**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

September 25, 2007

Board of Trustees
Long Beach, California 90808

Mr. President, Members of the Board, and Members of the Community:

The 2007-2008 Adopted Budget is attached for your review and approval. Although State revenues provide for a strong community college system budget, concern remains over future year's revenues given the ongoing structural deficit in the State budget and the looming economic downturn. The Adopted Budget is based on the enacted state budget and the budget assumptions (attached) developed by the Budget Advisory Committee. Additionally, the Adopted Budget was prepared using the board's budget guidelines. Specifically, the general fund budget is balanced (budgeted revenues exceed budgeted expenditures by \$13,811), the board mandated reserve is 5%, and reserves have been established for retiree benefits (in the Retiree Benefits Fund), facilities maintenance, and technology replacement and support. The total college budget has fourteen funds, which total \$281.2 million.

The Adopted Budget represents the result of an ongoing institutional dialog about planning, resource allocation, and prioritization of college goals. This dialog took place over the course of several months, and it involved faculty, staff, administrators and students. Briefly, the budget includes appropriate financial and human resources to achieve the following goals:

1. Measure and Improve Student Success

To supplement the activities of formal classroom instruction and to improve students' basic skills, resources have been budgeted for the following student success centers:

**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

- Career Technology Education Success Center
- Math Success Center
- Supplemental Instruction Success Center
- English / Writing/ Reading Success Center
- Learning and Academic Resource Assistance Success Center
- Basic Adult Education Success Center
- Nursing Success Center

The Office of Institutional Effectiveness will be conducting an ongoing evaluation of the student success centers, which will include a longitudinal study utilizing multiple measures of student achievement and attainment of student learning outcomes. Additionally, data will be gathered to prepare a cost / benefit analysis of each student success center.

2. Measure and Improve Fiscal and Infrastructure Stability

Resources have been budgeted to improve the technology and facilities infrastructure in accordance with the Technology Plan, and the Facilities Master Plan. Furthermore, effective enrollment management is a key factor needed to create fiscal stability. Therefore, the budget includes resources to meet the goals of the Enrollment Management Program, including:

- Enrollment goals
- Recruitment and retention
- Marketing and branding
- Scheduling and curriculum alignment
- A review of the matriculation process and identification of institutional barriers to matriculation

**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

3. Review Organizational Development and Create a Greater Sense of Community

Resources have been budgeted to develop and implement a diversity plan with the goal of improving the proportional ethnic and gender representation of faculty and staff relative to the proportions in the Long Beach Community College District community; to complete the accreditation self-study; and to provide opportunities for the Board of Trustees to raise the profile of the Long Beach Community College District in the broader community.

Unrestricted General Fund

Revenues

The enacted state budget provides a 4.53% cost of living adjustment, which amounts to \$4.5 million for our college; 2% growth funding statewide and 1.356% growth funding for Long Beach Community College District; and no funds for mandated cost reimbursement. We have budgeted the revenue from the East Campus rentals in the COP Debt Service Fund in order to begin building up the reserve for future repayment of this debt.

Full-time Equivalent Students (FTES)

As you will recall, we were in "stabilization" during fiscal year 2005-2006 and in "restoration" for fiscal year 2006-2007. In 2006-2007 the District reported growth of 2% for a total of 21,343 FTES. For 2007-2008, our budget goal is to increase FTES by another 1.356% (289 FTES), which means we expect to be educating 21,632 full-time equivalent students. I am confident that this 1.356% goal growth is realistic because our Enrollment Management Plan and its seven general strategies (improved information systems, curriculum and educational programs, course scheduling, student services, student recruitment and relations with schools, student retention and intervention, and marketing) has already begun to produce positive results. The Adopted Budget includes a \$1.3 million reserve, just in case actual 2007-2008 FTES falls short of the 21,632 goal. The adequacy or potential use of the \$1.3 million reserve will be evaluated when the second

Long Beach Community College District 2007-2008 Adopted Budget

SUPERINTENDENT'S MESSAGE

period 2007-2008 Apportionment Reports are received from the CCCCO in February 2008. The following graph shows our FTES pattern since 2001-2002 and our targeted FTES.

**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

Expenditures

Major changes in expenditures are:

Change from 2006-2007 Unaudited Actuals		Comments
Full Time Teaching Salaries	\$ (1.1) million	Decrease is due to the retirement of 21 faculty members. These positions will be held vacant until fiscal year 2008-2009.
Part-time Faculty Salaries	\$ 2.2 million	Increase is due to the 8% salary schedule increase offered to the part-time faculty bargaining unit, the need for additional adjunct faculty to teach the classes previously taught by the 21 faculty-members who retired, and to teach classes for the 289 FTES growth.
Classified Full Time Salaries	\$ 2.5 million	Increase is due to step increases, the 2% salary schedule increase and additional classified positions.
Employee Benefits	\$2.1 million	Factors causing the increase in employee benefits costs are rising health insurance premiums, more retirees (who receive past retirement benefits), and additional employees (who are eligible for health and welfare benefits).

**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

Professional Services	\$0.8 million	Actual 2006-2007 costs for the Long Beach Police Department (LBPd) contract were based on officer time spent at LBCC. This was significantly less than the contract amount. The 2007-2008 budget for LBPd costs is based on maximum possible costs allowable under the contract.
Election Costs	\$0.3 million	In fiscal year 2006-2007 there were no board member elections. In fiscal year 2007-2008, elections will be held for Area 2 and Area 4.
Other Services and Expenses	\$1.1 million	This line item includes unallocated accounts for each member of the Executive Committee. The purpose of these unallocated accounts is to provide funding for unknown or unplanned expenditures. For 2007-2008, \$922,706 has been set aside in unallocated accounts. In 2006-2007 a similar amount was budgeted. As these funds are needed, budget transfers are processed from this line item to the appropriate expenditure accounts.
Lease Purchases	\$1.2 million	On January 23, 2007 the board approved Resolution No. 012307D authorizing the Superintendent-President to enter into an agreement with SunTrust Leasing to lease / purchase equipment for the Central Plants on the Liberal Arts and the Pacific Coast Campuses. The agreement requires twenty annual payments of \$1.2 million per year and specifies that payment be made

2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

		from the district's general fund. To mitigate the budget impact on the general fund, the 2007-2008 Adopted Budget includes a \$1.2 million interfund transfer from the General Obligation Bond Fund.
--	--	--

Interfund Transfers Out

The Child and Adult Development Fund is used to record the financial transactions associated with the operation of the Child Development Centers. To assist with the operational cost of the centers, the Unrestricted General Fund has been making interfund transfers to the Child and Adult Development Fund. In 2006-2007 the interfund transfer amount was \$622,800. To reduce this Unrestricted General Fund budget impact, the board approved a fee increase, which will reduce the interfund transfer in the Adopted Budget to \$266,400.

The interfund transfer to the Retiree Health Fund has been reduced by \$1.6 million. According to the most recent actuarial study prepared in 2003, the Annual Required Contribution (ARC) needed to eliminate the \$35.2 million unfunded liability over a thirty year period, is \$1,985,393. The \$250,000 budgeted interfund transfer plus \$1,974,006 budgeted in the benefits line item exceeds the ARC by \$238,613.

Reserves

The board has adopted guidelines requiring a 5% reserve in the Unrestricted General Fund, so \$5.6 million has been budgeted for this purpose. Additionally, \$0.8 million has been reserved for vacation and load banking costs, \$1.1 million for facilities maintenance, and \$1.0 million for technology replacement and support. \$2.5 million has been reserved for economic uncertainties, \$2.3 million to hire 21 faculty-members in 2008-2009, \$1.1 million to implement Phase II and III of the reclassification study, and \$1.3 million has been reserved to cushion the budget impact that will result, if LBCC does not attain the 21,632 FTES goal. Quarterly Budget Status Reports will include information about the use of any reserves.

**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

Restricted General Fund

The total Restricted General Fund budget is \$22.5 million. The source of these funds is the Federal Vocational Technical Education Act, State Career Technical Equipment One-Time Funds, State Block Grant Funds, parking fees, and student health fees.

This fund is balanced and it has a budget ending balance of \$2.8 million. The components of the ending balance are \$2.4 million from the parking program and \$0.4 million from the student health program. The budgets for these programs are presented on pages 36 – 39.

General Obligation Bond Funds

Construction has been completed on the Child Development Center at PCC, the Tech 2 Building at PCC, and the Warehouse/Interim Housing Facility at LAC. Substantial work is currently underway for the South Quad Complex and the Learning Resource Centers at both the Pacific Coast and the Liberal Arts Campuses. To continue the district's facilities construction and modernization program, the remaining \$71 million of Measure E bond authorization will be sold in October 2007. The total bond expenditure budget for 2007-2008 is \$88.4 million.

Retiree Health Fund

The Retiree Health Fund is used for two purposes: to pay ongoing costs of retiree health insurance and to accumulate funds to reduce the past service liability from current employees, who are future retirees. The 2003 actuarial study estimated the district's retiree benefit liability to be \$35.2 million. Currently, the unaudited beginning balance in this fund is \$6.6 million, so the unfunded liability is \$28.6. \$1.0 million of the \$6.6 million is held in an irrevocable trust. The budgeted ending balance is \$6.9 million.

**Long Beach Community College District
2007-2008 Adopted Budget**

SUPERINTENDENT'S MESSAGE

Other Funds

Other funds are balanced and have sound reserves. Please see the following pages for more specific information about other funds.

Respectfully submitted,

Eloy O. Oakley
Superintendent-President

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

I. ORGANIZATION

The organization of the budget will be the same as 2006-2007.

II. UNRESTRICTED GENERAL FUND BUDGET GUIDELINES

These assumptions will be used for budget development and will be reviewed and evaluated annually.

- A. Current income will fund current expenditures. Deficit spending will be avoided.
- B. The Unrestricted General Fund ending balance will only be used to fund ongoing or recurring expenditures if an ending balance of 6% (of total expenditure and other outgo) can be maintained for the current fiscal year and two succeeding fiscal years. The fiscal stability triggers used by the Chancellor's Office, California Community College, are a 3% reserve (as a percentage of expenditures and other outgo) for the minimum level and a 5% reserve for the prudent level.
- C. NO CARRYOVER - Funds associated with budget under expenditures become a component of the ending fund balance. The ending fund balance becomes the beginning fund balance for the subsequent fiscal year. The beginning fund balance is then reallocated for expenditures (or reserves) in the new fiscal year.
- D. The Budget Advisory Committee will identify resources recognized by the planning process.
- E. Expenditure of one-time monies will be based upon college Annual Priorities, as derived from the planning process.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

II. UNRESTRICTED GENERAL FUND BUDGET GUIDELINES (Continued)

- F. The Budget Advisory Committee (BAC) will continue to provide input regarding the budget development process and make recommendations on major budget allocations, using the Annual Priorities.
- G. Essential operational and maintenance functions of the college will be funded.
- H. Periodically, the Unrestricted General Fund is used to adjust salaries proactively in order to maintain a competitive edge with other employers in recruiting and maintaining diverse and highly qualified administrators, faculty, and staff. To ensure excellence, every reasonable fiscal effort will be made to acquire and retain the most qualified people to teach our students, support the instructional process, and run Long Beach City College.
- I. The impact of state funding reductions which may arise from a decline in enrollment will be addressed by pursuing higher levels of efficiency and productivity, re-configuring organizational structures, and making prudent reductions in college operations and programs based on the Planning Process and the Annual Priorities.
- J. Any expense eligible to be funded using categorical or grant dollars will be budgeted in the eligible categorical or grant program.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

III. RESERVE ASSUMPTIONS

- A. The District will maintain an unrestricted reserve for contingencies of 5.0% of unrestricted expenditures and other outgo.
- B. The aggregate ending balances for all funds will be maintained at a minimum of 6%. New recurring expenditures will be considered only if the previous years ending balance is 6% or greater.
- C. The liability reserve for load banking is the amount required to fund a reasonable portion of the cash value of accumulated academic workload teaching units. The full value of the reserve is calculated by multiplying the total units banked, times the average hourly teaching rate, times 17.5 weeks.
- D. A restricted liability reserve is included for year-end vacation liability. This reserve is equivalent to three months' accrual vacation pay based on the hours of vacation on the District books as of June 30 for each employee.
- E. Unexpended funds in the unrestricted general fund for supply, equipment, and maintenance accounts and purchase orders will be used to balance the budget. These funds become part of the ending balance and are budgeted in the subsequent budget year.

IV. FEDERAL REVENUE CHANGES

- A. Any increases or decreases in federal income for a project or program will be accompanied by corresponding increases or decreases in expenditures.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

V. STATE REVENUE ASSUMPTIONS AND IMPLICATIONS

- A. A reasonable deficit factor will be included to offset a possible short fall from apportionment revenues.
- B. The college is committed to an enrollment management plan that supports growth.
- C. The Cost of Living Adjustment (COLA) in the Governor's budget for any year will be included as projected state income for that year and become part of the apportionment base for succeeding years.
- D. The college is expected to reach its base FTES in 2007-2008. If growth occurs, additional funding will be available.
- E. EOPS, DSPS, and other categorically funded program income estimates will reflect figures in the State budget.
- F. In support of the college Basic Skills initiative, there is a potential for additional revenue.
- G. Estimates for potential lottery income are those provided by the Chancellor's Office. Approximately 10% of lottery allocation is restricted by the Chancellor's Office to instructional materials only. The unrestricted portion of the lottery allocation will be used for utilities expenses.
- H. Revenue from mandated cost claims will be conservatively budgeted.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

V. STATE REVENUE ASSUMPTIONS AND IMPLICATIONS (Continued)

- I. Any block grants which may include but are not limited to instructional equipment, scheduled maintenance, instructional supplies, student services and library materials will be for one-time purposes.
- J. The full-time faculty obligation for 2007-2008 will not increase.

VI. LOCAL REVENUE ASSUMPTIONS

- A. Local revenue sources are interest, facilities rental, sale of schedules, publications, and surplus items.
- B. Excess income generated over the costs of operations and established reserves from international students or District sponsored events that generate additional revenue, will be placed in the Unrestricted General Fund. Excess income from facilities rental operations over the costs of operations and established reserves may be placed in the Capital Projects Fund or the Unrestricted General Fund.
- C. Special Revenue Fund budgets, such as Community / Contract Education, Stadium Operations, and Childcare, will generate sufficient income to cover expenses.
- D. Total interest income will vary with the interest rate generated by the Los Angeles County Pool and with the amount of the funds invested.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

VII. EXPENSE ASSUMPTIONS

- A. All budgeted appropriations will be expended.
- B. Expenditures for federal and state categorically funded programs will not exceed the program income and mandated local contribution.
- C. Salary expenses will be increased to cover academic full-time step and column increases, academic hourly step and column increases, classified step increases and longevity.
- D. Health and welfare benefit costs will be escalated using the best information available, including multi-year trends.
- E. PERS rates will be 9.124%. STRS rates will be 8.25%.
- F. Workers compensation contribution rate will be used as provided by the compensation agency.
- G. Any purchases initiated during the year will be completed before the end of the year.
- H. The part-time hourly budget will contain sufficient dollars to meet the FTES target in accord with the enrollment management plan. This includes, but will not be limited to, needs for part-time faculty to teach courses for contract faculty who are on sabbatical or using load banked hours.
- I. Cost of substitutes for an absent classified employee (on a long-term basis) who is on paid leave may be offset by savings from vacant classified positions.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

VII. EXPENSE ASSUMPTIONS (Continued)

- J. Sufficient funds will be available for faculty substitutes.
- K. Utility costs will escalate in 2007-2008 to new heights and energy conservation efforts will be key to controlling increasing costs.
- L. The cost of pre-funding the Retiree Health Benefits are imputed in the benefit rate as noted in the actuarial study dated May 29, 2003.
- M. Salary budgets for contract faculty, hourly faculty, management / confidential employees, and classified staff will be in accordance with board approved salary increases.

VIII. OTHER ASSUMPTIONS

- A. The District will continue to improve the accuracy and timeliness of FTES estimates and state reporting of student FTES and enrollment to ensure the District maximizes its unrestricted general fund and categorical revenue.
- B. The District will continue to monitor the number of positive attendance classes and non-credit courses, changing these to census and credit, where possible, to maximize apportionment income.
- C. Enrollment management strategies will continue to be used to determine the FTES targets and to recommend the courses and number of sections to be offered for individual schools and departments.

**Long Beach City College
2007-2008 Adopted Budget Development**

ASSUMPTIONS AND IMPLICATIONS

VIII. OTHER ASSUMPTIONS (Continued)

- D. All applicable fees will be levied.
- E. All grants will be carefully evaluated as to the “District match(s)” and any financial obligation beyond the term of the grant so as not to place a burden on the budget in future years.
- F. There will be a high demand and competition for budget dollars in order to address technology needs.
- G. There will be budget pressure for additional staff in support areas.
- H. There will be budget pressure for expanded professional development.
- I. To ensure the effectiveness of the Budget Assumption process, the Budget Advisory Committee will review the estimated actuals for the current fiscal year in the spring.

UNRESTRICTED GENERAL FUND

The Unrestricted General Fund is used for the operating expenses of the District. It is the largest of the thirteen funds comprising the District's total budget.

The primary revenue source for the Unrestricted General Fund budget is apportionment revenue generated from student enrollment fees, local property taxes and state apportionment revenue. For 2007-2008, the apportionment revenue is estimated to be \$103.4 million, which is based on 21,632 full-time equivalent students.

**Long Beach Community College District
2007-2008 Adopted Budget**

RESTRICTED GENERAL FUND

The Restricted General Fund contains budgets for the state categorical, grant, student health, and parking programs. The use of revenues for these programs is restricted to specific uses. For example, student health fees can only be used to support programs to improve students' health. Similarly, restricted lottery revenue can only be used to purchase instructional materials.

Other Financing Sources

In some cases, the funding agency requires local matching funds. These matching funds come from the Unrestricted General Fund and they are shown in the Restricted General Fund as Other Financing Sources. The state-funded Deaf / Hard-of-Hearing Grant is an example, where the State requires a 4:1 local match.

Indirect Costs

Many of the grant / categorical programs allow the college to use some (typically 4%) of the restricted dollars to pay for indirect (overhead) costs incurred to operate the grant / categorical programs. These dollars are budgeted under "Outgoing Interfund Transfers to the Unrestricted General Fund."

Parking and Student Health Programs

For informational purposes the Parking Program Budget and the Student Health Center Budgets are presented on pages 36 and 38, respectively.

2007-2008 Adopted Budget**

CAPITAL PROJECTS FUND

Revenue

Primary revenue sources for the Capital Projects Fund are:

1. State Capital Project Funds and
2. Interfund Transfers

Projects

Major state funded projects for 2007-2008 are:

	2007-2008 Budget	Total State Funding
1. Technology Center Replacement PCC.....	\$ 707,318	\$ 7,751,000
2. Industrial Technology Center PCC (Phase I).....	\$ 6,269,129	\$ 10,822,000
3. Learning Resource Center LAC.....	\$ 9,901,211	\$ 14,613,000
4. Learning Resource Center PCC	\$ 5,123,620	\$ 6,088,000
5. Multi-Disciplinary Complex PCC.....	\$ 1,467,000	\$ 17,012,000

Reserves

The \$5.0 million reserve established by the Board in 1986 is included in the Capital Projects Fund. The source of the reserve is the sale of excess property at LAC in 1987-1988 and at PCC in 1988-1989. In 2004-2005, \$1.7 million was loaned (interest free) to the Veteran's Stadium Operations Fund for stadium improvements. In 2004-05 the Veteran's Stadium Fund was unable to make repayments because of unavoidable delays with the improvement project. In 2005-2006 and 2006-2007 the Veteran's Stadium Fund was able to make a \$100,000 payment each year, so the remaining loan balance is \$1.5 million. Therefore, the current amount of the reserve from sale of excess land is \$3.5 million. For 2007-2008 a \$200,000 loan repayment has been budgeted.

CHILD AND ADULT DEVELOPMENT FUND

The purpose of the Child and Adult Development Fund is to assist student / parents to attend college through the provision of quality child care and to train workers for the child care industry. The fund is supported by State funds, parent fees, interest earnings and an interfund transfer from the Unrestricted General Fund. For 2007-2008, the budgeted interfund transfer from the Unrestricted General Fund is \$266,400. This reduction from the 2006-2007 amount of \$622,800 is possible because the board took action on July 10, 2007 to adjust parent fees.

CONTRACT / COMMUNITY EDUCATION FUND

This Special Revenue Fund is used to record the financial transactions of Contract and Community Education programs and other income generating programs. These programs are managed by the Office of Economic & Resource Development. Program revenues, generated from economic and resource development activities, are unrestricted funds. The District's policy is to devote these revenues to the operation and expansion of Contract and Community Education programs.

COP DEBT SERVICE FUND

The COP Debt Service Fund was created to repay the \$34.3 million of Certificates of Participation issued in 2001-2002. At this point the fund balance is \$2.9 million, and the expected ending balance on June 30, 2008 is \$3.5 million. The repayment schedule requires a \$500,000 payment in 2007-2008 and escalating annual payments reaching \$3.1 million in 2031-2032. The COP's trustee, the Bank of New York, has a Capitalized Interest Account containing sufficient funds to make the 2007-08 payment. Therefore, it is not necessary to budget or to make a 2007-2008 payment out of the COP's Debt Service Fund. The required payment in 2008-2009 will be \$525,000.

GENERAL OBLIGATION BOND FUNDS

The General Obligation Bond Funds are used to budget and record the financial transactions of Bond funded projects. The 50% match requirement for state subsidized Scheduled Maintenance projects are charged to this fund. On May 21, 2003 the district sold \$40 million of bonds (series A). On November 9, 2005, the district sold an additional \$65 million of bonds (series B), and a portion of the series A bonds were re-funded (series C). The re-funding, which yielded \$5.5 million, was devoted to expanding the facilities improvement programs. The district will sell the remaining \$71 million of Measure E bonds (series D) in October 2007. The following budget aggregates series A, B, C and D. The budgeted expenditures will be used to continue the implementation of the facilities master plan.

Liberal Arts Campus Projects

The Library / Learning Resource Center (LRC) project at the Liberal Arts Campus (LAC) is designed to enhance and expand the LRC facilities. Currently the LRC houses its programs, as well as many other programs and services. A facility dedicated to house the LRC programs for a campus the size and complexity of LAC would provide optimum services. Automation and computerization of reference materials, learning aids, educational program delivery systems, study skills, and educational program support for students and faculty is needed. The original library facility plus a 10,000 square foot addition will provide the space needed for the college.

The South Quad Complex (SQC) represents the most effective use of bond funding to replace aging and temporary facilities at the Liberal Arts Campus. As planned, new construction will house 31 classrooms and laboratories, over 120 faculty and staff offices and additional support spaces. The administrative core of the college: Board of Trustees, Fiscal Services, Human Resources, Academic Services, Institutional Effectiveness, Community Relations & Marketing, and Risk Services, will move into the SQC facility.

The LAC Site Infrastructure Improvements and new Central Plant and utility improvements are underway and will replace obsolete existing individual building systems with a new centralized, efficient, and economical system.

**Long Beach Community College District
2007-2008 Adopted Budget**

GENERAL OBLIGATION BOND FUNDS

Building R - Gymnasium Modernization entails replacing and upgrading the existing facilities with new floors, bleachers, paint and lighting systems located within Building R.

LAC Infrastructure Site Improvements and new Central Plant and utility improvements are underway and will replace obsolete existing individual building systems with a new centralized, efficient, and economical system.

Pacific Coast Campus Projects

The new Library / Learning Resource Center at Pacific Coast Campus (PCC) project is designed to relocate and create a Learning Resource Center and Library. The current library is upstairs and operated in conjunction with a study skills center. An upgraded and modern library with computerization and technical capabilities is being built. As the PCC is growing, special educational support facilities must also be provided.

The new Industrial Technology Phase 1 relocates skilled technologies into a modern, efficient, safe, effective instructional training facility. The proposed new facility will coordinate the welding, machine tool and computer center into a new modern instructional center.

The PCC Site Infrastructure Improvements and new Central Plant and utility improvements are underway and will replace obsolete existing individual building systems with a new centralized, efficient, and economical system.

RETIREE HEALTH FUND

The Retiree Health Fund is the fund where the cost of benefits for retirees is budgeted and recorded. As of April 1, 2003, the total actuarially determined liability for current and future retirees was \$35.2 million. A new actuarial study is currently underway to help us determine the updated amount of the unfunded liability. The revenue source for the ongoing costs for current retirees is an interfund transfer from the Unrestricted General Fund. On January 24, 2006, the Board of Trustees authorized participation in the FUTURIS Program, which provides professional investment management services for \$1.0 million of the irrevocable trust, which is a component of the Retiree Health Fund.

SELF INSURANCE FUND

Education Code Section 72511 authorizes community college districts to establish a separate self insurance fund for the purpose of covering the liability of the District, its officers, agents, and employees. The District belongs to the Statewide Association of Community Colleges (SWACC) Joint Powers Authority for comprehensive liability insurance and property insurance coverage up to \$1,000,000. The District belongs to the School's Association for Excess Risk (SAFER) Joint Powers Authority for excess insurance coverage for liability losses from \$1,000,000 to \$25,000,000, and \$5,000,000 to \$250,000,000 for excess property coverage. The District also belongs to the Protected Insurance Program for Schools (PIPS) Joint Powers Authority for workers' compensation insurance coverage up to \$150,000,000. These pools have stabilized the cost of coverage in recent years. To maintain an adequate balance in this fund, it is necessary to transfer \$.7 million from the Unrestricted General Fund.

STUDENT FINANCIAL AID FUND

Effective July 1, 1984, the District was required to maintain a separate fund for the deposit and direct payment of government-funded Student Financial Aid. Included in the Student Financial Aid Fund are: Extended Opportunity Programs and Services (EOP&S); Perkins Loans (formerly NDSL); Federal Supplemental Education Opportunity Grants (SEOG); CAL Grants; Federal Pell Grants; Scholarships for Disadvantaged Nursing Students; Cooperative Agencies Resources Education (CARE) program; and the W. D. Ford Direct Stafford Loans.

VETERANS STADIUM OPERATIONS FUND

This special revenue fund is 100% self-supporting. Revenues are derived from the rental of Veterans Stadium to high schools, community groups, antique and auto markets, vehicle sales, commercial filming, and various community events.

A major \$1.7 million stadium renovation project was completed in 2004-2005. This project was funded through an interest-free loan from the Capital Projects Fund Reserve. The original loan agreement required five annual payments of \$340,000 beginning in 2004-2005. The project experienced unavoidable delays, which impacted the facilities use revenues anticipated at the time the loan agreement was developed. As a result, the Veterans Stadium Fund did not meet the 2004-2005 budget estimate for revenues. This revenue shortfall made it impossible for the Veterans Stadium Fund to make the first annual loan repayment. The terms of the loan were renegotiated to extend the loan repayment period for one year. In 2005-2006 Veterans Stadium Fund earned enough to make a \$100,000 loan payment, and in 2006-2007 it made another \$100,000 payment. The current loan balance is \$1.5 million. For 2007-2008, a \$200,000 loan repayment has been budgeted.
