Career Opportunities

Students prepare for producing radio or television programs either independently or in a production environment.

This **Certificate of Achievement** will prepare students for an entry-level position or provide skills for advancement in a variety of venues including radio, television, film, and related digital or computer technology (multimedia) in the communication, information, and/or entertainment industries.

The **Associate Degree** will prepare students for career advancement in this field. Appropriate course selection will also facilitate transfer to a four-year college or university in broadcast, film, computer animation, or multimedia production.

Program Mission and Outcomes

This program's mission is to provide an academic (AA degree), a certificate, and the personal preparation for successful transfer to a university. The Digital Media Arts, or Broadcast Television & Radio program and to provide vocational training and skills to successfully gain an internship or employment in the Radio/Television and media entertainment industry as a producer of media content. As well as to provide a General Education course necessary to fulfill transfer requirements, and to provide meaningful and vital opportunities and outreach to the community at large to engage in the creation of radio-television and multi-media productions.

Program Student Learning Outcomes:

- Demonstrate the ability to attain the Institutional Student Learning Outcomes (ISLOs).
- Demonstrate collaboration skills related to personnel and time lines for an industry ready radio or television segment.

- Critically assess the responsibilities of various creative and technical staff positions and evaluate the importance of each to the production.
