be extended illness, hospitalization, court appearances or death in the immediate family. Official documentation will be required for all requests to be considered.

Auditing of Classes

An "auditor" shall mean a person who attends a course but is not regularly enrolled, and does not receive credit or a grade for the course. To be eligible to audit, a person must be currently enrolled in at least one other course.

Students may enroll as an auditor by permission of the instructor only. The participation in an audited class is subject to the discretion of the instructor. Students may audit a specific course only once and shall be limited to auditing two courses per term. Audited units shall be included in determining student unit load maximums. However, audited units shall be excluded in determining student status for credit unit load for financial aid, scholarships and athletic eligibility.

All official restrictions to enrollment shall apply to auditors, including placement and prerequisite requirements. Priority in class enrollment shall be given to students taking the course for credit. Auditors may enroll only after the conclusion of the open enrollment period and before the end of the fourth week of class for a 16-week course or equal percentage of the course length. The fee for auditing a class shall be in accordance

with the California State code and any materials fees that are ordinarily required for the course. Students enrolled in classes to receive credit for ten or more units shall not be charged a fee to audit three or fewer units per semester. Fees are to be paid before auditing the course, and fees are non-refundable.

Auditors shall not be permitted to change their enrollment status in order to receive credit for the course. Regularly enrolled students may not change to audit status. Auditors shall not be permitted to earn credit by examination for an audited course.

Grading Regulations

Grading System - Final grades are issued after the end of the semester or session (summer, or winter intersession) in which the class ends. Grades are accessible through the online self service system. The significance of grades is as follows: "A," excellent; "B," good; "C," satisfactory; "D," passing but less than satisfactory; "F," failing; "W," withdrawal; "MW," military withdrawal; "P," pass (at least satisfactory-units awarded not counted in G.P.A.); "NP," no pass (less than satisfactory-units not counted in G.P.A.); "RD," report delayed means a grade has not been submitted by the instructor. Courses numbered in the 600-band do not award a grade.

Make-Up Grades for Incomplete Work

Permission for making up incomplete work may be granted when unforeseeable emergencies and justifiable reasons cause the student to be unable to complete the academic work by the end of the course. It is the responsibility of the student to initiate the request for the incomplete, but the "I" grade is assigned at the instructor's discretion.

The instructor gives the grade of "I" and indicates the grade to be assigned in the event the student does not complete the required work within the timeline given on the incomplete grade contract. The grade must be A, B, C, D or F except that P and NP grades may be assigned where the course provides for grading on this basis and the student has elected to be graded on the P/NP basis by the appropriate deadline. This grade shall be based on the total requirements for the course and a grade of "W" may not be assigned. Once an Incomplete is assigned by the instructor a student is not eligible to enroll in the same class until the incomplete is resolved.

Petitions to change these grades or to exceed the one-year make-up period must first be approved by the instructor and then submitted to the Grade Review Committee for final disposition. Please see LBCC's Administrative Policy and Regulation 4021 regarding all requirements for Incomplete.

Withdrawal - The grade of "W" shall be assigned for withdrawal from a class or classes in accordance with the schedule below for both a student-initiated withdrawal and instructor-initiated drop. One exception is when a student is required to leave a class for reasons of academic dishonesty; then a grade of "F" may be given. Another exception is for military withdrawal, in which an "MW" is assigned.

1. **Students withdrawing or being dropped** after the final limit for a W must be assigned a grade of A, B, C, D, F, MW, P or NP. The grade assigned shall be based on the total semester requirements for the course.
2. **Full semester length Classes** – Drops before the Census will not record the drop. Withdrawals on or after the census day will be recorded as a withdraw (W). After the seventy-five (75) percent mark of a class a student must be issued a grade.
3. **Students may petition for a “W” grade after the final limit for “W” only for extenuating circumstances beyond the control of the student**, such as verified accident or illness. Petitions must be reviewed and approved by the Grade Review Committee.

Military Withdrawal - The grade of “MW” may be assigned to students who are members of an active or reserve military service and who receive orders compelling a withdrawal from classes. Upon verification of such orders, the grade of “MW” may be assigned at any time from the beginning of the period that a “W” may normally be assigned, through the end of the course. The “MW” grade shall in no way adversely affect a student’s academic record. The “MW” grade shall not be counted in completion ratio or GPA calculations. The grade of “MW” may be applied as appropriate retroactively to January of 1990.

Grade Points

A system of grade points is used to determine a student’s standing for graduation or transfer. Grade points are assigned to the respective grades as follows: for each unit of credit, the grade of “A” is assigned 4 points; “B,” 3 points; “C,” 2 points; “D,” 1 point; “F,” 0 points. P (pass) and NP (no-pass) units are not counted in one’s GPA.

Change of Grades

All grades are final in the absence of mistake, fraud, bad faith or incompetence.

A student who believes a final grade to be incorrect may file a “Request for Change of Grade” form obtained from the office of Admissions and Records. All requests for grade change should be made by the student, in writing, within two years after the end of the semester in which the grade was earned. In the absence of the instructor, the request shall be referred to the Grade Review Committee.

Open Entry/Open Exit Courses

For students completing 0-29 percent of the work or time required in an open entry/open exit course a grade will not be recorded. Students completing 30-74 percent of the work or time required will be assigned a “W” grade. The “W” will be included in completion ratio calculations. Students completing 75 percent or more of the work or time required will be assigned the grade earned, i.e., A, B, C, D, F, P or NP. The exception to this is the grade of MW.

Repetition of Courses

State regulations restrict the number of times a student may enroll in a course within a community college district. For courses designated as non-repeatable (which is most courses), a student can only repeat the course under the following circumstances:

- A. **To alleviate substandard work.** When a mark of D, F, NP or W has been previously recorded in a course a student may petition to repeat the course. The student is limited to a **maximum of three attempts** in the course to earn a passing grade. The grade from the last time the course was repeated will be used for determining the grade point average regardless of whether the last grade is higher or lower than the grade earned on previous attempts. The grade for the earlier course and the repeated course shall both be recorded on the student’s permanent record, ensuring a true and complete academic history.
- B. **Significant Lapse of Time:** When a mark of A, B, C, or P has been previously recorded in a course a student may only repeat the course if (a) there has been a significant lapse of time (36 months) since the grade was awarded and (b) the student is required to have taken the course within a recent amount of time as required by another course or program at the college, or at another college or university to which the student seeks to transfer. For courses in which a grade of A, B, C or P has been recorded, the grade of the repeated course shall be counted in calculating a student’s grade point average. The grade of the earlier course and the repeated course shall both be recorded on the student’s permanent record, ensuring a true and complete academic history. Courses repeated under this criterion will not be used for determining financial aid, scholarship and/or athletics. Unit credit is allowed only once. Neither credit nor grades shall be allowed for unauthorized repeated courses.
- C. **Legally Mandated:** A Student will also be allowed to repeat courses in which the student has previously earned a grade of A, B, C, or P when it is necessary for the course to be repeated in order to meet legally mandated training requirement(s) or conditions of continued paid or volunteer employment. Enrollment under this provision is limited. Documentation supporting the legally mandated training is required and must be submitted to the Admissions and Records Office.

It shall be the student’s responsibility to ensure that the repetition of a course is authorized by these regulations. Any student who is determined to be repeating a course when not authorized to do so shall be administratively removed from the class. Credit by examination nor courses in the 600-number band (non-credit) are not subject to the course repetition rules.

Academic Renewal

The purpose of academic renewal is to disregard a portion of a student's prior substandard academic work. Students wishing to disregard prior work must complete the Academic Renewal Petition and submit it to the Admissions and Records Office. Academic Renewal is subject to the following:

- A. The student must have completed 24 units at Long Beach City College with at least a 2.0 cumulative GPA subsequent to the term to be disregarded.
- B. At least (1) calendar year must have elapsed from the time grades to be disregarded were earned.
- C. Courses to be disregarded shall be on a semester (or term) basis. All courses in the designated semester will be ignored in determining the requirements for graduation, including GPA, field of concentration, honors, general education and units. Any courses thus ignored, which would otherwise meet a particular requirement, will have to be fulfilled by retaking a course or by other alternative educational means.
- D. Only a maximum of two semesters (or terms) may be disregarded.
- E. All courses shall remain on the official record. The transcript shall be appropriately annotated to indicate that academic renewal has been applied, including the specific semester(s) (or terms) that were disregarded.
- F. Academic Renewal by Long Beach City College does not guarantee that other institutions will honor this action. It is the student's responsibility to ensure that his/her transfer institution will approve of academic renewal from Long Beach City College.
- G. Once a certificate or degree is posted at Long Beach City College, academic renewal will not be available.

Academic renewal cannot be used to exceed the enrollment limitation.

Academic and Progress Probation

- A. A student shall be placed on probation whenever the student's academic record indicates any of the following conditions:
 - 1. The student's grade point average falls below 2.0 (C) in all units graded over the 4.0 grading scale after the student has attempted more than 12 units at Long Beach City College.
 - 2. After enrolling in a minimum of 12 units at Long Beach City College, the student has completed less than one-half of all units in which the student has enrolled as reflected in the academic record.
- B. For the purposes of section A.2, the entries of W, NP and I are counted as incomplete work while entries of A, B, C, D, F and P are counted as complete.
- C. Students on academic and/or progress probation shall be subject to Counseling Intervention.

Counseling Intervention shall include the following provisions:

- 1. Meeting with a counselor in the Counseling Department, DSPS or EOPS;
 - 2. Completing a student "Strategy for Success" contract and/or an Education Plan;
 - 3. Being limited to a maximum of 12 units each semester until the student is off probation; and
 - 4. Completing the sequence of basic skills courses in the Education plan.
- D. Any student on probation shall be reclassified as "satisfactory" whenever the cumulative grade point average reaches or exceeds 2.0 (C) and the ratio of units-completed to units-enrolled is one-half or better based on the number of units indicated in section A above.

Academic and Progress Dismissal

A student on probation for at least two semesters and who has not completed the Counseling Intervention and made up the deficiencies in the student's academic record shall be dismissed.

Academic dismissal requires the student to complete at least three units during the semester with a semester grade point average of at least 2.0.

Progress dismissal requires the student to enroll in at least three units during the semester. If enrolled in 3 to 5.5 units, the student must complete all units. If enrolled in six or more units, the student must complete 80% of the course.

Academic and Progress dismissals are recorded at the end of the Spring semester.

Readmission After Dismissal

Dismissed students will sit out the fall semester immediately following their dismissal. Students desiring to return must submit an application and a readmission petition to the Admissions and Records Office by the second Friday of September to be considered for readmissions during the spring semester. The Readmission Committee reviews all petitions.

A dismissed student who is readmitted will be placed on probation and may be subject to further enrollment restrictions and requirements.

Scholarship

Long Beach City College acknowledges outstanding student scholarship in three ways: on the Dean's Honors List, in the graduation ceremonies and through a scholarship honor society. "Outstanding Scholarship" is classified in the following ways:

- 1) Scholarship with Honors 3.500-3.749 GPA
- 2) Scholarship with Distinction 3.750-3.999 GPA
- 3) Scholarship with Great Distinction 4.000 GPA

Dean's List

Students on the Dean's List are recognized each semester on a posted list and with a personal letter. To be eligible for the Dean's List, a student must meet the following requirements:

All students with 12 or more units attempted* that semester with 75 percent or better overall completion ratio who maintain the necessary semester GPA to qualify for "outstanding scholarship" described above.

*Note: Units attempted are classes with grades of A, B, C, D or F. A class taken for a grade of P, NP does not count in computing the number of units attempted.

Scholarship Society (A.G.S.)

Long Beach City College has two chapters of Alpha Gamma Sigma, the California Community College honor scholarship society. Students eligible for the Dean's List are encouraged to apply for membership. Students with a 3.0 overall cumulative GPA in 12 or more units are also eligible for membership.

Kappa Chapter is located at the Liberal Arts Campus. Information and applications are available in Room M226. Delta Chi Chapter is located at the Pacific Coast Campus. Information and applications are available in the Student Affairs Office.

Honors at Entrance

High school graduates are accorded "Honors at Entrance" as a form of recognition for outstanding scholarship. To be eligible, the graduate must have earned a 3.5 GPA or better and must have matriculated to LBCC.

Honors at Graduation

Students graduating with outstanding scholarship are recognized during the graduation ceremony and in the commencement program. To be eligible for honors at graduation, a student must have a cumulative overall GPA based on all college work applied to the degree, no matter where completed, that qualifies for "outstanding scholarship" as described above.

Course Credit & Class Preparation

To earn one unit of credit in a lecture class, students must spend one hour each week, for 16 weeks, in a lecture class session. In addition, students are expected to devote a weekly average of two hours in outside-of-class preparation for each one hour of lecture class time.

To earn one unit of credit in a laboratory, demonstration or practice situation class, students must spend three hours each week, for 16 weeks, in a class session. Some additional outside-of-class preparation will be expected.

For work experience classes, one unit of credit represents 75 hours of paid employment or 60 hours of volunteer work per semester.

Pass/No Pass Courses and Grading

Some courses allow the student to change the grading option to pass/no pass instead of a letter grade. Students may change the grading base option online via student self-service, or by completing and submitting a pass/no pass form in the Admissions and Records Office. This process must be completed prior to the thirty percent point of the course. The deadline can be found in the class schedule.

Students are required to do all work assigned and take examinations as though they were getting a grade. To receive a pass, a student must do the work equivalent to a C grade or better. Students seeking an associate degree are limited to 20 units on a pass/no pass grading basis. All courses not applicable to the degree (courses in the 800-band) shall be graded pass/no-pass.

Courses taken on pass/no pass grading basis do not affect the grade point average at Long Beach City College. The student should consult the catalog of the school to which she/he intends to transfer to determine its policy.

Maximum Student Unit Load

The full-time unit load definitions for a **regular academic semester** are as follows:

- A. Minimum full-time unit load: 12 units
- B. Normal full-time unit load: 15 units
- C. Maximum full-time unit load: 18 units
- D. Maximum full-time unit load with written permission: 21 units

For students with good academic standing, i.e., students who are not on any form of probation, the maximum full-time unit load definitions for any one or combination of **summer terms** are as follows:

- A. Minimum unit load for full-time summer status: 6 units
- B. Maximum full-time unit load: 10 units
- C. Minimum unit load for half-time summer status: 3 units

The requirements by **residency** category are as follows:

- A. **Residents of California** may enroll for up to the maximum full-time unit loads, as stated, during the academic year and summer session.
- B. **Non-residents** (unless restricted by visa) may enroll for up to the maximum full-time unit loads, as stated, during the academic year and summer session and must pay non-resident tuition.
- C. **High School Students**
During the academic year eligible high school students may enroll in a maximum of 8 units for fall and spring semesters and 5 units for the summer term. See high school concurrent application form for specific requirements.

Waiver of Maximum Unit Load Limitation

- A. A student may request a **waiver of maximum unit load limitation, except for the summer session.** Under no circumstances will a student be permitted to exceed the defined maximum unit load limitation with waiver. The determination to waive the maximum unit load limitation is the responsibility of the Counseling Department and will be made only for extraordinarily capable students of proven academic ability and excellent past academic performance.
- B. To apply for a waiver, a student must meet the following regulations:
 - 1. The student must be matriculated so that his or her college placement examination scores, transcripts of previous academic performance and other pertinent data are available to the counselor.
 - 2. The student must apply to the Counseling Office for a waiver no later than two weeks prior to the first day of walk-in registration for the semester concerned. A waiver request after the two-week deadline requires the approval of the Dean, Counseling and Student Support Services.
- C. The Vice President reserves the right to grant special waivers in unusual circumstances.

Students enrolled in more units than permitted for his or her classification by these regulations will have his or her program of studies reduced to the applicable allowable maximum by the Dean of Admissions and Records or designated representative.

Credit by Advanced Placement

Long Beach City College recognizes the Advanced Placement Program of the College Entrance Examination Board. Students are required to order official copies of their College Board transcripts with the appropriate Advanced Placement scores and have the transcripts sent to Long Beach City College’s office of Admissions and Records. Course credit is granted for Advanced Placement examinations with a score of three, four or five in those instances in which the department concerned has determined that the material covered is comparable to a specific course offering within that department. Advanced Placement credit is granted for fulfillment of Long Beach City College degree requirements. However, when a student transfers to any other college or university, that institution routinely re-evaluates advanced placement units in accordance with its own internal policies. Thus, advanced placement units remain intact and do not transfer as Long Beach City College courses. Unless otherwise stated, credit is awarded for an AP test score of three, four or five. The number in parentheses after each course is the number of units awarded. Courses numbered 99 in the following table are elective credit.

AP Courses and AA/AS Degree General Education Requirements

AP Examination	LBCC Credits Granted
Art	ART 1P (3) and ART 99P (3)
History	
Biology	BIO 41P (3), BIO 41LP (1) and BIO 99P (2)
Calculus AB	MATH 60P (5)
Calculus BC	Math 60P† (5) and Math 70P (5) †Students who pass both the AB and BC exams receive credit for Math 60P once.
Chemistry	CHEM 1AP (5) with an AP score of 4 or 5
Comparative Government/Politics	POLSC 2P (3)
Computer Science A	ENGR 54P (3), and fulfills A.A/A.S.
English (Language and Composition and/or Literature and Composition†)	*ENGL 99P (6) with an AP score of 3 *Students who have earned a three on either English Advanced Placement exam and have qualified for ENGL on the basis of the English Placement Test may petition to have four units of elective credit substitute for ENGL 105. ENGL 1P (3) and ENGL 99P (3) with an AP score of 3; ENGL 1P (3) and ENGL 2P (3) with an AP score of 5 †Students who pass both exams receive a maximum of six-units of credit.

United States Government/Politics	POLSC 1P (3)-To receive credit for POLSC 1P, student must take POLSC 48 (1), which covers California government and which may be taken Credit by Exam.
United States History	HIST 10P (3)
World History	HIST 2BP (3) and HIST 2CP (3)

Credit by Examination

Credit by Examination is a provision whereby a student who is enrolled in the college and is in good standing may, with departmental approval, take an examination for credit in a specific course. The student must have completed at least 12 semester units at Long Beach City College and have the prior approval of the department head and school dean before being allowed to take the examination for credit. Exceptions to the 12-unit limitation must be approved by the office of the School Dean. For courses identified in the High School Articulation Project as eligible for Credit by

Examination, the 12-unit limitation does not apply. In all cases, courses eligible for Credit by Examination will be determined by the department. It is up to the Department to determine how many times credit by examination is offered to an individual student per semester and how many times students are allowed to attempt to pass the exam.

1. In addition, the department concerned also determines specific standards of student eligibility.
2. The method of evaluation, including a copy of any written exam or a description of its contents, must be approved by the department and kept on file in the department and the office of the School Dean. For courses identified in the High School Articulation Project, a description of the contents of the examination, as developed and approved in the articulation process, must be kept on file in the department.
3. Students who take an exam for credit will be given the grade earned. For high school articulated courses, they will be given the grade earned or receive a "Credit" depending on the method of grading for the course; if they do not pass the examination, there will be no notation made on the transcript and no credit awarded. Units earned through Credit by Examination may not be counted toward the 20-unit residence requirement for the associate degree.
4. A fee will be charged to take Credit by Examination. The fee will be waived for participants in the High School Articulation Project.

Credit by Directed Study Program

The Directed Study Program provides challenge for the talented student. It allows the student in-depth study on any approved topic within a subject area. The following are the basic elements of the program:

1. Students must have earned at least a cumulative 3.0 (B) grade point average.
2. Students must have completed 24 units, at least 12 of which must be earned at Long Beach City College. Credit applied from other colleges must be supported by official transcripts on file with the Records Office.
3. Prior approval of the faculty mentor (the faculty member who directs the study), Department Head and School Dean must be obtained before commencing work on the project under the mentor's direction. Failure to do so may result in denial of credit for the project.
4. Directed Study may not parallel or equate with work in an approved course within the department. It is expected that Directed Study is of an advanced nature and goes beyond the treatment in an approved course or series of courses. Work involving simply the production of a book report or term paper is not deemed an appropriate project.
5. While the student's work is of an autonomous nature, it is expected the student will meet at regular intervals with his/her faculty mentor to discuss progress and seek guidance and direction.

6. The product of the directed study will be a written report or an equivalent project that demonstrates an amount of work equal to an approved course of the same number of units—54 hours of work for each unit of credit earned.
7. The project will be evaluated on a standard comparable to that used in the courses within the department granting the credit. The project will be evaluated by the faculty mentor and kept on file in the department office. The completed form will be forwarded through the approval process.
8. One to three units of credit will be granted upon satisfactory completion of a project. Each unit of credit shall be equal to 54 hours of work.
9. Units will be placed on the student's transcript as Directed Study 99 in the subject matter area.
10. The student shall earn no more than six units in directed study courses.

The subject areas that currently are approved for Directed Studies are Anthropology, Art, Biology, Computer and Business Information Systems, Economics, English, Geology, Business International, Journalism, Political Science, Psychology, Social Science, Speech, and Theater Arts.

Transfer Credit from other Colleges, Universities and Institutions

It shall be the policy of the Long Beach Community College District to accept unit transfer credit from other appropriately accredited academic and professional institutions, provided that the student establishes residency at Long Beach City College, and satisfies any other curricular or academic limitations imposed by the District.

Responsibilities

A. The Vice President, Academic Affairs, shall be responsible for the establishment of appropriate standards for the acceptability of transfer credit.

B. The Dean of Admissions shall be responsible for the enforcement of the standards of acceptability and for maintaining appropriate records on all transfer credit.

Institutions within the United States

A. Transfer credit, if otherwise appropriate, shall only be accepted from colleges and universities which have been properly accredited by one of the regional Associations of Schools and Colleges.

B. The acceptable accrediting associations are the Middle States Association of Colleges and Schools; North Central Association of Colleges and Schools; Southern Association of Colleges and Schools; New England Association of Schools and Colleges; Northwest Association of Schools and Colleges; and the Western Association of Schools and Colleges.

Foreign Institutions

Acceptance of transfer credit from foreign schools shall be subject to the student obtaining, or his or her own expense, a transcript evaluation from a Credentials Evaluation Service as designated by the Dean of Enrollment Services

Acceptable Credit

A. Only lower division credit will generally be accepted. An upper division course will only be accepted if the specific course is substantially the same as the corresponding course at Long Beach City College.

B. Second party credits will not be accepted. Example: School A, whose credits we would normally accept, has itself accepted credits from School B. We will not accept credits from School B through School A, but only directly from School B if otherwise acceptable.

C. Courses from other regionally accredited colleges and universities can be used towards the fulfillment of general education at Long Beach City College under Plan A. Courses approved for a specific general education area at another institution will be honored for the comparable General Education area at Long Beach City College. Courses from schools without general education subject areas or proficiencies such as Information Competency will be evaluated for equivalency in order to satisfy that area. Physical Education activity and Dance Performance courses can be used to fulfill the Physical Fitness/Wellness area; courses in Food & Nutrition and Theater Arts will need to be evaluated and approved by the department as an activity course.

D. Where equivalency of transfer credits is questionable, the Records Office shall solicit the assistance of the School and College Relations Office and the appropriate Instructional Dean or Department Head in determining whether or not a transfer credit is equivalent to our coursework.

E. Credit for six units, four in Physical Education and two in Health Education, will be granted to any student who supplies proper proof of at least one year of service in the armed forces of the United States.

F. No credit will be granted for seminars or other instruction conducted by private or public agencies even though the academic level can be shown to be equal to ours. Students in these situations may apply for credit by examination.

Statement of Policies for Transfer Credit, Advanced Placement and Credit by Examination for the Associate Degree Nursing Program

General Policy:

Candidates for transfer credit, Credit by Examination and Advanced Placement must meet the same general entrance requirements as all regular students at Long Beach City College. Acceptance into the Associate Degree or Vocational Nursing program is a prerequisite (see the curriculum guides in this catalog or in the Counseling Office for more specific information) for transfer, Credit by Examination and Advanced Placement.

Transfer Credit:

Credit for nursing courses taken at an accredited school of nursing (RN and VN) will be granted upon the following conditions:

1. Candidates must qualify for admission as listed in the general policy statement.

2. Candidates must be recommended by previous school of nursing (ADN Program).
3. Course work must have been completed within the last two years.
4. Credit will be given for nursing courses comparable to those offered at Long Beach City College. Credit will be given for science courses comparable to those offered at Long Beach City College or applicant must complete the following science courses at Long Beach City College:

Anatomy 1
Physiology 1
Biology 2 – General Microbiology
Biology 60 (VN Program)

5. Credit for General Education courses will be granted according to the college policy.

Advanced Placement Process:

Qualifying students will be granted Advanced Placement upon completing the following conditions:

1. All students must qualify for admission as listed in the general policy statement.
2. Must meet the requirement for admission.
3. Must be selected by the Nursing Admissions Committee to enroll in ADN 20A
4. Achieve 75 percent on a written objective examination covering the material in ADN 20A.
5. Satisfactorily pass all skill testing for that course.
6. Pass the credit by exam.
7. Advanced placement for the clinical portion of a course is determined by the individual teaching team.

Advanced Placement: LVN to RN (Career Ladder)

Licensed Vocational Nurses seeking advanced placement into the Registered Nursing program are urged to review the curriculum guide that is in this catalog and available in the Counseling Office.

Credit by Examination (Challenge Option):

Both Nursing Departments follow the college policy for granting Credit by Examination. Applicants with previous nursing experience must qualify for admission as listed in the General Policy statement.

Applicants with 12 semester units at Long Beach City College are granted credit upon successful completion of theory and practical examinations in the area they are challenging.

Applicants without 12 semester units at Long Beach City College will be allowed to proceed in the program after successful completion of theory and practical examination. To comply with college policy, the credit is withheld until 12 semester units are successfully completed.

Syllabi for nursing courses are available in the Learning Center for the School of Health and Science.

Credit for Vocational Work Experience Education

Long Beach City College recognizes job experience as a valuable learning resource. The Vocational Work Experience Education Program affords students the opportunity to earn college credit for learning, while working on their job.

Measurable learning objectives are created that the student must successfully accomplish prior to the completion of the semester. This process involves the employer directly and helps identify the learning outcomes of the student employee. The work experience instructor visits each job site to validate the learning environment and working conditions and to ensure good communication between the employer and the college.

The student must enroll in **two** courses: The first course Work Experience (1-3 units) represents the actual “on-the-job” learning and does not involve class time. The second course is the coordination class, Work Experience Issues (1 unit), which meets once a week. The student will enroll in **one** class number which will automatically enroll him/her in both courses. The only exception to this is Fashion Design and Interior Design which do not have the Work Experience and Issues class combined under one class number. Students in these programs must enroll in **two** designated class numbers to be correctly registered.

Number of Work hours required for course units:

	Paid Employment	Non-Paid
1 units Work Experience Class	75 hours	60 hours
2 units Work Experience Class	150 hours	120 hours
3 units Work Experience Class	225 hours	180 hours

While successfully completing both the **Work Experience** class and the **Work Experience Issues** class, a student may earn up to four units per semester, not to exceed a total of 16 units (or four semesters) at Long Beach City College. In some circumstances an exception to the General Repetition Rule may be made if only the two or three unit Work Experience class in a given discipline is offered. In this instance the student would be allowed to exceed the maximum four semester limit. It may be possible for the student to earn the maximum sixteen units in the discipline in which the two or three unit classes are offered.

Students must enroll in a minimum of one additional course in the same discipline in which the Work Experience/Issues is assigned.

International Students who want to enroll in Vocational Cooperative Work Experience Education must get a release from the International Student Office prior to enrolling in Work Experience. The office is located at the Liberal Arts Campus, building “E”, (Student Center). Telephone: (562) 938-4745.

Vocational Work Experience Education units meet eligibility requirements for veteran benefits, social security and financial aid. Vocational Work Experience operates without regard to race, age, sex, religion, color, national origin, handicap, sexual orientation, marital

status, ancestry, medical condition (e.g., cancer related) or status as a veteran.

Additional information on the program and enrollment is available at the Academic Services Office, located on the Liberal Arts Campus.

Credit for Educational Experience in Military Service

Long Beach City College presently requires three units in a combination of physical education and health education classes for the associate degree. Veterans may be granted these three units of credit toward graduation if they served on active duty for at least 12 continuous months. The student who needs these credits for a degree must have a copy of his/her DD-214 and file number from the Veterans' Administration to request such credit. Please contact the Veterans Affairs Office at PCC for additional assistance.

If a veteran feels his/her military schooling provided sufficient knowledge in a particular subject area and this credit is needed for graduation or advanced placement, he/she should refer to the section, "Credit by Examination." Each Department Head handles the particular subjects under his/her administration. Not all departments allow Credit by Examination so check the eligibility requirements carefully, then contact the Department Head involved to make the necessary arrangements for an exam, if permissible.

Policy on Academic Honesty

It is the policy of the Long Beach Community College District to establish an academic environment in which inquiry is nurtured, individual responsibility is rewarded and academic dishonesty, cheating and plagiarism are not tolerated.

Academic Freedom

In the spirit of academic inquiry and in keeping with the code of ethics adopted by the Academic Senate of Long Beach City College, it is the policy of the Board of Trustees that the professional staff shall be free to define and discuss relevant information and concepts in the classroom or any other appropriate forum and shall be free to select materials and methods of presentation.

Policy on Open Courses

It is the policy of the Long Beach Community College District that, unless specifically exempted by statute, every course, course section or class, the full time equivalent student (FTES) units of which are to be reported for state aid, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets course prerequisites.

Creating a Collegiate Environment

In the Classroom

Creating a proper learning environment is the cornerstone of getting a good education. Everyone at Long Beach City College is responsible for helping to create this environment, including students. Simple rules of courtesy apply.

1. **Respect for the Instructor** - This means arriving to class on time, not leaving early, bringing appropriate materials, not speaking with other students while a lecture is in progress, not bringing food or drink to the classroom, not being loud, boisterous or argumentative.
2. **Respect for Other Students** - This means not interfering with the rights of others to listen and participate, not being disrespectful, not using inappropriate language or harassing others in any way.
3. **Academic Honesty** - Lack of honesty in the classroom is considered a very serious offense. Any form of cheating on tests, turning in work which is not one's own (plagiarism), talking during tests, furnishing false information to instructors or knowingly misrepresenting oneself to the college is grounds for disciplinary action. The consequences of cheating are severe and may include the possibility of expulsion.
2. **Instructor's Rights** - An instructor has the right to remove a student from class at any time he/she considers a student's actions to be interfering with a proper collegiate environment. The instructor may also refer the incident to the Director of Student Discipline & Student Life for disciplinary action as warranted.
5. **Student's Rights** - All students have a right to due process. If classroom conflicts occur, discuss them with your instructor during his/her office hours. Additional resources for help include the Department Head, School Dean and Vice President of Student Support Services or Designee.

On the Campus

Creating a proper campus environment is also of great importance to assure academic and individual success. The Board of Trustees has established campus-wide standards of student conduct and simple campus rules, which are enforced at all times. These are particularly important in large common areas, such as the cafeteria, bookstore, vending, campus offices, College Center, Student Center, Activities Center, campus quads, athletic areas and other highly frequented areas.

Student Conduct

All students must conform to the Standards of Student Conduct, which have been established by students and college staff and have been approved by the Board of Trustees. The Standards of Student Conduct are listed in the Academic Policies section of this catalog and are strictly enforced by the Office of Student Affairs.

Standards of Student Conduct

These standards of student conduct and disciplinary action for violation of rules were established by a student-college staff committee in compliance with section 22635 of the State Educational Code, printed and distributed for students' information and guidance. Students shall respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the laws of the city, county, state and nation.

Student conduct at Long Beach City College must conform to district policy and regulations and college procedures. Violations, for which students are subject to disciplinary action, include but are not limited to the following:

- A. Willful disobedience to directions of college officials (including faculty) acting in the performance of their duties.
- B. Violation of college rules and regulations, including those concerning student organizations, the use of college facilities or the time, place and manner of public expression or distribution of materials.
- C. Dishonesty, such as cheating or knowingly furnishing false information to the college.
- D. Forgery, alteration or misuses of college documents, records or identification.
- E. Unauthorized entry to or use of the college facilities.
- F. Obstruction or disruption of classes, administration, disciplinary procedures or authorized college activities.
- G. Theft or damage to property belonging to the college, a member of the college community on campus or at a campus activity or a visitor to the campus.
- H. Disorderly, lewd, indecent or obscene conduct, including profanity.
- I. Conduct which disrupts orderly operation of the college, or which disrupts educational activities of individual members of the college community including, but not limited to, the harassment of another member of the college community based on race, religion, national origin, gender, sexual orientation or any other legally protected status.
- J. Use, possession, distribution or being under the influence of alcoholic beverages, illicit drugs or other controlled substances while on campus or in connection with college activities.
- K. Assault or battery, abuse or any threat of force or violence directed toward any member of the college community or campus visitor engaged in authorized activities.
- L. Possession, while on the college campus or at a college sponsored function, of any weapons (except by persons given permission by the superintendent-president or members of law enforcement agencies, such as police officers acting in their capacity as officers).
- M. Possession of any article, not usually designated as a weapon, when used to threaten bodily harm.
- N. Misuse of any computer technology, including equipment, software, network or Internet access. This includes non-compliance with any policy, regulation, rule or guideline developed by any segment of the College which relates to computer technology.

Campus Rules

1. Smoking is prohibited in all buildings.
2. Eating and drinking are prohibited in all buildings except where food is sold or is part of an approved and scheduled activity.
3. Gambling on the campus is prohibited. Gaming is restricted to the PCC Student Lounge and the LAC Activities Room.
4. Animals not indigenous to the campus grounds are not allowed on campus. Exceptions shall be made for certified companion animals and those animals previously approved by college officials for specific educational purposes.
5. Literature to be distributed must be approved in the Office of Student Life.
6. Children are not allowed on campus unless under the supervision of a parent/guardian or are officially enrolled in an approved college program. Children may not attend classes with a parent/guardian unless the course is specifically designed to include children. Children must be supervised so educational activities are not interrupted and may not be left unattended in common areas, such as the library, computer labs, cafeterias, quads or lounges.
7. Unauthorized vehicles (vehicles without a parking permit) must use visitor parking or purchase a one-day parking permit.
8. Students are required to be fully attired, including shirts or blouses and footwear.
9. Skateboarding, skating and bike riding are prohibited on campus grounds, officers will cite any violations.
10. The use of radios, electronic recording devices, tape or compact disc players without headphones is prohibited on campus except in connection with approved campus/classroom activities.
11. Electronic recording devices may not be used in classrooms without the permission of the instructor.

Summary Suspension

When serious violations of college regulations or procedures occur as a result of inappropriate student conduct, the college shall take immediate action to resolve the problem. This action may occur as follows:

1. **Removal from Class by Instructor** - Any instructor is authorized to remove a student from his/her class for the class meeting where the infraction occurs, as well as the next scheduled class meeting. The instructor shall immediately report the removal of the student to the Vice President of Student Support Services or designee, including the reason for removal, for appropriate action.
2. **Summary Suspension by Administration** - A summary suspension is an administrative action for the purpose of removing any immediate tension or threat to the well being of students and staff in order to assure that an appropriate academic environment exists. It is also for the purposes of further investigation of reported inappropriate conduct and to determine what disciplinary action, if any, is appropriate. The Director of Student Discipline & Student Life or designee may summarily suspend a student for good cause for a period of up to 10 instructional days to ensure that the intended purpose is served.
5. **Disciplinary Suspension** - Disciplinary suspension follows a hearing based on due process of law. It shall be invoked by the college president, appropriate administrator, or other staff members designated by the president upon students for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action.
6. **Expulsion** - An expulsion is a long-term or permanent denial of all campus privileges including class attendance. The Board of Trustees may expel a student after a hearing by a campus body or upon recommendation of the Superintendent-President. Permanent expulsion and active prosecution shall automatically result for any student found to be in possession of a gun. Board action is not necessary in this instance.
7. **Restitution** - Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

Disciplinary Action

Violations of the above regulations and rules subject students to the following types of disciplinary action, which are to be administered by the appropriate college authorities. These disciplinary actions are listed in degree of severity but not necessarily in sequential order. Disciplinary actions may be imposed singly or in combination. A student has the right to appeal any of the actions through established procedures of due process.

1. **Warning** - Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
2. **Reprimand** - Notice to the student in writing that officially recognizes a violation of the standards of student conduct or campus rules. The reprimand admonishes the student to avoid future infractions in order to avoid additional formal action.
3. **Probation** - An official disciplinary action, which returns the offender to the college community on a promise of appropriate future behavior. Any violation of this promise mandates formal action.
4. **Social Suspension** - Social Suspension limits a student's attendance on campus to scheduled classroom hours. Other privileges can be set forth in the Notice of Social Suspension for a specified period of time. The imposition of social suspension involves notification in writing of the reason for social suspension to the student(s) or president of the student organization involved.

Since individual plans and circumstances vary, students should consult with a counselor before beginning a program of study to ensure the appropriate General Education pattern is followed.

This general education plan is designed for students planning to obtain an Associate Degree. The general education requirements are only one component of the Associate Degree. Use this sheet in conjunction with the curriculum guide (located at <http://osca.lbcc.edu>) for your choice of major, and in consultation with a counselor.

Please note that completion of an A.A./A.S. degree does not automatically qualify a student to transfer. Students planning to transfer to a CSU or UC school should refer to the CSUGE-B or IGETC General Education Course Patterns (Plan B or Plan C at <http://osca.lbcc.edu/genedplan.cfm>) and consult with a counselor to determine the best general education pattern.

GRADUATION PROFICIENCY REQUIREMENTS

- MATHEMATICS:** A qualifying score on the LBCC Assessment Test which places a student in MATH 37, 37H, 40, 45, STAT 1, 1H, or higher; or successful completion with a grade of "C", "P" or higher in a college math course at the level of MATH 120 or 130 or 130A or 140 or 125 or 115 or higher.
- READING:** Satisfying this proficiency may be achieved by any one of the following:
 - A qualifying score achieved through multiple LBCC assessment measures OR
 - Completion of READ 82 or 83 ("C", "P" or better) at LBCC (courses taken at other colleges may be individually reviewed for equivalency by the Reading Department Chair) OR
 - A Bachelor's Degree from an accredited college or university.
- WRITING:** Complete ENGL 1 or 1H with a grade of "C" or better.
- INFORMATION COMPETENCY REQUIREMENT:** Information Competency is the ability to find, evaluate, use and communicate information in all its various formats. It combines aspects of library literacy, research methods and technology proficiency.

Students must complete ONE course from INFORMATION and ONE course from TECHNOLOGY (courses MUST be completed with a grade of "C" or better): INFORMATION complete one course from: ENGL 1, 1H, 3, 3H LIB 1, 3	TECHNOLOGY complete one course from: COSA 1, 5, 20, 25, 30, 35, 50 COSK 200 CPAS 1, 10
--	---

AREA REQUIREMENTS

Double-counting of courses listed in more than one area of the general education pattern is NOT allowed. For example, HIST 25 is listed in both the American History and Social Sciences requirement areas, but it may be used to satisfy only one of these requirements. However, courses listed in a requirement area may be used to satisfy graduation proficiencies (see above section).

OTHER GRADUATION REQUIREMENTS

G.P.A. REQUIREMENTS

For Graduation: A minimum major, LBCC, and cumulative G.P.A. of 2.0 ("C" average) based on all grades from all colleges from which courses are applied to LBCC degree. Some fields may have additional G.P.A. requirements; check the appropriate curriculum guide.

CONTINUOUS ENROLLMENT

Continuous Enrollment is enrollment in and receiving a grade (A, B, C, D, F, P or NP) in at least one class per ACADEMIC YEAR (August to June) at LBCC or any other accredited higher education institution after being initially enrolled at LBCC. Students enrolled in non-credit courses may qualify for continuous enrollment if the course instructor has noted satisfactory progress in the class rollbook. For additional information, see Degrees and Programs section of the catalog.

COURSE TOTALS:

General Education Units Completed:

General Education Units Total must equal:
25 units for the A.A.
19 units for the A.S.

Field of Concentration (Major) Units Completed:

For Graduation: Complete a minimum of 60 AA/AS applicable units (LBCC courses numbered 1-599). Some fields of concentration may require more units--consult the appropriate curriculum guide (<http://osca.lbcc.edu>).

General Elective Units Completed:

Overall Total Units:
MUST EQUAL AT LEAST 60 units.

§Any course that appears on a curriculum guide and the General Education Pattern (Plan A) may fulfill both major and general education requirements (Approved by College Curriculum Committee Spring 2012 and applicable retroactively).

DEGREE RESIDENCY

Meet one of the following requirements:

A) Minimum of 20 units within the last 30 units applied to the degree must be completed at LBCC

OR

B) at least 50% of the units required for a degree must be completed at LBCC.

$$\frac{\text{# of degree-applicable units completed at LBCC**}}{\text{# of Units Required (should be at least 60, actual total varies by major)}} \times 100 = \text{# of units completed at LBCC (MUST BE 50% or Greater)} \%$$

** Only LBCC courses numbered 1-599 are applicable to the degree.

FIELD OF CONCENTRATION (MAJOR) RESIDENCY

For the field of concentration (LBCC Major), 50% of the requirements as defined by the appropriate curriculum guide must be completed at LBCC.

$$\frac{\text{# of Major Units completed at LBCC}}{\text{# of Major Units Required}} \times 100 = \text{# of Major Units completed at LBCC (MUST BE 50% or Greater)} \%$$

APPLICATION FOR GRADUATION

To receive a degree you must complete and submit the Application for Graduation form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office or online at <http://admissions.lbcc.edu/>.

Refer to the Schedule of Classes (<http://schedule.lbcc.edu>) and click the "Important Dates" link to view the actual deadline for each semester.

2015-2016 Plan A Checklist: Published May 2015,
Long Beach City College Office of School and College Articulation.
All information contained herein is subject to change without notice.

All information contained herein is subject to change without notice.

Since individual plans and circumstances vary,
students should consult with a counselor before beginning a program of study
to ensure the appropriate General Education pattern is followed.

These requirements are designed for students planning to transfer to the California State University (CSU). Courses on this pattern are lower-division general education breadth requirements specific to the California State University System and used to obtain full or partial certification.

Students planning to transfer to the University of California should refer to the IGETC General Education Pattern (Plan C). Students planning to earn an associate degree and NOT transfer should follow Plan A. Both Plans A and C are accessible at <http://osca.lbcc.edu/genedplan.cfm>.

AREA REQUIREMENTS

Double-counting of courses listed in more than one area of this general education pattern is NOT allowed.

For example, PHIL 3 is listed in areas C2 (Humanities) and D7 (Social Sciences), but it may be used to satisfy only one of these requirements.

AREA A1: ORAL COMMUNICATION

Area A1--One Class Required (3 units minimum)--choose from:

ADDITIONAL INFORMATION

ADMISSIONS

Effective Fall 2005, the CSU requires completion of a minimum of 60 transferable units for junior standing for students not eligible for admission to CSU from high school. LBCC courses numbered 1-99 will transfer to all CSU campuses.

As part of the 60 units, 30 units of General Education must be completed, including the Golden Four (Areas A1, A2, A3, and B4). The Golden Four must be completed with a grade of "C"/"P" or better for admissions purposes.

A maximum of 70 transferable semester units earned at a California community college will be accepted by a CSU toward a Bachelor's Degree.

Generally, a 2.0 overall G.P.A. in CSU transferable units (LBCC courses numbered 1-99) is the required minimum. Certain impacted/popular majors and universities may require a higher G.P.A. (See university admissions websites or www.csumentor.edu for more information.)

The on-line application for CSU is located at www.csumentor.edu.

Priority Application Filing Periods:

- Fall Quarter/Semester: October 1 - November 30
- Winter Quarter/Semester: June 1 - 30
- Spring Quarter/Semester: August 1 - 31
- Summer Quarter: February 1 - 28

Check with counselor for open filing periods

CERTIFICATION

Certification is the process whereby Long Beach City College approves lower-division general education course work for CSU transfer. Only courses taken from approved lists are eligible for certification for CSU GE-Breadth. When a transcript is certified by LBCC, it is marked to indicate that the lower-division general education requirements for CSU have been met. Completion of the full 39 unit pattern is recommended. With permission of the CSU, students may transfer to a CSU and return to LBCC to complete classes for certification. Students must see a counselor to use non-LBCC courses on this plan.

Certification requirements:

--A minimum of 12 General Education Units must be completed in residence at LBCC in order to qualify for certification.

The following requirements, known as "The Golden Four," each must be completed:

- Area A1 Completed
- Area A2 Completed
- Area A3 Completed
- Area B4 Completed

LEGEND

+ All courses grouped in parentheses "(+)" must be completed to satisfy the requirement.

■ Acceptable for use in this category only if not used in fulfillment of the United States History, Constitution, and American Ideals requirement.

◆ Denotes laboratory classes.

◀ Cross-listed courses. A cross-listed course is interdisciplinary and is the same course as its cross-listed counterpart. A cross-listed course CANNOT be used in more than one discipline NOR can it be used to certify more than one area on Plan B:

- ECON 5 = GEOG 5: The Global Economy
- HUMAN 1/1H = SOCS 1/1H: Comparative World Cultures/Honors CWC
- HUMAN 3 = PHIL 3: Intro to Issues/Phil, Psych & Religion
- HUMAN 7 = SOCS 7: American Pluralism and Identity
- HLED 10 = PSYCH 10: Human Sexuality

^θ ANTHR 1/1H are listed in Area D of Social Sciences and in Area B2 of Biological Sciences. Effective Fall 2016, ANTHR 1/1H will be removed from Area D of Social Sciences of Plan B.

2015-16 CSU GE-Breadth (Plan B): Published
Long Beach City College Office of School and College Articulation.
All information contained herein is subject to change without notice.

LONG BEACH CITY COLLEGE
2015-2016 GENERAL EDUCATION REQUIREMENTS
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

All information contained herein is subject to change without notice.

Since individual plans and circumstances vary, students should consult with a counselor before beginning a program of study to ensure the appropriate General Education pattern is followed.

These requirements are designed for students planning to transfer to the University of California (UC) system or the California State University (CSU) system. Courses on this pattern are lower-division general education requirements unique to IGETC and established by the UC and CSU. Students MUST meet with an LBCC counselor to initiate and complete the IGETC Certification process.

Students who wish to complete an Associate Degree and do not plan to transfer should NOT follow this plan.

A GRADE OF "C" OR BETTER IS REQUIRED IN EACH COURSE

AREA REQUIREMENTS

Double-counting of courses listed in more than one area of this general education pattern is NOT allowed. For example, PHIL 3 is listed in areas 3B (Humanities) and 4G (Social Sciences), but it may be used to satisfy only one of these requirements.

ADDITIONAL INFORMATION

UC ADMISSIONS

Minimum admission requirements include:

- at least 60 transferable units.
- at least a 2.4 G.P.A. in transferable units.

UC transferable units are noted in the LBCC Catalog and Schedule of Classes. This information is also available on ASSIST, at www.assist.org. To locate the transferable course list on www.assist.org, choose Long Beach City College in the drop down list. After the new page loads, click the "UC Transferable Courses" link.

Some majors require a higher G.P.A. for admission. See application and major requirements for more information.

Only 14 UC transferable units may be completed on a P/NP basis.

A maximum of 70 transferable semester units earned at California Community Colleges will be accepted by the UC system toward a degree.

UC Priority Application Filing Periods:

Fall Quarter/Semester: November 1 - 30

Winter Quarter: July 1 - 31

Spring Quarter: October 1 - 31 (except Berkeley)

Spring Semester-UC Merced: July 1 - 31

Check with counselor for open filing periods

CSU ADMISSIONS

Minimum admission requirements include:

- at least 60 transferable units.
- at least a 2.0 G.P.A. in transferable units.

CSU transferable units are LBCC courses numbered 1-99.

Certain impacted/popular majors and universities may require a higher G.P.A. (See university admissions websites or www.csumentor.edu for more information.)

A maximum of 70 transferable semester units earned at California Community Colleges will be accepted by a CSU toward a Bachelor's degree.

CSU Priority Application Filing Periods:

Fall Quarter/Semester: October 1 - November 30

Winter Quarter/Semester: June 1 - 30

Spring Quarter/Semester: August 1 - 30

Summer Quarter: February 1 - 28

Check with counselor for open filing periods

IGETC CERTIFICATION

Certification is the process whereby Long Beach City College approves lower-division general education course work for CSU or UC transfer. Only courses taken from approved lists are eligible for certification for IGETC.

To use the IGETC, all courses must be completed at an accredited community college or university prior to transfer. This means that courses may be transferred from one community college or university to another and may be used for certification. Students who begin their college work at any UC may NOT use the IGETC for transfer back to the same UC.

A grade of "C" or better is required in each class.

LEGEND

- ⊕ All courses grouped in parentheses "(+)" must be completed to satisfy the requirement.
- Acceptable for use in this category only if not used in fulfillment of the United States History, Constitution, and American Ideals requirement.
- ◆ Denotes laboratory classes.
- * Indicates course limitations may exist. For an explanation of limitation, please refer to the UC Transfer Course Agreement, which is available on the ASSIST web site at www.assist.org.

Ⓢ **Cross-listed courses.** A cross-listed course is interdisciplinary and is the same course as its cross-listed counterpart. A cross-listed course CANNOT be used in more than one discipline NOR can it be used to certify more than one area on Plan C:

- ECON 5 = GEOG 5; The Global Economy
- HUMAN 1/1H = SOCS 1/1H; Comparative World Cultures/Honors CWC
- HUMAN 3 = PHIL 3; Intro to Issues/Phil, Psych & Religion
- HUMAN 7 = SOCS 7; American Pluralism and Identity
- HLED 10 = PSYCH 10; Human Sexuality

† ANTHR 1/1H are listed in Area 4 of Social and Behavioral Sciences and in Area 5 Biological Sciences. Effective Fall 2016, ANTHR1/1H will be removed from Area 4 of Social and Behavioral Sciences of Plan C.

2015-2016 IGETC (Plan C): Published:

Associate Degree and Transfer Programs

In accordance with the Long Beach City College mission statement, our school offers three possible degree patterns. These three patterns are listed below as Plan A, B and C. If a student wants to select courses to prepare for a career immediately after graduation from Long Beach City College, he or she should choose Plan A. **Under Plan A, a student can finish an Associate Degree and combine it with one of Long Beach City College's Certificate Programs or prepare for transfer.** Many employers prefer their employees to have both a degree and a certificate. If students are interested in an Associate Degree and a career, then Plan A should be followed. All students, however, should be aware that such a plan requires continuous enrollment. All students seeking such career goals need advice to achieve good results. To accomplish the most with your time in school, students are encouraged to meet with a counselor. Counselors know best how to combine a degree with a Certificate program.

If a student wants to complete an Associate Degree and transfer to a B.A./B.S. program, then the general education (G.E.) patterns Plan B or C should be followed. **Plan B will prepare students for transfer to the California State University System. Plan C will prepare students for transfer to either the University of California or the California State University systems.** It is imperative for students to see a counselor for use of this plan. Students may also choose to attend a private university or college, or they may wish to transfer out of state. If you have such plans, see a counselor or go to the Transfer Center. While the UC System requires continuous enrollment, the CSU adds a definition of continuous attendance for successful transfer. If students are careful in the courses they select, they will be able to complete an Associate Degree and a transfer program at the same time. The best way for a student to prepare such a program would be to make an appointment with a counselor. Long Beach City College's counselors have a complete list of transfer requirements and can help to design the most efficient program to meet your needs.

Finally, the G.E. patterns listed as Plan A, B and C represent three different ways one can prepare for a degree. The plan best suited for you requires careful consideration. Long Beach City College Counselors have the knowledge you need to get the most out of your education. If a student wanted a program that combined a career, transfer and a degree, a counselor could show him/her how to achieve all three in the shortest amount of time. Therefore, making an appointment with a counselor as soon as possible is probably the first logical step everyone should take in their educational career.

STUDENTS SHOULD BE AWARE THAT STARTING ONE PLAN DOESN'T PRECLUDE CHANGING TO ANOTHER. IT IS POSSIBLE TO CHANGE PLANS WITH PROPER COUNSELING. STUDENTS SHOULD BE ADVISED THAT THE ASSOCIATE DEGREE COMPRISES TWO MAJOR COMPONENTS: A GENERAL EDUCATION PATTERN AND A FIELD OF CONCENTRATION. A TRANSFER PROGRAM COMPRISES THREE MAJOR COMPONENTS: ADMISSION REQUIREMENTS, A GENERAL EDUCATION REQUIREMENT AND A MAJOR FIELD OF PREPARATION.

Determination of Requirements to be Used for Certificates, the A.A./A.S. Degree and General Education Certification

Students may be granted an A.A./A.S. Degree and/or be certified for general education based on the requirements in effect at any time between their initial enrollment at Long Beach City College and the present time provided **continuous** enrollment is maintained throughout. If continuous enrollment is not maintained, students may only use requirements in effect beginning with such time as continuous enrollment was established and maintained to the present.

Definition of Continuous Enrollment

"Continuous enrollment" shall be defined as enrollment in, and receiving a grade for, at least one class per academic year at Long Beach City College or any other accredited higher educational institution, after having initially enrolled at Long Beach City College. Continuous enrollment secures "catalog rights" for the student. **Catalog rights** are defined as guaranteeing students the specific degree requirements of the year they first enrolled. Continuous enrollment applies to all students interested in earning an Associate Degree or transferring to the University of California.

"**Continuous Attendance**" is a definition of enrollment that applies to those Long Beach City College students interested in transferring to the CSU system. Since the CSU system defines "continuous attendance" as enrollment at an accredited college "...for at least one semester or two quarters in any one calendar year," transfer students must be careful to combine "continuous enrollment" with "continuous attendance." The difference between these two definitions rests on how a school defines a "year." Long Beach City College must use the academic year (fall and spring semesters) and the CSU system must use the calendar year (January to December). When students combine continuous enrollment and attendance definitions, they need to attend at least one class every semester until they transfer. Only this way can they secure their catalog rights. Because of the confusion these two definitions might create, Long Beach City College strongly recommends that all new students see a counselor.

Acceptable grades that will satisfy continuous enrollment are A-F, CR and NC. This policy is effective for students who established continuous enrollment at the start of the Fall 1983 semester or later. Coursework transferred from other institutions will be evaluated for satisfaction of all Associate Degree requirements, including the proficiency requirements and for certificates of completion.

Military personnel who had to withdraw with grades of MW because of military orders will be given one academic year after the end of the military conflict to return to college without losing their continuous enrollment status and catalog rights.

Students who encounter problems fulfilling both the general education and the field of concentration requirements in effect for any one year may appeal immediately to the Graduation Appeals Committee.

Dual Associate Degrees

Students seeking multiple degrees in the same term must meet the following requirements:

1. To obtain a dual degree students must complete a minimum of 80 semester units and a third degree would require a total of 100 semester units. Each additional degree would require an additional 20 semester units that are unique to the additional degree.
2. Fifty percent or 20 units (whichever is less) of the major requirements from the second degree must be distinct from the first degree. In addition to the above requirements, degree requirements, including degree residency requirements, scholarship, field of concentration, and general education and proficiency requirements must also be met.

Post Associate Degree(s):

Students wishing to obtain an additional Associate Degree after they have received their first degree must obtain twenty additional units at LBCC after receiving the last degree. Degree requirements for an additional degree will start at the time the students enroll after receiving the initial Associate Degree. In addition to the above requirements, degree requirements, including degree residency requirements, scholarship, field of concentration, and general education and proficiency requirements must also be met.

Philosophy of Education Leading to a Career, a Certificate of Achievement or a Certificate of Accomplishment

Long Beach City College provides many opportunities for students to gain marketable skills. Critical thinking experiences are included as part of the training. Changing technologies have placed greater demands on workers and critical thinking skills are necessary for success in most occupations.

Occupational programs teach the theory and the practical applications of a career. The goal of an occupational program is gainful employment. The course of study for such a program will enable students to become familiar with the requirements and methods of an occupation to progress beyond an entry-level

position. One of the college's goals is to help students make informed career decisions.

A **Certificate of Achievement** is defined as a course of study consisting of at least 18 units; a **Certificate of Accomplishment** is defined as a course of study consisting of less than 18 units—both in a specific occupational area. Students must complete 50 percent or more of the total units required for a certificate while enrolled at Long Beach City College. For specific unit requirements, consult the program director. All **Certificates of Achievement** and **Certificates of Accomplishment** are reviewed by advisory committees comprised of representatives of the industry, students and faculty. This assures that programs meet the current and future needs of industry.

Criteria

A goal of education leading to a career is to make occupations accessible to students. The elements of such an education include: understanding the origins, technology, skills and theories involved in that occupation. Part of any occupational program should include the ability for students to analyze changing conditions in their areas of employment. Finally, an understanding of how a career fits into the current economy helps students to find alternatives when their career changes over time.

Philosophy of General Education

General Education takes its character from an extensive list of disciplines whose integration generates a broad field of common knowledge that is indispensable to students. General Education concerns itself with how disciplines form and reform their basic conceptualization and how these basic conceptualizations then link with one another to create this general field of understanding. In so doing, General Education justifies its course of study by the foundation of knowledge it imparts, which becomes an essential preparation for specialization as students move into their major fields of study. This ongoing process of forming, reforming, and integrating these basic conceptualizations allows students to achieve a synthesis of skills, comprehension, and information about oral and written communication, physical and natural sciences, humanities, the arts, and the social sciences, health, and wellness, and such process is contemporary with any age.

The disciplines that introduce students to the variety of courses through which people comprehend the past, present, and future world coincide with the general education courses that teach oral and written communication, the physical, natural, and social sciences, the humanities, arts, health, and wellness. These selections of classes reflect the conviction of Long Beach City College that those who receive an Associate Degree should possess in common certain principles, concepts, and methodologies of the various disciplines defined by this philosophy. The general education experience should enable students to use this knowledge when evaluating and appreciating the physical environment, the arts, various cultures that make up the world, and the society in which they live.

Most importantly, since education is a life-long process, general education should lead to better self-understanding and the capacity to adapt, respond, and grow in a changing world.

In its general education program, Long Beach City College strives to create coherence and integration among its separate requirements. Furthermore, through this program, the college involves students in examining the values inherent in proposed solutions to the major social problems that surround the average adult living within our society. Accordingly, Long Beach City College expects that those students who finish their general education requirements should have at their command the knowledge, skills, and perspectives common to all the classes taught as representative of the disciplines named above and **should be evident in Long Beach City College's Student Learning Outcomes at the course, program, and institution levels.** This means that all general education courses should also be of an introductory or survey nature. In addition, a non-survey course may qualify as a general education course only if its student learning outcomes and content, as indicated by the course outline of record, is designed to substantially integrate the basic principles and methodologies of a discipline designated as introductory or survey.

Keeping these principles in mind, the faculty at Long Beach City College (LBCC) prepares its General Education lists by selecting courses that both prepare students for their majors and conform to a specific set of regulations that limit and shape the types of classes that can be submitted to our Curriculum Committee. Any course submitted for consideration must meet several conditions before it can receive General Education credit: first, this course must comply with the requirements set in Title 5 and the Chancellor's Office of the California Community College System; second, this course must be consistent with the mission statement listed in the college catalog, which defines the educational goals of a specific community college; third, alignment with the College's general education outcomes as these define the knowledge, skills, and values acquired by students who satisfy our general education requirements; fourth, such a course should be transferable to a four-year institution so that a student can earn an Associate Degree and prepare for the possibility of a Baccalaureate Degree without having to do extra work, even though the committee does review non-transferable courses for General Education credit; and fifth, if transferable, this course must meet the specific requirements for General Education as outlined in the executive orders and criteria set forth by the receiving four-year institutions. These requirements, as well as the definition of General Education offered above, determine what can be described as the "Philosophy of General Education" as offered by LBCC.

Accordingly, the conditions that define LBCC's philosophy include our Mission Statement as found in our College Catalog, Title 5 and the Chancellor's Office specific requirements as interpreted by the Office of Academic Services, Executive Order 1033

from the California State University (CSU) System, and the Intersegmental General Education Transfer Curriculum (IGETC) requirements, and yearly updated notes, that define the University of California (UC) and CSU common core curriculum for General Education. These six sources have limited and shaped General Education at LBCC throughout our history, and have led us recently to develop a strategy known as the A, B, C Plan.

The A, B, C Plan accomplishes all of the tasks set by our Missions Statement, general education outcomes, Title 5, the Chancellor's Office, Executive Order 1033, and IGETC Requirements and Notes in a single stroke. The A, B, C Plan is found in the College Catalog, which sets forth how we define and distribute General Education courses to meet Associate Degree requirements while preparing students for transfer to the UC and CSU systems. The strategy behind the A, B, C Plan is to introduce students to the various disciplines identified in the definition of General Education as cited above, such as the arts, literature, the physical and natural sciences, history, the social sciences, health, and wellness, while also complying with those regulations that allow us to *certify* our students before they transfer.

The certification process lies at the heart of Plan B and C of the A, B, C Plan. Certification is defined as a process by which LBCC verifies that a student has completed all the General Education courses that are required by the CSU or UC system. The CSU certification process identifies 39 units prescribed by Executive Order 1033, which are distributed by discipline into broad areas defined as English Composition, Analytical Thinking, Communication Skills, Mathematics, Natural Science, Physical Science, Humanities, Arts, Social Science, and Lifelong Understanding and Self-Development. Following a similar category pattern, the IGETC allows LBCC to certify 34 units for the UC, but requires nine (9) extra units: three (3) of Oral Communications and six (6) of US History and Government to meet the CSU graduation requirements. When certification occurs, LBCC is in compliance with Executive Order 1033 and the list of instructions found in the IGETC Notes. In both cases, once certification has occurred, our transfer students know that their General Education requirements have been met, and that the receiving CSU or UC schools will not review these units. Hence, if we do our job well, our students will receive effective and efficient service.

Plan A is the list of requirements we offer in compliance with Title 5 and the Chancellor's Office. Plan A sets the requirements for the Associate of Arts and Associate of Science Degrees. The unit requirements for these two degrees vary because the Associate of Science Degree accompanies programs that require so many units to complete their certificates and/or core major requirements that this science degree limits the General Education requirements to the minimum prescribed by Title 5. Accordingly, the Associate of Science Degree also is the one most commonly earned by our higher unit academic and career and technical education programs. Those

students who complete the Associate Degree, and who later choose to transfer have to make up the difference in units between Plan A and Plans B or C when they move to a four-year institution. Plan A, however, is designed so that a student may select courses to meet the Associate Degree requirements while completing as many units as possible *that are also located on* the CSU and UC patterns. Hence, all three plans are designed to complement each other and minimize the total unit load of our students.

Having met the requirements as set by Title 5, the Chancellor's Office, and the receiving CSU and UC institutions, LBCC is then free to define what philosophy drives our General Education program. This philosophy and our Mission Statement shape what we, as professionals, believe define an educated person. Besides this philosophy and our Mission Statement, another major consideration that has determined courses selection for our General Education lists includes the strategy used to define our "breadth requirements." The LBCC Committee on Curriculum and Instruction has created General Education lists that offer a broad exposure to the various disciplines to allow a student to develop some understanding of the whole range of human knowledge and creativity, *while limiting course options* on each list to create a sufficiently concentrated set of classes to produce a common focus to the educational experience. This doubled-edged strategy allows for an Associate Degree to represent both a common and a broad exposure to the general college curriculum. Hence, the General Education lists developed in this fashion allow all the disciplines to be represented, provide a variety of choices to appeal to individual student tastes, and yet restrict the selection sufficiently so that when students graduate from LBCC, they have had a common, high quality educational experience.

Philosophy of General Education for Transfer

Plan B will prepare students for transfer to the California State University system. Plan C will prepare students for transfer to either the University of California or California State University systems. Each plan is designed to achieve transfer in the most efficient way. At the request of the student, each plan includes the certification process that secures the total number of units that meet all lower division General Education requirements for both the UC and CSU systems. Certification also ensures these General Education course requirements so that no four-year institution in the UC or CSU system may challenge these units.

The design of both Plan B and C matches the design of Plan A so that a student may transfer, earn an Associate Degree, and complete a career and technical education certificate all at the same time. To benefit from Plan B and C, a student should regularly consult with a counselor to select courses from a valid CSU or IGETC certification list that is annually updated. Thus, if a student regularly consults a counselor, develops an Education Plan, and carefully selects courses, he or she may accomplish several degree and career goals at

once. In this fashion, the faculty of LBCC seeks to provide effective transfer under the Master Plan of 1960 and offer access to the job market in the most efficient manner possible.

Career and Technical Education General Education Strategy

General Education that accommodates transfer is as much a part of career and technical education as the academic programs. Yet, the General Education requirements for career and technical education are different because of the way these courses fit into a career and technical education program. Career and technical education students need a general education program that prepares them for the workforce and/or transfer to a four-year institution. Such preparation has to take into consideration three basic facts: career and technical education programs are high-unit majors; the academic nature of general education needs to fit into a training program that prepares a student for work; and the quality and intensity of such college courses should help to build the scope of knowledge and self-confidence of a career and technical education student.

Since the certificates being offered assures an employer that a student is prepared to take up full-time employment in a skilled occupation, the average unit load for a career and technical education student usually exceeds 18 college credits. Also, since such education is taken at a two-year institution, the expectation is that a student will finish in a reasonable length of time. This expectation suggests that units taken above the certificate requirements should take into consideration the total time needed to complete both an Associate Degree and the certificate.

Many career and technical education students follow an educational career that reveals an awareness of the need for academic as well as professional training. The student begins class seeking a certificate, then shifts to seeking an Associate Degree, and finally discovers that they want to transfer to a four-year institution after he/she has begun a new job based on his/her career and technical education. Thus, the philosophy that shapes General Education at LBCC must have sufficient flexibility to meet all three factors.

Criteria

Since it is expected to produce the skills, methods or knowledge common to all, a course which satisfies the general education requirement should be of an introductory or survey nature. In addition, a non-survey course may qualify as general education if its course design incorporates a substantial integration of the basic principles and methodologies of the discipline in relation to the specific subject matter of the course.

Plan A:

Associate Degree (Degree and/or Career Option)

1. Students may use this plan to simply complete an Associate Degree.

2. Those students interested in preparing for a career upon graduation may use this plan by combining the Associate Degree with a Certificate Program.
3. This plan may also be used to combine a career, degree and transfer goals.
4. Students must maintain continuous enrollment and complete a field of concentration.
5. If you are considering transferring to CSU or UC and need additional units to complete the 18 unit general education requirement for Plan A, it is recommended that you select needed units from the CSU General Ed/Breadth or the Intersegmental General Education Transfer Curriculum (IGETC).
6. For the best program see a counselor.
4. To complete an Associate Degree with this program, a student must complete a field of concentration and the Associate Degree general education and proficiency requirements.
5. Students must maintain continuous attendance.

Plan A

Additional Graduation Requirements

1. **Units** - The Associate Degree requires a minimum of 60 units passed, including the field of concentration, required general education courses and free electives (if applicable) as defined in the college catalog. The curriculum guide for the field of concentration and the LBCC graduation requirements identify the exact number of units.
 2. **Scholarship** - An overall grade point average (G.P.A.) of 2.0 ("C" average) based on all accredited college work that is applied to the degree, no matter where completed.
 3. **Residence** - Either a.) a minimum of 20 units within the last 30 units of work applied to the degree must be completed at LBCC; or b.) at least 50 percent of the units required for the degree must be completed at LBCC.
 4. **Field of Concentration** - Completion of 50 percent or more, in residence (which may include credit earned by exam, where applicable), of the requirements for the chosen field of concentration as defined in the appropriate curriculum guide. The field of concentration, the general education and the proficiency requirements must be those in effect for the same year. Per Title 5, section 55063 (a) (2) - Effective Fall 2009 – Students must complete each course counted toward the major or area of emphasis with a grade of "C" or better or "P" if the course is taken on a "Pass/No Pass" basis. Students who enrolled prior to Fall 2009 and who maintain continuous enrollment are not subject to the new minimum grade standards, but they must meet any minimum grade standards already established by the program as published on the appropriate curriculum guide.
Note: "Double-counting"—that is, courses required for the field of concentration may not also fulfill general education requirements.
- 5. General Education and Proficiency requirements** - Refer to Plan A for the requirements in general education and proficiency in reading, writing, mathematics and information competency. The field of concentration, the general education and the proficiency requirements must be those in effect for the same year. A student may use a course to fulfill a general education requirement in effect at the time the course was completed, even though the course may have been subsequently removed from the list of approved general education courses.
6. **Matriculation** - Matriculation materials must be submitted to the Admissions and Records Office prior to the application for graduation.

Plan B:

General Education Certification Pattern for CSU Transfer and the Associate Degree

1. Students may use this program to combine the CSU general education requirements with an Associate Degree.
2. Those students interested only in transfer to a CSU can achieve that goal by following the certification pattern listed here.
3. To complete an Associate Degree with this program, a student must complete a field of concentration and the Associate Degree general education and proficiency requirements.
4. Students must maintain continuous attendance.
5. See a counselor to select courses which meet both CSU and Associate Degree requirements at the same time.

Plan C:

Intersegmental General Education Transfer Curriculum (IGETC) for the UC/CSU Systems and the Associate Degree

The Intersegmental Committee of the Academic Senates for the combined university and college systems in the state of California approved the Intersegmental General Education Transfer Curriculum (IGETC) which was implemented Summer 1991.

1. The IGETC is a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus.
2. The IGETC provides an option to the California State University General Education requirements and replaces the University of California Transfer Core Curriculum.
3. Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses at the community college fulfilling CSU's General Education requirements or those of a particular UC campus.

Changes to the Associate Degree and Certificate requirements may be made after the printing of the catalog. Students should consult a counselor or the appropriate Associate Degree curriculum guide to determine the current status of degree requirements. Students who encounter problems fulfilling both the general education and the field of concentration requirements in effect for any one year may appeal immediately to the Graduation Appeals Committee. Completing the degree requirements is the responsibility of the student.

These requirements become effective for students entering the 1992 Summer session. Students who entered Long Beach City College prior to the 1992 Summer session and who have been continuously enrolled may use the graduation requirements in effect at any time between their initial enrollment at Long Beach City College and the present.

“Continuous Enrollment” is defined as enrollment in, and receiving a grade for, at least one class per academic year at either Long Beach City College or any other accredited higher education institution, after having initially enrolled at Long Beach City College. Acceptable grades that will satisfy continuous enrollment are A-F, P and NP. Students enrolled in non-credit courses may qualify for continuous enrollment if the instructor has noted their satisfactory participation in the class rollbook. This policy is effective for students who established continuous enrollment at the start of the Fall 1983 semester or later.

Coursework transferred from other institutions will be evaluated for satisfaction of all associate degree requirements, including the proficiency requirements, and for certificates of completion.

Plan B

Additional Requirement Information for California State University

1. To obtain a Bachelor’s Degree from any of the California State University campuses, students are required to complete a minimum of 48 semester units of general education courses in the following areas: Area A (9 units), Area B (12 units), Area C (12 units), Area D (12 units), Area E (3 units).

Up to 39 lower-division units may be completed at and certified [see below] by California community colleges. Long Beach City College recommends the **pattern of 39 lower-division units** as listed in Plan B. After the student has transferred, the CSU campus will then specify **a minimum of nine more upper-division units** to be taken primarily in Areas B, C and D.

Certification means that LBCC will officially designate on transcripts sent to any CSU those general education courses, which have been completed, and then the CSU campus will accept those courses toward fulfillment of the breadth requirements. It is very important for students to consult with their counselor regarding the selection of courses from a valid list for certificate purposes.

2. No course may be used to fulfill more than one general education requirement. In most cases you may not use courses from your major department to also fulfill general education requirements (“double-counting”) unless the same course is required both in your major and in general education and no alternative is available.
3. All courses numbered 1-99 in the catalog will transfer to the CSU at least as elective credit.
4. Completing the general education requirements and the major requirements is the responsibility of the student.

General Education-Major Requirements

The Baccalaureate Degree has **two** major components: general education and a major field of study. The major allows one to concentrate in depth in a field of study. General Education, which should be done primarily at the lower division level (first two years of college), is designed to provide a common educational overview of the great accomplishments of humanity.

While attending Long Beach City College, students planning to transfer to the California State University system should follow the recommended pattern of general education-breadth requirements listed. (Note: Courses that fulfill these CSU requirements do not necessarily meet the requirements for the University of California system).

In addition, students should take the specific lower division courses required for their chosen major; these are listed on transfer curriculum guides available in the Counseling Centers. Careful educational planning will enable students to prepare for transfer and also complete the graduation requirements for an Associate Degree. Consult a counselor for assistance in correlating these requirements.

Admission Requirements

Students may apply to any of the 22 campuses of the California State Universities: Bakersfield, Channel Islands, Chico, Dominguez Hills, Fresno, Fullerton, Hayward, Humboldt, Long Beach, Los Angeles, Monterey Bay, Northridge, Pomona, Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, San Marcos, Sonoma and Stanislaus.

Lower Division Transfers - *Undergraduate transfer applicants with fewer than 56 transferable semester units of study* may qualify for regular admission if they are eligible as freshmen and have been in continuous attendance since high school graduation; or were eligible as freshmen except for the subject requirements and have completed appropriate college courses in the missing subjects (all transfers must have a 2.0 minimum grade point average and be in good standing at last college attended). Applicants not eligible as freshmen cannot be admitted as lower division transfers. They must establish eligibility by completing the requirements for upper division transfers.

Undergraduate transfer applicants with fewer than 56 semester units of transferable college credit, who have not completed the subject requirements, may do so by:

1. Completing appropriate courses with a “C” or better in adult school or high school summer sessions; **OR**
2. Completing appropriate courses in college with a “C” or better. One course of three semester (or four quarter) units will be considered equivalent to one year of high school study; **OR**
3. Earning appropriate scores on specified examinations.

Upper Division Transfers - Upper division transfers may qualify for admission if they have completed *60 transferable semester (90 quarter) units* and have completed appropriate college courses to make up any missing college preparatory subject requirements. (It is also possible for an applicant eligible as a freshman to be admitted as an upper division transfer).

The missing college preparatory subject requirements may be made up in the following ways:

1. Complete the missing subjects in ways specified for lower division applicants; **OR**
2. a) High school graduates prior to 1988: Complete with grades of “C” or better the CSU general education requirements in communication in the English language (9 units in Areas A1, A2, A3) and math (from Area B4); **OR**
b) 1988 and later high school graduates: Complete with grades of “C” or better a minimum of 30 semester (45 quarter) units selected from courses in English, arts and humanities, social science, science and math of at least equivalent level to courses that meet general education or transfer curriculum requirements. Each student must complete all of CSU general education requirements in communication in the English language (9 units in Areas A1, A2, A3) and the general education requirement in math (from Area B4) as part of the 30-semester unit requirement.

Please consult with the Long Beach City College Counseling Department and Transfer Center regarding appropriate courses and tests to satisfy the subject requirements, as well as continuous attendance issues and criteria used to determine eligibility as first-time freshman.

Courses numbered 1-99 in the Long Beach City College catalog are transferable as general education and/or elective credit to the CSU. Students with *60 transferable units* will be admitted as juniors. A *maximum of 70 semester transferable units* earned in a California community college will be accepted by a CSU campus towards the baccalaureate degree.

Some programs are impacted at various CSU campuses when the number of applicants received in the first month of the admission filing period is greater than the number of spaces available. For these programs, students are urged to consult with a Long Beach City College counselor to be aware of the filing deadlines and any supplemental admissions criteria.

Plan C

Additional Information for University of California

A student who plans to transfer to one of the nine campuses of the University of California system (Berkeley, Davis, Irvine, Los Angeles, Riverside, San Diego, San Francisco, Santa Barbara and Santa Cruz) is well advised to concentrate on university and college requirements and on available prerequisite and introductory courses required by the major. The specific UC requirement for American history and institutions is met by those students who have earned a grade of “B” or better in their high school history and government classes.

Courses acceptable at the University of California are identified as such at the end of each catalog description (see courses of instruction). A student may transfer up to 70 semester units from Long Beach City College.

Admission Requirements

There are basically three options by which a transfer student from Long Beach City College may meet University of California admission requirements. In all cases, transfer students who are California residents must have at least a “C” average (2.0) in all transferable coursework to be admitted to the University. Other requirements depend on whether a student was eligible for admission to the university when he/she graduated from high school. (Note: There are changes in the “A-G” subject requirements for students who graduated from high school June 1986 and later). The options are as follows:

Option 1: If a student was eligible for admission to the university when he/she graduated from high school, that student may transfer at any time provided that a “C” average in transferable community college courses has been maintained.

Option 2: If a student was not eligible for admission after high school because subject requirements were not met, the student may take college courses in the subjects which were missed and transfer upon their completion. Students need a grade of “C” or better in each of these required courses and an overall “C” average in all transferable college course work. If less than 12 semester or quarter units of transferable college coursework are completed, the examination requirements for freshman applicants must also be satisfied.

Option 3: If a student was not eligible for admission after high school graduation because they did not achieve the required score on the Eligibility Index and may also have lacked the required “A-G” subjects, the student must:

- (1) Complete 60 semester units of transferable college credit with a grade point average of at least 2.4 and satisfy either (2) or (3) below.
- (2) Complete appropriate college courses with a “C” grade or better in the “A-G” subjects that were lacking. (The university will waive up to two units, i.e., two academic years, of the required high school coursework except in math and English).

(3) Complete with grades of “C” or better the following college courses:

(a) English: one transferable college course in English.

(b) Math: math courses equivalent to three years of high school math (i.e., elementary algebra, intermediate algebra and geometry); or one course in math or statistics for which intermediate algebra is the prerequisite (for applicants who graduated prior to June 1986, the math course must have elementary algebra as a prerequisite).

(c) U.S. history, lab science, foreign language: one transferable college course selected from these subjects. Students are advised to see a counselor to ensure they are following the correct academic program.

the appropriate instructional dean and the Office of School and College Relations.

The notations used in the following table are:

A= **Associate Degree** – Two-year college degree awarded by Long Beach City College which includes general education courses and a major.

AA-T or AS-T= **Associate of Arts for Transfer or Associate of Science for Transfer** – Transfer Degree programs that guarantee admission into like majors at the CSU for all students that complete the requirements.

ACH= **Certificate of Achievement** – One to two year programs in occupational/technical areas at Long Beach City College which provide training in job skills and employment opportunities.

Private Colleges and Universities

Transfer Information

Private colleges and universities, often called independent institutions, offer a diversity of educational programs and opportunity. There are great differences in size, educational purpose and emphasis among the more than 50 independent colleges and universities in the state of California.

Long Beach City College has developed curriculum guides for many popular majors at nearby independent colleges and universities. The Library, Student Success & Transfer Services, and Career & Job Services also have complete sets of college catalogs for inspection and reference. It is advisable for students to write directly to the independent college or university for a catalog and information concerning their particular interest or major.

Transfer students who plan to attend a private college or university are encouraged to consult with a college counselor to plan their academic program.

Long Beach City College Certificate and Degree Programs

Long Beach City College provides students with an instructional program in higher education that may culminate in a Associate in Arts or an Associate in Science Degree, an Associate of Arts for Transfer Certificate of Accomplishment, a Certificate of Achievement, or appropriate preparation for transfer to a four-year college or university.

Certificate (Achievement or Accomplishment) and/or Associate Degrees are offered in the fields of concentration on the following lists(s). The requirements for each field of concentration are listed on the curriculum guides available in the Counseling Center at the Liberal Arts and the Pacific Coast campuses as well as the LBCC Catalog.

In addition, a Curriculum Guide may be developed to meet the educational need of individual students that would include two or more appropriately related subject areas. Such an alternate plan requires the approval of

CERTIFICATE OF ACCOMPLISHMENT

Long Beach City College offers a variety of Certificates of Accomplishment. A Certificate of Accomplishment certifies a competency in a given area and requires less than 18 units. Listed below is a list of Certificate of Accomplishment as well as a list of curriculum guides that provide detailed information required to obtain a Certificate of Accomplishment, etc.).

CERTIFICATE OF COMPLETION

NONCREDIT CERTIFICATE OF COMPLETION

The NONCREDIT CERTIFICATE OF COMPLETION is based on hours of instruction rather than on credit. The Noncredit Certificate of Completion was created in response to Senate Bill 361 (SB 361), which encourages California Community Colleges to offer certificates leading to improved employability or job opportunities.

Courses leading to a Noncredit Certificate of Completion are in the area of Career Development or College Preparation and must be part of one of the following: (1) a short-term vocational program with high employment potential; (2) a sequence of courses in (A) elementary or secondary basic skills including sequences of courses leading to a high school diploma; (B) workforce preparation in the basic skills of speaking, listening, reading, writing, mathematics, decision-making, and problem-solving skills that are necessary to participate in job-specific technical training; or (C) English as a Second Language (ESL) or Vocational English as a Second Language (VESL).

CERTIFICATE OF COMPLETION

Associate Degree for Transfer Guides

Student Transfer Achievement Reform Act

California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of Long Beach City College Associate Degrees for Transfer, please go to <http://www.lbcc.edu/Articulation/guides.cfm>. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

ANTHROPOLOGY

Associate in Science for Transfer Degree

Mission Statement: The Program Mission Statement is not available for the Anthropology program. Please contact the department for additional information.

REQUIRED COURSES	UNITS
ANTHR 2 Cultural Anthropology or	3
ANTHR 2H Honors Cultural Anthropology	3
ANTHR 1 Physical Anthropology or	3
ANTHR 1H Honors Physical Anthropology	3
ANTHR 3 Introduction to Archaeology or	3
ANTHR 3H Honors Introduction to Archaeology	3
Subtotal Units	9

IN ADDITION, complete *THREE (3)* units from LIST A:

<u>LIST A</u>	
STAT 1 Elementary Statistics or	3
STAT 1H Honors Elementary Statistics	3
Subtotal Units	3

IN ADDITION, complete *THREE-FIVE (3-5)* units from LIST B:

<u>LIST B</u>	
Any LIST A course not used above	3
ANAT 1 Human Anatomy	4
GEOL 1 General Physical Geology or	4.5
GEOL 1H Honors General Physical Geology	4.5
GEOG 10 Intro to Geographic Information Systems	3
Subtotal Units	3-5

IN ADDITION, complete *THREE (3)* units from LIST C:

<u>LIST C</u>	
Any LIST A or B course not used above	3
ANTHR 10 Magic, Witchcraft, and Religion	3
ANTHR 20 Archaeological Field Survey Methods	3

PHIL 14 Philosophy of Religion	3
GEOG 2 Elements of Cultural Geography	3

SOCIO 11 Race Ethnicity Relations in the US	3
COMM 25 Elements of Intercultural Communication	3
Subtotal Units	3
TOTAL UNITS	18-20.5

BUSINESS ADMINISTRATION

Associate in Science for Transfer Degree

Mission Statement: The mission of the Business AS/T program is to help students acquire the necessary knowledge and skills for transfer to an upper-division Business program at a 4-year college or university.

Outcomes:

- Comprehend the primary elements of the language and theories of the business environment and demonstrate an understanding of basic mathematics and technology fundamentals.
- Use creative and critical-thinking strategies in the solution of complex business situations through the application of business, mathematical, and technological skills.
- Develop communication and teamwork skills for the purpose of ensuring future personal and professional success.

REQUIRED COURSES	UNITS
ACCTG 1A Principles of Accounting	5
†ACCTG 1B Principles of Accounting	5

IN ADDITION, complete *SIX-SEVEN (6-7)* units from LIST B:

<u>LIST B</u>	
Any LIST A course not used above	3
GBUS 5 Intro to Business	3
COSA 30 Introduction to Computers or	3
COSA 50 Introduction to IT Concepts & Apps.	4
Subtotal LIST B Units	6-7
TOTAL UNITS	28-29

COMMUNICATION STUDIES

Associate in Arts for Transfer Degree

Mission Statement: Through experimental learning the Communication Studies department teaches lessons of human communication and is dedicated to providing transfer students with breadth of foundational coursework.

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

Transfer students will be adequately prepared to acquire a Bachelor's degree in Communication Studies from a credentialed four-year university.

Outcomes:

- Students will demonstrate an understanding of basic communication theory.
- Develop and apply critical thinking and persuasive communication strategies.
- Formulate and implement effective oral presentations.

REQUIRED COURSE	UNITS
COMM 10 Elements of Public Speaking	3
Subtotal Units	3

IN ADDITION, complete SIX (6) units from LIST A:

Any LIST A course not used above	
COMM 25 Elements of Intercultural Communication	3
COMM 31 Elements of Leadership Communication	3
COMM 50 Elements of Oral Interpretation	3
Subtotal LIST B Units	6

IN ADDITION, complete THREE (3) units from LIST C:

LIST C

Any LIST A or LIST B course not used above	
ANTHR 2/2H Cultural Anthropology	3
PSYCH 1/1H Introductory Psychology	3
SOCIO 1/1H Introduction to Sociology	3
†ENGL 2 Introduction to Lit./Comp or	3
†ENGL 3/3H Argumentative & Critical Writing	4
†JOURN 20 Beginning Newswriting & Reporting	4
Subtotal LIST C Units	3-4
TOTAL UNITS	18-19

EARLY CHILDHOOD EDUCATION

Associate in Arts for Transfer

Mission Statement: The Child and Adult Development Department at Long Beach City College is committed to enhancing the quality of life for students, children and families throughout the life span. Embracing the diversity each student brings, the Department strives to empower individual learners through personal and professional growth. This department provides general and vocational education at the lower division level.

Outcomes:

- Design, implement, and evaluate environments and activities that support optimum developmental play and learning outcomes for all young children.
- Demonstrate responsive care and teaching practices for young children through the integration of assessment, theory, and practice.
- Apply effective guidance and interaction strategies to support children's social learning, peer relations, and self-confidence.
- Incorporate ethical and professional standards engaging in collaborative learning and reflective practices.
- Transfer from LBCC to a University.

REQUIRED COURSES

REQUIRED COURSES	UNITS
CDECE 45 Child & Adolescent Development DS1	3
CDECE 48 Child Family & Community DS2	3
CDECE 53 Principles and Practices DS3	3
†CDECE 50 Intro to Curriculum for Young Children DS3	3

ENGLISH

Associate in Arts for Transfer Degree

Mission Statement: The Associate in Arts in English for Transfer Degree at Long Beach City College is designed to prepare students for upper division study in critical reading, writing, and thinking with possible emphases in English or comparative literature, creative writing, rhetoric, and/or teacher preparation. The skills obtained through this degree will also prepare students for upper division study in other humanities-based disciplines such as film and video culture, philosophy, humanistic endeavors in the social sciences and history, and in media studies and journalism. This degree requires students to demonstrate a wide range of reading and writing skills. These skills have a wide applicability for students, not only those interested in the Associate in Arts in English for Transfer Degree, but also for those with interests in any upper-level or graduate study.

Outcomes:

- Write academic prose with a clear purpose and effective logical, relevant support from sources.
- Develop and sustain a coherent interpretation of literature that acknowledges historical and cultural contexts.
- Compose poems and short works of fiction using various forms and techniques.

REQUIRED, complete TWO (2) courses:

REQUIRED, complete TWO (2) courses:	UNITS
†ENGL 2 Introduction to Literature/Composition or	4
†ENGL 4 Critical Analysis of Literature	4
†ENGL 3/3H Argumentative and Critical Writing/Honors	4

 †ENGL 49/49H Film and Literature/Honors 3
 ENGL 52A Intro to Novel Writing 3

Subtotal LIST C Units 3-4
TOTAL UNITS 22-24

GEOGRAPHY

Associate in Arts for Transfer Degree

Mission Statement: The Associate degree for Transfer in Geography is intended for students who plan to complete a baccalaureate degree in a geosciences major at a CSU campus. The geography major provides students with a comprehensive knowledge of the theories and methods of geography. Geography is a unique spatial science that synthesizes interactions between human society and physical environments to develop a broad understanding of the distribution and organization of both physical and human landscapes and environments. Geography students develop strong analytical and communication skills, including methods of geographic observation, data collection, analysis, mapping, modeling and reporting of findings.

Outcomes:

- Apply scientific research methods and technologies to observe, collect and analyze geographic data and information regarding human-environment interactions.
- Communicate an understanding of the importance of geographical processes and spatial interactions.

REQUIRED COURSES

PGEOG 1 Physical Geography 3
 GEOG 2 Elements of Cultural Geography 3
Subtotal Units 6

In Addition, select two to three courses (6-9 units) from LIST A:

LIST A

PGEOG 1L Physical Geography Lab 1.5
 GEOG 40 World Regional Geography 3
 GEOG 48 Geography of California 3
 GEOG 10 Intro. to Geographic Information Systems 3
 PGEOG 2 Weather and Climate 3
 GEOG 15F Field Methods in Geography 2
Subtotal Units 6

In Addition, select two courses (6 units min) from LIST B:

LIST B

Any LIST A course not used above
 GEOG 5 The Global Economy 3
 ECON 5 The Global Economy 3
 STAT 1/1H Elementary Statistics/Honors 3
 POLSC 2 Comparative Government 3

ANTHR 2/2H Cultural Anthropology/Honors 3
 GEOL 2 General Physical Geology 3
Subtotal Units 6
TOTAL UNITS 18-21

GEOLOGY

Associate in Science for Transfer Degree

Mission Statement: The Associate in Science in Geology for Transfer degree at Long Beach City College is designed to prepare students with a general education in the principles, concepts and methodologies of geology. This degree is designed to increase students' understanding of the earth, and to continue their education toward upper division courses in the Earth Sciences. Students will have guaranteed admission to the CSU system, but not to a particular campus or major. The Associate in Science in Geology for Transfer degree will prepare students for meaningful career employment and will facilitate transfer in a related major if desired.

Outcomes:

- Differentiate between unsupported opinion and verifiable scientific fact supported by observations, experiments, and scientific theory.
- Demonstrate a basic understanding of the field of geology by applying basic geologic concepts verbally and in writing.

REQUIRED COURSES UNITS

GEOL 1/1H General Physical Geology/Honors **or** 4.5
 GEOL 2 General Geology, Physical **AND** 3
 GEOL 2L General Geology, Physical Lab 1
 GEOL 3/3H Historical Geology/Honors 4.5
 †CHEM 1A General Chemistry 5.5
 †CHEM 1B General Chemistry 5.5
 †MATH 60 First Calculus Course 5
 †MATH 70 Second Calculus Course 5
TOTAL UNITS 30

HISTORY

Associate in Science for Transfer Degree

Mission Statement: The Associate in Arts in History for Transfer Degree at Long Beach City College provides students with a fundamental knowledge of historical events, historical literacy, and historical thinking. Upon completion of the degree, students will also gain the knowledge, skills, civic engagement abilities and cultural sensitivity that will allow them to be successful as citizens in a multicultural society. Furthermore, this degree supplies students with a basic understanding of what it means to be a historian. Finally, students completing the degree will gain the necessary skills needed to succeed after transfer to a California State University Campus (CSU) or any other 4-year college.

Outcomes:

- Students will develop the ability to critically analyze topics in History using a variety of primary and secondary sources and understand the causes and effects of historical events, thereby identifying and articulating problems, theses, arguments, evidence and conclusions about the significance of historical change and continuity over time.

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

- Students will develop an understanding of their roles in society, take responsibility for their own actions, and make ethical decisions in complex situations.
- Students will be able to articulate similarities and differences among cultures, times, and environments, demonstrating an understanding of cultural pluralism, as well as the value the importance of diverse perspectives in history.
- Students will meet all transfer requirements to a California State University in the field of Kinesiology.

KINESIOLOGY

Associate in Arts for Transfer Degree

Mission Statement: The Kinesiology department Associate in Arts for Transfer curriculum offers lower division courses that prepare scholarly and highly skilled practitioners with current knowledge and resources to meet present and future program needs. The Kinesiology Department prepares scholars-practitioners committed to theory and practice in diverse settings with population from a variety of social and cultural contexts.

Outcomes:

- Students will examine and evaluate physical activities and their relationship to wellness and fitness.
- Students will demonstrate proficiency in skills needed in activities commonly included in a human movement program.
- Students will appraise various career opportunities in the field of Kinesiology.

MATHEMATICS

Associate in Science for Transfer

Mission Statement: The mission of the Associate in Science in Mathematics for Transfer program is to give those students who aspire to become scientists or engineers the opportunity to explore these fields of study here at Long Beach City College, and to supply students with the necessary lower division preparation at the community college.

Outcomes:

- To serve students to meet graduation for an Associate in Science in Mathematics for Transfer.
- To serve students to meet career/transfer requirements.

REQUIRED COURSES	UNITS
†MATH 60 First Calculus Course	5
†MATH 70 Second Calculus Course	5
†MATH 80 Third Calculus Course	5
†MATH 84 Intro Differential Eqns. and Linear Alg.	5
Subtotal Units	20

IN ADDITION, complete ONE (1) course from LIST A:

Subtotal LIST A Units	3-5.5
TOTAL UNITS	23-25.5

MUSIC

Associate in Arts for Transfer Degree

Mission Statement: The Music AA-T degree is designed to provide comprehensive preparation for upper-division CSU coursework. To this end, students are prepared to demonstrate competency and discipline in the study of all aspects of music, including transferable music coursework as well as individual and ensemble performance.

Outcomes:

- Students will develop audition and ensemble repertoire and performance techniques at a level appropriate for transfer to a CSU.
- Students will develop proficiency in their music coursework, specifically theory and musicianship, at a level appropriate for transfer to a CSU.

REQUIRED CORE COURSES	UNITS
MUSIC 6 Introduction to Music Theory	3
MUSIC 1A Music Theory I	3
MUSIC 1B Music Theory II	3
MUSIC 2A Music Theory III	3
MUSIC 5 Musicianship I	1
MUSIC 9 Musicianship II	1
MUSIC 10 Musicianship III	1
MUSIC 16 Musicianship IV	1
MUSIC 92AD Applied Music	0.5
Subtotal Units	18

IN ADDITION, complete FOUR units in ONE of the following performance groups:

MUSIC 11AD Viking Chorale or	1
MUSIC 13AD College Symphony Orchestra or	1
MUSIC 38AD Wind Ensemble	1
TOTAL UNITS	22

PHILOSOPHY

Associate in Science for Transfer Degree

Mission Statement: The Program Mission Statement is not available for the Philosophy program. Please contact the department for additional information.

REQUIRED COURSES	UNITS
PHIL 22 Symbolic Logic	3
PHIL 6 Introduction to Philosophy	3
PHIL 6H Honors Introduction to Philosophy or	3
PHIL 7 Introduction to Ethics	3
PHIL 7H Honors Introduction to Ethics	3

IN ADDITION, complete ONE (1) course from LIST A:

LIST A	
Any REQUIRED CORE not already used.	
PHIL 9 Introduction to Existentialism or	3
PHIL 10 Introduction to Feminist	3

IN ADDITION, complete TWO (2) courses from LIST B:

LIST B	
Any LIST A course not already used.	
HIST 1A History: Western European Civilization	3
HIST 1B History: Western European Civilization	3
PHIL 14 Philosophy of Religion	3

IN ADDITION, complete ONE (1) course from LIST C:

LIST C	
Any LIST A or B course not already used.	
PHIL 11 Critical Thinking	3
PHIL 12 Introduction to Logic	3
PHIL 8 Introduction to Non-Western Philosophy	3
TOTAL UNITS	18

POLITICAL SCIENCE

Associate in Arts Transfer Degree

Mission Statement: The Associate of Arts in Political Science for Transfer degree at Long Beach City College will provide students with the necessary lower division preparation at the community college level for transferring to a baccalaureate degree in Political Science in the CSU system. The major provides systematic knowledge of the nature and scope of political science with a diverse academic regimen of academic research and practical application. In a nutshell, it is the study of politics and government with concentrations that include: American government, public policy, foreign affairs, political philosophy, and comparative government. In addition, political science majors will graduate from the program prepared for general education, good citizenship and participation in political life.

Outcomes:

- Students will demonstrate a systematic knowledge of the nature and scope of political science, particularly in terms of American government and politics.
- Students will develop the necessary skills to civically participate in ways that support a representative democracy.

REQUIRED CORE COURSE:	UNITS
POLSC 1/1H Introduction to Government/Honors	3
Subtotal Units	3

IN ADDITION, complete THREE (3) courses from LIST A:

LIST A	
POLSC 11 Introduction to Political Theory	3
POLSC 2 Comparative Government	3
POLSC 4 World Politics	3
POLSC 10 Introduction to Political Science	3
STAT 1 Elementary Statistics	3
Subtotal Units	9

IN ADDITION, complete *TWO* (2) courses from LIST B:

LIST B	
POLSC 3 Issues of American Government	3
POLSC 9 The Const., Law & Society	3
HUMAN 7 American Pluralism & Identity or	3
SOCSC 7 American Pluralism & Identity	3
PUBAD 1 Introduction to Public Administration	3
Subtotal Units	6
TOTAL UNITS	18

PSYCHOLOGY

Associate in Arts for Transfer Degree

Mission Statement: The mission of psychology program is to present psychology as the science of mental processes and behaviors, providing research results applicable to everyday life and benefiting human welfare. A second purpose is to prepare students for transfer to a university. Upon completion of their program, psychology majors will be able to describe psychological science as a diverse field of research with both academic and practical applications, that encompasses more than a dozen major subfields. They will be able to identify and explain the four goals of psychology (really, the four goals of science). These goals are description, explanation, prediction and control of mental processes and behaviors occurring within an individual as well as within inter-personal, cultural, and global contexts. Students completing the psychology major program will be equipped to use the scientific method to explore healthy mental processes and behaviors, as well as the pathological ones.

Outcomes:

- Analyze the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
- Apply basic research methods in psychology, including research design, data analysis, and interpretation
- Examine problems related to behavior and mental processes through the scientific approach.

REQUIRED CORE COURSES	UNITS
† STAT 1/1H Elementary Statistics/Honors	3
PSYCH 1/1H Introduction to Psychology/ Honors	3
†PSYCH 2 Research Methods for Psychology	4
Subtotal Units	10

IN ADDITION, complete the LIST A course below:

LIST A	
†PSYCH 6 Physical Foundations of Psychology	3
Subtotal LIST A Units	3

IN ADDITION, complete *ONE* (1) course from LIST B:

LIST B	
PSYCH 11 Social Psychology	3
PSYCH 14 Abnormal Psychology	3
PSYCH 33 Psychology of Personality	3
Subtotal LIST B Units	3

IN ADDITION, complete *ONE* (1) course from LIST C:

LIST C	
PSYCH 4 Personal and Social Development	3
PSYCH 10 Human Sexuality or	3
HLED 10 Human Sexuality	3
Subtotal LIST C Units	3
TOTAL UNITS	19

SOCIOLOGY

Associate in Arts Transfer Degree

Mission Statement: The Associate in Arts in Sociology for Transfer degree at Long Beach City College is designed to prepare students with a general education in the principles, concepts and methodologies of Sociology. A variety of offered Sociology courses familiarize students with diverse yet interrelated Sociology sub-fields. The Associate in Arts in Sociology for Transfer degree will prepare students for career advancement and will facilitate transfer in a related major if desired.

Outcomes:

- Apply sociological imagination and sociological theories to contemporary analysis of public issues.
- Identify and evaluate sociological scientific research, including research design, research methods, data analysis, and interpretation.

REQUIRED CORE COURSE:	UNITS
SOCIO 1/1H Introduction to Sociology/Honors	3
Subtotal Units	3

IN ADDITION, complete *TWO* (2) courses from LIST A:

LIST A	
SOCIO 2 Modern Social Problems	3
†STAT 1/1H Elementary Statistics	3
PSYCH 2 Research Methods for Psychology	4
Subtotal LIST A Units	6-7

IN ADDITION, complete *TWO* (2) courses from LIST B:

LIST B	
Any LIST A course not used above	3-4
SOCIO 40 Sociology of the Family	3
SOCIO 11 Race & Ethnic Relations in the U.S.	3
PSYCH 11 Social Psychology	3
Subtotal LIST B Units	6-7

IN ADDITION, complete *ONE* (1) course from LIST C:

LIST C	
Any LIST or B course not used above	3-4
PSYCH 1 Introduction to Psychology	3
ANTHR 2 Cultural Anthropology	3
GEOG 2 Cultural Geography	3
Subtotal LIST C Units	3-4
TOTAL UNITS	18-19

SPANISH

Associate in Science for Transfer Degree

Mission Statement: The Program Mission Statement is not available for the Spanish program. Please contact the department for additional information.

REQUIRED COURSES	UNITS
SPAN 1 Elementary Spanish	5
SPAN 2 Elementary Spanish	5
SPAN 3 Intermediate Spanish or	5
SPAN 9 Spanish for Spanish Speakers	5
SPAN 4 Intermediate Spanish or	5
SPAN 10 Spanish for Spanish Speakers	5

IN ADDITION, complete ONE (1) course from LIST A:

LIST A	
SPAN 25A Advanced Spanish: Culture	3
SPAN 25B Advanced Spanish: History	3
SPAN 25D Advanced Spanish: Literature	3
TOTAL UNITS	23

Program Mission Statements and SLOs

The Outcomes Assessment Process enables each program to plan strategies to serve its students. A program's **mission statement** provides a general description of the focus, values, and purpose of an instructional program and is developed through the consideration of the program's **student learning outcomes (SLOs)**. A program's SLOs are a means of assessing intended student learning and tend to emphasize integrating skills into an interrelated set. They often put more emphasis on real world applications that provide a bridge to the student's next experience on the job or in upper-division study.

An important part of outcomes assessment is sharing the program mission and learning outcomes with students. This helps students have a better understanding of the direction of their education and be more engaged in the learning process. A program's mission statement and SLOs can be found on curriculum guides <http://osca.lbcc.edu/curriculumguides.cfm> and in the web catalog <http://www.lbcc.edu/catalog>.

The following Certificate and Associate Degree programs are offered by Long Beach City College. Please note that the information presented in this section for each of the LBCC Curriculum Guides represents only a portion of the complete LBCC Curriculum Guide available on the LBCC website due to space limitations. The information selected for the catalog, is comprised of the core curriculum most useful when registering for courses in the major. All other pertinent information regarding graduation proficiencies and general education is not presented in this section of the catalog but is available on the curriculum guides posted on the LBCC website.

If you become aware of inconsistencies between the information provided in this catalog and the information provided in other sources, please contact the appropriate department office for the specific majors. Your observations will help us provide the most current and accurate information possible.

A complete list of Curriculum guides is available at the following website: <http://students.lbcc.edu> Click on Curriculum Guides heading located on the left side of the webpage.

LEGEND
† This course has a prerequisite; prerequisite courses must be completed with at least a "C" or "P" grade (see catalog, schedule of classes or the online Credit Course Outline).
▪ Identifies the courses need for an Associate Degree in that area.
Φ Cannot be used as an elective if counted under required units.
▲ Any of these courses may be taken as a 300 band course.
Note: The footnotes for all other symbols can be found at the end of each guide.

ADMINISTRATION OF JUSTICE

Associate in Arts and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The Administration of Justice program at Long Beach City College is a comprehensive offering of courses created and designed for the purpose of educating and training diverse groups of students who aspire for careers in the Criminal Justice System. The program provides both certificates of completion and degrees that reflect our student's level of educational preparedness for entry level opportunities in Law Enforcement, Corrections, and the Courts. Students are expected to successfully develop college level skills and knowledge in furtherance of transferring to other four year institutions of higher learning and successful careers in Criminal Justice.

Outcomes:

- Explore the history, development, structure and functions of the American criminal justice system.
- Apply criminological/criminal justice theories, principles, and concepts to address real-life situations in the field.
- Recognize the importance and practice of legal and ethical behavior in a professional criminal justice work setting.
- Analyze, interpret, and evaluate criminological/criminal justice theories, policies, practices and procedures to develop strategies to control and prevent crime.

Students are prepared for entry-level employment in the criminal justice system. Technical education courses prepare students in the concepts and methodologies of the disciplines. This program also provides partial lower division preparation for the baccalaureate degree in this field. This Certificate of Achievement will prepare students for an entry-level position in a variety of entry level employment opportunities within the criminal justice system such as Law Enforcement, Corrections, and the Courts. This Associate Degree will prepare students for career advancements in Law Enforcement, Corrections, and the Courts. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4399.

REQUIRED CORE COURSES	UNITS
ADJUS 2 Intro. to Administration of Justice	3
ADJUS 3 Intro. to Criminal Procedures	3
ADJUS 4 Criminal Law	3
ADJUS 5 Community and Human Relations	3
ADJUS 6 Intro. to Evidence	3
ADJUS 8 Introduction to Investigation	3
Subtotal Units	18

IN ADDITION, complete SIX (6) units from the following courses:

ADJUS 10 Writing for Criminal Justice	3
ADJUS 14 Juvenile Law and Procedure	3
ADJUS 16 Vice, Narcotics and Organized Crime	3
ADJUS 17 Computer Use in Criminal Justice	3
ADJUS 18 Police Field Operations	3
ADJUS 19 Fingerprint Classification & Identification	3
ADJUS 20 Introduction to Corrections	3
ADJUS 40 Street Gangs and Law Enforcement	3
ADJUS 45 Drug Abuse and Law Enforcement	3

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

ADJUS 61 Defensive Tactics	1	Outcomes:
ADJUS 62 Firearms	1	• Create a variety of documents using Office Suite Software.
ADJUS 253 Understanding Domestic Violence	3	• Demonstrate and apply effective written, oral, and nonverbal communication techniques to a variety of organizational situations.
ADJUS 255 Introduction to Forensics	3	
ADJUS 269 Pre-Employ Prep for Law Enforcement	3	
PUBAD 1 Intro. to Public Administration	3	
Subtotal units	6	For more departmental information call (562) 938-4904 or go to the department website @ http://www.lbcc.edu/cos .

ADVANCED TRANSPORTATION TECHNOLOGY

ALTERNATE FUELS

Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The Mission of the Alternative Fuels program is to provide students with state of the art training in servicing and maintaining Alternative Fueled vehicles in the light/medium and heavy duty engine platforms leading to a certificate and/or an AS Degree in Alternative Fuels.

Outcomes:

- Ability to safely work on high pressure and low temperature fuels without injury.
- Ability to diagnose and repair computer controlled and gaseous fueled engines.
- Ability to understand and comply with regulations regarding installations and inspections of systems and their related components.

The certificate and degree programs will prepare students for an entry-level position as a light/medium and heavy duty technician in such fields as car, bus, truck, and specialty equipment diagnosis and repair industry. Students prepare for a career in alternative fuel vehicle conversion, maintenance and repair using state-of-the-art equipment. Computerized engine management is emphasized. For more departmental information call (562) 938-3067 or go to the department website @ <http://attc.lbcc.edu>.

REQUIRED COURSES	UNITS
ATT 490 Introduction to Alternative Fuels	3.5
ATT 491 Heavy Duty Alternative Fuels	3.5
ATT 492 Heavy Duty Alt Fuel Diag & Repair	3.5
ATT 493 Alt Fuels Conversion, Diag & Repair	3.5
Subtotal Units	14

IN ADDITION, complete at least FOUR (4) units from the following:

AC_R 236A Automotive Air Conditioning	2.5
AMECH 50A Machine Tool	3
AMECH 233 Auto Electrical & Fuel Systems (F)	9

AMECH 236 Automotive Emissions & Computers Cntrl (Sp)	9
AMECH 421 Auto Mechanic I	3
AMECH 424 Auto Air Conditioning	3
AMECH 430 Auto Wheel Alignment	6
AMECH 432 Automotive Brake Systems	6

Electric Vehicles

Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The mission of the Electric Vehicle program is to provide students with state of the art training in servicing and maintaining Electric Vehicles leading to a Certificate and/or an AS Degree in Electric Vehicles.

Outcomes:

- Ability to safely work on the high Voltages present in Electric Vehicles without injury.
- Ability to diagnose and repair computer controlled Electric Vehicles including hybrids, fuel cells, and plug in electrics, regarding installations and inspections of systems and their related components.
- Ability to compare the differences, advantages, and limitations of the various Electric Vehicles to determine proper application of each technology.

The certificate and degree programs will prepare students for an entry-level position as a light/medium and heavy-duty technician in such fields as car, bus, truck and specialty equipment diagnosis and repair industry. Students

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

prepare for a career in hybrids, fuel cells and electric vehicle conversion, maintenance and repair using state-of-the-art equipment. For more departmental information call (562) 938-3067 or go to the department website @<http://attc.lbcc.edu>.

ARCHITECTURAL DESIGN

Associate in Science and/or Certificate of Achievement

Mission Statement: The mission of the Architecture program is to create an educational environment where students can achieve their individual goals by providing the necessary knowledge and skills to successfully transfer to a bachelor program in Architecture or a related field. The program provides students with instruction in the latest technologies, industry standards, and significant industry trends.

Outcomes:

- Be aware of program transfer requirements and prepared for successful transfer to a university level architectural and/or other environmental design degree program.
- Acquire the professional attitude and desire for life-long learning and stay current with advanced technologies

- Students possess the necessary technical knowledge and communication skills to identify, articulate and solve problems pertaining to the built environment and perform tasks required within the architecture and/or environmental design professions.

This field of concentration is designed to provide foundation knowledge of the practice of architecture with the option of maximizing the number of lower division transfer units. This Certificate of Achievement will prepare students for an entry-level position in a variety of design profession settings and will serve as a foundation for specialization. This Associate Degree will prepare students for a design-related career, and appropriate course selection will facilitate transfer to a professional degree program. For more departmental information call (562) 938-4467.

ART

Associate in Arts

Mission Statement: The arts involve students in the process of their learning, demanding constant reflection and active participation. The arts enable students to collaborate toward a common purpose. The arts are a powerful connection force between disciplines. As our world and problems become more complex, the creativity fostered by the arts becomes all the more important. Creative thinking and critical analysis are essential 21st century skills to achieve academic success in all areas and employment opportunities in a wide variety of professions.

Outcomes:

- Produce professional quality artwork that demonstrates skill, craftsmanship, comprehension of visual design, and aesthetic conceptual rigor.
- Develop a foundation of skills, craft, traditional, and digital technologies.
- Analyze, interpret, and exercise critical judgment in the evaluation of visual art forms.

This field of concentration is designed to provide a fundamental education for a variety of specializations within the field. It also substantially fulfills lower division requirements for a baccalaureate degree in this major. This Associate Degree will prepare students for transfer to a four-year college for university. For more departmental information call (562) 938-4319 or go to the department website @<http://art.lbcc.edu>.

Complete the Required Courses (38 units) AND one of the OPTIONS listed below (6-8 units):

REQUIRED COURSES	UNITS
ART 1 Art and Civilization	3
ART 2 Art and Civilization	3
ART 15 Beginning Drawing	3
ART 23 Beginning Painting	3

DMA 201 Introduction to Digital Media Arts	3
TOTAL UNITS	15-15.5

BAKING & PASTRY ARTS**Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment**

Mission Statement: The Mission of the Baking and Pastry Arts program is to provide our students with the fundamental knowledge of Baking and Pastry principles and techniques, and to prepare our graduates for employment in Retail, Hotel, and Resort Bakery and Pastry kitchens.

Outcomes:

- Create a yeast bread product to industry standards.
- Create a pastry product to industry standards.
- Synthesize the principles and reactions of basic baking ingredients and their properties alone and when combined with other ingredients.
- Demonstrate industry-standard kitchen safety and sanitation practices.

Students learn skills for positions in baking and pastry for institutional, restaurant, airline catering, convention center, cruise line, supermarket, and hotel restaurant type food operations. Students will enhance their skills in baking, pastry and chocolate. For more departmental information call (562) 938-4502 or go to the department website @ <http://culinary.lbcc.edu>.

COSA 45 Introduction to the Internet	2

BIOLOGICAL SCIENCES**Associate in Arts or Science**

Mission Statement: The department has a multi-fold mission of (1) transfer preparation; (2) preparing students to attain an associate degree; and (3) helping students satisfy biological science prerequisite for various programs at LBCC and other colleges. Students who have matriculated through our programs will be exposed to the scientific method, gain an appreciation for the environment, and become aware of the vital roles of science in our lives. Our courses will also help students to become better 'consumers' of scientific information and increase awareness of personal health.

Outcomes:

- Assimilate information from various sources and apply critical thinking to form evidence-based conclusions (scientific method) to issues in the realm of biology, health, and as a consumer in society.
- Demonstrate an understanding of all levels of organismal biology such as morphological, physiological, and developmental.
- Demonstrate knowledge of the importance of the diversity of organisms on earth and their ecological and evolutionary relationships including human impact on other organisms (or the reciprocal) and ecosystems.

This field of concentration provides the student with an introductory education to this field, not necessarily career related, ending with the associate degree, or a partial lower division preparation for transfer to a baccalaureate degree in the biological sciences. This Associate Degree will provide the student with an introductory education to this field of study, not necessarily career related, but ending with the Associate Degree or a partial lower division preparation for transfer to a Baccalaureate Degree in the biological sciences. For more departmental information call (562) 938-4957.

REQUIRED COURSES UNITS

Select courses from the following total 9-12 UNITS	
ANAT	
BIO (excluding BIO 47, 48 or 49)	
†PHYSI	
Subtotal Units	9-12

IN ADDITION, complete SIX-NINE (6-9) UNITS

from:	
ASTR	Astronomy Courses
CHEM	Chemistry Courses
ENVRS 1	Energy for the Future
PGEOG	Physical Geography (excluding all other Geography-GEOG-courses)
GEOL	Geology Courses
MATH	Math Courses (excluding MATH 110, 805, 815)
PHYS	Physics Courses
Subtotal Units	6-9
TOTAL UNITS	18

BUSINESS**Associate in Arts and/or Certificate of Achievement**

Mission Statement: The Mission of the Business program is to equip our students, through a variety of academic disciplines and in a manner consistent with the mission of the college, with the knowledge and skills needed to transfer to a baccalaureate-degree granting institution, to enter the work force, to update workplace skills, or to achieve personal enrichment in a lifelong-learning environment. Our expectations is that our students develop high-level knowledge and critical-thinking skills that will prepare them to make informed and ethically-responsible decisions in a complex global environment.

Outcomes:

- Ensure 85% of all courses meet or exceed their outcome/assessment goals and develop appropriate action plans for continuous improvement.
- Develop strategies throughout all concentrations/courses to enhance the development of our students' critical-thinking skills, their ability to reason, ask appropriate questions and make better choices.
- Develop assignments and/or exercises to enhance students' verbal and non-verbal skills: their ability to reflect, write, speak and respond in a personal and professional manner.
- Improve the level of student success and student retention as well as increase the number of degrees and certificates. To develop a strong working relationship with local businesses through the formation of an Industry Council for the purpose of an advisement and collaboration in order to ensure that our course offerings are providing our students with the strongest preparation for entering the workforce. Additionally, it would be our goal for this Council to develop strong feelings for LBCC students and to evolve these feelings into actual job opportunities.
- To develop the method of monitoring the declared major and long-term personal goals of our enrolled students along with the future direction of our certificate/degree graduates (transfer, job, other).

This field of concentration allows students to earn the Associate Degree while partially preparing them for transfer into the business administration major at a university. In addition, it prepares the student for an entry-level position in any business office. This Certificate of Achievement will prepare students for an entry-level position in a variety of business settings and will serve as a foundation for specialization. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4328 or go to the department website @ <http://business.lbcc.edu>.

- Design, implement, and evaluate environments and activities that support optimum developmental play and learning outcomes for all young children.
- Demonstrate responsive care and teaching practices for young children through the integration of assessment, theory, and practice.
- Critically assess the components of linguistically and culturally relevant, inclusive, age appropriate, anti-bias approaches in practice.
- Apply effective guidance and interaction strategies to support children's social learning, peer relations, and self-confidence.
- Incorporate ethical and professional standards engaging in collaborative learning and reflective practices.

This field of concentration is designed for students preparing to work with infants, toddlers, preschool or school-age children in a group setting as an aide, teacher, master teacher, site supervisor, or center director.

For **STATE MINIMUM REQUIREMENTS (Title 22)**: This program satisfies the State of California licensing requirement for employment in early childhood education programs (private, church, industrial, coop). The minimum Title 22 licensing requirement to work as a teacher is that six units be completed before employment and that an additional six units be completed immediately thereafter. It is recommended that the requirement for courses in DS 1* and DS 2* be satisfied with at least three semester units in each category. It is also recommended that a minimum of six semester units be taken in the DS 3* - Program/Curriculum with the option that if the person is working specifically with infants or school-age children that they should apply three units in DS 4* or DS 5* towards these six units. The DS designation can be found following the course title.

For **CHILD DEVELOPMENT PERMIT - (formerly called Children's Center Permit) (Title 5)**: The Early Childhood Certificate program, plus 16 units in general education including one course in humanities, social sciences, mathematics, and/or science, and English, and an experience component, satisfies the requirements for a Child Development Permit required to teach in subsidized early childhood education programs (State or Headstart preschool programs run by school districts). **To apply for your state Child Development Permit call 562-938-5033 for an appointment.** For more departmental information call (562) 938-5033 or go to the department website @ <http://childdevelopment.lbcc.edu>.

CULINARY ARTS

Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The Mission of the Culinary Arts program is to provide to our community industry-standard, occupational, entry-level skills in the Culinary Arts, and to improve the understanding of Culinary fundamentals with hands-on training using traditional and state-of-the-art techniques and equipment, with an emphasis on industry-standard safety and sanitation practices.

Outcomes:

- Propose and assemble a complete three (3) course meal from a given set of ingredients, and select the most appropriate tools and equipment for each task.
- Compare and contrast the different knives used in the kitchen and effectively demonstrate their uses with competence.
- Analyze a plated meal, distinguish the different cooking techniques and methods used in its preparation, and critique the flavor, the plating, and the garnish.
- Demonstrate industry standards kitchen safety and sanitation practices.

Students learn skills for positions in food preparation for institutional, restaurant airline catering, convention center, cruise line, supermarket, and hotel restaurant-type food operations. Students will enhance their skills in a variety of cooking techniques. For more departmental information call (562) 938-4502 or go to the department website @ <http://culinary.lbcc.edu>.

COSA 35 Microsoft Office	4
COSK 200 Beginning Keyboarding & Document Production	3
COSK 250 Data Processing	3
Subtotal Units	4-7
TOTAL UNITS	31-34

CERTIFICATES OF ACCOMPLISHMENT:

Business Communications Certificate

REQUIRED COURSE	UNITS
BCOM 15 Business Communications or	3
BCOM 20 Business Writing	3
BCOM 261 Business English	3
BCOM 262 Soft Skills for the Workplace	1
TOTAL UNITS	7

Data Entry Certificate

REQUIRED COURSE	UNITS
COSA 25 Microsoft Access for Windows	4
COSA 250A Data Entry- Level 1	2.5
COSA 250B Data Entry- Level 2	2.5
COSK 209 Speed/Accuracy Building for Typists	1
COSK 233 Computing Keyboarding Skills	1
TOTAL UNITS	11

Additional Requirement: Typing certificate of 40 wpm for 5 minutes with 5 or fewer errors. Data entry certificate of 9000 KPH with 98% accuracy on a 5 minute test completed within the previous 12 months. Minimum GPA of 3.0 or higher in certificate courses.

DANCE

Associate in Arts

Mission Statement: Students completing our program should be fully prepared to move on to the next level of dance education.

Outcomes:

- A basic knowledge and experience of live performance synthesizing dance technique and creativity.
- A respect for dance as a means of personal, cultural, or social expression.

Students learn an appreciation of dance as an art form as well as instruction in dance technique, choreography and aesthetics. Students are also provided partial lower division preparation for transfer to a baccalaureate degree in this field. This Associate Degree will prepare students for careers in body therapies, dance, and teaching or dance studio operation. For more departmental information call (562) 938-4279 or 938-4383.

REQUIRED COURSES (Semester 1)	UNITS
DANCE 1 Dance Forms through the Ages	3
DANCE 14 Modern Dance 1	2
DANCE 20 Jazz Dance 1	2
DANCE 26 Ballet 1	2
Subtotal Units (for Semester 1)	9

REQUIRED COURSES (Semester 2)	UNITS
DANCE 12A Pilates I	2
†DANCE 15 Modern Dance 2	2
†DANCE 21 Jazz Dance 2	2
†DANCE 27 Ballet 2	2
Subtotal Units (for Semester 2)	8

REQUIRED COURSES (Semester 3)	UNITS
†DANCE 16 Modern Dance 3	2
DANCE 24 Hip Hop	2
†DANCE 28 Ballet 3	2
†DANCE 31 Choreography I	2
♦DANCE 41/1 Dance Performance or	.5
♦DANCE 41/2 Dance Performance or	1
♦DANCE 41/3 Dance Performance or	2
♦DANCE 41AD Dance Performance	2.5
♦TART 42 Introduction to Stage Lighting	3
Subtotal Units (for Semester 3)	11.5-13.5

REQUIRED COURSES (Semester 4)	UNITS
DANCE 5 Tap Dance 1	2
♦DANCE 41/1 Dance Performance or	.5
♦DANCE 41/2 Dance Performance or	1
♦DANCE 41/3 Dance Performance or	2
♦DANCE 41AD Dance Performance	2.5

Also in Semester 4, complete ONE (1) of the following:

†DANCE 17 Modern Dance 4	2
†DANCE 29 Ballet 4	2
†DANCE 32 Choreography 2	2

Also in Semester 4, complete ONE (1) of the following:

DANCE 3 Musical Theatre Dance	2
†DANCE 6 Tap Dance 2	2
DANCE 12B Pilates 2	2
DANCE 13 Turns	2
DANCE 18A African Dance	2
DANCE 18B Belly Dance	2
DANCE 19 Hip Hop Dance History	2
†DANCE 33 Dance Choreography Workshop	2
DANCE 46 Ballroom/Social Dance	2
Subtotal Units (for Semester 4)	6.5-8.5
TOTAL UNITS	35-39

DATABASE MANAGEMENT

Associate in Science

Mission Statement: The Program will provide students with a strong foundation in the design and management of database systems in a business environment. In-depth practice of Structured Query Language (SQL) is provided

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

in the context of business-related case studies. The Database Management program covers advanced database concepts, including database administration, database technology, database web programming and selection and acquisition of database management systems. Supporting courses allow students to gain a thorough understanding of necessary business communication skills, operating systems, programming logic and systems design.

Outcomes:

- Analyze the data needs an organization or company, and determine how to best organize and store the data in logical, secure and accessible structures.
- Design web applications to access and manipulate data using MS access, MySQL, MS SQL Server and PHP.
- Understand the roles and responsibilities of a database administrator, and how to diagnose and troubleshoot systems.

DATABASE MANAGEMENT COURSES:

BCOM 15 Business Communications	3
COSA 25 Microsoft Access for Windows	4
COSP 7 Business Programming Logic & Design	4
COSP 36 System Analysis and Design	4
COSP 38 Database Concepts	4
COSP 238 Advanced Database Concepts	3
COSW 220 Database Programming with PHP/MySQL	4
Total Units	26

IN ADDITION, Complete a MINIMUM of SIX (6)**Units from the following:**

COSA 210 Introduction to Project Management	3
COSN 205 UNIX/LINUX Fundamentals	4
COSN 225 Windows OS Administration Fundamentals	3
COSN 230 Windows Server Administration Fundamentals	3
COSW 221 Database Programming with PHP/MySQL II	3
Subtotal Units	6-7
TOTAL UNITS	32-33

CERTIFICATES OF ACCOMPLISHMENT:**Basic Databases Certificate**

REQUIRED COURSE	UNITS
COSA 25 Microsoft Access for Windows	4
COSP 38 Database Concepts	4
COSP 238 Advanced Database Concepts	3
TOTAL UNITS	11

Additional Requirement: Minimum GPA of 3.0 or higher in certificate courses.

DIAGNOSTIC MEDICAL IMAGING SCIENCES**(RADIOLOGIC TECHNOLOGY)****Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment**

Mission Statement: The Diagnostic Medical Imaging program at Long Beach City College is dedicated to providing high-quality education and clinical practicum to qualified students. It is responsive to the diverse needs of the local medical community. It specializes in the education and training that lead to entry-level employment as a competent, ethical health care professional, and an Associate of Science Degree. The program emphasizes the necessity of professional development and life-long learning.

Outcomes:

- Diagram the photographic and digital process and define the technical factors utilized in medical image formation.
- Distinguish the fundamental structure of matter, diagram the production of x-rays, and examine how different radiographic techniques effect the resultant image on a radiograph.
- Assess how radiation effects body systems, differentiate between different types of radiation and their effects on human tissue, and formulate ways to decrease exposure.
- Manage proper patient positioning of the skeletal system, cranium, and viscera to achieve industry standard radiograph.
- Demonstrate ability to properly use all equipment required to produce a diagnostic radiograph, produce an industry standard and diagnostic radiograph.

This field of concentration is designed to prepare the student for Certification by the State Department of health Services, Radiological health Section, and Registration by the American registry of Radiological Technologists after testing. The AART is the national testing/registration body (www. ARRT.org). The end objective is to prepare students for employment as practicing medical imaging professionals in Acute Care Hospitals, Medical clinics and/or private offices. Note: An applicant should contact the ARRT to determine if he or she will be disqualified due to the conviction of a felony or misdemeanor. For additional departmental information call (562) 938-4169.

Prerequisite Courses

The following courses must be completed within five years prior to the first Spring Semester of the program:

REQUIRED COURSES	UNITS
ANAT 41 Anatomy & Physiology	5
AH 60 Medical Terminology	3
AH 61 Integration of Patient Care	2
TOTAL UNITS	10

FIRST YEAR**Spring Semester REQUIRED COURSES:**

†DMI 10 Introduction to Radiologic Technology	3
†DMI 403 Cross Sectional Anatomy	3
Subtotal Units	6

Summer Session REQUIRED COURSES:

† DMI 20 Intro. To Radiologic physics	3
Subtotal Units	3

Fall Semester REQUIRED COURSES:

^General Ed. Course (see explanation in footnote)	3
^General Ed. Course (see explanation in footnote)	3

Computer Class. Any class which satisfies computer portion of Information Competency Requirement for graduation. Recommended course: COSA 1. For complete listing see General Education Course Pattern Guide.

†DMI 11 Radiographic Techniques	1
†DMI 12 Contrast Fluoroscope/Radiographic Procedure	3
†DMI 21 Applied Radiological Physics	2
†DMI 30 Positioning for General Diagnostic Radiography	3
†DMI 40A Clinical Radiography	2.5
Subtotal Units	18.5-21.5

Spring Semester REQUIRED COURSES:

†DMI 24 Radiation: Biology & Protection	3
†DMI 31 Positioning for Cranial Radiography	3

†DMI 40B Clinical Radiography	8.5
†DMI 60 Radiologic Pathology	3
Subtotal Units	17.5

SECOND YEAR

Summer Session REQUIRED COURSES:

† DMI 40C Clinical Radiography	8.5
Subtotal Units	8.5

Fall Semester

^General Ed. Course (see explanation in footnote)	3
†DMI 15 Computer Applications in Radiology	3
†DMI 40D Clinical Radiography	11
†DMI 222 Venipuncture	.5
Subtotal Units	17.5

Spring Semester REQUIRED COURSES:

^General Ed. Course (see explanation in footnote)	3
†DMI 14 Trends & Self-Assessment. in Rad. Tech.	3
†DMI 40E Clinical Radiography	11
†DMI 61 Fluoroscopy	2
Subtotal Units	19

TOTAL UNITS (in program) 90-93

TOTAL UNITS (including Prerequisite) 100-103

RECOMMENDED but not required courses:

†DMI 62 Mammography	3.5
LEARN 11 Learning and Academic Strategies	2

CERTIFICATES OF ACCOMPLISHMENT:

Computed Tomography Certificate

REQUIRED COURSE	UNITS
†DMI 403 Cross-Sectional Anatomy	3
†DMI 404 MRI/CT Pathology	3
†DMI 405A MRI/CT Clinical Practicum	2.5
†DMI 405B MRI/CT Clinical Practicum	2.5
†DMI 406 CT Physics	3
†DMI 407 CT Procedures	3
TOTAL UNITS	17

Magnetic Resonance Imaging Technologist Certificate

REQUIRED COURSE	UNITS
†DMI 401 Physical Principles of Magnetic Resonance Imag.	3
†DMI 402 Magnetic Resonance Imaging Procedures	3
†DMI 403 Cross-Sectional Anatomy	3
†DMI 404 MRI/CT Pathology	3
†DMI 405A MRI/CT Clinical Practicum	2.5
†DMI 405B MRI/CT Clinical Practicum	2.5
TOTAL UNITS	17

^ Specific General Education courses required: † ENGL 1 or 105, COMM 10, 20 or 30, PSYCH 1, Humanities (any course that meets the Associate Degree requirement) and 1 unit of P.E (two half-unit (.5) P.E. courses).

**DIETETICS PROGRAM
Dietetic Service Supervisor/
Nutrition Assistant**

Associate in Arts and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The Mission of the Dietetics program at Long Beach City College is the development of the student competency to provide nutritional care services in food service management and clinical nutrition care.

Outcomes:

- Synthesize the theory and principle of clinical nutrition care.
- Manage a Healthcare Kitchen to industry standards.
- Develop and conduct a nutrition presentation within a community agency.

This program is designed to train students to be employed as Dietetic Service Supervisors and Nutrition Assistants who function as managers/supervisors and nutritional care specialists in health care and nutrition related facilities.

DIETETIC SERVICE SUPERVISOR:

The Dietetic Service Supervisor is the food service director of a health care facility, is a member of the dietetic team, functioning under the supervision of a Registered Dietitian or administrator. This program is the state approved program meeting federal OBRA and Title 22 requirements of the California State Department of Public Health and Certification Regulation for food service supervisors in general acute care hospitals, acute psychiatric hospitals, skilled nursing facilities, rehabilitation and convalescent hospitals, and intermediate care facilities. Completers are also employed in community nutrition agencies, school lunch, adult and child nutrition programs. Upon successful completion of the program, the student is eligible to apply for a Dietetic Service Supervisor Certificate. The student may also receive the Associate in Arts degree if the graduation requirements are completed.

NUTRITION ASSISTANT:

The Nutrition Assistant is a member of the dietetic health care team, functioning under the direction of a Registered Dietitian. The program instructs the student in nutritional care, teaching techniques, nutrition principles, diet modification, nutritional counseling and food service management. Nutrition Assistants are trained to function as nutritional care specialists in the dietary departments of hospitals, clinics and other health care facilities.

Completers are also employed in long-term care, public health settings, child & elder care nutrition programs, weight management programs, W.I.C. and in food service management. For the Nutrition Assistant Program, students must fulfill the Associate Degree requirements (by completing the Certificates of Achievement for both the Dietetic Service Supervisor and the Nutrition Assistant programs and the graduation requirements). The students will then have earned both the Associate Degree and the TWO Certificate of Achievements. For further information, please call (562) 938-4550 or 938-4193 or go to <http://dietetics.lbcc.edu>.

DIETETIC SERVICE SUPERVISOR PROGRAM

REQUIRED COURSES	UNITS
F_N 20 Nutrition & Life	3
F_N 21 Food Selection & Meal Preparation	4
F_N 224 Sanitation, Safety and Equipment	3
F_N 225 Intro. Food Service/Work Organization	3
F_N 227 Supervision and Training Techniques	3
F_N 228 Food Production Management	3
F_N 230AC Clinical Field Exp. I (2 semesters required)	4
F_N 231 Menu Planning and Food Purchasing	3
†F_N 232 Therapeutic Diets	3
DIETETIC SERVICE SUPERVISOR TOTAL UNITS	29

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

NUTRITION ASSISTANT PROGRAM**REQUIRED COURSES** **UNITS**

Complete the coursework required for the Dietetic Service Supervisor Program above. IN ADDITION, complete the courses listed below.

†F_N 234 Advanced Nutrition Care	3
F_N 235 Advanced Medical Nutrition Therapy	3
†F_N 236 Dietetic Seminar	1
F_N 240AC Clinical Field Exp II (2 semesters required)	4
Subtotal Units	11
NUTRITION ASSISTANT TOTAL UNITS	40

RECOMMENDED but not required courses:

F_N 26 Nutrition for the Active Person	1
F_N 233 Special Topics in Health Care Dietetics	1
F_N 250 Nutrition for Culinary Arts	2
F_N 253 Food Handler Certification	1
F_N 255C Nutrition for Adults & Aging	1
F_N 255D Vegetarian Lifestyle	1
F_N 256 Weight Control & Energy Balance	2
F_N 260 Cultural Foods	.5
F_N 261 Cooking for Wellness	.5
F_N 262 Cooking for Singles	.5

CERTIFICATES OF ACCOMPLISHMENT:**Formula Room Technician Certificate**

REQUIRED COURSES	UNITS
F_N 20 Nutrition & Life	3
F_N 21 Food Selection & Meal Preparation	4
F_N 224 Sanitation, Safety and Equipment	3
F_N 232 Therapeutic Diets	3
TOTAL UNITS	13

*Successful completion of MATH 805 or higher math class OR assessment in MATH 815 or higher.

DIGITAL DESIGN AND PUBLICATION**Associate in Arts and/or Certificate of Achievement**

Mission Statement: The Desktop/Media Publishing program trains students to write, design, and produce a variety of publications on different computer platforms. The program prepares students to work in office environments involving desktop publishing or to work on a free-lance basis.

Outcomes:

- Write, design, and produce a publication.
- Prepare students for entry-level position in digital design.

Students learn to write, design, and produce publications (websites, fliers, brochures, newsletters, in-house magazines). The program prepares students to work on websites, newspapers, magazines, in advertising agencies or in other environments involving digital design and publication or to work on a free-lance basis. For successful employment, you should be able to type 30+ words a minute, write with a proficiency equal to placement in ENGL 1, and have a basic understanding of the principles of color and design theory. This Certificate of Achievement prepares students for an entry-level position in a variety of business settings and serves as a foundation for specialization. This Associate degree prepares students for career advancement once a certificate has been earned. Appropriate course selection also facilitates transfer in a related major. For more information regarding: Journalism

classes call (562) 938-4282 or 938-4036 or email pmckean@lbcc.edu or go to <http://www.lbcc.edu/English/Journalism.cfm>.

REQUIRED COURSES **UNITS**

JOURN 1A Digital Design and Publication	3
JOURN 25 Free-Lance Writing	3
Subtotal Units	6

IN ADDITION, Complete TWELVE-FOURTEEN (12-14) units from the following courses:

JOURN 1B Digital Design and Publication	3
JOURN 5 Introduction to Public Relations	4
JOURN 6 Magazine Writing	3
†JOURN 20 Beginning Newswriting and Reporting	4
JOURN 40 Social Media in Journalism	3
JOURN 81 Multimedia Newsroom: Features	4
JOURN 82 Multimedia Newsroom: Profiles	4
JOURN 83 Multimedia Newsroom: Politics	4
JOURN 86 Multimedia Editor Training: Design	4
JOURN 87 Multimedia Editor Training: Visuals	4
JOURN 88 Multimedia Editor Training: Management	4
Subtotal Units	12-14
TOTAL UNITS	18-20

DRAFTING - ARCHITECTURAL
(Occupational Program)**Associate in Science and/or Certificate of Achievement**

Mission Statement: To create an educational environment where students can achieve their individual goals by providing the necessary knowledge and skills to enter the design field of their choice by using the latest technologies and industry trends.

Outcomes:

- Students develop career awareness, planning, employability skills, work habits, and foundation knowledge necessary for success in the workplace.
- Students will be able to establish mastery of basic knowledge and skills and apply advanced technologies relevant to entering the architectural drafting and design field at an entry or advanced level.
- Students possess the necessary technical knowledge and communication skills to identify, articulate and solve problems pertaining to the built environment and perform tasks required within the architecture and/or environmental design professions.

Students learn entry-level job skills in architectural drafting. The Advanced Skills Certificate of Achievement will prepare students for an advanced position as an architectural drafter or senior draftsman in a variety of design professional settings and will serve as a foundation for specialization. This Associate Degree will prepare students for a design-related career. For more departmental information call (562) 938-4718 or (562) 938-4467.

REQUIRED COURSES **UNITS**

ARCHT 60 Architectural Design or	8
ARCHT 61 Architectural Design	4
and	
ARCHT 62 Architectural Design	4
†ARCHT 64 Architectural Design or	8
†ARCHT 65 Architectural Design	4
and	
†ARCHT 66 Architectural Design	4
†ARCHT 70A Architectural Design or	8

†ARCHT 71A Architectural Design 4
TOTAL UNITS 20-24

**CERTIFICATE: Core Skills
 REQUIRED COURSES**

ARCHT 60 Architectural Design or
 ARCHT 61 Architectural Design 4
and
 ARCHT 62 Architectural Design 4
 †ARCHT 64 Architectural Design or
 †ARCHT 65 Architectural Design 4
and
 †ARCHT 66 Architectural Design 4
 ARCHT 230 Building Information Modeling (Beginning) 3
TOTAL UNITS 19

**CERTIFICATE: Advanced Skills
 REQUIRED COURSES**

ARCHT 60 Architectural Design or
 ARCHT 61 Architectural Design 4
and
 ARCHT 62 Architectural Design 4
 †ARCHT 64 Architectural Design or
 †ARCHT 65 Architectural Design 4
and
 †ARCHT 66 Architectural Design 4
 †ARCHT 70A Architectural Design or
 †ARCHT 71A Architectural Design 4
and
 ARCHT 230 Building Information Modeling (Beginning) 3
Subtotal Units 23-37

IN ADDITION, complete SIX (6) units from the following:

†CARP 311 Carpentry 1 or 3
 CARP 312 Carpentry 2 or 3
 ELECT 261 Intro to Renewable Energy 3
 CARP 440 Blueprint Reading for Construction Trade 3
Subtotal Units 6

IN ADDITION, complete THREE -FOUR (3-4) units from the following:

†ELECT 202 Electrical Mathematic 3
or
 MATH 805 Modern Arithmetic 3
 A more advanced level of Mathematics
Subtotal Units 3-4
TOTAL UNITS 32-37

Recommended Courses but not required:

DRAFT 203 AutoCAD II, Adv. Concepts or 4
 †DRAFT 204 3D Visualization/Animation 4

**DRAFTING - Mechanical Design
 (Occupational Program)**

**Associate in Science and/or Certificate of Achievement
 or Certificate of Accomplishment**

Mission Statement: To create an educational environment where students can achieve their individual goals by providing the knowledge and skills to enter the design field of their choice by using the latest technologies and industry trends.

Outcomes:

- Students develop career awareness, planning, employability skills, work habits, and foundation knowledge necessary for success in the workplace.
- Students will be able to establish mastery of basic knowledge and skills and apply advanced technologies relevant to entering the Mechanical drafting and design field at an entry or advanced level.
- Students possess the necessary technical knowledge and communication skills to identify, articulate and solve problems pertaining to the industrial manufacturing environment and perform tasks required within the mechanical design drafting professions.

Students learn entry-level job skills in mechanical drafting and design. The Associate Degree will prepare students for a mechanical-design-related career, and appropriate course selection will facilitate transfer to a professional degree program. The Core Skills Career Certificate will prepare students for an entry-level position as a mechanical drafter trainee in a variety of design professional settings and will serve as a foundation for specialization. The Advanced Skills Career Certificate will prepare student for an advanced position as a mechanical drafter or intermediate level drafting position in a variety of design professional settings and will serve as a foundation for specialization. For more departmental information call (562) 938-4718 or (562) 938-4467.

ELECTRICAL TECHNOLOGY

Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The Mission of the Electrical Department is to educate its students in all areas of Industrial Electrical Technology in response to the needs of industry National Electrical Code standards.

Outcomes:

- Analyze different types of power distribution systems and apply these systems in a design environment.
- Design and evaluate control system programs for the operation of automation systems, including timing, counting, sequential and process control operations.

Requisite:

- Limitation on Enrollment. New students must attend an Electrical orientation prior to enrollment.
-See a list of dates and sign up information on the program website at <http://www.lbcc.edu/electrical>
- The program requisite is in place to ensure the safety and health awareness of LBCC electrical students.

Students prepare for entry-level employment in numerous electrical and electrically related trades. Upon completion of the Electrical Technology program, the student will be able to install, maintain, and repair electrical equipment and systems in a safe and workmanlike manner.

The California Contractor's License requirements recognize the courses listed below as partial fulfillment of the experience requirements. This program also meets the standards set by the California Department of Apprenticeship Standards towards the current California Electrician Certification testing. Once a student has completed the program, that student will be allowed to register to take the Electrician's Certification Exam. For more departmental information call (562) 938-4505 or go to the department website at <http://elect.lbcc.edu>.

DAY PROGRAM

REQUIRED COURSES	UNITS

ENGINEERING

Associate in Science

Mission Statement: The mission of Long Beach City College Engineering program is to foster an environment that both challenges and supports its students. The department is committed to continuous revisions and improvements of the curriculum, making real world connections, and incorporating technology. The department employs an assortment of assessment techniques, provides a variety of teaching styles, and maintains intervention plans for students who might be having difficulty.

1. To prepare students for transfer to baccalaureate-granting institutions.
2. To nurture an appreciation of the role of engineering in life.
3. To support business and industry in economic development by providing a highly educated workforce.

Outcomes:

- To serve students for the fulfillment of their own personal goals.
- To serve students to meet career/transfer requirements.

This field of concentration is designed to recognize partial fulfillment of the requirements for transfer with junior standing for students seeking a baccalaureate degree in engineering. This Associate Degree will facilitate transfer for a four-year engineering degree. Students who wish to transfer may need to meet additional requirements. For more departmental information call (562) 938-4168 or (562) 938-4428.

REQUIRED COURSES	UNITS
†CHEM 1A General Chemistry	5.5
†ENGL 1 Reading and Composition	4
†ENGR 3B Engineering Graphics	3

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

ENGLISH

Language & Literature; Creative Writing

Associate in Arts

Mission Statement: The English Department affirms the college's commitment to the belief that reading and writing are central to any student's education. Writing is a fundamental means of developing critical thinking, communicating ideas, comparing cultures, understanding experiences, arguing positions, reevaluating beliefs, celebrating creativity, and exploring the limits of the self. Our aim is to offer students not only a chance to build specific skills, but also the opportunity to experience the value of those skills in a context of challenging academic dialogue.

Outcomes:

- Write academic prose with a clear purpose and effective logical, relevant support from sources.
- Develop and sustain a coherent interpretation of literature that acknowledges historical and cultural contexts.
- Compose poems and short works of fiction using various forms and techniques.

This field of concentration in the [Language and Literature](#) sequence prepares the student for baccalaureate study in English, Comparative Literature, and Liberal Arts. The [Creative Writing](#) sequence also prepares the student for possible publication. For more departmental information call (562) 938-4036 or go to the department website @ <http://www.lbcc.edu/english>.

LANGUAGE & LITERATURE SEQUENCE

REQUIRED COURSES	UNITS
†ENGL 1 or 1H Reading and Composition	4
†ENGL 2 Introduction to Literature/Composition or	4
ENGL 4 Critical Analysis of Literature	4
Subtotal Units	8

IN ADDITION, complete TWELVE (12) UNITS from the following courses, of which EIGHT (8) units must be a year's survey sequence (English, American or World):

†ENGL 41 American Literature I	4
†ENGL 42 American Literature II	4
†ENGL 44 or 44H World Literature I/Honors	4
†ENGL 45 or 45H World Literature II/Honors	4
†ENGL 46 Survey of British Literature I	4
†ENGL 47 Survey of British Literature II	4
Subtotal Units	12

IN ADDITION, complete SIX (6) units of the following courses:

†ENGL 3 or 3H Argumentative and Critical Writing/Honors	4
ENGL 24 College Grammar	3
†ENGL 32 Masterpieces of Asian Literature in English	3
†ENGL 33 Mythology	4

CREATIVE WRITING SEQUENCE

REQUIRED COURSES	UNITS
†ENGL 1 or 1H Reading and Composition/Honors	4
†ENGL 2 Intro to Literature/Composition	4
ENGL 24 College Grammar	4
†ENGL 26 Creative Writing 1	3
Subtotal Units	15

IN ADDITION, complete THREE (3) units from the following:

†ENGL 50A Introduction to Poetry Writing	3
†ENGL 50B Intermediate Poetry Writing	3
†ENGL 50C Advanced Poetry Writing	3
†ENGL 50D Writing and Publishing Poetry	3
†ENGL 51A Introduction to Fiction Writing	3
†ENGL 51B Intermediate Fiction Writing	3
†ENGL 51C Advanced Fiction Writing	3
†ENGL 51D Writing and Publishing Fiction	3
†ENGL 52A Introduction to Novel Writing	3
†ENGL 52B Intermediate Novel Writing	3
†ENGL 52C Advanced Novel Writing	3
†ENGL 52D Writing and Publishing the Novel	3
Subtotal Units	3

IN ADDITION, complete SIX (6) units from any of the courses listed above in either the Language & Literature Sequence or Creative Writing Sequence.

Subtotal Units	6
TOTAL UNITS	24

RECOMMENDED courses but not required:

†ENGL 6 Production of Literary Publications	3
ENGL 7 Editing a Literary Review	3
JOURN 25 Free Lance Writing	3

FAMILY & CONSUMER STUDIES

Associate in Arts and/or Certificate of Achievement

Mission Statement: The mission of the FACS program is to prepare individuals to balance personal, family, and work place responsibilities throughout the life cycle.

Outcomes:

- Develop skills and work place competencies needed for success in the work place.
- Analyze cultural forces and their effects on the individual and family.
- Evaluate and develop personal finance plans.

Students are provided lower division transfer classes for a bachelor's degree in Family and Consumer Sciences, and provide opportunities for developing skills and competencies for multiple roles of home, family and career. Students are advised to check with a four-year college/university for specific requirements for transfer. This [Certificate of Achievement](#) will prepare students for

an entry-level position in any of the generalized fields of Family and Consumer Studies which include Child Development, Family & Consumer Studies, Fashion, Foods and Nutrition and Interior Design. For more departmental information call (562) 938-4550.

REQUIRED COURSES	UNITS
CDECE 47 Human Development	3
FACS 50 Consumer Awareness	3
FACS 64 Life Management	3
FD 9 Clothing Selection or	3
FD 10 Textiles Fiber and Fabrics or	3
F_N 21 Food Selection and Meat Preparation	4
FD 20 Introduction to Fashion Merchandising	3
F_N 20 Nutrition & Life	3
TOTAL UNITS	18-19

RECOMMENDED COURSES but not required:

†CDECE 66 Observation and Assessment DS3	3
FD 9 Clothing Selection	3
FD 10 Textiles, Fibers, and Fabrics	3
FD 24 Beginning Sewing	1.5
F_N 21 Food Selection and Meal Preparation	4
F_N 252A Cake Decorating Techniques	1.5
F_N 252B Cake Decorating for Special Occasions	1.5
F_N 260 Cultural Foods	1.5
F_N 261 Cooking for Wellness	.5
F_N 262 Cooking for Singles	1.5
FLO 286A Introduction to Floral Design-Fall Flowers	2
FLO 286B Introduction to Floral Design-Spring Flowers	2

FASHION DESIGN

Associate in Arts and/or Certificate of Achievement

Mission Statement: The mission of the Fashion Design program at LBCC is to provide students with discipline specific skills to communicate effectively, think critically, and possess the knowledge of technology essential to employment in design related occupations within the fashion industry or the requisite foundation for transfer to a 4-year college or university.

Outcomes:

- Create an environment that promotes critical thinking, creativity, teamwork, soft skills, multicultural and global awareness and understanding of social organizational and technological systems.
- Provide educational opportunities in the field of fashion for career employment, advanced study & professional development.
- Predict fashion trends and analyze form, silhouette, proportion, texture and drape or fabric to develop a fashion line for a target customer.

Students prepare for entry-level jobs in fashion design, production & manufacturing. This program also provides partial lower division preparation for the baccalaureate degree in Fashion Design. This Certificate of Achievement will prepare students for an entry-level position in the apparel design and manufacturing industry. This Associate Degree will prepare students for career advancement once a certificate has been earned. Field of concentration selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4192 or 938-4336 or email pknights@lbcc.edu or dschaefer@lbcc.edu.

- ♦ FD 70 must be taken concurrently with FD 71, 72 or 73.

FASHION MERCHANDISING

Associate in Arts and/or Certificate of Achievement

Mission Statement: The mission of the Fashion Merchandising program at LBCC is to provide students with discipline specific skills and knowledge leading to employment in fashion merchandising (retail or manufacturing) or the requisite foundation for transfer to a 4 year college or university.

Outcomes:

- Create an environment that promotes critical thinking, creativity, teamwork, soft skills, multicultural and global awareness and understanding of social organizational and technological systems.
- Provide educational opportunities in the field of fashion for career employment, advanced study & professional development.
- Calculate mark-ups, markdowns and open-to buy using formulas.

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

Students prepare for careers in all phases of retailing and manufacturing in the growing California Fashion Industry. This program also provides lower-division preparation for the baccalaureate degree in Fashion Merchandising. This Certificate of Achievement will prepare students for an entry-level position in the apparel retailing, marketing and manufacturing industry. This Associate Degree will prepare students for career advancement once a certificate has been earned. Field of concentration selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4336 or email dschaefer@lbcc.edu.

FILM

Associate in Arts

Mission Statement: Students completing our program should be fully prepared to move on to a more advanced level in a post-secondary institution or in the workforce.

Outcomes:

- Ability to synthesize lower-division level of principles and theories related to visual story telling using cinematic structure.
- A respect for film as a means of personal, cultural, or social expression synthesizing production technique and creative vision.

Students learn an appreciation of film as a medium of mass communication and with experiences in film production. It provides partial lower division preparation for transfer to a baccalaureate degree in this field. For more departmental information call (562) 938-4563 or go to the department website @ <http://tdf.lbcc.edu>.

REQUIRED ENTRY LEVEL COURSES	UNITS
FILM 1 Introduction to Film Studies	3
FILM 40 Introduction to Screenwriting	3
Subtotal Units for Entry Level	6

REQUIRED INTERMEDIATE LEVEL CLASSES

FILM 2A Film History I or	3
FILM 2B Film History II	3

FIRE SCIENCE

Associate in Science and/or Certificate of Achievement

Mission Statement: Prepare students for careers in the fire service and enhance skills for those who are currently employed in that area.

Outcomes:

- Explore the history, development, structure, and functions of the American fire service.
- Apply prevention/protection/fire-fighting theories, principles, and concepts to address real-life situations in the field.
- Recognize the importance of and practice the safety behaviors in a professional fire service setting.
- Analyze, interpret, and evaluate prevention/protection/fire-fighting theories, policies, practices, and procedures to develop strategies to prevent, control, and fight fires.

Students are educated and trained in the technical fields relating to fire and safety practices. This program also provides partial lower division preparation for the baccalaureate degree in this field.

This Certificate of Achievement will prepare students for entry to a fire academy and for an entry-level position in private and public fire-related occupations. This Associate Degree will prepare students for entry to a fire academy and for career advancement for those already employed in a fire-related industry. For more departmental information call (562) 938-4338.

REQUIRED CORE COURSES	UNITS
FIRE 1 Fire Protection Organization	3
FIRE 2 Fire Prevention Technology	3
FIRE 3 Fire Protection Equipment & Systems	3
FIRE 4 Building Construction	3
FIRE 5 Fire Behavior & Combustion	3

FLORAL DESIGN

Associate in Arts and/or Certificate of Achievement

Mission Statement: The Mission of the Floral Design program is the development of student competency for employment as floral designers.

Outcomes:

- Develop foundational knowledge and skills for the design and production of industry acceptable floral displays.
- Develop work place competencies needed for employment in the floral design field.
- Analyze, interpret and exercise critical judgment in the evaluation of floral art forms.

Students prepare for employment as floral designers. The Certificate of Achievement completer will also have the basic knowledge to become a salesperson, manager or owner of a floral shop. The certificate will help students prepare for AIFD certification. For more departmental information call (562) 938-4454 or 938-4336 or go to the department website @ <http://floraldesign.lbcc.edu>.

ENTRY LEVEL CLASSES

REQUIRED COURSES	UNITS
FLO 286A Introduction to Floral Design: Fall Flowers	2
FLO 286B Introduction to Floral Design: Spring Flowers	2
MGMT 80 Small Business Entrepreneurship or	3
MKTG 40 Salesmanship	3

FOREIGN LANGUAGES

Associate in Arts and/or Certificate of Achievement

Mission Statement: To offer formal transfer requirement courses in Chinese, French, German, Italian, Japanese, Spanish, and Vietnamese; to teach students to communicate effectively in a foreign language and appreciate culture; to promote international understanding and exchange; to provide a pool of students to fill positions in the community.

Outcomes:

- Students will demonstrate reading comprehension at the appropriate level in the target language.

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

- Students will demonstrate aural comprehension at the appropriate level in the target language.
- Students will formulate ideas orally at the appropriate level in the target language.
- Students will formulate ideas in writing at the appropriate level in the target language.

Students following the Proficiency Emphasis develop a competency in at least one foreign language, providing an important entry-level skill for those aspiring to work in the international arena as well as preparing for baccalaureate work. The Language Certificate of Achievement (offered only in French, German, Japan and Spanish) verifies for a potential employer that the student can communicate (verbally and in writing) in a wide range of situations, for a variety of purposes at a designated level for effective communication in a business or related professional setting. This Associate Degree provides a level of competency than the certificate. The degree also offers an added dimension of cultural know-ledge and understanding in region(s) where the language is spoken. The degree would benefit those wishing to enter a variety of industries or business settings that compete in an international market, as well as preparing for transfer to a four-year university in a foreign language program. For more departmental information call (562) 938-4331 or go to the department website @ <http://foreign.language.lbcc.edu>.

PROFICIENCY EMPHASIS

With Options in French, German, and Spanish at the Intermediate or Advanced Level

For students who are studying French, German or Spanish and who want to achieve a level of competency for baccalaureate work, and/or to combine their foreign languages with another skill.

Complete 15 units from ONE LANGUAGE (French, German or Spanish) and five-six (5-6) additional units from the courses listed below:

REQUIRED COURSES:

Elementary Language 1(CHIN, FREN, GER, ITAL, JAPAN, SPAN, or VIET)	5
†Elementary Language 2 (CHIN, FREN, GER, ITAL, JAPAN, SPAN, or VIET)	5
†Intermediate Language 3 (CHIN, FREN, GER, ITAL, JAPAN) or	5
SPAN 9 Spanish for Spanish Speakers	5
†Intermediate Language 4 (FREN or SPAN) or	5
SPAN 10 Spanish for Spanish Speakers	5

†SPAN 25A Adv. Spanish: Culture in Literature	3
†SPAN 25B Adv. Spanish: History	3
†SPAN 25C Adv. Spanish: Politics, Current Events	3
†SPAN 25D Adv. Spanish: Literature	3
TOTAL UNITS	20-21

HORTICULTURE

Associate in Science and/or Certificate of Achievement

Mission Statement: The Mission of the Horticulture program is to provide students with the training and practical experience for an entry level position as well as continuing education for those working in the horticulture industry.

Outcomes:

- Distinguish 100 landscape plants suitable for different landscape situations with proper cultural practices.
- Demonstrate safe and efficient competence with hand and power tools used in the trade.
- Demonstrate fundamentals technical skills to cultivate and manage edible and ornamental plants in horticultural production systems.
- Demonstrate fundamental landscaping principles to layout and install residential gardens.

This field of concentration is designed to furnish students with knowledge of the entry-level skills necessary to embark upon a career in the horticulture industry. It includes emphasis on practical applications leading to career advancement. Also, it provides a partial lower division preparation for transfer to a baccalaureate degree program in this field. This Certificate of Achievement will prepare students for an entry-level position in a variety of horticulture/landscape/nursery industry positions and will serve as a foundation for specialization. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-3092.

HUMAN SERVICES

Associate in Arts and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: The mission of this program is to prepare students for careers in the helping professions, prepare students for the first two years of their transferable Human Services education and enhance the skills of persons already employed in this field. In addition, students provided with several personal/interpersonal skills

needed to live healthy lives and deal with the stressful demands of daily living.

Outcomes:

- Develop a psychosocial treatment plan for a client.
- Analyze information and assess level of crisis intervention needed to best meet client needs.

Students learn the skills and knowledge necessary to transfer to upper division programs in social work or human services and to be employed at the paraprofessional entry level in social work and human services agencies. This Certificate of Achievement will prepare students for an entry-level position in the human services/social work field. This Associate Degree will prepare students for an entry-level position in the human services/social work field and for career advancement for those already employed in these occupations. For more departmental information call (562) 938-3961.

HUMAN SERVICES:

ALCOHOL AND DRUG STUDIES

Associate in Arts and/or Certificate of Achievement or Certificate of Accomplishment

Mission Statement: Fulfillment of state approved certification requirements of California for job placement and workforce development.

Outcomes:

- Develop a psychosocial treatment plan for a client.
- Synthesize the theories and principles of drug and alcohol clinical evaluation, treatment planning, referral, service coordination, counseling, documentation, and professional/ethical responsibilities.

Students learn the skills and knowledge necessary to transfer to upper division programs in social work or human services and be eligible to become employed at the paraprofessional entry level in serving alcohol and drug clients. This Certificate of Achievement will prepare students for an entry-level position in the alcohol/drug treatment field. This certificate fulfills the California Association of Alcohol & Drug Studies (CAADE) academic and work experience requirements. Additional work experience plus passing their test will lead students to becoming Certified Addiction Treatment Counselors (CATC). This Associate Degree will prepare students for an entry-level position in the human services/alcohol and drug treatment field and for career advancement for those already employed in these occupations. This Certificate of Accomplishment (Co-Occurring Disorder) will prepare students for work with specialized population of AOD clients. For more departmental information call (562) 938-3961.

JOURNALISM**Newspaper/Magazine, Public Relations
and Publication Specialist****Associate in Arts and/or Certificate of Achievement**

Mission Statement: The Journalism program prepares students with a body of knowledge and a system of inquiry, scholarship and training for careers in which they are accountable to the public interest for their knowledge, ethics, competence and service; to citizens, clients or consumers for their competencies and the quality of their work; and to employers for their performance.

Outcomes:

- Gather and prepare material accurately and fairly while meeting deadlines.
- Apply teamwork skills to publish a newspaper, magazine, or website.

This field of concentration, with an emphasis in **NEWSPAPERS/MAGAZINES**, provides a basic program for students interested in careers requiring journalistic training, such as newspaper or Internet reporting, magazine or free-lance writing. The emphasis in **PUBLIC RELATIONS** provides a basic program for students interested in careers in any aspect of public relations and in writing and editing in-house or web sites. The **PUBLICATION SPECIALIST** emphasis provides a basic program for students interested in learning to produce a variety of publications including newsletters, brochures, web sites, proposals, and house magazines. The Certificate of Achievement provides access to entry-level employment in a variety of journalism related fields. These include newspapers, magazines, web sites, newsletters, and press relation offices. The field of Photojournalism provides students with the entry-level skills necessary to embark upon a career in the news online and documentary photography field. It includes emphasis in practical applications leading to career advancement. For more departmental information call (562) 938-4282. Email pmckean@lbcc.edu.

LIBRARY TECHNICIAN

Associate in Arts and/or Certificate of Achievement

Mission Statement: The purpose of Long Beach City College Library is to support the educational mission of the college by anticipating and fulfilling the information needs of the diverse student, faculty administration, staff, and community populations. The goal of the Library program is to prepare all students for transfer, vocational, and to become lifelong learners to function effectively in a highly technological society with an information-based economy. Library systems are designed, and the staff is organized and committed, to achieving the following objective: to help users develop information competency, a broad-based literacy that includes the skill to identify, retrieve, evaluate, and apply information to a problem-solving context.

Outcomes:

- Students will synthesize the theoretical knowledge and the practical skills for all major components of a working library.
- Examine and compare information from various sources to evaluate reliability, validity, accuracy, authority, timeliness, and point of view, or bias.
- Identify and internalize library standards, principles, organization, theoretical knowledge, and practices.
- Demonstrate, via hands-on exercises and activities, the skills required to work and perform at a library technician level.

This field of concentration is designed to prepare students for an entry-level Library Technician position. This Certificate of Achievement will prepare students for a variety of entry-level in a library setting. This Associate Degree will prepare students for career advancement once a certificate has been earned. For more departmental information call (562) 938-4708 or go to the department website @ <http://lib.lbcc.edu/classes/libtech>.

MATHEMATICS

Associate in Science

Mission Statement: The Mission of Long Beach City College Mathematics program is to foster an environment that both challenges and supports its students. The primary purposes of the educational program offered by the department are:

1. To prepare students for transfer to baccalaureate-granting institutions.
2. To nurture an appreciation of the role of mathematics in life.

3. To enhance our students' ability to utilize mathematics and critical thinking in their lives.
4. To support business and industry in economic development by providing a highly educated workforce.

We will aspire to excellence in teaching, a well-designed curriculum, and a supportive environment for all our students. The department is committed to continuous revision and improvement of the curriculum, making real world connections, and incorporating technology. The department employs an assortment of assessment techniques, provides a variety of teaching styles, and maintains intervention plans for students who might be having difficulty.

Outcomes:

- To serve students to meet graduation/GE requirements.
- To serve students for the fulfillment of their own personal goals.
- To serve students to meet career/transfer requirements.

This field of concentration is designed to recognize competency in mathematics at a postsecondary level. It partially fulfills the requirements for transfer with junior standing for students majoring in mathematics and related fields having significant mathematical content. This Associate Degree will facilitate transfer for a four-year degree. For more departmental information call (562) 938-4168 or (562) 938-4428 or go to the department website @ <http://math.lbcc.edu/dept>.

Associate in Science and/or Certificate of Achievement

Please contact the department for additional information.

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

MEDICAL ASSISTING PROGRAM**Administrative/Clinical****Associate in Arts or Science and/or Certificate of Achievement or Certificate of Accomplishment**

Mission Statement: The Mission of the Medical Assisting program is to prepare competent Medical Assistants with cognitive, psychomotor, and affective learning domains to enable them to perform entry-level administrative and clinical tasks in a physician's office.

Outcomes:

- Accurately assess a patient's vital signs.
- Analyze medical records and accurately construct a medical insurance claim form.
- Inspect and correctly troubleshoot artifacts while performing an electrocardiogram.
- Apply common practices to Medical Asepsis in a Physician's office and daily living.

The Medical Assistant Program is designed to educate the student for immediate employment providing assistance to the physician in caring for patients in the medical office or clinic. The wide range of clinical and business duties provides an interesting career for one who enjoys working with people. The Medical Assisting Program is approved by the Long Beach Medical Association. The program is designed to be completed in one academic year and includes either the administrative or clinical assisting courses or a combination of both. The program offers an Associate Arts/Science Degree in the Combined Certificate Program Option or a Certificate of Achievement in the Administrative or Clinical Certificate option. The department also offers Certificates of Accomplishment in Emergency Medical Technician, Health Unit Coordinator, Medical Insurance Billing, or Phlebotomy. This Certificate of Achievement will prepare students for an entry-level position in a variety of ambulatory settings. Each certificate is the foundation for specialized clinical practice. This Associate Degree will prepare students for career advancement once a certificate has been earned. For more departmental information call (562) 938-4166.

METAL FABRICATION
TECHNOLOGY

Associate in Science and/or Certificate of Achievement

Mission Statement: The Sheet Metal program's mission is to provide technical training to meet the demands of the industry and the needs of the individual to demonstrate entry level skills necessary for employment.

Outcomes:

- Perform a common sheet metal layout and fabrication project.
- Perform common metal fabrication using power machinery to produce a fabrication project.
- Demonstrate the ability to read and interpret construction blueprints.

The Associate Degree will prepare students for entry positions in sheet metal layout, fabrication and installation. The Core Skills Certificate of Achievement will prepare students for an entry-level position as a trainee in sheet metal layout, fabrication and installation. The Advanced Skills Certificate of Achievement will prepare students for an entry-level position as a trainee in sheet metal layout, fabrication and installation.

This certificate will place added emphasis on sheet metal CNC fabrication, drafting and duct system layout and in preparation for acceptance into Sheet Metal Worker Apprenticeship program. For more departmental information call (562) 938-3051 or visit the department website @ <http://sheetmetal.lbcc.edu>.

MUSIC

Associate in Arts

Mission Statement: Academic music is a transfer program that offers an AA in Music, and is designed to provide students with technique and repertoire for a successful entrance audition, and the coursework necessary to meet proficiency exam requirements at a transfer institution.

Outcomes:

- Students will achieve Sophomore proficiency ranking in performance repertoire and technique
- Students will achieve Sophomore proficiency level in theory, musicianship, and piano placement exams.

The goals of the Associate Degree are academic transfer to a university and preparation for audition into a university music program. There are a number of curricular components that are needed to achieve these goals: theory, musicianship, piano, and the applied performance program. The ultimate career goals for the AA in Music would be to receive a bachelor's degree in music performance, education, composition, or musicology (theory or history). This would prepare one for a teaching or performance career and/or admission to a graduate program. For more departmental information call (562) 938-4309 or go to the department website @ <http://music.lbcc.edu>.

REQUIRED COURSES

	UNITS
†MUSIC 1A Music Theory I	3
†MUSIC 1B Music Theory II	3

TOTAL UNITS 24.5-33.5

NURSING: ASSOCIATE DEGREE (RN) PROGRAM

Associate in Arts or Science and/or Certificate of Achievement

Mission Statement: To provide a high quality nursing education to qualified and diverse students for the development of entry-level nurses who are prepared to meet the evolving healthcare needs of the community. The faculty strive to create a student-centered environment of collaboration, lifelong learning, and mentorship to promote academic excellence and compassionate nursing care.

Outcomes:

- Synthesize the theories and principles that encompass the nursing process and pathological conditions.
- Manage all aspects of the nursing process to achieve positive patient outcomes.

The program is designed to be completed in two years (after completion of pre-requisites) and qualifies the student to take the NCLEX-RN licensing examination given by the State of California Board of Registered Nursing.

The program satisfies the requirements for an Associate degree and/or a Certificate of Achievement. The graduate is qualified for immediate employment in acute care hospitals and many other health care facilities. The Associate Degree and Certificate of Achievement prepare students for an entry-level position in a variety of health care settings following successful completion of the NCLEX-RN. The ADN also serves as a foundation for specialization. Graduates of the Associate Degree nursing Program are also eligible to transfer in to the upper division nursing courses in ADN to bachelor's degree nursing programs and ADN to master's degree nursing programs. For additional information call (562) 938-4166 or go to the department website @ <http://nursing.lbcc.edu>.

**NURSING: LVN to RN
Career Ladder Program**

Associate in Arts or Science and/or Certificate of Achievement

Mission Statement: The faculty members of the Associate Degree Nursing Program uphold the mission statement of Long Beach City College, and a commitment to excellence in supporting the community and lifelong learning of our students.

Outcomes:

- Synthesize the theories and principles that encompasses the nursing process and pathological conditions.
- Manage all aspects of the nursing process to achieve positive patient outcomes.

Long Beach City College is fully accredited by the Western Association of Schools and Colleges. The nursing program is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Rd., NE Suite 500, Atlanta, GA, 30326, (404) 975-5000 and the State of California Board of Registered Nursing. The Career Ladder Program (Licensed Vocational Nurse to Registered Nurse Program) is designed to be completed in two and a half semesters. Two advanced placement programs are offered: Associate Degree program and a Certificate program (30 unit option). This Associate Degree and Certificate of Achievement prepare students for an entry-level position in a variety of health care settings following successful completion of the NCLEX-RN. The ADN also serves as a foundation for specialization. Persons who

complete either program are qualified to take the registered nurse national licensing exam. However, persons who complete only the certificate program are not graduates of an accredited ADN program and may not qualify for license by endorsement in other states. For additional information call (562) 938-4166.

RESTRICTIONS ON LICENSURE:

Persons with substance abuse problems or with conviction of crimes substantially related to the practice of nursing may not be granted a license by the California Board of Registered Nursing. Fingerprints are part of the application for licensure. For further information see BRN Policy on Denial of Licensure.

**ASSOCIATE DEGREE OF NURSING PROGRAM
LVN to RN Career Ladder Degree Program**

PREREQUISITES COURSE FOR THE PROGRAM

1. Complete the following courses with a "C" or better.

	UNITS
ANAT 1 Human Anatomy	4
PHYSI 1 Human Physiology	5
BIO 2 General Microbiology	5
PSYCH 1 Introduction to Psychology	3
†ENGL 1 Reading and Composition	4
Subtotal Units	21

RECOMMENDED but not required:

ADN 225 Nursing Applications of Pharmacology	3
--	---

2. Pass NURSING DEPARTMENT EXAMINATION with a score of 75% or better immediately after completion of ADN 20A.

This multiple choice test covers theoretical aspects of first level nursing practice and is given on an individual basis. The test may be taken twice. Before a third attempt, a student must wait for a period of six months. If test is not passed on the second attempt see program director.

Subtotal (advanced placement) Units 16

3. Hold a current license to practice as a vocational Nurse in California.

4. Entrance is not guaranteed. Entrance is determined by space availability.

**NURSING:
VOCATIONAL/PRACTICAL**

Associate in Science and/or Certificate of Achievement

Mission Statement: Prepare students for entry-level vocational nursing licensure and competent practice.

Outcomes:

- Synthesize theories and principles necessary for licensure as a vocational nurse.
- Development of critical thinking skills in preparation for the student's first job in vocational nursing.

Completion of the Vocational Nursing Program qualifies the student to take the national licensing examination for Vocational nurses (NCLEX-PN). A Licensed Vocational Nurse (Practical Nurse in all other states) is prepared for employment in ambulatory care settings (Physician’s office, clinics); long term care (skilled nursing facilities, convalescent and residential care); rehabilitation facilities, acute care hospitals, psychiatric facilities, hospice, and in the home. A Licensed Vocational Nurse is qualified to apply to the Long Beach City College Associate Degree Nursing Program for the Career Ladder LVN-RN Program. For more information, call the School of Health and Science at (562) 938-4166.

Complete the following PREREQUISITE courses with a minimum grade of “C” or better in each course:

	UNITS
BIO 60 Human Biology 1	4
VN 225 Pharmacology	3
^VN 215 Fundamentals of Nursing or Certified Nursing Assistant (CNA) certificate issued by the State of California (Contact Nursing Department)	0-6
VN 220 Transition to Vocational Nursing	4
Subtotal Units	11-17

Complete the following required courses with a minimum grade of “C” or better in each course:

REQUIRED COURSES	UNITS
†°VN 240 Mental Health Nursing	3
†VN 230 Common Health Deviations 1	3
†VN 230L Common Health Deviations 1 Lab	3.5
†VN 235 Common Health Deviations 2	3
†VN 235L Common Health Deviations 2 Lab	3.5
†VN 245 Maternal/Infant Nursing	2
†VN 245L Maternal/Infant Nursing Lab	1
†VN 250 Nursing Care of Children	2
†VN 250P Nursing Care of Children Practicum	1
†VN 255 Common Health Deviations 3	3

†VN 260 Roles and Responsibilities	1.5
†VN 265 Common Health Deviations 4	3
†VN 265L Common Health Deviations 4 Lab	3
TOTAL UNITS	47-53

For both the AA/AS and the Certificate of Achievement, the following courses are recommended, BUT ARE NOT REQUIRED to earn either.

VN 222 Intravenous Therapy & Blood Withdrawal 1

° This course may be taken prior to entering the program.

PHYSICAL SCIENCES

Associate in Arts or Science

Mission Statement: The Program Mission Statement is not available for the Physical Sciences program. Please contact the department for additional information.

Outcomes:

- Differentiate between unsupported opinions and verifiable scientific facts supported by observations, experiments, and scientific theory.

- Demonstrate a basic scientific understanding of a specific field of science by examining and analyzing the nature and content of applicable physical laws.

Students are provided an introduction to the lower division course preparation for transfer to a baccalaureate degree in various physical science majors. This Associate Degree will prepare students for an entry-level position as environmental technician. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4957 or go to the department website @ <http://www.lbcc.edu/physicalscience>.

REQUIRED COURSES **UNITS**
Complete THIRTEEN-FIFTEEN (13 - 15) units from the following courses:

ASTR- All courses	
†CHEM-either CHEM 2, 3 or 1A but limited to only one of these courses	
ENVR 1	
PGEOG- all courses	
GEOL- GEOL 1or 1H or 2&2L	
†PHYS- PHYS 2A or 3A but not both PHYS 2B or 3B but not both	
Subtotal Units	13-15

IN ADDITION, complete a Computer class:

Computer Class- Any class which satisfied the computer portion of the Information Competency requirement for graduation. See the current General Education Course Pattern Guide for a complete listing of acceptable courses.

Subtotal Units	1-4
-----------------------	------------

IN ADDITION, complete FIVE-SIX (5-6) units from any Mathematics course which has a prerequisite of Intermediate Algebra (MATH 130) or higher

Subtotal Units	5-6
-----------------------	------------

TOTAL UNITS	19-25
--------------------	--------------

NOTE: Courses are offered each semester excluding the following: CHEM 12A and 12B are offered in alternating semesters starting with 12A in the fall semester. PHYS 2B is offered once each year, usually in the second semester. PHYS 3C is offered every third semester. GEOL 3 is offered every fourth semester. PGEOG 2 is offered once each year.

**RADIO/TELEVISION
 BROADCAST NEWS**

Associate in Arts and/or Certificate of Achievement

Mission Statement: This program's mission is to provide an academic (AA degree), a certificate, and the personal preparation for successful transfer to a university, Digital Media Arts, or Broadcast News program and to provide Vocational training and skills to successfully gain an internship or employment in the Radio/Television News and media entertainment/news industry, as well as to provide a General Education course necessary to fulfill transfer requirements, and to provide meaningful and vital opportunities and outreach to the community at large to engage in the creation of radio-television and multi-media news productions.

Outcomes:

- Integrate and arrange script, graphics, B-roll, music, and sound bites into an industry ready newscast segment.
- Critically assess the responsibilities of various creative and technical staff positions and evaluate the importance each to the production.
- Analyze the elements of preproduction, production, and post production to create an industry ready news segment.

Students prepare for writing, editing and producing radio or television news and news feature programs. This Certificate of Achievement will prepare students for an entry-level position or skills for advancement in the fast growing field of Broadcast News and related information distribution elements of various industries. The Associate Degree will prepare students for career advancement in this field. Appropriate course selection will also facilitate transfer to a four-year college or university in communications, broadcast or journalism. For more departmental information call (562) 938-4309 or 938-4892.

REQUIRED CORE COURSES **UNITS**

R_TV 1 Introduction to Broadcasting	3
R_TV 3 Using MAC Computer Entertainment Industry	2.5
R_TV 8 Intro to Media Production	2.5
R_TV 13AD Television Production	2.5
R_TV 70 Fieldwork in Radio/Television	3
Subtotal Units	13.5

REQUIRED COURSES FOR SPECIALITY

R_TV 14AD Electronic Field Production	2.5
R_TV 25AD Radio Activity or	2.5
R_TV 35AD Radio/Television Activity	2.5
R_TV 30AD Broadcast News Writing	2.5
R_TV 36AD Broadcast News Production	2.5
Subtotal Units	12.5

IN ADDITION, complete SEVEN & ONE HALF (7.5) units from the following:

R_TV 2 Intro to Careers in Radio & Television	2
R_TV 4 Writing and Production Planning	3
R_TV 12 Television Lighting	2.5
R_TV 15AC Advanced Television Production	2.5
R_TV 21 Radio Production	3
R_TV 34AD Music Video Production	2.5
R_TV 37 Radio/Television Management and Sales	3
R_TV 216AC Non-Linear Video & Film Editing	2.5
Other courses for area of specialization may be approved	
Subtotal Units	7.5
TOTAL UNITS	33.5

**RADIO/TELEVISION
 PERFORMANCE**

Associate in Arts and/or Certificate of Achievement

Mission Statement: This program's mission is to provide an academic (AA degree), a certificate, and the personal preparation for successful transfer to a university, Digital Media Arts, or Broadcast Radio & Television program and to provide Vocational training and skills to successfully gain an internship or employment in the Radio/Television and media entertainment industry as an "on air" performer, as well as to provide a General Education course necessary to fulfill transfer requirements, and to provide meaningful and vital opportunities and outreach to the community at large to engage in the creation of radio-television and multi-media news productions.

Consult guides available online at <http://www.lbcc.edu/Articulation/guides.cfm> for specific general education and required grades.

large to engage in the creation of radio-television and multi-media productions.

Outcomes:

- Analyze and demonstrate the physical characteristics of on air talent required to make an industry ready production segment.
- Critically assess the responsibilities of various creative and technical staff positions and evaluate the importance of each to the production.

Students prepare for performing in radio and television programs either independently or as part of a cast. This Certificate of Achievement will prepare students for an entry-level position and/or skills for advancement in a variety of performance opportunities including live, broadcast and recorded venues. The Associate Degree will prepare students for career advancement in this field. Appropriate course selection will also facilitate transfer to a four-year college or university in a broadcast, film or performance program. For more departmental information call (562) 938-4309 or 938-4892.

RADIO/TELEVISION PRODUCER

Associate in Arts and/or Certificate of Achievement

Mission Statement: This program's mission is to provide an academic (AA degree), a certificate, and the personal preparation for successful transfer to a university, Digital Media Arts, or Broadcast Television & Radio program and to provide Vocational training and skills to successfully gain an internship or employment in the Radio/Television and media entertainment industry as a producer of media content, as well as to provide a General Education course necessary to fulfill transfer requirements, and to provide meaningful and vital opportunities and outreach to the

community at large to engage in the creation of radio-television and multi-media productions.

Outcomes:

- Demonstrate collaboration skills related to personnel and time lines for an industry ready radio or television segment.
- Critically assess the responsibilities of various creative and technical staff positions and evaluate the importance of each to the production.

Students prepare for producing radio or television programs either independently or in a production environment. This Certificate of Achievement will prepare students for an entry-level position or provide skills for advancement in a variety of venues including radio, television, film and related digital or computer technology (multimedia) in the communication, information and/or entertainment industries. The Associate Degree will prepare students for career advancement in this field. Appropriate course selection will also facilitate transfer to a four-year college or university in broadcast, film, computer animation or multimedia production. For more departmental information call (562) 938-4309 or 938-4892.

SOCIAL SCIENCES

Associate in Arts

Mission Statement: The program mission is to create an environment of educational inquisitiveness and critical assessment. To foster a socially and culturally aware, well-rounded student by improving program quality and improved student learning in the area of the Social Sciences.

Outcomes:

- Students will apply theories from the disciplines in the Social Science Program to analyze and explain human behavior as individuals and/or in groups.
- Students will be able to distinguish between fact and opinion, identify credible evidence, and analyze arguments.
- Students will apply perspectives and frameworks from the disciplines in the Social Science Program to explain and solve challenges related to accommodating and appreciating human diversity.

This field of concentration provides the student with a general education in the principles, concepts and methodologies of various disciplines (Anthropology, Economics, Geography, Philosophy, Psychology and Sociology). In addition, courses in these areas may partially satisfy general education and major requirements for a baccalaureate degree. This Associate Degree will prepare students for career advancement and will also facilitate transfer in a related major. For more departmental information call (562) 938-4477.

REQUIRED COURSES **UNITS**

Complete NINE (9) units in HISTORY and POLITICAL SCIENCE courses numbered 1-99. Complete at least ONE course from the History department and ONE course from the Political Science department.

Subtotal Units	9
-----------------------	----------

IN ADDITION, complete NINE (9) units in courses numbered 1-99 from the following departments. This must include at least SIX (6) units in ONE of the subject areas:

THEATRE

GENERAL & ACTING ACADEMY

Associate in Arts and/or Certificate of Accomplishment

Mission Statement: Students completing our program should be fully prepared to move on to a more advanced level in post-secondary institution or in the workforce.

Outcomes:

- Develop a basic knowledge and experience of live performance synthesizing lower division level principles and theories of acting, production techniques, and creativity.
- Develop a respect for theatre as a means of personal, cultural, or social expression.

Students learn skills necessary for jobs in the Theatre Arts field related to acting. For more departmental information call (562) 938-4563 or visit <http://tdf.lbcc.edu>.

TOOL DESIGNER**Associate in Science and/or Certificate of Achievement**

Please contact the department for additional information.

WEB DEVELOPMENT**Associate in Science**

Mission Statement: The Web Development program is designated to prepare students for employment in web development and web programming positions within an organization. Students will learn the skills to plan, create, and implement websites for a wide-variety of businesses and organizations. Emphasis will be placed on mobile application development, responsive design and usability.

Outcomes:

- Plan, design, develop, implement and maintain responsive websites and applications.
- Demonstrate an understanding of common terms in web application development.
- Create user-centered websites using modern languages and tools that comply with current web standards.

This Associate Degree is a two-year program leading to the Associate in Science degree. Students will learn relevant and current web technologies including HTML, CSS, JavaScript/jQuery and database concepts. Other topics include mobile web application development, responsive design, accessibility and user-centered design. This program is designed to prepare students for employment in Web Development related fields including both front-end development and back-end development. Students interested in a bachelor's degree (transfer program) should meet with a counselor to discuss how this program fully articulates with other schools.

REQUIRED COURSES	UNITS
COSA 50 Introduction to IT Concepts & Applications	4
COSP 7 Business Programming Logic & Design	4
COSP 38 Database Concepts	4
COSW 10 Beginning Website Development	4
COSW 20 Dynamic HTML Web Construction	4
COSW 240 Website Development with Drupal	3
COSW 200 Introduction to JavaScript and JQuery	4

COSW 221 Database Programming with PHP/MySQL II	3
TOTAL UNITS	33

CERTIFICATES OF ACCOMPLISHMENT:**PHP Web Programmer Certificate**

REQUIRED COURSES	UNITS
COSW 10 Beginning Website Development	4
COSP 38 Database Concepts	4
COSW 220 Database Programming with PHP/MySQL	3
COSW 221 Database Programming with PHP/MySQL II	3
TOTAL UNITS	14

Course Numbering System

Course numbers relate to the design of the class and applicability to degree and transfer programs.

1-599	Applicable to associate degree
1-99	Transferable for at least elective credit to any college having similar courses in its lower division curriculum.
100-199	Courses not intended for transfer but meeting a limited number of requirements for the AA/AS degrees.
200-299	Occupational courses intended to prepare students for immediate job entry.
300-399	Short term or short unit courses which parallel other 1-400 level courses.
400-499	Continuing education courses in occupational fields.
500-599	Vocational courses for apprentices.
600-699	Self-enrichment or basic skills courses which do not carry credit and for which no grade is awarded.
800-899	Courses in basic skills which have credit value that is not applicable to transfer or an associate degree.

Check with the catalog or a counselor if you have questions about course credit applicability.

Skills and performance courses in which enrollment may be repeated are designated with a fixed course number followed by letters indicating the number of times the course may be taken for credit. The following letters, when not separated by a hyphen, authorize enrollments as follows: AB = 2 semesters, AC = 3 semesters, AD = 4 semesters.

Courses which extend for more than one semester in length and in which each semester of the class contains different content have a fixed course number and a single letter indicating the specific semester of the course.

In some instances, a three-digit course number in the schedule of classes or on the transcript is not listed under the same course number in the catalog. In such cases, the course has been listed in the catalog with the first digit changed. For example, DRAFT205A in the catalog may be listed as 305A in the schedule of classes.

Some courses are modular courses. Such courses carry an additional designation: M1, M2, M3, M4, etc. Example: WELD 211M1, Introduction to Welding, is the first module of a class section listed in the schedule of classes for the primary course, WELD 211 (Introduction to Welding) as listed in this catalog.

Course Prerequisites, Corequisites and Recommended Preparation

Prerequisites, corequisites and recommended preparation advice are listed with some courses in this catalog and the schedule of classes.

A **PREREQUISITE** is a course or assessment that must be completed before enrolling in the course. Satisfactory completion of an assessment requires successful completion of the assessment process. Satisfactory completion of a prerequisite course requires a grade of CR, "C" or better.

If you have completed the prerequisite at another college or in high school, you must bring a copy of your official transcript to the Admissions and Records Office and ask for an equivalency evaluation before registering. You may challenge the prerequisite if you think you have knowledge and the ability to succeed in the course, particularly if you are drawing upon your work experience and wish to take a vocational course.

A **COREQUISITE** is a course in which you must be enrolled at the same time as the companion course. This is often the case in science classes which include a lab. Sometimes, you may be allowed to complete the corequisite course in a prior semester.

A **RECOMMENDED PREPARATION** statement is advice which the faculty want to give you.

Challenging Course Requisites and Limitations

Challenging course requisites and/or limitations requires written documentation that explains the alternative course work, background and/or abilities that adequately prepare you for the course. You may obtain a Requisite Challenge form from the Admissions and Records Office. Reasons for challenging requisites or limitations must include one or more of the following:

1. A requisite course is not reasonably available over a period of several semesters;
2. You believe the requisite or limitation was established in violation of a regulation or District-approved process for establishing requisites and limitations;
3. You believe the requisite or limitation is discriminatory or being applied in a discriminatory manner; or
4. You have the documented knowledge or ability to succeed in the course.

File your Requisite Challenge form with the School Office or department head responsible for the course you want to enter. If space is available in the class at the time you file your challenge, you may register for the challenged course and the District will resolve your challenge in a timely manner. If your challenge is denied, you will be dropped from the challenged class.

If no space is available in the challenged class at the time you file, the District will resolve your challenge prior to the beginning of registration for the next term. You may register in the challenged class during your normal registration period if your challenge is approved.

Curriculum Offerings

The college reserves the right to determine which of the courses listed in the catalog are to be offered in each semester. Changes in curriculum or course content may occur after the printing of this catalog.

To Be Arranged (TBA) Courses

This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. This allows for specific lecture and/or lab instructional activities to be delivered through more flexible scheduling of days and times but for a specified number of hours and in accordance with the requirements and specific instructional activities of the course outline of record. This will be expected of all enrolled students. Please see the schedule of classes for the number of TBA hours to be completed for this course.

Student Alert: Understanding Transfer Course Descriptions

The phrase at the bottom of the course descriptions offered under "Courses of Instruction" must be read with care. Students should be aware of this key phrase, *Transferable to CSU/UC, see a counselor for limitations*. A course can transfer to the CSU or UC system as an elective part of a major and/or as general education credit. Since general education courses can be *certified* by LBCC when completed, students should consult pages 34-39 to see if the course is on the appropriate general education pattern. If the course is not found on the general education pattern, the course may be counted as part of the major or as an elective by the institution receiving the transfer student. It is the student's responsibility to select courses that meet his/her educational goals. The best advice for interpreting this phrase, therefore, is to *see a counselor*.

Experimental Courses

The descriptor “Experimental” applies college-wide and is issued as a curricular placeholder identified by a standard number (98, 298 or 898) and by the general heading Experimental. These courses provide an opportunity for curriculum experimentation and innovation.

While the Experimental course option offers a department curricular opportunities, it also has some limitations, particularly for students.

Credits are degree applicable (98, 298) as elective credits only.

Credits are transferable (98) as elective credits only.

Experimental courses cannot be placed on a program's curriculum guide.

Experimental courses cannot be used as a pre- or corequisite for another course.

Experimental courses cannot apply to a certificate or degree requirement.

For courses numbered 898, the units of credit may be used for workload purposes but may not be applied to any certificate or degree.

CURRICULUM OFFERINGS

The courses offered in this catalog may not be offered every term or every year. If a course is not offered every term you will see a note at the end of the catalog description to tell you when the course is usually offered. Check the Schedule of Classes for our current term offerings.

ACCOUNTING (ACCTG)

ACCTG 1A 5.0 units

Principles of Accounting

5.6 hours lecture

Recommended Preparation: ACCTG 200A or one year of bookkeeping.

Grading: letter grade

The course presents the study of methods and techniques used in analyzing, recording and summarizing those procedures used in preparing a balance sheet along with the statements of income, retained earnings and cash flow for a corporation. Further, this course describes and illustrates financial accounting principles including classification of accounting activities, recording of financial transactions, along with the presentation of the four basic financial statements for internal and external users with an emphasis on the corporate form business entity.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ACCTG 1B 5.0 units

Principles of Accounting

5.6 hours lecture

Prerequisite: ACCTG 1A

Grading: letter grade

Topics in this course include accounting theory and practice for manufacturing, departmental, and cost accounting techniques; performance evaluation; profit reporting and analysis; interpretation of financial statements and budgets; product pricing and performance evaluation; capital investment analysis; and business ethics. This course provides students with information and techniques used by management in evaluating the daily operations and related costs of a business, in planning future operations, making decisions, and developing overall business strategies.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ACCTG 200A 3.0 units

Introduction to Accounting

3.4 hours lecture

Grading: letter grade

This course provides a general overview and understanding of the accounting principles for a business enterprise, with a focus on those business activities for both service and merchandising businesses, using a double-entry system and the accrual method for recording financial transactions. The course will introduce students to key accounting terms, the accounting equation and related impact of business accounting transactions, the integration of the business transactions into the financial statement framework, along with an understanding of cash activities, receivables, inventories, fixed assets, liabilities, shareholders' equity, revenues and expenses. The course will cover the primary financial statements utilized by a business, including financial statement analysis, and will give students a fundamental foundation of

accounting and its importance to a business, a general understanding of the activities of a business and the financial reporting of a business.

ACCTG 205 3.0 units

Fundamentals of Tax

3.4 hours lecture

Grading: letter grade

Students will learn to prepare federal income tax returns for individuals. This course emphasizes the practical use of tax forms and supporting schedules and also reflects the most recent changes in the Internal Revenue Code.

ACCTG 228 2.0 units

Computerized Gen Ledger Account Systems

2.3 hours lecture, 1.1 hours laboratory

Prerequisite: ACCTG 1A or ACCTG 200A

Grading: letter grade

This course provides students with experience using a commercial general ledger accounting program.

ACCTG 229 3.0 units

Spreadsheet Accounting

3.4 hours lecture, 1.1 hours laboratory

Prerequisite: ACCTG 1A

Recommended Preparation: Working knowledge of Microsoft Excel or COSA 15AD.

Grading: letter grade or pass/no pass

The course will cover the functions and features of Excel most commonly used in Accounting/Finance applications. Many of the routine manual functions studied in the Financial Accounting course will be automated by using Microsoft Excel. Instruction will focus on preparing financial Excel models and templates that are functional, flexible, and easily maintainable. Refresher lectures will be presented on the Accounting topics specific to the Excel modeling assignments.

ACCTG 230 2.0 units

Quickbooks Accounting

2.3 hours lecture

Recommended Preparation: General familiarity and use of a PC

Grading: letter grade or pass/no pass

Intro to basic small business accounting concepts and to a complete accounting software system. Provides hands-on exposure to the major features of the Quickbooks accounting software accompanied by instruction in the accounting concepts being employed.

ADMINISTRATION OF JUSTICE (ADJUS)

ADJUS 2 3.0 units

Introduction Administration of Justice

3.4 hours lecture

Grading: letter grade

The history and philosophy of the criminal justice process and its relationship to our dual court system is discussed. The role relationship and inter-dependency of the Criminal Justice System components is reviewed. The historical concepts of criminality, punishment and rehabilitation are compared and contrasted. The significance of professionalism and its impact upon the relationship between the community and agents of the Criminal Justice System is emphasized.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ADJUS 3 3.0 units

Introduction to Criminal Procedures

3.4 hours lecture

Grading: letter grade

This course covers legal processes from pre-arrest through trial, sentencing and correctional procedures. The course will review the history of case and common law, conceptual interpretations of law as reflected in court decisions, case law methodology and case research as the decisions impact upon the procedures of the justice system.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 4 3.0 units

Criminal Law

3.4 hours lecture

Grading: letter grade

This course offers an analysis of the doctrines of criminal liability in the United States and the classification of crimes against persons, property, morals and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law and the nature of acceptable evidence. This course utilizes case law and case studies to introduce students to criminal law. The completion of this course offers a foundation upon which upper-division criminal justice courses will build. The course will also include some limited discussion of prosecution and defense decision making, criminal culpability and defenses to crimes.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ADJUS 5 3.0 units

Community and Human Relations

3.4 hours lecture

Grading: letter grade

The course is designed to explore the changing role and relationship between the agents of the Criminal Justice System and the community. Human behavior, cultural diversity, communication skills and the discretionary enforcement of the law are discussed in conjunction with the need to maintain community trust, faith and confidence. Styles of policing and their impact upon communities and citizen support and cooperation are also discussed in detail.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ADJUS 6 3.0 units

Introduction to Evidence

3.4 hours lecture

Grading: letter grade

The course covers the historical development, philosophy and constitutional basis of evidence, constitutional and procedural considerations affecting arrest, search and seizure, kinds and degrees of evidence and rules governing admissibility. Judicial decisions interpreting case studies of individual rights are also evaluated from a conceptual perspective.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 8 3.0 units

Introduction to Investigation

3.4 hours lecture

Grading: letter grade

The course covers fundamentals of investigation, techniques of crime scene search, recording and documentation, and collection and preservation of physical evidence. Modus operandi processes, sources of information, suspect interviewing and interrogation and follow-up investigation are additionally covered.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 10 3.0 units

Writing for Criminal Justice

3.4 hours lecture

Grading: letter grade

The course focus is developing effective communication skills in writing for the Criminal Justice System. The elements of effective report writing, including grammar, punctuation and spelling are emphasized. The importance of crime scene interviewing, recording and documentation are covered relating to the preparation of report writing and courtroom testimony.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 14 3.0 units

Juvenile Law and Procedures

3.4 hours lecture

Grading: letter grade

The course focus is juvenile justice and delinquency in America and how our Juvenile Justice System deals with juvenile offenders. Juvenile delinquency prevention and repression techniques are also covered. Delinquency diagnosis and referral is reviewed in conjunction with the availability of community resources to combat the problem. Juvenile law and related court procedures are also discussed.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 16 3.0 units

Vice, Narcotics and Organized Crime

3.4 hours lecture

Grading: letter grade

This course will focus on the relationship between organized crime and the community. Covert criminal activities and their impact upon our social structure is also reviewed. Related criminal activities to organized crime, including vice, narcotics and white collar crime and their political influence on our legal system, are also discussed.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 17 3.0 units

Computer Use in Criminal Justice

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade

The course focus is communications technology in the Criminal Justice System. Computer operations, wireless communications and geographic systems are emphasized. Ethical, legal and privacy issues that impact communications technology will also be covered. The computer assisted dispatch system, terminology, concepts and technology will also be included in this course.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 18 3.0 units

Police Field Operations

3.4 hours lecture

Grading: letter grade

Through the use of classroom lecture and scenario training this course covers policing in America. Specific areas to include, patrol, traffic, preliminary investigations, interviewing and interrogation, search and seizure, civil and domestic disturbances and requests for community service. Most importantly, it focuses on the relationship between citizens in the community and the police who serve them.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 19 3.0 units

Fingerprint Classif & Identification

3.4 hours lecture

Grading: letter grade

This course provides an introduction to the science of fingerprint pattern recognition, comparison and identification. This course focuses on fingerprints of record, with an emphasis on the history and application of science to fingerprints and their role in the forensic domain. This is an interactive course where students will also participate in recording, developing, and comparing fingerprints.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 20 3.0 units

Introduction to Corrections

3.4 hours lecture

Grading: letter grade

The course focus is a survey of the correctional science field. The early history and development of corrections is reviewed. Correctional theory and practice are discussed relative to potential causes of criminal behavior. Additionally, the criminal justice system processes relating to incarceration, probation and parole and their influence upon the offender's behavior and career opportunities are evaluated.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 40 3.0 units

Street Gangs and Law Enforcement

3.4 hours lecture

Grading: letter grade

This course provides an overview of the "Gang" problem in society. The historical perspective and cultural and societal dynamics of gang involvement will be reviewed. Law enforcement tactics, court injunctions, prosecution, intelligence gathering and gang intervention are all emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 45 3.0 units

Drug Abuse and Law Enforcement

3.4 hours lecture

Grading: letter grade

This course is designed to create an awareness of drug abuse in society. The historical perspective of controlled substance abuse is reviewed. Classification of drugs, symptomatic indicators of drug abuse and addiction are emphasized. The relationship between drug abuse, crime and law enforcement intervention is further

discussed. Controlled substance abuse and the tactical response of the Criminal Justice System is also covered.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 61 1.0 unit

Defensive Tactics

0.8 hour lecture, 1.5 hours laboratory

Grading: letter grade

This course is designed to increase the knowledge, tactics and personal skill in the use of weaponless defense. Holds, restraints, take-downs and come-a-longs are covered to defend against combative individuals with dangerous weapons. Disarming methods, the use of the baton and transportation of those in custody are also emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 62 1.0 unit

Firearms

3.4 hours laboratory

Prerequisite: ADJUS 2 and the student must successfully complete a Department of Justice, "Live Scan" background criminal history check and meet the agency requirements for background clearance.

Grading: letter grade

This course provides a background on Federal, State and local authority relating to the use of force in gaining compliance to the law. It also explains the "use of force paradigm" and the legal and moral aspects of the use of deadly force. Students develop basic firearms competence and proper safety procedures. Students also become familiar with special weapons, types of ammunition and protective devices used in law enforcement.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADJUS 253 3.0 units

Understanding Domestic Violence

3.4 hours lecture

Grading: letter grade

The course offers insights into the causes, behaviors and problems associated with domestic violence. It describes and investigates the reasons behind violent behavior and the toll taken on victims. Laws relating to domestic abuse, and mandated reporter's responsibilities, alternative recommendations to abusive relationships and various sources for assistance are covered.

ADJUS 255 3.0 units

Introduction to Forensics

3.4 hours lecture

Grading: letter grade

This course is an introduction to multiple contemporary scientific methodologies utilized in the development of criminal case investigations. This class is appropriate to administration of justice majors, and others with a specific interest in forensic methods.

ADJUS 269 3.0 units

Pre-Employment Preparation for Law Enforcement

3.4 hours lecture

Grading: letter grade

Students contemplating a future within the various components of the Criminal Justice System will be provided with both a practical and realistic opportunity to gain insight and understanding into the initial

preparation, testing, evaluation, academy curriculum content and processing for entry level positions within the Justice System.

**ADVANCED TRANSPORTATION
TECHNOLOGY (ATT)**

ATT 480 3.5 units

Intro to Hybrid & Electric Vehicles

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 480. This course is a hands-on approach to the world of Hybrid, Fuel Cell and Electric powered vehicles. Discover how this new technology works as it replaces existing fossil fueled engines. Examine existing technologies, conversion processes, testing, assembly, operation, and maintenance of Hybrid-Electric, Fuel Cell and Battery Powered electric vehicles. Appropriate safety related instruction is included.

ATT 481 3.5 units

Advanced Hybrid & Electric Vehicles

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 481. This course furthers the student's skills in electric vehicles (EVs) and hybrid electric vehicles (HEVs) and provides an introduction to advanced EV designs and propulsion systems. The students will work with hybrids, Fuel Cells & A/C drive systems in advanced design electric vehicles. The course includes: EV design and construction; the testing, assembly, operation and maintenance of EVs; the influence of aerodynamic design; advanced technology batteries and intelligent charging systems; hydrogen fuel cell technology and alternative EV drive systems. Appropriate safety related instruction will be included in each segment.

ATT 482 3.5 units

Heavy Duty Hybrid & Electric Vehicles

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

This course introduces the students to heavy-duty electric vehicles (HD-EVs) and heavy-duty hybrid electric vehicles (HD-HEVs) and provides an introduction to advanced HD-EV designs and propulsion systems. The students will work with heavy-duty hybrids, Fuel Cells & A/C drive systems in advanced design heavy-duty electric vehicles. The course includes: HD-EV design and construction; the testing, assembly, operation and maintenance of HD-EVs; the influence of aerodynamic design; advanced technology batteries, super-capacitors, intelligent charging systems; hydrogen fuel cell technology and alternative HD-EV drive systems. Appropriate safety related instruction will be included in each segment.

ATT 483 3.5 units

Advanced Hybrid Diagnosis & Repair

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 483. This course increases the student's skill and knowledge and provides updated information in hybrid-electric vehicle technology. The course emphasizes OEM (original equipment

manufacturer) hybrid vehicle diagnosis and repair utilizing OEM diagnosis tools and methodology. Appropriate safety related instructions will be included in each segment.

ATT 490 3.5 units

Introduction to Alternative Fuels

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 490. Alternative fueled vehicles are extensively used in fleet service. This NATEF certified course covers theory of operation, installation, testing, trouble-shooting and repair of gaseous fuels with a focus on natural gas. Includes both dedicated and after-market systems. Gasoline and diesel powered vehicles are discussed with an emphasis on computer-controlled fuel injection. Current trends in the industry and preparation for taking the ASE (Automotive Service Excellence) F1 test in compressed natural gas systems is included.

ATT 491 3.5 units

Heavy Duty Alternative Fuels

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 491. Heavy duty/diesel alternative fueled vehicles with an emphasis on natural gas. Includes the theory of operation, installation, testing, trouble-shooting and repair of alternatively-fueled heavy duty vehicles with both dedicated and after-market systems. Lab intensive training in Natural Gas spark fired vehicles emphasizing computer controlled fuel management. Current trends in the industry and preparation for taking the ASE (Automotive Service Excellence) F1 test are included.

ATT 492 3.5 units

H D Alt Fuel Engine Diagnosis & Repair

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 492. Covers OEM and aftermarket spark ignited, alternatively-fueled truck and bus engines with an emphasis on computer controlled fuel management. The theory of operation, conversion, trouble-shooting and maintenance of alternatively-fueled heavy duty engines, emphasizing natural gas and computer controlled fuel management systems. Includes both factory and after-market dedicated systems. Current trends in the industry and preparation for taking the ASE (Automotive Service Excellence) F1 test are included.

ATT 493 3.5 units

Alt Fuels Conversion, Diagnosis & Repair

3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

Formerly AMECH 493. Covers diagnosis and repair of light and medium duty alternative fuel vehicles including aftermarket and OEM systems. The theory of installation, regulations and certification, manufacturing techniques and trouble-shooting of alternatively-fueled vehicles, emphasizing natural gas and computer controlled fuel management systems. Current trends in the industry and preparation for taking the ASE (Automotive Service Excellence) F1 test are included.

ATT 494 3.5 units

Heavy Duty LNG Fuel Systems
3.4 hours lecture, 1.7 hours laboratory
Grading: letter grade

This course concentrates on the diagnosis and repair of Liquefied Natural Gas (LNG) fuel systems as used in Heavy Duty applications. The cryogenic aspects of fuel storage and delivery to the engine will be discussed in both Pilot and Spark Ignited applications. The proper safe handling of LNG fuel will also be emphasized and included in the instruction.

ATT 801 2.0 units

Quick Service Tech-Lubrication Service
2.3 hours lecture, 0.2 hour laboratory
Grading: pass/no pass

Formerly AMECH 801. Learning to be a Quick-Service Lubrication Technician is one of the fastest ways to a job in automotive technology. This one-week course prepares you to enter this field immediately with skills needed for an entry-level job doing oil changes, lubrication, under hood services and vehicle inspections. Job seeking skills are included. This course is also excellent for the do-it-yourselfer who wants to learn how professionals do a lubrication service.

ATT 802 2.0 units

Quick Service Tech-Tire Service
2.3 hours lecture, 0.2 hour laboratory
Grading: pass/no pass

Formerly AMECH 802. Learning to be a Quick Service Tire Technician is one of the fastest ways to a job in automotive technology. This one-week course prepares you to enter this field immediately with skills needed for an entry-level job doing tire rotation, repair, replacement, balancing and vehicle inspections. Job seeking skills are included. This course is also excellent for the do-it-yourselfer who wants to learn how professionals do tire service.

ATT 803 2.0 units

Quick Service Tech-Brake Inspection
2.3 hours lecture, 0.2 hour laboratory
Grading: pass/no pass

Formerly AMECH 803. Learning to be a Quick Service Brake Inspection Technician is one of the fastest ways to a job in automotive technology. This one-week course prepares you to enter this field immediately with skills needed for an entry-level job doing brake safety inspections and vehicle inspections. Job seeking skills are included. This course is also excellent for the do-it-yourselfer who wants to learn how professionals do brake service.

***AIR CONDITIONING AND
REFRIGERATION (AC_R)***

AC_R 211 10.0 units

Air Condition/Refrigeration Fundamentals
5.6 hours lecture, 16.9 hours laboratory, 0.3 hour supplemental learning
Grading: letter grade or pass/no pass

This is the beginning course of a four-semester program for persons to become technicians in industrial and/or commercial air conditioning and refrigeration. This course covers shop safety practices, HVAC terminology, pressure/temperature relationships, heat transfer, analysis of components and complete systems,

employee and employer relationship. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

AC_R 212 10.0 units

Electrical Theory/Component Applications
5.6 hours lecture, 16.9 hours laboratory, 0.3 hour supplemental learning

Grading: letter grade or pass/no pass
This course covers electrical systems found in heating, refrigeration and air conditioning installations and equipment. Also covered are formulas used in electrical theory, the interpretation of schematic wiring diagrams, electrical components and applications. This course also covers the theory and lab work associated with motors, thermostats, controls, and circuit analysis. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

AC_R 213 10.0 units

Heating, Psychrometrics & Heat Loads
5.6 hours lecture, 16.9 hours laboratory, 0.3 hour supplemental learning

Prerequisite: AC_R 211 or AC_R 212
Grading: letter grade or pass/no pass
This course discusses comfort as it relates to the human body, psychrometrics, gas heating, and electric heating. The psychrometric chart is covered in detail. Total heat and building air conditioning specifications, including heating and cooling load calculations are discussed. Other topics include the forced air system, types of fans and fan drives, duct materials and fastening devices, and sizing duct and measuring air movement for balancing. Operating, safety, and electronic controls for air conditioning are covered. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

AC_R 214 10.0 units

Troubleshoot Total Comfort Systems
5.6 hours lecture, 16.9 hours laboratory, 0.3 hour supplemental learning

Prerequisite: AC_R 213
Grading: letter grade or pass/no pass
This is an advanced course that requires knowledge of troubleshooting of both electrical and mechanical equipment, electrical, electronic, and pneumatic controls. This course covers the complete electrical and mechanical design, service and troubleshooting of a commercial/industrial facility. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

AC_R 220 3.0 units

Refrigeration Fundamentals
2.8 hours lecture, 1.7 hours laboratory
Grading: letter grade or pass/no pass

This course is a basic study of vapor compression refrigeration cycle and system components. It includes shop safety practices, terminology, pressure/temperature relations, and heat transfer. System dehydration, recovery techniques, charging of refrigerants will also be covered. The material in this course will reflect the current Environmental Protection Agency (EPA) requirements of Section 608 of the Clean Air Act of 1990.

AC_R 223 3.0 units

Gas Heating Fundamentals

2.8 hours lecture, 1.7 hours laboratory
 Recommended Preparation: AC_R 220
 Grading: letter grade or pass/no pass

This course will cover the theory, operation and application of natural gas heating systems used in residential and commercial heating installations including the properties of fuel gases, gas combustion, furnace construction pilot proving devices and troubleshooting systems.

AC_R 226 2.0 units

Air Properties and Measurement

2.3 hours lecture
 Recommended Preparation: AC_R 220
 Grading: letter grade or pass/no pass

This course investigates the air side operating theory and application of comfort cooling systems. This course will include the psychometrics that will include the measurement and air distribution through duct design and component identification.

AC_R 229 3.0 units

Heat Pumps

2.8 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass

This course will cover the theory, operation and application of heat pump systems used in residential and commercial heating and cooling installations. The heat pump refrigeration cycle, reversing valves, defrost methods, supplemental heat, airflow and thermostats will also be covered.

AC_R 230 3.0 units

Electrical Fundamentals

2.8 hours lecture, 1.7 hours laboratory
 Recommended Preparation: AC_R 220
 Grading: letter grade or pass/no pass

This course includes the basic concepts of electrical principles as used in air conditioning and refrigeration. The development of schematic diagrams, the application of electrical components, the electrical sequence of operation, and troubleshooting of electrical systems will be covered.

AC_R 233 3.0 units

Commercial Electrical for HVAC

2.8 hours lecture, 1.7 hours laboratory
 Prerequisite: AC_R 230

Grading: letter grade or pass/no pass
 This course covers electrical systems found in commercial heating, refrigeration and air conditioning systems. It will also include the topics of time clocks, defrost systems, three phase transformers, three phase motors, timers, sequencers, starting methods and troubleshooting of commercial electrical systems.

AC_R 236A 2.5 units

Automobile Air Conditioning

2.3 hours lecture, 1.7 hours laboratory
 Recommended Preparation: AC_R 220 or AC_R 211 or AC_R 450A

Grading: letter grade or pass/no pass
 This course covers tools, equipment, refrigeration fundamentals, electrical systems, air distribution, installation and repair of automobile air conditioning. System dehydration, recovery techniques, charging of

refrigerants will also be covered. The material in this course reflects the current Environmental Protection Agency (EPA) requirements of Section 609 of the Clean Air Act of 1990.

AC_R 240 4.0 units

Advanced Air Conditioning

3.4 hours lecture, 3.4 hours laboratory
 Prerequisite: AC_R 220

Grading: letter grade or pass/no pass
 This is an advanced course that requires knowledge of air conditioning mechanical and electrical systems. This course will cover the operation, maintenance and troubleshooting of commercial and industrial HVAC systems. This course also covers theory and practices associated with chilled water systems, absorption chilled water systems, cooling towers and pumps. Equipment efficiency rating, EER and SEER are also covered.

AC_R 260 3.0 units

Solar Hot Water Heating

2.8 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass

This course is a basic study on the essentials of installing code compliant solar thermal systems including Solar Hot Water and Solar Pool Heating. This course will cover the basic concepts, system configurations, guidelines and installation techniques involved with solar thermal systems. This course will consist of lecture, demonstration and lab activities. This course is designed for students who currently work in or plan to be employed in the solar hot water industry.

AC_R 400A 3.0 units

Uniform Mechanical Code I

3.4 hours lecture
 Grading: letter grade or pass/no pass

This course will cover the purpose of the Uniform Mechanical Code. It will provide information about the complete requirements for the installation and maintenance of residential heating, ventilating, cooling and refrigeration systems.

AC_R 421A 3.0 units

Elect Controls for Refrig/Air Cond/Heat

3.4 hours lecture
 Grading: letter grade or pass/no pass

This course covers the theoretical and practical principles involving the control of air conditioning and refrigeration equipment. Topics covered are the selection, application and maintenance of automatic controls for heating, ventilation and cooling systems.

AC_R 421B 3.0 units

Pneumatic Controls for HVAC

3.4 hours lecture
 Prerequisite: AC_R 421A

Grading: letter grade or pass/no pass
 This is an advanced course that requires knowledge of basic air conditioning and refrigeration controls. This course covers the selection, application and maintenance of automatic controls found the large commercial/industrial facilities.

AC_R 422 **3.0 units**
Air Conditioning System Design and Installation
3.4 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to estimating and selection of equipment used in residential, commercial and industrial air conditioning, heating and ventilating systems.

AC_R 450A **5.0 units**
Transport Refrigeration
4.5 hours lecture, 3.4 hours laboratory
Grading: letter grade
This course is an introduction to transport refrigeration. This course covers the application, function, power supply, basic operation, safety and troubleshooting of mechanical and electrical components of transport refrigeration equipment.

AC_R 450B **5.0 units**
Advanced Transport Refrigeration
4.5 hours lecture, 3.4 hours laboratory
Prerequisite: AC_R 450A
Grading: letter grade
This is an advanced course that requires knowledge of basic transport refrigeration. This course covers the complete application, service, and troubleshooting of transport refrigeration systems.

ALLIED HEALTH (AH)

AH 60 **3.0 units**
Medical Terminology
3.4 hours lecture, 0.2 hour supplemental learning
Grading: letter grade
This course is designed to develop a comprehensive medical vocabulary. Emphasis will be placed on spelling, definitions, and pronunciation of terms related to the body systems and medical specialties. In order to assist students with the challenges of the course content, students are required to complete 3 hours of Supplemental Learning Assistance activities in a Multidisciplinary Success Center over the course of the semester.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

AH 61 **2.0 units**
Integration of Patient Care
1.1 hours lecture, 3.4 hours laboratory
Grading: letter grade
This course is designed to develop the fundamental aspects of interpersonal relations as related to the health care professions, as well as, basic skills in selected patient care procedures. This course is designed for students in the Diagnostic Medical Imaging Program.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

AH 220 **2.0 units**
Phlebotomy
1.7 hours lecture, 1.7 hours laboratory
Grading: pass/no pass
This course provides instruction in the principles and practices of blood specimen collection as required by the health care regulations in California. Completion of the course meets the following requirements: 1) complete didactic and partial practice to qualify for the examination for Certified Phlebotomy Technician I as

defined by the Department of Health Services; 2) complete didactic and partial practice for Medical Assistant certification as defined by the California Society of Medical Assistants; 3) complete didactic and practice for Blood Withdrawal certificate as defined by the Board of Vocational Nursing and Psychiatric Technicians.

AH 223 **1.0 unit**
Phlebotomy Practicum
3.4 hours laboratory
Prerequisite: AH 220
Grading: pass/no pass
Formerly AH 220AD. This course provides the clinical laboratory experience in phlebotomy required to qualify for the examination of Certified Phlebotomy Technician I. This course and AH 220 are approved as a phlebotomy program by the State of California Department of Health Services Field Laboratory Services.

AH 225 **0.5 unit**
Basic Arrhythmia Recognition
0.6 hour lecture
Prerequisite: ADN 11B and ADN 11BL or Licensed RN, VN 255 or VN 265 or Licensed VN, EMT 251 and EMT 251L or Licensed EMT
Grading: pass/no pass
This course provides instruction in the interpretation of the single lead electrocardiogram. This course includes the relationship between cardiac physiology and the development of cardiac rhythm, as well as the correlation of electrocardiogram status to patient condition and expected treatment. This course is designed for health care workers or students interested in the care of patients with cardiac problems. Successful completion prepares the student for the ECG component of the American Heart Association Advanced Cardiac Life Support class. This course would be suitable for health care students and registered nurses, vocational nurses, radiologic technologists and emergency medical technicians.

AH 276 **1.0 unit**
Health Care Law
1.1 hours lecture
Grading: letter grade
This course is designed to develop a basic understanding of health care law, medical ethics and how they relate to health care providers.

AH 285 **1.0 unit**
Health Care CPR and Vital Signs
1.1 hours lecture, 0.6 hour laboratory
Grading: letter grade
This course is designed for students entering a healthcare field. Topics covered include Health Care provider CPR, including Automatic Defibrillator training, and assessment of vital signs and their significance in patient care.

ANATOMY (ANAT)

ANAT 1 **4.0 units**
Human Anatomy
3.4 hours lecture, 3.4 hours laboratory
Grading: letter grade or pass/no pass
This course is the study of the structure of the human body. This course provides the basic knowledge and lab skills to meet the needs of pre-nursing, physical

education, physical therapy, and allied health majors. Dissection of a cat is required.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANAT 41 5.0 units

Anatomy & Physiology

4.5 hours lecture, 3.4 hours laboratory, 0.2 hour supplemental learning

Grading: letter grade or pass/no pass

This course is an introduction to the study of the structures and functions of the human body. Knowledge learned in lecture is reinforced by laboratory experiments and dissections. This course is designed for students in certain health related majors as well as students not majoring in the life sciences. Dissection of the fetal pig is required. Students are required to complete 4 hours of Supplemental Learning Assistance activities in designated Success Centers.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHROPOLOGY (ANTHR)

ANTHR 1 3.0 units

Physical Anthropology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course introduces the concepts, methods of inquiry, and theory of biological evolution and their application to the human species. Issues and topics will include the principles of genetics and evolution, human variation and biocultural adaptations, comparative primate anatomy and behavior, and the fossil evidence for human evolution. The philosophy of science and the scientific method serve as foundations to the course.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 1H 3.0 units

Honors Physical Anthropology

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course focuses on demonstrated understanding of the evolutionary physical characteristics that distinguish humans from other life forms. Major topics included in the course are human genetics, human physical variation, primatology, the origin and evolution of humans, and the synthetic theory of evolution.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 2 3.0 units

Cultural Anthropology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to the study of the concepts, theories, and methods used in the comparative study of sociocultural systems. This course includes a comparison of subsistence patterns, social structure, political organization, language, family, kinship, religion, and the arts as practiced by different cultures. It also explores social inequality, ethnicity, and gender and the application of anthropological perspectives to contemporary issues in the midst of culture change.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 2H 3.0 units

Honors Cultural Anthropology

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course is an introduction to the study of the concepts, theories, and methods used in the comparative study of sociocultural systems. This course includes a comparison of subsistence patterns, social structure, political organization, language, family, kinship, religion, and the arts as practiced by different cultures. It also explores social inequality, ethnicity, and gender and the application of anthropological perspectives to contemporary issues in the midst of culture change.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 3 3.0 units

Intro to Archaeology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to the study of concepts, theories, and methods of anthropological archaeology as well as a review of significant data and models that contribute to knowledge of the human past. The course includes a discussion of the history and interdisciplinary nature of archaeological research; dating techniques and methods of survey, excavation, and analysis; cultural resource management; ethical considerations; and selected cultural sequences.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 3H 3.0 units

Honors Intro to Archaeology

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course is an honors introduction to the study of concepts, theories, and methods of anthropological archaeology as well as a review of significant data and models that contribute to knowledge of the human past. The course includes a discussion of the history and interdisciplinary nature of archaeological research; dating techniques and methods of survey, excavation, and analysis; cultural resource management; ethical considerations; and selected cultural sequences.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 10 3.0 units

Magic, Witchcraft and Religion

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a survey of systems of magic, witchcraft and religion from past and present societies around the world. The course examines beliefs and practices in cultural settings with respect to the role of the supernatural in people's lives.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ANTHR 20 3.0 units

Archaeology Field Survey Methods

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course will introduce students to archaeological survey methods through lectures and supervised field experience. Instruction will focus on compass reading, topographic map orientation, research design, and

creating maps using various survey instruments, including a pocket transit, automatic level, and electronic total station.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHITECTURAL DESIGN (ARCHT)

ARCHT 60 **8.0 units**

Architectural Design

6.8 hours lecture, 6.8 hours laboratory

Recommended Preparation: One year of high school drafting or DRAFT 201

Grading: letter grade

This is a beginning computer aided drafting (CAD) course that uses the most recent version of AutoCAD and focuses on developing basic architectural skills. The student will develop basic two-dimensional (2D) AutoCAD production drawing skills learning the relationship between plan, section and elevation drawings and use these to produce a preliminary set of production drawings for a simple building. Students learn to solve basic design problems of site design, space relationships, roof shapes and building aesthetics. Alternative solutions to design problems will be explored using freehand sketching and computer generated techniques.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 61 **4.0 units**

Architectural Design

3.4 hours lecture, 3.4 hours laboratory

Recommended Preparation: One year of high school drafting or DRAFT 201

Grading: letter grade

This is a beginning computer aided drafting (CAD) course that uses the most recent version of AutoCAD and focuses on developing basic architectural skills. The student will develop two dimensional (2D) AutoCAD production drawing skills. ARCHT 61 is one half of ARCHT 60, is transferable and leads to a certificate in architectural drafting.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 62 **4.0 units**

Architectural Design

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ARCHT 61 or DRAFT 201.

Grading: letter grade

This is a second semester computer aided drafting course that focuses on the development of basic architectural skills while using AutoCAD software. Students will learn to solve basic design problems of site analysis, space relationships, roof design, building aesthetics and material selection. Alternative solutions to design problems will be explored using the computer and freehand sketching techniques. The student will learn intermediate 2D AutoCAD with an introduction to 3D drawings. (Units and content are one half of ARCHT60).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 64 **8.0 units**

Architectural Design

6.8 hours lecture, 6.8 hours laboratory

Prerequisite: ARCHT 60 or ARCHT 62

Grading: letter grade

This is an intermediate level computer aided architecture course for transfer or occupational students. It is a drafting and design course where students will create 2D and 3D architectural designs, 2D construction drawings and build physical and digital models. Students will utilize freehand sketches and the latest 2D and 3D software (i.e. AutoCAD, Sketch-up). Drawings include: site, floor and roof plans, sections, elevations, schedules, foundation plan and limited details. An opportunity to enter a design competition and build a portable structure may exist in the spring semester.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 65 **4.0 units**

Architectural Design

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ARCHT 62 or ARCHT 60

Grading: letter grade

This is the first semester of two intermediate level architecture courses for the transfer, occupational or returning student. It is a drafting and design course where students will create 2D and 3D architectural designs, 2D construction drawings and build physical models. The student will use sketches and the latest AutoCAD software products. Drawings include: site plan, floor plan(s), roof plan & elevations. (Units and content are one half of ARCHT 64).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 66 **4.0 units**

Architectural Design

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ARCHT 65

Grading: letter grade

This is the second semester of two intermediate level architecture courses for the transfer, occupational or returning student. It is a drafting and design course focused on developing further the drawing skills learned in ARCHT 65, with an introduction to 3D drawing systems. Students will create 2D and 3D architectural designs, 2D construction drawings and build digital models utilizing sketches and the latest 2D & 3D software (i.e. AutoCAD, sketch-up). Drawings include: site, floor & roof plans, elevations, sections, schedules, foundation plan and limited details. (Units and content are one half of ARCHT 64).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 70A **8.0 units**

Architectural Design

6.8 hours lecture, 6.8 hours laboratory

Prerequisite: ARCHT 64 or ARCHT 66

Grading: letter grade

Formerly ARCHT 70AB. This is an advanced level computer aided architecture course (2 semesters) for transfer or occupational students. It is a drafting and design course that utilizes the latest AutoCAD products, freehand sketching and various 3D software products. Students will create complex 2D and 3D architectural designs, complete 2D building plans and build physical and digital models. Drawings include: architectural, structural, electrical, mechanical and construction

details. An opportunity to enter a design competition and build a portable structure may exist in the spring semester.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 71A 4.0 units

Architectural Design

3.4 hours lecture, 3.4 hours laboratory
Prerequisite: ARCHT 64 or ARCHT 66
Grading: letter grade

Formerly ARCHT 71AD. This is an advanced level computer aided architecture course for transfer, occupational or continuing student. It is a drafting and design course that utilizes the latest AutoCAD products, freehand sketching and various 3D software products. Students will create complex 2D and 3D architectural designs, complete 2D building plans and build physical and digital models. Drawings include: architectural site, floor, roof, elevation, section and construction details. (Units and content are equal to one-half of ARCHT 70).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ARCHT 230 4.0 units

Building Information Modeling, Beginning

3.4 hours lecture, 3.4 hours laboratory
Recommended Preparation: ARCHT 60 or ARCHT 61 or familiarity with Architectural concepts.
Grading: letter grade or pass/no pass

This is a beginning class in a series of three, aimed at individuals with a drafting background employed in architecture, interior design and other related fields, who wish to upgrade their skills in the area of parametric Building Information Modeling, BIM. Students will be instructed in the essentials of Revit Architecture or an equivalent BIM software. Instruction will emphasize the fundamentals of developing a BIM architectural modeling project and extracting formatted working drawings and a rendered presentation from the 3D model.

ARCHT 231 4.0 units

Building Information Modeling, Int.

3.4 hours lecture, 3.4 hours laboratory
Prerequisite: ARCHT 230
Grading: letter grade or pass/no pass

This is an intermediate class second in a series of three aimed at individuals with a drafting background employed in architecture, interior design and other related fields who wish to upgrade their skills in the area of parametric Building Information Modeling, BIM. Students will be instructed in the essentials of Revit Architecture or an equivalent BIM software. Instruction will emphasize collaboration tools, advanced design development tools, and advanced construction document tools through the development of a high rise commercial structure project.

ARCHT 232 4.0 units

Building Information Modeling, Adv.

3.4 hours lecture, 3.4 hours laboratory
Prerequisite: ARCHT 231
Grading: letter grade or pass/no pass

This is an advanced class the third in a series of three aimed at individuals with a drafting background employed in architecture, interior design and other related fields who wish to upgrade their skills in the area of parametric Building Information Modeling, BIM. Students will be instructed in the essentials of Revit

Architecture or an equivalent BIM software. Instruction will enable students who have worked with BIM to expand their knowledge in the areas of Conceptual Design and BIM Management and the analysis of a BIM project per applicable Leadership in Energy and Environmental Design requirements, LEED, codes, and national standards.

ARCHT 240 3.0 units

Introduction to Green Design

3.4 hours lecture
Grading: letter grade

This course will provide an overview of environmentally responsible design including green and sustainable design application for Interior Designers. Case studies of green building projects will include evaluation of “green” interior finishes and materials, energy efficient lighting design, and water efficiency systems. This course will also provide preparation for the LEED Accredited Professional certification. Field trips will be required.

ARCHT 241 3.0 units

Introduction to LEED

3.4 hours lecture
Grading: letter grade

This course will present an overview of LEED (Leadership in Energy and Environmental Design). The LEED rating system will be covered including: Sustainable Sites, Water Efficiency, Energy & Atmosphere, Materials & Resources and Indoor Environmental Quality. This course will provide preparation for the LEED Accredited Professional certification. Field trips will be required.

ARCHT 360M1 1.5 units

Basic CAD for Architecture

1.1 hours lecture, 2.3 hours laboratory
Recommended Preparation: One year high school drafting or DRAFT 201.
Grading: letter grade

This is a beginning computer aided drafting (CAD) course that uses the most recent version of CAD. The course focus is on developing basic architectural knowledge and skills. The student will develop fundamental CAD skills and two dimensional (2D) sketch and production drawings. ARCHT 360M1 is one half of ARCHT 61 and leads to a certificate in architectural drafting.

ARCHT 360M2 1.5 units

Architecture Design CAD

1.1 hours lecture, 2.3 hours laboratory
Recommended Preparation: One year of high school drafting or ARCHT 360M1.
Grading: letter grade

This course is an entry level computer aided drafting (CAD) course that uses the most recent version of CAD. The focus is on developing basic architectural knowledge and drawing skills. The student will develop two dimensional (2D) CAD production drawings and be introduced to 3 dimensional (3D) drawing conventions. ARCHT 360M2 is one half of ARCHT 61 and leads to a certificate or associates degree in architectural drafting.

ART (ART)

ART 1 3.0 units

Art and Civilization

3.4 hours lecture

Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.

Grading: letter grade or pass/no pass

This course explores the artistic heritage of Western civilization from prehistory to the end of the Gothic period through the study of major monuments of painting, sculpture and architecture. It emphasizes the development of art forms as reflective of the social, political, religious, and aesthetic sensibilities of the historical periods covered. The course is appropriate for art majors and non-art majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 1H 3.0 units

Honors Art and Civilization

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.

Grading: letter grade or pass/no pass

This course explores the artistic heritage of Western civilization from prehistory to the end of the Gothic period through the study of major monuments of painting, sculpture and architecture. It emphasizes the development of art forms as reflective of the social, political, religious, and aesthetic sensibilities of the historical periods covered. The course is appropriate for art majors and non-art majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 2 3.0 units

Art and Civilization

3.4 hours lecture

Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.

Grading: letter grade or pass/no pass

This course is an historical approach to painting, sculpture, and architecture from Renaissance to modern times, emphasizing the relationship of art to concurrent philosophical, political, and social ideas. Discussions include key artists and their techniques. ART 1 is NOT a prerequisite.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 2H 3.0 units

Honors Art and Civilization

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.

Grading: letter grade or pass/no pass

This course is an historical approach to painting, sculpture, and architecture from Renaissance to modern times, emphasizing the relationship of art to concurrent

philosophical, political, and social ideas. Discussions include key artists and their techniques. ART 1 is NOT a prerequisite.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 3 3.0 units

Modern and Contemporary Art

3.4 hours lecture

Recommended Preparation: Qualification through the English assessment process at an ENGL 105 or ESL 34 and READ 82 or met the college proficiency for English and Reading

Grading: letter grade or pass/no pass

This course surveys modern art from its mid-19th century beginnings to contemporary trends. Painting, sculpture, architecture and new art forms are explored in their broader cultural context.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 3H 3.0 units

Honors Modern and Contemporary Art

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Recommended Preparation: Qualification through the English assessment process at an ENGL 105 or ESL 34 and READ 82 or met the college proficiency for English and Reading

Grading: letter grade or pass/no pass

This course surveys modern art from its mid-19th century beginnings to contemporary trends. Painting, sculpture, architecture and new art forms are explored in their broader cultural context.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 4 3.0 units

African, Oceanic, Native American Art

3.4 hours lecture

Recommended Preparation: Qualification through the English assessment process at an ENGL 105 or ESL 34 and READ 82 or met the college proficiency for English and Reading

Grading: letter grade or pass/no pass

This course is a survey of the painting, sculpture, architecture and crafts of Black Africa, Australia, Melanesia, Polynesia and Pre-Columbian North America. These traditions will be experienced through lectures, slides, movies, music and artifacts. The relationship of these areas to the mainstream of Western art also will be made.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 4H 3.0 units

Honors African, Oceanic, Native American Art

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Recommended Preparation: Qualification through the English assessment process at an ENGL 105 or ESL 34 and READ 82 or met the college proficiency for English and Reading

Grading: letter grade or pass/no pass

This course is a survey of the painting, sculpture, architecture and crafts of Black Africa, Australia, Melanesia, Polynesia and Pre-Columbian North America. These traditions will be experienced through lectures, slides, movies, music and artifacts. The

relationship of these areas to the mainstream of Western art also will be made.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 5 3.0 units

History of Asian Art

3.4 hours lecture

Recommended Preparation: Qualification through the English assessment process at an ENGL 105 or ESL 34 and READ 82 or met the college proficiency for English and Reading

Grading: letter grade or pass/no pass

This course serves as a comprehensive introduction to the art traditions of India, Southeast Asia, China, Korea and Japan. The historical development of the arts is examined within their broader cultural context.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 9 3.0 units

Introduction to Art

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course provides a general approach to exploring a student's innate creative ability, a broad overview of historical and contemporary art concepts, and is an introduction to art processes and methods. This course is designed for the non-art major and is recommended for teaching majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 10 3.0 units

Art Appreciation

3.4 hours lecture

Grading: letter grade or pass/no pass

Students will be introduced to the major themes and concepts that have been the source for artistic expression in the visual arts. Ideas are viewed from a thematic exploration of art to express aesthetically human wants, needs and hopes. Through lectures and visual aids, students become aware of artistic ideas, media and techniques. The course is designed for the non-art major.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 11 3.0 units

Pre-Columbian Art

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explores pre-Columbian art from Mexico, Central and South America through the study of major monuments of sculpture, architecture, ceramics, textiles and painting. The slide-lecture format will be complemented by music, films and artifacts. The course is appropriate for art majors and non-art majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 11H 3.0 units

Honors Pre-Columbian Art

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course explores pre-Columbian art from Mexico, Central and South America through the study of major monuments of sculpture, architecture, ceramics, textiles and painting. The slide-lecture format will be

complemented by music, films and artifacts. The course is appropriate for art majors and non-art majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 12 3.0 units

Gallery and Exhibition Design

2.3 hours lecture, 4.5 hours laboratory

Recommended Preparation: ART 30 and ART 31

Grading: letter grade

Intro to the basic concepts applied to art exhibitions and installation. A foundation of history, theory and criticism will acquaint students to the function of galleries and exhibits in society. Apply learning with hands-on experience, assisting in creating shows, caring for and cataloging art works, working with professional artists and installing exhibitions in the Long Beach City College Fine Arts Gallery.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ART 15 3.0 units

Beginning Drawing

2.3 hours lecture, 4.5 hours laboratory

Grading: letter grade or pass/no pass

This is an introductory studio experience in freehand drawing emphasizing accurate observation, light logic, perspective, spatial relationships, proportion and composition. Students develop the use of these skills as a means of personal expression.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 16 3.0 units

Intermediate Drawing

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: ART 15

Grading: letter grade or pass/no pass

This is an advanced studio drawing experience with emphasis on the employment of personal expression as applied to 20th Century concepts and trends.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 17 3.0 units

Illustration I

2.3 hours lecture, 4.5 hours laboratory

Recommended Preparation: ART 15

Grading: letter grade or pass/no pass

This course serves as an introduction to illustration. It stresses the creative interpretation of subjects, situations, and themes within the context of commercial art such as advertising, editorial, and institutional. Special emphasis is placed on the creation of illustrations from rough concept through finished artwork. Production, media processes, color analysis and application, portfolio development and presentation are presented. Studio experience in the use of linear perspective to develop illustrative realistic representation is emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>ART 18 3.0 units Illustration II 2.3 hours lecture, 4.5 hours laboratory Recommended Preparation: ART 15 and ART 17 Grading: letter grade or pass/no pass Formerly ART 18AD. This course is a continuation of the concepts and techniques presented in Illustration I. Increasingly more advanced illustration projects, techniques, concepts and methods will be presented. Emphasis is placed on the development of original concepts, refinements of techniques, production methods and development and presentation of portfolio-quality artwork. In addition, rendering, or sharp focus drawing techniques will be presented and incorporated in several projects. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ART 26 3.0 units Figure Painting 2.3 hours lecture, 4.5 hours laboratory Prerequisite: One Semester of ART 19 Recommended Preparation: ART 23 Grading: letter grade or pass/no pass This course introduces and investigates painting the human figure from observation with the emphasis on anatomy, historical and contemporary issues and personal interpretation. Light logic and color theory systems as they pertain to the figure will be introduced and developed to create resolved compositions and accurate representations of the figure. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ART 19 3.0 units Life Drawing 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 15 Grading: letter grade or pass/no pass This is a freehand figure drawing course focusing on observational skills, proportion, and anatomy as a means of personal expression. This course is recommended for those interested in illustration, drawing and painting and art majors interested in transferring to a university. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ART 27 3.0 units Intermediate Painting 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 23 Grading: letter grade or pass/no pass This course is a studio experience designed for students with basic painting skills. The course will introduce them to historical and contemporary visual art concepts and techniques. The students will develop paintings that reflect personal expression, experimental media and current trends in painting. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ART 23 3.0 units Beginning Painting 2.3 hours lecture, 4.5 hours laboratory Recommended Preparation: ART 15 Grading: letter grade or pass/no pass This is an introductory studio course emphasizing fundamental techniques and concepts appropriate to the use of color and painting as a means to portray realistic images. Most of the work will be based upon observation of objects as a way to suggest volume, spatial relationships, light and mood. This course is required of all art majors. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ART 28 3.0 units Portrait Drawing and Painting 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 15 and ART 23 Grading: letter grade or pass/no pass Formerly ART 28AD. This is a drawing and painting course focusing on representing the human head. Emphasis will be placed on observational skills, proportion, and anatomy as a means of personal expression. This course is recommended for those interested in illustration, drawing and painting and art majors interested in transferring to a university. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>ART 24 3.0 units Watercolor, Beginning 2.3 hours lecture, 4.5 hours laboratory Recommended Preparation: ART 15 Grading: letter grade or pass/no pass This course offers an opportunity to explore and develop creative attitudes, values and personal expression in the medium of watercolor. The course investigates and emphasizes unique techniques, methods and tools, using the elements and principles of two-dimensional pictorial composition in an imaginative, personal manner. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ART 30 3.0 units Fundamentals of Art/Volume, Plane & Form 2.3 hours lecture, 4.5 hours laboratory Grading: letter grade or pass/no pass This course is a foundational studio experience designed to provide a basic understanding of the elements and principles of three-dimensional design. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ART 25 3.0 units Watercolor, Advanced 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 24 Grading: letter grade or pass/no pass This is an advanced course in watercolor painting with an emphasis on the employment of personal expression as applied to 20th century concepts and trends. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ART 31 3.0 units Fundamentals of Art/Composition & Color 2.3 hours lecture, 4.5 hours laboratory Grading: letter grade or pass/no pass This course is an introduction to the elements and principles of two-dimensional design as they apply to the visual arts. The course is a beginning level studio experience designed to create understanding of line, shape, texture, pattern, value, color and composition. Principles of design; rhythm, harmony, balance, unity, variety, and emphasis will be explored. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>

<p>ART 32 3.0 units</p> <p>Intermediate Design 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 30 or ART 31 Grading: letter grade or pass/no pass This course is a creative studio experience for the student preparing to enter a field of applied design, graphic design, product design, interior design, photography and fine art. Emphasis is on problem solving and refinement of images and objects in the context of art and design. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ART 37 4.0 units</p> <p>Jewelry/Metalsmithing 3 2.3 hours lecture, 7.9 hours laboratory Prerequisite: One semester of ART 35 Grading: letter grade or pass/no pass This course introduces the scope and exploration of the basic hollowware techniques, die-forming, raising, chasing and repousse in contemporary jewelry and metalwork through the design and construction of original projects. Knowledge of various forming processes required for transposing two dimensional materials into three dimensional forms is demonstrated in the construction of projects. Emphasis is on skill acquisition and refinement in a context of art and design. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>ART 33 1.0 unit</p> <p>Three Dimensional Practicum 3.4 hours laboratory Corequisite: ART 34 or 35 or 36 or 37 or 38 or 50 or 51 or 52 or 60 or 61 or 62 or 63 Recommended Preparation: ART 30 and 31 Grading: letter grade or pass/no pass This course provides on-campus lab practice and the application of course content for introductory jewelry/metalwork courses. Must be taken concurrently with ART 35. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ART 38 4.0 units</p> <p>Jewelry/Metalsmithing 4 2.3 hours lecture, 7.9 hours laboratory Prerequisite: One semester of ART 35 Grading: letter grade or pass/no pass This course is a continuation of studies to techniques and concepts introduced in 35AD, 36AD, or 37AD with an emphasis on refinement of skills. Included segments may cover facets such as enameling, professional practices or other advanced areas. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>ART 34 3.0 units</p> <p>Applied Design/Crafts 2.3 hours lecture, 4.5 hours laboratory Grading: letter grade or pass/no pass This course is an introduction to media in the design and creation of decorative and/or functional objects. Emphasis is on skill acquisition and refinement in a context of art and functional design. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ART 39 1.0 unit</p> <p>Intermediate Jewelry/Metalwork Practicum 3.4 hours laboratory Prerequisite: ART 35 Corequisite: ART 36, ART 37 or ART 38 Grading: letter grade or pass/no pass This course provides on campus lab practice and the application of course content for jewelry/metalwork courses. Must be taken concurrently with ART 36, ART 37 or ART 38. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>ART 35 4.0 units</p> <p>Jewelry/Metalsmithing 1 2.3 hours lecture, 7.9 hours laboratory Recommended Preparation: ART 30 and ART 31 Grading: letter grade or pass/no pass This course introduces the scope of contemporary metalsmithing through the design and construction of original projects. Knowledge of various specialized soldering, forming and surface techniques is demonstrated in the construction of projects. Emphasis is on skill acquisition and refinement in a context of art and design. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ART 41 3.0 units</p> <p>Introduction to Computergraphics 2.3 hours lecture, 4.5 hours laboratory Grading: letter grade or pass/no pass This course will help demystify computer graphics for beginners and give a broad overview of the concepts involved in two dimensional computer graphic applications. The course covers terminology, basic operating systems and art related peripheral devices. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>ART 36 4.0 units</p> <p>Jewelry/Metalsmithing 2 2.3 hours lecture, 7.9 hours laboratory Prerequisite: One semester of ART 35 Grading: letter grade or pass/no pass Formerly ART 36. This course introduces the scope and exploration of wax-working, casting and mold making in contemporary jewelry and metalwork through the design and construction of original projects. Knowledge of various direct and indirect processes, wax working, and mold making techniques is demonstrated in the construction of projects. Emphasis is on skill acquisition and refinement in a context of art and design. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ART 42 3.0 units</p> <p>Intro/3D & Multimedia Computergraphics 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 30 Grading: letter grade or pass/no pass This course serves as an introduction to computer graphic production in the areas of three-dimensional and time based electronic media. It emphasizes the unique characteristics of three and four-dimensional realities as presented in electronic media. Students will explore the distinct visual characteristics of virtual dimensions in both time and space. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>

<p>ART 43</p> <p>Beginning Website Design 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 31 Grading: letter grade or pass/no pass In this course students learn to apply graphic design theory to a variety of communication needs. The unique design issues associated with non-linear communication are addressed. Students apply these principles to the creation of actual websites through hands-on use of a variety of software applications. This course is intended for art and non-art majors. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ART 47</p> <p>Computer Animation and Multimedia 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 31 and ART 42 Grading: letter grade or pass/no pass This course introduces the skills and software used to create digital multimedia and animation. Students will learn the theories of computer-based animation and interactive multimedia design. Students will also learn how to digitally create stand alone, as well as interactive multimedia/animation, projects. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>ART 44</p> <p>Graphic Design Tools & Techniques 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 31 Grading: letter grade or pass/no pass This course is an exploration of the basic use of computers for graphic design. Students learn the fundamentals of graphic design in preparation for visual communications for both digital and print media. By completing assignments on the computer, students will create documents that effectively combine text and graphics. Projects will be created using a variety of input and output devices as well as software. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ART 48</p> <p>Computer Art & Design for TV and Video 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 31 Grading: letter grade or pass/no pass Students learn to develop digital content for video requirements on the computer. Students use non-linear editing and compositing of clips to create professional quality productions. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>ART 45</p> <p>Computer Art for Drawing and Painting 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 31 Grading: letter grade or pass/no pass Digital image creation is explored using vector and raster based software applications such as Adobe Illustrator and Photoshop. Students learn the appropriate use of image creation software and hardware. Images are developed for both commercial and fine art applications. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ART 49</p> <p>Special Studies-Computer Art and Design 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: Four courses from ART 43, ART 44, ART 45, ART 46, ART 47 and ART 48. Grading: letter grade or pass/no pass Formerly ART 49AD. This course is for art majors in computer art and design who have completed a series of computer art classes and are prepared to do advanced work in a specific area. It will allow students to develop personal skills for their chosen specialty in the computer art field. Students work independently on projects formulated with faculty assistance. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>ART 46</p> <p>Computer Art & Design in 3D Modeling 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 41 Recommended Preparation: ART 31 and ART 42 Grading: letter grade or pass/no pass Students digitally construct three-dimensional objects and learn to deal with abstract objects in virtual three-dimensional space. Specific relationships will be made between electronic modeling and the visual arts, in particular, sculpture, animation, illustration, and other areas of computer graphics. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ART 50</p> <p>Ceramics I 2.3 hours lecture, 4.5 hours laboratory Recommended Preparation: ART 30 and ART 31 Grading: letter grade or pass/no pass Students will explore basic hand and wheel methods of forming, decorating and glazing three-dimensional ceramic forms. As students develop a personal awareness and appreciation of the creative process, they will use clay as a medium of aesthetic expression. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>ART 51</p> <p>Ceramics II 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ART 50 Recommended Preparation: ART 30 and ART 31 Grading: letter grade or pass/no pass This course serves as a creative experience in the visual arts using clay as a medium of expression. Students will</p>	<p>3.0 units</p>		<p>3.0 units</p>

apply knowledge gained in the first course (Ceramics I) to solve more complex problems of forming, decoration and glazing three-dimensional ceramic forms.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 52 3.0 units

Ceramics III

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: ART 51

Recommended Preparation: ART 30 and ART 31

Grading: letter grade or pass/no pass

Formerly ART 52AD. In this course students develop a more intensive knowledge of ceramics along with the ability to produce well designed ceramic objects. Emphasis is placed on the creation of the clay objects, initial concept through finished artwork, including refinements of glazing techniques, aesthetic judgment and problem solving capabilities. Kiln firing, glaze and clay technology will be presented.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 53 3.0 units

Ceramics IV

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: ART 52

Recommended Preparation: ART 30 and ART 31

Grading: letter grade or pass/no pass

Formerly ART 53AD. In this course students develop a more intensive knowledge of ceramics along with the ability to produce well designed ceramic objects. This course emphasizes non-utilitarian form, related clay, glaze and firing technology, aesthetic judgment, problem-solving capabilities, skills and knowledge of materials.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 55 3.0 units

Introduction to Graphic Design

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: ART 31

Grading: letter grade or pass/no pass

This course serves as an overview of graphic design and its various components, including typography, illustration, photography and layout. The history of graphic design, as well as the relationship to advertising agencies, corporations, publishers, typographers and printers is covered. Students will develop skills in design software and hardware use while enhancing their ability to coordinate type, image and symbol.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ART 56 1.5 units

Introduction to Typography

1.1 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

This course is for all students considering work in the field of graphic and communication design. The study of lettering and typographic form is explored from historic, theoretic and aesthetic views. Students learn the appropriate use of specific families of type.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ART 60 4.0 units

Beginning Sculpture

2.3 hours lecture, 7.9 hours laboratory

Recommended Preparation: ART 30

Grading: letter grade or pass/no pass

This is an introductory studio course structured to give students an understanding of the formal elements of sculpture, while investigating various materials and processes. Both additive and subtractive methods are explored using clay, plaster and wood, as well as non-traditional materials. This course is designed to allow students to investigate form, space, material and content through selected projects, readings, field trips, slides and discussions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 61 4.0 units

Intermediate Sculpture

2.3 hours lecture, 7.9 hours laboratory

Prerequisite: ART 60

Grading: letter grade or pass/no pass

This studio course is an introduction to a subjective approach to sculpture emphasizing the development of ideas in relation to personal/individual intent. An investigation of both historical and contemporary sculpture that may include carving, casting, modeling, welding, fiberglass lamination, installation and non-studio pieces. There is an emphasis on the advancement of technical and material skills as well as the understanding of an overall art making process. Students continue their investigation of form, space, material and content through selected projects, readings, field trips, lectures, and discussions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 62 4.0 units

Metal Fabrication Sculpture

2.3 hours lecture, 7.9 hours laboratory

Prerequisite: ART 60

Recommended Preparation: ART 30

Grading: letter grade or pass/no pass

This studio course is designed to increase understanding of contemporary sculpture through a focus on the fundamentals of metal fabrication. This is an investigation of both historical and contemporary sculpture that may include oxy-acetylene, arc and heli-arc welding, basic forging, bending and cold-joint metal fabrication techniques. There is an emphasis on the advancement of technical and material skills as well as the understanding of an overall art making process. Students continue their investigation of form, space, material, and content through selected projects, readings, field trips, lectures, and discussions.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ART 63 4.0 units

Metal Casting Sculpture

2.3 hours lecture, 7.9 hours laboratory

Prerequisite: ART 60

Recommended Preparation: ART 30

Grading: letter grade or pass/no pass

This studio course is designed to investigate contemporary sculpture ideas through traditional, industrial and new metal casting processes. Students explore Styrofoam/Greensand and standard investment for casting aluminum and bronze. Instruction on

surfacing includes patina, stains, paints and varnish application. Ceramic shell casting may also be explored.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

ART 70 3.0 units

Printmaking, Silkscreen

2.3 hours lecture, 4.5 hours laboratory

Grading: letter grade or pass/no pass

This course introduces the scope of the graphic art of printmaking as a means of personal expression. Students will learn the basic techniques of water-based serigraphy; blockout stencil, paper stencil and photo-emulsion stencils. Emphasis is on skill acquisition and refinement in the context of art and design.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 71 3.0 units

Printmaking, Intaglio

2.3 hours lecture, 4.5 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the graphic art of printmaking as a means of personal expression. The Intaglio class includes techniques and processes for etching, drypoint, engraving, multicolor plates, viscosity, aquatint, and photo etching. Emphasis is on skill acquisition and refinement in a context of art and design.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 72 3.0 units

Advanced Printmaking

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: One Semester of ART 70 or ART 71.

Grading: letter grade or pass/no pass

Formerly ART 72AD. Students will work in special studies of advanced techniques and exploration of collagraphy, intaglio, serigraphy and/or woodcut. Students will develop and pursue individualized projects and gain competence in edition printing, darkroom techniques and mixed media.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 80 3.0 units

Elements of Photography

3.4 hours lecture

Grading: letter grade or pass/no pass

This lecture-only course is a survey of photography as a creative, personal form of expression. The emphasis of the class is on acquisition of skills related to camera operation, selection of equipment, choosing appropriate subject matter and how to take and evaluate the final product, the photograph. This course is a lecture only format and does not include a lab component.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 81 3.0 units

Introduction to Fine Art Photography

2.3 hours lecture, 4.5 hours laboratory

Recommended Preparation: ART 31

Grading: letter grade or pass/no pass

This course is an introduction to photography as a creative personal form of expression. The emphasis is on acquisition of black and white darkroom skills, operation of a camera, concepts and practices of fine art

photography. It is suitable for students with beginning to advanced photographic skill levels.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 90 1.5 units

Special Projects in Art

1.1 hours lecture, 2.3 hours laboratory

Prerequisite: ART 19 or ART 26 or ART 27 or ART 36 or ART 37 or ART 38 or ART 42 or ART 44 or ART 51 or ART 61 or ART 62 or ART 63 or ART 70 or ART 71

Grading: letter grade or pass/no pass

Formerly ART 90AD. This course is designed to assist the student in the exploration and development of an individual approach to projects within specific fields of art.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ART 91 3.0 units

Studio Projects in Art

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: ART 19 or ART 26 or ART 27 or ART 36 or ART 37 or ART 38 or ART 42 or ART 44 or ART 51 or ART 61 or ART 62 or ART 63 or ART 70 or ART 71

Grading: letter grade or pass/no pass

Formerly ART 91AD. This course is designed to assist the student in the exploration and development of an individual approach to studio projects within the field of art.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ART 292 3.0 units

Professional Skills for Artists

2.3 hours lecture, 4.5 hours laboratory

Recommended Preparation: Completion of at least three studio art courses

Grading: letter grade or pass/no pass

This course is designed to develop the skills necessary for portfolio presentation as a student, professional artist or art director. Lectures and demonstrations will include photographing artwork, documentation of artwork, matting, framing, resume and artist statement writing, portfolio development and portfolio presentation. Class lectures will also include information on schools, exhibitions, criticism, ethical and contractual issues.

ASTRONOMY (ASTR)

ASTR 1 3.0 units

Elementary Astronomy

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to astronomy. Topics to be covered include the physical nature of the solar system, stars and stellar systems, and the universe as a whole, including not only their current state, but also theories of their origin and evolution.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ASTR 1H 3.0 units

Honors Elementary Astronomy

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course is an honors introduction to astronomy. Topics to be covered include the physical nature of the solar system, stars and stellar systems, and the universe as a whole, including not only their current state, but also theories of their origin and evolution.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ASTR 1L 2.0 units

Astronomy Laboratory

1.1 hours lecture, 3.4 hours laboratory

Corequisite: ASTR 1 or ASTR 1H

Grading: letter grade or pass/no pass

This course provides an introduction to observational astronomy. Various projects provide training in astronomical observation, and in the analysis of numeric and graphical data. Passing both ASTR 1 and ASTR 1L satisfies a physical science lab requirement.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

AUTO BODY REPAIR (ABODY)

ABODY 211 9.0 units

Intro to Basic Auto Body Repair

5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning

Grading: letter grade or pass/no pass

This course is an introduction to basic auto body repair principles involving theory, safety practices, gas welding, metal shrinking, MIG welding, metal straightening, metal finishing, hand and power tools, plastic body filler, surface preparation, primer and spray gun techniques. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

ABODY 212 9.0 units

Minor Collision Repair

5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning

Recommended Preparation: ABODY 211

Grading: letter grade or pass/no pass

This is a course designed as an overview of the collision repair industry, which will build the framework of knowledge needed to fully understand the repair process, within the semester you will learn the basic process of safety, certification, welding, heating, cutting, hand tools, power tools/equipment, Basic measurement, service information, fasteners, collision repair hardware/materials, vehicle construction metal straightening, surface preparation, painting and refinishing fundamentals — as well as the tools necessary to complete these task. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

ABODY 213 9.0 units

Major Collision Repair

5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning

Recommended Preparation: ABODY 212

Grading: letter grade or pass/no pass

This course will cover the analysis of major automotive collision damage and the knowledge and skills necessary to repair the structural body components to pre-accident condition. Topics will include safety practices, frame straightening techniques, replacement of major structural panels, mig welding (GMAW), removal and installation of major body components, air conditioning recycling and recharging, metal finishing, basic electrical systems, basic mechanical techniques, and special projects. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course content.

ABODY 240 5.0 units

Automotive Refinishing 1

3.4 hours lecture, 6.8 hours laboratory

Recommended Preparation: ABODY 213

Grading: letter grade or pass/no pass

This beginning automotive painting course will cover the basic principles in automotive refinishing. The course covers safety practices, preparation and masking, refinishing products, refinishing nomenclature, spray painting equipment, spray painting techniques, and special projects.

ABODY 419 4.0 units

Auto Body Repair

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

Formerly ABODY 419AD. This course will cover the analysis of major automotive collision damage. Topics will include safety practices, frame straightening techniques, replacement of major structural panels, mig welding(GMAW), removal and installation of major body components, metal finishing, basic electrical systems and, basic mechanical techniques. This course will also cover the basic principles in automotive refinishing, safety practices, preparation and masking, refinishing products, refinishing nomenclature, spray painting equipment, spray painting techniques, and special projects.

***AUTOMOTIVE TECHNOLOGY
(AMECH)***

AMECH 50A 3.0 units

Machine Tool Operation and Practices

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Formerly MACHT 50A. This course is designed to explore the machining techniques utilized in the machine shop. This entry level machining course covers safety practices required in the modern manufacturing industry. This course includes semi-precision layout, semi-precision /precision measurement, tools and equipment. Students learn to operate the milling

machine and engine lathe. This course is primarily design as a supplemental course so that students in another field appreciate and apply techniques utilized in the machine shop.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

AMECH 231 9.0 units

Engine Repair & Automatic Transmissions
5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning
Recommended Preparation: High school auto or AMECH 421
Grading: letter grade or pass/no pass
This course covers safety, tools and fasteners, nomenclature, theory, demonstrations and “hands on” instruction on differently fueled automobile engines. This course also covers automatic transmissions and engine repair. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content.

AMECH 232 9.0 units

Brakes and Steering Systems
5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning
Recommended Preparation: High school auto or AMECH 421
Grading: letter grade or pass/no pass
This course will cover topic areas such as safety, tools and equipment, related math and theory, brake systems, steering systems, and the sub systems that correlate with the major topics such as wheels and tires. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content.

AMECH 233 9.0 units

Auto Electrical and Fuel Systems
5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning
Recommended Preparation: High school auto or AMECH 421
Grading: letter grade or pass/no pass
This course covers testing and repair of automotive charging and starting systems, ignition systems (conventional and transistorized), fuel systems on (carburation and fuel injection) and oscilloscopes operation (conventional and computer assisted). This course is designed to assist the student with preparation for the ASE (Automotive Service Excellence) test. This course will also explain electrical and fuel systems on Diesel, Hybrid, LNG (Liquid Natural Gas), CNG (Compressed Natural Gas) and Hydrogen Fuel cells. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content.

AMECH 236 9.0 units

Automotive Emission & Computer Control
5.6 hours lecture, 15.0 hours laboratory
Recommended Preparation: AMECH 233
Grading: letter grade or pass/no pass
This course is designed to cover the California State approved “Clean Air Course” and the operation and testing of the emission and computer control systems. This course will prepare a student for the Automotive Service Excellence (ASE) and the State Emission Control License test.

AMECH 421 3.0 units

Auto Mechanics 1
2.3 hours lecture, 3.4 hours laboratory
Grading: letter grade or pass/no pass
This course is an introductory course covering the principles of the operation of the modern automobile. This course will provide practical experience in maintenance and repair at the owner operator level. Consumer awareness is emphasized.

AMECH 424 3.0 units

Auto Air Conditioning
2.3 hours lecture, 3.4 hours laboratory
Grading: letter grade or pass/no pass
This course covers automotive tools, automotive equipment, automotive refrigeration fundamentals, automotive electrical systems, automotive air distribution, automatic air conditioning, installation, maintenance, and repair of modern automotive air conditioning systems. Emphasis is based on industrial repair and maintenance.

AMECH 430 6.0 units

Auto Wheel Alignment
5.6 hours lecture, 3.4 hours laboratory
Recommended Preparation: High school auto mechanics or AMECH 421
Grading: letter grade or pass/no pass
This course covers automotive wheel alignment theory, design, operation, power flow, suspension, and steering in automotive vehicles and small trucks. This course will also include testing, diagnostics, and modern methods of servicing vehicles. ASE (Automotive Service Excellence) testing preparation is emphasized.

AMECH 432 6.0 units

Automotive Brake Systems
5.6 hours lecture, 3.4 hours laboratory
Recommended Preparation: AMECH 421
Grading: letter grade or pass/no pass
Covers the theory, design and operation of the standard, disc and anti-lock brake systems common to most autos and small trucks. Includes testing, diagnosing and modern methods of servicing the brake system.

AMECH 434 6.0 units

Engine Repair
5.6 hours lecture, 3.4 hours laboratory
Grading: letter grade or pass/no pass
This course instruction will cover the fundamentals of engine operation, repair and rebuilding of engines, and commonly used tools and equipment. Emphasis in the course will be upon engine design, theory of construction, testing, and troubleshooting all based upon industrial standards.

AMECH 436 6.0 units

Automatic and Standard Transmissions
5.6 hours lecture, 3.4 hours laboratory
Recommended Preparation: High school auto or AMECH 421
Grading: letter grade or pass/no pass
This course covers the construction, operation, maintenance, adjustment and overhaul of manual and automatic transmissions.

AMECH 438 6.0 units

Auto Emission Controls

5.6 hours lecture, 3.4 hours laboratory

Recommended Preparation: High school auto mechanics or AMECH 421

Grading: letter grade or pass/no pass

This course covers the California State approved "Clean Air Course," as well as preparation for the California Inspection and Maintenance Emission Control License. Also, this course covers operation and testing of computer-controlled oxygen feedback systems and use of the California State approved BAR97 Emissions Inspection System (EIS). This course is intended for students wishing to complete an A.S. Degree and/or a Certificate of Completion in Automotive Technology. This course is also the first of two courses necessary to prepare for a license exam administered by the State of California Smog Check Program for the Enhanced Emissions areas.

AMECH 440 6.0 units

Automotive Computer Systems

5.6 hours lecture, 3.4 hours laboratory

Recommended Preparation: AMECH 421

Grading: letter grade or pass/no pass

This course covers the operation and testing of computer controlled oxygen feedback systems, the use of the California State Approved Emission Inspection System (EIS) and the use of hand-held auto systems analyzers. Students will prepare to take the ASE (Automotive Service Excellence) and the California state emission control license tests.

AMECH 442 6.0 units

Automotive Fuel Systems

5.6 hours lecture, 3.4 hours laboratory

Recommended Preparation: AMECH 421

Grading: letter grade or pass/no pass

This course covers the testing and repair of auto fuel systems (carburation and fuel injection) and operation of auto oscilloscopes for testing (Conventional and computer assisted purposes. Prepare to take the ASE (Automotive Service Excellence) test. This course will also explain electrical and fuel systems on Diesel, Hybrid, LNG (Liquid Natural Gas), CNG (Compressed Natural Gas) and Hydrogen Fuel cells.

AMECH 444 6.0 units

Automotive Electrical Systems

5.6 hours lecture, 3.4 hours laboratory

Recommended Preparation: AMECH 421

Grading: letter grade or pass/no pass

This course covers testing and repair of automotive electrical charging and starting systems, ignition systems (conventional and transistorized). This course is designed to assist the student with preparation for the ASE (Automotive Service Excellence) test.

BASIC ADULT EDUCATION (BAE)

BAE 601B 0.0 unit

Basic Skills Development II

16.9 hours laboratory

Grading: LBCC Non-Graded Course

This course is part of a non-credit program designed to improve basic skills for students whose abilities range from pre-high school through pre-college level. The course emphasizes the development of basic reading, writing and math skills for students who: (1) are enrolled,

or plan to enroll, in regular courses and need to improve or refresh their basic educational skills; (2) are preparing to take exams or need to develop basic skills for employment or special educational/vocational programs or college/university entrance; (3) wish to review or complete their secondary education; or (4) wish to improve their mastery of English as a Second Language. This course is part of a sequence of courses leading to a Certificate of Completion in Basic Skills for the Workplace.

BIOLOGY (BIO)

BIO 1A 5.0 units

Biology for Science Majors

3.4 hours lecture, 6.8 hours laboratory

Prerequisite: CHEM 1A

Grading: letter grade

This is the first semester of a one-year survey of biology. It includes the chemistry of life, cellular organization, biological membranes, energetics, genetics, evolution and diversity of prokaryotes, protista, and fungi.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 1B 5.0 units

Biology for Science Majors

3.4 hours lecture, 6.8 hours laboratory

Prerequisite: BIO 1A

Grading: letter grade

This is the second semester of a one-year survey of biology. It includes an overview of structures and life processes in plants and animals, animal and plant taxonomies, ecology, and behavior.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 2 5.0 units

General Microbiology

3.4 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the anatomy of bacteria, fungi, protozoa, viruses and prions. It covers microbial metabolism, pathogenesis of bacteria & viruses, control of micro-organisms, microbial nutrition and growth, the most common genera of micro-organisms and their connection to disease processes, and the replication of viruses and prions. Aspects of the course that are particularly helpful to health fields include a study of epidemiology and human-microbe interactions, host defenses and the immune system, and the most common infectious diseases of the body systems. The course is designed to meet the requirements of health fields such as registered nursing as well as to serve as a general education laboratory science course, which is transferable to four year universities.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

<p>BIO 5 Plant Biology 3.4 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass This course utilizes lecture, lab, and fieldwork to present the student with fundamental concepts and principles of plant life, including a study of plant structure, function, and diversity. Intended for the non-science major. Not open to students registered in or with credit in BIO 1A. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>	<p>BIO 25 Biology and Society 3.4 hours lecture Grading: letter grade or pass/no pass This course covers a variety of basic biological concepts, discoveries and theories that also have important social, philosophical, ethical and religious implications. Students are introduced to critical thinking skills and scientific methods while exploring topics such as biological evolution, natural selection, bioethics, HIV and AIDS, genetic engineering, reproductive technologies, extinctions, overpopulation and major ecological issues. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>BIO 11 Environmental Problems of Man 3.4 hours lecture Grading: letter grade or pass/no pass This course is a study of the effects of man's interaction with the environment, problems resulting from ignoring known ecological principles and socio-cultural implications of biological concepts. Selected crisis situations will be examined. Physical, biological and political means and methods of reversing environmental deterioration will be considered, as well as conservation and management of natural resources. Sustainable solutions and lifestyles will be emphasized. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>BIO 28 Field Natural History of the Mountains 1.5 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This course introduces students to the physical and biological aspects of mountain ecosystems, using lecture, laboratory, and at least two weekend field trips. An emphasis is placed on life zones and the identification of their representative plants and animals. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.0 units</p>
<p>BIO 20 Marine Biology 3.4 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass This course provides an introduction to marine natural history, incorporating biological concepts such as plants, animals and habitats of the marine environment. A variety of marine communities are discussed in relation to their biotic, physical and chemical components. Lab work and field trips are included. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>	<p>BIO 30 Wildlife Biology 3.4 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass This natural history course utilizes lecture, laboratory, and field trips to provide a general survey of all major forms of life, characteristics and behaviors of selected forms, with a focus on California representatives. Various natural communities are discussed. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>
<p>BIO 20H Honors Marine Biology 3.4 hours lecture, 3.4 hours laboratory Prerequisite: Qualification for the Honors Program Grading: letter grade or pass/no pass This course provides an introduction to marine natural history, incorporating biological concepts such as plants, animals and habitats of the marine environment. A variety of marine communities are discussed in relation to their biotic, physical and chemical components. Lab work and field trips are included. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>	<p>BIO 31 Birds 1.7 hours lecture, 1.7 hours laboratory Grading: letter grade or pass/no pass This is an introductory course for the identification and recognition of the various bird species common to Southern California. This course discusses birding identification terminology including bird anatomy, behavior, variations, migrations and speciation. Emphasis is on field identification and use of the field guide. Habitats, behaviors, songs, ecology and natural history of the species will be summarized. This course includes at least three required field trips to local sites. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.0 units</p>
<p>BIO 22 The Marine Environment 3.4 hours lecture Grading: letter grade or pass/no pass This course focuses on the marine environment as a unique feature of the Earth and investigates areas of scientific and public concern: the pervasiveness of the ocean and its effect on weather, its contributions to the diversity of life forms and to the physical and historical development of humankind, its impact on geopolitical and economic matters, the impact of oceanic pollutants and the potential exploitation of marine resources. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>BIO 37 Field Natural Hist: South Calif. Deserts 1.5 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This natural history course utilizes lecture, laboratory, and field trips to acquaint students with the basic physical and biological features of the desert environment. Plants and animals of the desert ecosystem are covered with an emphasis on their adaptations to the environment. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.0 units</p>

BIO 38 2.0 units

Field Natural History: Newport Bay

1.5 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

This natural history course utilizes lecture, laboratory, and field trips to study the estuarine wetland habitats of Newport Bay. Students will become acquainted with the basic physical, biological, historical, and political background of the bay. The common plants and animals will be studied with an emphasis on adaptations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BIO 41 3.0 units

Contemporary Biology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course covers the general principles of biology, such as molecular biology, organic evolution, taxonomy, basic similarities of living patterns, basic physiology and anatomy of body systems, genetic continuity and environmental biology. Significant problems of modern biology are included. Not open for credit to students registered in or with credit in BIO 1A-B or 5.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 41H 3.0 units

Honors Contemporary Biology

3.4 hours lecture

Prerequisite: Qualification for the Honors Program.

Grading: letter grade or pass/no pass

This course covers the general principles of biology such as molecular biology, organic evolution, taxonomy, basic similarities of living patterns, basic physiology and anatomy of body systems, genetic continuity and environmental biology. Significant problems of modern biology are included. Not open for credit to students registered in or with credit in BIO 1A-B or 5.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 41L 1.0 unit

Contemporary Biology Laboratory

3.4 hours laboratory

Corequisite: BIO 41 or BIO 41H

Grading: letter grade or pass/no pass

This is an audio tutorial lab that provides practical, hands on experience in the field of biology. Students complete a series of experiments and demonstrations that clarify the general principles developed in BIO 41 lecture. The BIO 41 Lab is not open for credit to students registered in or with credit in BIO 1A-B or 5.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 41LH 1.0 unit

Honors Contemporary Biology Lab

3.4 hours laboratory

Prerequisite: Qualification for the Honors program

Corequisite: BIO 41 or BIO 41H

Grading: letter grade or pass/no pass

This is an audio tutorial lab that provides practical, hands on experience in the field of biology. Students complete a series of experiments and demonstrations that clarify the general principles developed in BIO 41 lecture. The

BIO 41 Lab is not open for credit to students registered in or with credit in BIO 1A-B or 5. Eligibility for the Honors program is required for enrollment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BIO 60 4.0 units

Human Biology 1

4.5 hours lecture

Grading: letter grade or pass/no pass

This course combines the elementary principles of anatomy, physiology, microbiology, nutrition and very elementary chemistry. Students are expected to learn the basic terminology of these fields as a foundation for further study of medical problems and diseases. Biology 60 is designed to fulfill the general science requirement and to meet the pre-requisite needs of the health occupations student. This course is not open for credit to students registered in or with credit in ANAT 1 and PHYS 1.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 60L 1.0 unit

Human Biology 1 Laboratory

3.4 hours laboratory

Prerequisite: BIO 60 (may be taken concurrently)

Grading: letter grade or pass/no pass

Human Biology lab provides a practical experience in a computerized-tutorial setting. Experiments and demonstrations are selected which clarify the principles developed in BIO 60. Not open for credit to students registered in or with credit in BIO 1A-B or 5.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

BIO 61 3.0 units

Human Biology 2

3.4 hours lecture

Prerequisite: BIO 60 or ANAT 41 or (ANAT 1 and PHYS 1).

Grading: letter grade or pass/no pass

This course is an introduction to the study of disease, including cause, prevention and symptoms of the common human diseases. The course assumes a basic understanding of anatomy and physiology. Biology 61 is designed for the general student and those in the health technology fields.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**BUSINESS, COMMUNICATIONS
(BCOM)**

BCOM 15 3.0 units

Business Communications

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 15. This course covers the principles of collecting, organizing, analyzing, and presenting business information. Written and oral communication involving problem solving in business are emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BCOM 20 3.0 units

Business Writing

3.4 hours lecture

Prerequisite: ENGL 1

Grading: letter grade or pass/no pass

This course delivers a basic understanding of business communication. The curriculum is designed to familiarize students with the techniques, strategies, and forms of writing used in the professional world. Emphasis will be placed on developing precise and persuasive language skills to achieve business goals. The course will prepare students for communication in the workplace and in other business classes.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BCOM 25 3.0 units

Professionalism in Social Media

3.4 hours lecture

Grading: letter grade or pass/no pass

This course teaches students how to use online social media tools and explore the design and impact of these new technologies for both personal and professional branding. Students will learn best practices by understanding social media etiquette and ethics. Students will explore the possibilities and limitations of social media and will have hands-on experience with several forms of social media technology. Those who complete this course will know how to use social media productively and have a framework for understanding and evaluating new tools and platforms.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BCOM 216 1.0 unit

Proofreading Skills

1.1 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 216. Students develop skills in detecting and correcting errors in office documents through the study of basic English and proofreading principles.

BCOM 222 3.0 units

Job Search Skills

3.4 hours lecture

Recommended Preparation: COSK 200

Grading: letter grade or pass/no pass

Formerly CAOTO 222. This course is designed to help students develop occupational competence for obtaining desired positions in the workforce. This includes career planning skills, resume and cover letter preparation, interview and interview follow-up skills, successful employment test completion, and the relationship of life-long learning to career success.

BCOM 223 3.0 units

Law Office Procedures-Litigation

3.4 hours lecture

Recommended Preparation: COSA 10 or COSK 200

Grading: letter grade or pass/no pass

Formerly CAOTO 223. This course is designed to provide instruction in the legal secretary's role in a law office setting, with a focus on legal procedures applicable to civil litigation. Topics covered will include legal terminology, legal office routine, preparation of legal documents relating to litigation cases, procedures for court filings, calendaring, and the use of a legal forms creation software application.

BCOM 224 3.0 units

Law Office Procedures

3.4 hours lecture

Recommended Preparation: COSA 10 or COSK 200

Grading: letter grade or pass/no pass

Provides training in legal office routine, the setting up of legal documents in the areas of family law, real estate, workers compensation, wills and probate, procedures for court filing and calendaring and obtaining and completing Judicial Council and state and local court forms and pleadings.

BCOM 260 1.0 unit

Business Telephone Procedures

1.1 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 260. This course is designed for the person who needs instruction and practice in developing professional communication skills using the telephone and state-of-the-art telephone-related equipment in the business office, in order to maximize their use as business communication tools.

BCOM 261 3.0 units

Business English

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 261. This course develops the foundation skills of mechanics of English that competent workers need to be competitive in the workplace. These skills include a thorough training: spelling, grammar, punctuation, sentence structure, and word usage. Emphasis will also be placed on developing a business vocabulary.

BCOM 262 1.0 unit

Soft Skills for the Workplace

1.1 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 262. This course covers the fundamentals of human relations in various business environments and develops a basic proficiency using these principles in order to enhance success in the workplace.

BCOM 263 3.0 units

Customer Service

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 263. This course covers customer service including its importance to a successful business, customers' needs and wants, support, as well as interactions and relationships. Students learn to develop multitasking skills, reduce stress, and maintain a positive attitude. Students will explore several different aspects of conflict and learn important skills that can help manage conflicts effectively as a customer service employee.

BUSINESS, GENERAL (GBUS)

GBUS 5 3.0 units

Introduction to Business

3.4 hours lecture

Grading: letter grade

This course is designed to provide a basic understanding of the business environment, with a special emphasis on globalization and ethics/social responsibility, as well as the prime operating functions of

management/organization, human resources, marketing, information/technology and accounting/finance. These skills are useful for both entry and mid-level positions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GBUS 10 3.0 units

Personal Financial Management

3.4 hours lecture

Grading: letter grade

This course is designed to equip students with the financial literacy skills needed to effectively manage their personal finances and make sound lifelong financial decisions. Students will examine their relationships with money and develop an understanding of the social, psychological, and physiological contexts that influence financial decisions. Students will learn the financial tools needed to analyze, plan and manage their financial resources at different life stages. Topics include budgeting, income tax, managing basic assets, home buying, managing credit, analyzing and managing investments, managing insurance, retirement planning, and estate planning.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

GBUS 215 3.0 units

Introduction to Business Ethics

3.4 hours lecture

Grading: letter grade or pass/no pass

This course will examine ethical issues in business using interdisciplinary approach or team teaching drawn from Management and Philosophy. Topics will include environmental concerns, the distribution of wealth, informational ethics, privacy and autonomy, and affirmative action. These will be discussed in the context of moral theories such as utilitarianism, deontology and ethical egoism. This course is not open for credit to students who have completed Philosophy 16.

**BUSINESS, INTERNATIONAL
(IBUS)**

IBUS 1 3.0 units

Introduction to International Business

3.4 hours lecture

Grading: letter grade

This course offers an introduction to the global business macro-environment and orients students toward a career in the field of international business. Topics covered include economic variables, cultural differences, political risk, regional trade agreements, foreign direct investment, and exchange rates.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

IBUS 20 3.0 units

Export-Import Business Practices

3.4 hours lecture

Grading: letter grade

This class consists of the basics of the export-import business, how to handle money matters and how to buy and sell. It is designed for the person seeking an entry level position, contemplating the start of an export-import business or the manager who wishes to expand a company's marketing opportunities.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

IBUS 52 3.0 units

Introduction to Supply Chain Management

3.4 hours lecture

Grading: letter grade

This course orients the student to the alternative modes, systems, rates, services and regulations in global transport including ocean, air, and surface carriers and systems. It emphasizes the practical skills and techniques utilized to successfully market on an international basis.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

IBUS 60 3.0 units

International Business Law

3.4 hours lecture

Recommended Preparation: LAW 18A

Grading: letter grade

This course is designed to explore the fundamentals of international business law and examine the scope of how international disputes affect global trade. It is appropriate for students who wish to pursue a career in the business field, especially those students interested in international business.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

IBUS 75 3.0 units

Introduction to Logistics

3.4 hours lecture

Grading: letter grade

This course will explore logistics systems and concepts, including inventory and warehouse management, logistics information systems, facility location, and global logistics. It is designed for those who are interested in becoming logistics professionals as well as those who wish to update their knowledge in the field.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BUSINESS, LAW (LAW)

LAW 18A 3.0 units

Business Law

3.4 hours lecture

Grading: letter grade

This course is designed to explore the overall fundamental understanding of business law today. It examines the scope of how contracts and tort law affect the civil legal process as well as the nature of our current business environment. It is appropriate for students who wish to pursue a career in the business field.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

LAW 18B 3.0 units

Business Law

3.4 hours lecture

Grading: letter grade

This course is designed to explore the overall fundamental operations of several distinct legal business entities and corporate structures. It examines the scope of how agency and employment law affect the nature of how business decisions are made and their significance. It is appropriate for students who wish to pursue a career in the business field, especially those students interested in business management or business law.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

LAW 20 **3.0 units**

Property Law

3.4 hours lecture

Grading: letter grade

This course is designed to explore the overall fundamental understanding of the law of property. The course covers laws, regulations, and restrictions regarding the ownership and use of property. Topics include the nature of property, property descriptions, estates and other interests in property, co-ownership, methods of property transfer, landlord/tenant law, property contract, agency, and financing concepts, and government controls.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**BUSINESS, MANAGEMENT
(MGMT)**

MGMT 49A **3.0 units**

Introduction to Management

3.4 hours lecture

Grading: letter grade

Introduction to Management is the entry level management course designed to introduce the traditional management tasks of planning, organizing, influencing and controlling. Course topics will include important issues such as innovation, technology, diversity, quality, ethics and the global environment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MGMT 49B **3.0 units**

Human Resources Management

3.4 hours lecture

Grading: letter grade

This course will provide an introduction to the theory and practical applications of Human Resource Management (HRM): planning, recruiting, selecting, training and evaluating. Course topics will include important issues such as staffing and development, compensation and benefits, safety and health, labor-management relations, ethics and legal requirements.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MGMT 58 **3.0 units**

Leadership and Supervision

3.4 hours lecture

Grading: letter grade

This course is designed for the first-line manager to develop necessary skills for success in a diverse workplace. Focus will be on human behavior issues such as ethics, motivation, personality, communication, group dynamics, and leadership development. Organizational issues will include satisfaction, productivity and performance.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MGMT 60 **3.0 units**

Management & Organization Behavior

3.4 hours lecture

Grading: letter grade

This course provides a comprehensive view of Organizational Behavior from three primary levels of analysis: individual behavior, group behavior and the

organizational system. Of equal importance is the influence of globalization, diversity, ethics/social responsibility and technology on the organization.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MGMT 80 **3.0 units**

Small Business Entrepreneurship

3.4 hours lecture

Grading: letter grade

This course is designed to provide an understanding of the entrepreneurial elements of starting a small business with an eventual focus on the traditional management skills necessary to extend the life of the startup business. Major emphasis is placed on the development of a coherent business plan.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

BUSINESS, MARKETING (MKTG)

MKTG 40 **3.0 units**

Salesmanship

3.4 hours lecture

Grading: letter grade

This course is designed for those looking at a career in professional sales or as a refresher for current sales professionals. The course objective is to develop a thorough understanding of the importance of professional selling within the entire marketing process, with an emphasis on developing strong customer relationships.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MKTG 41 **3.0 units**

Marketing Communications

3.4 hours lecture

Grading: letter grade

This course will help the student develop a thorough understanding of the various forms of marketing communications, such as advertising, sales promotion, direct-response and publicity/public relations. The focus will be on the concept of Integrated Marketing Communications as one of the functions of marketing strategy.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MKTG 47 **3.0 units**

Essentials of Marketing

3.4 hours lecture

Grading: letter grade

This course will analyze the importance of the marketing concept throughout an organization. Students will develop the skills necessary to plan, organize and implement a marketing strategy for a product or service. These skills are useful for both entry and mid-level marketing positions.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CARPENTRY (CARP)

CARP 211 10.0 units

Carpentry 1

6.8 hours lecture, 14.6 hours laboratory, 0.6 hour supplemental learning

Grading: letter grade or pass/no pass

This course is an introduction to the fundamentals of the building trades. Topics of instructions include: safety, building codes, construction mathematics, rough framing, residential concrete, residential concrete forms, blueprint reading, and technical information on materials and methods of residential construction. Practical instruction is given in the use of tools and materials through carpentry laboratory work. Students are required to attend 10 hours at the CTE Success Center for specially designed activities and assignments that relate to this course's content.

CARP 212 10.0 units

Carpentry 2

6.8 hours lecture, 14.6 hours laboratory

Prerequisite: CARP 211

Grading: letter grade or pass/no pass

This course will cover the topics of safety and rough framing. Rough framing includes mudsills and their placement, girder placement, foundation types including slab on grade and stemwall foundation, floor joists, sub-flooring, wall framing systems, ceiling joists and roughing out stairs. Field trips and special projects will also be part of this course.

CARP 213 10.0 units

Carpentry 3

6.8 hours lecture, 14.6 hours laboratory

Prerequisite: CARP 211

Grading: letter grade or pass/no pass

This is an advanced course in Carpentry covering various residential construction trades. Topics of instructions include: safety, building codes, construction mathematics, rough framing, residential roof framing, exterior finishes, interior finishes, blueprint reading, and technical information on materials and methods of residential construction. Practical instruction is given in the use of tools and materials through carpentry laboratory work.

CARP 219 4.0 units

Residential Roof Framing

2.3 hours lecture, 6.8 hours laboratory

Recommended Preparation: CARP 211

Grading: letter grade

This is an advanced course in Carpentry covering residential roof framing. Topics of instruction include roof structures, calculations and layout of various rafters, codes requirements, roof construction, and estimating. Practical instruction is given in the use of tools and materials through carpentry laboratory work.

CARP 222 4.0 units

Residential Stairs

2.3 hours lecture, 6.8 hours laboratory

Recommended Preparation: CARP 211

Grading: letter grade

This is an advanced course in Carpentry covering residential stairs framing. Topics of instruction include stair design, calculation, layout, and construction. Practical instruction is given in the carpentry laboratory work.

CARP 225 4.0 units

Metal Framing

2.3 hours lecture, 6.8 hours laboratory

Recommended Preparation: CARP 211

Grading: letter grade

This course covers the fundamentals of residential light steel framing. Topics include: raised floor construction, wall framing, trussed roof fabrication and installation, applicable building codes and blueprint reading. The fundamentals are learned through laboratory work which requires the use of standard construction tools and materials.

CARP 227 4.0 units

Finish Carpentry

2.3 hours lecture, 6.8 hours laboratory

Recommended Preparation: CARP 211

Grading: letter grade

This is an advanced course in carpentry covering residential interior finishes. Topics of instruction include: drywall installation, taping and texturing; hanging doors and installing door hardware; installing trim, including baseboard, window and door casing, chair rail and wainscot and crown molding; interior design, estimating, and layout. Practical instruction is given in the carpentry laboratory.

CARP 230 4.0 units

Cost Estimating

4.5 hours lecture

Recommended Preparation: CARP 440

Grading: letter grade or pass/no pass

This course is designed for those individuals needing to produce accurate project estimates; topics will include interpretation of project information from a detailed blueprint and processing it into a final detailed estimate.

CARP 245 3.0 units

Contracting Laws and Management

3.4 hours lecture

Grading: letter grade

This course is designed for those with construction experience who wish to become contractors. Topics of instruction include the following: home improvement certification, contractor license law, labor laws, payroll deductions planning, management principles, lien laws, and business organization.

CARP 311 3.0 units

Carpentry 1

1.8 hours lecture, 4.8 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the fundamentals of the building trades. Topics of instruction include safety, building codes, construction mathematics, rough framing, concrete formwork and placement, blueprint reading, and technical information on alternative "Green Technology" materials and methods of construction. Practical instruction is given in the use of tools and materials through carpentry laboratory work.

CARP 312 3.0 units

Carpentry 2

1.8 hours lecture, 4.8 hours laboratory

Grading: letter grade or pass/no pass

This course will cover safety and rough framing and will include: mudsills and their placement, girder placement, floor joists, sub-flooring, wall framing systems, and ceiling joists.

<p>CARP 313 Carpentry 3 1.8 hours lecture, 4.8 hours laboratory Grading: letter grade or pass/no pass This course is an introduction to the fundamentals of the building trades. Topics of instruction include safety, roof types, roof theory, exterior wall finish, interior finish, and stairway construction. Practical instruction is given in the use of tools and materials through carpentry laboratory work.</p>	<p>3.0 units</p>	<p>CARP 440 Blueprint Reading for Construction Trade 3.4 hours lecture Grading: letter grade or pass/no pass This course introduces students to construction blueprint reading through a study of the fundamental skills and concepts involved in reading and interpreting drawings.</p>	<p>3.0 units</p>
CHEMISTRY (CHEM)			
<p>CARP 314 Carpentry 4 1.8 hours lecture, 4.8 hours laboratory Grading: letter grade or pass/no pass This is an advanced course in Carpentry covering residential foundation designs, form construction, and advanced wood frame construction. Topics of instruction include the installation of concrete forms, building layout, concrete placement, and Post and Beam Construction. Practical instruction is given in the carpentry laboratory.</p>	<p>3.0 units</p>	<p>CHEM 1A General Chemistry 4.5 hours lecture, 5.6 hours laboratory Prerequisite: CHEM 2 or Qualification through the LBCC assessment process and MATH 130, 130B, Qualification through the LBCC placement process for Math, or one year of high school intermediate algebra with a grade of B or better in the second semester. Recommended Preparation: One year high school Chemistry. Grading: letter grade or pass/no pass This is the first semester of a one year course which satisfies the general chemistry requirement for science, engineering, and premed majors. Topics covered include atomic theory and bonding, the periodic table and chemical properties, thermochemistry, chemical reactions, solids, liquids and solutions, gases and the ideal gas law. There is an emphasis on stoichiometric calculations. The lab stresses quantitative measurements in chemical reactions. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>5.5 units</p>
<p>CARP 415A Home Remodeling and Repair 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass This course focuses on home improvement projects and introduces the student to basic home remodeling. Topics will include safety, building codes, obtaining building permits, rough mechanical, trade related math, hand and power tools, techniques for installing or repairing plumbing fixtures, electrical repairs and upgrades, and energy saving concepts.</p>	<p>2.0 units</p>	<p>CHEM 1B General Chemistry 4.5 hours lecture, 5.6 hours laboratory Prerequisite: CHEM 1A Grading: letter grade or pass/no pass This course is the second semester of a one year course and fulfills the general chemistry requirement for students in chemistry, engineering, life science, physics, pre-dental, pre-medical, and pre-nursing programs. Topics covered include equilibrium of weak acids and bases, slightly soluble salts and complex ions in aqueous solution. The basic principles of thermodynamics and electrochemistry are presented, along with an introduction to coordination, nuclear and organic chemistry. The lab stresses descriptive inorganic chemistry and qualitative analysis. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>5.5 units</p>
<p>CARP 415B Home Remodeling and Repair 1.1 hours lecture, 3.4 hours laboratory Prerequisite: CARP 415A Grading: letter grade or pass/no pass This course focuses on home improvement projects and introduces the student to basic home remodeling. Topics will include safety, building codes, framing floor systems, framing walls with door and windows, trade related math, hand and power tools, framing various roof systems, and related construction hardware.</p>	<p>2.0 units</p>	<p>CHEM 2 Elementary Chemistry 4.5 hours lecture, 2.3 hours laboratory Prerequisite: MATH 110 or MATH 110B or MATH 880 or Qualification through the LBCC assessment process for Math or one year high school Elementary Algebra with a grade of B or better as reflected in the second semester grade . Grading: letter grade or pass/no pass This course is a prerequisite for CHEM 1A and prepares science or pre-professional majors, who are required to take CHEM 1A, but lack adequate preparation. This course provides basic knowledge and problem solving techniques necessary for CHEM 1A-B. Formula and equation writing, basic gas laws and stoichiometry are stressed. Students should be aware that many schools (CSULB included) do not allow credit for CHEM 2, once</p>	<p>4.5 units</p>
<p>CARP 415C Home Remodeling and Repair 1.1 hours lecture, 3.4 hours laboratory Prerequisite: CARP 415B Grading: letter grade or pass/no pass This course in home remodeling covers interior sub-crafts. Topics of instruction include insulation, safety, drywall, finish carpentry, tile, estimating, and relevant codes. Practical instruction is given in the carpentry laboratory work.</p>	<p>2.0 units</p>		
<p>CARP 415D Home Remodeling and Repair 1.1 hours lecture, 3.4 hours laboratory Prerequisite: CARP 415C Grading: letter grade or pass/no pass This course in home remodeling covers exterior sub-crafts. Topics of instruction include exterior flashing, safety, roofing, stucco, estimating, exterior siding, and relevant building codes. Practical instruction is given in the carpentry laboratory work.</p>	<p>2.0 units</p>		

CHEM 1A (or the equivalent course at that school) has been successfully completed.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CHEM 3 5.0 units

Intro to Gen, Organic & Biochemistry

4.5 hours lecture, 3.4 hours laboratory

Prerequisite: MATH 110 or MATH 110B or MATH 880 or Qualification through the LBCC assessment process for Math or one year high school Elementary Algebra with a grade of B or better as reflected in the second semester grade .

Grading: letter grade or pass/no pass

This course will introduce the principles of general, organic and biological chemistry. A variety of topics will be addressed, including atomic theory, chemical formulas, nomenclature, stoichiometry, solutions, acids and bases, hydrocarbons, alcohols and ethers, carbonyl compounds, carbohydrates, lipids, amino acids and proteins, nucleic acids, biochemical energetics and metabolism. Lab work will reinforce basic concepts and provide experience in manipulating lab equipment. This course satisfies the needs of Nursing, Home Economics and Allied Health Sciences. This course does not prepare students for CHEM 1A.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CHEM 12A 5.5 units

Organic Chemistry

4.5 hours lecture, 5.6 hours laboratory

Prerequisite: CHEM 1A and CHEM 1B

Grading: letter grade or pass/no pass

The course emphasizes bonding, structure, properties and reactions of organic compounds. Modern spectroscopic and analytical techniques are covered, and an emphasis is placed on reaction mechanisms and kinetics. The laboratory part of the course stresses the techniques involved in the synthesis of organic compounds. This is the first semester of a one year course which satisfies the Chemistry requirement for science, engineering, and pre-medical or pre-dental majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CHEM 12B 5.5 units

Organic Chemistry

4.5 hours lecture, 5.6 hours laboratory

Prerequisite: CHEM 12A

Grading: letter grade or pass/no pass

The course emphasizes bonding, structure, and reactions of organic compounds. Modern spectroscopic and analytical techniques are covered, and an emphasis is placed on reaction mechanisms and synthesis. The laboratory part of the course stresses techniques involved in the synthesis of organic compounds. This is the second semester of a one year course which satisfies the Chemistry requirement for science, engineering, and pre-medical or pre-dental majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**CHILD AND ADULT
DEVELOPMENT-EARLY
CHILDHOOD ED(CDECE)**

CDECE 1 1.0 unit

The Developing Professional

1.1 hours lecture

Grading: letter grade or pass/no pass

This course focuses on professional development in Early Childhood Education and explores various types of programs and opportunities for specific occupations. This course also provides students with an opportunity to conduct a job search, investigate the interviewing process, improve communication skills and build a plan for professional competency development.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 19 3.0 units

Health, Safety and Nutrition DS7

3.4 hours lecture

Recommended Preparation: KINPP 23M1

Grading: letter grade or pass/no pass

This course provides an introduction to the laws, regulations, standards, policies, procedures and early childhood curriculum related to child health, safety and nutrition. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. The focus is on integrating the concepts into everyday planning and program development for all children. An additional three to five hours of child observation, outside of regular class hours is required for this course.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 31 2.0 units

Adult Supervision

2.3 hours lecture

Recommended Preparation: Current or prior experience as a teacher in an ECE program.

Grading: letter grade

This course is a study of the methods and principles of supervising student teachers, volunteers, staff, and other adults in early care and education settings. Emphasis is on the roles and development of early childhood professionals as mentors and leaders.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 34 3.0 units

Children's Literature DS3

3.4 hours lecture

Grading: letter grade

This course examines traditional and contemporary children's literature including poetry, fiction, non-fiction and folk literature from a variety of cultures. Criteria for literary and artistic evaluation as well as literary concepts such as theme and plot will be examined. Students will demonstrate presentation techniques and explore curriculum and community support for literature experiences with children.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>CDECE 40</p> <p>Infant Development & Educaring D4 3.4 hours lecture Prerequisite: CDECE 45 or CDECE 47 Grading: letter grade This course is a study of the infant, pre-birth to 18 months of age. Topics will include: the role of the adult in designing, evaluating and implementing the educare (education and care) of infants in center-based programs, family home care and parental care, based on and respectful of, the infant's unique abilities and needs. The course will also cover developmental theories, program quality standards, laws and regulations (Title 22), the role of the primary caregiver, curricula, culturally sensitive care, as well as early recognition and intervention for infants with special needs. Information about the health, nutrition and safety components of infant care is included as well. This course meets the Department of Social Services Classification Indicator DS4. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>CDECE 47</p> <p>Human Development 3.4 hours lecture Grading: letter grade or pass/no pass This course examines the major physical, psychosocial, and cognitive/language developmental milestones throughout the life span, both typical and atypical, from conception through death. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children and interview adults, evaluate individual differences and analyze characteristics of development at various stages. This course meets the State of California requirement for teaching preschool. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>CDECE 41</p> <p>Toddler Development & Educaring D4 3.4 hours lecture Prerequisite: CDECE 45 or CDECE 47 Grading: letter grade This course is a study of the educaring (education and care) of toddlers 18 to 36 months of age. Topics will include: the role of the adult in a center-based program, in family home care and parental care; an overview of child development theories pertinent to this age; and activities and methods which nurture the toddler's intellectual, language, emotional, social, personality and motor development. The course will also cover effective behavior management; laws and regulations (Title 22), program quality standards, group size and continuity of care, the role of the primary caregiver, culturally sensitive care; as well as early recognition and intervention for toddlers with special needs, and information about the health, nutrition and safety components of toddler care. This course meets the Department of Social Services Classification Indicator DS4. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>CDECE 48</p> <p>Child, Family and Community D2 3.4 hours lecture Grading: letter grade or pass/no pass This course examines the developing child in a societal context focusing on the interrelationship of family, school and community and emphasizes historical and socio-cultural factors. The processes of socialization and identity development will be highlighted, showing the importance of respectful, reciprocal relationships that support and empower families. This course fulfills state licensing requirements for child, family and community D2. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>CDECE 45</p> <p>Child & Adolescent Development DS1 3.4 hours lecture Grading: letter grade or pass/no pass This introductory course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages. The course meets the State of California requirement for teaching in early childhood education programs. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>CDECE 50</p> <p>Intro to Curriculum for Young Children 3.4 hours lecture Prerequisite: CDECE 45 or CDECE 47 Grading: letter grade or pass/no pass This course explores the principles and methods of planning, implementing and evaluating developmentally and culturally appropriate curriculum environments for young children. The emphasis is on curricular approaches, observation, assessment, activity planning, and practice in all developmental domains. An overview of content areas will include but not be limited to: language and literacy, social studies, dramatic play, sensory learning, art, music and movement, math and science. An additional three to five hours of child observation, outside of regular class hours is required for this course. This course fulfills state requirements for programs/curriculum, DS3.</p>	<p>3.0 units</p>
<p>CDECE 53</p> <p>Principles and Practices 3.4 hours lecture Grading: letter grade or pass/no pass This course examines the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting</p>	<p>3.0 units</p>		

advocacy, ethics and professional identity. Environments will be examined for influences of culture and inclusion on the developing child.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 54 3.0 units

Art & Creative Dev. in Early Childhood D3

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explores the principles and methods of providing creative expression and art experiences for young children, 3-5 years old. This course fulfills the state licensing requirements for programs/curriculum D3.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 55 3.0 units

Music & Movement in Early Childhood D3

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explores the principles and methods of providing music and movement experiences for young children, 3-5 years. Students develop skills to effectively sing, play simple musical instruments and use movement activities with young children.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 57 3.0 units

Science & Math in Early Childhood D3

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explores the principles and methods of planning, implementing and evaluating science and math experience for young children 3-5 years old. Students will develop strategies to foster the child's natural curiosity about the environment and quantity through activities that encourage exploration, experimentation, problem solving and discovery through play. This course fulfills state requirements for programs/curriculum D3.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 58 3.0 units

Language & Literacy in Early Childhood

3.4 hours lecture

Grading: letter grade

This course surveys the range of language and literacy theories, practices and activities that support young children's development. This course meets state licensing requirements for program curriculum D3.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 59 3.0 units

Guiding Young Children DS3

3.4 hours lecture

Grading: letter grade or pass/no pass

This course studies ways of approaching and understanding child guidance as it applies to children from birth to age 8 in family and community settings as well as developing a personal approach to child guidance based on current scientific research and theory concerning child development. The course utilizes lecture, discussion, small group work, observation, and research to explore the processes linked to the development of prosocial behavior in young children.

The course focuses on the use of developmentally appropriate methods of guiding children to promote positive self-esteem.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 60A 3.0 units

Admin of Child Development Programs D6

3.4 hours lecture

Prerequisite: CDECE 45 or CDECE 47.

Grading: letter grade or pass/no pass

Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws, development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program. May be applied to degree, certificate or area of specialization requirements.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 60B 3.0 units

Advanced Supervision of ECE D6

3.4 hours lecture

Prerequisite: CDECE 45 or CDECE 47.

Grading: letter grade or pass/no pass

This course covers effective strategies for personnel management and leadership in early care and education settings. Includes legal and ethical responsibilities, supervision techniques, professional development, and reflective practices for a diverse and inclusive early care and education program. May be applied to degree, certificate or area of specialization requirements.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 61 3.0 units

Teaching in a Diverse Society D3

3.4 hours lecture

Grading: letter grade or pass/no pass

This course examines the relationship of culture, language, family structure, ability, socioeconomic status and other issues on the formation of the young child's concept of self and the learning process. Emphasis is on practical early childhood classroom applications for diverse populations, including the integration of cultures, generations, genders, and races into the classroom, facilitation of second language acquisition, and practical teaching strategies for implementing an anti-bias curriculum. Course includes self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media and schooling.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 66 3.0 units

Observation and Assessment DS3

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: CDECE 45 or CDECE 47.

Recommended Preparation: CDECE 48 and CDECE 50.

Grading: letter grade

This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play and learning in order to join with families and professionals in promoting children's success and maintaining quality programs. Recording strategies, rating systems, portfolios, and multiple assessment methods are explored. The course meets state licensing

requirements for program curriculum DS3. Proof of negative TB test is required.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 68 3.0 units

Practicum D3

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: CDECE 1 and CDECE 19 and CDECE 48 and CDECE 50 and CDECE 53 and CDECE 61 and CDECE 66 and CDLL 51A or CDLL 52A

Grading: letter grade or pass/no pass

This course provides students the opportunity to demonstrate developmentally-appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment will be utilized. Knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. There are 72 hours of lab experience over the course of the semester.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDECE 259 3.0 units

Challenging Behaviors in Early Childhood

3.4 hours lecture

Recommended Preparation: CDECE 45 or CDECE 47 or CDECE 59.

Grading: letter grade

This course is the study of the relationship between developmental, environmental, and social-emotional variables and the young child's challenging and/or extreme behaviors. Strategies, for use by the early childhood teacher or parent, which support the child's development of social competence, self-control and self-image will be covered. Methods of teaching children friendship skills, feeling vocabularies, problem solving, and anger management are included. Observations at a variety of sites in the community will be required in this course. An additional three to five hours of child observation, outside of regular class hours is required for this course.

***CHILD AND ADULT
DEVELOPMENT-FAMILY DAY
CARE (CDFDC)***

CDFDC 212A 3.0 units

Family Child Care Management A

3.4 hours lecture

Grading: letter grade or pass/no pass

This course assists persons planning to become or currently involved in the group care of children in the home. This course focuses on setting up a child-centered environment that meets licensing and accreditation standards.

CDFDC 212B 3.0 units

Family Child Care Management B

3.4 hours lecture

Grading: letter grade

This course assists persons planning to become or currently involved in the group care of children in the home. This course focuses on the child guidance as well as the business aspects of family child care including working with parents, record keeping, and communication.

***CHILD AND ADULT
DEVELOPMENT-FAMILY
DEVELOPMENT (CDF)***

CDF 210A 3.0 units

Skills/Strat. for Family Workers Pt. 1

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is part one of a two part series. The course is designed to prepare students and workers to assist families with the values, knowledge, and skills needed to empower families to achieve self-reliance. Focus will be on the principles of family development, family empowerment skills, self-support for family workers, effective communication with families, and cultural competency.

CDF 210B 3.0 units

Skills/Strat. for Family Workers Pt. 2

3.4 hours lecture

Prerequisite: CDF 210A

Grading: letter grade or pass/no pass

This course is part two of a two part series. The course is designed to prepare students and workers to assist families with the values, knowledge, and skills needed to empower families to achieve self-reliance. Part two focuses on strength-based assessment, resource development, service coordination, collaboration and networking, home visitations, team building, goal setting, and family conference facilitation.

***CHILD AND ADULT
DEVELOPMENT-LEARNING LAB
(CDLL)***

CDLL 52 3.0 units

Fieldwork/Preschool Techniques

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course is a study of current concepts and research in early childhood education through lectures and lab participation. It is designed for child development majors, early childhood education majors and parents. Proof of a negative TB test is required for participation and observation in the children's program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDLL 52B 2.0 units

Fieldwork/Preschool Techniques

1.1 hours lecture, 4.5 hours laboratory

Grading: letter grade or pass/no pass

This course is a study of current concepts and research in early childhood education through lectures and lab participation. It is appropriate for child development majors, early childhood education majors and parents. It is designed to be a continuation of CDLL 52A. Proof of a negative TB test is required for participation and observation in the children's program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDLL 603 0.0 unit

LBCC Child Development Centers Participation

6.8 hours laboratory

Grading: LBCC Non-Graded Course

This is a non-credit lab experience for students participating in LBCC Child Development Center Demonstration Lab Schools, including the child care program, providing guided education and observation.

**CHILD AND ADULT
DEVELOPMENT-SCHOOL AGE
(CDSA)**

CDSA 62 3.0 units

Creative Express for School Age Children

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a study of the principles, methods and materials that encourage creative expression in school children. School age environments, activities and behavior management techniques will be discussed. Hands-on participation in creative activities will be featured.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDSA 63 3.0 units

The School Age Child

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade

This course is a study of the physical, social, emotional and cognitive development of the school age child, emphasizing the interaction of children and teachers in child care settings. Three hours of observation/participation at approved sites are required each week.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDSA 65 3.0 units

School Age Curriculum

3.4 hours lecture

Grading: letter grade

This course is a survey of curriculum and activities appropriate for the school age child. Students who are interested in working with children in before and after-school care will practice developing, modifying, setting up and presenting age appropriate, school-age activities. These activities will cover all areas of the curriculum.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDSA 75 3.0 units

School Age Child Care Practicum D5

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: CDECE 45 or CDECE 47 and CDSA 62, CDSA 63 and CDSA 65

Grading: letter grade

This is a hands-on course in which students are provided an opportunity to plan, prepare, present and evaluate curriculum activities offered to school-age children (6-12) in various public and private school-age child care settings. Thirty additional hours of program participation, proof of negative TB test and fingerprint clearance are required.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**CHILD AND ADULT
DEVELOPMENT-SPECIAL
EDUCATION (CDESED)**

CDESED 5 3.0 units

Community Resources/Special Education

3.4 hours lecture

Grading: letter grade or pass/no pass

This course studies community resources that identify, support, and enhance the lives of children and families with special needs. Agencies concerned with the health, education and welfare of children and families with special needs are studied in depth along with the influence of culture and family structures on student outcome.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDESED 67 3.0 units

Intro to Children with Special Needs

3.4 hours lecture

Grading: letter grade or pass/no pass

This is a survey course that introduces the variations in development of children with special needs ages birth through eight and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to children with special needs, early intervention as well as the identification and referral process.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDESED 69 3.0 units

Special Education Practicum

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: CDESED 67, 5, 70 and CDECE 45 or 47

Grading: letter grade

Students will plan, prepare, execute and evaluate various experiences with disabled individuals in schools and agencies in the greater Long Beach area. As well, they will learn specific techniques of working with children, adults, parents and staff to provide an appropriate experience for the disabled individual. There are 54 lab hours required for this course.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CDESD 70 3.0 units

Curriculum for Special Needs

3.4 hours lecture

Grading: letter grade

This course covers curriculum and intervention strategies for working with children with special needs in partnership with their families. Focuses on the use of observation and assessment in meeting the individualized needs of children in inclusive and natural environments. Includes the role of the teacher as a professional working with families, collaboration with interdisciplinary teams, and cultural competence.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**COMMUNICATION STUDIES
(COMM)**

COMM 10 3.0 units

Elements of Public Speaking

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 10. The theory and practice of public speaking is explored through the analysis, construction and delivery of various types of speeches.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COMM 10H 4.0 units

Honors Elements of Public Speaking

4.5 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This is an Honors Communication Studies Course. The theory and practice of public speaking is explored through the analysis, construction and delivery of various types of speeches. Eligibility for the Honors program is required for enrollment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COMM 20 3.0 units

Elements of Interpersonal Communication

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 20. This course takes an experiential approach to the study of the process of communication at both the intrapersonal and interpersonal levels. Time will be devoted to both the study of theories and experiments within the field of communication studies and their practical applications as related to perception, listening, non-verbal communication, conflict resolution and one's self-concept.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COMM 25 3.0 units

Elements of Intercultural Communication

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 25. This course is designed to study the relationship between communication and culture. Emphasis is placed on the development of intercultural competence through the examination and understanding of the following: cultural worldviews, cultural identities,

dominant U.S. cultural patterns, diverse cultural patterns, cultural rules of interaction, linguists, and nonverbal communication.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COMM 30 3.0 units

Elements of Group Communication

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 30. Small group communication theories, principles, and strategies are examined and applied to facilitate the achievement of group goals in a variety of contexts. Problem-solving, critical thinking, and team-building strategies are emphasized.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COMM 31 3.0 units

Elements of Leadership Communication

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 31. This course explores definitions, theories, and styles of leadership; purposes and functions of leaders in various settings; and provides opportunities for the practical application of the techniques of leadership toward understanding the role of leaders in organizational success.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COMM 50 3.0 units

Elements of Oral Interpretation

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 50. The basic principles of oral communication are explored through oral reading of prose, poetry and dramatic literature.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COMM 60 3.0 units

Elements of Argumentation and Debate

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly SP 60. The nature, functions, forms, and contexts of argumentation and debate are explored and applied to both formal and informal classroom debates. An added appreciation for the role of advocacy and reasoning in a free society is examined.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**COMPUTER ACADEMY CISCO
NETWORKING (CISCO)**

CISCO 250 3.0 units

Communications Cabling Installation

2.8 hours lecture, 1.7 hours laboratory

Grading: letter grade

This course introduces students to the basic skills and knowledge required for employment as a network wiring installer. The course includes introductions to cabling tools, installation practices, color codes, copper-based cable systems, cable testing, workplace safety, and the National Electrical Code (NEC) as it applies to network wiring.

CISCO 251 3.0 units

Introduction to Networking

2.8 hours lecture, 1.7 hours laboratory

Grading: letter grade

This is the first course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes introductions to networking devices, IP Addressing, routing, switching, media and design, topology, cabling, electricity, electronics and network management. The instruction is based on the Cisco Networking Academy curriculum.

CISCO 252 3.0 units

Routing and Access Control

2.8 hours lecture, 1.7 hours laboratory

Prerequisite: CISCO 251

Grading: letter grade

This is the second course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes OSI layers 1-7, local vs. wide area networks, TCP/IP, IP addressing, routing, router components and configuration of the Cisco IOS, routing protocols and access control lists. The instruction is based on the Cisco Networking Academy curriculum.

CISCO 253 3.0 units

Cisco Networking III, LAN

2.8 hours lecture, 1.7 hours laboratory

Prerequisite: CISCO 252

Grading: letter grade

This is the third course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes EIGRP and OSPF routing, LAN switching, VLAN and LAN design. The instruction is based on the Cisco Networking Academy curriculum.

CISCO 254 3.0 units

WAN's and Remote Access

2.8 hours lecture, 1.7 hours laboratory

Prerequisite: CISCO 253

Grading: letter grade

This is the fourth course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes IP address conservation, VLSM, wide area network design, configuration of PPP, ISDN and Frame relay protocols. The instruction is based on the Cisco Networking Academy curriculum.

**COMPUTER AND OFFICE
STUDIES, APPL. SOFTWARE
(COSA)**

COSA 1 1.0 unit

Computer Information Competency

1.1 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

Formerly COMIS 1 and CAOTC 211. The course is designed for students to develop current computer information competency. It covers basic use of hardware, Internet knowledge and skills, word processing, spreadsheet, digital data presentations, and communications applications. This course satisfies the

technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Internet and Computing Core (IC3) industry certification exam.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSA 5 3.0 units

Microsoft Windows Operating System

3.4 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTC 31A and COSA 5AD. Students will learn basic to advanced features and concepts of the Microsoft Windows operating system. This course provides students with an understanding of computer hardware basics, functions and features of Windows, Internet technologies, email, monitoring and tracking system performance, and controlling computer security. Through hands-on practice, students will learn to use Windows programs such as Windows Explorer, Internet Explorer, Media Player, Movie Maker, Live Messenger, Photo Gallery, Word Pad, and Paint. This course satisfies the technology portion of the information competency requirement.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSA 10 4.0 units

Microsoft Word for Windows

4.5 hours lecture

Recommended Preparation: COSA 1 or type 45 wpm

Grading: letter grade or pass/no pass

Formerly CAOTC 39A and COSA 10AD. This course provides extensive hands-on instruction using Microsoft Word and its editing, formatting, and language tools to create, format, save, revise, and print various business and report documents. Students will create flyers, newsletters, templates, and other publication documents using advanced formatting techniques and tools. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSA 15 4.0 units

Microsoft Excel for Windows

4.5 hours lecture

Recommended Preparation: COSA 1

Grading: letter grade or pass/no pass

Formerly CAOTC 41E and COSA 15AD. This course covers beginning, intermediate, and advanced spreadsheet concepts using Microsoft Excel and is for anyone working (or wanting to work) in a setting where numeric data is collected, maintained, analyzed, manipulated, and presented. Excel has many applications in business, education, and government as well as personal and home use. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>COSA 20</p> <p>Microsoft PowerPoint for Windows 3.4 hours lecture Recommended Preparation: COSA 1 Grading: letter grade or pass/no pass Formerly CAOTC 44D and COSA 20AD. This class provides a thorough exploration of presentation graphics software. Through hands-on practice, students learn to combine text and graphic images to develop computerized slide shows, transparencies, charts, and printed materials for group presentations. Students also create presentations with animations and audio, publish presentations for web and CD, use work group collaboration features, and integrate with other programs. In the research component students create presentations based on information gathered from electronic sources. This course satisfies the technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>COSA 35</p> <p>Microsoft Office 4.5 hours lecture Recommended Preparation: COSA 1 Grading: letter grade or pass/no pass Formerly CAOTC 35. Microsoft Office is a beginning, hands-on course that teaches students to create, edit, format, and integrate a wide range of business documents. Students will use Microsoft Word, Excel, PowerPoint, and Access. Computer hardware basics and the use of the internet for business and research purposes will also be covered. This course satisfies the technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>4.0 units</p>
<p>COSA 25</p> <p>Microsoft Access for Windows 4.5 hours lecture Recommended Preparation: COSA 1 Grading: letter grade or pass/no pass Formerly CAOTC 47A and COSA 25AD. This class provides an introduction to Microsoft Access, a computerized relational database management system. Through hands-on practice, students learn to create and modify tables, queries, reports, forms, data access pages, macros, and modules. Students will also learn to share information by integrating Access with data and other applications. This course satisfies the technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam. This course satisfies the technology portion of the information competency requirement. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>4.0 units</p>	<p>COSA 40</p> <p>Microsoft Office — Advanced 4.5 hours lecture Recommended Preparation: COSA 35 Grading: letter grade or pass/no pass Formerly CBIS 6C and CAOTC 235. Microsoft Office-Advanced is an advanced hands-on course. Students will process a wide range of complex assignments requiring advanced formatting and functionality. Students will use Microsoft Word, Excel, Access, and PowerPoint. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>4.0 units</p>
<p>COSA 30</p> <p>Introduction to Computers 3.4 hours lecture Recommended Preparation: COSA 1 Grading: letter grade or pass/no pass Formerly CAOTC 34. This is a computer literacy course designed to familiarize the learner with a variety of computer tools and computer concepts with emphasis on utilizing Office Suite programs. This course provides an introduction to the use of computers, common software programs, peripherals, and social media. Students are instructed in the use of a word processor, spreadsheet, presentation tools, and internet applications. This course satisfies the technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Internet and Computing Core (IC3) industry certification exam. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>COSA 45</p> <p>Introduction to the Internet 2.3 hours lecture Grading: letter grade or pass/no pass Formerly CAOTC 45 and CBIS 206C. This course is a comprehensive overview of Internet and Web concepts that have changed the way people find information, communicate with others, and conduct business activities. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.0 units</p>
<p>COSA 50</p> <p>Intro to IT Concepts & Applications 4.5 hours lecture Recommended Preparation: COSA 1 Grading: letter grade or pass/no pass Formerly CBIS 6A. This course is an introduction to information systems and the common use of office applications. Internet, Word processing, spreadsheets, databases, presentation software, and basic internet use will be covered. Spreadsheet use for business will be emphasized. This course satisfies the technology portion of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Internet and Computing Core (IC3) industry certification exam. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>COSA 50</p> <p>Intro to IT Concepts & Applications 4.5 hours lecture Recommended Preparation: COSA 1 Grading: letter grade or pass/no pass Formerly CBIS 6A. This course is an introduction to information systems and the common use of office applications. Internet, Word processing, spreadsheets, databases, presentation software, and basic internet use will be covered. Spreadsheet use for business will be emphasized. This course satisfies the technology portion of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Internet and Computing Core (IC3) industry certification exam. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>

COSA 210 3.0 units

Intro to Project Management for IT

3.4 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 436A. This class is an introduction to IT project management. Popular project management software will be introduced. In addition, the class will focus on the methods and techniques for managing technology projects as well as preparing students for the CompTIA's IT Project+ certification.

COSA 214 2.0 units

Records Management and Filing

2.3 hours lecture

Grading: letter grade or pass/no pass

Formerly CAOTO 214. Students in this course are introduced to the expanding area of records and information management and technologies which integrate the computer with other automated records systems. They examine the Association of Records Managers and Administrators (ARMA International) filing standards to alphabetically store and retrieve physical and electronic systems. This includes alphabetic, subject, numeric, and geographic storage methods.

COSA 215 3.0 units

Microsoft Outlook for Windows

3.4 hours lecture

Recommended Preparation: COSA 1

Grading: letter grade or pass/no pass

Formerly CAOTC 215A and COSA 215AD. This course provides comprehensive instruction in desktop management using Microsoft Outlook. Topics include how to send and receive e-mail, manage contacts, plan and track tasks, schedule the calendar, and integrate Outlook with other applications and the internet. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam.

COSA 270 2.0 units

Help Desk Concepts

2.3 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly BCOM 270. This course provides an introduction to help desk concepts and procedures which include help desk operations, technology and information components, as well as help desk setup, customer support, and resources.

***COMPUTER AND OFFICE
STUDIES, KEYBOARDING(COSK)***

COSK 200 3.0 units

Beginning Keyboarding and Document Production

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Formerly CAOTT 200. Students in this course develop computer typing skills for business and personal use with emphasis on proper technique, speed, and accuracy. Students create correspondence, business reports, academic reports, tables, resumes, and other employment documents. This course satisfies the

technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam.

COSK 202 3.0 units

Advanced Keyboarding and Document Production

2.3 hours lecture, 3.4 hours laboratory

Recommended Preparation: COSK 200 or type 35 wpm.

Grading: letter grade or pass/no pass

Formerly CAOTT 201. Students in this course develop computer typing skills for business and personal use with emphasis on proper technique, speed, and accuracy. Students create correspondence, business reports, academic reports, tables, resumes, and other employment documents. This course satisfies the technology component of the Information Competency graduation requirement. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Office Specialist (MOS) industry certification exam.

COSK 209 1.0 unit

Speed/Accuracy Bldg. for Typists

1.1 hours lecture, 1.1 hours laboratory

Recommended Preparation: COSK 200 or COSK 233 or type 25 wpm

Grading: letter grade or pass/no pass

Formerly CAOTT 209AB and COSK 209AD. This intermediate-level course helps to increase computer keyboarding speed and accuracy. Students receive individual analysis, tips on improving their technique, and guided practice.

COSK 233 1.0 unit

Computer Keyboarding Skills

1.1 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

Formerly CAOTT 233 and COSK 233AD. This course is designed for the person who desires to develop touch control of the computer keyboard and numeric keypad for business or personal use. Emphasis is placed on proper typing and inputting techniques and building basic speed and accuracy.

COSK 250 3.0 units

Data Processing

2.3 hours lecture, 3.4 hours laboratory

Recommended Preparation: COSK 200 or type 30 wpm

Grading: letter grade or pass/no pass

Formerly COSK 250A/B. This course prepares students for careers requiring the use of a computer to enter, compile, and interpret information. Keying skills are developed utilizing multiple computer applications with a speed goal of 9,000 keystrokes/hour with 98% accuracy and the objective of successfully entering, validating, manipulating, and analyzing data. The opportunity to practice the skills in a simulated workplace situation will be provided, as well as techniques for finding and avoiding errors.

**COMPUTER AND OFFICE
STUDIES, NETWORKING, AND
OS(COSN)**

COSN 3 4.0 units

Operating Systems: Software and Hardware

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade

Formerly CBIS 3. This course covers the command-line operating systems and Windows operating systems maintenance skills required for A+ certification expected of computer technicians. (See COSN 5 for the hardware portion of A+).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSN 5 4.0 units

Computer Technician Hardware Basics

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 200. This course emphasizes personal computers and the latest common components and hardware features such as microprocessors, motherboards, buses, input/output controllers and memory, and other components. Class lectures will be supplemented with "hands on" classroom labs using diagnostic software and tools. This course will prepare students for the hardware portion of the A+ Certification Exam. (See COSN 3 for the Software portion of A+ Certification Exam).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSN 10 4.0 units

Networking Fundamentals

4.5 hours lecture

Grading: letter grade or pass/no pass

Formerly CBIS 41. In this class, the student will learn to install, configure, upgrade and troubleshoot a computer network. There will be discussions regarding local area networks, wide area networks, communications protocols, network topologies, transmission media, security, and assessment of career opportunities in networking. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Technology Associate (MTA) industry certification exam.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSN 200 2.0 units

Wireless Communications

2.3 hours lecture

Corequisite: COSN 10

Grading: letter grade or pass/no pass

Formerly CBIS 212. In this class the student will learn how to install, use, and manage popular wireless technologies. These technologies include infrared, Bluetooth, and wireless local area networks. In the lab, the student will actually install and configure a wireless local area network. The students will learn how to set up a wireless network in their home and secure it from unauthorized outside access.

COSN 205

4.0 units

Unix/Linux Fundamentals

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 223. This course trains students to use the Linux operating system as an alternative to other operating systems for managing files, running applications, and developing application procedures. Course topics include an overview of basic operating system concepts, a history of UNIX and its influence on modern operating systems, basic internal operating system structure, details of UNIX/Linux file system structures, pipes, filters and redirection, scripts, processes, shells, and UNIX/Linux utilities. Completion of this course qualifies students for COSN 210, Linux System Administration.

COSN 210

4.0 units

LINUX Server Administration

4.5 hours lecture

Recommended Preparation: COSN 205

Grading: letter grade or pass/no pass

Formerly CBIS 235A and COSN 210AD. This course is an in depth study of the Linux operating system. The focus is on Linux installation and administration. The course will also examine the theoretical concepts common to all Linux systems that have increased its popularity. The course will also take the form of a practical hands-on approach to Linux to prepare students for the CompTIA Linux+ or LPI certifications.

COSN 215

4.0 units

LINUX Networking and Security

4.5 hours lecture

Recommended Preparation: COSN 205 or COSN 210

Grading: letter grade or pass/no pass

Formerly CBIS 235B and COSN 215AD. This is an advanced Linux operating system course. The focus is on Linux networking and security. The course covers networking technologies and protocols, network configuration and the use of command-line and graphical utilities. Network security issues such as firewalls, VPNs, and utilities such as nmap, ethereal, and the SAINT profiling tool will be presented.

COSN 225

3.0 units

Microsoft Windows Client

3.4 hours lecture

Recommended Preparation: COSN 10

Grading: letter grade or pass/no pass

Formerly CBIS 226. In this class, students will install, configure and administer Windows OS. They will install and upgrade client systems, manage file systems and devices and perform system maintenance. The class will prepare the student to take the corresponding MTA Certification Exam.

COSN 230

4.0 units

Microsoft Windows Server

4.5 hours lecture

Recommended Preparation: COSN 225

Grading: letter grade or pass/no pass

Formerly CBIS 227. In this class, students will install, configure and administer Windows Server Operating System. The class will prepare the student to take the corresponding MTA Certification Exam.

COSN 250 3.0 units

Introduction to Cloud Computing

3.4 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

This course educates students about cloud deployment and service models, cloud infrastructure, and key considerations in migrating to cloud computing. The course covers technologies required to build classic, virtualized, and cloud data center environments. These technologies include computing, storage, networking, desktop, and application virtualization. Additional focus areas are security, recovery, and management. Students will learn about the steps involved and key considerations in transitioning from the current data center model to a cloud computing environment.

COMPUTER AND OFFICE STUDIES, PROGRAMMING(COSP)

COSP 7 4.0 units

Programming Concepts and Methodologies

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 7. This course is an introduction to programming concepts and methodologies including syntax, structured design, debugging, variables identifiers, flowchart and simple UML design, programming error detection, extracting and manipulating data from arrays, array sorting with passing parameter and augmenting test data.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COSP 8 4.0 units

Visual Basic Programming

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 8B. The class introduces students to the development of information systems using Visual Basic .NET language. The following programming concepts are covered: the software life-cycle, .Net IDE, data types, control structures, methods, strings and arrays, object oriented programming, GUI design and development, file I/O, database and ASP.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COSP 10 4.0 units

Introduction to C# Programming

4.5 hours lecture

Recommended Preparation: COSP 7

Grading: letter grade or pass/no pass

Formerly COSP 216. This course is an introductory presentation of the C# language, including data structures and examples. Emphasis is placed on programming business applications including design, development, and documentation. Students should have completed the COSP 7 course or equivalent as preparation for this course.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSP 36 4.0 units

Systems Analysis and Design

4.5 hours lecture

Recommended Preparation: COSA 50 and COSP 38

Grading: letter grade or pass/no pass

Formerly CBIS 36. This course covers the broad concepts and methods of system analysis and design, while emphasizing the latest object-oriented techniques. Topics include development processing models, conceptual and physical design, system implementation and maintenance techniques, project management, collaborative communication skills, and the responsibilities of systems analysts.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSP 38 4.0 units

Database Concepts

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 38. This course covers concepts and technologies of database systems. Topics include data modeling, design, and the implementation of relational databases; Structured Query Language-SQL; concurrency control; distributed database systems; data warehousing; Web enabled database technologies; and the functions of database administration. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Technology Associate (MTA) industry certification exam.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSP 201 1.0 unit

Mobile App Development

1.7 hours lecture

Recommended Preparation: COSA 1

Grading: letter grade or pass/no pass

This course is an introduction to building apps for Android devices, including Android phones and tablets, using MIT App Inventor or other App development tools. This course does not require previous programming skills. The student will learn how to design and develop an app and use will use visual program blocks to specify the app's behavior. Students will do several assignments intended to teach app development followed by a final project.

COSP 230 3.0 units

Android App Development in Java

3.4 hours lecture

Prerequisite: CS 21A or CS 11

Grading: letter grade or pass/no pass

This is a course that will teach the professional level of skills and practices needed to develop and publish a variety of types of applications or Apps on Android phones and tablets. Students should be able to design, develop, and test their own professional quality Apps by the end of the course.

COSP 238 3.0 units

Advanced Database Concepts

3.4 hours lecture

Recommended Preparation: COSP 38

Grading: letter grade or pass/no pass

Formerly CBIS 246AD. In this course, students will learn about the major areas of database administration: installation and maintenance of MS SQL Server; T-SQL programming; database performance, logging, backup,

recovery, security and replication; and the role of a database administrator. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Technology Associate (MTA) industry certification exam.

COMPUTER AND OFFICE STUDIES, SECURITY(COSS)

COSS 270 1.0 unit

Information Security Fundamentals

1.1 hours lecture

Grading: letter grade or pass/no pass

Formerly CBIS 270. In this course, you will learn how to protect yourself from identity theft and personal computer attacks. This course is for anyone with basic computer skills. Learn how to protect yourself from hackers, phishers, and anyone else who is trying to “snoop” into your personal information.

COSS 271 3.0 units

Network Security Fundamentals

3.4 hours lecture

Recommended Preparation: COSN 10 and COSS 270

Grading: letter grade or pass/no pass

Formerly CBIS 271. Network Security Fundamentals provides a comprehensive overview of network security and prepares students to take the CompTIA Security + certification exam. This course covers general security concepts, communication network security, infrastructure security, cryptography basics, operational/organizational security, and computer forensics. Upon successful completion of this course, students will be given a voucher to sit for the Microsoft Technology Associate (MTA) industry certification exam.

COSS 272 3.0 units

Computer Forensics and Investigation

3.4 hours lecture

Recommended Preparation: COSN 5

Grading: letter grade or pass/no pass

This course offers an introduction into computer forensics, investigating computer crimes and data recovery. Topics covered in this course include a process for investigating cyber-crime and procedures for collecting, analyzing, recovering and preserving forensic evidence.

COSS 273 4.0 units

Ethical Hacking and Countermeasures

4.5 hours lecture

Recommended Preparation: COSS 271

Grading: letter grade or pass/no pass

This course will prepare students to perform network hacking and implement appropriate countermeasures. Students will also explore the ethical questions surrounding network and system penetration. This course covers topics such as using network penetration tools, techniques for identifying system vulnerabilities and exploiting those vulnerabilities to compromise systems and data.

COMPUTER AND OFFICE STUDIES, WEB DESIGN (COSW)

COSW 10 4.0 units

Beginning Website Development

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

Formerly CBIS 207AD and CBIS 211AD and COSW 10AD. This course introduces the fundamental skills needed to design, develop and publish websites using industry standard software. Students will create websites using HTML and CSS and incorporate web design principles such as site planning, usability and accessibility standards. Topics covered include formatting text, creating hyperlinks, building navigation menus, inserting images and other media, creating tables and forms, using CSS for layout and design, creating responsive websites and working with content management systems. Students should have completed a basic computer concepts course such as COSA 1 as preparation for this course.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSW 20 4.0 units

Dynamic HTML Web Construction

4.5 hours lecture

Recommended Preparation: COSW 10

Grading: letter grade or pass/no pass

Formerly CBIS 207E. This course is a web page construction course focusing on emerging HTML standards, XML, JavaScript and other scripting languages.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COSW 200 4.0 units

Introduction to Java Script

4.5 hours lecture

Recommended Preparation: COSA 50

Grading: letter grade or pass/no pass

This course provides an overview of client-side programming using JavaScript, variables, arrays, functions, event handlers, objects, form validation, cookies, and the DOM. Introduces Web 2.0 technologies, Ajax (Asynchronous JavaScript and XML and JSON), and it is an introduction to using popular libraries including jQuery.

COSW 220 3.0 units

Database Programming with PHP/MySQL

3.4 hours lecture

Recommended Preparation: COSW 10

Grading: letter grade or pass/no pass

Formerly CBIS 420. This course introduces PHP & MySQL, one of the most popular technology combinations for developing interactive Web sites. It is designed to introduce beginning database driven website programming concepts for personal and small business needs. It is recommended that students coming into this course have a beginning knowledge of Web development concepts including HTML and CSS.

COSW 221 3.0 units

Database Programming with PHP/MySQL II
 3.4 hours lecture
 Prerequisite: COSW 220
 Recommended Preparation: COSW 10 and COSP 38
 Grading: letter grade or pass/no pass
 Formerly COSW 251. This is the second course in PHP programming with a MySQL database for developing data driven web sites. Students can expect to write PHP code to create real world database applications that allow for database record creation, update, deletion and retrieval. Emphasis will be placed on creating web forms, searching databases, and session management.

COSW 230 3.0 units

Ruby on Rails Web Development
 3.4 hours lecture
 Recommended Preparation: COSW 20, CS 11, CS 21A, COSP 8, COSP 38, or COSP 216.
 Grading: letter grade or pass/no pass
 Formerly CBIS 430. This course is an introduction to using Ruby on Rails (or RoR) a dynamic web development framework. Students will be taught programming in Ruby language and MySQL management. Installation, development, testing, and the structure of the Ruby on Rails framework will be covered. This course is intended for web developers and others interested in getting a quick start in this technology.

COSW 240 3.0 units

Website Development with Drupal
 3.4 hours lecture
 Recommended Preparation: COSW 220
 Grading: letter grade or pass/no pass
 Formerly CBIS 206C. Students will learn to create sophisticated, dynamic, and interactive websites using Drupal, a Content Management System (CMS). Topics include installation of Drupal, managing user accounts, customizing modules, designing themes, setting up blogs and discussion forums, creating site navigation, site administration, and the use of modules, blocks, nodes, content types and fields.

**COMPUTER PROFICIENCY FOR
 ACADEMIC SUCCESS (CPAS)**

CPAS 1 1.0 unit

Using the Mac as a Tool for Learning
 1.1 hours lecture, 1.1 hours laboratory
 Grading: letter grade or pass/no pass
 This course provides an introduction to the computer and software products helpful in performing classroom tasks. Students are given the opportunity to develop computer skills that will enhance their ability to effectively complete course work. This course satisfies the information competency requirement. This course satisfies the technology portion of the information competency requirement.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

CPAS 2 3.0 units

Critical Thinking Using Computers
 3.4 hours lecture
 Grading: letter grade or pass/no pass
 This course will explore the various ways computer technology can be used to enhance critical thinking and information literacy skills. The student will learn to utilize multiple software programs critically to gather, diagnose, synthesize, and present information. Students will develop a fundamental understanding of critical thinking skills such as deductive and inductive reasoning, scientific reasoning, argument analysis and development in the context of computer technology.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

CPAS 10 2.0 units

Advanced Computer Skills for Learning
 1.1 hours lecture, 3.4 hours laboratory
 Recommended Preparation: Basic computer experience in word processing, spreadsheets and graphics or CPAS 1.
 Grading: letter grade or pass/no pass
 This is an advanced course which explores the academic application of popular software packages. The student will learn to use the computer effectively to prepare documents for any class using word processing, desktop publishing, spreadsheets, graphics manipulation, web presentations, and Internet resources. This course satisfies the information competency graduation requirement. This course satisfies the technology portion of the information competency requirement.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

CPAS 805 1.0 unit

Distance Learning- Success Strategies
 0.6 hour lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass
 This course introduces students to the skills necessary for success in any distance education course. Topics include skills for learning with technology which are necessary for success in distance education, characteristics of successful distance education students, and introduction to the Internet, creating and using an e-mail account and other methods of online communications, basic aspects of word processing, and hardware/software basics.

COMPUTER SCIENCE (CS)

CS 11 4.0 units

Computer Programming: C++ I
 4.5 hours lecture
 Prerequisite: MATH 110 or MATH 110B or first year high school algebra of a grade of C or better.
 Recommended Preparation: COSP 7 and COSA 50
 Grading: letter grade
 This is an introductory course in the C++ programming language, a problem solving technique used in modern software technology. The features of C++ that support the development of small and large systems are covered, thus providing a method for prototyping the commercial software development in business and industry.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CS 12 **4.0 units**

Computer Programming: C++ II

4.5 hours lecture

Prerequisite: CS 11

Grading: letter grade

A second course in C++ includes: further explanation of C++ areas (data types, input/output, data structures, pointers and accessing files) and object-oriented programming (object hierarchy, operator overloading and streams).

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CS 21 **4.0 units**

Java: Computer Science 1

4.5 hours lecture

Recommended Preparation: COSP 7, COSA 50, MATH 110/110B or First year high school algebra.

Grading: letter grade

This course introduces Computer Science and the java programming language. It will cover the basics of programming and software design using a procedure oriented approach.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CS 22 **3.0 units**

Data Structures and Algorithms

3.4 hours lecture

Prerequisite: CS 21 or CS 11

Grading: letter grade

This course covers the application of software engineering techniques for the design and development of large programs, and will include the topics of data abstraction and structures with their associated algorithms.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CS 51 **4.0 units**

Introduction to Computer Architecture

4.5 hours lecture

Prerequisite: COSP 8 or CS 11 or CS 21

Grading: letter grade

This course covers the organization and behavior of real computer systems at the assembly-language level. The mapping of statements and constructs in a high-level language onto sequences of machine instructions is studied, as well as the internal representation of simple data types and structures. Numerical computation is examined, noting the various data representation errors and potential procedural errors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CS 61 **4.0 units**

Discrete Structures

4.5 hours lecture

Prerequisite: COSP 8 or CS 11 or CS 21

Grading: letter grade or pass/no pass

This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: Functions, Relations and Sets; Basic Logic; Proof Techniques; Basics of Counting; Graphs and Trees; and Discrete Probability.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**CONSTRUCTION TECHNOLOGY
(CONST)**

CONST 201A **3.0 units**

Mathematics for the Trades

3.4 hours lecture

Grading: letter grade

This course covers a study of mathematics used in construction trades. Topics in arithmetic, fractions, decimals, percents, graphing, measurement and introduction to algebra are covered. This course is the same as ELECT 202.

CONST 201B **4.0 units**

Algebra and Trigonometry for the Trades

4.5 hours lecture

Prerequisite: MATH 805 or MATH 815 or CONST 201A

Grading: letter grade

This course will present basic algebra and trigonometry and their application to the solution of practical problems in technical (mechanical, electrical, construction) fields.

CONST 203B **2.0 units**

OSHA Safety Standards for General Industry

2.3 hours lecture

Grading: pass/no pass

This course covers OSHA policies, procedures, and standards, as well as industrial safety and health principles. Topics include scope and application of the OSHA General Industry safety standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive an OSHA 30 Hour General Industry Safety Outreach Training Completion Card.

CONST 203C **2.0 units**

OSHA Safety and Health Regulations for Longshoring

2.3 hours lecture

Grading: pass/no pass

This course covers OSHA safety and health regulations for longshoring. Topics include scope and application of the OSHA safety standards in the maritime environment. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive an OSHA 30 Hour Maritime Industry Outreach Training Program Completion Card.

CONST 206 **3.0 units**

Workplace Competency Skills

3.4 hours lecture

Grading: letter grade

This is a course to prepare students with the necessary employment skills for a career in the construction industry. Topics covered will include core soft skills, including how to communicate effectively, become a team player, resolve problems and conflicts, and succeed in a diverse and changing workforce. Students will learn vital workplace skills through designed exercises as well as how employers evaluate these skills in their employees. Employment tests, and job interviews will be covered.

CONST 207 3.0 units

Blueprint Reading for Construction

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to provide knowledge of blueprint reading as it relates to the construction and building industry. This course will cover the theory of orthographic projections, reading floor plans, section and elevation drawings, symbols and notations, scaling and dimensioning practices, reading blueprints for structural formation, electrical, mechanical, and plumbing drawings.

CONST 208 1.0 unit

Apprenticeship Exam Preparation

1.1 hours lecture

Grading: pass/no pass

This course is designed to assist the student in acquiring confidence and competency in the principles of test-taking for jobs in the construction industry. Practice employment tests, hands-on preparation for apprenticeship, civil service and other industry entrance examinations and job interviews will be covered.

CONST 210 4.0 units

Construction Technology Lab

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade

This course is designed to provide the student with hands-on learning experience of the fundamentals of the building and construction trades. The class will focus on safety while engaged in the use of proper tools and machinery to develop skills in: Carpentry, HVAC, Concrete, Plumbing, Sheet Metal, Electrical, Architecture, and Green construction.

CONST 298C 4.0 units

Construction Technology Lab

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade

This course is designed to provide the student with hands-on learning in the fundamentals of the building and construction trades. The class will focus on safety, the use of proper tools and machinery to develop skills in: Carpentry, HVAC, Concrete, Plumbing, Sheet Metal, Electrical, Architecture, and Green construction.

CONST 298D 3.0 units

Workplace Competency Skills

3.4 hours lecture

Grading: letter grade

This is a course to prepare students with the necessary employment skills for a career in the construction industry. Topics covered will include core soft skills, including how to communicate effectively, become a team player, resolve problems and conflicts, and succeed in a diverse and changing workforce. Students will learn vital workplace skills through designed exercises, as well as how employers evaluate these skills in their employees. Employment tests, and job interviews will be covered.

CONST 298F 1.0 unit

Apprenticeship Exam Preparation

1.1 hours lecture

Grading: pass/no pass

This course is designed to assist the student in acquiring confidence and competency in the principles of test-taking for jobs in the construction industry. Practice employment tests, hands-on preparation for apprenticeship, civil service and other industry entrance examinations and job interviews will be covered.

CONST 298G 3.0 units

Blueprint Reading for Construction Trade

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to provide knowledge of blueprint reading as it relates to the construction and building industry. This course will cover the theory of orthographic projections, reading floor plans, section and elevation drawings, symbols and notations, scaling and dimensioning practices, reading blueprints for structural formation, electrical, mechanical, and plumbing drawings.

COUNSELING/GUIDANCE (COUNS)

COUNS 1 1.0 unit

Orientation for College Success

1.1 hours lecture, 0.2 hour supplemental learning

Grading: letter grade or pass/no pass

This course is recommended for all students and is designed to orient them to the college environment and educational opportunities in a holistic manner. The course contains an introduction to the principles of student development theory, student conduct, academic procedures, policies, goal setting, educational planning, and college and student support services. Students will learn the various academic opportunities of higher education in California, pursue academic major explorations, and develop a tentative educational plan to achieve personal and academic goals. Students are required to complete 3 hours of supplemental learning activities through a Success Center.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

COUNS 2 3.0 units

Making a Difference With Mentoring

3.4 hours lecture

Grading: letter grade or pass/no pass

This is an experiential course where students explore the altruistic principles and techniques of transformative mentoring. Emphasis is placed on objective problem-solving and the development of effective attending skills. Students evaluate mentoring, first year experience, and student development theories with the goal of promoting the academic and psychosocial factors that contribute to college and life success. Campus and community resources will be discussed and explored.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

COUNS 7 3.0 units

College and Professional Success

3.4 hours lecture

Grading: letter grade

Students will compare and analyze student development theories for the purpose of defining internal and external obstacles to career and academic success. Throughout

the course, students will practice, apply and evaluate integrative exercises related to academic achievement, self-exploration, career development and professional growth and development.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

COUNS 48 1.0 unit

Career Exploration

1.1 hours lecture
Grading: letter grade or pass/no pass
This course is designed for students who are undecided about their career and/or educational goals. It provides an introduction to a career decision making model including personal assessment, self-understanding, career and labor market research, integration of information and goal setting. The course emphasizes one's self-description as it impacts career choices.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

COUNS 49 2.0 units

College Study Techniques

2.3 hours lecture
Grading: letter grade or pass/no pass
This course is designed to teach students the important strategies for academic success and how to be confident college students. Course content will cover specific techniques and methods on effective time management, note taking, critical thinking skills, life skills, textbook reading and test taking skills. Students will identify their own individual learning styles through self-assessment and presented learning theories. Topics will be presented as a practical and applicable approach to specific strategies for gaining academic competency and achieving self-confidence for academic success.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

COUNS 49A 1.0 unit

College Study Techniques

1.1 hours lecture
Grading: letter grade or pass/no pass
This is an introductory course designed to teach students important strategies for academic success. Course content will cover specific techniques such as effective time management plan, note taking skills, textbook reading and test taking skills. Students will identify their own learning styles and important factors to college success through self-assessment and interpretation.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

COUNS 50 3.0 units

Career Planning: A Life-Long Process

3.4 hours lecture
Grading: pass/no pass
This course presents a reflective model of the career planning process that integrates theory and practice applicable in a variety of situations over an individual's life span. Through the study of various career planning and decision-making approaches, the course is design to explore the importance of how psycho-social, physical and affective factors impact their own cognitive processes. Using self-evaluation instruments and self-discovery processes, students develop life-long learning skills which help them focus on pathways for academic and career satisfaction.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

COUNS 800 1.0 unit

Employment Skills and Self Concept

1.1 hours lecture
Grading: pass/no pass
This is an introductory course designed to assist students in understanding personal qualities in relationship to employment skills required to succeed in the world of work. The goal is for students to enhance their potential competencies in the workplace necessary for finding employment and keeping it. Course topics include personality assessment on strengths and weaknesses, recognizing strengths and self-worth, developing job search skills, and developing a career or employment search portfolio.

COUNS 898 0.5 unit

EXP: Strategies for Academic Success

0.6 hour lecture
Grading: pass/no pass
This course is designed for students who have been scholastically dismissed from Long Beach City College and will focus on developing strategies and skills to improve status. Topics to be covered will include the policy definition of Academic and Progress Probation, as well as, dismissal and the readmission process, approaches to dealing with obstacles to success and possible solutions, review of student support services, academic resources and services, goal setting, strategies for academic success, and educational planning leading to student success.

COUNS 898A 0.5 unit

EXP: Educational Planning

0.6 hour lecture
Grading: pass/no pass
This course is designed to provide students with an in depth understanding of the components and importance of educational planning. Students will receive an overview of certificates, graduation and transfer requirements. Upon successful completion of this course, students will develop an individual student educational plan (SEP) reflecting their educational goal. This course is strongly recommended for first-time students with declared majors.

CREATIVE ARTS (CART)

CART 41 3.0 units

The Arts and Modern Man

3.4 hours lecture
Grading: letter grade or pass/no pass
This course serves as a humanities requirement and is an introduction to and exploration of the creative arts including art, film, music and the theatre arts for the general student. Each student is required to view and attend an exhibit and live performances related to the major areas of concentration in this course (art, music & theatre).
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CULINARY ARTS (CULAR)

CULAR 20 3.0 units

App. Food Serv. Sanit in Hotel/Rstr. Mgmt.

3.4 hours lecture

Grading: letter grade

Formerly CULAR 20AD. This course introduces students to food safety and sanitation issues facing professionals in the food and beverage industry. The course serves as a foundation for the entire Culinary/Baking Program by helping students ascertain a thorough understanding of food safety and sanitation. The course is based on regulatory code and covers major foodborne illnesses, standards, process controls, and food safety management systems, such as HACCP. To successfully complete the course, students are required to demonstrate knowledge by successfully passing a Nationally Accredited Food Protection Manager Certification Exam.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

CULAR 200 1.0 unit

Introduction to Chocolate

0.6 hour lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course covers the history and production of chocolate, the techniques of baking with chocolate, and the production of chocolate desserts. It introduces fundamental principles of chocolate production, candies, decoration, tempering, processing and storage, molding of hollow forms, and pouring of flat surfaces.

CULAR 202 5.5 units

Intro to Culinary Skills & Principles

2.8 hours lecture, 11.3 hours laboratory, 0.3 hour supplemental learning

Prerequisite: CULAR 20 and TB Clearance

Grading: letter grade

The fundamental concepts, skills, and techniques involved in basic cookery are covered in this course: ingredients, cooking theories, preparation of stocks, mother sauces, and emulsions, knife skills, vegetables and starches, and meat and poultry prepared using basic cooking techniques (sautéing, roasting, poaching, braising, and frying). Students must pass a practical exam on a variety of cooking techniques. Students will also be required to attend 5 hours of Culinary Math Supplemental Learning Assistance in the LAC Multidisciplinary Success Center, L212.

CULAR 211 5.5 units

Intermed. Culinary Skills & Principles

2.8 hours lecture, 11.3 hours laboratory

Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A).

Grading: letter grade

This course provides students with skills and knowledge of the organization, equipment and responsibilities of the "cold kitchen". Cold hors d'oeuvres, sandwiches, salads, and basic charcuterie items are taught. Reception foods and buffet arrangements are introduced. Students must pass a written and practical exam.

CULAR 212 5.5 units

Classical Cuisine

2.8 hours lecture, 11.3 hours laboratory

Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A) and (CULAR 211 or CULAR 213B).

Grading: letter grade

In this course students are introduced to the techniques, ingredients, methods, and spices unique to Classical European Cuisine. Classic principles and techniques in preparing course meals are practiced and emphasized.

CULAR 215 1.5 units

Buffets and Catering

1.1 hours lecture, 2.3 hours laboratory

Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 OR CULAR 213A) and (CULAR 211 or CULAR 213B).

Grading: letter grade

This course is designed to instruct students on various types and levels of food presentation and cooking. From large buffets to small intimate dinner events, students learn to develop menu items, select cooking methods, formulate presentation styles and control costs. This includes event planning, catering costing, and food preparation methodology.

CULAR 216 3.0 units

World Cuisines: American Regional

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A).

Grading: letter grade

American Regional cuisine explores the use of indigenous ingredients in the preparation of traditional and contemporary American specialties from Hawaii to Florida, with stops in the Pacific Northwest, Texas, and New England along the way.

CULAR 217 3.0 units

Vegetarian & Specialty Cuisine

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A).

Grading: letter grade

This course provides the knowledge to understand the principles of vegetarian, vegan, raw food, and specialty cuisines. Topics will include how to combine non-meat proteins, prepare raw foods, and make substitutions for low fat, low sugar, gluten-free, and other allergy-based dietary restrictions.

CULAR 218 3.0 units

World Cuisines: Asian

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A).

Grading: letter grade

Students prepare, taste, serve, and evaluate traditional, regional dishes of the cuisines of India, the four regions of China, Japan, Vietnam, Thailand, and Indonesia. Importance will be placed on ingredients, flavor profiles, preparations, and techniques representative of these cuisines.

CULAR 219 World Cuisines: Mediterranean 2.3 hours lecture, 4.5 hours laboratory Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A). Grading: letter grade This course emphasizes the influences and ingredients that create the unique character of Mediterranean cuisine. Students prepare, taste, serve, and evaluate traditional, regional dishes of countries in the Mediterranean region. Ingredients, flavor profiles, and techniques representative of these cuisines will be stressed.	3.0 units	CULAR 241 Intro to Baking & Pastry Skills/Princ 2.3 hours lecture, 10.1 hour laboratory Prerequisite: CULAR 20 and TB Clearance Grading: letter grade This course covers basic baking principles, motor skills, equipment, ingredients, storage, and sanitation in the bakeshop. Students will learn the different mixing, make-up, and baking/cooking techniques that constitute the foundation of baking, including lean and rich yeast dough, cookies, quick breads, sweet dough, laminated dough, batters, and creams.	5.0 units
CULAR 222A Advanced Restaurant Operations 4.5 hours lecture Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A) and (CULAR 211 or CULAR 213B) and (CULAR 218 and CULAR 219). Corequisite: CULAR 222B Grading: letter grade This capstone course covers the fundamental principles of front- and back-of-house operations in a restaurant setting including: equipment and station set-up, cost control, inventory, menu development, Point of Sale (POS) system, dining room service, hospitality management, and marketing.	4.0 units	CULAR 242 Intermed. Baking and Pastry Skills/Princ 2.3 hours lecture, 10.1 hour laboratory Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204). Grading: letter grade This course provides a continued study of the principles and techniques of baking and pastry. It covers the different mixing, baking, icing, and decorating technique for a variety of cakes, tarts, and desserts. These include mousses, chocolate, ice cream, cooked creams, buttercreams, meringues, ganaches, génoise, sponges, and jocondes.	5.0 units
CULAR 222B Advanced Restaurant Practicum 13.5 hours laboratory Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A) and (CULAR 211 or CULAR 213B) and (CULAR 218 and CULAR 219). Corequisite: CULAR 222A Grading: letter grade This capstone course is designed for real-time hands-on experience in a full service restaurant operation. Rotating between the kitchen and dining room, students learn how to set-up stations, create, prepare, and serve made-to-order dishes, dining room set-up and décor, manage beverage services and customer service/relations.	4.0 units	CULAR 243A Advanced Bakery Operations 4.5 hours lecture Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204) and (CULAR 242 or CULAR 205) and (CULAR 206 or CULAR 246) and CULAR 258 and CULAR 259. Corequisite: CULAR 243B Grading: letter grade This capstone course focuses on bakery and pastry production for a professional bakery/café outlet. Students learn the theories behind quantity production of baking and pastry products including a variety of breads, baked goods, savorys, pastries, pies, cakes, tarts, celebration, and holiday desserts.	4.0 units
CULAR 225 Product and Menu Development 2.3 hours lecture Grading: letter grade This course provides the basic knowledge of food composition, ingredients, and their functions. Students will learn how to create food products and develop menus by blending flavors with various cooking and baking techniques or by ingredient substitution.	2.0 units	CULAR 243B Advanced Bakery Practicum 13.5 hours laboratory Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204) and (CULAR 242 or CULAR 205) and (CULAR 206 or CULAR 246) and CULAR 258 and CULAR 259. Corequisite: CULAR 243A Grading: letter grade This capstone course focuses on bakery and pastry production for a professional bakery/café outlet. It immerses the student in hands-on practice of quantity production of baking and pastry products including a variety of breads, baked goods, savorys, pastries, pies, cakes, tarts, celebration, and holiday desserts.	4.0 units
CULAR 230 Baking & Pastry Skills for CUL Students 2.3 hours lecture, 4.5 hours laboratory Prerequisite: CULAR 20 and TB Clearance and (CULAR 202 or CULAR 213A). Grading: letter grade This course introduces the Culinary Arts student to baking & pastry ingredients, equipment, and procedures in order to build a repertoire of basic baking & pastry techniques for the restaurant and hotel industries. This includes the production of basic breads, pies, cakes, ice creams, sauces, and chocolate culminating in plated desserts.	3.0 units	CULAR 246 Specialty Cakes & French Pastries 2.3 hours lecture, 4.5 hours laboratory Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204) and (CULAR 242 or CULAR 205). Grading: letter grade This course expands on basic pastry skills to produce a variety of intricate cakes, French pastries, and desserts. An array of advanced techniques will be used for baking different sponges, génoise, joconde, and	3.0 units

meringue-based preparations, as well as advanced creams and fillings, different assembly and decorating techniques.

CULAR 247 3.0 units

Cake Decorating

2.3 hours lecture, 4.5 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204) and (CULAR 242 or CULAR 205).

Grading: letter grade

This course covers advanced skills for cake making and decorating, including preparation of sponges, fondants, icings, fillings, designs and arrangements, writing and lettering, coloring, cake borders, modeling chocolate, and gum paste flowers.

CULAR 250 1.5 units

Culinary Skills for Baking Students

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204).

Grading: letter grade

This course introduces the Baking and Pastry student to basic culinary skills and principles in order to build foundational skills, outside of his or her specialty. This includes knife cuts, basic sauce making, sautéing, poaching, braising and steaming.

CULAR 252 1.5 units

Frozen Desserts

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and CULAR 241 or CULAR 204

Grading: letter grade

This course introduces the student to the concepts of frozen desserts. It covers the principles and techniques involved in making and processing ice cream, gelato, sorbet, granitas, frozen soufflés, parfaits, and bombes.

CULAR 253 1.5 units

Chocolate Confections, Deco & Showpieces

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204).

Grading: letter grade

This course explores the hands-on techniques of working with chocolate. It covers chocolate tempering, the creation of a variety of candy confections including hand-shaped, piped and cut ganaches, nut-centered, and crystalline sugar. It also covers chocolate decoration, coloration, painting, molding, modeling, piping, and the assembly of edible chocolate showpieces.

CULAR 254 1.5 units

Sugar Confections, Deco & Showpieces

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204).

Grading: letter grade

This hands-on course provides a study of sugar-based confections, candies, decorations, and edible showpieces. It covers the creation of a variety of candy confections including caramel candies, Pâte de fruit, and toffee. It also covers pastillage, cast, blown, and pulled sugar, and the assembly of edible sugar showpieces.

CULAR 255 1.5 units

Plated Desserts

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204) and (CULAR 242 or CULAR 205).

Grading: letter grade

This course provides a study of the components that are involved in the creation of plated desserts: sauces, edible decorative elements, balance of colors and appropriate combination of flavors, size, temperature, theme, and consistency.

CULAR 256 1.5 units

Holiday Desserts

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204).

Grading: letter grade

This course explores the baking traditions that are closely associated with the Fall/Winter holidays. It covers traditional and modern variations of recipes and techniques from different countries in the old and the new world, such as Stollen, King's Cake, Yule Log, Panettone, and Fruit Cake.

CULAR 258 1.5 units

Artisan Breads

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204).

Grading: letter grade

This course provides an in-depth study of the principles and techniques for the preparation and baking of Artisan breads. All breads are mixed and shaped employing traditional techniques, and using pre-fermented dough, sponges, and sourdough starters.

CULAR 259 1.5 units

Viennese Pastries

1.1 hours lecture, 2.3 hours laboratory
Prerequisite: CULAR 20 and TB Clearance and (CULAR 241 or CULAR 204).

Grading: letter grade

This course provides an in-depth study of the principles, recipes, techniques, tools, equipment, materials, and ingredients used for the preparation of Viennese Pastries, baked goods which are made in a similar manner to bread but with ingredients that give them a heavier, sweeter quality closer to pastry.

CULAR 271AD 2.0 units

Work Experience: Food Services

1.1 hours lecture, 4.6 hours laboratory
Corequisite: Concurrent enrollment in at least one additional CULAR course.

Grading: letter grade

This course is required for students who plan to earn a career certificate in Culinary Arts or Baking & Pastry Arts. It consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job in the food services industry. It also involves vocational learning experiences through employment/Vocational Cooperative Work Experience directly related to occupational goal or career of interest to the student in the food services industry.

DANCE (DANCE)

DANCE 1 3.0 units

Dance Forms Through the Ages
 3.4 hours lecture
 Grading: letter grade or pass/no pass
 This course explores the world of dance including its role in culture, its development through history and the theatrical dance forms in contemporary America.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 2 2.0 units

Introduction to Dance
 1.7 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass
 This course introduces the basic dance techniques of ballet, modern, and jazz dance. It is recommended for students with no dance experience.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 3 2.0 units

Musical Theatre Dance
 1.7 hours lecture, 1.7 hours laboratory
 Corequisite: One of the following-DANCE 2 or 3 or 5 or 6 or 8 or 11 or 12A or 13 or 14 or 15 or 16 or 17 or 18A or 18B or 20 or 21 or 24 or 26 or 27 or 28 or 29 or 46
 Recommended Preparation: DANCE 12A or DANCE 12B
 Grading: letter grade or pass/no pass
 Formerly DANCE 3AD. This course introduces musical theatre dance styles from the 1940s to the present. It includes the study of ballet, jazz and tap techniques to prepare students for performance in musical theatre emphasizing creating character through movement.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 5 2.0 units

Tap Dance 1
 1.7 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly DANCE 5AB. Students will study basic tap dance techniques. This course provides the opportunity to develop coordination, rhythm and performance skills. Some history of tap will be included.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 6 2.0 units

Tap Dance 2
 1.7 hours lecture, 1.7 hours laboratory
 Recommended Preparation: DANCE 5
 Grading: letter grade or pass/no pass
 Formerly DANCE 6AB. This is a continuing study of tap dance skills, emphasizing the intermediate level of dance. The course includes the study of terminology, tap history and tap styles.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 8 2.0 units

Stretch and Relaxation
 1.7 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly DANCE 8AD. This course includes the study and practice of stretching and breathing principles for increased flexibility, reduction of stress and improved

mental and physical health. The course may include elements of yoga, Pilates, Gyrokinesis®, and dance.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 12A 2.0 units

Pilates 1
 1.7 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly DANCE 12AD. This course will include basic elements from Pilates focusing on mat work, ball, magic circle, theraband, foam roller and Reformer exercises. The course will include basic anatomy, Pilates terminology, alignment, breath, strength and flexibility exercises. This course is designed to enhance dance technique and performance and prevent injuries.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

DANCE 12B 2.0 units

Pilates 2
 1.7 hours lecture, 1.7 hours laboratory
 Recommended Preparation: DANCE 12A
 Grading: letter grade or pass/no pass
 This course will include Intermediate to Advanced elements from Pilates with a Dance Specialization focusing on challenging mat work, ball, magic circle, theraband, foam roller and Reformer exercises. The course will include basic anatomy, Pilates terminology, spinal alignment, breathing patterns, strength and flexibility exercises. Emphasis will be put on spinal and pelvic alignment, breathing to relieve stress and allow adequate oxygen flow to the muscles, while developing a strong core and improving coordination and balance.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

DANCE 13 2.0 units

Turns
 1.7 hours lecture, 1.7 hours laboratory
 Prerequisite: DANCE 26 or DANCE 20 or DANCE 14
 Grading: letter grade or pass/no pass
 Formerly DANCE 13AD. This course includes the practice and study of beginning to advanced turns for modern, ballet and jazz dance.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 14 2.0 units

Modern Dance 1
 1.7 hours lecture, 1.7 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly DANCE 14AB. This course emphasizes dance technique, musicality, improvisation and composition within the modern dance idiom. Full body warm-ups, technical exercises, and dance combinations will be explored as way to build skill, kinesthetic awareness, physical strength, and artistry.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 15 2.0 units

Modern Dance 2
 1.7 hours lecture, 1.7 hours laboratory
 Recommended Preparation: DANCE 14
 Grading: letter grade or pass/no pass
 Formerly DANCE 15AB. This course continues to focus on building technical skill in modern dance including more challenging combinations and patterns, syncopation, and variation in tempo. Musicality,

improvisation, and composition skills will be further developed with more challenging exercises and assignments.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 16 2.0 units

Modern Dance 3

1.7 hours lecture, 1.7 hours laboratory

Recommended Preparation: DANCE 15

Grading: letter grade or pass/no pass

Formerly DANCE 16AB. This course focuses on building intermediate technical skills in modern dance including more challenging combinations and patterns, increased syncopation, and variation in tempo emphasizing medium to fast weight changes Musicality, improvisation, and composition skills will be further developed with more challenging exercises and assignments.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 17 2.0 units

Modern Dance 4

1.7 hours lecture, 1.7 hours laboratory

Recommended Preparation: DANCE 16

Grading: letter grade or pass/no pass

Formerly DANCE 17AB. This course is an advanced study of modern dance techniques for the concert stage, encompassing more complicated combinations taught at a quicker pace, with an emphasis on movement expression, creating composition studies, and a comparison on modern styles and choreographers.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 18A 2.0 units

Folk and Ethnic Dance-African

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

Formerly DANCE 18AD. This course introduces dance from African cultures and examines its role in society through the practice of dance traditions and rituals. Basic dance steps and styles are taught, emphasizing coordination, rhythm and body awareness.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 18B 2.0 units

Folk and Ethnic Dance-Belly Dance

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course will focus on training students to understand and perform belly dance. Students will also learn about the different music, history, and culture of this dance style. Students will demonstrate mastery of belly dance through choreographed and non-choreographed class performances.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DANCE 19 3.0 units

Hip Hop Dance History

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a comprehensive survey of Hip-hop dance history. The content of this course will cover the contributions and perspectives of men, women and members of various ethnic or cultural groups in street

dance styles known as Hip-Hop from the 20th and 21st centuries.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 20 2.0 units

Jazz Dance 1

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

Formerly DANCE 20AB. This course serves as an introduction to the movement skills used in jazz dance. It includes the use of dynamics in rhythm, sustained and percussive tension, and dramatic focus unique to jazz.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 21 2.0 units

Jazz Dance 2

1.7 hours lecture, 1.7 hours laboratory

Recommended Preparation: DANCE 20

Grading: letter grade or pass/no pass

Formerly DANCE 21AB. This course is a study of the movement skills that require an intermediate knowledge of jazz dance techniques. Emphasis is on executing movement with a sense of performance and using long movement patterns with a focus on dynamics in rhythm, sustained and percussive tension, and dramatic focus that are unique to jazz.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 24 2.0 units

Hip Hop

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course will introduce students to the fundamentals of the hip hop/funk dance style. The students will learn the fundamentals of today's dances that are commonly used in music videos. Classes will include warm-up exercises, isolations, floor stretches and strengthening specific to the hip hop/funk style of dance. This will also include locomotor movements practiced across the floor and short dance combinations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DANCE 26 2.0 units

Ballet 1

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

Formerly DANCE 10AB. This course includes the study and execution of fundamental ballet techniques, including appreciation of ballet as an art form through the study of its history, current trends and terminology.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 27 2.0 units

Ballet 2

1.7 hours lecture, 1.7 hours laboratory

Recommended Preparation: DANCE 26

Grading: letter grade or pass/no pass

This course includes the study and execution of beginning ballet techniques, including appreciation of ballet as an art form through the study of its history, current trends and terminology. This course focuses on more challenging combinations and patterns, syncopation, and variation in tempo.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>DANCE 28 2.0 units</p> <p>Ballet 3 1.7 hours lecture, 1.7 hours laboratory Recommended Preparation: DANCE 27 Grading: letter grade or pass/no pass This course includes the study and execution of intermediate ballet techniques, including appreciation of ballet as an art form through the study of its history, current trends and terminology. This course focuses on more challenging combinations and patterns with an emphasis on musicality, placement, stability, and speed. Student will gain strength, improved coordination and alignment and demonstrate technical accuracy. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>DANCE 33 2.0 units</p> <p>Dance Choreography Workshop 1.7 hours lecture, 1.7 hours laboratory Prerequisite: DANCE 10, DANCE 20 or DANCE 14 or Audition. Grading: letter grade or pass/no pass Formerly DANCE 33AD. This course is a collaborative workshop environment in which class participants work with student choreographers in the creation of dances of significant form and content. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>DANCE 29 2.0 units</p> <p>Ballet 4 1.7 hours lecture, 1.7 hours laboratory Recommended Preparation: DANCE 28 Grading: letter grade or pass/no pass Formerly DANCE 11AB. This course includes the study and execution of advanced ballet techniques, including appreciation of ballet as an art form through the study of its history, current trends and terminology. This course focuses on more challenging combinations and patterns with an emphasis on musicality, placement, stability, and speed including an introduction to contemporary ballet vocabulary. Student will gain strength, improved coordination and alignment, and demonstrate technical accuracy. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>DANCE 41/1 0.5 unit</p> <p>Dance Performance 2.3 hours laboratory Corequisite: DANCE 2, 3, 5, 6, 8, 12A, 12B, 13, 14, 15, 16, 17, 18A, 18B, 20, 21, 24, 26, 27, 28, 29, 31, 32, 33, 46. Grading: letter grade or pass/no pass This course prepares students for the professional stage by developing the skills of professional dancers and nurturing choreographers' artistic development. It emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>DANCE 31 2.0 units</p> <p>Choreography I 1.7 hours lecture, 1.7 hours laboratory Prerequisite: One semester of DANCE 20, DANCE 10, DANCE 14 or Audition. Grading: letter grade or pass/no pass Formerly DANCE 31AB. This course is a study of creating movement for the dancer focusing on discovering inventive movement, creating a personal style of expression, and development of aesthetic judgment. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>DANCE 41/2 1.0 unit</p> <p>Dance Performance 4.5 hours laboratory Corequisite: DANCE 2, 3, 5, 6, 8, 12A, 12B, 13, 14, 15, 16, 17, 18A, 18B, 20, 21, 24, 26, 27, 28, 29, 31, 32, 33, 46. Grading: letter grade or pass/no pass This course prepares students for the professional stage by developing the skills of professional dancers and nurturing choreographers' artistic development. It emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>DANCE 32 2.0 units</p> <p>Choreography 2 1.7 hours lecture, 1.7 hours laboratory Recommended Preparation: One semester of DANCE 31 Grading: letter grade or pass/no pass Formerly DANCE 32AB. This course is a study of choreography for a group of dancers focusing on the use of design in space to create dances of significant form. It includes work in a collaborative environment teaching choreography to workshop participants. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>DANCE 41/3 2.0 units</p> <p>Dance Performance 6.8 hours laboratory Corequisite: DANCE 2, 3, 5, 6, 8, 12A, 12B, 13, 14, 15, 16, 17, 18A, 18B, 20, 21, 24, 26, 27, 28, 29, 31, 32, 33, 46. Grading: letter grade or pass/no pass This course prepares students for the professional stage by developing the skills of professional dancers and nurturing choreographers' artistic development. It emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>

DANCE 41AD 2.5 units

Dance Performance

9.0 hours laboratory

Corequisite: DANCE 2, 3, 5, 6, 8, 12A, 12B, 13, 14, 15, 16, 17, 18A, 18B, 20, 21, 24, 26, 27, 28, 29, 31, 32, 33, 46.

Grading: letter grade or pass/no pass

This course prepares students for the professional stage by developing the skills of professional dancers and nurturing choreographers' artistic development. It emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 45 2.5 units

Musical Theatre Dance Performance

9.0 hours laboratory

Corequisite: One of the Following- DANCE 2 or 3 or 5 or 6 or 8 or 11 or 12 or 13 or 14 or 15 or 16 or 17 or 18A or 18B or 20 or 21 or 24 or 26 or 28 or 29 or 46

Recommended Preparation: DANCE 11 or DANCE 12

Grading: letter grade or pass/no pass

This course prepares students for the performance of a musical emphasizing developing character through dance culminating in a public presentation.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DANCE 46 2.0 units

Ballroom/Social Dance

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course introduces students to the fundamentals of partner dance skills in Swing, Salsa, Waltz, Foxtrot, and Tango and other social dances. Students will practice movement techniques, patterns, and styling applicable to each style of dance.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DANCE 60 2.0 units

Special Projects in Dance

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

Formerly DANCE 60AD. This course permits lower division students with a generalized background in dance to explore in-depth a specific aspect of dance in both theory and execution.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

DANCE 98AD 1.5 units

EXP Dance Ensemble Production

1.1 hours lecture, 2.3 hours laboratory

Corequisite: DANCE 3AD or DANCE 5AB or DANCE 6AB or DANCE 10AB or DANCE 11AB or DANCE 13AD or DANCE 14AB or DANCE 17AB or DANCE 18AB or DANCE 20AB or DANCE 21AB or DANCE 60AD.

Grading: letter grade

This course will focus on the creative and production aspects of running a performance ensemble for the purpose of community outreach and performance. Students will be given a multitude of performance

opportunities and logistical dance company building experiences in the development of knowledge and skills in the management of a dance company.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DIAGNOSTIC MEDICAL IMAGING (DMI)

DMI 10 3.0 units

Introduction of Radiologic Technology

3.4 hours lecture

Prerequisite: AH 60 and AH 61 and ANAT 41

Grading: letter grade

This course is a study of the history and basic principles of medical radiography, the mechanics of radiographic exposure, the processing of the latent image, basic electrical and radiation safety measures, and medicolegal issues that relate to the practice of radiologic technology.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 11 1.0 unit

Radiographic Techniques

1.1 hours lecture

Prerequisite: DMI 20

Grading: letter grade

This course is a study of the criteria required to select x-ray machine settings to produce diagnostic quality radiographs and the compensations in radiographic technique that are required for pathologic conditions.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 12 3.0 units

Contrast Fluoroscope/Radiographic Proced.

3.4 hours lecture

Corequisite: DMI 11

Grading: letter grade

This course is a study of basic Fluoroscopy: Radiographic Contrast Media administration, pharmacology, safety, and treatments. Contrast Media examinations, Special Procedures, Digital Angiography, Vascular and Non-Vascular intervention are also discussed within the scope of this course.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 14 3.0 units

Trends and Self-Assessment in Rad Tech

3.4 hours lecture

Prerequisite: DMI 15 or current C.R.T. (Certified Radiologic Technologist).

Grading: letter grade

The purpose of this course is to prepare the students for the state and national licensure/certification in this discipline. Students will analyze their strengths and weaknesses, and formulate strategies to ensure successfully passing the State and National board examinations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>DMI 15 Computer Applications in Radiology 3.4 hours lecture Prerequisite: DMI 24 Grading: letter grade This course is a study of the history of computer systems, hardware and software, and their uses in radiology. Specific areas covered are: CT, Digital Imaging, MRI, and Picture Archiving Systems. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>DMI 31 Positioning for Cranial Radiography 2.3 hours lecture, 3.4 hours laboratory Prerequisite: DMI 30 Grading: letter grade This course is the study of positioning for general and specialized radiologic exams of the cranium and its contents. The student will develop skill in positioning the patient, film and x-ray tube, and select appropriate techniques to produce diagnostic quality radiographic images. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>DMI 20 Introduction to Radiologic Physics 3.4 hours lecture Prerequisite: DMI 10 Grading: letter grade This course provides a study of the basic principles of physics involved in the production, behavior, modification, and control of radiation. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>DMI 40A Clinical Radiology 9.0 hours laboratory Prerequisite: DMI 10 and DMI 20 and health evaluation. Grading: letter grade This course is the clinical application of theoretical knowledge to the practice of radiologic technology, correlation of clinical experiences, training and career goals, interpersonal relations, job oriented problems and image quality control. The course includes an assignment to a radiology department in an accredited hospital for clinical experience. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.5 units</p>
<p>DMI 21 Applied Radiological Physics 1.1 hours lecture, 3.4 hours laboratory Prerequisite: DMI 20 Grading: letter grade This course is a study of the application of the interaction of radiation and matter, technique manipulation, quality assurance, and quality control. Students are introduced to advanced Medical Imaging including: digital imaging; ultrasound; nuclear medicine; radiation oncology; PET; SPECT; and bone densitometry. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.0 units</p>	<p>DMI 40B Clinical Radiology 1.1 hours lecture, 25.9 hours laboratory Prerequisite: DMI 40A Grading: letter grade This course is the clinical application of theoretical knowledge to the practice of radiologic technology, correlation of clinical experiences, training and career goals, interpersonal relations, job oriented problems and image quality control. The course includes an assignment to a radiology department in an accredited hospital for clinical experience. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>8.5 units</p>
<p>DMI 24 Radiation: Biology and Protection 3.4 hours lecture Prerequisite: DMI 21 Grading: letter grade This course presents a history of ionizing radiation exposure to humans. Cellular and biologic effects of ionizing radiation are explored, with specific emphasis as to ways of limiting exposure to patients and personnel. State and Federal regulations are discussed as they pertain to Diagnostic Medical Imaging. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>DMI 40C Clinical Radiology 1.1 hours lecture, 14.6 hours laboratory Prerequisite: DMI 40B Grading: letter grade This course is the clinical application of theoretical knowledge to the practice of radiologic technology, correlation of clinical experiences, training and career goals, interpersonal relations, job oriented problems and image quality control. The course includes an assignment to a radiology department in an accredited hospital for clinical experience. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>6.0 units</p>
<p>DMI 30 Positioning for General Diagnostic Rad 2.3 hours lecture, 3.4 hours laboratory Prerequisite: DMI 20 Recommended Preparation: DMI 11 Grading: letter grade This course is the study of positioning for general and specialized radiologic exams of the skeletal system and adjacent organ systems. The student will develop skill in positioning the patient, film, and x-ray tube, and select appropriate techniques to produce diagnostic quality radiographic images. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>DMI 40D Clinical Radiology 1.1 hours lecture, 34.9 hours laboratory Prerequisite: DMI 40C Grading: letter grade This course is the clinical application of theoretical knowledge to the practice of radiologic technology, correlation of clinical experiences, training and career goals, interpersonal relations, job oriented problems and image quality control. The course includes an</p>	<p>11.0 units</p>

assignment to a radiology department in an accredited hospital for clinical experience.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 40E 11.0 units

Clinical Radiology

1.1 hours lecture, 34.9 hours laboratory

Prerequisite: DMI 40D

Grading: letter grade

This course is the clinical application of theoretical knowledge to the practice of radiologic technology, correlation of clinical experiences, training and career goals, interpersonal relations, job oriented problems and image quality control. The course includes an assignment to a radiology department in an accredited hospital for clinical experience.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 60 3.0 units

Radiologic Pathology

3.4 hours lecture

Prerequisite: ANAT 41 and DMI 11

Grading: letter grade

This course is an introduction to the study of disease as it relates to radiologic technology. It includes the causes, signs, symptoms and radiographic demonstration of common human diseases. The course acquaints the student with various pathologic conditions and their impact on the radiographic process.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 61 2.0 units

Fluoroscopy

2.3 hours lecture, 1.1 hours laboratory

Prerequisite: DMI 40D or Equivalent

Corequisite: DMI 14

Grading: letter grade

This course includes the principles of radiation protection, fluoroscopy and viewing equipment, recording systems, quality control, patient positioning and regulatory provisions associated with fluoroscopy. This course prepares students to obtain a Department of Health Services Fluoroscopy permit.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DMI 222 0.5 unit

Venipuncture for Medical Imaging

0.6 hour lecture, 0.6 hour laboratory

Prerequisite: DMI 12 and AH 61

Grading: letter grade or pass/no pass

This course is designed for instruction and supervised practice of the concepts and techniques of venipuncture. This course will partially fulfill the requirements of the California Health and Safety Code Section 106985 pertaining to Radiologic Technologists.

DMI 401 3.0 units

Physical Principles of MRI

3.4 hours lecture

Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.

Recommended Preparation: DMI 14 and DMI 40E

Grading: letter grade

This course provides the student with a comprehensive overview of Magnetic Resonance Imaging (MRI). Included are image acquisition; MRI equipment, terminology, and instrumentation; tissue characteristics; basic patient and personnel safety; patient assessment and preparation; imaging parameters, and quality assurance. The course is designed to allow practicing technologists the opportunity to acquire the necessary skills and knowledge to qualify for national licensure as MRI technologists.

DMI 402 3.0 units

Magnetic Resonance Imaging Procedure

3.4 hours lecture

Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.

Grading: letter grade

This course includes imaging techniques related to the central nervous system, neck, thorax, musculoskeletal system and abdomen and pelvic regions. Specific clinical application, coils available and their use, consideration in the scan sequences, specific choices of protocols, and positioning criteria will be included. Planes that best demonstrate anatomy and the signal characteristics of normal and abnormal structures are discussed.

DMI 403 3.0 units

Cross-Sectional Anatomy

3.4 hours lecture

Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.

Recommended Preparation: ANAT 41

Grading: letter grade

This is a study of human anatomy as seen in axial, sagittal, and coronal planes as would be shown on CT or MRI examinations. Bony, muscular, vascular, soft tissues, and organs of the following anatomical regions are studied: central nervous system, head, neck, musculoskeletal, cardiovascular, thorax, abdomen, and pelvis.

DMI 404 3.0 units

MRI/CT Pathology

3.4 hours lecture

Prerequisite: DMI 60 or DMI 403

Grading: letter grade

This course familiarizes the student with the common pathologies demonstrated on MRI/CT examinations and their appearance with various imaging protocols. The course content will include all commonly imaged body systems and structures.

DMI 405A 2.5 units

MRI Clinical Practicum

9.0 hours laboratory
 Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.
 Grading: letter grade
 Formerly DMI 405AB. This course allows the students the opportunity to practice the skills necessary to obtain high quality MR images, to objectively alter protocols based on patient pathology or physical condition, and to identify image quality problems and make appropriate corrections.

DMI 405B 2.5 units

MRI Clinical Practicum

9.0 hours laboratory
 Prerequisite: DMI 405A
 Grading: letter grade
 This course allows the students the opportunity to continue to practice the skills necessary to obtain high quality MR images, to objectively alter protocols based on patient pathology or physical condition, and to accumulate the required examinations designated by the American Registry of Radiologic Technologists.

DMI 406 3.0 units

Computerized Tomography Physics

3.4 hours lecture
 Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.
 Recommended Preparation: DMI 14 and DMI 40E
 Grading: letter grade
 This course provides the student with a comprehensive understanding of the physical principles and instrumentation involved in computed tomography (CT). Included are: physics topics, CT systems and operation' data acquisition and display, and radiation protection practices. The course is designed to allow practicing technologists the opportunity to acquire the necessary skills and knowledge to qualify for national licensure as CT technologists.

DMI 407 3.0 units

Computerized Tomography Procedures

3.4 hours lecture
 Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.
 Grading: letter grade
 This course provides the student with detailed instruction on imaging techniques for computer tomography (CT). Procedures included are central nervous and musculoskeletal systems, neck, thorax, abdomen and pelvis. Specific clinical application, indications for the procedure, patient education, assessment and preparation, positioning, contrast media usage, and image processing will be included. CT images will be reviewed for quality, anatomy and pathology.

DMI 462 3.5 units

Mammography

3.4 hours lecture, 1.7 hours laboratory
 Prerequisite: DMI 40D or equivalent
 Grading: letter grade
 This course prepares students to obtain the Department of Health Services Mammography license. It includes: principles of components of dedicated mammography

equipment, radiation protection legislation, quality assurance regulations and mammographic positioning.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

DIESEL MECHANICS (DIESEL)

DIESEL 281 10.0 units

Detroit Diesel Engines

5.6 hours lecture, 16.9 hours laboratory, 0.6 hour supplemental learning
 Grading: letter grade or pass/no pass
 This course is an introduction to Detroit Diesel Engines. It covers the safety procedures, disassembly, problem evaluation, repair procedures, reassembly, engine testing, troubleshooting and tuning of the Detroit diesel engine. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course content.

DIESEL 282 10.0 units

Cummins Four Cycle Engine

5.6 hours lecture, 16.9 hours laboratory, 0.6 hour supplemental learning
 Grading: letter grade or pass/no pass
 This course is an introduction to Cummins Four-Cycle Engines. It covers safety procedures, disassembly, problem evaluation, repair procedures, reassembly, engine testing, troubleshooting and tuning of the engine. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

DIESEL 283 10.0 units

Powered Systems

5.6 hours lecture, 16.9 hours laboratory
 Prerequisite: DIESEL 281 or 282
 Grading: letter grade or pass/no pass
 This course is an introduction to diesel powered systems required to support engines in a variety of applications. It covers the safety procedures, disassembly, component testing, troubleshooting and reassemble to factory standards.

DIESEL 284 10.0 units

Highway Transport

5.6 hours lecture, 16.9 hours laboratory
 Recommended Preparation: DIESEL 282
 Grading: letter grade or pass/no pass
 This course covers safety, troubleshooting, and repair of all components that are used on heavy diesel trucks. Maintenance of the total truck and service operations will be highlighted.

DIESEL 289 10.0 units

Caterpillar 3406 and 3116 Engine

5.6 hours lecture, 16.9 hours laboratory, 0.6 hour supplemental learning
 Grading: letter grade or pass/no pass
 This course is an introduction to Caterpillar Four-Cycle Engines. It covers safety procedures, disassembly, problem evaluation, repair procedures, reassembly, engine testing, troubleshooting and tuning of the engine. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

DIESL 290 10.0 units

C.A.T. Transmissions and Final Drive

5.6 hours lecture, 16.9 hours laboratory

Grading: letter grade or pass/no pass

This course covers steering, clutches, brakes, transmissions and final drive units for Caterpillar heavy equipment intended for off-highway use.

DIESL 291 10.0 units

C.A.T. Hydraulics

5.6 hours lecture, 16.9 hours laboratory, 0.6 hour supplemental learning

Grading: letter grade or pass/no pass

This course is an introduction to Caterpillar hydraulics systems. It covers safety procedures, troubleshooting of hydraulic systems, problem evaluation and repair procedures on hydraulic pumps, valves and hydraulic equipment. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

DIESL 292 10.0 units

C.A.T. Chassis & Electrical

5.6 hours lecture, 16.9 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to Caterpillar off-highway and on-highway chassis and related components to support vehicles in a variety of powered system applications. It will include testing, analysis and repair of engines, vehicles and their components.

DIESL 293 4.0 units

General Engines

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade

This course is an introduction to the operation and maintenance of various types of diesel and spark ignited engines. It will include fuel injection and fuel pump systems, governors, marine, special tools and testing equipment, and safety practices.

DIESL 391A 3.0 units

Hydraulics

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to heavy equipment hydraulic systems required to support a variety of heavy diesel applications. Topics will include shop safety practices, industry terminology and testing, troubleshooting, analysis and repair of hydraulic components.

DIESL 391B 5.0 units

Heavy Equipment Electrical Systems

3.4 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to Heavy equipment electrical systems required to support a variety of heavy diesel applications. Course topics will include the testing, troubleshooting, analysis and repair of electrical components required to support an array of diesel powered systems.

DIESL 492 3.0 units

Air and Hydraulic Brakes

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the theory and fundamentals of air and hydraulic brake systems.

DIGITAL MEDIA ARTS (DMA)

DMA 201 3.0 units

Intro to Digital Media Arts

2.3 hours lecture, 4.5 hours laboratory

Grading: letter grade or pass/no pass

This course is a survey course introducing students to the fundamental applications of digital media systems and technologies as creative tools. The course also explores how digital media impacts our cultural, business and personal lives and transforms our experience of communication. Topics will include: imaging, graphic design, animation, visual effects and motion graphics, web design, transmedia storytelling, interactive media, gaming, sound design and recording, video production and post production.

DRAFTING AND MECHANICAL DESIGN (DRAFT)

DRAFT 51A 3.0 units

Industrial Drafting I

2.3 hours lecture, 4.5 hours laboratory

Recommended Preparation: DRAFT 201

Grading: letter grade

This course will cover geometric tolerance dimensioning, orthographic projection, pictorial views, auxiliary views, sections, and intersections. Attention to machine and material shop processes will be practiced on all drawings. Basic freehand lettering, sketching and drawing instruments will be reviewed. Emphasis will be given to producing individualized and teamwork detail and assembly drawings.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DRAFT 51B 3.0 units

Industrial Drafting II

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: DRAFT 51A

Grading: letter grade

This course will cover dimension information on drawings using ANSI 14.5 geometric tolerance standards. Discussion and application of tolerance standards will be followed on all finished projects. Engineering designs will include welding drawings, screw threads, fasteners, keys, key ways, springs, gears, splines, cams and bearings. Advanced orthographic detail and assembly drawings will be developed and produced by the individual student or in student teams. Some projects will include development of 3D models.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DRAFT 52A 3.0 units

Advanced Industrial Drafting

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: DRAFT 51B

Grading: letter grade

This course includes discussion, development, and implementation of the following types of drawings: welding, piping, electrical, structural, tools and dies, jig and fixture design. Applied math will be used in creating charts, graphs, and diagrams that require information for

materials and heat treatment. Product design fundamentals will be identified, analyzed, refined, and implemented on all drawings.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DRAFT 52B 3.0 units

Descriptive Geometry

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: DRAFT 52A

Grading: letter grade

This course will include information on the fundamentals of descriptive geometry used on points, edges, and surfaces. Drawings will use straight line and plane relationships in creating flat surfaces and curved lines and planes to generate surfaced intersections and developments. Vector geometry and graphic solutions are addressed.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DRAFT 60 3.0 units

Geometric Dimensioning and Tolerancing

3.4 hours lecture

Recommended Preparation: DRAFT 201 or DRAFT 51A

Grading: letter grade

Geometric Dimensioning and Tolerances (GD&T) is a course designed for Manufacturing Technology students, Drafting Technology students, and professional upgrade training. The course covers a review of conventional dimensioning (non geometric tolerancing), clearance fits, tolerancing fundamentals, maximum material condition (MMC), least material condition (LMC), metric and inch dimensioning. GD&T conventions covered are: dimensioning and geometric tolerancing symbols, datums, material condition symbols, tolerances of form and profile, tolerances of orientation and runout, and location tolerances.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

DRAFT 201 4.0 units

Introduction to Drafting

3.4 hours lecture, 3.4 hours laboratory

Recommended Preparation: COMIS 1 or knowledge of computers and MATH 120 or basic geometry.

Grading: letter grade or pass/no pass

This is an entry-level course offered as a preparation for architectural design, mechanical drafting and interior design students with no previous graphic training. This course provides instruction in the fundamental principles and techniques of traditional drafting and computer aided drafting (CAD), including drafting equipment (manual and CAD), sketching, lettering, line type and line weight, orthographic projection, isometrics and dimensioning. The CAD training will utilize the latest software technology, such as AutoCAD, in the Windows environment and will introduce the following CAD fundamentals: user interface, basic draw and edit commands, template drawings, dimensioning, electronic drawing sheets, file management, printing and plotting and the Windows operating system for CAD users. Exercises will cover drawings for both mechanical and architectural applications.

DRAFT 202 4.0 units

AutoCAD I, Fundamentals

3.4 hours lecture, 3.4 hours laboratory

Recommended Preparation: COMIS 1 or knowledge of computers and MATH 120 or basic geometry.

Grading: letter grade or pass/no pass

Formerly DRAFT 202AD. This course is an intermediate-level course aimed at individuals with a drafting background employed in engineering, architecture, interior design and other related fields who wish to upgrade their skills in the area of Computer Aided Drafting (CAD). CAD training will utilize the latest software technology, such as AutoCAD, in the Windows environment. This course continues to introduce CAD fundamentals as well as intermediate drawing techniques: user interface, basic draw and edit commands, template drawings, dimensioning, electronic drawing sheets, file management, printing and plotting and the Windows operating system for CAD users. Exercises cover drawings for both mechanical and architectural applications.

DRAFT 203 4.0 units

AutoCAD II, Advanced Concepts

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: DRAFT 201 or DRAFT 202

Grading: letter grade or pass/no pass

Formerly 203AD. This course is an intermediate level course aimed at individuals with a drafting background employed in engineering, architecture, interior design and other related fields who wish to upgrade their skills in the area of Computer Aided Drafting (CAD). Topics cover advanced 2D concepts and intermediate level 3D modeling using AutoCAD Software: user interface, advanced draw, edit, and query commands, template drawings, dimension styles, model space/paper space electronic drawing sheets, external reference styles, file management and the Web, plotting styles, blocks and attributes and 3D modeling techniques .

DRAFT 204 4.0 units

3D Visualization/Animation

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: DRAFT 203AD

Grading: letter grade or pass/no pass

This course is an advanced-level course primary aimed at individuals with a drafting background employed in engineering, architecture, interior design and other related fields who wish to upgrade their skills in the area of Computer Aided Drafting (CAD), Visualization, Rendering and Animation. Successful completion of the three modules in DRAFT 204 culminates in a Certificate of Achievement 3D visualization, Rendering and Animation. CAD training will utilize AutoCAD and one or more of the following Architectural Desktop, Sketchup, REVIT Architecture and 3D Studio MAX Software. Digital non-linear editing is introduced. DRAFT 204 is the final class in a series of three leading to a Certificate of Completion CAD Professional Architectural or Mechanical Applications. Advanced 3D modeling and rendering concepts are explored: user interface, coordinate system, surface and solids modeling commands, rendering and animation. Projects cover both mechanical and architectural applications.

DRAFT 210 **1.5 units**

3D Printing Fundamentals I (FDM)

1.1 hours lecture, 2.3 hours laboratory
 Recommended Preparation: DRAFT 201 or DRAFT 51A or any 3D Digital Modeling software experience.
 Grading: letter grade or pass/no pass
 This course introduces students to the field of 3D Digital Manufacturing and Design by providing training in the setup and operation of a Fused Deposition Modeling (FDM) 3D printer system. Students will receive introductory instruction on various 3D CAD and Parametric Design software packages used to create digital 3D models for printing. This class will enhance the employability skills of students preparing for careers such as Engineering, Engineering Technology, Product Design, Jewelry Design and Maquette Model Design for Animation and Architecture.

DRAFT 211 **1.5 units**

Laser Cutting Fundamentals

1.1 hours lecture, 2.3 hours laboratory
 Recommended Preparation: DRAFT 201 or DRAFT 51A or any 3D Digital Modeling software experience.
 Grading: letter grade or pass/no pass
 This course introduces students to the field of Digital Manufacturing and Design by providing training in the setup and operation of a CO2 Laser. Laser processes covered in the class are: cutting, marking, imaging and engraving. Students will receive introductory instruction on digital drawing software packages used to create digital graphics for printing and imaging with an introduction to appropriate materials. This class will enhance the employability skills of students preparing for careers such as Engineering Technology, Product Design, Jewelry Design and Model Design for Architecture and other industries. The class includes time for student project work.

DRAFT 220 **3.0 units**

Introduction to CATIA

2.3 hours lecture, 4.5 hours laboratory
 Recommended Preparation: DRAFT 201 or DRAFT 51A or Industry Drafting or High School Drafting classes.
 Grading: letter grade or pass/no pass
 This course is the first in a series of three courses preparing students for careers as computer aided drafting operators in various industries utilizing CATIA parametric design software. The class introduces students to the fundamental operations of CATIA software concentrating on the user interface and the creation of industry standard detail parts and assemblies based on 2D profiles (sketches) in a Windows environment. The course may serve as a preparation for students intending to take industry certification tests CATIA PART DESIGN SPECIALIST and CATIA ASSEMBLY DESIGN SPECIALIST created by Dessault Systems.

DRAFT 221 **3.0 units**

Intermediate CATIA

2.3 hours lecture, 4.5 hours laboratory
 Recommended Preparation: DRAFT 220 or DRAFT 298D or TEC 60
 Grading: letter grade or pass/no pass
 This course is the second course in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing CATIA parametric design software. This intermediate level class introduces students to the more complex operations

of CATIA software than the former class by concentrating on advanced design solids modeling concepts and applying them in the creation of industry standard detail parts drawings and advanced assembly/subassembly drawings in a Windows environment. The course may serve as a preparation for students intending to take industry certification tests CATIA PART DESIGN Expert and CATIA Assembly Design Expert created by Dessault Systems.

DRAFT 222 **3.0 units**

Advanced CATIA

2.3 hours lecture, 4.5 hours laboratory
 Recommended Preparation: DRAFT 221 or DRAFT 298E or TEC 60
 Grading: letter grade or pass/no pass
 This course is the third course in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing CATIA parametric design software. The class introduces students to advanced levels of the operations of CATIA software concentrating on sheet metal, surface modeling, drawing tools in a Windows environment. The course may serve as a preparation for students intending to take the industry certification test for a CATIA Surface Design Specialist created by Dessault Systems.

DRAFT 230 **3.0 units**

Introduction to SolidWorks Level 1

2.3 hours lecture, 4.5 hours laboratory
 Recommended Preparation: DRAFT 201 or DRAFT 51A or Industry Drafting experience or High School Drafting classes.
 Grading: letter grade or pass/no pass
 This course is the first in a series of three preparing students for careers as computer aided drafting (CAD) operators in various industries utilizing SolidWorks parametric design software. The class introduces students to the fundamental operations of SolidWorks software concentrating on the user interface and the creation of industry standard detail parts and assembly drawings based on 2D profiles (sketches) in a Windows environment. The course may serve as a preparation for students intending to take an industry certification test Certified SolidWorks Associate (CSWA) created by Dessault Systems.

DRAFT 231 **3.0 units**

Intermediate SolidWorks Level 2

2.3 hours lecture, 4.5 hours laboratory
 Recommended Preparation: DRAFT 230 or DRAFT 298F or TEC 60
 Grading: letter grade or pass/no pass
 This course is the second in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing SolidWorks parametric design software. The class introduces students to intermediate levels of the operations of SolidWorks software concentrating on the creation of complex industry standard detail parts drawings and assemblies in a Windows environment. The course will prepare students to take an industry certification test, Certified SolidWorks Professional (CSWP), created by Dessault Systems.

DRAFT 232 3.0 units

Advanced SolidWorks Level 3

2.3 hours lecture, 4.5 hours laboratory
Recommended Preparation: DRAFT 231 or DRAFT 298G or TEC 60

Grading: letter grade or pass/no pass

This course is the third in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing SolidWorks parametric design software. The class introduces students to advanced levels of the operations of SolidWorks software concentrating on sheet metal, weldments, surface modeling, mold tools, drawing tools and FEA (Finite Element Analysis) in a Windows environment. The course will prepare students to take an industry certification test, Certified SolidWorks Expert (CSWE), created by Dessault Systems.

DRAFT 298D 3.0 units

EXP: Introduction to CATIA

2.3 hours lecture, 4.5 hours laboratory
Recommended Preparation: DRAFT 201 or DRAFT 51A or Industry Drafting experience or High School Drafting classes.

Grading: letter grade or pass/no pass

This class is the first in a series preparing students for careers as computer aided drafting operators in various industries utilizing CATIA parametric design software. The class introduces students to the fundamental operations of CATIA software concentrating on the user interface and the creation of industry standard detail parts and assemblies drawings based on 2D profiles (sketches) in a Windows environment. The course will prepare students to take an industry certification tests, CATIA PART DESIGN SPECIALIST and CATIA Assembly Design Specialist, created by Dessault Systems.

DRAFT 298E 3.0 units

EXP: Intermediate CATIA

2.3 hours lecture, 4.5 hours laboratory
Recommended Preparation: DRAFT 298D or TEC 60.

Grading: letter grade or pass/no pass

This course is the second class in a series preparing students for careers as computer aided drafting operators in various industries utilizing CATIA parametric design software. This intermediate level class introduces students to the more complex operations of CATIA software than the former class by concentrating on advanced design concepts and applying them in the creation of industry standard detail parts drawings and assembly/subassembly drawings in a Windows environment. Sheet metal design and working drawings are covered in this class. The course will prepare students to take industry certification tests, CATIA PART DESIGN Expert and CATIA Assembly Design Expert, created by Dessault Systems.

DRAFT 298F 3.0 units

EXP: Introduction to Solidworks Level 1

2.3 hours lecture, 4.5 hours laboratory
Recommended Preparation: DRAFT 201 or DRAFT 51A or Industry Drafting experience or High School Drafting classes.

Grading: letter grade or pass/no pass

This class is the first in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing SolidWorks parametric design software. The class introduces students to the fundamental operations of SolidWorks software

concentrating on the user interface and the creation of industry standard detail parts and assemblies drawings based on 2D profiles (sketches) in a Windows environment. The course will prepare students to take an industry certification test, Certified SolidWorks Associate (CSWA), created by Dessault Systems.

DRAFT 298G 3.0 units

EXP: Intermediate Solidworks Level 2

2.3 hours lecture, 4.5 hours laboratory
Recommended Preparation: DRAFT 298F or TEC 60.

Grading: letter grade or pass/no pass

This class is the second in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing SolidWorks parametric design software. The class introduces students to intermediate levels of the operations of SolidWorks software concentrating on the creation of complex industry standard detail parts drawings and assemblies in a Windows environment. The course will prepare students to take an industry certification test, Certified SolidWorks Professional (CSWP), created by Dessault Systems.

DRAFT 298I 3.0 units

EXP: Advanced Solidworks Level 3

2.3 hours lecture, 4.5 hours laboratory
Recommended Preparation: DRAFT 298G or TEC 60.

Grading: letter grade or pass/no pass

This class is the third in a series of three preparing students for careers as computer aided drafting operators in various industries utilizing SolidWorks parametric design software. The class introduces students to advanced levels of the operations of SolidWorks software concentrating on sheet metal, weldments, surface modeling, mold tools, drawing tools and FEA (Finite Element Analysis) in a Windows environment. The course will prepare students to take an industry certification test, Certified SolidWorks Expert (CSWE), created by Dessault Systems.

ECONOMICS (ECON)

ECON 1 3.0 units

Macro Economic Analysis

3.4 hours lecture

Prerequisite: MATH 130 or MATH 130A and MATH 130B or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade or qualification through the math assessment process.

Grading: letter grade or pass/no pass

Formerly ECON 1A. Macroeconomics is concerned with the economy as a whole and large market segments. The instructional emphasis is on macroeconomic policy. This course examines the functioning of a mixed enterprise system. Topics will include the economic role of government, determination of national income, the banking system, and Federal Reserve policy. The attention is focused on such problems as the level of unemployment, the rate of inflation, the nation's total output of goods and services, fiscal and monetary policies.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ECON 1H 3.0 units

Honors Macro Economic Analysis

3.4 hours lecture

Prerequisite: Qualification for Honors Program and MATH 130 or MATH 130A and MATH 130B

Grading: letter grade or pass/no pass

Formerly ECON 1AH. Macroeconomics is concerned with the economy as a whole and large market segments. The instructional emphasis is on macroeconomic policy. This course examines the functioning of a mixed enterprise system. Topics will include the economic role of government, determination of national income, the banking system, and Federal Reserve policy. The attention is focused on such problems as the level of unemployment, the rate of inflation, the nation's total output of goods and services, fiscal and monetary policies.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ECON 2 3.0 units

Micro Economic Analysis

3.4 hours lecture

Prerequisite: MATH 130 or MATH 130A and MATH 130B or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade or qualification through the math assessment process.

Grading: letter grade or pass/no pass

Formerly ECON 1B. This course examines the behaviors of individual households and firms in a mixed enterprise capitalist system. The class will include topics of price theory, distribution, resource allocation, foreign trade and comparative economic systems. Microeconomics is concerned with specific economic units or parts that make up an economic system and the relationship between these parts. The emphasis is placed on understanding the behavior of individual firms and households, and the ways in which they interact.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ECON 2H 3.0 units

Honors Micro Economics Analysis

3.4 hours lecture

Prerequisite: Qualification for Honors Program and MATH 130 or MATH 130A and MATH 130B

Grading: letter grade

Formerly ECON 1BH. This course examines the behaviors of individual households and firms in a mixed enterprise capitalist system. The class will include topics of price theory, distribution, resource allocation, foreign trade and comparative economic systems. Microeconomics is concerned with specific economic units or parts that make up an economic system and the relationship between these parts. The emphasis is placed on understanding the behavior of individual firms and households, and the ways in which they interact.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ECON 3 3.0 units

General Concepts in Economics

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a survey of economic principles, both micro and macro. This course is designed to provide non-economics and non-business majors a foundation in economics.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ECON 4 3.0 units

Contemporary Economic Issues

3.4 hours lecture

Grading: letter grade or pass/no pass

This course offers an economic analysis of contemporary questions including environmental, institutional, and multicultural issues. The class will determine the role of economics, as a social science, assisting in understanding causes, effects, and possible policies for current problems. The instructional emphasis is on the relationship of basic tools of economic analysis and their application to current economic problems.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ECON 5 3.0 units

The Global Economy

3.4 hours lecture

Grading: letter grade or pass/no pass

This course examines the location and organization of international economic activities from an economic, cultural, political, and environmental perspective. Topics covered by a faculty team drawn from economics and geography include the spatial distribution of resources and production, global flows of information, capital and labor, and regional inequalities such as income distribution, poverty, discrimination and standard of living. This class is recommended for students in business, social science and liberal arts with an interest in global and international issues, including regional and social inequalities, marketing and international trade, and tourism. This course is not open to students registered in or with credit in GEOG 5.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

EDUCATION (EDUC)

EDUC 20 3.0 units

Intro to Elementary Classroom Teaching

3.4 hours lecture

Recommended Preparation: READ 82 or Qualification through the LBCC assessment process for Reading and Eligibility for ENGL 1.

Grading: letter grade

This course introduces students to the concepts and issues related to teaching diverse learners in today's contemporary schools, Kindergarten through grade 12 (K-12). Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary education issues, California's common core standards, and teacher performance standards. In addition to class time, the course requires a minimum of 45 hours of structured fieldwork in public school elementary classrooms that represent California's diverse student population, and

includes cooperation with at least one carefully and campus-approved certificated classroom teacher.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ELECTRICITY (ELECT)

ELECT 41 2.0 units

Technical Applications of Minicomputers

1.1 hours lecture, 3.4 hours laboratory

Grading: letter grade

The course will consist of an introduction to the various software programs used in the electrical program. Students will develop all the components of a complete engineering technical report. The course will utilize computer applications to research and complete technical reports and documentation. Included are AutoCAD, Word, Excel, Visio, Constructor, and web based communication and information research.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ELECT 200A 6.5 units

First Semester Industrial Electricity

5.1 hours lecture, 6.8 hours laboratory

Prerequisite: ELECT 202

Grading: letter grade

This course is an introduction to direct current electrical theory. Covered are industry practices, application, study of nomenclature and components. Also covered are formulas used in electrical theory, information regarding proper use and selection of hand tools, and laboratory practices as performed in the electrical maintenance and construction industry.

ELECT 200B 8.0 units

Second Semester Industrial Electricity

6.8 hours lecture, 6.8 hours laboratory

Prerequisite: ELECT 200A or ELECT 204

Grading: letter grade

This course covers operational theory and practices associated with motors and generators. Included are theory and lab work associated with motors, generators, motor controls and circuit diagrams, including wiring practices in the electrical maintenance and construction industry.

ELECT 200C 8.0 units

Third Semester Industrial Electricity

6.8 hours lecture, 6.8 hours laboratory

Prerequisite: ELECT 225 and ELECT 209 or ELECT 200B

Grading: letter grade

This course is an introduction to Alternating Current theory, practices and applications with studies of nomenclature and components. It is a course that requires previous Direct Current electrical coursework and math.

ELECT 200D 8.0 units

Fourth Semester Industrial Electricity

6.8 hours lecture, 6.8 hours laboratory

Prerequisite: ELECT 200C or ELECT 212

Grading: letter grade

This is an advanced course that requires knowledge of AC circuitry, systems, and components. This course covers the complete electrical design of a

commercial/industrial facility inclusive of general electrical, AC motors, lighting, transformers and electrical load calculations. All design work is completed to applicable codes.

ELECT 202 3.0 units

Electrical Mathematics

3.4 hours lecture

Grading: letter grade

A study of mathematics used in the electrical and construction trades. Topics in arithmetic, fractions, decimals, percents, graphing, measurement and introduction to algebra are covered. This course is the same as CONST 201A.

ELECT 204 3.0 units

First Semester Fundamentals of DC Electricity

3.4 hours lecture

Prerequisite: ELECT 202

Corequisite: ELECT 210A

Grading: letter grade

This course is an introduction to direct current electrical theory, its practices, applications, nomenclature and components for students beginning electrical studies for occupational goals, continuing university education or for increasing skill levels. Included in this course are formulas used in electrical theory, information regarding proper use and selection of hand tools, materials, and wiring as practiced in the electrical maintenance and construction industry.

ELECT 209 3.0 units

Second Sem. Fund of Motors/Generators

3.4 hours lecture

Prerequisite: ELECT 200A or (ELECT 202 and ELECT 204).

Grading: letter grade

This course covers the operational theory and practices associated with motors and generators. This includes theory associated with motors, generators, motor controls, circuit diagrams, and wiring practices in the electrical maintenance and construction industry.

ELECT 210A 1.0 unit

Laboratory Practices 1

3.4 hours laboratory

Corequisite: ELECT 204

Grading: letter grade

This course covers laboratory work associated with the fundamentals of DC electricity, electromagnetism, series, parallel and combination circuits, wiring practice and hand tools.

ELECT 210B 1.0 unit

Laboratory Practices 2

3.4 hours laboratory

Prerequisite: ELECT 210A or ELECT 200A

Corequisite: ELECT 209

Grading: letter grade

This course covers lab work associated with the fundamentals of DC electricity, DC principles and practices, as well as fundamentals of DC motors and generators and motor controls. Motors and generators are characterized and connected with various hard wired motor control circuits.

ELECT 210C 1.0 unit

Laboratory Practices 3

3.4 hours laboratory

Prerequisite: ELECT 210B or ELECT 200B

Corequisite: ELECT 212

Grading: letter grade

This course includes lab work associated with the fundamentals of Alternating Current electricity. Alternating Current principles, practices and safe wiring practices with hand tools and instrumentation are included.

ELECT 210D 1.0 unit

Laboratory Practices 4

3.4 hours laboratory

Prerequisite: ELECT 210C or ELECT 200C

Grading: letter grade

This course is designed to provide lab work activities that are associated with electrical measuring instruments, motors, transformers and electrical design.

ELECT 212 3.0 units

Third Semester Fund of AC Electricity

3.4 hours lecture

Prerequisite: ELECT 225 and ELECT 209 or ELECT 200B

Grading: letter grade

This course is an introduction to alternating current theory, practices and applications with studies of nomenclature and components. It is an advanced course that requires previous direct current electrical coursework and math.

ELECT 214 3.0 units

Fourth Semester AC Principles & Pract

3.4 hours lecture

Prerequisite: ELECT 212 or ELECT 200C

Recommended Preparation: ELECT 212

Grading: letter grade

This is an advanced course that requires knowledge of AC circuitry, systems, and components. This course covers the complete electrical design of a commercial/industrial facility inclusive of general electrical, AC motors, lighting, transformers and electrical load calculations. All design work is completed to applicable codes.

ELECT 225 4.0 units

Algebra and Trigonometry for Technicians

4.5 hours lecture

Prerequisite: MATH 805 or MATH 815 or ELECT 202 or Qualification through the LBCC assessment process for Math.

Grading: letter grade

This course will present basic algebra and trigonometry and their application to the solution of practical problems in technical (mechanical, electrical, construction) fields. This course is not open for credit to students registered in or with credit in MATH 225, 220, 230, 110 and 150. Formerly MATH 225.

ELECT 226 3.0 units

Solid State Fundamentals for Electrician

2.8 hours lecture, 1.7 hours laboratory

Prerequisite: ELECT 200B or ELECT 209

Grading: letter grade

This course covers electronic theory and practice as applied in industrial applications. Topics include

component identification, schematic diagrams, circuit testing and troubleshooting industrial equipment. Safety issues involving high voltage industrial electronics are covered.

ELECT 227 3.0 units

D.C. and A.C. Variable Speed Drives

2.8 hours lecture, 1.7 hours laboratory

Prerequisite: ELECT 226

Grading: letter grade

This course covers the theory, circuit designs and application of direct current and alternating current variable speed drives. Topics include applications, testing and troubleshooting.

ELECT 230A 3.0 units

Robotics Technology — Design

2.8 hours lecture, 1.7 hours laboratory

Grading: letter grade

This course utilizes the engineering model of design, system integration and applications development as applied to the area of industrial and marine robotics technology, including power and control systems, troubleshooting, hydraulic and pneumatic systems, programming fundamentals, and issues relating to the operation of electrical equipment in harsh environments. Students may start the series in any segment to develop skills specific to each topic.

ELECT 230B 3.0 units

Robotics Technology — Integration

2.8 hours lecture, 1.7 hours laboratory

Grading: letter grade

This course utilizes the engineering model of design, system integration and applications development as applied to the area of industrial and marine robotics technology, including power and control systems, troubleshooting, hydraulic and pneumatic systems, programming fundamentals, and issues relating to the operation of electrical equipment in harsh environments. Students may start the series in any segment to develop skills specific to each topic.

ELECT 230C 3.0 units

Robotics Technology — Applications

2.8 hours lecture, 1.7 hours laboratory

Grading: letter grade

This course utilizes the engineering model of design, system integration and applications development as applied to the area of industrial and marine robotics technology, including power and control systems, troubleshooting, hydraulic and pneumatic systems, programming fundamentals, and issues relating to the operation of electrical equipment in harsh environments. Students may start the series in any segment to develop skills specific to each topic.

ELECT 240 3.0 units

Electrical Code-Residential

3.4 hours lecture

Prerequisite: ELECT 200A or ELECT 204

Grading: letter grade

This course is an introduction to National Electrical Code requirements for residential wiring. The interpretation of electrical wiring diagrams, material use, installation methods and calculation of electrical loads to size feeders and conductors is included.

ELECT 242 1.5 units

Electrical Code-Grounding

1.7 hours lecture
Prerequisite: ELECT 245 or ELECT 250
Grading: letter grade

This course covers National Electrical Code requirements for grounding. Grounding system components, principles of operation, design and fault current calculations are included.

ELECT 245 3.0 units

Electrical Code-Commercial

3.4 hours lecture
Prerequisite: ELECT 240 and (ELECT 209 or ELECT 200B)
Grading: letter grade

This course covers National Electrical Code requirements for commercial, office and light industrial wiring. The electrical layout and design of commercial buildings, feeder circuit calculations, branch circuit calculations and circuit over current protection are included.

ELECT 250 3.0 units

Electrical Code-Industrial

3.4 hours lecture
Prerequisite: ELECT 240 and (ELECT 209 or ELECT 200B)
Grading: letter grade

This course covers National Electrical Code requirements for industrial applications. Materials and wiring methods for heavy industrial applications, life, safety and hazardous systems are included.

ELECT 253 2.0 units

OSHA Standards for Construction Safety

2.3 hours lecture
Grading: pass/no pass
This course was listed as T_I 203A for academic year 2013-2014 only. This course covers OSHA policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive an OSHA 30 Hour Construction Outreach Training Completion Card.

ELECT 261 3.0 units

Introduction to Renewable Energy

3.4 hours lecture
Grading: letter grade
This course will introduce students to renewable energy sources (wind, solar, micro-hydro, geothermal et. al.) along with the advantages and disadvantages of each. Suitable use for each energy source will be discussed, as well as emerging technology, products, and programs available that allow builders and owners to take advantage of renewables.

ELECT 262 3.0 units

Solar 1-Grid-Tied Solar Photovoltaics

2.8 hours lecture, 1.7 hours laboratory
Prerequisite: ELECT 200B or ELECT 209
Recommended Preparation: ELECT 261
Grading: letter grade
This level 1 lecture/laboratory electrical course will

introduce students to the components that make up a photovoltaic (PV) system and the function of each. Students will also learn how to install, troubleshoot, and maintain a residential solar electric system.

ELECT 263 3.0 units

Solar 2-Advanced Solar Photovoltaics

2.8 hours lecture, 1.7 hours laboratory
Prerequisite: ELECT 262
Grading: letter grade
In this level 2 lecture/laboratory course students build upon skills learned in ELECT 262 to design and implement a cost-effective stand-alone photovoltaic (PV) system with battery backup. Students will also learn how to analyze data from system monitoring hardware and software, and use that data to adjust a PV system for optimal performance.

ELECT 271 3.0 units

Electrical Cost Estimating 1

3.4 hours lecture
Grading: letter grade
This course will present an introduction to electrical cost estimating, including take-off and listing procedures. It is designed for students preparing to enter electrical estimating occupations or electrical contracting work.

ELECT 275 0.5 unit

Electrical Pipe Bending (A)

0.3 hour lecture, 0.8 hour laboratory
Grading: letter grade
This course is a study of how to properly calculate, layout and bend Electrical Metallic Tubing (EMT) per Industry standards and National Electrical Code (NEC) standards.

ELECT 276 0.5 unit

Electrical Pipe Bending (B)

0.3 hour lecture, 0.7 hour laboratory
Prerequisite: ELECT 275
Grading: letter grade
This course covers the proper methods to layout and bend rigid conduit. Methods taught include, hand bending and the use of mechanical and machine benders.

ELECT 277 3.0 units

Blueprint Reading for Electricians

3.4 hours lecture
Prerequisite: ELECT 212 or ELECT 200C
Grading: letter grade
This course is designed for students to comprehend, and correctly interpret blueprints used in the electrical and related construction trades.

ELECT 280 3.0 units

Traffic Signal Systems 1

2.8 hours lecture, 1.7 hours laboratory
Recommended Preparation: ELECT 204
Grading: letter grade
This first course in traffic signal systems includes instruction on the building and wiring of a working intersection. CalTrans and NEC Standards and requirements, copper wiring, controller, pole and signal head installation, and controller theory are covered in this hands-on course.

ELECT 283 **3.0 units**

Traffic Systems Communications

2.8 hours lecture, 1.7 hours laboratory
 Recommended Preparation: ELECT 204
 Grading: letter grade

This course provides instruction in Traffic Signal Communications Systems. The course content will cover communications theory, microwave, VHF/UHF radios, vision monitoring and detection, antenna systems. This hands-on course will further include the testing and troubleshooting of communications systems.

ELECT 284 **3.0 units**

Traffic Signal Controllers & Digital Systems

2.8 hours lecture, 1.7 hours laboratory
 Prerequisite: ELECT 204
 Grading: letter grade

This is a course in digital logic and microprocessor controls as applied to Traffic Signal Systems. This hands-on course will include troubleshooting of digital traffic controllers. Course topics will include, but are not limited to, interface logic, electronics, and theory of system operation.

ELECT 400 **2.0 units**

Electrical Certification Exam Prep

2.3 hours lecture
 Grading: pass/no pass

This course prepares students to take the California Electrician Certification Exam. It includes testing methods, rapid code lookup, code calculations and applications. This course cannot be used for credit toward the certificate or degree in Electrical Technology.

ELECT 435A **2.0 units**

Electric Motor Control 1

2.3 hours lecture, 1.1 hours laboratory
 Prerequisite: ELECT 209 or ELECT 200B
 Grading: letter grade

This course covers the theoretical and practical principles involving the control of direct and alternating current electric motors. Industry standard wiring practices and troubleshooting methods are covered. An introduction to Programmable Logic Controllers is included. Mandatory safety awareness assessment will be conducted early in the course.

ELECT 435B **2.0 units**

Electric Motor Control 2

2.3 hours lecture, 1.1 hours laboratory
 Prerequisite: ELECT 435A
 Grading: letter grade

This course consists of advanced theoretical and practical principles involving the control of direct and alternating current electric motors and automation systems. Topics covered include Programmable Logic Controllers, ladder logic, wiring, timing and programming. GE Fanuc PLCs and GE Proficy software are utilized.

EMERGENCY MEDICAL TECHNOLOGY (EMT)

EMT 251 **3.0 units**

Emergency Medical Technician

3.4 hours lecture
 Recommended Preparation: BIO 60
 Grading: letter grade

This course will enable the student to develop basic skills in the assessment, rescue, immediate treatment and transport of the urgently ill or injured client. Course content emphasizes identifying and correcting life-threatening conditions, identifying rescue activities and developing a systematic approach to the care of the client and the performance of rescue activities. Relevant information on traumatic injuries, medical emergencies, environmental hazards, rescue techniques and equipment will be integrated.

EMT 251L **1.5 units**

Emergency Medical Technician Laboratory

5.1 hours laboratory
 Corequisite: EMT 251
 Recommended Preparation: BIO 60
 Grading: pass/no pass

This course is designed to develop basic skills in the assessment, rescue, immediate treatment and transport of the urgently ill or injured client. Emphasis will be placed on identifying and correcting life threatening conditions, identifying rescue problems and developing a systematic approach to the care of the client and the performance of rescue activities. Integrated into this course will be relevant information on traumatic injuries, medical emergencies, environment hazards, rescue techniques and equipment.

EMT 252 **1.0 unit**

Emergency Medical Tech I Refresher

1.1 hours lecture, 0.6 hour laboratory
 Prerequisite: Current EMT — 1 Certification.
 Grading: letter grade

Formerly EMT 252AD. The EMT-1 must have certification that is current or not expired more than six months. This course will be a review and update of life support measures, CPR and use of emergency medical equipment and supplies for the certified EMT-I.

ENGINEERING (ENGR)

ENGR 3A **3.0 units**

Engineering Graphics

2.3 hours lecture, 4.5 hours laboratory
 Prerequisite: MATH 120 or one year High School Geometry.

Recommended Preparation: One semester of DRAFT 201 or high school mechanical drawing or drafting.
 Grading: letter grade

This course will review the methods of graphic expression common to the various fields of engineering. It will follow engineering drafting standards and procedures through working drawings. The use computers to prepare and study engineering drawings and solving engineering space problems by orthographic methods will be emphasized.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

<p>ENGR 3B 3.0 units</p> <p>Engineering Graphics 2.3 hours lecture, 4.5 hours laboratory Prerequisite: ENGR 3A and MATH 40 Grading: letter grade This course will review the principles of graphic expression through working drawings. It will expand on the principles of descriptive geometry as studied in ENGR 3A. The use of computer drafting software as well as charts, diagrams and graphic solutions are discussed. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ENGR 54 3.5 units</p> <p>Computer Methods 3.4 hours lecture, 2.3 hours laboratory Prerequisite: MATH 60 (may be taken concurrently) Grading: letter grade or pass/no pass This course will introduce students to the nature of computers, algorithms, problem solving procedures and programming. This course is designed to explore computer methods used to solve various applications from engineering, computer science, physical sciences and math areas. C++ is the primary programming language. The course also introduces MATHEMATICA and MATLAB software with applications from Engineering, Science and Mathematics. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ENGR 17 3.0 units</p> <p>Electrical Engineering Circuits 3.4 hours lecture Prerequisite: MATH 70 and PHYS 3B Corequisite: MATH 70 and PHYS 3B Grading: letter grade This course provides an introduction to electrical circuits from an engineering perspective. This includes mesh and node equations, controlled sources, Thevenin and Norton equivalencies, natural response of RLC circuits, phasor analysis and other topics. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p style="text-align: center;">ENGLISH (ENGL)</p> <p>ENGL 1 4.0 units</p> <p>Reading and Composition 4.5 hours lecture Prerequisite: Qualification through the LBCC assessment process for English or ENGL 105 or ESL 34. Grading: letter grade In this course, students read and analyze college-level texts in order to write researched, thesis-based essays. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ENGR 17L 1.0 unit</p> <p>Electrical Engineering Circuits Lab 3.4 hours laboratory Prerequisite: ENGR 17 (may be taken concurrently) Grading: letter grade This course provides a laboratory study of electrical circuits and instrumentation to accompany the lecture course. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ENGL 1H 4.0 units</p> <p>Honors Reading and Composition 4.5 hours lecture Prerequisite: Qualification for the Honors program. Qualification through the LBCC assessment process for English, or ENGL 105 or ESL 34. Grading: letter grade In this course, students read and analyze college-level texts in order to write researched, thesis-based essays. Eligibility for the Honors program is required for enrollment. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ENGR 35 3.0 units</p> <p>Statics 3.4 hours lecture Prerequisite: MATH 60 Corequisite: PHYS 3A Grading: letter grade This is a first course in mechanics that will enable engineering students to analyze any problem in a simple and logical manner and to apply to its solution a few, well-understood, basic principles. This course introduces students to statics of particles, rigid bodies, Equilibrium of two- and three-dimensional force systems employing free-body diagrams. Topics that will be examined are centroids, center of gravity, analysis of structures, friction, and forces in beams and cables. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ENGL 2 4.0 units</p> <p>Introduction to Literature/Composition 4.5 hours lecture Prerequisite: ENGL 1 or ENGL 1H Grading: letter grade or pass/no pass This introduction to analysis of and writing about literature focuses on the three major genres of fiction, drama and poetry. Writing assignments are designed to develop students critical thinking and reading skills through the analysis and interpretation of the reading material. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>
<p>ENGR 50 1.0 unit</p> <p>Introduction to Engineering 1.1 hours lecture Grading: pass/no pass This course is an introduction to engineering concepts from various branches of engineering. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>ENGL 2H 4.0 units</p> <p>Honors Introduction to Literature/Comp. 4.5 hours lecture Prerequisite: ENGL 1 or ENGL 1H and Qualification for the Honors program. Grading: letter grade or pass/no pass This course is an honors introduction to analysis of and writing about literature, focusing on the three major genres of fiction, drama and poetry. Writing assignments are designed to develop students' critical thinking and</p>

reading skills through the analysis and interpretation of the reading material.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 3 4.0 units

Argumentative and Critical Writing

4.5 hours lecture

Prerequisite: ENGL 1

Grading: letter grade or pass/no pass

This course offers an introduction to the elements and uses of critical thinking and writing. Analytical, persuasive, evaluative, and argumentative writing will be emphasized, as well as the evaluation and use of both electronic and conventional sources.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 3H 4.0 units

Honors Argumentative & Critical Writing

4.5 hours lecture

Prerequisite: Qualification for the Honors Program and ENGL 1.

Grading: letter grade or pass/no pass

This course offers an introduction to the elements and uses of critical thinking and writing. Analytical, persuasive, evaluative, and argumentative writing will be emphasized, as well as the evaluation and use of both electronic and conventional sources.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 4 4.0 units

Critical Analysis of Literature

4.5 hours lecture

Prerequisite: ENGL 1, ENGL 1H or Qualification through the LBCC assessment process for English.

Grading: letter grade

This course develops critical thinking skills through the written analysis of literary elements in fiction, poetry, and drama. Writing assignments emphasize argumentative strategies and the effective use of primary and secondary sources.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 4H 4.0 units

Honors Critical Analysis of Literature

4.5 hours lecture

Prerequisite: ENGL 1 or ENGL 1H and Qualification for the Honors program.

Grading: letter grade

This course develops critical thinking skills through the written analysis of literary elements in fiction, poetry, and drama. Writing assignments emphasize argumentative strategies and the effective use of primary and secondary sources.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 6 3.0 units

Production of Literary Publications

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Students will study the principles and practice involved in editing and producing complete literary publications ranging in size and complexity from small pamphlets to books.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 7 3.0 units

Editing a Literary Review

3.4 hours lecture

Grading: letter grade or pass/no pass

Students interested in editorial work will examine contemporary literary journals, reviews, and creative publications and analyze the basic philosophy of editing a journal. Also, they will have hands-on experience analyzing, considering, and choosing manuscripts appropriate to the standards of a literary journal.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 24 4.0 units

College Grammar

4.5 hours lecture

Grading: letter grade or pass/no pass

College Grammar is a transfer-level course designed to lead students through an examination of the English language, focusing on both theory and practice in grammar, usage, and mechanics. It is recommended for students who wish to strengthen their knowledge of grammar and to improve their skill in writing and speaking in English as well as for people who need a strong knowledge of grammar, usage and mechanics for professional purposes.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 26 3.0 units

Creative Writing 1

3.4 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course offers an introduction to practical and supervised experience in the fundamentals of writing fiction and poetry, through the study and analysis of the works of established professional and peer writers. Students will practice writing in various genres and will be introduced to the workshop method.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 32 3.0 units

Masterpieces/Asian Literature (in English)

3.4 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course is an introduction to Asian literature (in translation), with an emphasis on major literary works of India, China and Japan. The course is designed for students with a general interest in diverse literatures and for those who seek to understand the workings of the eastern mind in its unique historical, cultural and philosophical context.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 33 4.0 units

Mythology

4.5 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This class focuses on the study of myths of various nations and archetypal mythic patterns. The reading and analysis of literature is based on these myths and patterns.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

<p>ENGL 33H Honors Mythology 4.5 hours lecture Prerequisite: Qualification for the Honors Program and ENGL 1. Grading: letter grade or pass/no pass This class focuses on the study of myths of various nations and archetypal mythic patterns. The reading and analysis of literature is based on these myths and patterns. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>	<p>ENGL 39 The Bible as Lit: Apocrypha/New Testament 3.4 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This college-level course provides an examination and analysis of the narratives, poetry, parables, and letters of the New Testament and Apocrypha, emphasizing a literary point of view. The course is designed for students interested in broadening their understanding of the literary characteristics and cultural and historical contexts of the books of the New Testament and the Apocrypha. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>ENGL 35 Interpreting the Short Story 3.4 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This course is a study of the interpretation of the short story and application of the meanings found in short stories to real-life situations through class discussion and writing assignments. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ENGL 41 American Literature I 4.5 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This course is a survey of American literature from Native American oral literature to published texts from the time of the Civil War. Readings will include authors of diverse cultural backgrounds: African American, European American, Hispanic American, and Native American. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>
<p>ENGL 36 The Novel 3.4 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This course is a study of the novel as a literary form. Students will read representative works in the English, American, European Continental, and other traditions within their respective cultural contexts. The course will examine how literary movements and schools, critical concepts such as canonicity, and various formal elements shape conceptions of the novel. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ENGL 42 American Literature II 4.5 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This course is a survey of American literature from the Civil War to the present. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>
<p>ENGL 37 Science Fiction, Fantasy and Horror 3.4 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This course surveys major works of speculative fiction with an emphasis on major themes and genres. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ENGL 43A Introduction to Shakespeare 4.5 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This course presents Shakespeare as a major literary figure in the context of the Elizabethan and Jacobean periods and the history of British literature. It involves reading, discussion, and analysis of seven plays and selected sonnets. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>
<p>ENGL 38 The Bible as Lit: The Old Testament 3.4 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass This college-level course provides an examination and analysis of the narratives, poetry, and structure of the Old Testament, emphasizing a literary point of view. The course is designed for students interested in broadening their understanding of the literary characteristics, the cultural, and historical contexts of various books of the Old Testament. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>ENGL 43B Introduction to Shakespeare 4.5 hours lecture Prerequisite: Eligibility for ENGL 1. Grading: letter grade or pass/no pass The course presents Shakespeare as a major literary figure in the context of the Elizabethan and Jacobean periods and the history of British literature. This course involves reading, discussion, and analysis of seven later plays and selections from the longer poems. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>4.0 units</p>

ENGL 44 4.0 units

World Literature I

4.5 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course offers a comparative survey of the historical development of world literature in translation from ancient times to the mid or late seventeenth century, including works from Europe, the Middle East, Asia, and other areas and reflecting philosophical, political, and artistic changes in western and eastern cultures.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 44H 4.0 units

Honors World Literature I

4.5 hours lecture

Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course offers an honors comparative survey of the historical development of world literature in translation from ancient times to the mid or late seventeenth century, including works from Europe, the Middle East, Asia, and other areas and reflecting philosophical, political, and artistic changes in western and eastern cultures.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 45 4.0 units

World Literature II

4.5 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course focuses on world literature with an emphasis on works in translation, covering works from the Renaissance to contemporary times and emphasizing an appreciation of aesthetic, philosophical, and cultural concepts.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 45H 4.0 units

Honors World Literature II

4.5 hours lecture

Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course focuses on world literature with an emphasis on works in translation, covering works from the Renaissance to contemporary times and emphasizing an appreciation of aesthetic, philosophical, and cultural concepts.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 46 4.0 units

Survey of British Literature I

4.5 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course will focus on readings in the literature of the British Isles, with emphasis on English literature, Irish literature, and the works of other commonwealth nations, from the early medieval period to the last quarter

of the eighteenth century. Coursework will emphasize the appreciation of historical, philosophical, political, social, and aesthetic concepts inherent in the works and their milieus.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 47 4.0 units

Survey of British Literature II

4.5 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course is a study of English literature from the late 18th (the time of the French Revolution) to the early 21st century. English literature is defined as literature written in English, though not by Americans and, thus, includes writers from such countries as South Africa, Ireland, Canada, and Australia, New Zealand.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 48 3.0 units

Modern & Contemporary Literature

3.4 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This class is a study of imaginative literature written from the late 19th through the early 21st centuries. Writers chosen will represent world literature and will generally be those who have exerted a strong influence on contemporary attitudes, ideas, aesthetics, and values. The course will explore the revolutionary ways of writing and seeing that are peculiar to recent major artists.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 48H 3.0 units

Honors Modern/Contemporary Literature

3.4 hours lecture

Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This class is a study of imaginative literature written from the late 19th through the early 21st centuries. Writers chosen will represent world literature and will generally be those who have exerted a strong influence on contemporary attitudes, ideas, aesthetics, and values. The course will explore the revolutionary ways of writing and seeing that are peculiar to recent major artists.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 49 3.0 units

Film and Literature

3.4 hours lecture

Prerequisite: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course will offer an examination of the ways in which literary works are related to film through the interdisciplinary study of structure and theme. The course will focus on analysis of cross-cultural/gender issues and artistic approaches, with focus on film adaptations of significant works from American,

Western, and non-Western cultures, primarily novels and plays. Discussion will include ways in which literary works successfully or unsuccessfully translate into films.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 49H 3.0 units

Honors Film and Literature

3.4 hours lecture

Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This course will offer an examination of the ways in which literary works are related to film through the interdisciplinary study of structure and theme. The course will focus on analysis of cross-cultural/gender issues and artistic approaches, with focus on film adaptations of significant works from American, Western, and non-Western cultures, primarily novels and plays. Discussion will include ways in which literary works successfully or unsuccessfully translate into films. As an honors course, English 49H will require more in-depth analysis of course materials and a higher standard for student work.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 50A 3.0 units

Introduction to Poetry Writing

3.4 hours lecture

Prerequisite: ENGL 26

Grading: letter grade or pass/no pass

Formerly ENGL 27A. This course offers an introduction to practical experience in writing, appreciating and analyzing poetry.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 50B 3.0 units

Intermediate Poetry Writing

3.4 hours lecture

Prerequisite: ENGL 50A

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere in which to write original poetry. This course focuses on theory, technique and practical discipline of writing poetry; and examines basic forms of poetry. Students discuss the techniques of poetry and present manuscripts of their own work for critical discussion. In addition, students learn to write critiques, demonstrating an intermediate knowledge of poetic technique and terminology.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 50C 3.0 units

Advanced Poetry Writing

3.4 hours lecture

Prerequisite: ENGL 50B

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere in which to write and revise original poetry. Students enrolled in this course should be presently working on a portfolio of poetry. This course is designed to assist students in developing and revising poetry manuscripts to meet contemporary publication standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 50D 3.0 units

Writing and Publishing Poetry

3.4 hours lecture

Prerequisite: ENGL 50C

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere focusing on preparation of a book length manuscript for publication. This course is designed to assist students in preparing and marketing professional manuscripts of a select number of poems for publication. Students will focus on current standards for query letters and other submission procedures. Manuscripts submitted for workshop will meet contemporary publication standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 51A 3.0 units

Introduction to Fiction Writing

3.4 hours lecture

Prerequisite: ENGL 26

Grading: letter grade or pass/no pass

Formerly ENGL 27B. This course offers an intensive workshop atmosphere in which to write short fiction. The course focuses on theory, technique and practical discipline of writing fiction, and examines models from various genres. Students discuss the techniques of storytelling and present manuscripts of their own work for critical discussion.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 51B 3.0 units

Intermediate Fiction Writing

3.4 hours lecture

Prerequisite: ENGL 51A

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere in which to write original short fiction and focuses on theory, technique and practical discipline of writing fiction. It also examines basic models of short stories. Students discuss the techniques of storytelling and present manuscripts of their own work for critical discussion. In addition, students learn to write critiques demonstrating an intermediate knowledge of literary technique and terminology.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 51C 3.0 units

Advanced Fiction Writing

3.4 hours lecture

Prerequisite: ENGL 51B

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere focusing on analysis of the elements of fictional structure through student examination of works in progress. Students enrolled in this course should be presently working on a portfolio of short stories. This course is designed to assist students in developing and revising manuscripts to meet contemporary publication standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 51D 3.0 units

Writing and Publishing Fiction

3.4 hours lecture

Prerequisite: ENGL 51C

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere focusing on preparation of a book length manuscript for publication. This course is designed to assist students in preparing and marketing professional manuscripts of a select number of short stories for publication. Students will focus on current standards for query letters and other submission procedures. Manuscripts submitted for workshop will meet contemporary publication standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 52A 3.0 units

Introduction to Novel Writing

3.4 hours lecture

Prerequisite: ENGL 26

Grading: letter grade or pass/no pass

Formerly ENGL 27E. This course offers an intensive workshop atmosphere in which to write an original work of book-length fiction. The course focuses on theory, technique and practical discipline of writing fiction, and examines models from various genres (literary classics, historical fiction, detective fiction, romance, science fiction and others). Students discuss the techniques of storytelling and present manuscripts of one's own work for critical discussion.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ENGL 52B 3.0 units

Intermediate Novel Writing

3.4 hours lecture

Prerequisite: ENGL 52A

Grading: letter grade or pass/no pass

This course offers a workshop atmosphere focusing on planning and developing an original novel length manuscript. This course focuses on theory, technique, practical discipline of writing fiction and examines models from various genres (literary classics, historical fiction, detective fiction, romance, science fiction and others). Students discuss the techniques of storytelling and present manuscripts of their own work for critical discussion. In addition, students learn to write critiques demonstrating a working knowledge of literary technique and terminology.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 52C 3.0 units

Advanced Novel Writing

3.4 hours lecture

Prerequisite: ENGL 52B

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere focusing on analysis of the elements of dramatic fictional structure through student examination of works in progress. Students enrolled in this course should be presently working on a novel based manuscript. This course is designed to assist students in developing and revising manuscripts to meet contemporary publication standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 52D 3.0 units

Writing and Publishing The Novel

3.4 hours lecture

Prerequisite: ENGL 52C

Grading: letter grade or pass/no pass

This course offers an intensive workshop atmosphere focusing on preparation of a novel length manuscript for publication. This course is designed to assist students in preparing and marketing professional manuscripts for publication. Students will focus on current standards for query letters and other submission procedures. Manuscripts submitted for workshop will meet contemporary publication standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ENGL 105 4.0 units

Fundamentals of Writing

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for English, or ENGL 801B.

Grading: letter grade or pass/no pass

This course focuses on expository and argumentative writing, standard written English and critical reading. The course prepares students for entrance into ENGL 1. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success Center.

ENGL 600 0.0 unit

Great Works of Literature

3.4 hours lecture

Grading: LBCC Non-Graded Course

This course is an introduction to literature with an emphasis on both the reading of major works of literature and on training in written expression.

ENGL 627 0.0 unit

Writing for Publication or Pleasure

3.4 hours lecture

Grading: LBCC Non-Graded Course

This course gives students experience with the creative and critical processes in creative writing.

ENGL 801A 4.0 units

College English Skills I

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for English.

Grading: pass/no pass

In this course, students practice the basic forms of composition. The course also focuses on further developing standards of written English skills to prepare students for ENGL 801B or 105. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success Center.

ENGL 801B 4.0 units

College English Skills II

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: ENGL 801A or Qualification through the LBCC assessment process for English, which must be completed before registration.

Grading: pass/no pass

In this course, students practice the basic forms of composition, particularly moving from the paragraph to the essay. The course also focuses on further developing

standards of written English skills to prepare students for ENGL 105. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success Center.

**ENGLISH, WRITING READING
CENTER (EWRC)**

EWRC 890 0.5 unit

Sentence Structure

0.2 hour lecture, 1.0 hour laboratory

Grading: pass/no pass

Formerly EWRC 890AD. This course offers instruction and practice in a variety of sentence structure skills and is available to students enrolled in classes in any discipline. Instruction may focus on using complete sentences, correcting sentences, and varying sentence structure.

EWRC 891 0.5 unit

Spelling Principles

0.2 hour lecture, 1.0 hour laboratory

Grading: pass/no pass

Formerly EWRC 891AD. This course assesses individual spelling needs through a developmentally appropriate tool and provides instruction based on individual need.

EWRC 892 0.5 unit

Phonics/Reading Fundamentals

0.2 hour lecture, 1.0 hour laboratory

Grading: pass/no pass

This is an introductory course designed to teach the fundamental reading skills of phonics, word analysis, and comprehension through individualized assignments.

EWRC 893 0.5 unit

Punctuation

0.2 hour lecture, 1.0 hour laboratory

Grading: pass/no pass

Formerly EWRC 893AC. This course offers instruction and practice in a variety of punctuation skills and is available to students enrolled in classes in any discipline.

EWRC 895 0.5 unit

Functional Writing

0.3 hour lecture, 0.8 hour laboratory

Grading: pass/no pass

Formerly EWRC 895AB. This course offers individualized instruction in basic writing skills for students placed at this level. Activities include writing complete sentences, punctuating sentences, spelling correctly, paragraphing, and composing short pieces of writing to prepare students to succeed in future composition courses and to write effectively across the curriculum.

EWRC 896 0.5 unit

Writing Adjunct

0.2 hour lecture, 1.0 hour laboratory

Corequisite: ENGL 1, ENGL 105, ENGL 801A or ENGL 801B.

Grading: pass/no pass

Formerly EWRC 896AD. This course is a study of writing strategies that supplements ENGL 1, 105 and 801A-B, offering individualized instruction in all phases

of the writing process (planning, writing, revision, editing) and helps improve skills in the conventions of writing English: grammar, usage, punctuation, spelling and mechanics.

EWRC 897 1.0 unit

Developmental Writing

0.5 hour lecture, 2.1 hours laboratory

Prerequisite: ENGL 105, 801A or 801B.

Grading: pass/no pass

Formerly EWRC 897AD. After being recommended for further work by a classroom English instructor, students in this course will receive the help they need beyond ENGL 105 or 801A-B in order to qualify for and/or succeed in the next higher course. This course provides individualized instruction in the composing process and helps improve skills in the conventions of written English: grammar, sentence structure, punctuation and spelling.

EWRC 899 0.5 unit

English Adjunct

0.2 hour lecture, 1.0 hour laboratory

Grading: pass/no pass

Formerly EWRC 899AD. This course offers instruction and practice in writing and research skills and is available to students enrolled in classes in any discipline. The class may provide instruction in the writing process (prewriting, planning, and editing), and in research and writing strategies. Instruction may focus on any aspect of writing from generating ideas or conducting research to organizing research notes or writing a bibliography.

**ENGLISH AS A SECOND
LANGUAGE (ESL)**

ESL 33X 4.0 units

College English with Computers for ESL

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 56 or ESL 56X or Qualification through the LBCC assessment process for ESL.

Recommended Preparation: READ 882

Grading: letter grade

This course is an intensive study of reading and writing English focusing on the academic language skills needed for the AA and AS degrees. Skills taught include expository essay writing, summarizing, paraphrasing, reading comprehension, and critical analysis. Students use personal computers to complete the writing assignments. This course prepares students for ESL 34.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ESL 34X 4.0 units

College English/Computers for ESL Students

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 33 or ESL 33X or Qualification through the LBCC assessment process for ESL.

Recommended Preparation: READ 882

Grading: letter grade

This course is an intensive study of reading and writing English focusing on the academic language skills needed for the AA and AS degrees and entrance into English 1 and English 82. Students use personal computers to complete the writing assignments. Skills taught include expository and argumentative essay writing, summarizing of academic readings and articles about current events, critical analysis of readings in literature,

library and Internet research, and use and documentation of sources.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ESL 54 4.0 units

Effective Writing for ESL

6.8 hours lecture

Prerequisite: One semester of ESL 147 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

To prepare for college level writing, ESL 54 provides students with intensive sentence structure practice while they learn to write coherent paragraphs incorporating the use of transitional devices. Students will be introduced to and practice paraphrasing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ESL 54X 4.0 units

Effective Writing with Computers for ESL

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: One semester of ESL 147 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

To prepare for college level writing, ESL 54X provides ESL students with intensive sentence structure practice while they learn to write coherent paragraphs incorporating the use of transitional devices. Students will be introduced to and practice paraphrasing. Writing assignments will be prepared using computers.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ESL 56 4.0 units

College Writing for ESL

6.8 hours lecture

Prerequisite: ESL 147 or ESL 54 or ESL 54X or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

This course focuses on intensive summarizing of articles and writing of conceptual paragraphs that incorporate the elements of cohesion, unity, and support to prepare students for college level writing. Rhetorical modes covered include narration, description, explanation, and persuasion.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ESL 56X 4.0 units

College Writing with Computers for ESL

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 147 or ESL 54 or ESL 54X or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

This course focuses on intensive summarizing of articles and writing of conceptual paragraphs that incorporate the elements of cohesion, unity, and support to prepare students for college level writing. Rhetorical modes covered include narration, description, explanation, and persuasion. All writing assignments are done on computers.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ESL 146 2.0 units

Comprehensive Grammar I

6.8 hours laboratory

Prerequisite: ESL 645 or one semester of 845 or Qualification through the LBCC assessment process for English or ESL.

Recommended Preparation: One semester of ESL 812

Grading: letter grade or pass/no pass

Formerly ESL 146AB. This course is the first of two courses which together constitute a comprehensive review of the basic grammar of English in its entirety, together with the presentation of more complex grammatical features and troublesome exceptions, for students who have mastered or nearly mastered the fundamentals of English. The course provides in-depth study of the grammatical features and basic sentence patterns of English which students must command in order to succeed in academic, college-level courses. Also included in the course are the writing of multi-clause sentences and work with a variety of English idioms.

ESL 147 2.0 units

Comprehensive Grammar II

6.8 hours laboratory

Recommended Preparation: One semester of ESL 814

Grading: letter grade or pass/no pass

Formerly ESL 147AB. This course is the second of two courses which together constitute a comprehensive review of the basic grammar of English in its entirety, together with the presentation of more complex grammatical features and troublesome exceptions, for students who have mastered or nearly mastered the fundamentals of English. The course provides in-depth study of the grammatical features and basic sentence patterns of English which students must command in order to succeed in academic, college-level courses. Also included in the course are the writing of multi-clause sentences and work with a variety of English idioms.

ESL 270 2.0 units

Intercultural Communication

6.8 hours lecture

Prerequisite: ESL 645 or one semester of ESL 845 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

A semester length course which gives intermediate students the skills needed to communicate effectively. American culture will be learned via role-playing activities, journal writings, interviews, readings, library/internet research, etc. Cross-cultural and intercultural differences will also be emphasized. Idiomatic language will be taught.

ESL 271 2.0 units

Improving Fluency in Oral Communications

6.8 hours lecture

Prerequisite: ESL 645 or one semester of ESL 845 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

An intermediate to advanced level communication course designed to develop fluency and confidence in spoken English, improve listening and pronunciation skills, teach common proverbs and idiomatic expressions used in Standard North American English, and provide practice in interpersonal communication skills.

ESL 272 2.0 units

Communication for the World of Work

6.8 hours lecture

Prerequisite: ESL 645 or one semester of ESL 845 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

An intermediate level communication course to aid ESL students who encounter job-related language difficulties. Cultural information, language for interviewing, job applications, understanding work-related policies and procedures will be taught. Idiomatic language related to the world of work will be emphasized.

ESL 273 2.0 units

Intermediate Grammar

6.8 hours lecture

Prerequisite: ESL 645 or one semester of ESL 845 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

A semester long intermediate level ESL course which teaches grammatical concepts of the English language. Grammar is taught in form-focused language-learning activities with ample opportunity for communicative interaction.

ESL 274 2.0 units

Reading about the United States

6.8 hours lecture

Prerequisite: ESL 645 or one semester of ESL 845 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

This intermediate level reading course acquaints students with various cultural aspects of life in the United States. Students read and discuss narratives and general information articles from journals.

ESL 275 2.0 units

Writing for the World of Work

6.8 hours lecture

Prerequisite: ESL 645 or one semester of ESL 845 or Qualification through the LBCC assessment process for ESL.

Grading: letter grade or pass/no pass

This course is an intermediate level course to help students who encounter writing difficulties on the job. Memos, faxes, cover letters, general business letters, resumes, punctuation, and autobiographies will be emphasized.

ESL 275X 2.0 units

Writing for the World of Work

6.8 hours laboratory

Grading: letter grade or pass/no pass

A computer-assisted, intermediate-level writing course which helps students who encounter writing difficulties on the job. Memos, faxes, cover letters, general business letters, resumes, punctuation, and autobiography will be taught.

ESL 602A 0.0 unit

Reading Skills for ESL Students 1

1.7 hours lecture

Grading: LBCC Non-Graded Course

This first course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read, and build vocabulary. ESL

602A teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students learn the rules for morphology, spelling and reading to assist them in vocabulary building, pronunciation and comprehension. Course content coincides with ESL 800AB.

ESL 602B 0.0 unit

Reading Skills for ESL Students 2

1.7 hours lecture

Recommended Preparation: ESL 602A

Grading: LBCC Non-Graded Course

This second course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602B teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602A and in addition learn to analyze a passage for specific content and define words in context. Course content coincides with ESL 801AB.

ESL 602C 0.0 unit

Reading Skills for ESL Students 3

1.7 hours lecture

Recommended Preparation: ESL 602B

Grading: LBCC Non-Graded Course

This third course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602C teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602B and in addition learn to analyze a passage for specific content and define words in context. Course content coincides with ESL 802AB.

ESL 602D 0.0 unit

Reading Skills for ESL Students 4

1.7 hours lecture

Recommended Preparation: ESL 602C

Grading: LBCC Non-Graded Course

This fourth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602D teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602C and in addition learn to make inferences and support opinions about reading selections. Course content coincides with ESL 803AB.

ESL 602E 0.0 unit

Reading Skills for ESL Students 5

1.7 hours lecture

Recommended Preparation: ESL 602D

Grading: LBCC Non-Graded Course

This fifth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602E teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with

material appropriate to this level, students build upon the content of ESL 602D and in addition learn to compare characters in readings and differentiate word meaning by context. Course content coincides with ESL 804AB.

ESL 602F 0.0 unit

Reading Skills for ESL Students 6

1.7 hours lecture

Recommended Preparation: ESL 602E

Grading: LBCC Non-Graded Course

This sixth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602F teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602E and in addition learn to identify central conflicts of stories and make inferences based on facts and details. Course content coincides with ESL 805AB.

ESL 640 0.0 unit

English for Everyday 0

6.8 hours lecture

Grading: LBCC Non-Graded Course

This course is the first of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

ESL 641 0.0 unit

English for Everyday 1

6.8 hours lecture

Prerequisite: ESL 640 or ESL 840 or Qualification through the LBCC assessment process for ESL.

Grading: LBCC Non-Graded Course

This course is the second of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

ESL 642 0.0 unit

English for Everyday 2

6.8 hours lecture

Prerequisite: ESL 641 or one semester of ESL 841 or Qualification through the LBCC assessment process for ESL.

Grading: LBCC Non-Graded Course

This course is the third in a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written Standard North American English for natives.

ESL 643 0.0 unit

English for Everyday 3

6.8 hours lecture

Prerequisite: ESL 642 or one semester of ESL 842 or Qualification through the LBCC assessment process for ESL.

Grading: LBCC Non-Graded Course

This course is the fourth of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

ESL 644 0.0 unit

English for Everyday 4

6.8 hours lecture

Prerequisite: ESL 643 or one semester of ESL 843 or Qualification through the LBCC assessment process for ESL.

Grading: LBCC Non-Graded Course

This course is the fifth of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

ESL 645 0.0 unit

English for Everyday 5

6.8 hours lecture

Prerequisite: ESL 644 or ESL 844 or Qualification through the LBCC assessment process for ESL.

Grading: LBCC Non-Graded Course

This course is the sixth of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

ESL 800 0.5 unit

Basic ESL Reading

1.7 hours lecture

Grading: pass/no pass

This first course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read, and build vocabulary. ESL 800AB teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students learn the rules for morphology, spelling and reading to assist them in vocabulary building, pronunciation and comprehension. Course content coincides with ESL 602A.

ESL 801 0.5 unit

Reading Skills for ESL Students

1.7 hours laboratory

Recommended Preparation: One semester of ESL 800.

Grading: pass/no pass

Formerly ESL 801AB. This course is the second course in a series of seven reading skills courses. In ESL 801, students read for comprehension and to build vocabulary. Students will identify, reproduce and comprehend words, sentences, paragraphs and passages without the dependency on a dictionary. Working with

materials appropriate to this level, students build upon the content of ESL 800 and learn to analyze a passage for specific content and define words in context. The course content of ESL 801 coincides with ESL 602B.

ESL 802 **0.5 unit**

Reading Skills for ESL Students

1.7 hours laboratory

Recommended Preparation: One semester of ESL 801.

Grading: pass/no pass

Formerly ESL 802AB. This course is the third course in a series of seven reading skills courses. In ESL 802, students identify, reproduce, and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 801, analyze a passage for specific content, and define words in context. The course content of ESL 802 coincides with ESL 602C.

ESL 803 **0.5 unit**

Reading Skills for ESL Students

1.7 hours laboratory

Recommended Preparation: One semester of ESL 802.

Grading: pass/no pass

Formerly ESL 803AB. This course is the fourth course in a series of seven reading skills courses. In ESL 803, students identify, reproduce, and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 802, and analyze a passage for specific content, and define words in context. The course content of ESL 803AB coincides with ESL 602D.

ESL 804 **0.5 unit**

Reading Skills for ESL Students

1.7 hours lecture

Recommended Preparation: One semester of ESL 803.

Grading: pass/no pass

Formerly ESL 804AB. This course is the fifth course in a series of seven reading skills courses. In ESL 804, students read for comprehension to build vocabulary. Students will identify, reproduce and comprehend words, sentences, paragraphs, and passages with the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 803 and learn to analyze a passage for specific content and define words in context. The course content of ESL 804 coincides with ESL 602E.

ESL 805 **0.5 unit**

Reading Skills for ESL Students

1.7 hours lecture

Recommended Preparation: One semester of ESL 804.

Grading: pass/no pass

Formerly ESL 805AB. This sixth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. In ESL 805, students read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 804 and in addition learn to identify central conflicts of stories and make inferences based on facts and details. The course content of ESL 805AB coincides with ESL 602F.

ESL 806 **0.5 unit**

Reading Skills for ESL Students

1.7 hours lecture

Recommended Preparation: One semester of ESL 805AB.

Grading: pass/no pass

Formerly ESL 806AB. This seventh course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. In ESL 806, students read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 805 and learn to identify central conflicts of stories and make inferences based on facts and details. The course content of ESL 806 coincides with ESL 602G.

ESL 810A **1.0 unit**

Fundamentals of English Grammar

3.4 hours laboratory

Recommended Preparation: ESL 645/845 or Equivalent skills as determined by ESL placement process.

Grading: pass/no pass

Formerly ESL 810. This course is designed for ESL students in the reading (ESL 860-861) and/or writing (ESL 54/56, ENGL 801 A/B) classes. It is the first of a two-course sequence designed to introduce grammatical terminology and guide intermediate ESL students to mastery of the seven major parts of speech. ESL 810A emphasizes the use of verb tenses and agreement between subject and verb, article and noun, as well as verb and adverb. It emphasizes the correct construction of phrases, including noun, verb, and prepositional phrases, and simple sentences.

ESL 810B **1.0 unit**

Fundamentals of English Grammar 2

3.4 hours laboratory

Recommended Preparation: ESL 810A

Grading: pass/no pass

This course is designed for ESL students in the reading (ESL 862-863/READ 82) and/or writing (ESL 33/34, ENGL 105, 1) classes. This course is the second of a two-course sequence designed for high-intermediate ESL students. It enables students to master correct English word order at the phrase, simple sentence, compound sentence and complex sentence level. Students continue to master the usage and word order of the seven major parts of speech, the relationship between phrases and clauses, and the relationship between independent and dependent clauses, focusing on adverbial phrases, noun clauses, adjective clauses, and adverbial/subordinate clauses.

ESL 812 **0.5 unit**

Reading for Information and Pleasure

1.7 hours lecture

Recommended Preparation: ESL 645 or ESL 845 or placement course recommendation for ESL 146.

Grading: pass/no pass

Formerly ESL 812AB. This course is designed to improve students' ability to extract essential information from academic passages of a variety of written English material while building vocabulary, improving dictionary skills, and developing comprehension and critical reading skills.

ESL 813 **0.5 unit**

Conversation 2

1.7 hours lecture

Grading: pass/no pass

Formerly ESL 813AB. This course develops conversational competence and confidence in whole-class, small-group, and partner interactions. Emphasis is on the comprehension and evaluation of oral communications as students practice expressing opinions, feelings, ideas, and abstract concepts.

ESL 814 **0.5 unit**

Composition for ESL Students

1.7 hours lecture

Recommended Preparation: ESL 645 or ESL 845 or placement course recommendation for ESL 146.

Grading: pass/no pass

Formerly ESL 814AB. This course (Composition) offers intermediate level ESL students systematic instruction and practice in the construction of short connected series of sentences which state an opinion, describe a process, give information or instructions, or report an experience. This course provides instruction and practice in organizing ideas and in identifying and writing topic and support sentences.

ESL 815 **2.0 units**

Accent Reduction

6.8 hours laboratory

Recommended Preparation: ESL 645 or ESL 845

Grading: pass/no pass

This intensive semester-long pronunciation course for intermediate to advanced non-native speakers focuses on the mastery of the English vowel/consonant sound system, stress patterns, melody, rhythm, and intonation of intelligible speech. Extended contextual practice enables students to modify nonstandard pronunciation patterns and achieve improved oral communication.

ESL 818 **0.5 unit**

Vocabulary Development

1.7 hours lecture

Grading: pass/no pass

Formerly ESL 818AB. In this course, nonnative students prepare for academic success in institutions of higher learning by studying the general academic vocabulary encountered across college disciplines. Instruction focuses on incorporating vocabulary mastery strategies that stimulate students to become active lifelong learners of the North American English lexicon.

ESL 840 **2.0 units**

Introduction to College English 0

6.8 hours laboratory

Grading: pass/no pass

Formerly ESL 840AB. This course is the first of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 841 **2.0 units**

Introduction to College English I

6.8 hours laboratory

Prerequisite: ESL 640 or ESL 840 or Qualification through the LBCC assessment process for ESL.

Grading: pass/no pass

Formerly ESL 841AB. This course is the second of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 842 **2.0 units**

Introduction to College English 2

6.8 hours laboratory

Prerequisite: ESL 641 or one semester of ESL 841 or Qualification through the LBCC assessment process for ESL.

Grading: pass/no pass

Formerly ESL 842AB. This course is the third of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 843 **2.0 units**

Introduction to College English 3

6.8 hours laboratory

Prerequisite: ESL 642 or one semester of ESL 842 or Qualification through the LBCC assessment process for ESL.

Grading: pass/no pass

Formerly ESL 843AB. This course is the fourth of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 844 **2.0 units**

Introduction to College English 4

6.8 hours laboratory

Prerequisite: ESL 643 or one semester of ESL 843 or Qualification through the LBCC assessment process for ESL.

Grading: pass/no pass

Formerly ESL 844AB. This course is the fifth of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 845 2.0 units

Introduction to College English 5

6.8 hours laboratory

Prerequisite: ESL 644 or ESL 844 or Qualification through the LBCC assessment process for ESL.

Grading: pass/no pass

Formerly ESL 845AB. This course is the sixth of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 860 4.0 units

Reading & Vocabulary 1

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 147 or qualification through the LBCC assessment process for ESL.

Grading: pass/no pass

This course is an initiation to academic English reading, focusing on the foundational skills necessary to decode and comprehend academic discourse, including an introduction to morphology and syntax. Recommended for non-native speakers of English.

ESL 861 4.0 units

Reading & Vocabulary 2

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 860 or READ 880 or qualification through the LBCC assessment process for Reading.

Grading: pass/no pass

This course focuses on reading skills including comprehension, vocabulary development and strategies for fluent reading of academic texts. More emphasis is placed on morphological and syntactical structures in addition to semantic cues. Recommended for non-native speakers of English.

ESL 862 4.0 units

Reading & Vocabulary 3

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 861 or qualification through the LBCC assessment process for Reading.

Grading: pass/no pass

This course focuses on reading skills including comprehension, vocabulary development and strategies for fluent reading of academic texts. More emphasis is placed on morphological and syntactical structures in addition to semantic cues. Recommended for non-native speakers of English.

ESL 863 4.0 units

Reading & Vocabulary 4

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: ESL 862 or Qualification through the LBCC assessment process for Reading.

Grading: pass/no pass

In this course, students will continue learning academic reading skills presented in ESL 860, 861, and 862. The emphasis is on critical reading of expository prose and the acquisition of advanced comprehension skills and strategies necessary for success in content courses, including advanced paragraph and essay comprehension, critical reading, and rhetorical patterns.

This course provides instruction in the strategies necessary for academic college reading with an emphasis on the application of comprehension, vocabulary and critical reading skills in academic texts. Recommended for non-native speakers of English.

ENGLISH AS A SECOND LANGUAGE, LEARNING CENTER (ESLLC)

ESLLC 699 0.0 unit

Basic Skills for ESL Students

3.4 hours laboratory

Grading: LBCC Non-Graded Course

This course provides individualized programmed instruction for non-native speakers of English who are enrolled in courses and need to improve their mastery of English as a Second Language or who are enrolled in ESL courses but need additional assistance in building or improving literary or communicative skills.

ENVIRONMENTAL SCIENCE (ENVRS)

ENVRS 1 3.0 units

Energy for the Future

3.4 hours lecture

Grading: letter grade or pass/no pass

This is an introductory physical science course which will familiarize the student with the fundamental principles of environmental systems and discuss current environmental issues. Interpretation of data in drawing a conclusion is stressed, along with the ability to criticize methods of data collection and experimentation. Topics include basic physical science, energy production and consumption, scarcity of resources, conservation, pollution, governmental regulation, and developments in environmental remediation.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FAMILY AND CONSUMER STUDIES (FACS)

FACS 50 3.0 units

Consumer Awareness

3.4 hours lecture

Grading: letter grade or pass/no pass

This course covers personal finance, debt reduction, and investment for individuals and families. Topics include monthly budgeting for food, clothing, housing, transportation, health care, investing and insurance. Additional topics that will be examined are short-term and long-term financial goals related to savings, investments, insurance and wills, and consumer rights and responsibilities. This course is applicable for personal and professional use.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FACS 64

3.0 units

Life Management

3.4 hours lecture

Grading: letter grade or pass/no pass

This course provides individuals with skills for understanding and using resources for effective functioning now and in the future. Major topics include steps in goal setting; problem solving and value clarifications; time, energy, stress, and conflict management; education and career planning; effect of cultural forces and future trends on goals, values, standards, and time management.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FASHION (FD)

FD 3

2.0 units

Intro to Careers in Design/Merchandising

2.3 hours lecture

Grading: letter grade or pass/no pass

This course surveys the fashion industry and related occupations emphasizing employment opportunities, personal qualifications and skills required for employment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 5

2.0 units

Intro/Manufacturing for Design/Merchan

2.3 hours lecture

Grading: letter grade or pass/no pass

This course serves as an introduction to garment manufacturing in the apparel industry; from the design concept through sourcing and pricing to the production of a clothing line. The course is required for fashion design and fashion merchandising majors.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 9

3.0 units

Clothing Selection

3.4 hours lecture

Grading: letter grade or pass/no pass

Apparel selection for the individual and family based on aesthetic guidelines, cultural influences and consumer needs.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 10

3.0 units

Textile Fibers and Fabrics

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a study of textile fibers and fabrics, their production/development, environmental impact, selection, use and care of wearing apparel and home furnishings. The course also covers current and future textile production and how appropriate performance characteristics are incorporated into materials and products. This course is required for all Fashion Design and Fashion Merchandising majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FD 20

3.0 units

Introduction to Fashion Merchandising

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explains and illustrates the scope of the fashion industry, its value, development and job potential. Included is an overview of fashion, from its history, cyclical nature and development to the materials, producers, and retailers that influence the business on a global level. Also covers the latest industry trends, including developments in sustainability and the impact of social media on fashion marketing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 22A

1.5 units

Merchandising for Profit I

1.7 hours lecture

Recommended Preparation: FD 20

Grading: letter grade or pass/no pass

This course covers the calculation, interpretation and analysis of the profit and loss statement. Basic pricing and repricing of merchandise and the importance of markup to profitable merchandising is explained and discussed. The course is typically offered for 9 weeks.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 22B

1.5 units

Merchandising for Profit II

1.7 hours lecture

Recommended Preparation: FD 20

Grading: letter grade or pass/no pass

This course emphasizes quantitative merchandising techniques as applied to inventory and dollar control, discounts, dating procedures and shipping terms. The course is typically offered for 9 weeks.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 23

3.0 units

Fashion/Merchandise Buying

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to provide knowledge of the functions of buying merchandise for retail or wholesale businesses. It is required for all Fashion Merchandising Majors.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 24

1.5 units

Beginning Sewing

1.1 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

Formerly FD 24AB. This course covers the construction of simple garments using basic techniques of clothing construction. Principles and methods related to constructing both woven and knit fabrics will be covered.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 25

1.5 units

Intermediate Sewing

1.1 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

Formerly FD 25AB. This course focuses on intermediate clothing construction techniques as they apply to both woven and knit fabrics. Typical projects include a

tailored shirt or blouse, fitted slacks with a waistband and knit shirts with neckline variations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 26 2.0 units

Advanced Sewing

1.1 hours lecture, 3.4 hours laboratory

Recommended Preparation: One semester of FD 24 and FD 25

Grading: letter grade or pass/no pass

Formerly FD 26AB. This course uses advanced construction techniques in working with complex patterns and difficult fabrics. The student must consider proper selection of line and design for his/her figure, as well as fabric and equipment for professional clothing construction.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 27 1.5 units

Production Sewing

1.1 hours lecture, 2.3 hours laboratory

Recommended Preparation: FD 24

Grading: letter grade or pass/no pass

Formerly FD 27AB. This course focuses on the principles and methods of stitching and garment construction on power industrial machines as applied to the production methods of the garment manufacturing industry. Occupational certificate is awarded upon completion of eight units.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 29 2.0 units

Tailoring

1.1 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Formerly FD 29AB. This course covers the principles of tailoring techniques and finishes as applied to men's or women's clothing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 32 3.0 units

History of Fashion

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a survey of the evolution of clothing styles from the ancient Egyptian to the present time period. Content includes the importance of costume as a social record and how costume has influenced lifestyle, culture and contemporary fashions. The course emphasizes costume, its effects and relationships to political, social and economic conditions.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 36A 1.5 units

Pattern Drafting I: Basic Block

1.1 hours lecture, 1.7 hours laboratory

Recommended Preparation: FD 24 or Beginning sewing skills

Grading: letter grade or pass/no pass

This is a beginning course in pattern drafting. The students will develop a basic block pattern for the commercial dress form or individual figure.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 36B 1.5 units

Pattern Drafting II: Pattern Manipulation

1.1 hours lecture, 1.7 hours laboratory

Recommended Preparation: FD 36A

Grading: letter grade or pass/no pass

This is an intermediate course in the manipulation of the basic blocks drafted for commercial dress forms or individual figure.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 37A 1.5 units

Pattern Draping I: Basic Sloper

1.1 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This is a beginning course which includes freehand methods of pattern making and creating the basic sloper in muslin on dress forms. Each muslin is turned into a paper pattern, cut and constructed to produce the finished garment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 37B 1.5 units

Pattern Draping II: Sloper Manipulations

1.1 hours lecture, 1.7 hours laboratory

Recommended Preparation: FD 37A

Grading: letter grade or pass/no pass

This is an intermediate course in the freehand methods (draping) of manipulating a basic sloper to create finished designs. Each muslin is turned into a paper pattern, cut and constructed to produce a finished garment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 38A 3.0 units

Fashion Design I

2.3 hours lecture, 3.4 hours laboratory

Recommended Preparation: FD 36A and FD 36B, FD 24 and one semester of FD 214.

Grading: letter grade or pass/no pass

This advanced course provides the opportunity for students to design, illustrate, pattern draft and construct full-scale sample designs for a portfolio or fashion showing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FD 38B 3.0 units

Fashion Design II

2.3 hours lecture, 3.4 hours laboratory

Recommended Preparation: FD 37B and FD 24 and one semester of FD 214.

Grading: letter grade or pass/no pass

This is an advanced course that provides an opportunity for students to design, illustrate, drape and construct full scale sample designs for a portfolio or fashion showing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>FD 38C 3.0 units</p> <p>Fashion Design III 2.3 hours lecture, 3.4 hours laboratory Recommended Preparation: FD 38A and FD 38B Grading: letter grade or pass/no pass This is an advanced course that provides an opportunity to design, illustrate, draft, drape and construct full-scale designs for a portfolio or fashion showing. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>FD 45A 1.5 units</p> <p>Computer Applications in Fashion 1.1 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass Formerly FD 245AD. This course is designed to teach students to effectively use a variety of computer word processing/illustration/design programs frequently used in the fashion industry: Microsoft Word, Microsoft PowerPoint and Adobe Illustrator. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>FD 38D 3.0 units</p> <p>Fashion Design IV 2.3 hours lecture, 3.4 hours laboratory Recommended Preparation: FD 38A, FD 38B, FD 38C Grading: letter grade or pass/no pass This advanced course provides an opportunity to design a complete line for a given season and classification (i.e., sportswear, junior market). The student will produce a line presentation board consisting of a target customer profile, price range, season, market and sketches. The student will complete production patterns, cost sheets, specification sheets, and toiles for three production quality garments. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>FD 45B 1.5 units</p> <p>Advanced Computer Fashion Illustration 1.1 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This course is designed to teach students to effectively use computer Illustration/design programs to create line sheets, color ways, renderings, recolorations and graphic placements. Students will gain experience in using industry standard image editing software such as Adobe Illustrator and Photoshop. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>FD 39A 1.0 unit</p> <p>Garment Technical Packages 1.1 hours lecture, 0.6 hour laboratory Grading: letter grade or pass/no pass This course covers the development of offshore technical packages to include: garment knock-offs, pattern adjustment, appropriate fit, fabric qualities and package specifications. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>FD 70 1.0 unit</p> <p>Work Experience Issues-Fashion Design 1.1 hours lecture Corequisite: Enrollment in FD 71, FD 72 or FD 73. NOTE: You must enroll in the corequisite course before enrolling in this course. Grading: letter grade or pass/no pass This course is a seminar related to work experience. Included is discussion of work experience objectives, career goals, employment search, communication skills and problem solving. Creation of resumes and cover letters will be covered and completed. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>FD 40 1.5 units</p> <p>Advanced and Production Pattern Drafting 1.1 hours lecture, 2.3 hours laboratory Recommended Preparation: FD 36B Grading: letter grade or pass/no pass Formerly FD 40AB. This course surveys the problems of advanced pattern manipulation and production pattern as related to developing a commercial fit for original designs. Also covered are techniques of industrial procedures found in the garment industry and pattern grading. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>FD 71 1.0 unit</p> <p>Work Experience-Fashion Design 4.6 hours laboratory Corequisite: Concurrent enrollment in at least one additional course in the discipline. Grading: letter grade or pass/no pass This course involves vocational learning experiences through employment (on-the-job, paid or non- paid) directly related to the industry. This course may be repeated 4 times (semesters). <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>FD 41 2.5 units</p> <p>Fashion Show Production 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass Formerly FD 41AD. Students plan and implement a professional fashion show production from concept to runway. Information on the details of planning, budgeting and producing fashion oriented events, plus the opportunity for "hands-on" experience in producing an actual event will be provided. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>FD 72 2.0 units</p> <p>Work Experience-Fashion Design 9.3 hours laboratory Corequisite: Concurrent enrollment in at least one additional course in the discipline. Grading: letter grade or pass/no pass This course is Vocational learning experiences through employment (on-the-job, paid or non-paid) directly related to the industry. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>

<p>FD 73 3.0 units</p> <p>Work Experience-Fashion Design 14.1 hours laboratory Corequisite: Concurrent enrollment in at least one additional course in the discipline. Grading: letter grade or pass/no pass This course is Vocational learning experiences through employment (on-the-job, paid or non-paid) directly related to the industry. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>FD 230 0.5 unit</p> <p>Fashion Design Laboratory 1.7 hours laboratory Corequisite: Concurrent enrollment in a fashion design course. Grading: pass/no pass Formerly FD 230AD. This course provides the student enrolled in a Fashion Design course an opportunity for additional hours working in the Fashion Design Lab. Lab time is assigned on a space available basis. Students completing 27 hours of lab work during the semester will receive .5 unit of credit.</p>
<p>FD 200 1.0 unit</p> <p>Fashion Prediction/Promotion: Crit View 1.1 hours lecture Grading: letter grade or pass/no pass This course presents techniques for critical viewing of fashion prediction and promotion services including services which may include Video Fashion Monthly, Video Fashion News, National Association of Men's Sportswear Buyers, California Apparel News, Daily News Record, Fashion News Report and Ready To Wear Report.</p>	<p>FD 231 0.5 unit</p> <p>Fashion Design Lab-Garment Closures 1.7 hours laboratory Corequisite: FD 38A or FD 38B or FD 38C or FD 38D Grading: pass/no pass This course focuses on creating garment closures, facings and linings. Students will have access to specialized equipment in the fashion design lab. Students completing 27 hours of lab work during the semester will receive .5 unit of credit.</p>
<p>FD 214 2.0 units</p> <p>Quick Sketch Croquis Drawing 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass Formerly FD 214AB. This beginning sketch course focuses on the skills necessary for the fashion industry. Students will learn to draw all aspects of garments on the figure and in flat technical drawings using a croquis (template). Fabrics will be rendered in color using marker techniques. The updated fashion figure proportion will be covered. Students will focus on layout of line presentation boards.</p>	<p>FD 240 2.5 units</p> <p>Fashion Show Promotion and Management 2.3 hours lecture, 2.3 hours laboratory Prerequisite: FD 41 Grading: letter grade or pass/no pass Students learn concepts, practices and procedure related to promotion and management of a fashion event. Course work includes planning, budgeting, directing, and evaluating promotional activities such as visual merchandising, publicity, and personal and non-personal selling for a fashion event.</p>
<p>FD 215 2.0 units</p> <p>Fashion Sketching I 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass Formerly FD 215AB. This is a beginning drawing class for both design and merchandising students which stresses the basic proportions of the female and male fashion figure. The course will cover figure proportion, body movement, action poses, head, hand, foot and leg studies, and various drawing styles and mediums for expressing the fashion figure.</p>	<p>FD 244 1.0 unit</p> <p>Computer Patternmaking 1.1 hours lecture, 1.1 hours laboratory Grading: letter grade or pass/no pass Formerly FD 244AD. This course is designed to provide hands-on training utilizing the latest versions of apparel pattern making software technology, such as PDS 2000 (Pattern Design System by Gerber Technology). Industry techniques and methods for creating and manipulating apparel patterns are presented.</p>
<p>FD 216 2.0 units</p> <p>Fashion Portfolio Development 1.1 hours lecture, 3.4 hours laboratory Recommended Preparation: One semester of FD 214 and FD 215 and FD 245 Grading: letter grade or pass/no pass Formerly FD 216AB. This advanced course focuses on the skills necessary to produce a well-organized and thoroughly planned virtual portfolio and portfolio book to be presented on job interviews. The class emphasizes drawing the fashion figure, fabric rendering and digitally manipulating fabric prints, computerized flat technical drawings, and layout techniques for line presentation utilizing hand rendering techniques and a multimedia computer as a tool.</p>	<p>FD 258 1.0 unit</p> <p>Swimwear 0.6 hour lecture, 1.7 hours laboratory Grading: letter grade or pass/no pass Formerly FD 258AD. This course instructs the student in the design, sewing, and fitting of swimwear. Special emphasis is given to patterns, stretch fabrics, bra construction and fitting issues. This class is typically taught in 9 weeks.</p>
FILM (FILM)	
<p>FILM 1 3.0 units</p> <p>Introduction to Film Studies 3.4 hours lecture Recommended Preparation: ENGL 105 or ESL 34 or qualify for ENGL 1 through the assessment process. Grading: letter grade or pass/no pass This course serves as an introduction to the evaluation of film as an art form through an analysis and appreciation of its aesthetics, history, literature, creative techniques</p>	

and expression of its societies and cultures, together with its influence on twentieth century values.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 2A 3.0 units

Film History I

3.4 hours lecture

Recommended Preparation: Film 1

Grading: letter grade or pass/no pass

This course is a study of the trajectory of film history from invention to World War II. The course will focus on significant cinematic movements and styles in both American and international cinema, technological developments and shifts and their effect on the larger industrial complex and Examine the work of several historically significant filmmakers.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 2B 3.0 units

Film History II

3.4 hours lecture

Recommended Preparation: FILM 1

Grading: letter grade or pass/no pass

This course is a study of the trajectory of film history from World War II to the present. The course will focus on significant cinematic movements and styles in both American and international cinema, technological developments and shifts and their effect on the larger industrial complex, and the work of several historically significant filmmakers.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FILM 10 3.0 units

Film Genres

3.4 hours lecture

Recommended Preparation: FILM 1

Grading: letter grade or pass/no pass

This introductory course surveys the historical development and progression of basic film genres while also exploring their artistic, social, cultural, political and ideological contexts. The emphasis is on such types as the science-fiction film, western, gangster film, crime and detective thriller (film noir), musical, comedy, or horror film. The particular genre for study will change each semester, based upon the instructor's choice. Genre topics will be listed as a subheading in each semester's course schedule.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 11 3.0 units

Film Directors and Artists

3.4 hours lecture

Recommended Preparation: FILM 1

Grading: letter grade or pass/no pass

This class involves a survey and critical analysis of films by various film directors within the Film Industry. The class will deconstruct a film director's work (instructor's choice) throughout the course of the semester, focusing specifically on technical, thematic, ideological, socio-cultural, and political similarities that span the director's career. Students will be expected to articulate specific insights of director's work through essay writing and exams.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 20 3.0 units

Fundamentals of Digital Film Production

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: FILM 1 (may be taken concurrently)

Grading: letter grade or pass/no pass

This course introduces the basic principles of film production, including operation of equipment and details involved in making a film from idea development to final production. The course encompasses lectures and lab workshops as well as group and individual projects.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 21 3.0 units

Intermediate Digital Film Production

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: FILM 20

Recommended Preparation: FILM 40

Grading: letter grade or pass/no pass

This class provides intermediate film production experiences for the transfer film major. It includes editing, directing, scripting and producing, with special emphasis on pre- and post-production considerations.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 25 3.0 units

Introduction to Digital Cinematography

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: FILM 20

Grading: letter grade or pass/no pass

This course provides Introduction to the fundamental technical and aesthetic principles of motion picture digital photography. Students are instructed in practical training in the use of motion picture cameras, with an introduction to image control through exposure, lighting, and selection of camera, lenses, and filters. The course also offers an examination of the cinematographer as a visual storyteller to develop a broader understanding of the balance between artist and technician as well as an examination of the different crew positions and processes of the camera crew.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FILM 35 4.0 units

Film Production Workshop

3.4 hours lecture, 5.1 hours laboratory

Prerequisite: One semester of FILM 20

Grading: letter grade or pass/no pass

Formerly FILM 35AD. This is an intensive course in the complete experience of filmmaking. In a concentrated format, students will create their own films putting to practical application the fundamental techniques in all phases of motion picture production, including the creation of a story idea and script, camera operation, the use of sound, the editorial process, and techniques of picture and sound production.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FILM 40 3.0 units

Introduction to Screenwriting

3.4 hours lecture

Recommended Preparation: FILM 1

Grading: letter grade or pass/no pass

This course offers basic techniques of short subject dramatic screenplay structure and storytelling. This includes script development from story concept,

Standardized Emergency Management System. These topics will be presented as theories and principles with emphasis on practical and appropriateness of key academic strategies. This course provides group interactions and individualized instruction to develop a support system and a mentor experience with the instructor.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FIRE 58 3.0 units

Intro to Fire Company Administration

3.4 hours lecture

Grading: letter grade

This is an introductory level class which outlines a review of fire department organization and administration. Students will identify planning, organizing and supervising within the Fire department occupation, with an emphasis on the first line company officer's role, as a Fire Captain.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FIRE 61 3.0 units

Rescue Practices

3.4 hours lecture

Grading: letter grade

This course is a study of rescue problems and techniques, including the use of rescue equipment, care of childbirth victims and newborns, the effects of toxic gases and chemicals, radiation hazards, respiration and resuscitation, and extrication.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FIRE 62 3.0 units

Fire Apparatus and Equipment

3.4 hours lecture

Grading: letter grade

This course focuses on a study of mobile and fixed fire apparatus and equipment, with a review of their perspective construction specifications and performance capabilities. The course outlines the effective deployment, utilization and performance of Fire apparatus and equipment under emergency conditions, when used for firefighting purposes.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FIRE 64 3.0 units

Hazardous Materials 2

3.4 hours lecture

Grading: letter grade

This course is a continuing study of hazardous materials addressing the identification of explosives, toxic substances and radioactive materials in storage and in transit.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FIRE 65 3.0 units

Fundamentals of Fire Safety

3.4 hours lecture

Grading: letter grade

This course will be appropriate for students who wish to pursue a career in a paid or volunteer fire department. A variety of topics will be addressed, including

information on current techniques and prevention of injuries while promoting safe routine and emergency fire operations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FIRE 203 1.0 unit

Fire Tools, Equipment & Related Tech

1.1 hours lecture, 1.1 hours laboratory

Grading: pass/no pass

This course is a hands-on tool class to assist fire science students in recognizing and using the hand and power tools used in the fire fighter occupation. The course emphasis is on safety procedures and efficient use of tools and equipment.

FIRE 240 0.5 unit

Firefighter I Physical Agility

0.2 hour lecture, 1.0 hour laboratory

Grading: letter grade or pass/no pass

This course is designed to assess physical agility requirements for the fire service. It includes a review of nutritional facts and physical training principles. The course meets the statewide standards of the CalChiefs organization.

FIRE 298A 1.0 unit

EXP Fire Tools, Equipment and Related Tech

0.8 hour lecture, 1.3 hours laboratory

Grading: letter grade

This course is a hands-on tool class to assist fire science students in recognizing and using the hand and power tools used in the fire fighter occupation. The course emphasis is on safety procedures and efficient use of tools and equipment.

FLORAL DESIGN (FLO)

FLO 286A 2.0 units

Introduction to Floral Design: Fall Flowers

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course covers the elements and principles of design, color coordination, basic floral arranging and basic corsage construction. Nomenclature of flowers and foliage and their uses are included. FLO 286A covers fall flowers; FLO 286B covers spring flowers.

FLO 286B 2.0 units

Introduction to Floral Design: Spring Flowers

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course covers the elements and principles of design, color coordination, basic floral arranging and basic corsage construction. Nomenclature of flowers and foliage and their uses are included. FLO 286A covers fall flowers; FLO 286B covers spring flowers.

FLO 287A 2.0 units

Intermediate Floral Design-Wedding

1.7 hours lecture, 1.7 hours laboratory

Recommended Preparation: One semester of FLO 286A or FLO 286B

Grading: letter grade or pass/no pass

This is one of three courses that constitute a comprehensive overview of techniques used at an intermediate level within the floral industry. This

hands-on, step-by-step course covers each phase of wedding flowers: design, mechanics and construction of floral products, marketing and selling flowers for church, hotel and home/garden wedding and reception setup.

FLO 287B 2.0 units

Intermediate Floral Design-Sympathy

1.7 hours lecture, 1.7 hours laboratory
Recommended Preparation: One semester of FLO 286A or FLO 286B

Grading: letter grade

This is one of three courses which constitute a comprehensive overview of techniques used at an intermediate level within the floral industry. Complete instructions on the art and science of designing sympathy flowers are included, from the elaborate casket to simple home tributes. The course focuses on mechanics and construction for efficiency in design.

FLO 287C 2.0 units

Intermediate Floral Design-Banquet Holiday

1.7 hours lecture, 1.7 hours laboratory
Recommended Preparation: One semester of FLO 286A or FLO 286B.

Grading: letter grade or pass/no pass

This is one of three courses that constitute a comprehensive overview of techniques used at an intermediate level within the floral industry. This course covers skills needed to successfully produce holiday designs and mass production. It also includes indoor, outdoor and poolside events, banquets, parties or related party work.

FLO 288 2.0 units

Advanced Floral Design

1.7 hours lecture, 1.7 hours laboratory
Recommended Preparation: FLO 286A-B and FLO 287A-B-C

Grading: letter grade or pass/no pass

This course provides students with the techniques for the planning, design and execution of intricate and creative art floral arrangements. Topics include terminology, application and methods for creating designs in less time for profit. This course is required for students in the Floral Design Certificate Program.

FLO 289 3.0 units

Applied Floral Shop Operation

3.4 hours lecture
Grading: letter grade or pass/no pass

This course presents techniques for starting a retail or home-based floral business. Topics range from licensing procedures to shop layout and day-to-day operations, including the handling of perishable floral materials. Policies, pricing, personnel and selling techniques are examined. This course is required for Floral Design Majors.

FLO 290 0.5 unit

Floral Creativity and Competition

0.6 hour lecture, 1.1 hours laboratory
Recommended Preparation: Intermediate floral design skills.

Grading: letter grade or pass/no pass

Individualized, non-standard, contemporary flower arrangements will be created emphasizing the use of the student's own imagination and creative talent. This course will broaden the student's design experience, expand and develop beyond the student's present

personal creativity potential. The course will enhance the student skills required for competitive floral design, including emphasis in design speed. A field trip to the California State Floral Association Top Ten Competition is offered for competing or observing.

FOOD AND NUTRITION (F_N)

F_N 20 3.0 units

Nutrition and Life

3.4 hours lecture
Grading: letter grade or pass/no pass

This course is an introduction to the basic physiological, psychological, social and biochemical principles related to human nutrition.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

F_N 21 4.0 units

Food Selection and Meal Preparation

3.4 hours lecture, 3.4 hours laboratory
Grading: letter grade or pass/no pass

This course introduces the knowledge and skills related to food selection and preparation, food product standards and factors contributing to the quality of prepared food.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

F_N 26 1.0 unit

Nutrition for the Active Person

1.1 hours lecture
Grading: letter grade or pass/no pass

This course is designed to assist the athlete and those who are physically active in examining his or her special nutritional needs based upon current research. Topics that are emphasized in the course include the nutritional needs of the athlete versus the non-athlete, improving athletic performance through nutrition and how to evaluate athletic diets such as high protein diets, carbohydrate loading and pre-game meals.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

F_N 224 3.0 units

Sanitation, Safety and Equipment

3.4 hours lecture
Grading: letter grade or pass/no pass

This course covers the application of basic safety and sanitation principles for a food service operation, the criteria used to evaluate equipment design and how to write equipment specifications.

F_N 225 3.0 units

Intro to Food Service/Work Organizations

3.4 hours lecture
Grading: letter grade or pass/no pass

This course covers the scope, organization, management and administration of a food service system operating within a health care, community or school feeding program. Topics include facility layout and design, motion economy, task analysis and method improvement, and the education and experience necessary for employment.

F_N 227 3.0 units

Supervision and Training Techniques

3.4 hours lecture

Grading: letter grade or pass/no pass

This course trains students for supervisory positions in food service operations related to health care facilities. Emphasis will include staff selection, training, presentation techniques, communication and staff development.

F_N 228 3.0 units

Food Production Management

3.4 hours lecture, 0.2 hour supplemental learning

Grading: letter grade or pass/no pass

This course introduces management techniques related to food service operations. Menu planning, production scheduling, equipment utilization, staffing and service systems are presented in this course. Students are required to complete 3 hours throughout the course of the semester in a Multidisciplinary Success Center to complete activities and assignments that relate specifically to this course's content.

F_N 230AC 2.0 units

Clinical Field Experience I

1.1 hours lecture, 5.6 hours laboratory

Grading: pass/no pass

This course provides supervised clinical field experience in health care facilities for dietetic service supervisor and nutrition assistant program students. Students learn and practice the skills necessary to coordinate a health care food service facility.

F_N 231 3.0 units

Menu Planning and Food Purchasing

3.4 hours lecture

Grading: letter grade

This course covers the planning and design of health care institutional menus. Topics include: nutritional adequacy, psychological needs, types of operation, equipment and skill of personnel. Purchasing and costing of food, analysis of food quality, writing specifications, ordering, receiving and storing of food and supplies are also covered.

F_N 232 3.0 units

Therapeutic Diets

3.4 hours lecture

Recommended Preparation: F_N 20 (may be taken concurrently)

Grading: letter grade

This course presents the principles of an indication for therapeutic diets in the treatment of diseases and disorders. Course content applies to dietetics programs in hospitals, convalescent and extended care facilities.

F_N 233 1.0 unit

Special Topics-Health Care Dietetics

1.1 hours lecture

Grading: letter grade or pass/no pass

This course covers a variety of topics of interest to professionals in the field of health care dietetics/food and nutrition as well as nutrition/dietetics students. The latest developments and trends in the field will be addressed, such as medical nutrition therapies, nutrition care, and new products and resources. Course subject matter varies by semester; see the schedule of classes. This course may be repeated for credit as topics change.

F_N 234 3.0 units

Advanced Nutrition Care

3.4 hours lecture

Prerequisite: F_N 232

Grading: letter grade or pass/no pass

This course presents nutrition education principles and techniques for the individual, family and small groups in normal, modified and preventive nutrition care throughout the lifecycle. Computer applications and cultural implications will be covered in this course.

F_N 235 3.0 units

Advanced Medical Nutrition Therapy

3.4 hours lecture

Recommended Preparation: F_N 232

Grading: letter grade

This course presents an advanced study of medical nutrition therapy with applications in diet counseling, menu modification, communication, documentation, education and appropriate food service delivery.

F_N 236 1.0 unit

Dietetic Seminar

1.1 hours lecture

Grading: letter grade or pass/no pass

This course serves as an introduction to the development of professionalism and a team concept in the dietetic health care system. The course examines financing, planning and regulating health care services related to dietetics, as well as the standards of professional responsibility and the code of ethics for the profession of dietetics.

F_N 240AC 2.0 units

Clinical Field Experience II

11.3 hours laboratory

Recommended Preparation: Two semesters of F_N 230AC

Grading: pass/no pass

This course provides supervised clinical experience in health care facilities for students in the Nutrition Assistant Program. Students will learn and practice skills necessary to provide nutritional care services to clients in health care settings.

F_N 250 2.0 units

Nutrition for Culinary Arts

2.3 hours lecture

Grading: letter grade or pass/no pass

This course provides a practical approach to the application of sound nutritional practices in the food service setting. Culinary arts students and professionals will be able to incorporate healthful nutritional knowledge in their personal and professional lives. This course includes nutrition as it relates to health throughout the life cycle, menu/recipe design and modification, food product selection, and current trends in consumer preference.

F_N 252A 1.5 units

Cake Decorating Techniques

1.1 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

Formerly F_N 252AD. Topics in this course include cake decorating techniques, recipes, tools and skill development. A variety of icings, designs, and shaping techniques will be covered. This course is an elective for the Dietetic's program certificates.

F_N 252B 1.5 units

Cake Decorating for Special Occasions
 1.1 hours lecture, 2.3 hours laboratory
 Grading: letter grade
 Topics in this course cover cake decorating techniques for special occasions. Included will be creating cakes with special effects, candy molds, novelties, international styles, delivery, set up techniques and business practices.

F_N 253 1.0 unit

Food Handler Certification
 1.1 hours lecture
 Grading: letter grade or pass/no pass
 This course will address the required standards of sanitation and safety in the handling, preparation and serving of food to protect the public's health. Students will receive a Food Handler Certificate after passing the food handler exam given at the conclusion of the course. This Certificate required for those working in a food service establishments and meets the California State Health Code.

F_N 255C 1.0 unit

Nutrition for Adults and Aging
 1.1 hours lecture
 Grading: letter grade or pass/no pass
 This course provides the most recent information in the specific area of nutrition. Facts and fallacies and life cycle nutrition focusing on seniors are emphasized.

F_N 255D 1.0 unit

Vegetarian Lifestyle
 1.1 hours lecture
 Grading: letter grade or pass/no pass
 This course provides the knowledge to plan and practice a vegetarian lifestyle and maintain optimum nutrition. Topics will include the benefits and cautions of the vegetarian diet, variations of the diet and how to combine non-meat proteins.

F_N 256 2.0 units

Weight Control & Energy Balance
 2.3 hours lecture
 Grading: letter grade or pass/no pass
 This course presents techniques of long term weight control. The following areas are addressed in this course: assessment of ideal body weight, techniques of diet/behavior modification, emotional eating triggers, and principles of energy balance through the modification of diet.

F_N 260 1.0 unit

Cultural Foods
 1.1 hours lecture, 1.1 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly F_N 260AD. This course explores the origins of foods, customs, nutrition and preparation methods common to a variety of cultures. Food patterns and relationship to social customs and rituals are covered in addition to the nutrition assessment and the effects of changes of food habits. This course is an elective for the Dietetic's program certificates.

F_N 261 1.0 unit

Cooking for Wellness
 1.1 hours lecture, 1.1 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly F_N 261AD. This course provides the knowledge and skills required to plan, prepare and serve nutritious, varied, palatable, attractive meals within the limitations of time, energy, equipment and budget.

F_N 262 1.0 unit

Cooking for Singles
 1.1 hours lecture, 1.1 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly F_N 262AD. This course is designed to teach meal planning and food preparation for the single person. This course will emphasize the preparation of nutritious, convenient, economical and attractive meals.

FOREIGN LANGUAGE, CHINESE (CHIN)

CHIN 1 5.0 units

Elementary Chinese 1
 5.6 hours lecture, 1.1 hours laboratory
 Grading: letter grade or pass/no pass
 This course introduces students to the standard Chinese language (Mandarin). Students will study grammar, vocabulary, pronunciation, and culture. They will develop elementary competency in listening, speaking, reading and writing. The course will present everyday situations and topics in the context of Chinese cultural traditions. It is not recommended for native speakers.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

CHIN 2 5.0 units

Elementary Chinese 2
 5.6 hours lecture, 1.1 hours laboratory
 Prerequisite: CHIN 1
 Grading: letter grade or pass/no pass
 This course is the second of two beginning courses on the fundamentals of modern standard Chinese (Mandarin). It is designed to further develop students' competency in speaking, listening, reading, and writing. Topics will be placed in the contemporary context in the Chinese world.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FOREIGN LANGUAGE, FRENCH (FREN)

FREN 1 5.0 units

Elementary French
 5.6 hours lecture, 1.1 hours laboratory
 Grading: letter grade or pass/no pass
 This course provides an introduction to French vocabulary and grammar structures, emphasizing listening, speaking, reading, and writing. This course is not recommended for native speakers of French.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FREN 1C 5.0 units

French 1 for Spanish Speakers

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This course provides an introduction to French vocabulary and grammar structures, emphasizing listening, speaking, reading, and writing and underlying structural similarities between French and Spanish. This course is not recommended for native speakers of French or for students who have recently completed one year of high school French with a grade of B or better.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FREN 2 5.0 units

Elementary French

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: FREN 1

Grading: letter grade or pass/no pass

This course is a continuation of the study of basic French vocabulary and grammar forms, emphasizing listening and speaking, reading and writing, based on modern topical material.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FREN 2C 5.0 units

French 2 for Spanish Speakers

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: FREN 1C

Grading: letter grade or pass/no pass

This course is a continuation of the study of basic French vocabulary and grammar forms emphasizing listening and speaking, reading and writing and underscoring structural similarities between French and Spanish that facilitate French language-acquisition, based on modern topical material.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FREN 3 5.0 units

Intermediate French

5.6 hours lecture

Prerequisite: FREN 2

Grading: letter grade or pass/no pass

This course consists of French grammar presentation and review. Students will also study vocabulary and idiomatic expressions based on situational dialogues, articles, and readings which reflect various French-speaking cultures. There is continued listening and speaking practice, as well as development of reading and writing skills.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FREN 4 5.0 units

Intermediate French

5.6 hours lecture

Prerequisite: FREN 3 or recent completion of three years High School French.

Grading: letter grade or pass/no pass

This course consists of a continuation of French grammar presentation and review, emphasizing more advanced structures. Students will also read, analyze and evaluate short stories and literary selections by famous Francophone authors. There will be extensive practice in spoken and written communication.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

FREN 25A 3.0 units

Advanced French: Culture in Literature

3.4 hours lecture

Prerequisite: FREN 4

Grading: letter grade or pass/no pass

Students explore Francophone culture via articles, essays, realia, short stories, fables, biographies, etc. The course includes grammar review stressing oral and written composition, as well as acquisition of topic-related vocabulary, to improve fluency in the target language. Outside reading and reporting in the field of study are required.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**FOREIGN LANGUAGE, GERMAN
(GER)**

GER 1 5.0 units

Elementary German

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the German language and emphasizes the four skills necessary for language acquisition: listening, speaking, reading and writing. Students will learn the sound system and elementary grammatical structures to be able to communicate at a basic level. This course exposes students to everyday situations and cultural topics of the German speaking world. It is not recommended for native speakers.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GER 2 5.0 units

Elementary German

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: GER 1

Grading: letter grade or pass/no pass

This course is a continuation of the study of basic grammar forms. Emphasis is placed on vocabulary expansion for meaningful communication. The four language learning skills, listening, reading, speaking and writing, are practiced and evaluated on a regular basis.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**FOREIGN LANGUAGE, ITALIAN
(ITAL)**

ITAL 1 5.0 units

Elementary Italian

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This course introduces the students to the four skills necessary for language acquisition: listening, speaking, reading and writing. Students will learn the sound system and basic grammatical structures. This course exposes students to everyday situations and cultural topics of the Italian culture. It is not recommended for native speakers of Italian.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ITAL 1C 5.0 units

Elementary Italian for Spanish Speakers

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This course provides an introduction to Italian vocabulary and grammar structures, emphasizing listening, speaking, reading, and writing and underlying structural similarities between Italian and Spanish. This course is not recommended for native speakers of Italian or for students who have recently completed one year of high school Italian with a grade of B or better.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ITAL 2 5.0 units

Elementary Italian

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: ITAL 1

Grading: letter grade or pass/no pass

This course is a continuation of the study of basic Italian vocabulary and grammar forms, emphasizing listening and speaking, reading and writing, based on modern topical material.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

ITAL 2C 5.0 units

Elementary Italian for Spanish Speakers

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: ITAL 1C

Grading: letter grade or pass/no pass

This course is a continuation of the study of basic Italian vocabulary and grammar forms emphasizing listening and speaking, reading and writing, and underscoring structural similarities between Italian and Spanish that facilitate Italian-language acquisition, based on modern topical material.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ITAL 4 5.0 units

Intermediate Italian

5.6 hours lecture

Prerequisite: ITAL 3

Grading: letter grade or pass/no pass

This course continues the review of Italian grammar, emphasizing more advanced structures. Topics include comparison of verb tenses, expansion of vocabulary, development of reading and speaking ability and improvement of writing skills through the writing process.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**FOREIGN LANGUAGE, JAPANESE
(JAPAN)**

JAPAN 1 5.0 units

Elementary Japanese

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This course introduces the students to the four skills necessary for language acquisition: listening, speaking, reading and writing (hiragana and katakana systems). Students will learn the sound system and basic

grammatical structures. It presents everyday situations and topics of the Japanese culture. It is not recommended for native speakers of Japanese.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

JAPAN 2 5.0 units

Elementary Japanese

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: JAPAN 1

Grading: letter grade or pass/no pass

This course is the second of two beginning courses on the fundamentals of modern Japanese. Students will acquire further competency in the four skills necessary for language acquisition: listening, speaking, reading and writing. This course continues to teach the kanji writing system. It is not recommended for native speakers of Japanese.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

JAPAN 3 5.0 units

Intermediate Japanese

5.6 hours lecture

Prerequisite: JAPAN 2

Grading: letter grade or pass/no pass

This course is an intermediate course on the fundamentals of Japanese. Students will acquire further competency in the four skills necessary for language acquisition: listening, speaking, reading and writing. Topics will be placed in the contemporary context in the Japanese world. This course is not recommended for native speakers of Japanese.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

JAPAN 4 5.0 units

Intermediate Japanese

5.6 hours lecture

Prerequisite: JAPAN 3

Grading: letter grade or pass/no pass

This course is the second semester of intermediate Japanese. It continues the review of Japanese grammar, emphasizing more advanced structures, and introducing additional kanji characters. Topics include expansion of vocabulary, development of reading and speaking ability and improvement of writing skills through the writing process.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**FOREIGN LANGUAGE, KHMER
(KHMER)**

KHMER 9 5.0 units

Khmer for Heritage Speakers

5.6 hours lecture

Recommended Preparation: Heritage Learner with at least low-intermediate speaking/listening ability determined through oral interview with instructor

Grading: letter grade or pass/no pass

This course is the first semester of intermediate Khmer for native speakers of the language. It develops reading and writing skills of Heritage Khmer speakers as well as increasing their oral proficiency. Students explore Khmer colloquial usage and common spellings to gain an understanding of how to use Khmer characters in word formation. This course includes extensive analysis

of the Khmer writing system, conventions in spelling, and key vocabulary.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KHMER 10 5.0 units

Khmer for Heritage Speakers

5.6 hours lecture

Grading: letter grade or pass/no pass

This course is the second semester of intermediate Khmer for native speakers of the language. It continues to develop reading and writing skills of native Khmer speakers and increases oral proficiency. Students explore Khmer history and culture in Pre-Angkorian, Angkorian, and Post-Angkorian periods. This course also includes extensive analysis of the Khmer writing system, conventions in spelling, and key vocabulary.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

**FOREIGN LANGUAGE, SPANISH
(SPAN)**

SPAN 1 5.0 units

Elementary Spanish

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This is the first course in Spanish. It introduces students to the four skills necessary for language acquisition: listening, speaking, reading and writing. It is not recommended for native speakers of Spanish or for students who have completed one year of high school Spanish with a grade of B or better. Students will learn the sound system and basic grammatical structures. This course exposes students to everyday situations and cultural topics of the Hispanic world. It is not recommended for native speakers of Spanish.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 2 5.0 units

Elementary Spanish

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: SPAN 1

Grading: letter grade or pass/no pass

This course is a continuation of the study of basic Spanish vocabulary and grammar forms, emphasizing listening and speaking, reading and writing, based on modern topical material.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 3 5.0 units

Intermediate Spanish

5.6 hours lecture

Prerequisite: SPAN 2

Grading: letter grade or pass/no pass

This course is an intermediate course on the fundamentals of Spanish. Students will acquire further competency in the four skills necessary for language acquisition: listening, speaking, reading and writing. Topics will be placed in the contemporary context in the Spanish-speaking world.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 4 5.0 units

Intermediate Spanish

5.6 hours lecture

Prerequisite: SPAN 3

Grading: letter grade or pass/no pass

This course continues the review of Spanish grammar, emphasizing more advanced structures. Topics include comparison of verb tenses, expansion of vocabulary, development of reading and speaking ability and improvement of writing skills through the writing process.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 8 3.0 units

Spoken Spanish

3.4 hours lecture

Prerequisite: SPAN 2

Grading: letter grade or pass/no pass

This course is designed to improve comprehension, structure, oral expression and fluency in Spanish used in travel, in the home, in school and in business. This course emphasizes vocabulary, idioms and language patterns fundamental to an active use of Spanish. This course is not recommended for native speakers of Spanish.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

SPAN 9 5.0 units

Spanish for Spanish Speakers

5.6 hours lecture

Recommended Preparation: Fluency in spoken Spanish.

Grading: letter grade or pass/no pass

This course is the first semester of intermediate Spanish. It develops reading and writing skills of native Spanish speakers as well as perfects their oral skills. Students explore the intellectual and cultural connections and variations of the Hispanic culture in Latin America, the U.S. and Spain. This course also includes extensive review of Spanish grammar, and spelling and writing conventions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 9H 5.0 units

Honors Spanish for Spanish Speakers

5.6 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course is the first semester of intermediate Spanish. It develops reading and writing skills of native Spanish speakers as well as perfects their oral, writing, and reading skills. Students explore the intellectual and cultural connections and variations of the Hispanic culture in Latin America, the U.S. and Spain. This course also includes extensive review of Spanish grammar, and spelling and writing conventions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 10 5.0 units

Spanish for Spanish Speakers

5.6 hours lecture

Recommended Preparation: SPAN 9 or fluency in spoken Spanish.

Grading: letter grade or pass/no pass

This course is the second semester of intermediate Spanish. It continues developing reading and writing skills of native Spanish speakers. It also includes an extensive grammar review. The Hispanic cultural and

reading materials support the development and understanding of writing styles and techniques, enabling the Spanish speaker to apply them to creative writing and to use argument and debating skills in novel situations.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 10H **5.0 units**

Honors Spanish for Spanish Speakers

5.6 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course is the second semester of intermediate Spanish. It continues developing reading, writing and oral skills of native Spanish speakers. It also includes an extensive grammar review. The Hispanic cultural and reading materials support the development and understanding of writing styles and techniques, enabling the Spanish speaker to apply them to creative writing and to use argument and debating skills in novel situations.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 25A **3.0 units**

Advanced Spanish: Culture in Literature

3.4 hours lecture

Prerequisite: SPAN 4 or 10

Grading: letter grade or pass/no pass

This course is a survey course that explores the relationship between culture and literature. The course will look at literary works of Latino authors from Latin America, Spain and the U.S. and will study the social-historical evolution of cultural norms as portrayed in literature.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 25B **3.0 units**

Advanced Spanish: History

3.4 hours lecture

Prerequisite: SPAN 4 or 10

Grading: letter grade or pass/no pass

This course is a survey course that explores the historical and cultural evolution of the Spanish-speaking world, beginning with the origins of Spain to contemporary Spain, Latin America and the Hispanic communities in the U.S.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 25C **3.0 units**

Advanced Spanish: Politics, Current Event

3.4 hours lecture

Prerequisite: SPAN 4 or 10

Grading: letter grade or pass/no pass

This course is a course that focuses on the current events of the Spanish-speaking world.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SPAN 25D **3.0 units**

Advanced Spanish: Literature

3.4 hours lecture

Prerequisite: SPAN 4 or 10

Grading: letter grade or pass/no pass

This course is a literature survey course that studies major literary works from Spain and Latin America. The

course will cover basic concepts of literary theory and literary criticism in Spanish.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**FOREIGN LANGUAGE,
VIETNAMESE (VIET)**

VIET 1 **5.0 units**

Elementary Vietnamese

5.6 hours lecture, 1.1 hours laboratory

Grading: letter grade or pass/no pass

This is the first course in Vietnamese. It introduces students to the four basic skills necessary for language acquisition: listening, speaking, reading and writing. Students will learn the sound system, appropriate vocabulary and basic grammatical structures. In addition, this course exposes students to everyday situations and cultural topics of the Vietnamese speaking world.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

VIET 2 **5.0 units**

Elementary Vietnamese

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: VIET 1 or VIET 1A and VIET 1B.

Grading: letter grade or pass/no pass

This course is a continuation of the study of Vietnamese vocabulary and grammar forms, emphasizing listening and speaking, reading and writing based on modern topical material.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

FORKLIFT (FORK)

FORK 801 **1.0 unit**

Forklift Safety and Operation

0.9 hour lecture, 0.7 hour laboratory

Grading: pass/no pass

This course will cover the of safety and operation of the forklift, including basic lifting principles, load rating, stability and operation techniques.

GEOGRAPHY (GEOG)

GEOG 2 **3.0 units**

Elements of Cultural Geography

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a study of diverse human populations, their cultural origins, diffusion and contemporary spatial expressions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOG 5 **3.0 units**

The Global Economy

3.4 hours lecture

Grading: letter grade or pass/no pass

This course examines the location and organization of international economic activities from an economic, cultural, political, and environmental perspective. Topics covered by a faculty team drawn from economics and geography include the spatial distribution of resources and production, global flows of information, capital and labor, and regional inequalities such as

income distribution, poverty, discrimination and standard of living. This class is recommended for students in business, social science and liberal arts with an interest in global and international issues, including regional and social inequalities, marketing and international trade, and tourism. This course is not open to students registered in or with credit in ECON 5.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOG 10 3.0 units

Intro to Geographic Information Systems

3.4 hours lecture

Recommended Preparation: Familiar with Internet or computer literacy.

Grading: letter grade

This course provides an introduction to mapping and geographic information science, which includes computer systems and software for geographic analysis, cartography, global positioning systems and remote sensing. Included are geographic concepts for spatial analysis and work on practical applications with computer software.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOG 15F 2.0 units

Field Geography

1.1 hours lecture, 3.4 hours laboratory

Recommended Preparation: GEOG 2 or PGEOG 1 or GEOG 40 or GEOG 48

Grading: letter grade or pass/no pass

This class will expose geography majors and others to the techniques employed by geographers in the field. Classroom studies are combined with actual field studies in selected study areas. Field experiences are designed to apply basic geographic concepts and techniques in the study of diverse landscapes, natural and cultural, and the cultural and physical processes shaping them.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

GEOG 40 3.0 units

World Regional Geography

3.4 hours lecture

Grading: letter grade or pass/no pass

The basic concepts and fundamentals of both physical and cultural geography are used in this course for an interpretation of the geographic areas of the Americas, Africa, Europe, Asia, the Middle East and the Pacific area.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOG 48 3.0 units

Geography of California

3.4 hours lecture

Grading: letter grade or pass/no pass

This course provides a thematic approach to issues, processes and topics relevant to a study of California geography, including climate, landforms, natural vegetation, water resources, cultural landscapes, ethnic diversity, urban and agricultural regions, and the economy. Students will explore the physical, and human landscapes that have evolved as a result of the human-environment interface.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOGRAPHY, PHYSICAL (PGEOG)

PGEOG 1 3.0 units

Physical Geography

3.4 hours lecture

Grading: letter grade or pass/no pass

This is an introductory physical science course, which will emphasize an understanding of the salient scientific principles underlying the spatial distribution of phenomena that exist in the Earth's hydrosphere, biosphere, atmosphere, and lithosphere and the role humans play within these systems.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PGEOG 1L 1.5 units

Physical Geography Lab

1.1 hours lecture, 2.3 hours laboratory

Prerequisite: PGEOG 1

Corequisite: PGEOG 1

Grading: letter grade or pass/no pass

Physical Geography Laboratory emphasizes the practical application of concepts presented in Physical Geography Lecture, including the distribution and relationships of environmental elements in Earth's atmosphere, lithosphere, hydrosphere, and biosphere, including weather, climate, water resources, landforms, soils, natural vegetation and wildlife. Focus is on systems and cycles of the natural world including the roles and interactions of humans with Earth's environment. Physical Geography Lab introduces the student to the tools and methods used in Geography and may offer field study opportunities. This class is designed for Geography majors.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PGEOG 2 3.0 units

Weather and Climate

3.4 hours lecture

Grading: letter grade or pass/no pass

This is an introductory science course developed by the American Meteorological Society with support from the National Science Foundation. This course examines the physical properties of the atmosphere, radiation heating and cooling, precipitation, clouds, weather disturbances, climate controls, and climate change. There is an emphasis on the analysis and forecasting of weather using real-time data from satellites, weather charts/maps, and other remote sensing platforms.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOLOGY (GEOL)

GEOL 1 4.5 units

General Physical Geology

3.9 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This is a class that covers the materials and structure of the Earth and the physical processes by which it has been and is being changed. It is a general physical science course for liberal arts students and a beginning course for geology majors. Included with the class is a required one-day, Saturday or Sunday, field trip to acquaint students with the local geology.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

features in the field, and microscope laboratory techniques. Attendance at two week-end field trips is required.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

GEOL 17 2.0 units

Geology of Southern California Deserts

1.7 hours lecture, 1.7 hours laboratory

Prerequisite: GEOL 1, 2, or 5 (may be taken concurrently)

Grading: letter grade or pass/no pass

This is a field trip class offering two weekend 3-day field trips. The purpose of these trips is to acquaint students with the interesting and diverse geologic features of the California Deserts. Not open to students with credit in GEOL 16.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

GEOL 18 3.0 units

Geology of California

3.4 hours lecture

Grading: letter grade or pass/no pass

This course presents the basic principles of geology through the examination of the rocks, minerals, fossils, and tectonic events unique to California. The class further places California's unique geology in context of Earth's plate tectonic processes and geologic history.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HEALTH EDUCATION (HLED)

HLED 3 3.0 units

Contemporary Health Problems

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to explore today's major health issues and behaviors in the various dimensions of health. The importance of individual responsibility for personal health and the promotion of informed, positive health behaviors is emphasized. Topics that will be discussed include the dimensions of health, vital statistics, infectious diseases, chronic diseases, nutrition, weight management, exercise, reproductive health, aging, mental health and stress, substance use and abuse, healthcare, and environmental health. This course is not open for credit to students registered in or with credit in HLED 2. Fulfills AA/AS degree requirements in Health Education.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HLED 4 3.0 units

Women's Health Issues

3.4 hours lecture

Grading: letter grade or pass/no pass

This course proposes to help women attain an optimal state of health. The adoption of a healthy lifestyle will be examined through topics such as reproductive health issues, sexuality, mental wellness, positive body image and self-esteem, exercise, nutrition, weight management, disease prevention, substance use and addiction, and informed consumerism. Other topics include gender differences in health and mortality and the current status of research on women's health issues.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HLED 5 3.0 units

Men's Health Issues

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to explore contemporary health issues and how they affect men. A variety of topics will be addressed, including; cardiovascular disease, relationships and sexuality, alcohol and substance abuse, stress, and psychological health. These topics will be examined with a focus on how they influence the wellness of men.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HLED 10 3.0 units

Human Sexuality

3.4 hours lecture

Grading: letter grade or pass/no pass

This is an introduction to human sexual knowledge, attitudes and behaviors viewed from the biological, psychological, sociological, cultural and historical perspectives. The course provides three units of elective work in the health sciences or sociology. It does not take the place of HLED 2 or 3 which are required for the AA/AS degrees nor is it open for credit to students registered in or with credit in PSYCH 10.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HISTORY (HIST)

HIST 1A 3.0 units

History: Western (European) Civilization

3.4 hours lecture

Grading: letter grade

This course is a broad survey of European civilization and its world significance from pre-history to the end of the Thirty Years War, including Greece, Rome, the Middle Ages, Renaissance and Reformation through the Age of Discovery.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 1AH 3.0 units

Honors History of Western European Civ

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course is a broad survey of European civilization and its world significance from pre-history to the end of the Thirty Years War, including Greece, Rome, the Middle Ages, Renaissance and Reformation through the Age of Discovery.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 1B 3.0 units

History: Western (European) Civilization

3.4 hours lecture

Grading: letter grade

This course, History of Western Civilization, traces European civilization from the end of the Thirty Years War in 1648 to the present, including the French Revolution, the Napoleonic era, the Industrial Revolution, the age of nationalism and imperialism, World Wars I and II, the atomic age, the rise and fall of Soviet power and the post-cold war era.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 1BH 3.0 units

Honors History of Western European Civ

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course, History of Western Civilization Honors, traces European civilization from the end of the Thirty Years War in 1648 to the present, including the French Revolution, the Napoleonic era, the Industrial Revolution, the age of nationalism and imperialism, World Wars I and II, the atomic age, the rise and fall of Soviet power and the post-cold war era.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 2B 3.0 units

World History to 1500

3.4 hours lecture

Grading: letter grade

This course is an introduction to world history from the origins of civilization to 1500 with an emphasis on interactions between civilizations. Topics include the role of universal religions; political, social, and gender structures; economic and demographic development; diffusion of culture and technology via migration, commerce, and imperial expansion.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 2C 3.0 units

World History Since 1500

3.4 hours lecture

Grading: letter grade

This course is a survey of the major world civilizations since 1500 with an emphasis on global interactions. Topics include economic globalization; demographic, environmental and gender transitions; intellectual, religious and cultural transformations; imperialism and resistance to empire, birth of nations; and historical origins of contemporary world.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 2CH 3.0 units

Honors World History Since 1500

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course is a survey of the major world civilizations since 1500 with an emphasis on global interactions. Topics include economic globalization; demographic, environmental and gender transitions; intellectual, religious and cultural transformations; imperialism and resistance to empire, birth of nations; and historical origins of contemporary world.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 5A 3.0 units

History of England and Great Britain

3.4 hours lecture

Grading: letter grade

This class is a survey of British history from antiquity through the reign of Queen Anne (1714). The course focuses on the political, social, religious and intellectual institutions of ancient and medieval English history,

with a special emphasis given to the evolution of British political philosophy and law and its impact on European history.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 5B 3.0 units

History of England and Great Britain

3.4 hours lecture

Grading: letter grade

This Course is a survey of English history from the accession of George I of Hanover (1714) to the present with an emphasis on the creation and expansion of the British Empire, the Industrial Era, and the collapse of the European hegemony during World Wars I and II. Particular attention will be given to the postwar adjustment of the United Kingdom to the new set of realities that emerged in the second half of the 20th century, including Britain's relationship to the European Community.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 8A 3.0 units

History of the Americas

3.4 hours lecture

Grading: letter grade

This course is a comprehensive survey of the Western Hemisphere from the development of its earliest human communities, the subsequent encounters with European civilizations, and the formation of colonial empires. The course focuses on a comparative analysis of the social, economic and political structures of the region through the movement for independence in the nineteenth century.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 8AH 3.0 units

Honors History of the Americas

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course is a comprehensive survey of the Western Hemisphere from the development of its earliest human communities, the subsequent encounters with European civilizations, and the formation of colonial empires. The course focuses on a comparative analysis of the social, economic and political structures of the region through the movement for independence in the nineteenth century.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 8B 3.0 units

History of the Americas

3.4 hours lecture

Grading: letter grade

This course presents a comprehensive survey of the distinct national identities of the nations of the Western Hemisphere as they developed and matured during the nineteenth and twentieth centuries. The course focuses on a comparative analysis of North and South America as the new nations struggled with economic, political and social issues. This course is recommended for Spanish majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 8BH 3.0 units

Honors History of the Americas

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course presents a comprehensive survey of the distinct national identities of the nations of the Western Hemisphere as they developed and matured during the late nineteenth century to present. The course focuses on a comparative analysis of North and South America as the new nations struggled with economic, political and social issues, as well as the international relations in the Western Hemisphere.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 9A 3.0 units

History of China

3.4 hours lecture

Recommended Preparation: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This class is a survey of Chinese history from antiquity to the present with an emphasis on the modern era. Emphasis is given to the evolution of the traditional China, the Chinese way of life, the dynastic cycle, the impact of modernization, the imperial era, and the building of a new society and economic power during the 20th and 21st centuries.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HIST 9B 3.0 units

History of Japan and Korea

3.4 hours lecture

Recommended Preparation: Eligibility for ENGL 1.

Grading: letter grade or pass/no pass

This class is a survey of Japanese and Korean history from antiquity to the present with an emphasis on the modern era. Particular attention is given to the relationship of both countries to traditional China, the development of a unique way of life in each, and the impact of modernization and the imperial era on these two societies during the 19th, 20th and 21st centuries.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HIST 9C 3.0 units

History of India and Southeast Asia

3.4 hours lecture

Grading: letter grade or pass/no pass

This class is a survey of the history of India and Southeast Asia from antiquity to the present. Emphasis is placed on the political, economic, social, religious and intellectual institutions of traditional India and representative cultures in Southeast Asia. Special attention is given to the impact of modernization on the Subcontinent, the development of modern India, and the history of representative cultures of Southeast Asia: Vietnam, Laos, Cambodia, Thailand, Burma, Malaya, Sumatra, and Java.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HIST 10 (CAN HIST 8) 3.0 units

Hist./Early America (Colonial-Reconstr)

3.4 hours lecture

Grading: letter grade

This course is a survey of major political, economic, social, and intellectual trends in the history of the United States from the colonial era through Reconstruction

(1877). Attention is given to the collision and creation of cultures during colonization, the development of slavery, the American Revolution and national origins, and the growth and division of the nation before the Civil War. HIST 10 and 11 need not be taken in sequence, if the student desires to take both courses.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 10H 3.0 units

Honors History/Early America

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course is a survey of major political, economic, social, and intellectual trends in the history of the United States, from the colonial era through Reconstruction (1877). Attention is given to the collision and creation of cultures during colonization, the development of slavery, the American Revolution and national origins, and the growth and division of the nation before the Civil War. HIST 10H and 11H need not be taken in sequence, if the student desires to take both courses.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 11 3.0 units

Hist./Modern America (Reconstr-Present)

3.4 hours lecture

Grading: letter grade

This course is a survey of major political, economic, social, diplomatic and intellectual trends and events in United States history from the end of Reconstruction (1877) to the present. The course emphasizes the building of the modern industrial society, growing involvement in international relations, the evolution of a multi-ethnic community and social reform movements of the 20th and 21st century. HIST 10 and 11 need not be taken in sequence if the student desires to take both courses.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 11H 3.0 units

Honors History/Modern America

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade

This course is a survey of major political, economic, social, diplomatic and intellectual trends and events in United States history from the end of reconstruction (1877) to present. The course emphasizes the building of the modern industrial society, growing involvement in international relations, the evolution of a multi-ethnic community and social reform movements of the 20th century. Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 18 3.0 units

History of Mexico

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a comprehensive survey of the historical and cultural development of Mexico from the pre-Columbian era to the present. The course focuses

upon the major intellectual, social and political movements in the formation of modern Mexico.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 25 3.0 units

History of American Woman

3.4 hours lecture

Grading: letter grade

This course is a survey of the history of women in America from the pre-colonial period to the present. Emphasis is on the relevant political, economic, intellectual, and social roles filled by American women.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 27A 3.0 units

History of the African-American to 1877

3.4 hours lecture

Grading: letter grade

This course provides a comprehensive survey of the African-American experience in the United States from the colonial period to the Civil War. Emphasis is placed on African civilization prior to European enslavement, the American institution of slavery and the role of African-Americans during colonial wars. Particular attention is given to contributions of African-Americans to the social, economic and political development of the United States.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 27B 3.0 units

Hist/African-American (Reconstr-Present)

3.4 hours lecture

Grading: letter grade or pass/no pass

This course provides a comprehensive survey of African-American social, political and economic development in the United States from the Reconstruction Period to the present. Emphasis is placed on Jim Crow and white supremacy, the modern civil rights movement and the new struggle for community economic development. Special attention is given to inequality of educational and employment opportunity in the twenty-first century.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HIST 48 3.0 units

History of California

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a comprehensive survey of California from pre-Columbian times to the present. It focuses on Amerindian cultures, the exploration, colonization and development of Hispanic California, the coming of the American and the political, economic and cultural development of California since its acquisition by the United States. This course is recommended for those planning a teaching career in California.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

***HOMELAND SECURITY ADMIN
(HSA)***

HSA 401 3.0 units

Introduction to Homeland Security

3.4 hours lecture

Grading: letter grade

This course will introduce students to the vocabulary and important components of Homeland Security. It will include the importance of the agencies associated with Homeland Security and their interrelated duties and relationships. It will examine historical events and state, national and international laws that impact Homeland Security. The most critical threats confronting Homeland Security will be examined.

HSA 402 3.0 units

Intelligence Analysis/Security Mgmt

3.4 hours lecture

Grading: letter grade

This course examines intelligence analysis and its indispensable relationship to the security management of terrorist attacks, man-made disasters and natural disasters. It examines vulnerabilities of the national defense and private sectors, as well as the threats posed to these institutions by terrorists, man-made disasters and natural disasters. Students will examine issues regarding intelligence support of homeland security measures and explore how the intelligence community operates.

HSA 403 3.0 units

Transportation and Border Security

3.4 hours lecture

Grading: letter grade

This course provides an in-depth view of modern border and transportation security. Specific topics include security for seaports, ships, aircraft, trains, trucks, pipelines, buses and other transportation modes. The course focuses on the technology needed to detect terrorists and their weapons as well as discussion on legal, economic, political and cultural aspects of the problem.

HORTICULTURE (HORT)

HORT 10A 4.0 units

Greenhouse Management and Operation

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

This course will focus on the study of greenhouse structures and operation. Topics will include heating and cooling systems, humidity and watering systems, propagation systems and controls, proper soil mix, fertilizer and injector systems, propagation methods, transplanting, shifting of nursery stock, quality and inventory control, wholesale and retail sales, shipping practices and credit management equal to industry standards. Automation, mechanization and other labor saving equipment and procedures will be discussed. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 10B 4.0 units

Greenhouse Management and Operation

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

This course will focus on the study of greenhouse structures and operation. Topics will include heating and cooling systems, humidity and watering systems, propagation systems and controls, proper soil mix, fertilizer and injector systems, propagation methods, transplanting, shifting of nursery stock, quality and inventory control, wholesale and retail sales, shipping practices and credit management equal to industry standards. Automation, mechanization and other labor saving equipment and procedures will be discussed. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 11A 3.0 units

Plant Identification: Trees

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course focuses on the study of trees, including identification, growth habits, and ornamental uses in the landscape. Trees emphasized will come from the current California Association of Nurserymen & Garden Centers and Associated Landscape Contractors of America Certification Test Plants list. Required field trips will be part of this class' requirements.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 11B 3.0 units

Plant Identification: Shrubs

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course will focus on the study of shrubs, including identification, growth habits, and ornamental uses in the landscape. Shrubs emphasized will come from the current California Association of Nurserymen & Garden Centers and Associated Landscape Contractors of America Certification Test Plant lists.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 11C 3.0 units

Plant Identification: Herbaceous

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course will focus on the study of herbaceous plant materials, including identification, growth habits, and ornamental uses in the landscape. Herbaceous plant material emphasized will come from the current California Association of Nurserymen & Garden Centers and Associated Landscape Contractors of America Certification Test Plants lists.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 11D 3.0 units

Plant Identification: Tropicals

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course will focus on the study of tropical plant materials, including identification, growth habits, and ornamental uses in the landscape. Tropical material emphasized will come from the current California

Association of Nurserymen & Garden Centers and Associated Landscape Contractors of America Certification Test Plants lists.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 15A 2.0 units

Basic Horticulture

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course will present the basic aspects and techniques of the horticulture industry for spring: nomenclature, plant physiology, soils, fertilizers, propagation, plant cultivation and pest identification and control. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 15B 2.0 units

Basic Horticulture

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

This course will present the basic aspects and techniques of the horticulture industry for fall: nomenclature, plant physiology, soils, fertilizers, plant propagation, pest identification and plant cultivation. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 19 4.0 units

Turf Management

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the study of the maintenance and management of turfgrasses that are used in athletic fields, golf courses, parks, cemeteries, commercial, and residential lawns. Discussion will focus on identification, installation, cultural requirements, and maintenance practices. Students will participate in the removal of sod and installation of new turf from seed or sod.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 21 3.0 units

Principles of Landscape Design

3.4 hours lecture

Grading: letter grade or pass/no pass

Students in this course will learn basic landscape design and drafting skills in accordance to industry standards, including landscape symbols and lettering for plant materials, hardscape, irrigation, lighting and electrical, local and state codes. Students will prepare a finished drawing of a new landscape site with cost estimates for materials and labor. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 26A 4.0 units

Plant Propagation — Spring

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course concentrates on plant propagation and production practices for the Spring season. Emphasis is on nursery operations including sexual and asexual reproduction, planting, transplanting, fertilizing, and plant pest and disease control. Instruction includes an overview of structures and site layout; preparation and use of propagating and planting mediums; use and

maintenance of common tools and equipment, and regulations pertaining to plant production based on industry standards and trends. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 26B 4.0 units

Plant Propagation — Fall

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course concentrates on plant propagation and production practices for the Fall season. Emphasis is on nursery operations including sexual and asexual reproduction, planting, transplanting, fertilizing, and plant pest and disease control. Instruction includes an overview of structures and site layout; preparation and use of propagating and planting mediums; use and maintenance of common tools and equipment, and regulations pertaining to plant production based on industry standards and trends. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 30 3.0 units

Integrated Pest Management

3.4 hours lecture

Grading: letter grade or pass/no pass

This course will focus on the study of diagnosing pests and diseases of ornamental plants and turf, chemical and biological control and their regulation, local, and state and federal laws pertaining to pesticide application. Students will prepare for the pesticide applicator's exam. This course also includes field trips.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HORT 202 4.0 units

Principles of Pruning

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

Formerly HORT 202AB. Students will learn to properly prune trees, shrubs, vines and identify pruning periods for deciduous and evergreen plants. Students will also identify and safely operate tools and equipment to industry standards as well as perform maintenance and repair of tools and equipment.

HORT 223 4.0 units

Landscape Construction

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

Formerly HORT 223AD. This course will enable students to develop a basic knowledge of the theory and application of soil preparation, equipment operation, planting, installation and maintenance and hardscape techniques. Emphasize will be placed on landscape plan layout as well as bidding along with decking and masonry construction, irrigation troubleshooting, design and installation.

HORT 227 2.0 units

Interior Plant Design/Installation/Maint.

1.7 hours lecture, 1.7 hours laboratory

Grading: letter grade or pass/no pass

Students in this course will learn interior landscape design, installation, and maintenance techniques, as well

as cultural and climatic conditions, and pests and diseases and their prevention, control or eradication. Students will learn color and seasonal plants and how to bid and sell a design.

HORT 323 0.5 unit

Landscape Construction

0.5 hour lecture, 1.2 hours laboratory

Grading: letter grade or pass/no pass

Formerly HORT 323AD. This course will aid students in developing a basic knowledge of the theory and application of soil preparation, equipment operation, planting, maintenance and techniques in irrigation, masonry, wood fences and gates and bidding.

HORT 430 4.0 units

Landscape Maintenance

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course prepares students to enhance the function and aesthetic value of public and private landscapes by applying appropriate maintenance techniques. Topics include planting, pruning, watering, soil fertility, pest management, weed control, and landscape maintenance business practices.

HUMAN SERVICES/SOCIAL WORK (HS)

HS 1 3.0 units

Introduction to Social Work

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to identify and analyze the history and development of the primary services in urban and rural communities in America. Working in the social work field is explored as a helping process with a wide range of systems and social work knowledge; ethics, values, principles, professional relationships, interviewing and beginning assessment and intervention phases are also examined. The skills and responsibilities of the Social Worker in resolution of psychosocial problems are examined.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 7 3.0 units

Introduction to Victimology

3.4 hours lecture

Grading: letter grade

The course examines the cost of victimization to society. The existing resources will be examined. Suggestions for ways that resources can be expanded will be suggested. Career opportunities for working in this field will be presented. Classwork is supplemented by field site visits to several primary providers of service to victims and their families.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 15 3.0 units

Social Welfare: People with Disabilities

3.4 hours lecture

Grading: letter grade

This course is an overview of various disabilities and their etiology. It includes the study of methods and the processes involved in the adjustments of people and their families to various disabilities. It includes an in-depth analysis of stereotypes, prejudices and discrimination

and the psychological factors involved with limiting persons with disabilities. An overview of the various social services available to persons with disabilities needed to allow them to return to as close to a normal life as possible is given.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 26 3.0 units

Introduction to Gerontology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course provides an overview of the social, psychological and biological effects of aging, emphasizing individual differences among older adults, including ethnic differences. Students will examine several theoretical perspectives, research methods, cognitive and developmental studies and how individuals are molded under these influences that change over time. Students will develop an overall understanding of key psychological and developmental terms, concepts, theories and important influences of human behavior over a lifespan.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 40A 3.0 units

Introduction to Addictive Behaviors

3.4 hours lecture

Grading: letter grade

This course is designed for individuals who wish to expand their overall knowledge of addictive behaviors. Topics covered include the basic causal relationship between alcoholism, drug abuse and addictive personalities. Students will be taught how to identify treatable issues, establish goals and objectives to treat these issues and practice implementing them to determine their effectiveness with both inpatient and outpatient populations. This course is designed to prepare students for level entry positions in the growing human services field.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 40B 3.0 units

Introduction to Addictive Behaviors

3.4 hours lecture

Grading: letter grade

This course is designed for individuals who wish to expand their knowledge of addictive behaviors. Topics covered include basic theories of codependency and eating disorders, and the exploration of methods to identify, classify, intervene with and treat clients. This course is designed for persons who are preparing for careers in the rapidly growing human services field.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 41 3.0 units

Introduction to Chemical Dependency

3.4 hours lecture

Grading: letter grade

This course takes the student through the history of abuse of alcohol and other mood altering substances. How persons develop the ability to abuse and become addicted to other behaviors, such as food and sex, will also be examined. Psychological, social and physical contributions and outcomes of addictive behavior will be presented. This course is designed for those students interested in the helping professions, especially those

interested in a career in Alcohol and Drug Studies. This course will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification tests.

HS 43 3.0 units

Case Management: Treatment & Aftercare

3.4 hours lecture

Grading: letter grade

Students will examine ways to conduct initial intake assessments, design, implement and evaluate a treatment plan plus examine various types of treatment programs and major issues to address for effective termination of clients. Client/case manager legal and confidentiality issues will also be presented. This course is designed for those interested in the helping fields. This course is required for students in preparing for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification. This course is required for both CAADE and CAADAC certification.

HS 45 3.0 units

Stress Management for Case Managers

3.4 hours lecture

Grading: letter grade

This course examines the many psychological, social and environmental stresses commonly experienced by persons working in the helping fields. Specific ways to cope or more effectively manage these stressors will be presented, with heavy emphasis on the Cognitive Behavioral Therapy Model. Material will include techniques to deal with individual, social & interpersonal issues. The course is strongly recommended for individuals working as case managers in the helping fields. It will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification exam. HS 45 is required for persons seeking CAADAC certification. This course is an elective for CAADE students. It is also recommended for persons wishing to work in other areas of the Human Services field.

HS 46 3.0 units

Physiology & Pharmacology of Drugs

3.4 hours lecture

Grading: letter grade

This course examines the effects that alcohol and several other psychoactive drugs have on our brain, body and everyday behavior. Issues including drug tolerance, co-occurring disorders and the effects of drugs on sexual performance are examined and as well as how to utilize this information when developing a treatment plan. This course is required for students preparing for both the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification.

HS 47 3.0 units

Intervention, Treatment & Recovery

3.4 hours lecture

Grading: letter grade

This course examines the treatment and recovery communication process from the perspective of both the client and case manager. Several therapeutic educational approaches will be presented and applied through

homework skills assignments and case presentations. This course is designed for students interested in the helping professions or pursuing a career in alcohol/drug studies. This course will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification exam.

HS 48 3.0 units

Group & Family Process

3.4 hours lecture

Grading: letter grade

Students will explore the counseling process from the perspective of both the client and counselor. Therapeutic orientations of group/family counseling will be learned and applied through class role playing. The course is designed for students interested in the helping professions. The course will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 50 3.0 units

Law and Ethics

3.4 hours lecture

Grading: letter grade

Topics covered include the applicable laws and ethics relating to case manager/client relationship in a treatment setting. Laws relating to confidentiality, patient rights, assessments, sharing of personal information and crisis intervention requirements will be presented. Learning how to deal with such issues as evaluating a person's potential for suicide, child & elder abuse and when individuals pose a serious potential to harm to others are also examined. This is a core course for Alcohol & Drug Studies majors who are pursuing a Career Certificate.

HS 71AD 2.0 units

Work Experience — Human Services

1.1 hours lecture, 4.6 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course prepares students to develop work experience objectives, career goals, job interviewing skills, how to write a resume and address employment issues encountered in the workplace. Field placements provide vocational experiences through direct work experiences in the Alcohol/Drug treatment and Human Services disciplines.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 72A 3.0 units

Fieldwork in Human Services (A)

3.4 hours lecture

Prerequisite: HS 50 and HS 43

Recommended Preparation: ENGL 105

Grading: letter grade

Formerly HS 72AD. This course covers topics including student role and responsibilities in social service agencies, professional role model, and desirable traits in the human services field. Ethics and ethical dilemmas will be discussed. Emphasis will be placed on setting and achieving three fieldwork objectives and how to solve everyday issues and problems in the workplace. This

course also covers guidelines for students to participate up to 125 hours of supervised fieldwork at a pre-approved work site as out of classroom assignments. The purpose of this course is to prepare students for meeting the State certification requirement of supervised fieldwork experience.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

HS 72B 3.0 units

Fieldwork in Human Services (B)

3.4 hours lecture

Prerequisite: HS 72A

Grading: letter grade

Formerly HS 73AD. This is the second course which further addresses topics relating to fieldwork in social services agencies. Specific topics include professional boundaries, client expectations, interpersonal conflicts in the workplace and cultural diversity. Emphasis will be placed on setting and achieving extended fieldwork objectives and how to solve issues and problems professionally in the workplace. This course also requires students to participate in 125 hours of supervised fieldwork and achieve three work-related objectives at a pre-approved work site as assignments. The purpose of this course is to advance students' professionalism, to increase the opportunity of meeting the State certification requirement of supervised fieldwork experience, and to prepare students for passing the California Association of Alcohol & Drug Educators (CAADE) certification test.

HS 207 3.0 units

Development of Helping/Listening Skills

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed for persons who are interested in working in counseling/case manager roles in the human services field. Topics covered include developing techniques for volunteer, peer and para-professionals working in the people-helping fields. Students will develop skills in initiating, attending, responding and personalizing assistance to clients. Small groups will be used to guide students through a learning sequence of listening and helping skills.

HS 242 3.0 units

Conflict Resolution/Mediation

3.4 hours lecture, 1.1 hours laboratory

Grading: letter grade

This course examines the background, development and methodology of non-violent, non-litigious conflict resolution skills with emphasis on theory and the practice of mediation. This course is designed for students and those working with individuals, groups or staff who deals with interpersonal conflicts in the alcohol & drug treatment community.

HS 252 3.0 units

Co Occurring Disorders

3.4 hours lecture

Grading: letter grade

This course explores understanding mental illness and persons with more than one mental/psychiatric disorder. It introduces students to the various disorders in infancy, childhood, adolescence and adulthood. It will introduce students to co-existing disorders and various diagnosis

and treatment techniques used to treat this unique population. Students will tour two different types of mental health facilities, to provide an additional understanding of mental health issues.

HS 255 3.0 units

Alcohol & Drug Prevention & Education

3.4 hours lecture

Grading: letter grade

This course will review the essential components of effective Alcohol & Drug prevention programs. Prevention programs and activities appropriate for the community, school, parents, family, and worksites will be presented. Strategies such as education; public policies; media/information dissemination, ethnic, cultural, gender-specific approaches; and environmental risk reduction and alternatives will be presented and assessed for their application to different target populations.

HS 260 3.0 units

Domestic Violence Intervention Strategies

3.4 hours lecture

Grading: letter grade

This course is designed to provide a portion of the required academic training needed to prepare students to pursue the work experience required to qualify as a Certified Domestic Violence Counselor. Training shall include, but will not be limited to, the following: history of domestic violence, civil and criminal law as it is related to domestic violence, societal attitudes towards domestic violence, peer counseling techniques, housing, public assistance and other financial resources available to meet the financial needs of domestic violence victims.

HUMANITIES (HUMAN)

HUMAN 1 3.0 units

Comparative World Cultures

3.4 hours lecture

Grading: letter grade or pass/no pass

This course compares and contrasts major civilizations using interdisciplinary approach or team teaching drawn from the Humanities and the Social Sciences. It covers the study of two or more major cultures to determine how these human communities met their basic biological, material, religious and intellectual needs, and experienced both continuity and change through time. This course is not open for credit to students who have completed Humanities 1H, Social Science 1, or Social Science 1H.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HUMAN 1H 3.0 units

Honors Comparative World Cultures

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course compares and contrasts major civilizations using an interdisciplinary approach or team teaching drawn from the Humanities and the Social Sciences. These teams study two or more major cultures to determine how these human communities met their basic biological, material, religious and intellectual needs, and experienced both continuity and change through time.

This course is part of the Honors Curriculum. This course is not open for credit to students who have completed HUMAN 1, SOCS 1, or SOCS 1H.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

HUMAN 7 3.0 units

American Pluralism and Identity

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explores the multicultural nature of American society from a Humanities and Social Sciences perspective. The course examines how ethnic groups in America have constructed artistic, literary, musical, philosophical and religious identities based on their traditions and experiences and seeks to understand the United States as a common culture. Using the Social Sciences to compare and contrast the origins, living conditions and experiences of Americas constituent populations, the course analyzes the complexity of the processes effecting the interaction of the American people. Not open to students registered in or with credit in SOCS 7.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

INTERIOR DESIGN (ID)

ID 1 3.0 units

Fundamentals of Interior Design

3.4 hours lecture

Grading: letter grade or pass/no pass

Fundamentals of Interior Design provides an introduction to the design principles and elements necessary for the planning of interior environments that meet individual, functional, legal and environmental needs. The application of design materials and products used in interior environments will be emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ID 20 2.0 units

Interior Design Careers

2.3 hours lecture

Grading: letter grade or pass/no pass

This course will provide a survey of the interior design profession, industry, related occupations and work sites. This course will emphasize personal, educational and professional qualifications required for entry into the interior design profession.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ID 30 4.0 units

Applied Color Theory and Design

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course provides review of basic color and design theory and design application. The review of color theories includes Munsell, Albers, Itten and Ostwald. Interior color exercises are applied to an interior design project. This course also explores psychological implications of design and color forecasting trends.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>ID 40 3.0 units</p> <p>Advanced CAD for Interior Design 2.3 hours lecture, 3.4 hours laboratory Prerequisite: ID 10 Grading: letter grade The CAD for Interior Design course will focus on learning the principles and methods of computer graphic applications utilizing CAD. Projects will include computer drafting, a small set of construction documents. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ID 200 2.0 units</p> <p>Interior Illustration 1.1 hours lecture, 3.4 hours laboratory Recommended Preparation: ID 10 Grading: letter grade or pass/no pass This course covers application methods, techniques and tools used for illustrating interior spaces and products. Instruction will include one and two point perspective, elevations, highlighting, shading, and shadowing of interior elements.</p>
<p>ID 45 2.0 units</p> <p>Codes, Systems & Specifications 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade The course will study both national and local building codes as they apply to Interior Design (ID). Survey implications of typical building systems, acoustical, energy conservation, accessibility and safety concerns influencing ID solutions. Both drafted plans and written specifications will be required to resolve assigned case studies. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ID 215 2.0 units</p> <p>Interior Design Studio II 1.1 hours lecture, 3.4 hours laboratory Prerequisite: ID 5 Recommended Preparation: ID 10 and ID 70 and ID 200. Grading: letter grade or pass/no pass This course will apply the formal design process to the contract design project. This contract project will include the application of LEED/Green Design practices, illustration and rendering techniques and a complete set of formal design drawings.</p>
<p>ID 55 3.0 units</p> <p>Digital Illustration 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade Exploration of computer aided rendering and image manipulation techniques of 3D objects and interior spaces. Will include techniques for visual composition and presentation using the processes, technology and terminology of digital media software utilized by the design industry. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ID 230 3.0 units</p> <p>Business and Professional Practice 3.4 hours lecture Grading: letter grade or pass/no pass The business and professional management of an interior design practice, including legal issues, project management and business practices.</p>
<p>ID 70 3.0 units</p> <p>Space Planning 2.3 hours lecture, 3.4 hours laboratory Recommended Preparation: ID 5 and ID 10 Grading: letter grade or pass/no pass This course will provide space planning evaluation and creation involving both residential and contract interior design projects. Formal drawings will incorporate programming, matrix adjacency study, furniture arrangement, as well as ADA code and Universal Design. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ID 272 1.0 unit</p> <p>Residential Furnishings 1.1 hours lecture Grading: letter grade or pass/no pass This course provides a practical analysis of furniture design for the residential space. Consideration of furniture function, social use, case studies, design theory and fabrication will be observed. The construction of upholstered furniture and case goods will be evaluated for quality standards. Current trends in interior furniture will be discussed.</p>
<p>ID 90 3.0 units</p> <p>History of Interiors and Furnishings II 3.4 hours lecture Grading: letter grade or pass/no pass The historical relationship between the decorative arts, period furniture and interior architecture is illustrated in this overview of design heritage. Beginning with the sixteenth century in America, this course analyzes the influences and changes in design to the present. The course emphasizes style development as it relates to social, economic and political forces. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p style="text-align: center;">JOURNALISM (JOURN)</p> <p>JOURN 1A 3.0 units</p> <p>Digital Design and Publication 3.4 hours lecture Grading: letter grade or pass/no pass In the course, students study and practice digital design and publication skills such as writing, editing, designing and producing websites, fliers, brochures, newsletters, small magazines and newspapers, using electronic publishing techniques. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p> <p>JOURN 1B 3.0 units</p> <p>Digital Design and Publication 3.4 hours lecture Grading: letter grade or pass/no pass In this course, students study and practice advanced digital design publication skills such as writing, editing, designing and producing websites, fliers, brochures, newsletters, small magazines and newspapers using electronic publishing techniques. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>

<p>JOURN 5 4.0 units</p> <p>Introduction to Public Relations 4.5 hours lecture Grading: letter grade This course includes instruction in fundamentals of publicity and public relations for community groups and business organizations. Students identify and discover sources, techniques and outlets to gain publicity. Students practice planning and preparing various types of publicity programs and press releases. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>JOURN 35 3.0 units</p> <p>Photojournalism 3.4 hours lecture Grading: letter grade Formerly JOURN 35AD. The course offers instruction in basic and advanced photojournalism techniques and practical experience in newspaper photography. It is not open to students registered in or with credit in PHOT 35. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>JOURN 6 3.0 units</p> <p>Magazine Writing 2.3 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass Formerly JOURN 6AD. Students will analyze principles of magazine publication and methods of researching, writing, editing, and producing magazines of every type. Students will receive practical training and instruction in researching, interviewing, writing, editing and proofreading. Students guide photographers to complete team assignments. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>JOURN 36 3.0 units</p> <p>Digital Photojournalism 3.4 hours lecture Prerequisite: JOURN 35 Grading: letter grade This course offers instruction in basic and advanced photojournalism techniques and practical experience in web, digital, social-media network, newspaper and magazine photography and audio recording. It is not open to students registered in or with credit in PHOT 35. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>JOURN 10 3.0 units</p> <p>Intro to Global Media Communications 3.4 hours lecture Grading: letter grade In this course students study the social, economic, political, and cultural influence of the mass media on the individual and society. learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

JOURN 73 4.0 units

Work Experience- Journalism

1.1 hours lecture, 14.1 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

Formerly JOURN 73AD. This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment and volunteer time directly related to occupational goal or career of interest to the student.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

JOURN 80 4.0 units

Multimedia Newsroom: News

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Formerly JOURN 80AD. In the Multimedia Newsroom, students will produce material for a variety of electronic media outlets and the printed Viking newspaper. Students will gather news about Long Beach City College for stories, photos, videos, blogs, artwork, tweets, postings, informational graphics and other products under deadline pressures. The course will involve field work on campus to cover news about Long Beach City College.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

JOURN 81 4.0 units

Multimedia Newsroom: Features

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course focuses on the production of multimedia news as it relates to feature stories. Students will research, write and produce feature and sports stories about Long Beach City College utilizing photos, videos, blogs, artwork, tweets, postings, informational graphics and other products under deadline pressures. Students will produce material for a variety of electronic media outlets and the printed Viking newspaper. The course will involve field work on campus to cover news about Long Beach City College.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

JOURN 82 4.0 units

Multimedia Newsroom: Profiles

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course concentrates on the production of news profiles and obituaries. Students will learn how to research and interview human subjects by combining observations, facts, responses from a variety of sources. Students will produce special interest profiles and obituaries utilizing a variety of multimedia formats. The course will involve field work on campus to cover profiles and obituaries about Long Beach City College.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

JOURN 83 4.0 units

Multimedia Newsroom: Politics

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

This course concentrates on the reporting of politics and government. Students will gather information by attending political speeches, government meetings, rallies, protests and other related events. Students will then compile research data and materials to produce a news story utilizing a variety of multimedia and print formats. The course will involve field work on and off campus to cover politics and government.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

JOURN 86 4.0 units

Multimedia Editors: Design

3.4 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Students will gain skills in designing a layout for news or magazine websites, other electronic products or printed materials. Topics will include news copy editing, news judgment, ethics and responsibility, headline writing, page design and selection and placement of photos and art for on-line formats and the printed newspaper or magazine. Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINESIOLOGY, ADAPTED (KINA)

KINA 1AD 1.0 unit

PE for the Physically Limited

3.4 hours laboratory

Grading: letter grade

This course is designed to produce a program of individual and group exercises and physical activities that develop motor patterns and perceptual- motor skills, endurance, strength and self-awareness. All activities will be adapted to the interests, capabilities and limitations of each student.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINESIOLOGY, GENERAL (KING)

KING 2 1.0 unit

Ultimate Frisbee

3.4 hours laboratory

Grading: letter grade or pass/no pass

This course is designed to provide an overview of the sport of Ultimate Frisbee with focus on instruction in the rules, techniques and strategies.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 2B 1.0 unit

Ultimate Frisbee

3.4 hours laboratory

Recommended Preparation: KING 2.

Grading: letter grade or pass/no pass

This course provides the continued study of and practice in ultimate frisbee. Topics that will be examined are performance skill techniques, fitness, offensive strategies and defensive strategies. Emphasis will be placed on game and tournament play.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KING 9 0.5 unit

Badminton

2.3 hours laboratory

Grading: letter grade

Formerly KING 9AD. This course is designed to provide instruction in the fundamentals of badminton. The course includes a brief history of badminton, terminology, rules, conditioning, strokes, footwork, tactics, and strategies utilized in single and doubles play.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 10 1.0 unit

Badminton

3.4 hours laboratory

Grading: letter grade

Formerly KING 10AD. This course is designed to provide instruction in the fundamentals of badminton and involves targeted skill practice and tournament play. The course includes a brief history of badminton, terminology, rules, conditioning, strokes, footwork, tactics, and strategies utilized in single and doubles play.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 10B 1.0 unit

Badminton

3.4 hours laboratory

Recommended Preparation: KING 10.

Grading: letter grade or pass/no pass

This course provides continued instruction in the sport of badminton. The course involves the rules, conditioning, strokes, footwork, tactics, singles and doubles skill practice and tournament play.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 12 1.0 unit

Baseball

3.4 hours laboratory

Grading: letter grade

Formerly KING 12AD. This course is designed to provide instruction in the fundamentals of baseball. Included will be strategy, rules, and the skills of catch play, hitting and base running.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 14 1.0 unit

Basketball

3.4 hours laboratory

Grading: letter grade

Formerly KING 14AD. This course will provide an overview of the sport of basketball with focus on instruction in rules, techniques and strategies. Course goals will be achieved through guided instruction and participation in various types of basketball competition.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 14B 1.0 unit

Basketball

3.4 hours laboratory

Recommended Preparation: KING 14.

Grading: letter grade or pass/no pass

This course provides the continued study of the sport of basketball with focus on instruction in rules, techniques and strategies. Emphasis will be placed on game and tournament play.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 20 1.0 unit

Bowling

3.4 hours laboratory

Grading: letter grade

Formerly KING 20AD. This course is designed to provide instruction in the fundamentals of bowling. Instruction will include strategy, rules, and the skills of bowling: foot work, ball placement, and grip. Instructional goals will be achieved through participation in practice and league play at a local bowling alley.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 32 1.0 unit

Golf

3.4 hours laboratory

Grading: letter grade

Formerly KING 32AD. This course is designed to provide instruction in the fundamentals of golf. Instruction will include strategy, rules, skill development, course management, and etiquette. These

goals will be achieved through instruction and play at local 9-hole courses.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 32B 1.0 unit

Golf

3.4 hours laboratory

Recommended Preparation: KING 32.

Grading: letter grade or pass/no pass

This course provides the study and practice of golf at an intermediate level. Continued instruction in strategy, rules, skill development, course management and golf etiquette will be included and achieved through instruction and play at local 9-hole courses.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 55 4.0 units

Lifeguard/Water Safety Training

3.4 hours lecture, 3.4 hours laboratory

Recommended Preparation: Advanced swimming ability

Grading: letter grade

Formerly KING 55AD. This is a Certification courses for American Red Cross water safety instructors and lifeguards. This course enables students to instruct swimming courses and to serve as lifeguards at aquatic facilities.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 65 1.0 unit

Martial Arts

3.4 hours laboratory

Grading: letter grade

Formerly KING 65AD. This course is an introduction to the basic techniques of martial arts systems. Discussion of each style, as well as physical and mental attributes of those likely to excel within each system is included. This non-sparing exercise program improves reflexes, coordination, strength, flexibility, balance, conditioning, endurance and muscle tone. Emphasis is placed on the fundamentals of martial arts, including martial arts safety skills and etiquette, punches, blocks, strikes, kicks, stances, vital points, kata and forms, and kick/strike analysis.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 65B 1.0 unit

Martial Arts

3.4 hours laboratory

Recommended Preparation: KING 65.

Grading: letter grade or pass/no pass

This course provides the continued study of and practice in techniques of martial arts systems. Discussion of each style, as well as, physical and mental attributes of those likely to excel within each system is included. This non-sparing exercise program improves reflexes, coordination, strength, flexibility, balance, conditioning, endurance, and muscle tone. Emphasis is placed on the continued development of the fundamentals of martial arts safety skills and etiquette, punches, blocks, strikes, kicks, stances, vital points, kata and forms, and kick/strike analysis.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 66 1.0 unit

Self-Defense

3.4 hours laboratory

Grading: letter grade

Formerly KING 66AD. The course covers safety, defense, techniques and practical applications of skills for self-defense, psychological defenses and assertiveness training in a technical and practical framework. Strikes, kicks, blocks, take downs, take down defense, throws, sweeps, ground fighting, and core strengthening will be covered.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 66B 1.0 unit

Self Defense

3.4 hours laboratory

Recommended Preparation: KING 66.

Grading: letter grade or pass/no pass

This course provides the continued study of Self Defense. Topics will include strikes, kicks, blocks, take downs, take down defense, throws, sweeps, ground fighting, and core strengthening.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 70 1.0 unit

Soccer

3.4 hours laboratory

Grading: letter grade

Formerly KING 70AD. This course is designed to provide an overview of the sport of soccer with focus on instruction in the rules, techniques and strategies.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 70B 1.0 unit

Soccer

3.4 hours laboratory

Recommended Preparation: KING 70.

Grading: letter grade or pass/no pass

This course provides the continued study of and practice in soccer. Topics that will be examined are performance skill techniques, fitness, offensive and defensive strategies. Emphasis will be placed on game and tournament play.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 74 1.0 unit

Softball

3.4 hours laboratory

Grading: letter grade

Formerly KING 74AD. This course is designed to provide instruction in the fundamentals of softball including strategy, rules, and the skills of throwing, hitting and catching.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 76 1.0 unit

Swimming

3.4 hours laboratory

Grading: letter grade

Formerly KING 76AD. This course is designed to provide instruction in the fundamentals of swimming including basic skills, strategies, rules, stroke mechanics and techniques.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 83 0.5 unit
Tennis
 2.3 hours laboratory
 Grading: letter grade
 Formerly KING 83AD. This course is designed to provide instruction in the fundamentals of tennis, including strategy, rules, the forehand and backhand groundstrokes, and the serve.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 84 1.0 unit
Tennis
 3.4 hours laboratory
 Grading: letter grade
 Formerly KING 84AD. This course is designed to provide instruction in the fundamentals of tennis, including strategy, rules, the forehand and backhand groundstrokes, and the serve.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 86 1.0 unit
Touch Football
 3.4 hours laboratory
 Grading: letter grade
 Formerly KING 86AD. This course offers instruction in the rules, strategies, and proper techniques required for the game of touch football.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 88 1.0 unit
Track & Field
 3.4 hours laboratory
 Grading: letter grade
 Formerly KING 88AD. This course covers instruction in the rules, techniques and strategies of track and field.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 90 1.0 unit
Volleyball
 3.4 hours laboratory
 Grading: letter grade
 Formerly KING 90AD. This course is designed to provide instruction of the basic fundamentals of volleyball including setting, passing, hitting, and team play.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 90B 1.0 unit
Volleyball
 3.4 hours laboratory
 Recommended Preparation: KING 90.
 Grading: letter grade or pass/no pass
 This course provides the continued study of and practice in volleyball. Topics that will be examined are performance skills, fitness, and offensive and defensive strategies. Emphasis will be placed on game and tournament play.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 92 1.0 unit
Sand Volleyball
 3.4 hours laboratory
 Grading: letter grade or pass/no pass
 This course provides instruction in the basic skills needed to play sand volleyball. Students will learn strategies, rules and etiquette for sand volleyball with an emphasis on individual skills, doubles and six versus six team play.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 92B 1.0 unit
Sand Volleyball
 3.4 hours laboratory
 Recommended Preparation: KING 92.
 Grading: letter grade or pass/no pass
 This course the continued study of and practice in sand volleyball. Topics included performance skill techniques, offensive strategies and defensive strategies, fitness. Emphasis will be placed on game and tournament play.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KING 94 1.0 unit
Rugby
 3.4 hours laboratory
 Grading: letter grade or pass/no pass
 This course provides the study of and practice in the team sport of Rugby. Topics that will be examined are fundamental skills, rules, history, scoring and etiquette.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**KINESIOLOGY,
 INTERCOLLEGIATE
 ATHLETICS(KINIA)**

KINIA 1AD 3.0 units
Baseball (Men)
 11.3 hours laboratory
 Recommended Preparation: Enroll by Instructor Consent
 Grading: letter grade
 This course provides specific conditioning, techniques, strategies and instruction in baseball. The course is designed for men of exceptional ability who wish to participate in intercollegiate baseball. The course fulfills the requirement for a physical education activity and meets the state intercollegiate requirement for conditioning in preparation for competition.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 2AD 3.0 units
Off-Season Conditioning for Athletes
 11.3 hours laboratory
 Grading: letter grade
 Formerly KINPF 2AD. This course is designed for any student preparing for intercollegiate athletic competition. The specific physical fitness routines required by the intercollegiate athlete during the off-season will be addressed. The purpose of the course

is to develop a level of physical fitness, strength, and conditioning that will enhance the athlete's ability to be successful in intercollegiate competition.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINIA 3AD 3.0 units

Basketball (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course provides specific conditioning, techniques, strategies and instruction in basketball. The course is designed for men of exceptional ability who wish to participate in intercollegiate, competitive basketball. This course meets the state intercollegiate requirement for conditioning in preparation for competition.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 5AD 3.0 units

Cross Country (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of Men's Cross Country. The course is designed for men of exceptional ability who wish to participate in Intercollegiate Athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 7AD 3.0 units

Football (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course provides specific conditioning, techniques, strategies, nutrition for and instruction in football. The course is designed for men of exceptional ability who wish to participate in intercollegiate football. This course meets the health education requirement for Plan B and the physical fitness/wellness requirement for Plan A of the General Education pattern at LBCC.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 9AD 3.0 units

Golf (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This class is designed for men of exceptional ability who wish to compete in intercollegiate athletics. There will be advanced instruction in the rules, techniques and strategies of golf.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 13AD 3.0 units

Soccer (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course provides specific conditioning, techniques, strategies, nutrition for and instruction in soccer. The course is designed for men of exceptional ability who wish to participate in intercollegiate soccer. This course meets the physical fitness/wellness requirement for Plan A of the General Education pattern at LBCC.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 15AD 3.0 units

Swimming (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course provides specific conditioning, techniques, strategies and instruction in the rules of swimming. The course is designed for men of exceptional ability who wish to participate with the intercollegiate swimming team.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 17AD 3.0 units

Tennis (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

A diverse program of intercollegiate athletics for men and women of exceptional ability which fulfills the legal requirement for a physical education activity.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 19AD 3.0 units

Track & Field (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of Men's Track & Field. The course is designed for men of exceptional ability who wish to participate in Intercollegiate Athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 21AD 3.0 units

Volleyball (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course provides specific conditioning, techniques and strategies in the instruction of volleyball. The course is designed for men of exceptional ability who wish to participate in intercollegiate volleyball. This course meets the health education requirement for Plan B and the physical fitness/wellness requirement for Plan A of the General Education pattern at LBCC.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 23AD 3.0 units

Water Polo (Men)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of water polo. The course is designed for men of exceptional ability who wish to participate in intercollegiate athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 27AD 3.0 units

Basketball (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of Women's Basketball. The course is designed for women of exceptional ability who wish to participate in Intercollegiate Athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 29AD 3.0 units

Cross Country (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course is designed to provide advanced preparatory instruction in Women's Intercollegiate Cross Country. The students will have multiple opportunities to apply running strategies to actual racing situations. Running performance will be assessed and evaluated by the coach in order to improve performance. Try outs, out-of-season conditioning and training will be integral components of the class.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 31AD 3.0 units

Golf (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This class is offered as a part of a diverse program of intercollegiate athletics for women of exceptional ability which fulfills the legal requirement for physical education activity.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 35AD 3.0 units

Soccer (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course provides specific conditioning, techniques, strategies, nutrition for and instruction in soccer. The course is designed for women of exceptional ability who wish to participate in intercollegiate soccer. This course

meets the health education requirement for Plan B and the physical fitness/wellness requirement for Plan A of the General Education pattern at LBCC.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 37AD 3.0 units

Softball (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of softball (fast-pitch). The course is designed for women of exceptional ability who wish to participate in intercollegiate athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 39AD 3.0 units

Swimming (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of competitive swimming. The course is designed for women of exceptional ability that wish to participate in intercollegiate athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 41AD 3.0 units

Tennis (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of tennis. The course is designed for women of exceptional ability who wish to participate in intercollegiate athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 43AD 3.0 units

Track & Field (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course offers instruction in the rules, techniques and strategies of Women's Track & Field. The course is designed for women of exceptional ability who wish to participate in Intercollegiate Athletics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 45AD 3.0 units

Volleyball (Women)

11.3 hours laboratory

Recommended Preparation: Enroll by Instructor Consent

Grading: letter grade

This course is designed to provide the instruction and training for intercollegiate competition in women's volleyball for students of exceptional ability who wish to participate at this level of competition.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINIA 47AD **3.0 units**
Water Polo (Women)
 11.3 hours laboratory
 Recommended Preparation: Enroll by Instructor Consent
 Grading: letter grade
 This course offers instruction in the rules, techniques, and strategies of water polo. The course is designed for women of exceptional ability who wish to participate in intercollegiate athletics.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**KINESIOLOGY, PHYSICAL
 FITNESS (KINPF)**

KINPF 3 **1.0 unit**
Aqua Calisthenics
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 3AD. This course involves instruction and practice in water aerobics exercise. Emphasis will be placed on toning, trimming and firming skeletal muscles through water resistance exercises in shallow water. Increasing flexibility, strengthening the cardiovascular system, and improving the respiratory system will also be stressed. Students do not need to have swim skills for this course.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 4 **1.0 unit**
Deep Water Aerobics
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 4AD. This course will provide instruction in the development of the fundamental elements of fitness through the application of deep water resistance and buoyancy. Progressive instruction includes the development of increasingly more strenuous exercises for cardiorespiratory fitness, muscular strength, endurance and flexibility.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 5 **0.5 unit**
Dance Aerobics
 2.3 hours laboratory
 Grading: letter grade
 Formerly KINPF 5AD. This course is designed for all students who want to perform fitness exercises through the use of dance routines in an effort to enhance flexibility while emphasizing development of strength and endurance.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 6 **1.0 unit**
Dance Aerobics
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 6AD. The course will cover the development of strength, muscular endurance, cardiovascular endurance, flexibility, coordination and

balance. This will be accomplished by utilizing various cross training activities, calisthenics and dance aerobic movement.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 8 **1.0 unit**
Circuit Weight Training
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 8AD. In this course, students receive cardiovascular and strength fitness training in a circuit weight training setting. This course combines the muscle-building benefits of resistance training with a cardiovascular boost to help increase metabolism, build muscle and allow for complete body conditioning.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 8B **1.0 unit**
Circuit Weight Training
 3.4 hours laboratory
 Recommended Preparation: KINPF 8.
 Grading: letter grade or pass/no pass
 This course provides continued cardiovascular and strength fitness training in a circuit weight training setting. This course combines focus on the muscle-building benefits of resistance training with a cardiovascular boost to help increase metabolism, build muscle and allow for complete body conditioning.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 10 **1.0 unit**
Stretch & Relaxation
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 10AD. This course emphasizes the development of flexibility in muscles and joints to prevent injury and to improve body alignment and posture. Relaxation and stretching techniques will be used to improve general fitness and reduce stress.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 10B **1.0 unit**
Stretch & Relaxation
 3.4 hours laboratory
 Recommended Preparation: KINPF 10.
 Grading: letter grade or pass/no pass
 This course provides the continued study and development of flexibility in muscles and joints to prevent injury and to improve body alignment and posture. Relaxation and stretching techniques will be used to improve general fitness and reduce stress.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 12 **1.0 unit**
Core Conditioning
 3.4 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly PEPF 12AD. This course is an introduction to conditioning through the understanding and practice of exercise using the anatomical core. Strength, posture, agility, and flexibility will be improved through the usage of Rip Training, Core Barre, Mat and Stability Ball Pilates training.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 12B 1.0 unit
Core Conditioning
 3.4 hours laboratory
 Recommended Preparation: KINPF 12.
 Grading: letter grade or pass/no pass
 This course provides the continued understanding and practice of exercise using the anatomical core. Continued improvement of strength, posture, agility, and flexibility will be the focus while utilizing Rip Training, Core Barre, Mat and Stability Ball Pilates training.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 14 1.0 unit
Yoga
 3.4 hours laboratory
 Grading: letter grade or pass/no pass
 This course will provide students with designed breathing, flexibility, strength, balance, and meditation exercises to enhance the relationship between the mind and body. Students will be introduced to the basic language, philosophy, history, and styles of yoga.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 17 1.0 unit
Jogging
 3.4 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly PEPF 17AD. This course is designed to be an introduction to develop a personal jogging program that will benefit a broad spectrum of fitness levels. This course will incorporate a weekly mileage progression with an emphasis on jogging mechanics and prevention of injuries.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 17B 1.0 unit
Jogging
 3.4 hours laboratory
 Recommended Preparation: KINPF 17.
 Grading: letter grade or pass/no pass
 This course provides the continued study and development of a personal jogging program that will benefit a broad spectrum of fitness levels. This course will continue to incorporate a weekly mileage progression with an emphasis on jogging mechanics and prevention of injuries.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 18 1.0 unit
Triathlon Training
 3.4 hours laboratory
 Recommended Preparation: KING 76
 Grading: letter grade or pass/no pass
 Formerly PEPF 18AD. This course provides a dynamic physical fitness program that focuses on swimming, cycling (spin bike) and running. The student will gain thorough body conditioning as well as knowledge and experience in the sport of triathlon. Topics consistent with triathlon training will be covered. Students should be at an intermediate fitness level and know how to swim freestyle.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 18B 1.0 unit
Triathlon Training
 3.4 hours laboratory
 Recommended Preparation: KINPF 18.
 Grading: letter grade or pass/no pass
 This course provides the study of and practice in triathlon training at an intermediate level. The course continues to focus on a dynamic physical fitness program which includes swimming, cycling, and running. The process will allow the student to gain thorough body conditioning as well as knowledge and experience in the sport of triathlon. Topics will include cardio-respiratory training, strength training, and flexibility activities which are consistent to triathlon training. This course will contribute to students who are obtaining a kinesiology degree or who wish to develop more intensive physical training techniques. Participants entering this course should be at an intermediate fitness level and know how to swim freestyle. Students will need to provide their own bicycle and helmet.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 21 1.0 unit
Low Impact Cardio
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 21AD. This course is designed to improve aerobic capacity and strength endurance through low impact cardio exercise and will provide students with a foundation of aerobic fitness through walking and other forms of low impact cardiovascular exercise. Students will progress from shorter duration, lower intensity walks and movement exercise to higher intensity power walking and movement activity.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 22 1.0 unit
Physical Fitness
 3.4 hours laboratory
 Grading: letter grade
 Formerly KINPF 22AD. This course will include the fitness components of cardiorespiratory, strength training, and flexibility activities. This course will include both indoor and outdoor experiences in fitness training. Assessment testing will be done to determine levels of performance in the areas of muscular strength and endurance, aerobic fitness, flexibility, and body composition.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 22B 1.0 unit
Physical Fitness
 3.4 hours laboratory
 Recommended Preparation: KINPF 22.
 Grading: letter grade or pass/no pass
 This course provides the continued study and expansion of the 5 components of fitness: muscular strength, muscular endurance, cardiovascular endurance, flexibility and body composition. Topics focus on aerobic vs. anaerobic training, functional fitness principles, and current health risks. The course will utilize both indoor and outdoor experiences in fitness

training at the intermediate level. Assessment testing will be done to determine levels of performance within each component of fitness.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 23 1.0 unit

Cycling Conditioning

3.4 hours laboratory

Grading: letter grade or pass/no pass

Formerly PEPF 23AD. This course is an introduction to Physical Fitness through indoor cycling. The cycling program is an individually paced, noncompetitive, group training program designed for all riders and all fitness levels. Cycling is an exercise performed on a stationary bicycle and is performed to music. The course is open to anyone who is interested in developing muscular endurance, improved cardio-respiratory endurance and body composition.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 24 1.0 unit

Cardio Cross Fit

3.4 hours laboratory

Recommended Preparation: KINPF 22

Grading: letter grade or pass/no pass

Formerly PEPF 24AD. This course encompasses the development of cardiovascular capacity, core strength (muscle strength and endurance), flexibility, coordination and balance. A variety of aerobic and anaerobic training techniques as well as body weight resistance exercises will be presented in a boot camp format.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPF 41 0.5 unit

Swimming Fitness

2.3 hours laboratory

Grading: letter grade

Formerly KINPF 41AD. Swim fitness is part of the physical fitness program. The program consists of swimming and related circuit training exercises.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 42 1.0 unit

Swimming Fitness

3.4 hours laboratory

Grading: letter grade

Formerly KINPF 42AD. Swim Fitness is a pool based physical fitness activity. The course consists of swimming and related circuit training exercises performed primarily in the water, but also on land. Topics will include cardio-respiratory training, strength training, interval training, cross training and program design all as applied to swim fitness.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 48 1.0 unit

Swim Fitness/Polo

3.4 hours laboratory

Grading: letter grade

Formerly KINPF 48AD. This course provides conditioning and instruction in the rules, techniques and

strategies of water polo. The course is designed for student-athletes who are participating with the intercollegiate water polo teams.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 53 1.0 unit

Power Lifting

3.4 hours laboratory

Recommended Preparation: KINPF 54

Grading: letter grade

Formerly KINPF 53AD. The course will provide students the opportunity to learn the techniques of the three Power Lifts and two Olympic Lifts. The class is co-educational but is designed for students who have an interest in this specialized weight lifting genre. Students will be instructed how to perform the bench press, squat, and dead lift which considered the three base Power Lifts. Proper technique will be a major emphasis with a high importance placed on students lifting weight totals that are within a safe capacity of their individual limits. In addition, the performance of the two Olympic Lifts, the snatch and the clean and jerk will be covered. Students will work cooperatively in small groups and will be placed together according to each's level of expertise and strength capacity.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 53B 1.0 unit

Power Lifting

3.4 hours laboratory

Recommended Preparation: KINPF 53.

Grading: letter grade or pass/no pass

This course provides continued study of and practice in power lifting. Topics that will be examined are bench press, squat, and dead lift with proper technique as a major emphasis.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 54 1.0 unit

Weight Training

3.4 hours laboratory

Grading: letter grade

Formerly KINPF 54AD. This weight training course is designed to present a variety of lifting techniques. Students will use these techniques and their understanding of basic anatomy to increase strength and flexibility to reach their weight lifting goals.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 54B 1.0 unit

Weight Training

3.4 hours laboratory

Recommended Preparation: KINPF 54.

Grading: letter grade or pass/no pass

This course continues to provide study and practice in a variety of weight lifting techniques. Students will use these techniques and their understanding of basic anatomy to continue focus on increasing strength and flexibility to reach their weight lifting goals.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 81 1.0 unit

Fitness and Wellness Center

0.6 hour lecture, 1.7 hours laboratory

Grading: letter grade

Formerly KINPF 81AD. Selected physical fitness tests are administered before, during and after exercise programs to improve endurance, strength, and joint mobility. Lectures focus on individualized goals, continuous self-evaluation, safe and sane diet and exercise, scientific information versus fallacy, and wellness lifestyles that reduce health risks.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 84A 2.0 units

Fitness and Wellness

1.1 hours lecture, 3.4 hours laboratory

Grading: letter grade or pass/no pass

Formerly KINPF 84AD. Physical fitness tests are administered before, during and after exercise programs to improve reserve capacity in endurance, muscular strength and joint mobility. Lectures and assignments focus on nutrition and diet, exercise, and modifications of lifestyle to enhance the quality of life and reduce health risks.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPF 84B 2.0 units

Fitness & Wellness

1.1 hours lecture, 3.4 hours laboratory

Recommended Preparation: KINPF 84.

Grading: letter grade or pass/no pass

This course provides for the continued study of and practice in Fitness & Wellness techniques and issues. Selected physical fitness tests are administered before, during and after exercise programs to improve endurance, strength, and joint mobility. Lectures and assignments focus on exercise and modifications of lifestyle to enhance the quality of life and reduce health risks.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPF 681 0.0 unit

Human Performance Laboratory

0.6 hour lecture, 1.7 hours laboratory

Grading: LBCC Non-Graded Course

Formerly PEPF 681. This course is a physical fitness course that is designed for cardiorespiratory, strength and flexibility exercises within a prescribed fitness program. This course is available to faculty/staff of Long Beach City College.

KINESIOLOGY, PROFESSIONAL PREPARATION(KINPP)

KINPP 1 3.0 units

Introduction to Kinesiology

3.4 hours lecture

Grading: letter grade

This course is a survey of the discipline of Kinesiology, including knowledge of the nature and importance of performing and studying physical activity. It includes an analysis of the lifelong importance of physical activity in daily life. The course surveys the general knowledge base of the discipline as reflected in the major subdisciplines and reviews selected ideas in the

historical, philosophical, sociological, physical, and psychological domains within human movement. In addition, the course introduces students to the general characteristics of the field's professions, to specific types of physical activity professions typically pursued by Kinesiology students and assists them in making some early career decisions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPP 4 3.0 units

Lifetime Wellness Principles

3.4 hours lecture

Grading: letter grade

The course focuses on holistic and inter-related dimensions of wellness and explores the choices available that may encourage and enhance the quality of life. The dimensions of wellness include: physical, social, emotional, occupational, intellectual, environmental, and spiritual. The course provides an opportunity for students to learn positive life skills and expand self-awareness. The course promotes personal, family and community wellness.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPP 5 3.0 units

Sports Appreciation

3.4 hours lecture

Grading: letter grade

This class will explore sports and its role in society. Topics will include a survey of a variety of sports and spectator appreciation. The class will explore careers in amateur and professional sports organizations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPP 7 3.0 units

Intro to Community Recreation

3.4 hours lecture

Grading: letter grade

This course is designed for recreation majors and non-majors. This is a general orientation to the field of recreation and parks services. Included is a history of the development of the recreation profession, and a survey of recreation and leisure services. The course also includes a description and interpretation of recreation as a form of community service, and the nature, scope, and significance of leisure and recreation as a social force in contemporary society. The role of the professional leader in a variety of settings is emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPP 8 3.0 units

Stress Management through Physical Activity

3.4 hours lecture

Grading: letter grade or pass/no pass

This course addresses many facets of stress with an emphasis on physical activity as a coping strategy. Many training methods and activities are taught along with the practice of relaxation techniques. The physiology of stress, disease and stress, and performance anxiety are also within the scope of this course.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

KINPP 10	3.0 units	KINPP 15	3.0 units
Prevention & Care of Athletic Injuries 3.4 hours lecture, 0.6 hour laboratory Grading: letter grade This course introduces the basic concepts of athletic training, including instruction for prevention, recognition, management and treatment of common injuries in an active population. The skills of basic strapping, bracing, padding and taping for the prevention and support of injuries will be presented and practiced in class. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>		Sports Officiating (Fall) 2.3 hours lecture, 3.4 hours laboratory Grading: letter grade The course provides theory and practice in officiating intramural, college, and high school Fall/Winter sports. This course is open to all and is designed for students seeking professional preparation to be able to teach, coach and/or officiate fall/winter sports. Students will participate as actual game officials during intramural competition. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	
KINPP 12	2.0 units	KINPP 17	3.0 units
Techniques of Physical Fitness 2.3 hours lecture Grading: letter grade or pass/no pass Formerly KINPF 83AD. This course provides methods and concepts of lifetime physical fitness and nutritional understanding. Analyses of instruction, practice, and practical techniques for evaluating one's own physical fitness status will be covered. This course is designed to explore approaches for practice and evaluation of physical fitness status for reserve capacity in cardiovascular endurance, local muscular endurance, muscular strength and joint mobility. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i>		Sports Officiating (Spring) 2.3 hours lecture, 3.4 hours laboratory Grading: letter grade The course provides theory and practice in officiating intramural college and high school Winter/Spring sports. This course is open to all and is designed for students seeking professional preparation to be able to officiate Winter/Spring sports. Students will participate as actual game officials during intramural competition. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	
KINPP 13	1.0 unit	KINPP 19	2.0 units
Dance Aerobics-Professional Preparation 0.6 hour lecture, 2.3 hours laboratory Grading: letter grade This course is designed to prepare students to teach dance aerobics. The teaching progression for dance aerobics, music selection and lesson planning are topics covered in this course. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>		Theory of Football 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade This course is open to all students seeking professional preparation in elementary and intermediate instruction and practice in scouting, film analysis, use of equipment and safety procedures for football. This course is an introduction to the organization and administration of youth football programs. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	
KINPP 14	3.0 units	KINPP 23	3.0 units
Theory of Athletic Coaching 3.4 hours lecture Grading: letter grade This course is an introduction to the profession of athletic coaching. With emphasis on a comprehensive approach to the art and science of coaching, the development of a coaching philosophy will be explored and validated by a greater understanding of the psychology, physiology and management of sport. Areas of concentration will include, coaching objectives and style, communication and motivation skills, training principles and techniques and team management strategies. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i>		First Aid and Safety 3.4 hours lecture Grading: letter grade Formerly PEPP 23. This course will introduce students to the techniques and the principles involved in rendering prompt and necessary emergency care to the injured or ill. Instruction will cover core material for breathing and cardiac emergencies, sudden illnesses, soft tissue injuries, environmental incidents, musculoskeletal injuries, and other special circumstances. Students will practice the skills and procedures for cardiopulmonary resuscitation (CPR), rescue breathing, and the proper use of an Automatic External Defibrillator (AED). With the successful completion of this course students will have the opportunity to become certified in the Standard First Aid and Personal Safety and Cardiopulmonary Resuscitation (CPR) Certificates granted by the American Red Cross. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	

KINPP 70A 3.0 units

Exercise Science & Fitness Assessment

3.4 hours lecture

Recommended Preparation: BIO 60 and KINPP 12.

Grading: letter grade

This course is designed to provide the theoretical knowledge necessary to prepare for the American Council on Exercise National Personal Training Certification exam. Topics include exercise physiology, human anatomy, applied kinesiology, basic nutrition, health screening, the theory of fitness assessment, and exercise adaptation. This course fulfills half of the necessary coursework needed to prepare for the ACE certification. (KINPP 70B)

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPP 70B 3.0 units

Fitness Program Design & Instruction

3.4 hours lecture

Recommended Preparation: KINPP 70A.

Grading: letter grade

This course is designed to provide the student with the theoretical knowledge and practical skills needed to prepare for the American Council on Exercise National Personal Training Certification Examination. Topics will include application of the applied sciences, program design and implementation of integrated fitness training for healthy adults and special populations, communication, health psychology, teaching techniques, injury prevention and safety, professional responsibilities, and business fundamentals. This course fulfills half of the necessary coursework needed to prepare for the ACE certification. (KINPP 70A)

Transfer Status: Transferable to CSU Only; see counselor for limitations.

KINPP 200 3.0 units

Introduction to Therapeutic Massage

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade

This foundation course introduces students to the history, science and practice of massage therapy. This course provides students theoretical, practical and preliminary experience in massage therapy. Topics include basic anatomy and physiology as they relate to massage therapy, as well as professional standards expected of massage therapists. Students practice giving massages using beginning strokes and proper sanitation, hygiene, and body mechanics.

KINPP 201 3.0 units

Therapeutic Massage II

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade

This course focuses on massage applications with therapeutic and rehabilitative techniques. Students will analyze and evaluate anatomical structures and assess common pathology. The course includes intermediate massage theory, methods and procedures of soft tissue techniques, and contraindications. Applications introduced include deep tissue, postural realignment, craniosacral motion and aromatherapy. Special attention is given to palpatory skills.

KINPP 203 3.0 units

Kines and Musculoskeletal Foundations

3.4 hours lecture

Grading: letter grade

This course approaches the study of the human body primarily from a functional perspective. There will be emphasis on the relationship between the muscles and the bone as they relate to human movement. This class is designed for Kinesiology students, massage therapists, personal trainers, coaches and others interested in the overall health of individuals.

KINPP 205 3.0 units

Integrative Therapeutic Massage

2.8 hours lecture, 2.8 hours laboratory

Prerequisite: KINPP 201

Grading: letter grade

This course covers traditional Chinese medicine and massage for special populations. Theories of mind/body connection drawn from recent scientific research will be incorporated with Shiatsu, Tai Chi, Tuina, acupressure and other Asian bodywork therapies. Students will develop treatment plans and perform indicated techniques for selected special populations, such as prenatal, geriatric, HIV/AIDS, and cancer.

KINPP 207 4.0 units

Massage and Bodywork Clinical Practicum

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: KINPP 201

Grading: letter grade

This course provides the clinical practice for massage therapy. Students receive the practical experience of giving a professional massage, while working with the public, under supervision of the instructor. Students will focus on advanced therapeutic massage techniques, business practices, massage marketing, ethics, and clinic procedures for the massage experience.

KINPP 211 1.0 unit

Chair Massage

1.1 hours lecture, 1.1 hours laboratory

Prerequisite: KINPP 201

Grading: letter grade

This course will focus on the techniques and practice of chair massage. Topics include physiological effects, related anatomy, contraindications, body mechanics, ethics, hygiene and sanitation standards.

KINPP 213 2.0 units

Sports Massage

1.1 hours lecture, 3.4 hours laboratory

Prerequisite: KINPP 201

Grading: letter grade

This course specifically covers massage techniques and evaluation procedures for providing massage to athletes. Focus will be on anatomy and sport as it relates to muscle movement, common sports injuries, basic postural analysis, contraindications, and sport massage techniques.

KINPP 230 3.0 units

Fieldwork Observation in Kinesiology

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: KINPP 70B

Grading: letter grade

This course is designed to provide students in the Kinesiology Major with practical experience in the field of kinesiology. Students will be expected to participate in a minimum number of hours in a supervised fieldwork

setting. Emphasis is placed on, but not limited to, client assessment, communication skills, program design, teaching strategies, self-marketing and professional responsibility and liability.

KINPP 233 **3.0 units**

Techniques of Strength and Conditioning

3.4 hours lecture

Grading: letter grade

This course is designed for the student in the Personal Trainer Certificate Program, planning to study and teach movement as it relates to exercise under both normal and injured conditions. Students learn the practical implications of bone, joint, nerve, and muscle actions. Emphasis is placed on applying body alignment, range of motion, stabilization, and acceleration principles to the development of safe exercise programs.

**LEARNING AND ACADEMIC
RESOURCES (LEARN)**

LEARN 11 **3.0 units**

Learning and Academic Strategies

3.4 hours lecture, 0.2 hour supplemental learning

Grading: letter grade or pass/no pass

This is a comprehensive learning and academic strategies success course designed to assist students in developing an understanding of learning theories and academic principles, concepts, and strategies, along with their direct and practical application, with the goal of achieving or maximizing college success. In addition, this course provides an exploration of the psychological, social and physical factors that influence success in college and in life. In order to assist students with the challenges of the course content, students are required to complete 3 hours of Supplemental Learning Assistance activities in a Multidisciplinary Success Center over the course of the semester.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

LEARN 11H **3.0 units**

Honors Learning and Academic Strategies

3.4 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification for the Honors Program

Grading: pass/no pass

This is a comprehensive learning and academic strategies success course designed to assist students in developing an understanding of learning theories and academic principles, concepts, and strategies, along with their direct and practical application, with the goal of achieving or maximizing college success. In addition, this course provides an exploration of the psychological, social and physical factors that influence success in college and in life. In order to assist students with the challenges of the course content, students are required to complete 3 hours of Supplemental Learning Assistance activities in a Multidisciplinary Success Center over the course of the semester.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

LEARN 11M1 **0.5 unit**

College Test Taking

0.6 hour lecture

Grading: pass/no pass

This course is designed to assist the student in acquiring confidence and competency in understanding the principles of test development and application of test-taking strategies.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

LEARN 610 **0.0 unit**

Basic Study Skills Laboratory

3.4 hours laboratory

Grading: LBCC Non-Graded Course

This is a non-credit course in basic study skills. This course covers a variety of basic learning and study skills including note-taking, test-taking, memory enhancement and time management. Participation schedule will vary.

LEARN 650 **0.0 unit**

Supervised Tutoring

1.1 hours laboratory

Corequisite: Concurrent enrollment in an LBCC course.

Grading: LBCC Non-Graded Course

This course is designed to provide students with individual and small-group tutoring in specific subject areas to improve academic performance. Tutoring appointments will be scheduled, per the guidelines established by the specific location at which tutoring is offered, on a recurring, as-needed, and/or drop-in basis.

LEARN 811 **1.0 unit**

Introduction to Study Skills

1.1 hours lecture

Grading: pass/no pass

This is an introductory learning strategies and techniques course designed to assist students in understanding basic study skills and information along with their direct and practical application in preparation for college-level coursework. The goal is for students to enhance their academic effectiveness. Course topics will include: college expectations, time management, memory and concentration, study reading, listening and note-taking, and test-taking.

LIBRARY (LIB)

LIB 1 **2.0 units**

Library and Information Resources

2.3 hours lecture

Grading: letter grade or pass/no pass

This course teaches basic college-level research skills necessary for effective use of traditional and new information resources. Research strategies and evaluation of information resources are emphasized. The course covers the different levels, types, and formats of information, including the Internet.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

LIB 2 1.0 unit

Web Databases

1.1 hours lecture

Grading: letter grade or pass/no pass

This course is a hands-on introduction to online databases and their structures. It emphasizes evaluation of information, search strategies, and search techniques used to effectively access and retrieve information in the online environment. This course will be beneficial for students who wish to develop vital information searching and retrieval skills for both academic and professional purposes.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

LIB 3 3.0 units

Information Competency

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to help students become information-literate citizens in the seamless and global information world. This course encompasses library literacy, information technology literacy, and Internet literacy. It encourages thought transformation, intelligent reasoning, research skills, and a new understanding of the world, including an appreciation of diversity. The course has a well-balanced structure in practices and theories with lectures, active interaction and participation in class and online, computer lab activities, and written research assignments.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

LIB 201 3.0 units

Introduction to Cataloging

3.4 hours lecture

Prerequisite: LIB 3

Grading: letter grade or pass/no pass

This course is designed to teach students the valuable skills necessary to become qualified technicians. Topics will include: cataloging principles and procedures including descriptive and subject cataloging, classification systems, Machine Readable Cataloging (MARC) formats, bibliographic utilities, authority and bibliographic verification and control.

LIB 202 3.0 units

Introduction to Access Services

3.4 hours lecture

Prerequisite: LIB 3

Grading: letter grade or pass/no pass

This course is designed to teach students the valuable skills necessary to become qualified technicians. This course focuses on the major functions of library public and access services and topics will include: circulation management, collection maintenance, supervision of staff, confidentiality, intra and interlibrary loan, reserve collections, copyright laws, statistical design and compilation.

LIB 203 3.0 units

Introduction to Acquisitions

3.4 hours lecture

Prerequisite: LIB 3

Grading: letter grade or pass/no pass

This course is designed to teach students the valuable skills required to become qualified library technicians. This course focuses on the goals and functions of acquisitions and the topics will include the basics of acquiring library materials, the financial management of

materials budgets, vendors, and ethical considerations. Visitations to other libraries or information research centers are required.

LIB 204 3.0 units

Introduction to Reference Services

3.4 hours lecture

Prerequisite: LIB 3

Grading: letter grade or pass/no pass

This course is designed to teach students the valuable skills necessary to become qualified library technicians. This course introduces students to widely used print, non-print, electronic and online sources in a variety of settings, and develops question-negotiation reference skills and search strategies. The topics will include the information needs of library users and the students will be empowered to function competently in the Information Age.

LINGUISTICS (LING)

LING 1 3.0 units

Linguistics 1

3.4 hours lecture

Recommended Preparation: ENGL 105 or ESL 34

Grading: letter grade

This course provides insight into the structure of language, an introduction to methods of linguistic analysis and an overview of the sub-fields of linguistics studies. This includes surveys of the sounds, structure, and development of language, the differences and relationships among languages, and the study of language in connection with its social and cultural function.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MATHEMATICS (MATH)

MATH 27 3.0 units

Probability and Statistics for Elementary Teachers

3.4 hours lecture, 1.1 hours laboratory

Prerequisite: MATH 130, 130B, or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade, and MATH 120 or one year high school geometry or Qualification through the LBCC assessment process.

Grading: letter grade

Probability and Statistics for Elementary Teachers is a general education course that is strongly recommended for prospective elementary teachers. This activity-based course covers such topics as set theory, combinations, permutations, logic, probability and statistics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 28 3.0 units

Mathematics for Elementary Teaching I

3.4 hours lecture, 1.1 hours laboratory

Prerequisite: MATH 130, 130B, or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade, and MATH 120 or one year high school geometry or Qualification through the LBCC assessment process.

Recommended Preparation: Eligibility for ENGL 1

Grading: letter grade

This course is one of several courses designed for prospective elementary teachers. Topics that are covered include pattern recognition, problem solving,

sets, numeration systems, number theory and models and algorithms for operations with whole numbers, integers, rational numbers and decimals. Writing is emphasized throughout the course.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 29 3.0 units

Math for Elementary Teaching II

3.4 hours lecture, 1.1 hours laboratory

Prerequisite: MATH 28 and 120 or one year of high school geometry.

Grading: letter grade

This course is designed for prospective elementary teachers. Topics include basic geometric vocabulary and notation, constructions, congruence, similarity, measurement, the Pythagorean Theorem, motion geometry and tessellations. The problem solving process is emphasized throughout the course. The course incorporates group activities and exploration of topics with manipulatives. Writing is emphasized throughout the course.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 37 3.0 units

Finite Mathematics

3.4 hours lecture

Prerequisite: MATH 130, 130B or one year high school intermediate algebra with a grade of B or better as reflected by the second semester grade or qualification through the LBCC assessment process for Math.

Grading: letter grade

This course is a study of linear equations, systems of linear equations and inequalities, matrices, matrix applications, sets and counting, probability, and statistics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 37H 3.0 units

Honors Finite Mathematics

3.4 hours lecture

Prerequisite: MATH 130, 130B or high school intermediate algebra with a grade of B or better as reflected by the second semester grade, or qualification through the LBCC assessment process for Math, and qualification for the Honors Program.

Grading: letter grade

This course is a study of linear equations, systems of linear equations and inequalities, matrices, matrix applications, sets and counting, probability, and statistics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 40 3.0 units

Trigonometry

3.4 hours lecture

Prerequisite: MATH 130, 130B, or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade, and MATH 120 or one year high school geometry or Qualification through the LBCC assessment process.

Grading: letter grade

The topics covered in this course include right triangle trigonometry, circular functions, inverse functions,

identities and formulas, graphing, trigonometric equations, the Law of Sines and the Law of Cosines, and complex numbers and polar coordinates.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MATH 45 4.0 units

College Algebra

4.5 hours lecture

Prerequisite: MATH 130, 130B or one year high school intermediate algebra with a grade of B or better as reflected by the second semester grade or qualification through the LBCC assessment process for Math.

Grading: letter grade

This course covers advanced algebra topics, including linear, quadratic, polynomial, exponential and logarithmic functions; graphs of functions; inverse functions; systems of equations and inequalities; the Binomial Theorem; and conics. A graphing utility is required for this course. Students preparing for MATH 60 should take MATH 50 instead. This course is not open for credit to students registered in or with credit in MATH 50.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 47 3.0 units

Calculus for Business

3.4 hours lecture

Prerequisite: MATH 45 or 50

Grading: letter grade or pass/no pass

This course is a study of differentiation of functions of one and several variables, optimization methods, integration of functions of one variable, exponential and logarithmic functions. This course will be appropriate for students who wish to pursue a career in business and economics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 50 5.0 units

Precalculus Math

5.6 hours lecture

Prerequisite: MATH 40 or Qualification through the LBCC assessment process for Math.

Grading: letter grade

This course serves as a preparation for calculus. The topics covered include a review of algebra; polynomial, rational, exponential, logarithmic and trigonometric functions; applications of trigonometry including complex numbers and vectors; systems of equations and inequalities including matrices; sequences and series; and topics from analytic geometry.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 50H 5.0 units

Honors Precalculus

5.6 hours lecture

Prerequisite: MATH 40 or Qualification through the LBCC assessment process for MATH and Qualification for the Honors program.

Grading: letter grade

This course serves as a preparation for calculus. The topics covered include a review of algebra; polynomial, rational, exponential, logarithmic and trigonometric functions; applications of trigonometry including complex numbers and vectors; systems of equations and inequalities including matrices; sequences and series;

and topics from analytic geometry. Eligibility for the Honors Program is required for enrollment.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MATH 55 4.0 units

Discrete Mathematics

4.5 hours lecture

Prerequisite: MATH 50 or a high school precalculus with a grade of B or better as reflected by the second semester grade.

Recommended Preparation: Knowledge of Java or CBIS 14.

Grading: letter grade

This is a one semester course in discrete math, intended for computer science related disciplines. The topics covered include logic, truth tables, set theory, techniques of proofs, recursive definitions, combinatorics, probability, and statistics.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 60 5.0 units

First Calculus Course

5.6 hours lecture

Prerequisite: MATH 50 or one year high school precalculus with a grade of B or better as reflected by the second semester grade or Qualification through the LBCC assessment process for Math.

Grading: letter grade

Topics covered in this first semester calculus course include limits; differentiation rules for all basic functions, including exponential, logarithmic and inverse trigonometric functions; applications of differentiation including optimization problems, l'Hospital's Rule, and graphing; definite and indefinite integrals; and applications of integrals, including areas between curves, volumes, and work problems.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 60H 5.0 units

Honors First Calculus Course

5.6 hours lecture

Prerequisite: MATH 50 or one year high school precalculus with a grade of B or better as reflected by the second semester grade or Qualification through the LBCC assessment process for Math & Qualification for the Honors program.

Grading: letter grade

Topics covered in this first semester calculus course include limits; differentiation rules for all basic functions, including exponential, logarithmic and inverse trigonometric functions; applications of differentiation including optimization problems, l'Hospital's Rule, and graphing; definite and indefinite integrals; and applications of integrals, including areas between curves, volumes, and work problems.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 70 5.0 units

Second Calculus Course

5.6 hours lecture

Prerequisite: MATH 60

Grading: letter grade

This course is the second in the calculus sequence. Topics include Integration Techniques, Improper Integrals, Applications of Integration, Differential Equations, Parametric Equations, Polar Graphs, Sequences and Series.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 70H 5.0 units

Honors Second Calculus Course

5.6 hours lecture

Prerequisite: MATH 60 and Qualification for the Honors program.

Grading: letter grade

This course is the second in the calculus sequence. Topics include Differential Equations, Applications of Integration, Integration Techniques, Improper Integrals, Sequences and Series, Parametric Equations and Polar Graphs.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 80 5.0 units

Third Calculus Course

5.6 hours lecture

Prerequisite: MATH 70

Grading: letter grade

This course serves as the third course in the calculus sequence. Topics include vectors and the geometry of space, vector functions, partial derivatives, multiple integrals and vector calculus.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 84 5.0 units

Intro Differential Eqns and Linear Alg

5.6 hours lecture, 1.1 hours laboratory

Prerequisite: MATH 80

Grading: letter grade

This course is an introduction to the solutions of ordinary differential equations and their relationship to linear algebra. Topics include systems of linear equations, matrix algebra, determinants, vector spaces, linear transformations and linear second order differential equations. Other topics include power series solutions, numerical methods, Laplace transforms, eigenvalues, eigenvectors and systems of linear differential equations and applications. This course also has a lab component in which students use computers to complete projects related to the content.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MATH 110 5.0 units

First Course in Algebra

5.6 hours lecture, 0.3 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Math or MATH 815.

Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.

Grading: letter grade or pass/no pass

This is the first course in algebra. Topics in this course include solving linear equations and inequalities in one variable; graphing linear equations and inequalities in two variables; solving systems of linear equations; factoring; performing operations on polynomials, rational expressions, and radical expressions; and solving rational, radical, and quadratic equations. Application problems are solved throughout the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may take either MATH 110 or Math 110A and Math 110B to fulfill the course requirement.

MATH 110A 3.0 units

First Course in Algebra-Part 1

3.4 hours lecture, 1.1 hours laboratory, 0.3 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Math or MATH 815.

Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.

Grading: letter grade or pass/no pass

This is the first of a two-semester sequence of the first course in algebra. Topics include solving linear equations and inequalities in one variable, graphing linear equations and inequalities in two variables, solving systems of linear equations, and simplifying polynomial and exponential expressions. Application problems are solved throughout the course. Group activities are incorporated within the lab portion of the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may receive credit for either MATH 110 or 110A and 110B.

MATH 110B 3.0 units

First Course in Algebra-Part 2

3.4 hours lecture, 1.1 hours laboratory, 0.3 hour supplemental learning

Prerequisite: MATH 110A

Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.

Grading: letter grade or pass/no pass

This is the second of a two-semester sequence of the first course in algebra. Topics include factoring, simplifying rational and radical expressions, solving rational and radical equations, and solving quadratic equations. Application problems are solved throughout the course. Group activities are incorporated within the lab portion of the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may receive credit for either MATH 110 or Math 110A and 110B.

MATH 115 4.0 units

Applied Math

4.5 hours lecture, 0.3 hour supplemental learning

Prerequisite: ELECT 225 or MATH 110, MATH 110B or MATH 880 or one year High School Elementary Algebra with a grade of B or better as reflected by the second semester grade or Qualification through the LBCC assessment process for Math.

Recommended Preparation: READ 882

Grading: letter grade or pass/no pass

This course is modified intermediate algebra course meant as an alternative pathway for students not intended to take trigonometry or college algebra. Intermediate algebra concepts will be studied, but lessons will be infused with more real world applications that will not only prepare students for statistics and liberal arts math but will appeal to certain trades students who would use this class to satisfy the math requirement for their AA degree. Topics would include linear equations, functions, applications and their graphs, polynomial equations and applications, exponential and logarithmic applications, as well as basic geometry, trigonometric applications, vectors, counting and probability, and basics statistics concepts. Students are required to complete 4 hours of supplemental learning activities in a designated Success Center.

MATH 120 4.0 units

Geometry

4.5 hours lecture

Prerequisite: Qualification through the LBCC assessment process for Math or MATH 110 or MATH 110B or MATH 880 or one year High School Elementary Algebra with a grade of B or better as reflected by the second semester grade.

Grading: letter grade or pass/no pass

This is a traditional Euclidean geometry course covering such topics as deductive reasoning, basic postulates and theorems, congruency, similarity, area, volume, right triangle trigonometry, analytic geometry, and constructions.

MATH 125 6.0 units

Stat Path

6.8 hours lecture, 0.3 hour supplemental learning

Prerequisite: MATH 815 or Qualification through the LBCC assessment process for Math.

Recommended Preparation: READ 882.

Grading: letter grade or pass/no pass

This course combines the topics found in a Beginning Algebra (Math 110) and Applied Mathematics (Math 115). The idea is to give stronger students an accelerated 1-semester alternative to the current 2-semester Math 110/115 sequence. Topics include solving linear and quadratic equations and inequalities; polynomial, exponential and logarithmic functions; graphing linear and quadratic functions; polynomial, rational, and radical arithmetic; solving basic rational, and radical equations; graphing lines and parabolas; basic geometric and trigonometric concepts and applications, and basic statistics, counting and probability concepts. Application problems are solved throughout the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center.

MATH 130 5.0 units

Intermediate Algebra

5.6 hours lecture, 0.3 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Math or MATH 110 or MATH 110B or MATH 880 or one year High School Elementary Algebra with a grade of B or better as reflected by the second semester grade.

Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.

Grading: letter grade or pass/no pass

This course continues the study of algebra in preparation for transfer level courses. Topics include polynomial, algebraic, quadratic, exponential and logarithmic functions; graphing; systems of equations and inequalities; factoring; rational expressions and equations; and roots, radicals and complex numbers. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center.

MATH 130A 3.0 units

Intermediate Algebra, Part A

3.4 hours lecture, 0.3 hour supplemental learning
 Prerequisite: Qualification through the LBCC assessment process for Math or MATH 110 or MATH 110B or MATH 880 or one year High School Elementary Algebra with a grade of B or better as reflected by the second semester grade.
 Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.

Grading: letter grade or pass/no pass
 This is the first of a two-semester sequence of intermediate algebra. This course continues the study of algebra in preparation for transfer level courses. Topics include solving linear equations and inequalities; graphing functions and inequalities; solving systems of equations and inequalities; factoring; and solving rational equations. Application problems are solved throughout the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may receive credit for either Math 130 or 130A and 130B.

MATH 130B 3.0 units

Intermediate Algebra, Part B

3.4 hours lecture, 0.3 hour supplemental learning
 Prerequisite: MATH 130A
 Grading: letter grade or pass/no pass
 This is the second of a two-semester sequence of intermediate algebra. This course continues the study of algebra in preparation for transfer level courses. Topics include radicals and complex numbers; quadratic functions; exponential and logarithmic functions; and conic sections. Application problems are solved throughout the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may receive credit for either Math 130 or 130A and 130B.

MATH 140 6.0 units

Algebra Readiness

6.8 hours lecture, 0.3 hour supplemental learning
 Prerequisite: MATH 815 or Qualification through the LBCC assessment process for Math.
 Recommended Preparation: READ 882.
 Grading: letter grade or pass/no pass
 This course combines the topics found in a beginning and intermediate algebra class and is meant as an accelerated 1-semester alternative to the normal Math 110/130 2-semester sequence. Topics typically duplicated in an intermediate algebra course shall be covered once, at greater length and in greater detail. Topics include solving linear and quadratic equations and inequalities; polynomial, exponential and logarithmic functions; graphing linear and quadratic functions; polynomial, rational, and radical arithmetic; solving rational, radical, exponential and logarithmic equations; graphing lines, parabolas, and other conic sections; and complex

numbers. Application problems are solved throughout the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center.

MATH 650 0.0 unit

Math Learning Center

1.1 hours laboratory
 Grading: LBCC Non-Graded Course

This course is designed to facilitate students' learning of mathematics by offering one-to-one and small group tutoring. Students can also take advantage of multimedia instruction including videos and a variety of computer software programs. This course is recommended for all students concurrently enrolled in a LBCC mathematics course and is available in the open-access Math Success Center.

MATH 805 4.0 units

Modern Arithmetic

4.5 hours lecture
 Grading: pass/no pass

The topics covered in this course include operations on whole numbers, fractions, and decimals; ratios and proportions; and percent problems. Application problems are solved throughout the course. This course is not applicable for degree credit.

MATH 815 4.0 units

Preparation for Algebra

4.5 hours lecture, 0.2 hour supplemental learning
 Grading: pass/no pass

The topics covered in this course include the order of operations, operations with integers, the solution of linear equations, an introduction to graphing, operations with polynomials, and an introduction to the properties of exponential expressions. Applications of algebraic concepts are included throughout the course. This course is not applicable for degree credit. Students are required to complete 3 hours of supplemental learning activities in any designated Success Center.

MATH 825 1.0 unit

Culinary Math

1.1 hours lecture
 Grading: pass/no pass

This course is designed for students in the Culinary Arts program to study the mathematical principles in the context of commercial food production. Topics include recipe conversion, scaling and yields, production baking formulas, weights and measures, product yield tests, and recipe and food cost analysis.

MATH 880 5.0 units

Review of Basic Algebra

5.6 hours lecture, 0.3 hour supplemental learning
 Grading: pass/no pass

This course is designed for students who have successfully completed a beginning algebra course but need a review of the course before enrolling in intermediate algebra. Topics include, but are not limited to, solving linear equations and inequalities; solving quadratic equations; graphing; solving rational and radical equations; and applications. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center.

MEDICAL ASSISTING (MA)

MA 270 3.0 units

Introduction to Medical Assisting

2.3 hours lecture, 3.4 hours laboratory, 0.2 hour supplemental learning

Grading: letter grade

This is the first course of three courses designed for prospective medical assistants. Topics will include instruction of procedures utilized by medical assistants. This includes the beginning level skills of asepsis, vital signs, health history, office emergencies, telephone techniques, patient education, and appointment scheduling. Typically offered for eight weeks. In order to assist students with the challenges of the course content, students are required to complete 3 hours of Supplemental Learning Assistance activities in a Multidisciplinary Success Center over the course of the semester.

MA 280 3.0 units

Health Care Clinical Procedures

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: MA 270 and health evaluation.

Grading: letter grade

This is the second course of three courses designed for prospective clinical medical assistants. This course develops the skills required to assist the physician with instruction in the advanced level of psychosocial skills, surgical asepsis, assisting with minor surgery, specialty exams, patient positioning, drug administration, injections and basic pharmacology.

MA 282 3.0 units

Advanced Health Care Clinical Procedures

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: MA 280

Grading: letter grade

This is the third of three courses designed for prospective clinical medical assistants. Topics will include instruction in the advanced level of psychosocial skills, electrocardiograph techniques, phlebotomy, and in office laboratory skills.

MA 284A 2.0 units

Medical Assisting Clinical Practicum

6.8 hours laboratory

Prerequisite: MA 280

Grading: pass/no pass

This course is designed to give the student work experience in selected health care offices and/or clinics. Students in this course will experience the clinical aspects of Medical Assisting. This course is typically offered for eight weeks.

MA 284B 2.0 units

Med Asst Administrative Practicum

6.8 hours laboratory

Prerequisite: MA 270

Grading: pass/no pass

This course is designed to give the student work experience in selected health care offices and/or clinics. Students in this course will experience the administrative aspects of Medical Assisting. This course is typically offered for eight weeks.

MA 286 4.0 units

Medical Assisting Combined Practicum

13.5 hours laboratory

Grading: pass/no pass

This course is designed to give the student work experience in selected health care offices and/or clinics. Students in this course will experience the administrative as well as the clinical aspects of Medical Assisting.

MA 288 1.0 unit

Medical Assisting Practicum Seminar

1.1 hours lecture

Corequisite: MA 284A, MA 284B or MA 286

Grading: letter grade

This course offers students in the Medical Assisting Program an advanced level of skills and theory, including office emergencies, professional office conduct, health care office management, resume writing and techniques utilized in job seeking.

MA 290 3.0 units

Basic Medical Insurance Billing

2.3 hours lecture, 3.4 hours laboratory

Grading: letter grade

This course is designed for prospective medical assistants and those students interested in medical insurance billing. This course will include medical insurance billing requirements, ICD-10, and CPT coding, to successfully file claims and effect collection of payment for medical services given.

METAL FABRICATION (MTFAB)

MTFAB 50 4.0 units

Introduction to Metalworking

3.4 hours lecture, 4.5 hours laboratory, 0.3 hour supplemental learning

Grading: letter grade or pass/no pass

Formerly SHMET 50. This course is designed to provide students with a basic introduction to sheet metal fabrication, layout and career opportunities related to the industry and "green technologies." Students will learn to identify and safely operate hand tools and power machinery used in sheet metal fabrication. They will be instructed in the characteristics and properties of different sheet metal materials. The course will introduce students to measurement, shop math and sheet metal layout. Students will be assigned and evaluated on lab projects which will involve sheet metal layout, forming and fabrication and include the use of mechanical seams, welding and soldering techniques. Students will be required to attend 5 hour in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MTFAB 220A 4.0 units

Basic Metal Layout and Fabrication

3.4 hours lecture, 4.5 hours laboratory, 0.3 hour supplemental learning

Grading: letter grade or pass/no pass

Formerly SHMET 220A. This course is designed to provide students with a basic introduction to sheet metal fabrication, layout and career opportunities related to the industry and "green technologies." Students will learn to identify and safely operate hand tools and power machinery used in sheet metal fabrication. They will be

instructed in the characteristics and properties of different sheet metal materials. The course will introduce students to measurement, shop math and sheet metal layout. Students will be assigned and evaluated on lab projects which will involve sheet metal layout, forming and fabrication and include the use of mechanical seams, welding and soldering techniques. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

MTFAB 220B 4.0 units

Advanced Metal Layout and Fabrication

3.4 hours lecture, 4.5 hours laboratory, 0.3 hour supplemental learning

Corequisite: MTFAB 220A or MTFAB 50

Grading: letter grade or pass/no pass

Formerly SHMET 220B. This course is designed for people working in or wishing to enter the Sheet Metal trade in the fields of air conditioning, industrial sheet metal or architectural sheet metal. This course will provide comprehensive instruction in advanced sheet metal layout, including parallel lines, radial lines and triangulation. Students will be introduced to the safe set up and operation of sheet metal fabrication power equipment with emphasis on training equal to industry standards. The course will also introduce the student to green technologies as they relate to energy efficiency and Solar Energy Systems found in the Sheet Metal industry. Students will be required to attend 5 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

MTFAB 220C 4.0 units

Power Metalworking Machine Operations

3.4 hours lecture, 4.5 hours laboratory

Corequisite: MTFAB 220A or MTFAB 50

Grading: letter grade or pass/no pass

Formerly SHMET 220C. This course is designed for people working in or wishing to enter the metalworking trades in the fields of construction and manufacturing. This is a comprehensive course in powered sheet metal fabrication equipment. The course will cover the safe set up and operation of press brakes, ironworkers, turret punch, rotary machines, welders, shears, rollformers, tube benders, and notchers. Individualized hands-on experience in tool setup and job shop performance equal to industry standards will be provided. Students will also be introduced to the materials and fabrication techniques necessary to build a solar air heater.

MTFAB 220D 4.0 units

CNC Metal Fabrication Systems

3.4 hours lecture, 4.5 hours laboratory

Corequisite: MTFAB 220A or MTFAB 50

Grading: letter grade or pass/no pass

Formerly SHMET 220D. This course is designed for people working in or wishing to enter the metalworking trades in the fields of construction and manufacturing. This is a comprehensive course on CNC metal fabrication software as it relates to press brake, plasma cutter, router and tube bender. The course will cover the use of software to design metal components as they relate to the construction and manufacturing fields, with additional emphasis placed on the design of metal products used in the emerging "green energy" fields.

MTFAB 221 2.0 units

Construction Blueprint Reading

2.3 hours lecture

Recommended Preparation: MTFAB 220A or MTFAB 50.

Grading: letter grade or pass/no pass

Formerly SHMET 221. This course covers the principles of interpreting building blueprints and specifications required by the tradesman in the construction trades. The student will learn to use building plans and specifications to layout and order components used in mechanical systems. The course will also cover the interpretation of schematic drawings of Green Technologies as they relate to the construction trades in regards to solar energy systems and architectural roofing systems.

MTFAB 223 2.0 units

Sheet Metal Duct Systems and Fabrication

2.3 hours lecture

Recommended Preparation: MTFAB 220A or MTFAB 50.

Grading: letter grade or pass/no pass

Formerly SHMET 223. This course is designed to introduce the student to techniques used to install sheet metal duct systems. Various types of duct systems and their components will be discussed with added emphasis on energy efficiency and sustainability

MTFAB 260 3.0 units

Blueprint Reading for Metal Fabrication

3.4 hours lecture

Grading: letter grade

Examines blueprint interpretation practices commonly used by metal fabrication industries. Exposure to common drawing types, symbols, views, lines, dimensions, and tolerances. Emphasis placed on the analysis of welding symbols as approved by the American Welding Society (AWS) and International Organization of Standardization (ISO).

MTFAB 270 3.0 units

Metallurgy

3.4 hours lecture

Grading: letter grade

Introduces basic metallurgy as applied to metal fabrication and welding. Common heat treatment procedures, welding enhancement procedures, and thermal control of stress and strain in relation to ferrous and non-ferrous metals are emphasized. Proper determination of chemical contents of common steels, cast irons, stainless steels, and aluminum alloys are demonstrated.

MTFAB 280 2.5 units

Introduction to Robotic Welding

2.3 hours lecture, 1.7 hours laboratory

Grading: letter grade

The first of a three-part series introducing fundamental theory and hands-on application of robotic welding automation. Emphasizes safety awareness, programming techniques, and basic gas metal arc welding applications using six-axis robotic welding systems.

MTFAB 281 **2.5 units**
Intermediate Robotic Welding
 2.3 hours lecture, 1.7 hours laboratory
 Grading: letter grade
 The second of a three-part series introducing intermediate level theory and hands-on application of robotic welding automation. Emphasizes safety awareness, programming techniques, and intermediate gas metal arc welding applications using six-axis robotic welding systems.

MTFAB 420 **2.0 units**
Metal Fabrication and Layout
 6.8 hours laboratory
 Recommended Preparation: MTFAB 220A or MTFAB 50.
 Grading: letter grade or pass/no pass
 Formerly SHMET 420. This course will address the techniques used in basic metal layout and fabrication. The course will also reinforce safe and correct setup and use of metal fabrication machinery and hand tools. This class is an open entry/exit program, and requires the completion of 108 lab hour.

MTFAB 421 **1.0 unit**
Metal Fabrication and Layout
 3.4 hours laboratory
 Recommended Preparation: MTFAB 220A or MTFAB 50.
 Grading: pass/no pass
 Formerly SHMET 421. This course will address the techniques used in basic metal layout and fabrication. The course will also reinforce safe and correct setup and use of metal fabrication machinery and hand tools. This class is an open entry/exit program, and it will require a completion of 54 lab hours.

MTFAB 423 **3.0 units**
Metal Fabrication and Layout
 10.1 hour laboratory
 Recommended Preparation: MTFAB 220A or MTFAB 50.
 Grading: pass/no pass
 Formerly SHMET 423. This course will address the techniques used in basic metal layout and fabrication. The course will also reinforce safe and correct setup and use of metal fabrication machinery and hand tools. This class is an open entry/exit program, and it will require a completion of 162 lab hours.

MUSIC (MUSIC)

MUSIC 1A **3.0 units**
Music Theory I
 3.4 hours lecture
 Prerequisite: MUSIC 6
 Grading: letter grade or pass/no pass
 This course covers the following topics through analysis and application of compositional practices of pieces from the common-practice period: diatonic harmony through four-part writing and roman numeral analysis, including the use of figured bass and early-species counterpoint, 7th chords, and the basic elements of form.
 Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 1B **3.0 units**
Music Theory II
 3.4 hours lecture
 Prerequisite: MUSIC 1A
 Grading: letter grade or pass/no pass
 This course covers the following topics through analysis and application of compositional practices of pieces from the common-practice period: chromatic harmony through four-part writing and roman numeral analysis, including applied functions, modulation, mixture, Neapolitan chords, Augmented 6th chords, and small forms.
 Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 2A **3.0 units**
Music Theory III
 3.4 hours lecture
 Prerequisite: MUSIC 1B
 Grading: letter grade or pass/no pass
 This course covers the following topics through analysis and application of compositional practices of pieces from the common-practice period, and early-mid 20th Century: enharmonic spellings and modulations, extended and advanced chromatic and altered chords, advanced chromatic sequences, alternate scales, advanced rhythmic techniques, and post-tonal techniques.
 Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 5 **1.0 unit**
Musicianship I
 3.4 hours laboratory
 Corequisite: MUSIC 6
 Grading: letter grade or pass/no pass
 Formerly MUSIC 5AD. This course covers the techniques of music dictation and sight-singing with basic, tonal materials. Topics covered are scales, intervals, basic chord structures, and harmonic-melodic-rhythmic dictation.
 Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 6 **3.0 units**
Introduction to Music Theory
 3.4 hours lecture
 Grading: letter grade or pass/no pass
 This course is a complete introduction to music fundamentals and basic musicianship. Traditional topics are covered such as notation, meter, scales, intervals, triads, and chords. This class is designed for both music majors and non-music majors.
 Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 7 **2.5 units**
Elementary Voice
 2.3 hours lecture, 2.3 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly MUSIC 7AB. Elementary Voice is a performance class designed to improve singers of all ages and talent levels. Students will learn correct techniques in tone production, breathing, diction, repertoire and song interpretation. The students will also be able to develop their self-confidence through class performance.
 Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 8AD 2.5 units

Advanced Voice

2.3 hours lecture, 2.3 hours laboratory

Recommended Preparation: MUSIC 7AB

Grading: letter grade or pass/no pass

Advanced voice is a performance class designed to improve vocal techniques of the more accomplished singer. Students will be able to perform standard repertoire from classical literature which includes art songs and arias in English, German, French and Italian as well as vocal selections from Musical Theater. Students will be able to work with a professional accompanist, improve their vocal and musical technique and receive written critiques by the instructor.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 9 1.0 unit

Musicianship II

3.4 hours laboratory

Prerequisite: MUSIC 5

Corequisite: MUSIC 1A

Grading: letter grade or pass/no pass

Formerly MUSIC 9AD. This course covers the techniques of musical dictation and sight-singing with intermediate, diatonic tonal materials. Topics covered are intermediate scales, intervals, chord structures, and harmonic-melodic-rhythmic dictation.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 10 1.0 unit

Musicianship III

3.4 hours laboratory

Prerequisite: MUSIC 9

Corequisite: MUSIC 1B

Grading: letter grade or pass/no pass

Formerly MUSIC 10AD. This course covers the techniques of musical dictation and sight-singing with intermediate and semi-advanced, diatonic and chromatic tonal materials. Topics covered are advanced scales, intervals, chord structures, and harmonic-melodic-rhythmic dictation.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 11AD 1.0 unit

Long Beach City College Viking Chorale

5.6 hours laboratory

Recommended Preparation: Prior vocal experience

Grading: letter grade or pass/no pass

This course is a large choral ensemble that includes the study and performance of the classical choral repertoire from all historical musical periods. Attendance at all rehearsals and performances is mandatory. It is advisable that participating students have some previous choral experience, though it is not required.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 12AD 1.0 unit

Long Beach City College Viking Singers

5.6 hours laboratory

Grading: letter grade or pass/no pass

This choir is a select ensemble with performances throughout the year. All periods and styles of choral music, especially classical chamber literature, are performed.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 13AD 1.0 unit

College Symphony Orchestra

5.6 hours laboratory

Recommended Preparation: Prior instrumental experience

Grading: letter grade or pass/no pass

This course is a study of orchestral techniques through reading, rehearsal and performance of standard literature. Participation in performances is required.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 14AD 1.0 unit

Orchestra

5.6 hours laboratory

Recommended Preparation: Prior instrumental experience

Grading: letter grade or pass/no pass

This course is a study of orchestral techniques through reading, rehearsal, and performance of orchestral repertoire.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 15AD 1.0 unit

Chamber Orchestra

5.6 hours laboratory

Recommended Preparation: Prior instrumental experience.

Grading: letter grade or pass/no pass

This is a course that consists of reading, studying and performing standard repertoire for small/chamber orchestra.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 16 1.0 unit

Musicianship IV

3.4 hours laboratory

Prerequisite: MUSIC 10

Corequisite: MUSIC 2A

Grading: letter grade

Formerly MUSIC 16AD. This course covers the techniques of musical dictation and sight-singing with advanced, chromatic tonal and atonal materials. Topics covered are advanced scales, intervals, chord structures, and harmonic-melodic-rhythmic dictation.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 17A 0.5 unit

Advanced Applied Vocal & Instrumental Music

2.3 hours laboratory

Prerequisite: At least 2 semesters of MUSIC 92AD and performing audition before the program faculty.

Corequisite: MUSIC 11AD or 14AD or 46 and MUSIC 6 or 1A or 1B or 2A and MUSIC 5 or 9 or 10 or 16 .

Grading: letter grade

Formerly MUSIC 17. This course continues the skills and outcomes of Music 92AD in preparation for advanced repertoire and techniques in performance, and also serves as major preparation for the transfer audition. This also serves as the final preparation for a Sophomore recital.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

<p>MUSIC 19 Beginning Instruments 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass Beginning instruments entails instruction in the elementary and intermediate principles of playing woodwind, brass and percussion instruments. This class is not designed for the study of the student's major instrument, but for students who want to learn a new instrument. Reading music is not a requirement, and will be taught in the class. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>2.5 units</p>	<p>MUSIC 27 Brass Ensemble 5.6 hours laboratory Recommended Preparation: Prior instrumental experience. Grading: letter grade or pass/no pass The brass ensemble rehearses and performs music of various periods for this particular medium. The group can range from a quintet to large double brass choirs. One concert performance is required each semester. The brass repertoire can include various styles from classical to contemporary music as well as jazz and pop arrangements. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>1.0 unit</p>
<p>MUSIC 20 LBCC Southland Chorale 5.6 hours laboratory Recommended Preparation: Prior vocal experience. Grading: letter grade or pass/no pass Formerly MUSIC 20AD. The Southland Chorale will study and perform choral music of all historical musical periods. Singers will perform repertoire including a'capella, orchestra choral works, secular and sacred, light opera and musical theatre. The Southland Chorale involves participation in all concerts and performances. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>1.0 unit</p>	<p>MUSIC 28AD Percussion Ensemble 5.6 hours laboratory Grading: letter grade or pass/no pass Students will learn various skills and techniques for playing snare drum and various other percussion instruments. Music reading, drum rudiments, percussion techniques, and musicianship are emphasized. Students will perform in small and large percussion ensembles. Students must provide their own sticks and practice pad. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>1.5 units</p>
<p>MUSIC 23AD Vocal Jazz Ensemble 5.6 hours laboratory Grading: letter grade or pass/no pass The Vocal Jazz Ensemble involves the study and performance of the standard large ensemble jazz repertoire from all historical jazz musical periods. Attendance at all rehearsals and performances is mandatory. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>1.5 units</p>	<p>MUSIC 30A Music History: Antiquity to 1750 3.4 hours lecture Recommended Preparation: ENGL 105 or ESL 34 or qualify for ENGL 1 through the assessment process. Grading: letter grade or pass/no pass This course is a survey of music history and literature from antiquity to 1750, including cultural, intellectual and social influences. This course provides an in-depth examination of the development of Western European music through analysis and synthesizing of historical details and stylistic elements of the musical trends of the era. This course is offered in the Fall semester only. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>MUSIC 24AD Jazz Singers 5.6 hours laboratory Recommended Preparation: MUSIC 23AD Grading: letter grade or pass/no pass This course will focus on small vocal/chamber Jazz repertoire with performances throughout the year. All periods and styles of vocal Jazz ensemble music will be covered and performed as it pertains to small vocal/chamber Jazz ensembles. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>1.0 unit</p>	<p>MUSIC 30B Music History: 1750-Present 3.4 hours lecture Recommended Preparation: ENGL 105 or ESL 34 or qualify for ENGL 1 through the assessment process. Grading: letter grade or pass/no pass This course is a survey of music history and literature from 1750 to the present, including cultural, intellectual and social influences. This course provides an in-depth examination of the development of Western European music through analysis and synthesizing of historical details and stylistic elements of the musical trends of the era. This course is offered in the Spring semester only. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>MUSIC 25AD Chamber Music Ensemble 5.6 hours laboratory Recommended Preparation: Prior vocal or instrumental experience. Grading: letter grade or pass/no pass This course includes the study and performance of music for chamber ensembles including: brass ensemble, woodwind ensemble, percussion ensemble, string ensemble, and guitar ensemble. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>1.0 unit</p>	<p>MUSIC 32 History of Jazz 3.4 hours lecture Grading: letter grade This one semester course is an overview on the development of the jazz tradition, tracing back to its African roots, and forward through the different styles, including blues, ragtime, swing, bebop, and post-bop. This course also focuses on the critical cultural and</p>	<p>3.0 units</p>

social issues associated with African-Americans and American history, and the role the musical developments played within the context of art as a reflection of society.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 33B 3.0 units

Intercultural Music

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a survey of various types of music from Latin America and the Caribbean. Students will learn to recognize numerous styles of music through rhythmic patterns, as well as the historical, geographic, and political dimensions of the genres, with emphasis on the contribution of African and European music on Latin styles.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 35 3.0 units

Music of Multicultural America

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a comparative and integrative study of the multicultural musical styles of the United States, based on the fundamental principles of music appreciation. This class will feature the music histories and progression of Native Americans, European Americans, African Americans, Chicano/Latino Americans, Pacific Islanders, Asian Americans and Middle Eastern Americans. Students will gain the knowledge and skills necessary to understand and interpret analyses of musical traditions from technical and cultural perspectives. Students will progress through the sequential development of listening and descriptive skills with a variety of media including films, recordings, hands-on performance activities, and computer-assisted instruction.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 38AD 1.0 unit

Wind Ensemble

5.6 hours laboratory

Recommended Preparation: Prior instrumental experience.

Grading: letter grade or pass/no pass

This course involves the study and performance of music composed for winds and percussion instruments, usually with one player per part. The musical literature represented includes all contemporary wind ensemble music as well as classical arrangements and transcriptions. The wind ensemble typically performs at least two concerts per semester.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 40 3.0 units

Appreciation of Music

3.4 hours lecture

Grading: letter grade or pass/no pass

This course serves as a broad approach to musical literature and its place in the cultural development of western civilization. It is designed for the non-music major.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 40H 3.0 units

Honors Appreciation of Music

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course serves as a broad approach to musical literature and its place in the cultural development of western civilization. The course is designed for non-music majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 41AD 1.0 unit

Madrigal A'Capella Choir

5.6 hours laboratory

Recommended Preparation: Prior vocal experience

Grading: letter grade or pass/no pass

This choir provides the study of vocal techniques and music reading through performance of a'capella choral literature. Participation in several performances each semester is required.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 43 1.0 unit

Jazz Improvisation Techniques

3.4 hours laboratory

Prerequisite: MUSIC 6

Grading: letter grade or pass/no pass

This course covers basic techniques in Jazz improvisation, beginning with simple question and answer phrases and progressing to extended solos. The course will study standard instrumental and vocal jazz repertoire and students will learn detailed and applied knowledge of standard chord progressions.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 44 1.0 unit

The Evening Jazz Choir

5.6 hours laboratory

Recommended Preparation: Prior vocal experience

Grading: letter grade or pass/no pass

Formerly MUSIC 44AD. Jazz standards and pop classics are studied and performed in a choral setting (Soprano, Alto, Tenor, Bass), emphasizing the musical styles characteristic of this genre. The choir is comprised of people within the community who usually work full-time in a non-related occupation and can rehearse and perform during the evening.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 46 1.0 unit

College Symphonic Band

5.6 hours laboratory

Recommended Preparation: Prior instrumental experience.

Grading: letter grade or pass/no pass

This is a performance organization dedicated to the production of a wide variety of musical literature for the Wind Band.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

<p>MUSIC 47AD</p> <p>Wind Symphony 5.6 hours laboratory Recommended Preparation: Prior instrumental experience. Grading: letter grade or pass/no pass The Wind Symphony is a performance organization which seeks out, prepares and performs wind band literature from all periods and musical styles. While all repertoire is considered, the majority of music performed is somewhat more traditional in nature and tends to be focused more on mainstream 20th Century literature composed and transcribed for wind instruments. The instrumentation of the wind ensemble includes woodwinds, brass, and percussion. The ensemble will traditionally have two concerts a semester as well as go on a tour in the spring. Other concert opportunities may also arise. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>1.0 unit</p>	<p>MUSIC 51C</p> <p>Intermediate Piano I 3.4 hours lecture Prerequisite: MUSIC 51B Grading: letter grade or pass/no pass This course will allow students to refine and develop beginning keyboard skills. Piano technique, major and minor scales and arpeggios, sight-reading, expanded chord progressions and harmonization skills are encountered in intermediate piano music. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>MUSIC 49AD</p> <p>Viking Show Band 5.6 hours laboratory Recommended Preparation: Prior instrumental experience. Grading: letter grade or pass/no pass The Viking Show Band will perform for all home football and basketball games as well as pep rallies, performances on campus, and at a variety of special activities in and around the Long Beach community. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>1.0 unit</p>	<p>MUSIC 51D</p> <p>Intermediate Piano II 3.4 hours lecture Prerequisite: MUSIC 51C Grading: letter grade or pass/no pass This course will allow students to refine and develop intermediate keyboard skills. Piano technique, harmonization techniques, ensemble skills, and stylistic considerations are encountered in upper-intermediate piano repertoire. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>MUSIC 51A</p> <p>Beginning Piano 1 3.4 hours lecture Grading: letter grade or pass/no pass This course is an introduction to beginning keyboard skills. It includes basic technique, major and minor five finger patterns, major scales, sight reading and basic chord progressions, as they are encountered in beginning piano music. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>MUSIC 54AD</p> <p>Jazz Ensemble 5.6 hours laboratory Recommended Preparation: Prior Instrumental experience Grading: letter grade This course involves the study and performance of jazz ensemble music. The Jazz Ensemble rehearses and performs music ranging from the classic big band repertoire to contemporary and cutting-edge concert jazz music by today's leading jazz composers. Typically two concert performances are required each semester. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>1.5 units</p>
<p>MUSIC 51B</p> <p>Beginning Piano 2 3.4 hours lecture Prerequisite: MUSIC 51A Grading: letter grade or pass/no pass In this course students refine and further develop beginning keyboard skills. This includes piano technique, major scales and arpeggios, sight-reading, chord progressions and harmonization skills, as encountered in upper-beginning/early intermediate piano music. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>MUSIC 55AD</p> <p>Guitar 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This course provides beginning instruction in the guitar, using a classical approach to basic technique, musicianship, and repertoire. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>2.5 units</p>
<p>MUSIC 56AD</p> <p>Intermediate Guitar 2.3 hours lecture, 2.3 hours laboratory Prerequisite: MUSIC 55AD Grading: letter grade or pass/no pass This course provides intermediate/advanced instruction in the guitar, using a classical approach to advanced technique, musicianship, ensemble work, and repertoire. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>MUSIC 56AD</p> <p>Intermediate Guitar 2.3 hours lecture, 2.3 hours laboratory Prerequisite: MUSIC 55AD Grading: letter grade or pass/no pass This course provides intermediate/advanced instruction in the guitar, using a classical approach to advanced technique, musicianship, ensemble work, and repertoire. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>2.5 units</p>

MUSIC 57AD 1.5 units

Jazz Combos

5.6 hours laboratory

Grading: letter grade or pass/no pass

The students in this course will perform original jazz classics, American songbook standards, and new compositions. Jazz Combos consist of a rhythm section (bass, drums, piano or guitar) and one to four other instruments. The Jazz Combos perform 1- 2 times each semester.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 58 1.5 units

College Philharmonia

5.6 hours laboratory

Recommended Preparation: Prior successful orchestral experience.

Grading: letter grade or pass/no pass

Formerly MUSIC 58AD. This course involves the study and performance of the orchestral repertoire and works by contemporary composers. It emphasizes ensemble techniques including articulation, balance, phrasing, expression and accompanying. Participation in two concerts per semester, at minimum, is required.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

MUSIC 60 2.5 units

Pro Tools (Digital Audio Recording/Edit)

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade

Formerly MUSIC 60AD. This course provides instruction on the functions and operations of Pro Tools software and a general overview of Pro Tools related hardware. The class instruction provides a hands-on experience through "real-world" related assignments for students to record, edit and mix digital audio in a computer environment. Although the Pro Tools systems vary in specifications, features and price, the user interface for all systems is consistent and enables the student to translate learned skills to any high-end professional Digital Audio Workstation.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 68 3.0 units

Basic Audio Theory

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to the theoretical and practical aspects of sound, recording studio and live sound reinforcement technology.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 71AD 2.5 units

Introduction to Music Technology

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

This course is a comprehensive introduction to music technology. Historical and current uses of music technology including MIDI are covered. This class also covers basic music notation as it is used in music technology.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 74AD 2.5 units

Solo Vocal Performance (Pop, Jazz, Rock)

2.3 hours lecture, 2.3 hours laboratory

Recommended Preparation: MUSIC 7AB

Grading: letter grade or pass/no pass

This course is a performance class designed to help singers of all ages and talent levels improve their craft by performing in front of a live audience. All genres (pop, rock, gospel, rap, classical and jazz) are welcome. Students will learn microphone techniques, work with a professional accompanist and/or prerecorded accompaniment tracks and receive written critiques by the instructor after each performance. All performances are recorded and returned to the student for artistic review.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 75A 3.0 units

The Music Business

3.4 hours lecture

Grading: letter grade or pass/no pass

This course covers the study of how the music business system is structured and how it works. Job opportunities, job responsibilities and auxiliary jobs related to the music business will be surveyed and discussed. Students are directed towards research in their areas of interest. Guest speakers serve as industry resources. The course also includes an introductory study of music industry personalities covering historical, traditional and contemporary genres.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 75B 3.0 units

The Music Business

3.4 hours lecture

Grading: letter grade or pass/no pass

This course continues the study of how the music business system is structured and how it works. Job opportunities, job responsibilities and auxiliary jobs related to the music business will be surveyed and discussed. Students are directed towards research in their areas of interest. Guest speakers serve as industry resources. Music 75B also includes an advanced study of music industry personalities covering traditional and contemporary genres. Key music industry figures will be studied. This course also covers the techniques required to develop a resume and/or a portfolio.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 77AD 1.0 unit

Studio Performance Techniques

5.6 hours laboratory

Grading: letter grade or pass/no pass

This course is a study of instrumental performance techniques in a recording studio environment through rehearsal and performance of instrumental jazz literature.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>MUSIC 81 Commercial Keyboard 3.4 hours lecture Prerequisite: MUSIC 51A Grading: letter grade or pass/no pass Formerly MUSIC 81AD. This course is designed to give students a practical approach to music on piano keyboard instruments, and at the same time, provide avenues for the improvement of keyboard skills such as music styles, harmony, improvisation and reading. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>3.0 units</p>	<p>MUSIC 89 History of Rock 3.4 hours lecture Grading: letter grade or pass/no pass The History of Rock Music will be treated as a chronological study. This allows for brief overviews of society in periods and then illustrates how the music of a particular period either supports or contradicts societal views. Although the main emphasis of study will be from 1955 to the present, brief attention will be given to sixteenth through twentieth century musical history and form as it relates to this period. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>3.0 units</p>
<p>MUSIC 82 Sound Reinforcement 1.1 hours lecture, 5.6 hours laboratory Prerequisite: MUSIC 94 Grading: letter grade or pass/no pass Formerly MUSIC 82AD. This course provides hands-on instruction in the use of sound reinforcement equipment, including miking techniques for live sound, selection and assembly of live sound systems, and the development of mixing expertise in a live sound venue. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.0 units</p>	<p>MUSIC 91AD Special Studies 1.1 hours lecture, 3.4 hours laboratory Recommended Preparation: Prior vocal or instrumental experience. Grading: letter grade or pass/no pass This course entails the directed study of special problems in music theory, composition, musicology, performance practice or organization and administration of instrumental or vocal ensembles. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>2.0 units</p>
<p>MUSIC 84AD Commercial Songwriting 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This course is a study of very contemporary songwriting principles and techniques. The course is designed to explore the use of technology in the songwriting process and is appropriate for students who wish to pursue careers as songwriters, artists, producers and/or recording engineers. Students will be introduced to systematic analytical techniques that aid in the developmental skills related to the songwriting process. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.5 units</p>	<p>MUSIC 92AD Applied Music 2.3 hours laboratory Prerequisite: Performance audition before the program faculty. Corequisite: MUSIC 11AD or 14AD or 46 and MUSIC 6 or 1A or 1B or 2A and MUSIC 5 or 9 or 10 or 16 . Grading: letter grade This course is designed for music majors planning to transfer to a university music program. It includes individual and master class instruction on either a keyboard instrument, voice, guitar or any standard instrument of the band or orchestra. The course includes performance of representative music literature from various periods and composers. The level of proficiency is determined by faculty adjudication. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>0.5 unit</p>
<p>MUSIC 87AD Vocal Jazz Trios, Quintets, Octets 5.6 hours laboratory Recommended Preparation: Prior vocal experience. Grading: letter grade or pass/no pass This course is a study of challenging vocal arrangements of jazz standards and pop classics. There will be multiple concerts and performances during the semester. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i></p>	<p>1.0 unit</p>	<p>MUSIC 94AD Beginning Recording Techniques 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This course offers hands-on instruction for beginners in the use of multi-track recording systems, emphasizing critical listening skills, and the development of a recording project. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.5 units</p>
<p>MUSIC 88 Small Studio Lab 2.3 hours lecture, 2.3 hours laboratory Recommended Preparation: One semester of MUSIC 94, MUSIC 95, MUSIC 96 or MUSIC 98 Grading: letter grade or pass/no pass Formerly MUSIC 88AD. This course is a study of recording studio techniques. Students will explore the use of synthesizers, drum machines, digital effects units and computers in the small studio environment. The course is appropriate for students who wish to pursue careers as music producers, songwriters, and/or recording engineers. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>2.5 units</p>	<p>MUSIC 96AD Advanced Recording Techniques 2.3 hours lecture, 2.3 hours laboratory Prerequisite: MUSIC 95AD Grading: letter grade or pass/no pass This class provides hands-on instruction in advanced recording techniques, including the use of a digital multi-track studio, studio mixing techniques, studio</p>	<p>2.5 units</p>

etiquette, dealing with musicians, and mixing at the advanced level, including the advanced use of out-board gear.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 98A 1.5 units

EXP: Jazz Ensemble

5.6 hours laboratory

Recommended Preparation: Prior Instrumental experience.

Grading: letter grade

This course involves the study and performance of jazz ensemble music. The Jazz Ensemble rehearses and performs music ranging from the classic big band repertoire to contemporary and cutting-edge concert jazz music by today's leading jazz composers. Typically two concert performances are required each semester. This will be expected of all enrolled students.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 98B 1.5 units

EXP: Jazz Combos

5.6 hours laboratory

Grading: letter grade or pass/no pass

The students in this course will perform original jazz classics, American songbook standards, and new compositions. Jazz Combos consist of a rhythm section (bass, drums, piano or guitar) and one to four other instruments. The Jazz Combos perform 1- 2 times each semester. This will be expected of all enrolled students.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 98C 0.5 unit

EXP: Adv. Applied Vocal & Instrumental Music

2.3 hours laboratory

Grading: letter grade

This course continues the skills and outcomes of Music 17A in preparation for advanced repertoire and techniques in performance, and also serves as major preparation for the transfer audition. This also serves as the final preparation for a Sophomore recital. Students will participate in rehearsal and concert performances outside of regular class meetings.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

MUSIC 271AD 2.0 units

Work Experience-Music

1.1 hours lecture, 4.6 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

MUSIC 272AD 3.0 units

Work Experience-Music

1.1 hours lecture, 9.3 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

MUSIC 273AD 4.0 units

Work Experience-Music

1.1 hours lecture, 14.1 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

**NURSING, ASSOCIATE DEGREE
NURSING- RN (ADN)**

ADN 11A 2.5 units

Introduction to Nursing

2.8 hours lecture

Prerequisite: Hospital agency requires CPR certification for health care providers. ANAT 1, PHYSI 1, BIO 2, and ENGL 1.

Corequisite: ADN 11AL, PSYCH 1 or SOCIO 1 (may be taken as a prerequisite)

Grading: letter grade

The course is an introduction to the basic concepts of the Self-Care Theory of Nursing by Dorothea Orem. Included are the basic knowledge, skills and attitudes necessary to meet or to assist in meeting the universal self-care requisites of the hospitalized adult. Also included are the fundamental concepts upon which subsequent courses in the nursing program are built.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 11AL 1.5 units

Introduction to Nursing Lab

5.1 hours laboratory

Prerequisite: ENGL 1, ENGL 105 or ESL 34 and BIO 60, BIO 60L, and CDECE 47. Compliance with all clinical agency health and safety policies is required the first day of the course.

Corequisite: ADN 11A

Grading: letter grade or pass/no pass

The course includes on-campus lab practice and application of the course content in clinical nursing situations. This lab course aligns with the course content presented in ADN 11A.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 11B 2.5 units

Health Deviations 1

2.8 hours lecture
Prerequisite: ADN 11A and ADN 11AL.
Corequisite: ADN 11BL.
Grading: letter grade

This course is an introduction to deviations in health of the adult client. It emphasizes the health deviation self-care requisites of intake of air, intake of water, balance of activity and rest. Collaborative problems are added to previously learned information about the nursing process; as well as medication administration, oral and injected. The course places an emphasis on teaching safety and communication for the hospitalized patient.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 11BL 1.5 units

Health Deviations 1 Lab

5.1 hours laboratory
Prerequisite: ADN 11A and ADN 11AL. Compliance with all clinical agency health and safety policies is required the first day of the course.
Corequisite: ADN 11B
Grading: letter grade or pass/no pass

This course includes on-campus lab practice and application of the course content in clinical nursing situations. Skill activities include oral and injected drug administration, respiratory, abdominal and lower leg assessment and related skills.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 12A 2.5 units

Health Deviations 2

2.8 hours lecture
Prerequisite: ADN 11B and ADN 11BL.
Corequisite: ADN 12AL.
Grading: letter grade

This course is the second medical-surgical nursing course in the nursing program. The effects and results of specific pathological conditions and treatment modalities upon the perioperative patient will be studied. Emphasis is placed on the nursing care needs of the middle adulthood. Students must be enrolled in this course before attempting to enroll in ADN 12AL.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 12AL 1.5 units

Health Deviations 2: Lab

5.6 hours laboratory
Prerequisite: ADN 11B and 11BL. Compliance with all clinical agency health and safety policies is required the first day of the course.
Corequisite: ADN 12A. You must first enroll in the corequisite course before you attempt to enroll in this class.
Grading: letter grade or pass/no pass

This laboratory course includes both on-campus laboratory practice and application of course content in the live nursing situation. Skills include intravenous therapy, medical and surgical aseptic practices and selected physical assessments. Students will provide nursing care for a two patient perioperative assignment

in the acute care setting. Experiences off the unit may include a day in the operating room or outpatient services.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 12B 2.5 units

Health Deviations 3

2.8 hours lecture, 0.1 hour supplemental learning
Prerequisite: ADN 12A and ADN 12AL.
Grading: letter grade

This course continues to explore the professional role of the nurse, and patient demands for increased care necessitated by health deviations in the hospitalized adult. The content emphasizes the nursing process using Orem's Self-Care Theory, specifically the requisites of sufficient intake of water and food, elimination, and excretion. Focus is placed on collaborative management of care, communication, safety, and critical thinking in assuming the expanding role of the registered nurse. Additionally, the effects of specific pathological health deviations and medical treatment modalities for the medical patient are studied with attention to teaching and learning. Students must be enrolled in this course before attempting to enroll in ADN 12BL. Students will be required to attend 1 hour of the supplemental learning activity in a designated Success Center.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 12BL 1.5 units

Health Deviations 3: Lab

5.1 hours laboratory
Prerequisite: ADN 12A and 12AL. Compliance with all clinical agency health and safety policies is required the first day of the course.
Corequisite: ADN 12B. You must first enroll in the corequisite course before you attempt to enroll in this course.
Grading: letter grade or pass/no pass

This course provides on-campus lab practice and application of course content utilizing Orem's Self-Care Theory and the nursing process in the live nursing situation. Skill activities include intravenous therapy, physical assessments, and medical and surgical aseptic practice with related skills. Students assume the professional role of the registered nurse while collaborating and managing the safe care of a multiple patient assignment in the medical areas of the acute care facilities. Communication, teaching and learning, and critical thinking skills are emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 20A 1.0 unit

Transition to Second Level Nursing

1.1 hours lecture
Prerequisite: ANAT 1, PHYSI 1, BIO 2, ENGL 105 or ENGL 1 or ESL 34 CPR Certification for health care providers.
Corequisite: ADN 202AD.
Grading: letter grade or pass/no pass

This course is designed to prepare advanced placement licensed vocational nursing students for second level Registered Nursing content. The major foci are Orem's Self Care Theory of Nursing and the application of the nursing process as a second level practitioner.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 21B 2.5 units

Mental Health

2.8 hours lecture

Prerequisite: ADN 12B, ADN 12BL or ADN 20A .

Grading: letter grade

This course is a study of Orem’s Self-Care Theory and the nursing process as they relate to mental health and/or mental health deviations in the client with acute/chronic debilitating diseases. Emphasis is placed on therapeutic communication skills.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 21BL 3.0 units

Mental Health Lab

10.1 hour laboratory

Prerequisite: ADN 12B and ADN 12BL or ADN 20A. Compliance with all clinical agency health and safety policies is required the first day of the course.

Corequisite: ADN 21B

Grading: letter grade or pass/no pass

This laboratory course includes both on and off campus labs that provide an opportunity to practice and apply the theory content in simulated and live nursing situations. The primary emphasis is placed on the application of theory and integrating communication skills into interactions with patients in both the psychiatric and medical-surgical acute care settings. Skill activities include intravenous venipuncture, group participation and various communication techniques.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 22B 2.5 units

Advanced Nursing II Role Transition

2.8 hours lecture

Prerequisite: ADN 22A and ADN 22AL or ADN 322A.

Grading: letter grade or pass/no pass

This course provides the opportunity to integrate all previously learned theories and skills. Advanced geriatric content and leadership theory is utilized in a primary or team nursing setting on various hospital shifts, and in the home health settings. The major emphasis is placed on the role transition from student to graduate nurse.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 22BL 3.0 units

Adv. Nursing II-Role Transition Lab

10.1 hour laboratory

Prerequisite: ADN 22A and ADN 22AL or ADN 322A. Compliance with all clinical agency health and safety policies is required the first day of the course.

Corequisite: ADN 22B

Grading: letter grade or pass/no pass

This laboratory course provides the opportunity to integrate all previously learned theories and skills in the clinical setting. It incorporates advanced geriatric content and leadership theory in a primary or team nursing setting on various hospital shifts and in the home health setting. The major emphasis is on the role transition from student to graduate novice nurse.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 31A 1.0 unit

Trends in Nursing A

1.1 hours lecture

Corequisite: ADN 21A, ADN 21AL, ADN 21B and ADN 21BL

Grading: letter grade or pass/no pass

This course is designed for students to study the trends and issues which effect current nursing practice. The major foci include the evolution of nursing, professional opportunities for the practice of nursing, the legal and ethical relationships in nursing, the economics of health care, the interpersonal relationships among health care professionals and current issues.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 31B 1.0 unit

Trends in Nursing B

1.1 hours lecture

Prerequisite: ADN 31A

Corequisite: ADN 22A, ADN 22AL, ADN 22B and ADN 22BL

Grading: pass/no pass

This course is designed to continue the study of the trends and issues in nursing. The major foci includes: Preparation for licensure, communication, development of a personal philosophy of nursing, the professional role of the nurse, professional employment, educational and volunteer opportunities. It also includes critical thinking, safety and collaboration.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 35A 1.5 units

Maternal/Newborn Nursing

1.7 hours lecture

Prerequisite: ADN 12B and ADN 12BL or ADN 20A and CPR certification for health care providers.

Grading: letter grade

Formerly ADN 235A. This course emphasizes Orem’s Self-Care Theory of developmental self-care requisites, health deviations and universal self-care requisites as it relates to women and newborns. The content involves the study of gynecological problems, deviations from normal pregnancy, care during prenatal, intrapartal, and postpartal periods, of normal and high risk pregnancy. In addition the assessment and care of the normal newborn is included.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

ADN 35AL 1.5 units

Maternal/Newborn Nursing Lab

5.1 hours laboratory

Prerequisite: ADN 20A and CPR certification.

Corequisite: ADN 35A

Grading: letter grade

Formerly ADN 235AL. This course applies the course content in a live nursing situation. It includes on-campus/clinical lab practice and testing of required skills in perinatal units, newborn nursery, GYN, and community setting.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>ADN 35B 1.5 units</p> <p>Pediatric Nursing 1.7 hours lecture Prerequisite: ADN 12B and ADN 12BL or ADN 20A and CPR certification for health care providers. Grading: letter grade Formerly ADN 235B. This course emphasizes Orem’s Self-Care Theory of developmental self-care requisites, health deviations, and universal self-care requisites as it relates to ill children. The content involves the study of illness in children. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ADN 200 0.5 unit</p> <p>Nursing Skills Adjunct Laboratory 1.7 hours laboratory Grading: pass/no pass This course allows self-paced, individualized instruction in basic bedside nursing skills and advanced nursing skills, with supervised practice to improve performance and is designed for students in the RN program, students approved for re-entry, individuals who are currently licensed as LVNs and/or foreign graduate nurses.</p>
<p>ADN 35BL 1.5 units</p> <p>Pediatric Nursing Lab 5.1 hours laboratory Prerequisite: ADN 20A and CPR Certification. Corequisite: ADN 35B Grading: letter grade Formerly ADN 235BL. The activities for this laboratory course include on-campus practice and application, in acute care hospitals and outpatient settings, of course content in pediatric nursing taught in ADN 235B. The course emphasizes the educative/supportive role of the nurse. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>ADN 201 0.5 unit</p> <p>Nursing Skills Adjunct Laboratory 1.7 hours laboratory Grading: pass/no pass This course allows self-paced, individualized instruction in first semester basic bedside nursing skills with supervised practice to improve performance.</p>

Corequisite: ADN 12A or ADN 12B Grading: pass/no pass This course will provide student nurse experiences in approved health care agencies using a Board of Registered Nursing approved curriculum. The purpose of this course is to apply theory and principles taught in the classroom to the clinical setting.</p>

ADN 221 2.0 units

Clinical Practicum II

6.8 hours laboratory
Prerequisite: ADN 12A and ADN 12B. Compliance with all clinical agency health and safety policies is required the first day of the course.

Corequisite: ADN 21A or ADN 21B
Grading: pass/no pass

This course will provide student nurse experiences in approved health care agencies using a Board of Registered Nursing approved curriculum. The purpose of this course is to apply theory and principles taught in the classroom to the clinical setting.

ADN 222 2.0 units

Clinical Practicum III

6.8 hours laboratory
Prerequisite: ADN 21A and ADN 21B. Compliance with all clinical agency health and safety policies is required the first day of the course.

Corequisite: ADN 22A or ADN 22B
Grading: pass/no pass

This course will provide student nurse experiences in approved health care agencies using a Board of Registered Nursing approved curriculum. The purpose of this course is to apply theory and principles taught in the classroom to the clinical setting.

ADN 225 3.0 units

Pharmacology

3.4 hours lecture
Recommended Preparation: BIO 60 or ANAT 1 and PHYSI 1 and READ 82 or completion of Reading proficiency.

Grading: letter grade

This is an introductory course into the study and management of commonly prescribed drugs. Drug classifications and prototypes are discussed rather than individual medication. The principles of medication administration including common side-effects and nursing responsibilities is included. Dosage calculation is not included. This course is not open for credit to students who have completed VN 225. ADN 225 and VN 225 are equivalent courses.

ADN 321A 1.5 units

Women's Health & Advanced Obstetrics

1.7 hours lecture
Prerequisite: ADN 20A and CPR certification for health care providers.

Grading: letter grade or pass/no pass

This is a 4 week course is designed to fulfill the women's health and advanced obstetrics nursing requirement for the thirty-unit option only. The major focus is nursing care of the adult client in the gynecological surgical units and high-risk obstetrical units, including care of the high-risk infant. It emphasizes the educative supportive role of the nurse.

ADN 321AL 1.5 units

Women's Health & Adv Obstetrics Lab

5.6 hours laboratory
Prerequisite: ADN 20A and CPR certification for health care providers.

Corequisite: ADN 31A and ADN 321A

Grading: letter grade or pass/no pass

This course applies the course content in a live nursing situation. It includes on-campus lab practice, simulation, clinical experience, and testing of required skills in perinatal units, and newborn nursery.

ADN 322A 1.5 units

Advanced Nursing I-Adult Critical Care

1.7 hours lecture
Prerequisite: ADN 321A and ADN 21B and ADN 21BL and CPR certification for health care providers.

Grading: letter grade or pass/no pass

This course is designed to fulfill the advanced medical/surgical nursing requirements for the 30-unit option student. The major focus of the course is nursing care of the adult patient in the critical care setting. It emphasizes the educative/supportive role of the nurse.

ADN 322AL 1.5 units

Adv. Nursing I-Adult Critical Care Lab

5.6 hours laboratory
Prerequisite: ADN 321A and ADN 21B and ADN 21BL and CPR certificate for health care providers.

Corequisite: ADN 31B and ADN 322A. You must first enroll in the corequisite course before you attempt to enroll in this class.

Grading: letter grade or pass/no pass

This course is designed to fulfill the advanced medical/surgical nursing requirements for the 30-unit option only. The major focus is nursing care of the adult patient in the critical care setting. This course will emphasize the educative/ supportive role of the nurse.

ADN 430 2.5 units

NCLEX-RN Preparation Course

2.8 hours lecture
Prerequisite: Letter of Eligibility to take NCLEX-RN or Authorization to test (ATI) letter from BRN.

Grading: letter grade

This course is designed to prepare the graduate nurse to pass the NCLEX-RN. The content includes medical, surgical, pediatrics, nursing of the child-bearing family, mental health, pharmacology, critical thinking, community health and leadership refresher course.

ADN 600 0.0 unit

Health Care Learning Center

16.9 hours laboratory
Corequisite: Current enrollment in a health care program course.

Grading: LBCC Non-Graded Course

This is a non-credit course designed for enhanced assistance for skill attainment in health care programs.

ADN 610 0.0 unit

Nursing Skills Refresher Laboratory

0.8 hour laboratory
Grading: LBCC Non-Graded Course

This course is designed to provide students with individual and small-group instruction in basic bedside nursing skills and advanced bedside nursing skills. Supervised practice is available on a recurring, as needed, and/or drop-in basis to improve performance levels.

ADN 810

0.5 unit

Preparation for Nursing

0.6 hour lecture

Grading: pass/no pass

This course is designed for a pre-nursing student. The course supports the pre-nursing student in: the development of effective study habits, test-taking strategies, nursing terms, abbreviations and symbols used in health care, and knowledge of the nursing profession.

***NURSING, VOCATIONAL NURSING
(VN)***

VN 215

6.0 units

Fundamentals of Nursing

3.9 hours lecture, 8.4 hours laboratory, 0.3 hour supplemental learning

Recommended Preparation: READ 883 and MATH 805

Grading: letter grade

This combined lecture/lab course is designed to prepare students to perform basic-fundamental nursing skills required in the care of residents in long-term/skilled nursing facilities. Content includes safety principles, physical care, emotional support and infection control. Upon completion of the course, the student qualifies for the certified nursing assistant (CNA) written and performance examination to be administered at regional testing centers. Students are required to complete 4 hours throughout the course of the semester in a Multidisciplinary Success Center to complete activities and assignments that relate specifically to this course's content.

VN 216

1.5 units

Home Health Aide

1.1 hours lecture, 1.7 hours laboratory

Prerequisite: Must Possess a valid and current nursing assistant (C.N.A) state certificate.

Grading: letter grade

This course meets the requirements set by the California State Department of Public Health Services for a Certified Nursing Assistant to become a Certified Home Health Aide.

VN 220

4.0 units

Transition to Vocational Nursing

3.4 hours lecture, 3.4 hours laboratory, 0.1 hour supplemental learning

Prerequisite: BIO 60 and VN 225 or ADN 225

Recommended Preparation: MATH 815 or higher or met the Math college proficiency and READ 82 or READ 83 or met the Reading college proficiency.

Grading: letter grade

This combined lecture/campus lab course is designed to prepare students for success in the vocational nursing program. Content includes critical thinking & problem solving, communication, cultural competency, professional roles and responsibilities, and developmental levels across the lifespan. Additional topics include learning styles, nursing terminology, nutrition, basic documentation, dosage calculation, and health and safety policies required for VN program admission. Students are required to complete 2 additional hours of Supplemental Instruction in a designated Success Center.

VN 222

1.0 unit

Intravenous Therapy & Blood Withdrawal

0.6 hour lecture, 1.7 hours laboratory

Prerequisite: VN 255 or VN 265, or licensed as a vocational nurse (LVN).

Grading: pass/no pass

This course is designed for instruction and supervised practice of the concepts and techniques of intravenous therapy and blood withdrawal procedures. The course is designed to meet the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT) Intravenous & Blood Withdrawal Certification. This course is designed for students currently in the last semester of the Vocational Nursing Program, or those preparing for licensure.

VN 225

3.0 units

Pharmacology

3.4 hours lecture

Recommended Preparation: BIO 60 or ANAT 1 and PHYSI 1 and READ 82 or completion of Reading proficiency.

Grading: letter grade

This is an introductory course into the study and management of commonly prescribed drugs. Drug classifications and prototypes are discussed rather than individual medication. The principles of medication administration including common side-effects and nursing responsibilities is included. Dosage calculation is not included. This course is not open for credit to students who have completed ADN 225. ADN 225 and VN 225 are equivalent courses.

VN 230

3.0 units

Common Health Deviations 1

3.4 hours lecture, 0.1 hour supplemental learning

Prerequisite: VN 220, VN 225, and BIO 60.

Grading: letter grade

Admission to the program is required prior to enrolling in this first clinical course of the vocational nursing program. The course includes the nursing concepts of the nursing process, Orem's self-care theory, disuse syndrome, skin integrity/wound care, activity and rest, altered nutrition, and risk for injury and fluid and electrolytes. Other topics include pathophysiology and nursing care for patients with diabetes, cardiovascular problems and respiratory disorders. Students are required to complete 2 hours of Supplemental Learning Assistance activities in designated Success Centers.

VN 230L

3.5 units

Common Health Deviations 1 Lab

11.8 hours laboratory

Corequisite: VN 230

Grading: pass/no pass

This course provides opportunity for nursing students to practice the concepts learned in VN230 in a hospital or sub-acute setting. The campus lab content includes basic data collection and health assessment, preparation of nursing care plan, nursing documentation, oxygen therapy, and medication administration. Compliance with all clinical agency policies is required the first day of the course.

<p>VN 235</p> <p>Common Health Deviations 2 3.4 hours lecture Grading: letter grade This course provides the theoretical basis for the provision of nursing care for patients before and after surgical procedures. The course continues to develop the concepts of nursing process and Orem's self-care theory that were introduced in VN 230. Additionally, this course covers the nursing concepts of pain management, body image disturbances, and nutritional support. Other topics include pathophysiology and nursing care for patients with health deviations that include the musculoskeletal system, gastrointestinal system, immune system, urinary-renal system, Hepatic-biliary, and infectious diseases.</p>	<p>3.0 units</p>	<p>VN 250</p> <p>Nursing Care of Children 2.3 hours lecture Prerequisite: VN 230 and VN 230L Grading: letter grade This course provides instruction in the growth and development of normal children along with the most common health problems of childhood and adolescence. Orem's self-care theory and the nursing process are applied to the study of health promotion and disease prevention for children and adolescents.</p>	<p>2.0 units</p>
<p>VN 235L</p> <p>Common Health Deviations 2 Lab 11.8 hours laboratory Grading: pass/no pass This course provides opportunity for nursing students to practice the concepts of medical-surgical units including perioperative nursing care, learned in VN 235. The clinical setting is both medical and surgical and perioperative nursing care units. Topics presented in the campus nursing lab include skills required for care of surgical and medical patients. Compliance with all clinical agency policies is required the first day of the course.</p>	<p>3.5 units</p>	<p>VN 250P</p> <p>Nursing Care of Children Practicum 3.4 hours laboratory Corequisite: VN 250 Grading: pass/no pass This course provides opportunity for nursing student to provide nursing care for child-rearing families in ambulatory care clinics. Campus lab content includes application of the principles of growth and development. Compliance with all clinical agency health and safety policies is required the first day of the course.</p>	<p>1.0 unit</p>
<p>VN 240</p> <p>Mental Health Nursing 3.4 hours lecture Grading: letter grade This course is designed to assist vocational nursing students with self-development and with acquisition of behaviors needed to provide a helping relationship with their patients. Topics include principles of personality development, psychosocial development, psychopharmacology, common mental health deviations, and major psychiatric illnesses.</p>	<p>3.0 units</p>	<p>VN 255</p> <p>Common Health Deviations 3 3.4 hours lecture Prerequisite: VN 235 and 235L Grading: letter grade This course is the third medical surgical nursing course in the program. Orem's theory of self-care and the nursing process is continued in the study of vocational nursing concepts. Pathophysiology and nursing care of the following health deviations are studied: female reproductive, male urinary & reproductive, sexually transmitted diseases, basic emergent and cardiac deviations, advanced fluid and electrolyte balance, oncological, hematologic, neuro-sensory, thyroid & adrenal disorders.</p>	<p>3.0 units</p>
<p>VN 245</p> <p>Maternal-Infant Nursing 2.3 hours lecture Prerequisite: VN 230 and VN 230L Grading: letter grade This course provides instruction in the normal developmental phases of the child-bearing family and the most common related problems. Orem's self-care theory and the nursing process are continued in the study of prenatal, perinatal, and postpartum nursing care.</p>	<p>2.0 units</p>	<p>VN 255L</p> <p>Common Health Deviations 3 Lab 11.8 hours laboratory Corequisite: VN 255 Grading: pass/no pass This course provides opportunity for nursing students to become more proficient in the nursing care of patients with medical surgical problems. Students practice with staff vocational and registered nurses to develop beginning competency in the role of the vocational nurse in acute care facilities. Compliance with all clinical agency health and safety policies is required the first day of the course.</p>	<p>3.5 units</p>
<p>VN 245L</p> <p>Maternal-Infant Nursing Lab 3.4 hours laboratory Grading: pass/no pass This course provides opportunity for nursing students to provide prenatal, perinatal, and postnatal nursing care in both hospital and ambulatory care facilities. Campus lab content includes data collection and routine care of the postpartum mother and her newborn. Compliance with all clinical agency policies is required the first day of this course.</p>	<p>1.0 unit</p>	<p>VN 260</p> <p>Roles and Responsibilities 1.7 hours lecture Prerequisite: VN 240 Grading: pass/no pass This course is designed to assist the vocational nursing student in the transition to the responsibilities of the graduate vocational nurse. Topics include the ethical, legal, regulatory, leadership, and policy issues that control the practice of vocational nursing in California. Opportunity is provided for career planning, including job skills and application for licensure.</p>	<p>1.5 units</p>

VN 265 3.0 units

Common Health Deviation-4

3.4 hours lecture

Corequisite: VN 255

Grading: letter grade

This is normally the last clinical course of the vocational nursing program. Orem's theory of self-care and the nursing process is continued. Geriatric and Adult health deviations commonly requiring chronic health care are studied. Other topics include leadership and supervisory roles of vocational nurses in long term and restorative or rehabilitation, and disaster preparation.

VN 265L 3.0 units

Common Health Deviation-4 Lab

10.1 hour laboratory

Corequisite: VN 265

Grading: pass/no pass

This course provides opportunity for students to apply nursing theory regarding chronic illness to the care of older adults/Geriatric population in long term care settings, such as nursing homes, skilled nursing, sub-acute, and rehabilitation. Compliance with all clinical agency health and safety policies is required the first day of the course.

VN 266 0.5 unit

Nrsg. Skills Practice Lab-Adv.

1.7 hours laboratory

Grading: pass/no pass

Formerly VN 266AD. This course provides self-paced and individualized instruction and practice in a campus nursing laboratory setting. Students are encouraged to attend and practice nursing skills, and prepare for post-graduate nursing which includes blood withdrawal for vocational nursing. This course may be offered in the last semester of the vocational nursing program.

PHILOSOPHY (PHIL)

PHIL 3 3.0 units

Intro to Issues/Phil, Psych & Religion

3.4 hours lecture

Grading: letter grade or pass/no pass

The course compares and integrates insights from three interrelated disciplines philosophy, psychology, and religion that correspond to the intellectual, emotional, and spiritual dimensions of human existence. Students learn the four basic foundations of knowledge: reason, authority, the senses, and experience that are used by each of the three disciplines in their search for truth. Following this framework, the course surveys a wide variety of theories and beliefs and offers a critical analysis comparing their similarities and differences. Students explore, discuss, and evaluate the basic positions of most of the world's great philosophers, psychologists, and theologians from Socrates and Descartes to Sartre, from Freud and Skinner to Maslow, and from Buddha and Jesus to Buber.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 6 3.0 units

Introduction to Philosophy

3.4 hours lecture

Grading: letter grade or pass/no pass

This introductory philosophy course explores perennial questions in philosophy. It surveys a number of the main areas within philosophy including metaphysics,

epistemology, and ethics, with an emphasis on critical thinking and philosophical analysis.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 6H 3.0 units

Honors Introduction to Philosophy

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This introductory philosophy course explores perennial questions in philosophy at an honors level. It surveys a number of the main areas within philosophy including metaphysics, epistemology, and ethics, with an emphasis on critical thinking and philosophical analysis.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 7 3.0 units

Introduction to Ethics

3.4 hours lecture

Grading: letter grade or pass/no pass

This course examines meta-ethical issues, moral theories, and the application of moral principles. Topics covered include presuppositions of, and challenges to, moral conversations; moral theories from the history of philosophy; and the application of moral theories to contemporary moral issues. Examples of contemporary moral issues are abortion, euthanasia, animal rights, censorship, terrorism, torture, affirmative action, environmentalism, and capital punishment.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 7H 3.0 units

Honors Introduction to Ethics

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course examines meta-ethical issues, moral theories, and the application of moral principles. Topics covered include presuppositions of, and challenges to, moral conversations; moral theories from the history of philosophy; and the application of moral theories to contemporary moral issues. Examples of contemporary moral issues are abortion, euthanasia, animal rights, censorship, terrorism, torture, affirmative action, environmentalism, and capital punishment.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 8 3.0 units

Introduction to Non-Western Philosophy

3.4 hours lecture

Grading: letter grade or pass/no pass

This course provides a broad introduction to some of the main philosophical traditions from around the world, such as Buddhism, Taoism, African Philosophy, and American Indian Philosophy. The major themes to be examined include the nature of reality, the meaning of life, the role of the individual and society, and the effects of history and culture on belief systems.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 9 3.0 units

Introduction to Existentialism

3.4 hours lecture

Grading: letter grade or pass/no pass

This course will examine the philosophical thought of existentialist writers such as Kierkegaard, Nietzsche, Sartre, Husserl, Tillich, Heidegger, Camus, and Dostoevsky. Emphasis will be placed on the analysis of recurring themes such as freedom, individuality, meaning and value, and the existence of God.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 10 3.0 units

Introduction to Feminist Philosophy

3.4 hours lecture

Grading: letter grade or pass/no pass

This course will examine feminist thought on philosophical issues in metaphysics, epistemology, and axiology. This exploration will examine both feminist theory and practice.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 11 3.0 units

Critical Thinking

3.4 hours lecture

Grading: letter grade or pass/no pass

This class focuses on the improvement of practical reasoning skills. Students will be required to improve their reasoning skills and will learn to detect and avoid common argument fallacies. Students will develop the knowledge and habits needed to make decisions between conflicting ideas and beliefs. Applications are made to both contemporary and perennial issues, such as current political events, the news media, science vs. pseudoscience and capital punishment.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 12 3.0 units

Introduction to Logic

3.4 hours lecture

Grading: letter grade or pass/no pass

Introduction to Logic focuses on informal and formal logic. Informal logic will focus on basic concepts in argumentation, the ways that arguments can be erroneous, and various types of inductive reasoning. Formal deductive logic will cover basic concepts of both categorical and sentential logic, including, but not limited to, Venn diagrams, the squares of opposition, truth tables, and natural deduction. All of the tools of formal deductive logic are designed to equip students to assess arguments.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 14 3.0 units

Philosophy of Religion

3.4 hours lecture

Grading: letter grade or pass/no pass

This course examines the philosophical themes within the world's religions. Central questions include: Does God exist? How can God be known? What is God's nature? Why is there evil? Can conflicting religions still be true? The emphasis will focus on understanding and critically analyzing the claims of the world's religions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 15 3.0 units

Introduction to Political Philosophy

3.4 hours lecture

Grading: letter grade or pass/no pass

This course examines some of the main issues within political philosophy. Topics include the justification of political authority, the ideal state, distributive justice, and the rights and responsibilities of citizens.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHIL 16 3.0 units

Introduction to Business Ethics

3.4 hours lecture

Grading: letter grade or pass/no pass

This course will examine ethical issues in business using an interdisciplinary approach or team teaching drawn from Philosophy and Management. Topics will include environmental concerns, the distribution of wealth, informational ethics, privacy and autonomy, and affirmative action. These will be discussed in the context of moral theories such as utilitarianism, deontology, and ethical egoism.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHIL 22 3.0 units

Symbolic Logic

3.4 hours lecture

Grading: letter grade

This course is an introduction to the formal techniques of evaluating arguments. The emphasis is on developing symbolic techniques, including sentential and quantificational, for representing and evaluating ordinary language arguments.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHOTOGRAPHY (PHOT)

PHOT 1 2.0 units

The Photographic Vision

2.3 hours lecture

Grading: letter grade or pass/no pass

This course is a speakers and critique series which introduces students to a broad range of photographic visions. The class will also provide the student with the skills necessary to critically evaluate and discuss the photograph. Technical information will be used to give students a deeper understanding of the photographer's vision.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 10 3.0 units

History of Photography

3.4 hours lecture

Recommended Preparation: Qualification through the English assessment process at the ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.

Grading: letter grade or pass/no pass

This course surveys the history of photography from its inception to the present digital age. It explores photography as a form of visual communication in historical, socio-political, cultural and aesthetic contexts. Students will develop visual literacy through

verbal and written analysis. Museum and gallery field trips are required. This course is appropriate for art majors and non-art majors.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHOT 31 4.0 units

Basic Photography-Black and White

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

This course is an introduction to the breadth of photographic practice. Through the development of critical thinking and technical skills, students will learn how to visualize, create, and evaluate photographic images. Techniques covered will include all aspects of camera functions from depth of field to shutter speed, film exposure, film development, and black and white printing; alternative darkroom techniques; digital resources; darkroom safety, and final presentation options. Through critical readings, class discussions, presentations of artists' work, films, gallery visits, and critiques, students will learn how to evaluate, interpret, and critique photographs and ideas.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 32 4.0 units

Introduction to Digital Photography

2.3 hours lecture, 6.8 hours laboratory

Recommended Preparation: ART 31

Grading: letter grade or pass/no pass

This is an introductory course that develops a technical proficiency and an aesthetic awareness of the creative uses of digital photography, including color design theory, composition, perceptual and psychological aspects of color. Through an integration of historical references, critical examination of images and their associated aesthetics, practical experiences, and personal ambition, the student is encouraged to develop a more insightful and sophisticated comprehension of color photography and its contributions to the communicative processes of the visual vocabulary.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 33 4.0 units

Photography Studio Lighting

2.3 hours lecture, 6.8 hours laboratory

Prerequisite: One semester of PHOT 31 or PHOT 32 or ART 81

Grading: letter grade or pass/no pass

This is a comprehensive course in studio photography with major emphasis on larger format cameras, studio composition and lighting techniques. The course utilizes primarily digitally based techniques with an overview of traditional methods. It is part of the vocational program in photography as well as the general fine arts curriculum.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 34 4.0 units

Advanced Photography-Applications

2.3 hours lecture, 6.8 hours laboratory

Prerequisite: One Semester of PHOT 32 and PHOT 33

Grading: letter grade or pass/no pass

This is a comprehensive studio course for the advanced student of photography. The major emphasis is centered around continuing to build complex problem solving in studio photography for professional uses.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 35 3.0 units

Photography for Publication

2.3 hours lecture, 4.5 hours laboratory

Grading: letter grade or pass/no pass

This is a comprehensive course in basic and advanced photojournalism techniques. Students will gain practical experience in photography for publication in newspapers and magazines. This class is not open to students registered in or with credit in JOURN 35AD.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 37 4.0 units

Portrait Photography

2.3 hours lecture, 6.8 hours laboratory

Prerequisite: One semester of PHOT 31 or PHOT 32 or ART 81

Grading: letter grade or pass/no pass

This is a comprehensive course for the beginning and advanced student of portraiture with a special emphasis on the use of portrait photography as a career or creative path.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 38 3.0 units

Marketing Professional Photo Skills

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is a study of the application of current practices utilized in marketing professional photographic skills. Topics includes freelance marketing, design and use of a portfolio, and professional photographic business practices.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 39 3.0 units

Photography on Location

2.3 hours lecture, 6.8 hours laboratory

Prerequisite: One semester of PHOT 31 or PHOT 32 or ART 81

Grading: letter grade or pass/no pass

This is a comprehensive occupational course in exterior location photography. The subjects covered will include: documentary, landscape, environmental and product photography for annual reports, stock photography, public relations, advertising and editorial publications.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 40

3.0 units

Mastering the Photographic Print

2.3 hours lecture, 4.5 hours laboratory

Prerequisite: One semester of ART 81 or PHOT 31

Recommended Preparation: PHOT 43

Grading: letter grade or pass/no pass

Formerly PHOT 40AD. This is a comprehensive visual arts course for the advanced student of photography. Emphasis is on crafting high quality digital photographic output which would include prints, portfolios and books. Students will practice digital methods of capture, processing and printing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 41

4.0 units

Professional Photographic Portfolio

2.3 hours lecture, 6.8 hours laboratory

Prerequisite: One semester of PHOT 31 or PHOT 32 or ART 81

Recommended Preparation: PHOT 33

Grading: letter grade or pass/no pass

Formerly PHOT 41AD. This class is a comprehensive course to give the advanced student in photography an opportunity to develop a professional portfolio. Students will work with the instructor to develop a set of assignments appropriate for their career goals. Emphasis is also placed on digital asset management skills such as: metadata, storage and organization of a digitized photographic archive.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 42

4.0 units

Experimental Photography Laboratory

2.3 hours lecture, 6.8 hours laboratory

Grading: letter grade or pass/no pass

Formerly PHOT 42. This course emphasizes experimental solutions to conceptual visual problems in photography. The class is a comprehensive advanced lab course for students enrolled in the photography program or persons who have a background in photography and wish to improve their skills. This class includes both traditional and digital mediums.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 43

3.0 units

Photoshop and Digital Image Management

2.3 hours lecture, 4.5 hours laboratory

Recommended Preparation: PHOT 31 or PHOT 32 or ART 81 and ART 41

Grading: letter grade or pass/no pass

This is a comprehensive digital photography course for students who already have basic camera skills and want to learn how to archive, edit and manipulate their imagery. This course is designed to train students in the application of electronic media and its use in manipulating and creating photographic images. The course includes digital capture, editing and output. Topics include: the fundamentals of Color Management, development of a successful digital workflow and the basics of image-bank management.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 71

2.0 units

Work Experience — Photography

1.1 hours lecture, 4.6 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

Formerly PHOT 71AD. This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to photography. One unit of field work credit will be granted for every 75 hours of paid work or 60 hours of volunteer work per semester. This class includes 1 unit of field work.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 72

3.0 units

Work Experience — Photography

1.1 hours lecture, 9.3 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to photography. One unit of field work credit will be granted for every 75 hours of paid work or 60 hours of volunteer work per semester. This class includes 2 units of field work.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 73

4.0 units

Work Experience — Photography

1.1 hours lecture, 14.1 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to photography. One unit of field work credit will be granted for every 75 hours of paid work or 60 hours of volunteer work per semester. This class includes 3 units of field work.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PHOT 281

1.0 unit

Photography Laboratory

3.4 hours laboratory

Grading: letter grade or pass/no pass

This class is designed for students enrolled in the photography program or students who have a background in photography and wish to improve their skills. The course emphasizes practical applications in traditional and digital photographic techniques.

PHOT 291 **1.0 unit**
Advanced Photography Laboratory
 3.4 hours laboratory
 Grading: letter grade or pass/no pass
 Formerly PHOT 291AD. The course is for advanced students enrolled in the photography program or students who have a background in photography and wish to improve their skills. The course emphasizes practical applications in digital and traditional photographic techniques.

PHOT 681 **0.0 unit**
Fundamentals of Photography Laboratory
 6.8 hours laboratory
 Grading: LBCC Non-Graded Course
 This class is a lab for the beginning photo student or persons who have a background in photography and wish to improve their skills. The emphasis is on practical applications of image processing, including digital and traditional technologies. This class is intended for senior citizens.

PHYSICS (PHYS)

PHYS 2A **4.5 units**
General Physics
 4.5 hours lecture, 2.3 hours laboratory
 Prerequisite: MATH 40
 Grading: letter grade or pass/no pass
 This course is an algebra- and trigonometry based general physics course for students not majoring in physics or engineering. It covers kinematics, dynamics, work and energy, momentum, rotational motion, properties of fluids, simple harmonic motion, waves, temperature and ideal gases, heat and thermodynamics.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHYS 2B **4.5 units**
General Physics
 4.5 hours lecture, 2.3 hours laboratory
 Prerequisite: PHYS 2A
 Grading: letter grade or pass/no pass
 This course is an algebra- and trigonometry-based general physics course for students not majoring in physics or engineering. The course covers electric charge, Coulomb's Law, electric field, electric potential, capacitance, electric current, D.C. circuits, magnetism, electromagnetic induction, A.C. circuits, electromagnetic waves, geometric optics, the wave nature of light, the Special Theory of Relativity and introduction to Quantum Theory and models of the atom.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHYS 3A **5.5 units**
Physics for Sci. & Eng. — Mechanics
 5.6 hours lecture, 2.3 hours laboratory
 Prerequisite: MATH 60
 Recommended Preparation: PHYS 2A
 Grading: letter grade or pass/no pass
 This course is the first course of a calculus based sequence for majors in physics, chemistry, mathematics, engineering, astronomy and certain other fields. This course covers kinematics, vectors, dynamics, energy, translational and rotational motion, static fluids, simple harmonic oscillations and mechanical waves.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHYS 3B **4.5 units**
Physics for Sci. & Eng. — E & M
 4.5 hours lecture, 2.3 hours laboratory
 Prerequisite: PHYS 3A
 Grading: letter grade or pass/no pass
 This course is the second course of a calculus-based sequence for majors in physics, chemistry, mathematics, engineering, astronomy and certain other fields. The course covers electric charge, Coulomb's Law, electric field, Gauss's law, electric potential, capacitance, electric current, D.C. circuits, magnetic fields, electromagnetic induction, A.C. circuits, Maxwell's equations and electromagnetic waves.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHYS 3C **4.5 units**
Physics for Sci. & Eng. — Modern Physics
 4.5 hours lecture, 2.3 hours laboratory
 Prerequisite: PHYS 3A
 Grading: letter grade or pass/no pass
 This course is part of a calculus-based sequence for majors in physics, chemistry, mathematics, engineering, astronomy and certain other fields. Physics 3C includes thermodynamics, electromagnetic waves, ray optics, wave optics, special relativity, basic quantum theory, wave mechanics, properties of atoms, nuclear structure and nuclear reactions.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PHYSIOLOGY (PHYSI)

PHYSI 1 **5.0 units**
Human Physiology
 4.5 hours lecture, 3.4 hours laboratory, 0.2 hour supplemental learning
 Prerequisite: ANAT 1 or ANAT 41 or BIO 60
 Recommended Preparation: CHEM 2 or one year of high school chemistry.
 Grading: letter grade or pass/no pass
 This course is the study of the functioning of the human body at the molecular, cellular, organ and organ system level. Laboratory experiments reinforce the concepts and allow students to gain experience with standard physiology equipment. This course is designed for pre-nursing, physical therapy, occupational therapy, physical education and other allied health majors. Students are required to complete 3 hours of activities in a Multidisciplinary Success Center to complete activities and assignments that relate specifically to this course's content.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLITICAL SCIENCE (POLSC)

POLSC 1 **3.0 units**
Introduction to Government
 3.4 hours lecture
 Grading: letter grade
 This course is an introduction to the principles and issues of government and the political process in a diverse society, emphasizing the government of the United States, as well as California state and local governments.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 1H 3.0 units

Honors Introduction to Government

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Recommended Preparation: ENGL 1

Grading: letter grade

This course is an introduction to the principles and issues of government and the political process in a diverse society, emphasizing the U.S. government and California state and local governments.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 2 3.0 units

Comparative Government

3.4 hours lecture

Grading: letter grade or pass/no pass

This course introduces students to analytical methods used to compare political systems and governments. It examines the politics of selected states from among industrial and post-industrial democracies, developing countries, and communist and post-communist systems. Issues given particular attention include democratization, economic development, ideologies, political culture, trans-state organizations, globalization, and political change.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 3 3.0 units

Issues of American Government

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an intensive study of current issues involving the basic concepts of American democracy, public policy, federalism, government finance, pressure groups, legislative, executive and judicial powers, civil rights and liberties, and international politics. This course is highly recommended for political science majors at CSU Long Beach.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 4 3.0 units

World Politics

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to recent and contemporary international relations, foreign policy-making institutions, and the politics of selected foreign states. This class satisfies one lower division social science requirement for majors in political science, history, sociology, humanities, physical sciences and life sciences at UCLA.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 9 3.0 units

The Constitution, Law and Society

3.4 hours lecture

Grading: letter grade or pass/no pass

This Course is a general survey of the United States Constitution and the United States legal system. Included is the study of the origins, judicial interpretations, and societal effects of the constitution. The course emphasizes the legal system with specific focus on the role of the United States Supreme Court in issuing decisions of a societally relevant and interdisciplinary nature. The controversial role of law in political and social issues is examined with regard to all

areas of United States Supreme Court jurisdiction. Law is analyzed as an integral part of the political process and its effects on society.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 10 3.0 units

Introduction to Political Science

3.4 hours lecture

Grading: letter grade or pass/no pass

This course introduces basic concepts and approaches in the discipline of political science. Theories of political institutions, systems and subsystems are examined. Methods and approaches of political analysis are developed in the study of classical and modern political problems.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 11 3.0 units

Introduction to Political Theory

3.4 hours lecture

Grading: letter grade

This course is an introduction to Western political thought. It examines perennial issues of politics concerning justice, power, and the nature of the state. The course surveys the central political thinkers associated with the ancient, medieval, modern, and postmodern eras of Western political theory.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

POLSC 48M1 1.0 unit

California State/Local Government

1.1 hours lecture

Grading: letter grade

This is a credit by examination course to satisfy the requirement for a course in the principles of California state and local government as required by Title 5 of the California Administrative Code (and as part of the CSU's graduation requirement in American Institutions). The course will provide a survey of the forces shaping the governmental institutions and processes of the State of California and its cities, counties and special districts. Students will prepare for the examination by guiding themselves through course content based on required learning outcomes, objectives, and materials. The examination will be given in the latter part of the fall semester. A three unit, traditional course offering is available in the spring semester (POLSC 48).

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PSYCHOLOGY (PSYCH)

PSYCH 1 3.0 units

Introduction to Psychology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to scientific exploration of human psychology and behavior. The course includes a survey of the historical, physiological, and social influences on behavior, emphasizing development, learning, motivation, perception, cognition, mental

health, individual and cultural differences, as well as the causes of, treatments for, and prevention of mental disorders.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 1H 3.0 units

Honors Introduction to Psychology

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course is an introduction to the field of psychological science through consideration of such topics as human development, motivation, emotion, intelligence, learning, thinking, perception, personality, and social relations. It looks at individual differences, including the continuum from optimal functioning to mental disorder. This course includes additional assignments not required in Psych 1.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 2 4.0 units

Research Methods for Psychology

3.4 hours lecture, 3.4 hours laboratory

Prerequisite: PSYCH 1

Recommended Preparation: STAT 1

Grading: letter grade or pass/no pass

The course provides a basic understanding of the scientific method, research designs, and statistical tests used in psychological investigation. Students perform a literature review, design an original research study, collect and analyze data, and write an APA-style research report.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 4 3.0 units

Personal and Social Development

3.4 hours lecture

Grading: letter grade or pass/no pass

This course involves the application of psychological principles to everyday life, emphasizing how to cope with life's challenges and realize your full potential. Stress is placed on self-awareness, self-management, interpersonal communication and way to improve the quality of interpersonal relationships.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

PSYCH 6 3.0 units

Physiological Foundations of Psychology

3.4 hours lecture

Prerequisite: PSYCH 1

Grading: letter grade

This course is an introduction to physiological aspects of human behavior including the central and peripheral nervous system and the endocrine system. It explores the physiological basis for cognition, consciousness, movement, motivation, learning, sensation, perception, memory, sex drive, addiction and psychopathology. This is an essential course for psychology majors, and health professionals would find this course very useful.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 10 3.0 units

Human Sexuality

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is an introduction to human sexuality from a psychophysiological perspective. Included are its historic development, cultural, religious and sociological influences, trends, variations, deviations and dysfunctions. It is not open to students registered in or with credit in HLED 10.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 11 3.0 units

Social Psychology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course is designed to explore how an individual's behavior, thoughts and feelings are influenced by the presence, characteristics and actions of others. A variety of topics will be addressed, including attitudes, persuasion, stereotypes, group processes, conformity and interpersonal attraction.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 14 3.0 units

Abnormal Psychology

3.4 hours lecture

Recommended Preparation: PSYCH 1

Grading: letter grade or pass/no pass

This class surveys abnormal behaviors, including anxiety disorders, mood disorders, schizophrenia and delusional disorders, substance use disorders, gender dysphoria and sexual disorders, eating and sleep disorders, disorders that begin in childhood, disorders related to aging, personality disorders, ways of determining abnormality, causes and treatment of disorders.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

PSYCH 33 3.0 units

Psychology of Personality

3.4 hours lecture

Grading: letter grade or pass/no pass

This course defines personality and explains historical and contemporary approaches to explaining and assessing personality similarities and differences among people. Research is presented demonstrating the extent to which personality factors can predict the behavior of individuals. Cross cultural influences on personality development are examined.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

**PUBLIC ADMINISTRATION
(PUBAD)**

PUBAD 1 3.0 units

Introduction to Public Administration

3.4 hours lecture

Grading: letter grade or pass/no pass

This is an introductory level course which addresses the principles and practices of public administration in national, state and local government agencies. The course outlines basic organizational patterns, internal

management, administrative functions and responsibilities.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

RADIO AND TELEVISION (R_TV)

R_TV 1 3.0 units

Introduction to Broadcasting

3.4 hours lecture

Grading: letter grade

Introduction to Broadcasting explores the evolution of mass media and its impact on society. The class will analyze methods the media uses to persuade the consumer and become an educated viewer and evaluate their tactics.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 2 2.0 units

Intro to Careers in Radio & Television

2.3 hours lecture

Grading: letter grade

This course explores the various occupations in the radio and television field, including broadcast, cable, industrial and multimedia production. Students will investigate employment opportunities, as well as the required skills and personal qualifications necessary for employment in this element of the entertainment industry. Guest speakers will discuss current industry issues and standards.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 3 2.5 units

Using MacIntosh Comp Entertainment Indus

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade

This course is designed for students to develop current computer operation skills and equipment systems related to the entertainment industry. No previous computer knowledge is necessary. It covers the basic use of hardware and certain software, Internet use, word processing, spreadsheet, database use, communications applications, and basic digital audio and video production. The course will explore specific examples of how various applications are used in the entertainment industry.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 4 3.0 units

Writing and Production Planning

3.4 hours lecture

Grading: letter grade

This course examines pre-production principles and procedures common to all productions, emphasizing scripting and other writing skills unique to the radio, television, and film industry. It also explores budgeting, union, and legal issues.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 8 2.5 units

Introduction to Media Production

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade

This course introduces students to the basic principles of production, including operation of equipment and the process of developing a program from the original idea to final editing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 12 2.5 units

Television Lighting

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

Students will study the practical application of the theories of television lighting. This course includes the following: 1) using lighting materials and equipment, 2) the aesthetics of light, 3) experimenting with light and color, 4) lighting for effects, 5) lighting for studio production, 6) lighting for field production, 7) lighting for single and multiple cameras.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 13AD 2.5 units

Television Production

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

This course allows the student the opportunity to participate in the creation and production of television program material. Students will produce, direct and crew a variety of projects, such as news, interviews, commercials, dramas, comedies and instructional programs.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 14AD 2.5 units

Electronic Field Production

2.3 hours lecture, 2.3 hours laboratory

Grading: letter grade or pass/no pass

This course is a study and application of the technical aspects of video, film and multimedia production in the field. Special attention will be dedicated to successful production strategies necessary for the unique problems associated with shooting in the field, such as equipment selection, lighting, audio and the environment. Issues related to acquisition format, such as film versus tape and analog versus digital, will be explored. Students will shoot projects in the field as "stand-alone" productions and as elements for edited productions. Editing will be covered as it relates to field production.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 15AC 2.5 units

Advanced Television Production

2.3 hours lecture, 2.3 hours laboratory

Recommended Preparation: Audition

Grading: letter grade

This class explores the creation and production of television program material with an emphasis on the quality of the finished product. Projects which students produce, direct and crew will be largely of their own choosing.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

<p>R_TV 21 3.0 units</p> <p>Radio Production 3.4 hours lecture, 1.1 hours laboratory Grading: letter grade This course features the creation and production of radio program material. Projects include: disc jockey shows, news programs, interviews, commercials, editing, microphone set-up and audio board operation. Other aspects of radio station operation will be covered, such as management, sales, audience analysis and ratings. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>R_TV 36AD 2.5 units</p> <p>Broadcast News Production 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass In this course students will learn various aspects of producing a television newscast. Students will participate in gathering information, writing, editing and producing news, sports, editorials, and weather segments. Students will work as managing editors, operate equipment, and edit video packages. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>R_TV 25AD 2.5 units</p> <p>Radio Activity 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass Formerly R_TV 25AD. This course provides the opportunity and responsibility to work in a variety of jobs involved in the operation of one of the college's two internet radio stations. Students will work "on air" and behind the scenes. Hours outside of the class time are arranged in consultation with the instructor. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>R_TV 37 3.0 units</p> <p>Radio/Television Management and Sales 3.4 hours lecture Grading: letter grade This course provides an overview of the basic elements of broadcast and cablecast management. Topics covered include: advertising and sales techniques, ratings, station promotion, budgets, FCC policies, franchise agreements and negotiations, scheduling, contest considerations, liability elements and people skills. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>R_TV 30AD 2.5 units</p> <p>Broadcast Newswriting 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade Students will learn to write, re-write and edit stories for radio, TV, or Internet distribution. Students will gain experience in discovering and researching news. Topics covered will include use of sound tracks, visuals, interviews, and the "local angle" or "human interest element." Some stories may be incorporated into the weekly student TV news show. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>R_TV 40AD 2.5 units</p> <p>On-Camera Performance 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade This course involves the practical application of performance techniques as applied to working in front of a camera. Performances are video-taped and analyzed which will help the student understand what is necessary in the preparation of audition material. Students will gain knowledge about each area responsible for a TV production. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>R_TV 34AD 2.5 units</p> <p>Music Video Production 2.3 hours lecture, 2.3 hours laboratory Recommended Preparation: R_TV 14AD Grading: letter grade or pass/no pass This course provides an in depth exam of the components necessary to produce a music video, including completion of a camera ready production proposal and a script of selected projects. Selected projects may be produced. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>R_TV 70 3.0 units</p> <p>Fieldwork in Radio/Television 3.4 hours lecture Grading: letter grade This course covers topics including the employee's role and responsibilities in the Radio/Television/Film industry. It will also cover professional and desirable traits needed to gain employment in the entertainment industry. Emphasis will be placed on setting and achieving three fieldwork objectives and how to solve everyday issues and problems in the workplace. This course also covers guidelines for students to participate up to 125 hours of supervised fieldwork at a pre-approved work site as out of classroom assignments. The purpose of this course is to prepare students to be successful in obtaining employment in the Radio/Television/Film industry. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>
<p>R_TV 35AD 2.5 units</p> <p>Television Activity 2.3 hours lecture, 2.3 hours laboratory Grading: letter grade or pass/no pass This course provides an opportunity and responsibility to work in a variety of jobs involved in the video taping of various college events and/or projects or student selected projects in the television studio. Projects may be broadcast on the college cable channel and/or used in the student news show. <i>Transfer Status: Transferable to CSU Only; see counselor for limitations.</i></p>	<p>R_TV 71AD 2.0 units</p> <p>Work Experience: Radio and Television 1.1 hours lecture, 4.6 hours laboratory Corequisite: Concurrent enrollment in at least one additional course in the discipline. Grading: letter grade or pass/no pass This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through</p>

employment/volunteer time in radio, television, film, or multimedia directly related to an occupational goal or career of interest to the student.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 72AD 3.0 units

Work Experience: Radio and Television

1.1 hours lecture, 9.3 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time in radio, television, film, or multimedia directly related to an occupational goal or career of interest to the student.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 73AD 4.0 units

Work Experience: Radio and Television

1.1 hours lecture, 14.1 hours laboratory

Corequisite: Concurrent enrollment in at least one additional course in the discipline.

Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time in radio, television, film, or multimedia directly related to an occupational goal or career of interest to the student.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

R_TV 216AC 2.5 units

Non-Linear Video & Film Editing

2.3 hours lecture, 2.3 hours laboratory

Recommended Preparation: R_TV 3

Grading: letter grade or pass/no pass

This course explores the process of non-linear video and film editing using Final Cut Pro.

READING (READ)

READ 82 4.0 units

Proficient Reading

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Reading or successful completion (C or higher or pass) of READ 883 or ESL 863.

Grading: letter grade or pass/no pass

This course provides instruction in the strategies necessary for college reading with an emphasis on the application of comprehension, vocabulary and critical reading skills to academic and technical reading assignments. Students are required to complete 3 hours of Supplemental Learning Assistance activities in designated Success Centers.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

READ 83 4.0 units

Power Reading

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Reading or successful completion (C or higher or Pass) of READ 883.

Grading: letter grade or pass/no pass

This course focuses on power reading strategies, analysis of written discourse, and application of flexible reading techniques to personal, professional, and academic reading. It is designed for those with strong comprehension skills. Students are required to complete 3 hours of Supplemental Learning Assistance activities in designated Success Centers.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

READ 84 3.0 units

Analytical Reading

3.4 hours lecture

Prerequisite: Reading proficiency met through the LBCC assessment process or successful completion of READ 82 or READ 83.

Grading: letter grade or pass/no pass

This course provides instruction in the strategies needed for logical thinking, critical reading and analysis of argumentative writing. Emphasis is placed on the ability to analyze and evaluate written material by establishing claim and support, identifying patterns of logic and reason, and determining point of view and authority. READ 84 enables students to gain efficiency with the challenges of critical reading and analytical thinking in all academic disciplines.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

READ 85 3.0 units

Vocabulary Building

3.4 hours lecture

Grading: letter grade or pass/no pass

This course provides a study of methods to expand general word knowledge and build academic vocabulary across the disciplines emphasizing conceptual development and effective communication. The course is specifically designed to increase personal vocabulary skills and stimulate appreciation of the English language.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

READ 880 4.0 units

Reading Basics

4.5 hours lecture

Grading: pass/no pass

This course is an initiation to reading fundamentals for emergent readers. The course creates pathways to literacy and comprehension. Through active reading, decoding and word recognition, and vocabulary development.

READ 881 4.0 units

Reading Essentials

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Reading or successful completion (Pass) of READ 880.

Grading: pass/no pass

This course focuses on essential reading skills and strategies with an emphasis on comprehension, vocabulary, and active reading. Comprehension skills

are developed through the use of narrative and expository text. To help gain efficiency with comprehension, students are required to complete 3 hours during the semester in a Success Center focusing on activities related to the course content.

READ 882 **4.0 units**

Reading Development

4.5 hours lecture

Prerequisite: Qualification through the LBCC assessment process for Reading or successful completion (Pass) of READ 881.

Grading: pass/no pass

This course develops essential reading concepts. The course focuses on literal and inferential comprehension strategies with continued building of vocabulary skills. Exposure to longer text selections provides opportunities for applying academic reading skills.

READ 883 **4.0 units**

Reading Improvement

4.5 hours lecture, 0.2 hour supplemental learning

Prerequisite: Qualification through the LBCC assessment process for Reading or successful completion (Pass) of READ 882.

Grading: pass/no pass

For students who have previously acquired essential reading skills, Read 883 reinforces instruction in reading improvement strategies and vocabulary enrichment, emphasizing the development of critical comprehension. Opportunities to apply the components of critical comprehension in a variety of genres emphasize both deeper and broader thought processes. Students are required to complete 3 hours of learning activities in a Success Center over the course of the semester.

REAL ESTATE (REAL)

REAL 78 **3.0 units**

Real Estate Economics

3.4 hours lecture

Grading: letter grade

his course covers trends and factors affecting the value of real estate, the nature and classification of real estate economics, the development of property, construction and subdivision, economic values and real estate evaluation, real estate cycles and business fluctuations, residential market trends, and real property trends. This course may be used as an elective course for persons seeking a California Real Estate Salesperson license and is a required course for persons seeking a California Real Estate Broker license.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 80 **3.0 units**

Real Estate Principles

3.4 hours lecture

Grading: letter grade

This course covers the basic laws and principles of California real estate. This class also provides background and terminology for homeowners, landlords, tenants, persons preparing for advanced study in specialized real estate courses, and those preparing for real estate license exams. This course is one of three

courses required for persons seeking a Real Estate Salesperson license and is an elective course for persons seeking a Real Estate Broker license.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 81A **3.0 units**

Real Estate Practice

3.4 hours lecture

Grading: letter grade

This course covers practices in real estate sales and brokerage, including prospecting, listing, advertising, financing, sales techniques, escrow, and ethics. This course is one of the required courses for persons seeking a Real Estate Salesperson license or a Real Estate Broker license.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 84 **3.0 units**

Mortgage Brokering/Lending in California

3.4 hours lecture

Recommended Preparation: REAL 80

Grading: letter grade

This course covers an introduction to mortgage brokering operations and orients students toward a career in the field. Topics covered include types of loans, loan processing, lending regulations, underwriting, loan submission, quality control, understanding credit information, loan packaging, and loan documents.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 85 **3.0 units**

Real Estate Appraisal

3.4 hours lecture

Grading: letter grade

This course covers principles and procedures of single-family, residential appraisal and report-writing. Successful completion is required for a California Real Estate Broker's license, satisfies up to 54 hours of the 150 hours required for a California Trainee or Residential Appraisal license, and can be used as an elective for a California Real Estate Salesperson's license. The course also provides 51 hours of continuing education credit for the California Appraisal license renewal.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 86 **3.0 units**

Advanced Real Estate Appraisal

3.4 hours lecture, 1.1 hours laboratory

Recommended Preparation: REAL 80 and REAL 85

Grading: letter grade

This course covers residential market analysis, highest and best use, site valuation, cost/sales comparison, income approaches to valuation, and appraisal report-writing for residential properties. It is part of the education requirement for the California OREA Trainee and Residential license and can be used as an elective for the California Real Estate Broker's license.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 87 3.0 units

Real Estate Finance

3.4 hours lecture

Grading: letter grade

This course is an introduction and analysis of real estate financing and lending policies. The course also introduces students to problems that may arise in the areas of financing residential, apartment, commercial and special purpose properties. The methods of financing properties are emphasized.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 92A 3.0 units

Escrows and Land Titles

3.4 hours lecture

Grading: letter grade

This competency-based course prepares students with skills for entry-level positions in an escrow office or to improve their knowledge in real estate. Focus is on understanding the escrow process and accurately completing necessary documents. This course may be used an elective course for persons applying for the California Real Estate Salesperson or Real Estate Broker license.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

REAL 253 3.0 units

Property Management

3.4 hours lecture

Grading: letter grade

This course is a practical approach to the principles and practices of managing apartments and other income properties. Topics include leasing, owner and manager objectives, management plans, landlord-tenant law, evictions, prohibited discrimination, property maintenance; management office administration, and human relations. This course can be used as an elective course by persons applying for the Real Estate Salesperson's and Broker's licenses with the California Department of Real Estate.

SIGN LANGUAGE (SIGN)

SIGN 1A 3.0 units

American Sign Language, Beginning 1

3.4 hours lecture

Grading: letter grade or pass/no pass

This is a basic course in the instruction and practice in American Sign Language (ASL) and fingerspelling. Emphasis will be placed on the development of vocabulary, grammar, syntax, expressive, and receptive skills. This course includes an overview of the history of sign language and Deaf culture.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SIGN 1B 3.0 units

American Sign Language, Beginning 2

3.4 hours lecture

Prerequisite: SIGN 1A

Grading: letter grade or pass/no pass

Formerly COMDI 2B. This is the second half of the beginning course in the instruction and practice in American Sign Language (ASL) and fingerspelling. Emphasis will be placed on the development of vocabulary, grammar, syntax, expressive, and receptive

skills. This course includes an overview of the history of Sign Language and Deaf culture.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SIGN 2A 3.0 units

American Sign Language, Intermediate 1

3.4 hours lecture

Prerequisite: SIGN 1A and SIGN 1B.

Grading: letter grade or pass/no pass

This is a course in intermediate instruction for the continuing student of ASL and fingerspelling. The purpose is to increase signing vocabulary, emphasizing practice in improving expressive and receptive conversational skills with the goal of increasing smoothness, clarity and speed of signing. The history of sign language and Deaf culture will also be discussed. This course is formally known as COMDI 3A.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SIGN 2B 3.0 units

American Sign Language, Intermediate 2

3.4 hours lecture

Prerequisite: SIGN 1A and SIGN 1B.

Grading: letter grade or pass/no pass

This is a course in intermediate instruction for the continuing student of ASL and fingerspelling. The purpose is to increase signing vocabulary, emphasizing practice in improving expressive and receptive conversational skills with the goal of increasing smoothness, clarity, and speed of signing. The history of sign language and Deaf culture will also be discussed. This course is formally known as COMDI 3B.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SIGN 633 0.0 unit

Beginning Speech Reading (Lip Reading)

2.3 hours laboratory

Grading: LBCC Non-Graded Course

This is a course in learning lip reading techniques for the hearing impaired. Special attention is given to communication difficulties of the hearing impaired. This course is formally known as COMDI 633.

SIGN 634 0.0 unit

Intermediate Speech Reading (Lip Reading)

2.3 hours laboratory

Grading: LBCC Non-Graded Course

This course provides students with an intermediate degree of proficiency in lip reading skills to enhance communication for the hearing impaired. This course is formally known as COMDI 634.

SOCIAL SCIENCE (SOCSC)

SOCSC 1 3.0 units

Comparative World Cultures

3.4 hours lecture

Grading: letter grade or pass/no pass

This course compares and contrasts major civilizations using interdisciplinary approach or team teaching drawn from the Humanities and the Social Sciences. It covers the study of two or more major cultures to determine how these human communities met their basic biological, material, religious and intellectual needs, and experienced both continuity and change through time. This course is not open for credit to students who have

completed Humanities 1H, Humanities 1, or Social Science 1H.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCS 1H 3.0 units

Honors Comparative World Cultures

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course compares and contrasts major civilizations using an interdisciplinary approach or team teaching drawn from the Humanities and the Social Sciences. These teams study two or more major cultures to determine how these human communities met their basic biological, material, religious and intellectual needs, and experienced both continuity and change through time. This course is part of the Honors Curriculum. This course is not open for credit to students who have completed Humanities 1, Humanities 1H, or Social Science 1.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCS 7 3.0 units

American Pluralism and Identity

3.4 hours lecture

Grading: letter grade or pass/no pass

This course explores the multicultural nature of American society from a Humanities and Social Sciences perspective. The course examines how ethnic groups in America have constructed artistic, literary, musical, philosophical and religious identities based on their traditions and experiences and seeks to understand the United States as a common culture. Using the Social Sciences to compare and contrast the origins, living conditions and experiences of Americas constituent populations, the course analyzes the complexity of the processes effecting the interaction of the American people. Not open to students registered in or with credit in HUMAN 7.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCIOLOGY (SOCIO)

SOCIO 1 3.0 units

Introduction to Sociology

3.4 hours lecture

Grading: letter grade or pass/no pass

This course introduces students to the study of human behavior through an understanding of social organization. Topics include the role of culture, the development of personality, the function of group life and social institutions, the social processes and social interaction, and factors in social change and collective behavior.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCIO 1H 3.0 units

Honors Introduction to Sociology

3.4 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course introduces students to the study of human behavior through an understanding of social organization. Topics include the role of culture, the development of personality, the function of group life and social institutions, the social processes and social interaction, and factors in social change and collective behavior.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCIO 2 3.0 units

Modern Social Problems

3.4 hours lecture

Recommended Preparation: SOCIO 1

Grading: letter grade or pass/no pass

The scope of the course will include identification and analysis of contemporary social problems in the U.S., using the theories and methodology of sociology. Among the topics considered are the environment, crime, poverty, sexism, racism, sexuality, social change, addiction, abuse, and alienation. The role of social institutions will also be considered.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCIO 11 3.0 units

Race & Ethnic Relations in the U.S.

3.4 hours lecture

Recommended Preparation: Enrollment in or Completion of SOCIO 1

Grading: letter grade

The sociological study of diverse racial and ethnic groups in the U.S., including Latino, Asian American, African American and Native American sub-groups is covered. The course also includes an analysis of migration patterns, stratification, gender, social movements and inter- and intra-group relations. An examination of how social, political, economic and historical forces affect contemporary race and ethnic relations will be included.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCIO 13 3.0 units

Sociology of Latinos

3.4 hours lecture

Grading: letter grade

This course is a survey of the sociology of Latinos in the United States, with a focus on their contemporary cultural and socio-economic conditions. Study will include a review of the immigration patterns of various Latino groups and their experiences with important social processes and institutions in the U.S. The effects of globalization, immigration status, race, class, gender, and Latino responses to discrimination will also be examined.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

SOCIO 40

3.0 units

Sociology of the Family

3.4 hours lecture

Recommended Preparation: SOCIO 1

Grading: letter grade or pass/no pass

This course will examine micro and macro sociological influences on, preparation for, and effects of contemporary family life, especially in the U.S. Considering options, problems and challenges of each, the following will be covered: mate selection, relationships, love, marriage, parenting, divorce, diversity, gender, and sexuality.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

STATISTICS (STAT)

STAT 1

3.0 units

Elementary Statistics

3.4 hours lecture

Prerequisite: MATH 130, 130B or one year high school intermediate algebra with a grade of B or better as reflected by the second semester grade or qualification through the LBCC assessment process for Math.

Grading: letter grade

This course will introduce students to the major concepts and tools for collecting and describing data (descriptive statistics), and drawing conclusions from data (inferential statistics).

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

STAT 1H

3.0 units

Honors Elementary Statistics

3.4 hours lecture

Prerequisite: MATH 130, 130B or high school intermediate algebra with a grade of B or better as reflected by the second semester grade, or qualification through the LBCC assessment process for Math, and qualification for the Honors Program.

Grading: letter grade

This course will introduce students to the major concepts and tools for collecting and describing data (descriptive statistics), and drawing conclusions from data (inferential statistics).

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TECHNOLOGY (TEC)

TEC 10

1.0 unit

Introduction to Engineering Technology

1.1 hours lecture

Grading: letter grade or pass/no pass

This course explores the varied branches of engineering technology, the functions of an engineer technologist, and the differences between a traditional engineering pathway and an engineering technology pathway. Students will explore industries in which an engineering technologist would be employed and explore effective strategies for students to reach their full academic

potential. The course will cover an introduction to the methods and tools of engineering technology, problem solving and design, current issues in society, and ethics as related to engineering technology. Students will be introduced to communication skills pertinent to engineering technology professions.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

TEC 60

4.0 units

Computer Aided Design and Drafting (CADD)

3.4 hours lecture, 3.4 hours laboratory

Recommended Preparation: ARCHT 60 or ARCHT 61 or DRAFT 51A

Grading: letter grade

Formerly TEC 60AD. This course introduces students to new and emerging software and equipment technologies as they become integrated in varied technical design fields. Classes may present Computer Aided Drafting and Design, CADD, parametric software programs, presentation graphics and/or various 3D printing technologies. The course is designed to enhance and upgrade the software and hardware skills of mechanical engineers, architects, interior designers, civil engineers and students employed in other design related occupations.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

TEC 211

3.0 units

Print Reading for Industry

3.4 hours lecture

Grading: letter grade or pass/no pass

This course introduces designers/drafters to the theory, techniques, and application of mechanical drawing systems in the fields of engineering technology, engineering, and mechanical design as related to manufacturing industries such as aerospace and automotive. The course addresses industry standards required to establish universal interpretation of technical drawings to ensure the consistency of manufactured goods and assembled products.

THEATRE ARTS (TART)

TART 1

3.5 units

Acting 1-Introduction to Acting

3.4 hours lecture, 2.3 hours laboratory

Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.

Grading: letter grade or pass/no pass

This course introduces the student to the fundamental elements and techniques of acting. The student actor will explore the theory and practice of acting through acting exercises, improvisation, theatre games, solo and two-person or group scenes. The course also explores the concepts of acting through relaxation, concentration, sensory awareness and imagination as the student develops both an understanding and appreciation of acting for the theatre.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 1B	2.0 units	TART 2A	2.0 units
Acting 1 — Movement 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 1 (may be taken concurrently) Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Grading: letter grade or pass/no pass This course is an introduction to the use of the human body as an instrument of expression. The course provides for the study and application of the basic theories and principles of stage movement through the use of lecture and class exercise. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>		Acting 2-The Spoken Text 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 1C Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Grading: letter grade or pass/no pass This course is an investigation and development of a character by students that further strengthens techniques of personalization, role analysis and character motivation while including such disciplines as sense memory and improvisation. Additionally, investigation of the physical life of a character is emphasized, together with the technical and imaginative development of voice and body skills as a means of achieving fully realized characterizations (continued scene study, utilizing the works of major playwrights within the last hundred years). <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	
TART 1C	2.0 units	TART 2B	2.0 units
Acting 1 — Voice 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 1 (may be taken concurrently) Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Recommended Preparation: TART 1B Grading: letter grade or pass/no pass The course provides a lucid view of the voice as an instrument of human communication. Through a series of exercises the student will free, develop and strengthen their voice. The student will practically realize an actor's sensibilities through vocal expression. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>		Acting 2-The Spoken Text 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 2A Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Grading: letter grade or pass/no pass Students will engage in the preparation and presentation of a wide range of spoken texts. The goal is to free, develop and strengthen the student actor's voice so that the actor's unique sensibilities may be fully expressed through proper vocal use. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	
TART 1D	2.0 units	TART 2C	2.0 units
Acting 1 — Improvisation 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 1 (may be taken concurrently) Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Grading: letter grade or pass/no pass The course will consist of an exploration of the various applications of theatrical improvisation. Drawing from both playwrights, published routines and imaginations, the actor will create fully realized characters, develop and analyze scenes. Mental agility, spontaneity, thinking on your feet and stage confidence will be emphasized. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>		Acting 2-Movement, Mime and Mask 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 1B Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Grading: letter grade or pass/no pass This course is an advanced application of the theory and principles of stage movement within specialized areas, such as mime, mask, theatrical sword fighting, characterization, juggling and period movement styles. This course includes class exercises and lectures. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	
TART 2	3.5 units	TART 2D	2.0 units
Acting 2-Technique & Characterization 3.4 hours lecture, 2.3 hours laboratory Prerequisite: TART 1 Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course. Recommended Preparation: TART 1B, 1C, or 1D, and TART 25 or 30 Grading: letter grade or pass/no pass This course is an investigation and development of a character by students that further strengthens techniques of personalization, role analysis and character motivation while including such disciplines as sense and emotional memory and improvisation. Additionally, investigation of the physical life of a character is emphasized, together with the technical and imaginative development of voice and body skills as a means of achieving fully realized characterizations (continued scene study, utilizing the works of major playwrights within the last hundred years). <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>		Acting 2-Movement, Mime and Mask 1.7 hours lecture, 1.7 hours laboratory Prerequisite: TART 2C Corequisite: TART 51AD Grading: letter grade or pass/no pass This course is an advanced application of the theory and principles of stage movement within specialized areas, such as mask characterization, period movement styles and stage combat. <i>Transfer Status: Transferable to UC, CSU; see counselor for limitations.</i>	

TART 3A 3.5 units

Acting 3-Scene Study

3.4 hours lecture, 2.3 hours laboratory
 Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
 Recommended Preparation: TART 2 and TART 25
 Grading: letter grade or pass/no pass
 This course emphasizes specific performance skills and acting techniques utilizing classical scene selections, emphasizing Western playwrights of the 16th and 17th century, to heighten the intensity of the acting experience for the serious theatre student.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 3B 3.5 units

Acting 3-Scene Study

3.4 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 3A
 Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
 Grading: letter grade or pass/no pass
 While utilizing classical scene selections, this course emphasizes Western playwrights of the 18th and 19th centuries. The focus is on the development of specific performance skills and acting techniques for the purpose of heightening the intensity of the acting experience for the serious theatre student.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 4 3.5 units

Acting Workshop-Style

3.4 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 3A or 3B
 Grading: letter grade or pass/no pass
 This course focuses on individual studies and exercises to develop freedom and imagination in the preparation and performance of classical and contemporary dramatic material; scenes, cuttings and short plays.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 12 3.5 units

Beginning Acting

3.4 hours lecture, 2.3 hours laboratory
 Grading: letter grade or pass/no pass
 For the student for whom acting is an avocation, this course introduces the student to beginning acting techniques and theatrical creative process. The student actor discovers and explores in him/herself qualities and experiences which are legitimate dimensions of the role he/she is creating. The course explores theatrical concepts through relaxation, concentration, sensory awareness, imagination, acting games and acting exercises as the student acquires basic insights into acting for the theatre.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 13 3.5 units

Intermediate Acting

3.4 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 12
 Recommended Preparation: TART 25
 Grading: letter grade or pass/no pass
 Formerly TART 13A. For the student for whom acting is an avocation, this course is an investigation and development of a character that further strengthens techniques of personalization, character analysis and

motivation while including such theatrical disciplines as sense memory, emotional memory and improvisation. Additionally, continued, advanced theatrical game playing, (theatre sports and improv games) is explored. Technical and imaginative development of voice and body skills are enhanced utilizing the works of major playwrights within the last hundred years.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 25 3.0 units

Introduction to Theatre

3.4 hours lecture
 Grading: letter grade or pass/no pass
 This course provides a critical analysis of theater from an audience perspective. The elements of play production from dramatic structure, to the final presentation will be explored. Topics include reading, lectures, discussions on the theory and practice of acting, directing, producing, styles, design spectacle, and cultural background. Field trips and performance attendance is required for this course.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 30 3.0 units

Introduction to Dramatic Literature

3.4 hours lecture
 Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
 Grading: letter grade or pass/no pass
 This introduction to the dramatic literature of the Western world, including American drama from early beginnings to present day, examines dramatic structures, concepts, styles and themes of a selection of representative plays. The influence of the theatre and dramatic literature as a social and cultural force of change through the ages is also explored.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 39AD 1.0 unit

Theatre Practicum

4.5 hours laboratory
 Grading: letter grade or pass/no pass
 This course is a hands-on, practical introduction to the function of stage, costume/wardrobe and make-up technicians and their contribution to dramatic productions. This course includes organization of the stage, lighting and properties departments, costume and make-up departments in the running of a theatre production, including equipment use and maintenance, and the function of technical stage personnel in production work.
Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 40 3.0 units

Stage Craft

2.3 hours lecture, 3.4 hours laboratory
 Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.
 Grading: letter grade or pass/no pass
 Formerly TART 40AD. This course is a study of the theory, techniques and application of scenic design for the stage including the use of painting, construction and

manipulation of stage scenery. Students will gain practical experience in construction of scenery for Theatre Arts Department productions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 42 3.0 units

Introduction to Stage Lighting

2.3 hours lecture, 3.4 hours laboratory

Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.

Grading: letter grade or pass/no pass

Formerly TART 42AD. This course is a study of the theory, techniques and application of stage lighting. It includes the use of lighting materials and equipment, experimenting with light and color, and lighting a stage for department productions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 43 3.0 units

Introduction to Stage Costume

2.3 hours lecture, 3.4 hours laboratory

Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.

Grading: letter grade or pass/no pass

Formerly TART 43AD. Students will study costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 44 3.0 units

Costume Design

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: TART 43

Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.

Grading: letter grade or pass/no pass

Formerly TART 44AB. This course presents techniques and theories of designing costumes for the stage. Topics include design elements, execution of costume plates and costume plots, research and organization, clothing and theatrical costume history, patterns, budgets and development of costume portfolio. Field trips (when possible) will be taken to augment this process, i.e.: museums, garment district, costume rental houses, etc.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 47 3.0 units

Theatre Management

3.4 hours lecture

Corequisite: TART 51AD

Grading: letter grade or pass/no pass

This class will introduce the principles, practices and skills of required for the professional theatrical stage manager and production manager. It will examine the responsibilities and functions of these roles in relation to the director, designers, and performers. With emphasis is placed on the duties, responsibilities and procedures from pre-production to post production.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

TART 49AD 2.5 units

Rehearsal and Performance

9.0 hours laboratory

Prerequisite: TART 1 (may be taken concurrently)

Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.

Grading: letter grade or pass/no pass

This course focuses on the application of acting and technical theatre theory through lab exploration in all aspects of one act play productions. It develops acting and crew capabilities, skills and disciplines through auditions, rehearsals and public performances. Students will participate in two play productions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 50/1 0.5 unit

Major Production Performance

2.3 hours laboratory

Recommended Preparation: Audition

Grading: letter grade or pass/no pass

This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 50/2 1.0 unit

Major Production Performance

4.5 hours laboratory

Recommended Preparation: Audition

Grading: letter grade or pass/no pass

This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 50/3 2.0 units

Major Production Performance

6.8 hours laboratory

Recommended Preparation: Audition

Grading: letter grade or pass/no pass

This course is the study of live theatre through lab exploration of all aspects of a classic comedic play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 50AD 2.5 units

Major Production Performance

9.0 hours laboratory

Recommended Preparation: Audition

Grading: letter grade or pass/no pass

This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 51AD

1.0 unit

Theatre Forum

1.1 hours lecture

Grading: letter grade or pass/no pass

This course affords the student participation as an audience member in weekly programs dealing with the art of theatre, including scene work, one-act plays, special presentations and fully staged productions. It provides live performance experience for the student to experience the work collaboration by various theatre artists such as the playwright, producer, director, choreographer, designer, performer, stage manager, technician.

Transfer Status: Transferable to CSU Only; see counselor for limitations.

TART 55

3.0 units

Stage Makeup

2.3 hours lecture, 3.4 hours laboratory

Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.

Grading: letter grade or pass/no pass

Formerly TART 55AB. This course serves as a study of the basic theory and application of stage makeup. It includes the design and application of stage makeup to oneself, others and especially actors for various theatre productions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 56

3.0 units

Intermediate Stage Makeup

2.3 hours lecture, 3.4 hours laboratory

Prerequisite: TART 55

Corequisite: TART 39AD and TART 51AD. You must enroll in the corequisite courses before enrolling in this course.

Grading: letter grade or pass/no pass

Formerly TART 56AD. In this course students will explore three dimensional makeup such as; prosthetics, bald caps and wig-making. In addition, students will be exposed to experimentation with new products developed for theatrical make-up, and the design/rendering processes.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 75

2.0 units

Summer Repertory Theatre: Performance

7.9 hours laboratory

Corequisite: TART 76

Recommended Preparation: Audition

Grading: letter grade or pass/no pass

Formerly TART 75AD. Summer Repertory Theatre/Performance is the participation in an organized summer theatre program based on the procedures of the professional repertory theatre. Extensive experience in training, rehearsal and performance is explored through required live play productions.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 76

2.0 units

Summer Repertory Theatre: Production

7.9 hours laboratory

Grading: letter grade or pass/no pass

Formerly TART 76AD. This course is a hands-on practical introduction to the function of stage, costume/wardrobe and make-up technicians and their contribution to dramatic productions. Course topics include organization of the stage, lighting and properties departments, costume and make-up departments in the running of a theatre production, including equipment use and maintenance, and the function of technical stage personnel in production work.

Transfer Status: Transferable to UC, CSU; see counselor for limitations.

TART 201

1.5 units

Show Business Careers-How to Start

1.1 hours lecture, 2.3 hours laboratory

Prerequisite: TART 1

Grading: letter grade or pass/no pass

This course will examine primary and secondary show business career options available in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: On & off camera behavior, agenting, producing, unions, broadcasting and production trades.

TART 204

1.5 units

Marketing Yourself for Show Business

1.1 hours lecture, 2.3 hours laboratory

Prerequisite: TART 1

Grading: letter grade or pass/no pass

This course examines aspects of show business career self marketing. This course content will explain all avenues of options in a hands-on style. This course will include, but not be limited to: Photographs, websites, professional publications, Union programs and guest lecturers.

TART 205

3.5 units

Auditions for Theatre and Film

3.4 hours lecture, 2.3 hours laboratory

Prerequisite: TART 1

Recommended Preparation: TART 1B and TART 1C and TART 2

Grading: letter grade or pass/no pass

This course prepares performers for the practical application of the professional audition process. Course exercises assist in developing an actors professional manner, concentration and awareness. Selection of material, analyzing the text, presenting the material, preparation of a resume with pictures and the presentation of self for maximum effect are covered in the course. Various types of auditions will be explored, including but not limited to; stage, film & television auditions, commercial auditions and cold-reading technique. Guest lecturers may be part of the class and simulated auditions plus filming students in simulated auditions will aid in the learning process.

TART 206A **1.5 units**

Audition and Interview Skills-Beginning
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 1
 Grading: letter grade or pass/no pass
 This course will examine the beginning techniques for show business professional auditioning and interviewing. Course specifics will include but not be limited to: Live theatre, television, commercials and elements of broadcasting.

TART 206B **1.5 units**

Audition and Interview Skills — Advanced
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 206A
 Grading: letter grade or pass/no pass
 This course explores further aspects of television commercials in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: Advanced audition techniques, product copy, sponsors, pay tables, residuals and headshots.

TART 208A **1.5 units**

Breaking into Commercials — Beginning
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 1
 Grading: letter grade or pass/no pass
 This course examines fundamental aspects of television commercials in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: national, regional, local and wild spots as well as auditioning, product copy, sponsors, pay tables, residuals, and headshots.

TART 208B **1.5 units**

Breaking Into Commercials — Advanced
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 208A
 Grading: letter grade or pass/no pass
 This course explores further aspects of television commercials in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: Advanced audition techniques, product copy, sponsors, pay tables, residuals and headshots.

TART 210A **1.5 units**

Voice-Over Techniques — Beginning
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 1
 Recommended Preparation: TART 1C
 Grading: letter grade or pass/no pass
 This course is an examination of preliminary techniques for commercial and theatrical voice-overs. Course topics will include but not be limited to feature film additional dialogue recording, animation, looping techniques and network promotionals as well as Video games.

TART 210B **1.5 units**

Voice-Over Techniques-Advanced
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 210A
 Recommended Preparation: TART 1C
 Grading: letter grade or pass/no pass
 This course will examine the advanced techniques of theatrical and commercial voice-overs. Course topics will include but not be limited to, feature film additional dialogue recording, animation, looping, character and network promotionals.

TART 212A **1.5 units**

Acting in Film — Beginning
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 1
 Grading: letter grade or pass/no pass
 This course is an examination of beginning techniques for acting in film. Course topics will include but not be limited to, studio format, on location, tracking, steady-cam, and multiple camera and digital aspects.

TART 212B **1.5 units**

Acting in Film — Advanced
 1.1 hours lecture, 2.3 hours laboratory
 Prerequisite: TART 212A
 Grading: letter grade or pass/no pass
 This course is an examination of multiple aspects and advanced techniques for acting in film. Topics will include but not be limited to, studio, on location, multi-camera, steady-cam and digital aspects.

WELDING (WELD)

WELD 50 **4.0 units**

Introduction to Welding
 2.3 hours lecture, 6.8 hours laboratory
 Grading: letter grade or pass/no pass
 This course is an introduction to the safe practices, setup, and operation of Shielded Metal Arc Welding, Gas Tungsten Arc Welding, Flux-Cored Arc Welding, and Gas Metal Arc Welding. Topics will include machine settings, basic electricity, welding symbols, and basic metallurgy. This course is designed for students that are seeking basic welding knowledge and skills. This course must be taken prior to any other welding courses at LBCC.
Transfer Status: Transferable to CSU Only; see counselor for limitations.

WELD 211 **9.0 units**

Fundamentals of Welding & Tools of Trade
 5.6 hours lecture, 15.0 hours laboratory, 0.3 hour supplemental learning
 Grading: letter grade or pass/no pass
 This course is an introduction to welding, emphasizing oxy-acetylene welding, oxy-acetylene cuttings, braze welding and pipefitting. It is suitable for students majoring in other occupational areas, such as auto body repair, auto mechanics, machine tool or aircraft maintenance. Good health, manual dexterity and corrected or uncorrected 20/20 vision are necessary to be employable in the welding industry. Students are required to attend 5 hours at the Career Technical Education (CTE) success center for specially designed activities and assignments that relate to this course content.

<p>WELD 212 4.0 units</p> <p>Introduction to Shielded Metal Arc Welding 2.3 hours lecture, 6.8 hours laboratory Grading: letter grade or pass/no pass This course is an introduction to the safe practices, setup, and operation of Shielded Metal Arc Welding. Topics will include machine settings, basic electricity, welding symbols, and basic metallurgy. This course is designed for students that are seeking beginning Shielded Metal Arc Welding knowledge and skills.</p>	<p>WELD 410 2.0 units</p> <p>Welding (ARC) 6.8 hours laboratory Grading: letter grade or pass/no pass This course covers the techniques of arc welding of steels, cast iron, aluminum, hard facing, cutting, safety practices and related information.</p>
<p>WELD 213 4.0 units</p> <p>Intro to Semi-Automatic Welding 2.3 hours lecture, 6.8 hours laboratory Grading: letter grade or pass/no pass This course is an introduction to the safe practices, setup, and operation of Flux-Cored Arc Welding (FCAW), and Gas Metal Arc Welding (GMAW). Topics will include machine settings, basic electricity, welding symbols, electrode selection, and Gas Metal Arc Welding transfer modes. This course is designed to prepare students for entry into an occupation using semi-automatic welding processes.</p>	<p>WELD 411 1.0 unit</p> <p>Welding (ARC) 3.4 hours laboratory Grading: letter grade or pass/no pass This course provides practice in arc welding procedures on various types of metal and the opportunity to learn safety practices.</p>
<p>WELD 214 4.0 units</p> <p>Introduction to Gas Tungsten Arc Welding 2.3 hours lecture, 6.8 hours laboratory Grading: letter grade or pass/no pass This course is an introduction to the safe practices, setup, and operation of Gas Tungsten Arc Welding. Topics will include machine settings, basic electricity, welding symbols, and basic metallurgy. This course is designed for students that are seeking basic Gas Tungsten Arc Welding knowledge and skills.</p>	<p>WELD 412 3.0 units</p> <p>Shielded Metal Arc Welding (ARC) 10.1 hour laboratory Grading: letter grade or pass/no pass This course will address the techniques of arc welding of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program, and it requires the completion of 162 lab hours.</p>
<p>WELD 221 3.0 units</p> <p>Arc Welding Structural Certification 3.4 hours lecture Recommended Preparation: WELD 212 Grading: letter grade or pass/no pass This course is designed to prepare students to take the Los Angeles City Certification test in structural steel welding. It provides additional instructions in the practical hands on welding. It is also designed for students who wish to advance their knowledge and skills in welding. The course includes safety, electrode identification, welding code applications and basic welding metallurgy.</p>	<p>WELD 413 2.0 units</p> <p>SMAW Flat/Horz Groove Welds with Backing 6.8 hours laboratory Recommended Preparation: WELD 212 Grading: letter grade or pass/no pass This is an intermediate course in SMAW (Shielded Metal Arc Welding) fundamentals with emphasis on structural welds in the flat and horizontal positions. This class prepares students to take the AWS certification test in structural steel and to advance their knowledge and skills in the SMAW process. It also includes correct equipment setup, safety practices, general related information, introduction to code specifications, blueprint reading, inspection procedures, and basic welding metallurgy. Good health, manual dexterity and corrected or uncorrected 20/20 vision are necessary to be employed in the welding industry.</p>
<p>WELD 400 2.0 units</p> <p>Welding (General) 1.1 hours lecture, 3.4 hours laboratory Grading: letter grade or pass/no pass This course teaches the basic oxygen acetylene, inert gas including GTAW (TIG-heliarc), and arc welding processes. The student will learn welding of carbon steel, stainless steel, aluminum, and GMAW (MIG) of steel and aluminum. This class instruction also covers correct equipment setup, safety practices and general related information.</p>	<p>WELD 414 2.0 units</p> <p>SMAW Vert & OV/HD Grv Welds w/ Backing 6.8 hours laboratory Recommended Preparation: WELD 212 Grading: letter grade or pass/no pass This is an advance course in SMAW (Shielded Metal Arc Welding) fundamentals with emphasis on structural welds in the vertical and overhead positions. This class prepares students to take the AWS certification test in structural steel and to advance their knowledge and skills in the SMAW process. It also includes correct equipment setup, safety practices, general related information, introduction to code specifications, blueprint reading, inspection procedures, and basic welding metallurgy. Good health, manual dexterity and corrected or uncorrected 20/20 vision are necessary to be employed in the welding industry.</p>

<p>WELD 415 2.0 units</p> <p>SMAW Flat/Horz Open Root Groove Welds 6.8 hours laboratory Recommended Preparation: WELD 212 Grading: letter grade or pass/no pass This course will address the techniques of arc welding of steels, cast iron, aluminum, hard facing and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program, and it requires the completion of 108 lab hours.</p>	<p>WELD 481 1.0 unit</p> <p>Welding (Inert Gas) 3.4 hours laboratory Grading: letter grade or pass/no pass This course provides practice in the techniques of metallic and tungsten inert gas welding, welding of steels, aluminum, magnesium, cast iron and safety practices.</p>
<p>WELD 416 2.0 units</p> <p>SMAW Vert & O/H Open Root Groove Welds 6.8 hours laboratory Recommended Preparation: WELD 212 Grading: letter grade or pass/no pass This course will address the techniques of arc welding of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program, and it requires the completion of 108 hours.</p>	<p>WELD 482 2.0 units</p> <p>Gas Tungsten Arc Welding Basic Joints 6.8 hours laboratory Recommended Preparation: WELD 214 Grading: letter grade or pass/no pass This course will address the techniques of Tungsten Inert Gas arc welding (TIG) of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program and it requires the completion of 108 lab hours.</p>
<p>WELD 460 2.0 units</p> <p>Welding (Acetylene Gas) 6.8 hours laboratory Grading: letter grade or pass/no pass This course explores the techniques of oxy-acetylene gas welding of steels and aluminum, hard facing, flame cutting, brazing and oxy-hydrogen welding. Safety practices and general related information is included.</p>	<p>WELD 483 2.0 units</p> <p>Gas Metal Arc/Flux Core Arc Welding 6.8 hours laboratory Recommended Preparation: WELD 213 Grading: letter grade or pass/no pass This course will address the techniques of Gas Metal Arch Welding (GMAW) and Flux Core Arc Welding (FCAW) of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/exit program, and it requires the completion of 108 lab hours.</p>
<p>WELD 461 1.0 unit</p> <p>Oxygen Acetylene Welding 3.4 hours laboratory Grading: letter grade or pass/no pass This course is a study of the techniques of oxy-acetylene gas welding of steels and aluminum, hard facing, flame cutting brazing, oxy-hydrogen welding and safety practices.</p>	<p>WELD 601 0.0 unit</p> <p>Welding Practice 1.1 hours laboratory Grading: LBCC Non-Graded Course This course offers the new student or a former student additional assistance in welding and or helps improve mastery of a specific welding position. Also, a student can use this course to practice for a practical performance test.</p>
<p>WELD 480 2.0 units</p> <p>Welding (Inert Gas) 6.8 hours laboratory Recommended Preparation: WELD 214 Grading: letter grade or pass/no pass This course provides the study and practice with inert gas welding skills, including GTAW (TIG-heliarc) welding of carbon steel, stainless steel, aluminum, and GMAW (MIG) of steel, aluminum and intershield welding(FCAW). The student can learn the skills necessary for a career as an aerospace industry worker. Course instruction also covers correct equipment setup and safety practices.</p>	<p>WELD 601 0.0 unit</p> <p>Welding Practice 1.1 hours laboratory Grading: LBCC Non-Graded Course This course offers the new student or a former student additional assistance in welding and or helps improve mastery of a specific welding position. Also, a student can use this course to practice for a practical performance test.</p>

BOARD OF TRUSTEES

Irma Archuleta..... Vice President
Trustee Area 2
Virginia Baxter..... Member
Trustee Area 5
Jeffrey A. Kellogg..... Member
Trustee Area 1
Douglas W. Otto..... President
Trustee Area 4
Sunny Zia..... Member
Trustee Area 3
Eloy O. Oakley..... Secretary

ADMINISTRATION

Superintendent-President

Eloy O. Oakley..... Superintendent-President

Academic Affairs

Terri Long..... Vice President, Academic Affairs
Michelle Grimes-Hillman..... Dean, Academic Services
Brent Gilmore..... Director, Academic Services
Vacant..... Director, Grants
Eva Bagg..... Dean, Institutional Effectiveness
& Student Success
Lauren Sosenko..... Director, Institutional Research
Karen Rothstein..... Assoc. Dean, Library
and Learning Resources
Vacant... Dean, School of Career & Technical Education
Vacant..... Assoc. Dean, Career and Technical Education
Paul Creason..... Dean, School of Health, Kinesiology,
Science & Mathematics
Lee O. Douglas..... Dean, School of Language Arts
& Communication
Dina Humble..... Dean, School of Social Sciences & Arts

Administrative Services

Ann-Marie Gabel..... Vice President,
Administrative Services
Sylvia Lynch..... Chief Information Systems Officer
Margie Padron..... Director, Business Support Services
Timothy Wootton..... Director, District Facilities
John Thompson..... Director, Fiscal Services
Mae Sakamoto..... Director, Applications Development
& Support
Hussam Kashou..... Director, Instructional Technology
& Distance Learning
Bob Rapoza..... Internal Audit Manager

College Advancement & Economic Development

Lou Anne Bynum..... Executive Vice President,
College Advancement & Economic Development
John Pope..... Director, College Advancement,
Public Affairs and Governmental Relations
Vivian Shimoyama..... Executive Director, 10K
Small Businesses Program
Sheneui Weber..... Exec. Director, Economic
& Partnership Development
Vacant..... Director, Los Angeles Regional
Small Business Development Center Network
Vacant..... Director, Workforce Development

Human Resources

Rose DelGaudio..... Vice President, Human Resources
Diane Bangs..... Interim Associate Vice President,
Human Resources
Monalisa Hasson..... Director, Classified Human
Resources

Student Support Services

Greg Peterson..... Vice President, Student
Support Services
Nohel Corral..... Dean, Counseling & Student
Support Services
Vacant..... Dean, Enrollment Services
Lillian Justice..... Director, Enrollment Services
Alicia Kruienza..... Interim Dean, Student Affairs
Vacant..... Director, Student Health Services and
Student Life
Rosio Mendoza..... Director, Student Conduct
& Student Life
Vacant..... Director, School Relations &
International Education
Susan Beers..... Interim Athletic Director
Eric Borin..... Director, Special Programs and Services
Yvette Moss..... Interim Director, Student Success

BAGG, EVA

Dean, Institutional Effectiveness & Student Success
B.A., Pomona College, Claremont
M.A., Ph.D., University of California, San Diego

BANGS, DIANE

Interim Associate Vice President, Human Resources
B.A., M.P.A., California State University, Long Beach

BEERS, SUSAN

Athletic Director

BORIN, ERIC

Director, Special Programs and Services
B.A., M.A., San Diego State University
Ph.D., Capella University

BYNUM, LOU ANNE

Executive Vice President, College Advancement &
Economic Development
B.A. California State University, Long Beach
TESL., M.A., University of California, Los Angeles

CORRAL, NOHEL

Dean, Counseling and Student Support Services
B.A., University of California, Santa Barbara
M.A., California State University, Long Beach

CREASON, PAUL

Dean, School of Health, Kinesiology, Science & Math
B.A., M.A., California State University, Fullerton

DEL GAUDIO, ROSE D.

Vice President, Human Resources
B.A., University of California, Los Angeles
M.S., California State University, Long Beach

DOUGLAS, O. LEE

Dean, Language Arts & Communications
B.A., Pepperdine University
M.A., California State University, Dominguez Hills

GABEL, ANN-MARIE

Vice President, Administrative Services
B.A., California State University, Fullerton
M.A., University of Laverne

GILMORE, BRENT

Director, Academic Services
B.S., M.B.A., San Diego State University

GRIMES-HILLMAN, MICHELLE

Dean, Academic Services
B.A., M.A., California State University, Fullerton

HASSON, MONALISA

Director, Human Resources
B.A., University of Phoenix
M.A., Pepperdine University
Ed.D., University of Southern California

HUMBLE, DINA

Dean, School Social Sciences and Arts
B.A., University of Minnesota
M.A., University of North Colorado

JUSTICE, LILLIAN

Director, Enrollment Services

KASHOU, HUSSAM

Director, Instructional Technology & Distance
Learning
B.S., M.A., Ph.D (abd), The Ohio State University

KRUIZENGA, ALICIA

Interim Dean, Student Affairs
B.A., California State University, Fullerton
M.A., Chapman University

LONG, TERRI

Vice President, Academic Affairs
B.A., M.S., Ed.D., University of Southern California

LYNCH, SYLVIA

Chief Information Systems Officer
B.A., Azusa Pacific University
M.A., Chapman University

MENDOZA, ROSIO

Director, Student Life & Student Discipline
B.A., M.A., California State University, Dominguez
Hills

MOSS, YVETTE

Director, TRIO
B.A., M.A., California State University, Long Beach

OAKLEY, ELOY O.

Superintendent-President
B.A., M.B.A., University of California, Irvine

PADRON, MARGIE

Director, Business Support Services
B.S., University of Northern Colorado

PETERSON, GREGORY

Vice President, Student Support Services
B.A., Brigham Young University
M.A., Portland State University
Ed.D., University of Texas at Austin

POPE, JOHN

Director, College Advancement, Public Affairs &
Government Relations
B.A., California State University, Long Beach
M.A., California State University, Fullerton

RAPOZA, BOB

Internal Audit Manager
B.A., California State University, Long Beach

ROTHSTEIN, KAREN

Associate Dean, Student Success & Library
B.A., State University of New York
M.A., Ph.D., University of California, Los Angeles

SHIMOYAMA, VIVIAN

Executive Director, 10K Small Businesses Program
B.A., University of Illinois

SOSENKO, LAUREN

Director, Institutional Research

THOMPSON, JOHN

Director, Fiscal Services
B.A., M.B.A., California State University, Fullerton

WEBER, SHENEUI

Executive Director, Economics & Partnership
Development
B.S., Pacific Union College
M.A., San Diego State University

WOOTTON, TIMOTHY

Director, District Facilities

AKHAVAN, MEHRZAD

Professor, Biology
B.S., M.A., California State University, Fresno

ALEXANDER, PATRICIA L.

Professor, Psychology
B.S., M.A., California State University, Long Beach
Ph.D., University of Southern California

ALGER, RHONDA L.

Professor, Vocational Nursing
BSN, M.S., California State Univ. Dominguez Hills

ALLEN, MARIANNE

Counselor, Financial Aid
B.S., National University, La Jolla
M.A., Loyola Marymount University

AMELOTTE, DIANE M.

Professor, Reading
B.A., M.Ed., Loyola Marymount University

ANAND, BHAGIRATHI

Professor, Mathematics & Engineering
B.S., M.S., University of Madras, India

ANDERSON, GARY V.

Instructor, Kinesiology
B.S., California State Polytechnic University
M.A., Azusa Pacific University

ANDERSON, KIMBERLY B.

Professor, Learning & Academic Resources
Professor, Kinesiology
A.S., Long Beach City College
B.A., California State University, Long Beach
M.Ed., Azusa Pacific University

ANDUJO, ALICIA

Professor, Counseling
B.A., Mount St. Mary's College
M.S., California State University, Long Beach

ANGULO, SKYE E.

Professor, Music
B.M., Chapman University
M.M., University of Southern California

ARAEIPOUR, MOHAMMAD

Instructor, Mathematics
B.S., M.S., California State University, Long Beach

ARIAS, ROBYN

Assistant Professor, Life Science
B.S., University of California, San Diego
Ph.D., University of Southern California

ARMENIA, JOANNE E.

Professor, Registered Nursing
A.S., Golden West College
B.S.N., University of the State of New York
M.S.N., California State University, Dominguez Hills
Ph.D., Walden University

ARNAUD, MARICELA

Professor, Registered Nursing
B.S.N., California State University, Long Beach
M.S.N., California State University, Dominguez Hills

AZIZ, TAHIR

Professor, Computer & Office Studies
A.S., El Camino College
B.S., Punjab University, Lahore, Pakistan
B.B.A., California State University, Long Beach
M.B.A., National University, Los Angeles
Ph.D., Capella University

BARBEE, LADERA

Professor, Mathematics
Instructional Specialist, Math Success Center
B.S., San Diego State University
M.S., California State University, Long Beach

BARBIER, MATTHEW

Assistant Professor, Kinesiology
B.S., San Diego State University
M.A., San Diego State University

BARNARD, MORGAN

Assistant Professor, Art
B.F.A., California College of the Arts
M.P.S., New York University

BARNES, SHELLEY

Instructional Specialist Multidisciplinary Success Ctr
B.A., California State University, Long Beach
M.A., Pepperdine University

BARTLAU, CYNTHIA

Professor, Vocational Nursing
B.S., University of Tulsa, Oklahoma
M.S., University of Phoenix, California

BEAN, JULIE

Assistant Professor, Registered Nursing
M.S.N., University of Phoenix

BEAS, SOFIA F.

Professor, Counseling
B.S., University of Southern California
M.A., Point Loma Nazarene College, San Diego

BEEBE, FRED J.

Professor, Economics
B.A., M.A., California State University, Los Angeles

BEELER, ANYA KRISTIN

Visual & Performing Arts Department Head
Professor, Art
B.A., Berea College
M.F.A., University of Arizona

BEITLER, DEBRA A.

Professor, Registered Nursing
B.A., MSN, California State University, Dominguez Hills

BERT, PABLO

Assistant Professor, Mathematics
B.S., M.A., University of California, Los Angeles

BIGGS, MICHAEL

Public Services Department Head
Assistant Professor, Public Services
B.S., M.S., California State University, Long Beach
M.S., Cal Poly Pomona

BLASETTI, SARA J.

Assistant Professor, Counseling
B.A., San Diego State University
M.S., National University

- BLORE, JOANNE T.**
Professor, Reading
B.A., California State University, Long Beach
M.A., California State University, Fullerton
- BLOUIN, LORRAINE L.**
Counseling Department Head
Professor, Counseling
M.A. California State University, Dominguez Hills
B.A. California State University, Long Beach
A.A. Cerritos College
- BORTIS, TERENTIE**
Professor, Mathematics
B.S., University of Timisoara, Romania
M.B.A., University of Arizona
M.S., California State Polytechnic University, Pomona
- BOUWENS, DEBRA A.**
Professor, Child and Adult Development
A.A., Long Beach City College
B.A., California State University, Fullerton
M.A., California State University, Long Beach
- BRĄZDA, WILLIAM E.**
Professor, English as a Second Language
B.A., Dartmouth College
M.A., University of Utah
M.A., California State University, Long Beach
D.A., Centre for Communications Studies, London
Certified T.E.S.L., Univ. of California, Los Angeles
- BREECE, LAUREL H.**
Professor, Anthropology
B.A., California State Polytechnic University, Pomona
M.A., Ph.D., University of California, Los Angeles

Assistant Professor, English
B.A., M.F.A. California State University, Long Beach
- CASTANO, CAROLYN**
Assistant Professor, Art
B.F.A., San Francisco Art Institute
M.F.A., University of California, Los Angeles
- CHANG, SHENG-TAI**
Professor, English
B.A., East China Normal University, Shanghai
M.A., University of Calgary, Canada
M.A., Ph.D., University of Southern California
- CHAO, GENEVA**
Assistant Professor, English
B.A., Barnard College of Columbia University
M.A., M.F.A, San Francisco State University
- CHEN, SU-SHUAN**
Assistant Professor, History & Political Science
- CHINN, CHRISTOPHER M.**
Associate Professor, Art
B.F.A., University of Illinois
M.F.A., University of Southern California

CIPOLLA, MARK

Assistant Professor, Kinesiology
B.A., San Francisco State University
M.S. Azusa Pacific University

COBB, MELVIN J.

Associate Professor, Computer & Office Studies
B.A., California State University, Long Beach
M.A., California State University, Dominguez Hills

COBIAN, BERLYN O.

Assistant Professor, English
B.A. University of California, Los Angeles
M.A. California State University, Fullerton

COE-GYSEL, MARILYN M.

Associate Professor, Vocational Nursing
B.S.N., Alfred University
M.S.N., Walden University

COLEMAN, RACHEL

Assistant Professor, Mathematics
B.S., Stanford University
M.A., California State University, Fullerton

CONN, JUDY

Assistant Professor, Reading
B.A.E, M.E., University of Mississippi

CORSNITZ, BRYAN S.

Assistant Professor, Business Administration
A.A., Long Beach City College
B.A., University of California, Los Angeles
M.B.A., University of California, Davis

CRANE, CATHY

Performing Arts Department Head
Professor, Performing Arts
B.S., Asbury College, Wilmore, California
M.F.A., California Inst. of the Arts, Valencia, Calif.

CROOK, CASEY E.

Instructor, Kinesiology
B.S., Briar Cliff College, Sioux City, Iowa
M.A., California State University, Long Beach

CULLY, SUSAN

Professor, Computer & Office Studies
B.S., California State University, Dominguez Hills
M.A., California State University, Long Beach

DANIELS, KARYN D.

Professor, Sociology
B.A., University of California, Los Angeles
M.A., Yale University

DAUGHDRILL, ELIAS

Assistant Professor, Visual & Media Arts
B.A., San Francisco State University
M.F.A., Loyola Marymount University

DAVISON, CHRISTOPHER J.

Professor, Life Science
B.S., University of Calgary
M.S., Clemson University
M.B.A., Coggin College of Business

DE ANDA, JAIME LUIS

Assistant Professor, Physical Sciences
B.S., University of Puerto Rico
Ph.D., Massachusetts Institute of Technology

DEL GAUDIO, JULIAN J.

Professor, History
B.A., M.A., California State University, Northridge
Ph.D., University of California, Irvine

DI GIOVANNI, DENNIS

Professor, Air Conditioning & Refrigeration
A.S., Long Beach City College
B.A., Union Institute & University

DICKERSON, CANDACE M.

Professor, Reading
B.A., California State University, Fullerton
M.S., California State University, Fullerton

DOAN, BRIAN

Associate Professor, Photography
B.F.A., University of Colorado, Denver
M.F.A., Massachusetts College of Art & Design

DOUGLAS, DONALD K.

Professor, Political Science
B.A., California State University, Fresno
M.A., Ph.D., University of California, Santa Barbara

DOWLATSHAHI, KRISTINA

Assistant Professor, Communication Studies
B.A., California State University, Long Beach
M.A., California State University, Long Beach

DOWNEY, JOHN C.

Professor, Biology
B.S., California State Poly. Univ., San Luis Obispo
M.A., California State University, Fullerton

DUROSS, DELIA A.

Professor, Reading
B.A., M.A., Loyola Marymount University

DY, HEATHER

Associate Professor, Life Science
B.S., California State University, Los Angeles
M.S., Loyola Marymount University

ELIMELECH, BARUCH

English as a Second Language Department Head
Professor, English as a Second Language
B.A., M.A., Ph.D., Univ. of California, Los Angeles

EMIGH, JAMI

Assistant Professor, Mathematics
B.S., California State University
M.S., California State University

ENEYEW, TILAHUN

Professor, Physics
B.S., Haile Selassie University, Addis Ababa
M.A., Western Michigan University, Kalamazoo
Ph.D., Purdue University

ENGELHARDT, SUZANNE L.

Associate Professor, Electricity
A.S., University of Phoenix

ENRIGUE, CINDY

Assistant Professor, Mathematics
B.A., University of California, Berkeley
M.S., California State University, Channel Islands

EPLEY, JEFFREY A.

Professor, English
B.A., M.F.A., California State University, Long Beach

ERB, ADRIAN E.

Professor, Architecture, Drafting
A.A., Golden West College
B.S., Rhode Island College, Providence

ESTRADA, GILBERT V.

Assistant Professor, History & Political Science
B.A., California State University, Long Beach
M.A., California State University, Long Beach
Ph.D., University of Southern California

FABISH, JORDAN I.

Professor, Reading
A.A., Long Beach City College
B.A., California State University, Long Beach
M.S., California State University, Fullerton

FAULKNER, KAREN P.

Professor, International Business/Marketing
B.A., Trinity University, San Antonio, Texas
MBA, Arizona State University, Tempe
M.I.M., American Graduate School of International
Management, Glendale, Arizona
Ph.D., Claremont Graduate University

FERNANDEZ, CATHY

Assistant Professor, Counseling
A.A., Long Beach Community College
B.A., M.S., California State University, Long Beach
M.A., Virginia Tech

FIGUEROA, OTTO

Assistant Professor, Geology
B.S., California State University, Fullerton
M.S., California State University, Fullerton

FINO, MICHELLE

Assistant Professor, Food & Nutrition
B.S., California State University, Los Angeles
M.A., California State University, Long Beach
Ed.D., California State University, Long Beach

FISHER, PAULA V.

Professor, Child and Adult Development
B.S., Southern Illinois University, Carbondale
M.S., Northern Illinois University, DeKalb
Ph.D., Capella University

FITZGERALD, LISA G.

Professor, English
Coordinator, English Placement
B.A., Northern Arizona University
M.A., California Polytechnic Univ., San Luis Obispo

FLETCHER, DONNA M.

Professor, Reading
B.A., Fordham University
M.S., California State University, Fullerton

FLORENCE, JERI L.

Staff Development Coordinator
Professor, Counseling
A.A., Long Beach City College
B.A., California State University, Long Beach
M.S., University of La Verne

FLORES ZAMORA, JUAN PEDRO

Assistant Professor, Drafting

FOUNTAIN, CATHERINE M.

Assistant Professor, Child Development

FRASER, J. SCOTT

Interim Trades & Industrial Department Head
Professor, Electricity
A.S., Long Beach City College
B.S., California State University, Los Angeles

FREDERICKS, AMY

Assistant Professor, Astronomy
B.S., University of Southern California
M.S., University of Maryland

FREEMAN, ERAINIA L.

Professor, Counseling
B.A., California State University, Long Beach
M.A., Pepperdine University
Ed.D., Argosy University, San Francisco

FRUMKIN, JULIE

Child Development & FACS Department Head
Professor, Child and Adult Development
B.A., California State University, Long Beach
M.S., University of La Verne

FULBRIGHT III, MARSHALL T.

Associate Professor, Music
B.M., Chapman University
M.M., University of California, Santa Barbara

GAILEY, W. NEIL

Professor, Computer & Office Studies
B.S., University of Utah, Salt Lake City
M.S., Utah State University, Logan

GALICIA, BLANCA L.

Instructor, Counseling
A.A., Los Angeles Harbor College
B.A., MA, California State Univ., Dominguez Hills

GARGANO, ANTHONY C.

Associate Professor, English
A.A., Hudson Valley Community College
B.A., M.A., California State University, Long Beach

GAYLE, DAVE A.

Instructor, Life Science
B.S., ChE, Ph.D., University of Delaware

GEHRMAN, EMILY S.

Learning & Academic Resources Department Head
Instructional Specialist, Multidisc Success Center
A.A., Cypress College
B.A., University of California, Santa Barbara
M.A., California State University, Long Beach

GLICK, NICOLE E.

Professor, English
B.A., University of California, Riverside
M.A., California Polytechnic Univ., San Luis Obispo
Ph.D, University of California, Riverside

GOMEZ, JENNIFER ANN

Assistant Professor, Culinary Arts
A.S., Central New Mexico Community College

GOODMAN, KAREN A.

Instructor, Kinesiology

GOSS, EUGENE R.

Professor, Political Science
B.A., Linfield College
M.A., University of Southern California

GOTO, DAVID PAUL

Assistant Professor, Library
A.A., Fullerton College
B.A., California State University, Fullerton
M.A., California State University, Fullerton
M.L.I.S., San Jose State University

GUILLEN, CHRISTINA M.

Professor, English
B.A., Pennsylvania State University
M.A., University of Southern California

GULATI, SUDEEPA

Professor, English as a Second Language
B.A., BEd., Universite Laval, Quebec, Canada
M.A., University Toronto, Canada

GUNTHER, DIANE

Professor, English
Chair, CCA Grievance
B.A., M.A., California State University, Long Beach

GUTIERREZ, MOISES

Instructional Specialist, Math Success Center
B.S., M.S., California State University, Long Beach

HAAN, JOANNA

Assistant Professor, Physical Science
B.S. University of Illinois Urbana-Champaign
M.S. University of Florida

HABASH, SAMIRA H.

Professor, Communication Studies
A.A., El Camino College
B.A., M.A., California State University, Long Beach
Ed.D., University of California, Irvine

HABBERFIELD, DEBRA A.

Instructor, Food & Nutrition
A.A., The Fashion Inst. of Design & Merchandising

HAGEMANN, SHAUNA

Counselor, Disabled Student Programs & Services
B.S., M.S., California State University, Fullerton

HALL, JOHN D.

Professor, Kinesiology
B.A., University of California, Los Angeles
M.S., Azusa Pacific University

HALL, PHYLLIS C.

Counselor, Extended Opportunity Program & Services
B.A., Whittier College
M.S., M.S., California State University, Fullerton
Ph.D., United States International University

HAMILTON, BRIAN E.

Instructor, Music
B.A., M.M., University of California, Los Angeles

HANCOCK, NIGEL J.

Instructor, Physical Sciences
B.A., M.A., University of Oxford, England

HANNAH, VALERIE

Assistant Professor, Reading
A.A., Fullerton College
B.A., San Francisco State University
M.S., California State University, Fullerton

HANSCH, DAN

Counselor, Disabled Student Programs & Services
B.A., University of California, Santa Cruz
M.A., California State University, Northridge

HARRELL, BRENDA D.

Professor, Registered Nursing
B.S.N., Tuskegee Institute
M.S.N., Catholic University of America
Ed.D., Nova University

HARRIS, DONA J

Professor, Business Administration
A.A., Coastline Community College
B.A., California State University, Long Beach
M.B.A., National University, La Jolla

HARTFORD, KRISTIN M.

Professor, Mathematics
B.S., Pennsylvania State University, University Park
M.S., Long Island University at CW Post, Brookville, New York

HATCH, KIM

Assistant Professor, Physical Science
B.A., M.A., California State University, Long Beach

HASTLESTAD-SHEY, ALEXANDRE

Adjunct Professor, Communication Studies
B.A., University of California, Riverside
M.A., California State University, Long Beach

HAUCK, JOHN F.

Instructor, Electricity

HAYES, FRANK A.

Assistant Professor, Public Affairs & Services

HAYS, PATRICIA A.

Counselor, Disabled Students Programs & Services
Professor, Counseling
B.A., M.A., California State University, San Bernardino

HEEB, PATRICK W.

Professor, Air Conditioning/Refrigeration
A.A., East Los Angeles College
B.A., California State University, Los Angeles

HEMKER, FREDERICK

Assistant Professor, Political Science
B.A., Kenyon College
M.A., Fordham University

HENCHEY, JAMES

Assistant Professor, Public Services
A.A., Citrus College
B.S., University of La Verne
M.A., Woodbury University

HERRERA, NICHOLAS

Assistant Professor, Psychology
Ph.D., Stanford University
B.A., University of California, San Diego

HERSH, ROBERT

Professor, Radio/Television
B.A., Vanderbilt University

HILLMAN, KENNA J.

Curriculum Chair
Professor, Counseling
A.A., Long Beach City College
B.F.A., California State University, Long Beach
M.S., University of La Verne

HINTON, MARIE-LAURE H.

Associate Professor, Foreign Language
B.S., California State University, Dominguez Hills
B.S., M.A., California State University, Long Beach
Ph.D., University of California, Los Angeles

HOLLENBERG, RACHEL A.

Professor, Philosophy
B.A., Rutgers University
M.A., Claremont Graduate University

HOM, TAMARA

Assistant Professor, Counseling
B.A., University of California, Santa Cruz
M.S., San Francisco State University

HOTRA, TIARE L.

Professor, Reading
B.A., M.Ed., Loyola Marymount University

HUBBARD, MICHAEL J

Professor, Counseling
A.A., El Camino College
B.S, M.S., California State University, Long Beach

HUERTA, PHILLIP M.

Professor, Counseling
A.A, Cypress Community College
B.A., California State University, Fullerton
M.A., California State University, San Bernardino

HUND, JANET S.

Professor, Sociology
M.A., Arizona State University

IBARRA, RIGOBERTO G.

Professor, Foreign Languages
B.A., M.A., University of California, Los Angeles

IKEI, E. COLIN

Professor, Computer & Office Studies
B.A., Mt. Carmel College (St. Bonaventure University)
B.A., California State University, Los Angeles

JACKSON, BARBARA A.

Professor, Kinesiology
B.S., California State University, Long Beach
M.A., California State University, Dominguez Hills
J.D., Glendale University College of Law

JACKSON, CHARLOTTE A.

Instructor, Spanish/French
B.A., M.A., California State University, Sacramento
M.A., University of California, Santa Barbara

JACKSON, CONNIE ANN

Counselor, Disabled Programs & Services

JENKINS, GERRY W.

Professor, Computer & Office Studies
B.S., Arizona State University, Tempe

JENNINGS, KATHRYN P.

Professor, Reading
B.A., M.A., California State University, Long Beach

JONES, MARLON D.

Professor, Physical Science
B.S., University of Nevada, Las Vegas
Ph.D., University of Kentucky

JOSE, BENJAMIN

Assistant Professor, Physics
B.A., University of Southern California
M.S., California State University, Fullerton

JOSEPH, CHARLOTTE W.

Professor, Political Science
B.A., University of Southern California
M.A., Georgetown University

JOSEPH, GREGORY A.

Professor, History
B.A., B.S., M.A., California State University, Fullerton
Ph.D., Claremont Graduate School

JUAREZ, APRIL M.

Professor, Child Development
Coordinator, Foster Care
B.A., M.A., Pacific Oaks College, Pasadena
Ph.D., Capella University

JUÈS, PIERRE B.

Culinary Arts Department Head
Professor, Culinary Arts
A.S., Long Beach City College
B.S., California State University, Long Beach

KANE, KAREN A.

Academic Senate President
Kinesiology Department Head
Professor, Kinesiology
B.A., San Diego State University
M.Ed., Boston College, Chestnut Hill, Massachusetts

KAPLINSKY, MEGAN

Assistant Professor, Reading
M.A., California State University, Long Beach
M.A., Pacific Oaks College

KIM, JONG H.

Professor, Mathematics & Engineering
B.S., University of Southern California
M.A., University of California, Los Angeles
M.A., University of Southern California

KING, LINDA

Professor, Art
M.A., California State University, Humboldt
M.F.A., University of Iowa, Iowa City, Iowa

KNAPP, PETER J.

Professor, Music
A.A., College of Dupage
B.M., Elmhurst College, Elmhurst, Illinois
M.M., M.A., Ph.D., Ohio State University, Columbus

KNIGHTS, PAMELA D.

Instructor, Fashion
B.S., University of Cincinnati

KOENIG, WENDY

Assistant Professor, Visual & Media Arts
B.A., University of Louisville
M.F.A., Ohio University
Ph.D., The Ohio State University

LADEJOBI, DELE C.

Professor, Library
B.A., University of Cincinnati, Cincinnati, Ohio
M.S., Miami University, Oxford, Ohio
M.L.S., University of California, Los Angeles

LAMM, FRED

Instructor, Auto Mechanics
A.S., Los Angeles Trade Technical College
B.A., M.A., California State University, Long Beach
Ed.D., Nova University

Full-Time Faculty

LAWRENCE, MATTHEW C.

Professor, Philosophy
B.A., University of California, Santa Cruz
M.A., Ph.D., University of California, Irvine

LEDUFF, DONNA E.

Professor, Counseling
A.A., Los Angeles Harbor College
B.A., California State University, Dominguez Hills
M.S., California State University, Long Beach

LEHMAN, DAVID

Associate Professor, History
B.A., Eastern Mennonite College, Harrisonburg, VA
M.A., Ph.D., University of California, Los Angeles

LEIVA, CLARISSA

Adjunct Professor, Computer & Office Studies
B.S., California State University, Dominguez Hills
M.P.A., California State University, Dominguez Hills

LIDDELL, JENNIFER

Assistant Professor, English

LIKEN, LISA A.

Assistant Professor, Counseling
B.A. The Evergreen State College
M.S. University of LaVerne

LOMELI, BRITTANY

Adjunct Professor, Kinesiology
B.A., M.A., California State University, Dominguez Hills

LOPEZ, JAMIE

Assistant Professor, Nursing
A.S., Long Beach City College
M.S., Walden University

LYNCH, MIRIAM V.

Professor, Computer & Office Studies
B.A., M.A., California State University, Los Angeles

MacKAY, JANNIE L.

Coordinator, Matriculation
Professor, Counseling
A.A., Long Beach City College
B.A., University of California, Berkeley
M.S., Ph.D., University of Southern California

MADRIGAL, FRANK

Professor, Culinary Arts
A.S., El Camino College
B.S., California State University, Long Beach

MAHAN, NANCY

Assistant Professor, Mathematics & Engineering
M.S., California State University, Long Beach
B.S., University of California, Irvine

MAHDAVI, ANNAHITA

Adjunct Professor, Human Services
B.A., Vanguard University of Southern California
M.A., Pepperdine University

MANLOWE, MELINDA

Assistant Professor, Communication Studies
B.A., California State University, Long Beach
M.A., California State University, Long Beach

MARKI, MARY M.

Professor, History & Political Science
A.A., Golden West College
B.A., M.A., California State University, Fullerton

MASON, MAUREEN E.

Associate Professor, English as a Second Language
B.A., University of California, Davis
M.A., University of California, Los Angeles

MAXELL, ROBERT C.

Instructor, Mathematics
B.S., California State University, Dominguez Hills
M.S., California State University, Long Beach

MAYUGA, LAURA

Assistant Professor, Communication Studies
B.A., M.A., California State University, Fullerton

Mc CALL, SHELLIE L.

Instructor, Kinesiology
B.S., California Polytechnic University, Pomona
M.A., Azusa Pacific University

McGILL, JULIE S.

Professor, Vocational Nursing
R.N., William Paterson University
M.S.N., California State University, Dominguez Hills

McKEAN, PATRICK J.

Professor, Journalism
A.A., Ventura Community College
B.A., University of Southern California
M.P.A., California State University, Long Beach

McMULLEN, MYKE

Business Administration & Econ Department Head
Professor, Marketing/Management
B.S., Woodbury University, Los Angeles
M.B.A., Pepperdine University

McMURRAY, KATHRYN H.

Assistant Professor, English
B.A., California State University, Long Beach
M.F.A., California State University, Long Beach

MEJIA-LOPEZ, FRANCISCA

Assistant Professor, Spanish
M.A., California State University, Long Beach
B.A., California State University, Fullerton

MELUCCI, NANCY J.

Associate Professor, Social Science
B.A., Bryn Mawr College
Ph.D., University of Pennsylvania

MEZA, RALPH J.

Assistant Professor, Counseling

MIERAS, ELVIA F.

Professor, Food & Nutrition
B.S., M.S., M.S.R.D., California State University, LB

MILLER, DENNIS O.

Professor, ESL Composition Specialist
B.A., University of Texas, Arlington
M.A., University of California, Los Angeles

MILLER, MARVIN H.

Professor, Kinesiology
A.A., Long Beach City College
B.A., California State University, Long Beach
M.S., United States Sports Academy, Mobile, AL

MIRFATTAH, MEHDI

Instructor, Mathematics
B.A., M.A., California Polytechnic University, Pomona
M.A., California State University, Los Angeles

MISAJON, CAROLYN F.

Communication Studies Department Head
Professor, Communication Studies
A.A., Long Beach City College
B.A., M.A., California State University, Long Beach

MITCHELL, ANN E.

Professor, Photography
B.F.A., Art Center College of Design, Pasadena
M.F.A., Claremont Graduate University

MONTERRUBIO, GERARDO

Assistant Professor, Art
B.F.A., California State University, Long Beach
M.F.A., California State University, Los Angeles

MOORHEAD, CHRISTINA L.

Assistant Professor, Communication Studies
B.A. Point Park University, Pittsburgh
M.A. California State University, Long Beach

MORENO, KIRSTEN A.

Assistant Professor, English Composition
B.A., M.A., California State University Long Beach

MORIDZADEH, KOBY

Assistant Professor, Food & Nutrition

MORSE, DAVID W.

Professor, English
B.A., University of Michigan, Ann Arbor
M.A., University of Kansas, Lawrence
M.A., Ph.D., University of Southern California

MORTENSEN, GREGORY L.

Professor, Performing Arts
B.A. California State University Long Beach
M.F.A. California State University Long Beach

MUDUNURI, BALA K.

Professor, Mathematics
M.S., Indian Institute of Science, India
M.S., Oklahoma State University, Stillwater
Ph.D., University of Texas, Arlington

MUDUNURI, SUMAN S.

Assistant Professor, Computer & Office Studies
B.A. University of California Los Angeles
MBA, Loma Linda University

MUSICK, JENNIFER L.

Associate Professor, Health Education
B.A., University of California, Santa Barbara
M.P.H., University of California, Los Angeles

MYERS, DARYA N.

Puente Coordinator
Assistant Professor, English
Transfer Degree, Golden West College
B.A., University of California, Irvine
M.A., California State University Fullerton

NASAB, MICHAEL A.

Professor, Mathematics
B.A., California State University, Dominguez Hills
B.S., Northrop University
M.S., California State University, Northridge
M.S., California State University, Los Angeles

NASH, ELIZABETH

Assistant Professor, Life Science
B.S., M.A., California State University, Long Beach
Doctorate, University of California, Los Angeles

NASON, JESSE D.

Assistant Professor, Mathematics & Engineering

NELLIS, JENNIFER L.

Assistant Professor, English
B.A., Ohio State University
M.F.A., Mills College

NEPOMUCENO, JAIR

Assistant Professor, Mathematics
B.A., California State University, Long Beach
M.A., Claremont Graduate University

NEU, HEIDI

Course Evaluation Subcommittee Chair
Instructional Specialist, Multidisc Success Center
A.A., El Camino College
B.A., M.A., California State University, Long Beach

NGO, RATANAMUNY

Instructor, Mathematics
B.S., Harvey Mudd College, Claremont
M.S., Claremont Graduate School

NGUYEN, HALEY

Assistant Professor, Culinary Arts
B.S., Indiana University, Bloomington

NGUYEN, ORCHID

Assistant Professor, Mathematics & Engineering
Ed.D., University of Southern California
M.S., California State University, Long Beach

NGUYEN, SIMONE

Instructor, Mathematics
Diploma, Eberhard-Karls-University, Germany
M.A., California State University, Long Beach

NIGRO, DANIEL T.

Life Sciences Department Head
Assistant Professor, Biology
B.A., M.S., California State University, Fullerton

NOGGLE, JAMES L.

Instructor, Accounting
B.S., California State University, Los Angeles
M.B.A., Azusa Pacific University
CPA, State of California

NOVOTNY ADRIAN S.

Professor, Anthropology
B.A., B.S., Youngstown State University
M.A., California State University, Long Beach
Ph.D., University of Oregon

NUNAG, ANN MARIE N.

Professor, Counseling
A.A., Golden West College
B.S., California State University, Fullerton
M.A., California State University, Dominguez Hills

O'LEARY, ROARKE P.

Professor, Counseling
B.A., University of California, Irvine
M.A., California State University, Fresno

O'TOOLE, SANDRA N.

Professor, Business Law
B.A., University of Michigan, Ann Arbor
J.D., University of Notre Dame

OCHOA, JORGE

Associate Professor, Horticulture
A.A., Los Angeles Trade Technical College
A.S., Long Beach City College
B.S., California State Polytechnic University, Pomona

OEDING, CHRISTOPHER M.

Professor, Kinesiology
B.A., University of California, Berkeley
M.A., Azusa Pacific University

OGIMACHI, DIANA G.

Professor, Counseling
B.A., M.S., California State University, Los Angeles

OH, JUDY J.

Counselor, International Student Program
Professor, Counseling
B.A., University of California, Berkeley
M.S., California State University, Los Angeles

ONG, WOOL CHIN

Instructor, English
M.A., California State University, Northridge

ORLOVSKI, STANISLAV

Visual & Performing Arts Department Head
Assistant Professor, Art
B.Ed., University of Toronto, Canada
BFA, York University, Toronto, Canada
MFA, University of Southern California

ORR, ELISABETH E.

History & Political Science Department Head
Professor, History
B.A., Oberlin College, Ohio
M.A., Indiana University, Bloomington
Ph.D., Indiana University

OUTHWAITE, FRANCES M.

Professor, Registered Nursing
A.A., Long Beach City College
B.S., California State University, Fullerton
MSN, University of San Diego

PADILLA, YOLANDA C.

Professor, Counseling
A.A., Pasadena City College
B.A., University of Southern California
M.A., Point Loma Nazarene College

PAGAN, ANTHONY W.

Assistant Professor, Computer & Office Studies
A.S., State University of New York at Cobleskill
B.S., San Diego State University
M.A., California State University, Los Angeles

PAGE, RUBEN D.

Coordinator Transfer Services
B.A., University of California, Irvine
M.S., California State University, Long Beach

PAMINTUAN, MARTHA

Assistant Professor, Dance
B.A., San Francisco State University
M.F.A., University of California, Irvine

PEARSON, VELVET D.

Professor, English
B.A., University of California, Santa Barbara
M.A., San Diego State University
Ph.D., University of Southern California

PELLEGRINI, LAURA A.

Professor, Political Science
B.S., California State University, Long Beach
M.A., MPA, University of Southern California

PERALTA, COLLEEN

Adjunct Professor, Nursing
B.S., M.S., University of Phoenix

PERROT, MARY E.

Physical Sciences & Geography Department Head
Professor, Chemistry
B.S., Massachusetts Institute of Technology
Ph.D., University of Wisconsin, Madison

PETERSON, DEBRA E.

Associate Professor, Counseling
A.A., Los Angeles Harbor College
B.A., California State University, Long Beach
M.A., California State University, Dominguez Hills

PETTITO, JACQUELINE

Assistant Professor, Performing Arts

PIERCE, KRISTIN

Professor, Child and Adult Development
B.A., M.A., California State University, Long Beach

PLISKA, JANINE K.

Assistant Professor, Social Science
A.A., Long Beach City College
B.A., University of California, Berkeley
M.S., Durham University

POKORNY, GRACE K.

Professor, Health
B.S., University of California, Los Angeles
M.S.W., M.P.H., San Diego State University

POP, ALLISON G.

Professor, English
B.A., M.A., California State University, Long Beach

POTTER, LAURIE E.

Professor, English as a Second Language
B.A., Marymount Manhattan College
M.A., California State University, Long Beach

POWELL, RENAE L.

Professor, Computer & Office Studies
A.A., Compton Community College
B.S., California State University, Los Angeles
M.A., California State University, Long Beach
M.I.S., Claremont Graduate University

POWELL, STEPHANIE M.

Professor, Performing Arts
B.A., University of California, Berkeley
M.F.A., University of California, Irvine

QUINTERO, CYNTHIA A.

Foreign Language Department Head
Assistant Professor, Foreign Language
B.A., Ph.D., University of California, Irvine
M.A., California State University, Long Beach

RADLOFF, SUSAN

Professor, Vocational Nursing
A.A., B.A., University of Phoenix

RAFANELLO, DONNA SUE

Professor, Child Development & Adult Education
B.S., Loyola University, Chicago
M.Ed., National-Louis University, Chicago
M.F.A., Antioch University, Los Angeles

RAJARAM, GEETHA

Assistant Professor, Business Administration
B.A., University of California, San Diego
Ph.D., University of Colorado, Boulder

RAMOS, CARLOS M.

Social Sciences & Philosophy Department Head
Instructor, Social Science
B.A., University of Southern California
M.A., University of California, Los Angeles

RAPHAEL, DOUGLAS

Assistant Professor, Communication Studies
A.A., Cypress College
B.S., California State University, Long Beach
M.A., J.D., University of Hawaii at Manoa

REISBIG, MICHAEL R.

Instructor, Kinesiology
B.S., California Polytechnic University, Pomona
M.A., Azusa Pacific University

RICHARDS, GISELLE T.

Professor, English as a Second Language
B.A., University of Southern California
M.A., California State University, Los Angeles

RIDENOUR, ANALISA

Instructor, Communication Studies
A.A., Cypress College
B.A., M.A., California State University, Long Beach

RIPLEY, DAN A.

Instructor, Health Education
A.A., Cypress College
B.S., California State University, San Jose
M.S., California State University, Fullerton

RIVERA, JAVIER

Instructor, Carpentry
A.A., Santa Ana College

ROCK, ELLIOTT H.

Professor, Political Science
B.A., M.P.A., San Diego State University
Ph.D., University of Southern California

RODDEN, JENNIFER

Professor, Reading
B.A., University of California, Davis
M.A., California State University, Sacramento
Ph.D., Indiana University of Pennsylvania

RODRIGUEZ, ANNA

Assistant Professor, English as a Second Language
B.A., California State University, Dominguez Hills
M.A., University of California, Los Angeles

RODRIGUEZ, RODNEY A.

English Department Head
Associate Professor, English
B.A., M.A., University of Utah
Ph.D., University of California, Irvine

RODRIGUEZ, TREVOR

Coordinator, School and College Relations
B.A., MPA, California State University, Long Beach

ROPER, LISA

Assistant Professor, Counseling
B.A., University of California, Los Angeles
M.A., University of California, Dominguez Hills

ROSE, KAREN L.

Professor, English
B.A., M.A., Ph.D., University of California, Los Angeles

ROSILLO, ZOILA

Assistant Professor, Computer & Office Studies
A.A., San Bernadino Valley College
B.A., University of California, Riverside

ROSS, MELVIN L.

Professor, History
B.S., M.A., Purdue University

RUEHL, JEANNE M.

Professor, Registered Nursing
B.S.N., M.S.N., California State Univ., Long Beach

RYAN, JOHN K.

Associate Professor, Mathematics
B.S., M.S., California State University, Long Beach

Teaching Credential, California State University,
Dominguez Hills

SETHURAMAN, RAMCHANDRAN

Library Department Head
Professor, Library
M.A., University of New Brunswick
M.S., University of Illinois, Urbana
Ph.D., University of Florida, Gainesville

SEXTON, SIGRID K.

Interim Registered Nursing Department Head
Professor, Registered Nursing
B.S.N., M.S.N., California State Univ., Long Beach

SHANNON, MARGARET F.

Professor, Writing & Reading
B.A., Pomona College
M.A., Ph.D., University of Chicago

SHAW, LYNN J.

Professor, Electricity
B.S., University of Minnesota, Minneapolis
M.A., California State University, Long Beach
Ph.D., Claremont Graduate University and San Diego
State University

SHEAFFER, DE WAYNE T.

Associate Professor, Counseling
B.S., California State University, Stanislaus
M.S., California State University, Los Angeles

SHENG, PATRICK

Assistant Professor, Music
A.A., Tacoma Community College
B.M., M.M., Washington State University

SHIHABI, AZZAM M.

Professor, Mathematics/Engineering
B.S., Kuwait University
M.S., California State University, Long Beach
M.S., Ph.D., Claremont Graduate University

SHOEMAKER, TIMOTHY L.

Professor, Sheet Metal
A.S., El Camino College
B.A., M.A., California State University, Long Beach

SIMPSON, SHAMIKA J.

Assistant Professor, Library
B.A., California State University, Fresno
MLIS, San Jose State University

SIMS, ELIJAH

Assistant Professor, Counseling
B.A., California State University, Long Beach
M.A., California State University, Dominguez Hills

SINGHAL, MEENA

Assistant Professor, English as a Second Language
B.A., University of Calgary
M.A., McGill University
Ph.D., University of Arizona

SMITH, JOHN G.

Professor, Kinesiology
A.A., Los Angeles Valley College
B.A., California State University, Northridge
M.S., University of Illinois, Champaign-Urbana
Ph.D., University of Southern California

SMITH, WARD

Assistant Professor, Library
B.A., Birmingham-Southern College
M.L.I.S., University of California, Los Angeles

SMOLEY, DAREN

Instructional Specialist, Writing & Reading Center
B.A., California State University, Long Beach
M.A., M.F.A., Chapman University

STALLINGS, DANIELLE

Assistant Professor, Film Studies
B.F.A., University of Southern California
M.F.A., Loyola Marymount University

STARROS, ANTHONY P.

Professor, English
B.A., M.F.A., California State University, Long Beach

STEELE, JAMES F.

Allied Health Department Head
Instructor, Diagnostic Medical Imaging Sciences
A.S., Long Beach City College
B.V.E., M.A., California State University, Long Beach

STERRITT, COLEEN P.

Professor, Art/Sculpture
B.F.A., University of Illinois, Champaign-Urbana
M.F.A., Otis Art Institute, Los Angeles

SUMNER, RAY

Professor, Geography
B.A. (Hons), M.A., James Cook University, Australia
Ph.D., University of Queensland, Australia
Dip.Tch, Kelvin Grove College, QUT, Australia

TAN, DANNY S.

Instructor, A BODY/AMECH
A.S., Long Beach City College

TAVAKKOLY, AUNDREA

Assistant Professor, Mathematics & Engineering

TO, TOM

Counselor

TSUBOI, YUKIKO

Assistant Professor, Japanese
B.A., University of Shizuoka
M.A., University of Southern California
M.A., University of Shizuoka

TURLO, MATTHEW

Instructor, Electricity
A.A., El Camino College

TURNER, LYDIA

Counselor, Financial Aid
B.A., California State University, Long Beach
M.A., National University, Irvine

VAN SINDEN, DANA E.

Professor, Child and Adult Development
B.A., M.A., California State University, Long Beach

VARGAS, MARIO

Assistant Professor, Physical Science

VARGAS, VIDAL

Counseling
B.A., California State University, San Bernardino
M.A., University of Redlands

VERMA, SURENDRA M.

Professor, Accounting
M.S., California State University, Long Beach
M.B.A., Golden Gate University
M.S., Carleton University, Ottawa, Canada
C.P.A., C.F.P., College of Financial Planning, Denver

Assistant Professor, Child Development
B.A., University of California, Los Angeles
M.A., California State University, Long Beach

VUKOV, BORIS

Professor, Psychology
B.A., Texas Christian University
M.A., San Diego State University

VURE, SARAH

Professor, Art
B.F.A., The Cooper Union, New York
M.A., Ph.D., Boston University

WALLECH, STEVEN

Professor, History & Political Science
B.A., California State University, Northridge
M.A., California State University, San Jose
Ph.D., Claremont Graduate University

WAN, JAMES X.

Professor, Mathematics
B.S., Nanjing, China
M.A., Ph.D., University of California, Santa Barbara

WARD, JACQUELINE

Assistant Professor, Mathematics
B.S., University of California, Los Angeles
M.A., California State University, Fullerton
Ph.D., The Florida State University

WASSON, DONALD J.

Associate Professor, Human Services
B.S., California Polytechnic, San Luis Obispo
M.A., California State University, Los Angeles

WEBER, RICHARD T.

Mathematics & Engineering Department Head
Instructor, Mathematics
B.A., California State University, Long Beach
M.S., University of California, Irvine

WELLS, PEGGYANN E.

Professor, Registered Nursing
B.S.N., New York Regents College, Albany
M.N., University of Phoenix, Arizona

WESTAWAY, CHRISTA

Instructional Specialist, Multidisciplinary Success Ctr
B.A., M.F.A., California State University, Long Beach

WHEELER, JEFFREY M.

Honors Program Coordinator
Professor, English
B.A., Occidental College
M.A., Ph.D., University of Southern California

WHEELER, LAURA S.

Professor, English
B.A., University of Virginia, Charlottesville
M.A., Ph.D., University of Southern California

WHELAN, CONNOR

Assistant Professor, Mathematics
B.A., Pitzer College
M.S., California State University, Long Beach

WHELAN, GARRET C.

Assistant Professor, Computer and Office Studies
B.S., M.S., Michigan Technological University

WHITTAKER, DEBRA ANN

Instructor, Social Science
B.A., M.A., Teaching Credential, California State
University, Long Beach

WILGING, TRISHA

Assistant Professor, Reading
B.A., University of California, Riverside
M.S., California State University, Fullerton

WILLIAMS, COLIN

Assistant Professor, Librarian
M.S., University of Illinois Urbana-Champaign

WILSON, WILLIAM

Assistant Professor, Fire Science
B.V.A., California State University, Long Beach

WISEBAKER, JUDITH L.

Vocational Nursing Department Head
Professor, Vocational Nursing
B.S.N., D'Youville College, Buffalo, NY
M.A., Brooklyn College, NY
M.S.N., California State University, Dominguez Hills

WOERNER, CHRISTIANE R.

Professor, English as a Second Language
B.A., California State Polytechnic, Pomona
M.A., University of California, Los Angeles
Ed.D from University of Southern California
Certified T.E.S.L., Univ. of California, Los Angeles

WOLLANK, INGRID A.

Professor, Spanish/German
B.A., University of Heidelberg, West Germany
M.A., University of California, Irvine

WOOD, RONDA M.

Professor, Registered Nursing
B.S.N., California State University, Long Beach
M.N., University of California, Los Angeles
Ed.D., University of Southern California

XU, MAY N.

Professor, Mathematics
B.S., Beijing Normal University
M.S., Northeastern Illinois University

ZAMPELLI, SHERI

Assistant Professor, Human Services
B.A., M.S., California State University, Long Beach

ZEPEDA, MILDRED

Instructor, Counseling
A.A., Santa Ana College
B.A., M.A., California State University, Los Angeles

ZUCKERMAN, JOAN E.

Professor, Life Science
B.S., Ph.D., University of California, Davis

ZUGATES, MICHAEL

Instructor, Mathematics
B.S., M.S., California State University, Long Beach

ZUNICH, LARK O.

Reading Department Head
Professor, Reading
B.A., Azusa Pacific College
M.Div., Princeton theological Seminary
M.A., California State University, Long Beach
C.A., State Reading Specialist Credential

Glossary of College Terminology

ADMISSIONS AND RECORDS-The office and staff that admits a student and certifies his/her legal record of college work; it also provides legal statistical data for the college.

ADMINISTRATION-Officials of the college who direct and supervise the activities of the institution.

ASSOCIATE DEGREE (A.A. OR A.S.)-A degree (Associate in Arts or Associate in Science) granted by a community college which recognizes a student's satisfactory completion of an organized program of study of at least 60 units.

BACHELOR'S DEGREE (B.A., B.A., B.S.)-A degree granted by a four-year college or university which recognizes a student's satisfactory completion of an organized program of study of 120 to 130 units.

CERTIFICATE OF ACCOMPLISHMENT-A certificate granted by a community college which recognizes a student's satisfactory completion of an organized program of vocational study of 16 to 45 units.

COMMUNITY COLLEGE-A two-year college offering a wide range of programs of study, many determined by local community need.

COUNSELING-Guidance provided by professional counselors in collegiate, vocational, social and personal matters.

CREDIT BY EXAMINATION-Course or unit credit granted for demonstrated proficiency in a given area.

DEFICIENCY-Grade Point Deficiency: whenever a student's grade point average is less than 2.0

DEFICIENCY, SUBJECT-whenever a student lacks a course or courses required for admission, graduation or transfer.

ELECTIVE-A course needed for graduation, but not a part of the major requirements.

GENERAL EDUCATION REQUIREMENTS- (also called Breadth Requirements) A group of courses selected from several divisions which are required for graduation.

GRADE POINTS-The numerical value of a college letter grade. A-4, B-3, C-2, D-1, others-0.

GRADE POINT AVERAGE-A measure of academic achievement used in decisions on probation, graduation and transfer; The G.P.A. is determined by dividing the total grade points by the number of attempted units.

IGETC (Intersegmental General Education Transfer Curriculum)-A listing of classes mutually agreeable to the three segments of California Higher Education as meeting the General Education requirements for transfer from the California Community College to either the California State University system universities or the campuses of the University of California.

LOWER DIVISION-Courses at the freshman and sophomore level of college.

MAJOR-A planned series of courses and activities selected by a student for special emphasis which are designed to teach certain skills and knowledge.

MATRICULATION-A process that brings the college and the student who enrolls for credit into an agreement for the purpose of realizing the student's educational objectives. The college provides an admissions process; orientation to the college and its programs; assessment and placement recommendations; advising and counseling; student follow-up; and research and evaluation.

PETITION-The process for entering closed classes. When a class is closed in registration, or more than one week has elapsed since the beginning of the class, students must get a petition card from the class instructor to be able to register for the class. The petition card will be required at registration for a student to successfully enroll in classes requiring a petition card. After registering, the class instructor will use the information on the student's registration computer receipt for enrollment information.

PLACEMENT TEST (given prior to admission)-used to determine the student's assignment to the most appropriate class level.

PREREQUISITE-A requirement that must be satisfied before enrolling in a particular (usually a previous) course, taking a test, acquiring sophomore standing or consent of department.

PROBATION-A trial period of one semester in which a student must improve his/her scholastic achievement.

REGISTRATION-The process of selecting and enrolling in classes.

SCHEDULE OF CLASSES-A booklet which lists the title, class section number, units, time, instructor and location of all classes offered in a semester.

SEMESTER-One-half of the academic year, usually 16 weeks. Long Beach City College, and many colleges and universities operate on the semester schedule consisting of a fall semester starting in August or September and the spring semester starting in January or February. There are summer sessions which are not considered semesters.

TRANSCRIPT-An official list of all courses taken at a college or university showing the final grade received for each course.

TRANSFER COURSES-Courses designed to match lower division courses of a four-year institution and for which credit may be transferred to that institution.

UNIT-The measure of college credit given a course, usually on the basis of one unit for each lecture hour per week or for every three laboratory hours per week.
