### Mid-Year Trigger Cuts

If the Governor's tax initiative is not implemented, the following mid-year cuts will be triggered:

- No deferral reduction. Apportionment deferrals will remain at \$961 million (\$24.8 million for LBCC or over 30% of state apportionment)
- Additional \$338 million in ongoing cuts to apportionment (approximately \$5.9 million for LBCC)

## Tentative Budget

June 26, 2012

## Budget Risk

- **Tax Initiative** – In order for the Governor's tax increases to be implemented his tax initiative must earn both:
  - A majority of the vote in November and
  - More votes than the other tax initiative on the ballot.
  - This provides an additional hurdle and increases the risk of mid-year cuts.

### Critical Cash Flow Changes

The Department of Finance is seeking major changes in cash payments to schools including:

- Less state apportionment in the first 7 months of the fiscal year
- A large balloon payment delayed until June (if tax initiative passes)
- A comparative graph is shown on the next slide
