NEW FACULTY & STAFF
SURVIVAL GUIDE 2024-25

What's What New Faculty & Staff Survival Guide

This and other resources are available on the Academic Services website at <https://www.lbcc.edu/academic-services>.

Dear LBCC Faculty and Staff Members:

Welcome to Long Beach City College! This faculty and staff guide is intended to introduce you to Long Beach City College, and, in particular, to some important academic-related resources that are available to you. We would like to acknowledge the many LBCC departments which provided valuable and detailed information included in this resource guide. For more information on college services and policies, refer to the official College Catalog online at www.lbcc.edu/post/college-catalog.

Knowing that it is never possible to address every aspect of a complex community such as LBCC in a guide and that information may become out of date quickly, we encourage you to reach out to our office and the many other resources highlighted in the guide whenever you have concerns or questions. Your VP, dean, department head, and administrative assistants are excellent resources. Every effort has been made to ensure that all guide information is accurate at the time of publication. The What's What Guide is updated annually.

We hope the following pages will be helpful as you plan for the year ahead.

Parking Regulations

All vehicles parked in staff stall areas must display a valid staff-parking permit. The staff parking permits (new and replacements for lost permits) are issued by the Cashier’s Office in A-1081 (LAC) and GG 103 (TTC). To obtain a Staff Parking Permit Request form, contact the Cashier’s Office at 562-938-4455 (LAC) or 562-938-3906 (TTC), Monday–Thursday 8:00 a.m.–5:00 p.m., Friday 8:00 a.m.–4:00 p.m., or from the following link and select Parking Permit Request Form: <https://apps.lbcc.edu/lbccforms/>.

Cars parked in staff stalls without a current staff permit will be cited. Parking is being strictly enforced by the Long Beach Police City College Unit at both campuses. It is the staff member’s responsibility to ensure that the permit is visibly displayed. Visitors, including guest speakers, substitute instructors, etc., are required to obtain a visitor parking permit. These permits are available from the Department Head or Dean. The area Dean can better identify and assess your need for parking permits for these types of guests. The Department Head/Dean can obtain current format for temporary parking pass from the Parking Services Department. Only students or staff possessing a State of California, DMV-issued disabled person placard may park in the designated disabled person stalls located on both campuses. If these stalls should be filled, disabled persons displaying a state placard may park in any staff

or student stall. Day parking permits are available for purchase in most student lots. They are valid in student stalls only. Staff visitors must obtain their permit from the area Dean they are visiting. These permits are valid in both student or staff stalls. Additional staff parking at LAC is available on the south side of the campus in lot P which is located between the tennis courts and the gymnasiums. Lot L and Lot M (Veteran’s Stadium) also have additional staff parking. Please remind students that they may park at the Veterans Stadium, located one block south of Carson Street. The quickest access to the Vets Stadium lot is off of Conant Street via Clark Ave or Lakewood Blvd. The Police Department also patrols these lots, and there is ample parking available.

Other parking regulations, such as red zones (fire lanes), yellow zones, handicapped spaces, no parking zones, metered parking and no parking on sidewalks, will be enforced at all times. Regulations can vary from lot to lot so please read the sign at the entrance of each lot.

Questions concerning parking regulations and enforcement should be directed to the Police Department offices at LAC at at 562-938-4910 / 562-435-6711 or the Parking Services Coordinators at 562-938-4460 or 562-938-5085. Citations cannot be dismissed at the public safety building. The process indicated on the back of the citation must be followed. All questions regarding disputing a citation should be directed to the City of Long Beach at 562-570-6822 or visit the website: citationprocessingcenter.com.

Payroll Information for Part-Time Faculty (Academic Hourly Instructors)

Hourly Instructors receive equal paychecks each month for their teaching assignments and do not complete time cards. The number of Equal paychecks they receive is determined by the number of months of their teaching assignment. Example: 16-week classes (August through December) will receive 5 equal paychecks. Hourly substitutes, hourly counselors and hourly librarians work is not included in the equal pay process. If you work as a substitute or an hourly counselor or librarian, you must process a timecard to receive your pay. Academic hourly pay (timecards and Equal Pay) is issued on the 10th of the month following the pay period. If the 10th falls on a weekend or holiday, the check is issued the day before.

EQUAL PAY: To calculate how and when you will be paid, follow the four steps below:

1. Calculate the “total number of hours” for the assignment. Multiply the hours you are assigned each week by all the weeks in the assignment. If any of your classes are NOT 16 weeks in duration, you need to perform a separate calculation for each class. You may find overlapping monthly payments for classes of less than 16 weeks duration. Example: 2 eight week

classes taught “back to back” (August–October and October–December) will receive two payments on one check for October work. This means that the October paycheck (issued in November) will be larger than the other checks for the semester.

2. Calculate the “total dollar value” of the assignment. Multiply the “total hours” found in Step 1 by your hourly rate.
3. Find the number of “months of duration” of the class. The number of months that the class spans determines how many paychecks you will receive in “equal payments.” Example: If the class is taught from August through December you will receive 5 equal checks. If it is taught August through October you will receive 3 equal checks.
4. Find the “monthly equal pay amount”. Divide the “total dollar value” (Step 2) by the “number of months of duration” (Step 3) to find the “monthly equal pay amount”. This is the amount that you can expect to be paid in each paycheck for the semester. If you have more than one class, do the calculation for each one and then add them together.

Sick Leave Balances and Absences:

1. When you are absent for any reason, report it to your timekeeper to be entered into the Time and Attendance Reporting System (TARS). Absences should be reported in hours and submitted to your timekeeper within a timely manner and within the month that the absence occurred.
2. You accrue sick leave at the rate of 1 hour of sick leave for every 18 hours of paid work per month (except for substitute work). Your sick leave balance will appear in hours on your check stub under the heading: SK. LV. H/D. Your balance is updated each paycheck for the hours you have accrued or reported absent during the prior month.

Taxes and Deductions from your Paycheck:

1. Taxes - Your federal and state tax withholding will be based on the W-4 form you have on file in the payroll office. You may submit a new W-4 to Payroll at any time. It will become effective on the next available payroll processing period.
2. Retirement Deductions – Retirement contributions are mandatory. No social security tax is deducted from your check. In lieu of social security you will have either STRS deductions or APPLE deductions taken, or PERS deductions, which may also be an option in rare instances. Your contributions go into the STRS defined benefit plan. You are vested in the defined benefit plan when you have five years of full-time service. When you reach retirement age you can then retire and receive a monthly benefit. If you terminate instead, you can refund whatever

you have contributed plus any interest it has gained. The Alternative Retirement plan, APPLE, is a defined contribution plan. You are 100% vested from the beginning. Your contributions and the interest they have gained are distributable to you when you terminate or have a retirement status change.

3. Voluntary Deductions – Voluntary contributions may be made to 403(b) plans (Tax Sheltered Accounts – TSA). You are allowed to participate in special savings and investment programs available to only school district employees. These plans are designed to assist you in building and growing your savings for retirement. If you are interested, please contact the SchoolsFirst Federal Credit Union at 1-800-462-8328 extension 4727. SchoolsFirst is the 3rd Party Administrator for 403(b). The district’s approved 403(b) provider list can be viewed at www.403bCompare.com. Choose Long Beach Community College as My Employer.

If you have any questions about your paycheck or deductions, please contact the Payroll/Benefits Office (LAC Building T1024, Mail Code G-2) at the numbers below. Academic Payroll Specialists: Diana Trejo, 562-938-5269 or Norina Clemente, 562-938-5086, Payroll Manager: Cindi Nguyen, 562-938-4465

Safety and Security

You can take steps to improve your personal security on campus. Lock your car, check to make sure your lights are off, and don’t leave any valuable property visible in your car. Anti-theft devices and alarms are good deterrents. Report any suspicious persons in the parking lots or elsewhere on campus to the Long Beach Police Department at 562-938-4910 / 562-435-6711 for non-emergency calls. An OMNI lock has been placed on all buildings at the college and after normal working hours the exterior access door is the only point of entry into the building. If you need to access your work site after-hours, speak to your supervisor. If you are working after-hours, please inform the Long Beach Police Department College Unit (LBPDCU). If you are working alone, make sure that you securely close the building door and your office door. Do not leave any equipment or appliances on when you leave.

Please know that police escorts are available and easily obtained. LBPDCU officers patrol both campuses 24/7. If you are in need of police services or an escort call 562-938-4910 / 562-435-6711 for non-emergency calls. The dispatcher will obtain your information and dispatch an officer accordingly.

General safety issues that are not urgent can be reported to safetyconcerns@lbcc.edu.

Student Affairs leads with the care of the student and to restore a sense of security to the community. The Office of Student Affairs along with the LBPD College Unit, are available to assist you with disruptive students. Student Affairs staff are available for mediation, consultation, dispute resolution, as well as for referrals for possible mental health assessment and if necessary disciplinary action. LBPD officers can assist you with dispute resolution and will assist to restore a peaceful learning environment.

Do not leave any purses, briefcases, equipment or other valuable property unattended or in an unlocked office. Be aware of college property that is unsecured. If appropriate, request anti-theft or lock-down devices for valuable equipment in your area. Close and lock your classroom and office doors and windows. If students leave their belongings in your classroom or your office, notify the LBPD College Unit. Lost and found is also handled at the College Center at LAC and by the Associate Vice President's Office at TTC. Report all instances of stolen or lost property to the Long Beach Police Department.

IN EMERGENCIES CALL: Immediately call or text 911. For any questions or comments regarding these notes or for clarification, please contact Lubert Iglesia, Manager, Environmental Health and Safety Services at 562-938-4713.

4. TEACHING NEEDS

Adjunct Faculty Offices

There are several open-use adjunct faculty offices available at each school. Contact the AAA/AA in your area to reserve a specific office/meeting room or to see what offices are available for use. If you need access to an office outside of normal business hours you might also need to request a key or OMNI code for the area. Contact your Dean or Department Head to request a key or OMNI code. Please see the Who Is Who List for contact information: <https://www.lbcc.edu/academic-services>.

All instructors are to distribute a course syllabus to the students at the first class meeting, or no later than the end of the second week of class. At a minimum, the syllabus must contain the office location and office hours, TBA hours, the general way in which the course is taught (lecture, laboratory, discussion, etc.), the current student learning outcomes as found in the course outline of record, and the grading requirements of the class. A copy of the instructor's syllabus, must also be turned into the department no later than two weeks from the start of the semester. A syllabus for each class is to be filed with your school office and submitted to the School Canvas shell.

Contact the ITS HelpDesk for assistance at 562-938-4357 or helpdesk@lbcc.edu or visit the Instructional Technology Development Center (ITDC) at LAC room L-142 and at TTC room LL-124: <https://lbcc.edu/contact/online-learning-ed-tech>.

Faculty members must send in their attendance and grades at the end of each term to rollbooks@lbcc.edu or in the Enrollment Services Office (LAC A-1075 or TTC GG-102).

Registration

Open Registration is on a first-come, first-served basis for all students. Students may also change their schedule in person or on the web on a first-come, first-served basis. Registration dates can be found at <https://www.lbcc.edu/pod/important-dates>. Other important Admissions & Records deadlines can be found at <https://www.lbcc.edu/pod/important-class-registration-deadlines>.

Admissions & Records office hours are as follows:
Monday–Thursday 8:00 a.m.–6:00 p.m. and Friday 8:00 a.m.–4:30 p.m.

Enrollment Services is closed: Saturday/Sunday and all college holidays and is closed to the public on Flex Days. The Online Registration System is available daily from 5:00 a.m.–2:00 a.m.

Students may enroll in open-entry/open-exit classes at any time up to the deadline shown in the online schedule of classes, if seats are available.

Late Registration, Program Changes and Petitioners

The week a class begins, students must have a permission number to enroll even if the class is not full. Students should use permission numbers immediately online. They must be enrolled, at the latest, the day prior to the census date associated with each course. Deadlines may fall on the weekend, if students need assistance using permission numbers they must come to Admissions & Records during operating hours before the deadline to enroll. Visit <https://www.lbcc.edu/admissions-records> for beginning of the term enrollment services hours of operation dates for either the fall or spring term. The Online Registration System is available daily from 5:00 a.m.–2:00 a.m.

On and after the census date of a course, permission numbers will NOT be honored. Because census deadlines vary for daily census classes please verify each class deadline on the Online Grading Roster.

Permission Numbers

Permission numbers can be found online. Auto enroll from the waitlist will end the Saturday prior to the session start date. Permission numbers are class specific for a course. The student still must complete the registration process immediately to add your class. Any student who fails to complete the process may not remain in your class, nor can he/she receive a grade for the course. Students who are not legally (officially) enrolled are NOT allowed to attend your class. Late enrollment request will not be processed on or after the census date of the course.

Permission numbers can be used online: If a student needs assistance using a permission number they must go to an Admissions & Records Office during the regular business

hours prior to the census deadline (if the census falls on a weekend they will need to see Admissions & Records the Friday prior to the census deadline by Noon). Students must have a permission number to enroll after the Saturday before the session begins, even if the class is not full.

Visit <https://www.lbcc.edu/admissions-records> for beginning of the term enrollment services hours of operation dates for either the fall or spring term. Saturday and Sunday: Online only (permission numbers only).

Please check the census deadlines on your online roll sheet for each of your classes.

Dropping/Withdrawing Students from a Class

Visit <https://www.lbcc.edu/admissions-records> for beginning of the term enrollment services hours of operation dates for either the fall or spring term.

ALL STUDENTS MUST BE PROPERLY REGISTERED a day prior to the census date for each course at the latest. Students who are not legally enrolled are NOT allowed to attend your class. For all other classes please check your roster for the census date.

Student Census Reporting

All students who do not show up for your class are to be given a “NO SHOW” or “NS” prior to the census deadline of your class – no exceptions.

No Shows and Dropping Students Before Census

In California’s Code of Regulations, Title 5, section 50008 it states, “Districts shall, according to procedures adopted by the governing board, clear the rolls of inactive enrollment. Inactive enrollment in a course is defined as follows:

1. A student who has been identified as a no show NS symbol, or
2. A student who has officially withdrawn from the course, or
3. A student who has been dropped from the course by the instructor NA for non-activity (Not Active) symbol.

Students who are not legally enrolled are NOT allowed to attend your class. Please check and update your online roster regularly to ensure all students attending your class are legally enrolled.

It is your legal obligation to clear your class roster of inactive students. Check your online roster for course specific deadlines. All no shows must be cleared before the census date of the class. LBCCFA contract Article 9.32 and CHI Contract Article VI, 2a states: “Professional Responsibilities...meets promptly and effectively all contractual obligations to the District, including but not limited to turning in attendance, grades, and other reports

on time.” Please do whatever you can to encourage student attendance and retention. The District is funded based on student attendance. Method of Attendance is coded at the top of your roll book and Student Drop Report forms. It is also important to clear your rosters in a timely manner so students who are receiving financial aid are not disbursed funds for a class they are not attending.

Positive Attendance Classes

At the end of the course you must report the actual hours of attendance for each student; Grades and positive attendance are entered online through the Faculty online grading system. Courses that use the positive attendance method are listed below.

1. Atypical date classes in which all class meetings are not the same length.
2. All noncredit classes (600-699).
3. All open entry/open exit classes.
4. All apprentice and in-service training courses.
5. All classes meeting for fewer than five days.
6. All classes that cross a semester dateline.
7. Turn in a copy of attendance records to Admissions & Records Office at either campus or online at rollbooks@lbcc.edu.

Final Exams and Posting of Grades

Final exams will be given on the last day of the last week of class, or if the class meets more than once per week, can be spread across multiple days during the final week of class for additional time. For example, if a class meets on Mondays and Wednesdays, the final exam would be given on a Wednesday, or split between Monday and Wednesday. Please inform the students of your classes of the date(s) and time(s) of their final exam.

All grades are due five business days after the completion of the class. Final grades are needed for the following:

- To move on to the next class (prerequisite)
- Transfer to a university/college
- Employment promotion
- Employment verification
- Reimbursement for their class expense
- Child Care verification
- Cal Works verification
- To process End of Term for all students

Transfers

Transfers begin after the refund period.

Step one: The student will complete the student information portion of the transfer form.

Step two: Both faculty members must complete their respective portions on the form.

Step three: The form must be returned to Admissions & Records for processing.

Students who are not legally enrolled are NOT allowed to attend your class.

Curriculum

The Committee on Curriculum and Instruction is a standing committee of the Academic Senate and meets once each month during the primary terms in the academic year. It is composed of a faculty member elected from each department including LAC and TTC counseling and library, appointed faculty members based on their roles on campus (such as the Matriculation Coordinator, adjunct faculty rep, and the Articulation Officer), student representatives, administrators, and ex officio-nonvoting members including the Superintendent-President, Vice President of Academic Affairs, and an LBUSD liaison. Additional information about the Committee on Curriculum and Instruction can be found in LBCC Policy 4020 (https://www.lbcc.edu/sites/main/files/file-attachments/ap_4020_program_and_curriculum_development.pdf?1641420458). The Curriculum Committee has the following subcommittees: Course Evaluation, Associate Degree/General Education, Academic Policy & Standards, Department Planning/Program Review, Assessment of Student Learning Outcomes, and Open Educational Resources. Meeting days, times and locations are listed on the Master Schedule, which may be found at <https://www.lbcc.edu/curriculum-committee>. For more information about the Curriculum Committee, visit <https://www.lbcc.edu/curriculum-committee> or contact the Curriculum Chair.

Faculty Professional Development and Flex Days

The Faculty Professional Development (FPD) office has developed a strong peer oversight of all the professional development for faculty at LBCC. FPD oversees several committees. Each committee offers a specific function to ensure that Faculty Professional Development activities meet the current needs of faculty and are of a high quality. The College has three days in the college calendar that are devoted to faculty professional development. Two days are imbedded within the academic semester and one is a floating day. On the Flex Days identified in the fall and spring semesters, classes are cancelled and the entire day is devoted to professional development. Activities on these days include workshops on campus featuring a wide variety of topics. Upcoming Flex Days are posted at <https://www.lbcc.edu/post/flex-information>, and more information may be found on the Faculty Professional Development website at <http://www.lbcc.edu/FPD>. In addition, faculty may choose to do independent projects or group projects. For these projects, faculty must apply through the FPD office for approval. Each proposal is reviewed to ensure it meets the criteria set out by the California Community College Chancellor's Office.

Center for Teaching and Learning (CTL)

The Center for Teaching and Learning is the new professional learning space for faculty. Grounded in transformative pedagogy, the CTL strives to be a place for reflective growth and an inclusive community that promotes deep learning and effective teaching strategies. Contact professor Tiare Hotra at 562-938-4521 or thotra@lbcc.edu or visit us at LAC M-121 or at <https://www.lbcc.edu/ctl>.

Family Education Rights and Privacy Act (FERPA)

All student records at LBCC are maintained in accordance with the provisions of the Family Rights and Privacy Act of 1974. Copies of the complete text of this act are available in the college library (see “Family Educational and Privacy Rights” in Shepherd’s Acts and Cases by Popular Names). The two basic elements of the act are the student’s right to review and challenge their record and the conditions under which information in the record can be released to outside parties.

1. Students may request access to challenge the correctness or appropriateness of any part of the record. However, students are advised that grades, though a part of the record, are considered final as assigned by the instructor and can only be challenged on the basis of clerical error, fraud, bad faith or incompetency.
2. Student information, except for directory information as defined below, cannot be released by the college to any outside agency, except for those entitled to access under the act, without signed permission of the student. The student may further restrict the release of name and attendance verification by completing the appropriate form in the Admissions Office. In the absence of having this form on file, the college may release directory information to any person or agency. Directory information is defined as dates of attendance, degrees, certificates or awards received, verification of student participation in school activities and sports and weight and height of members of athletic teams.
3. Parents may have access to records of their children but only if the children are still their dependents as evidenced by a claim of same on federal income tax returns. Parents desiring access to the records of a dependent child must present the full name, social security number and birth date of the child, their own personal identification and a copy, that the college district may keep, of the current year’s federal income tax return indicating the child has been claimed as a dependent. Parents seeking to review records of a dependent child during the early months of the year must be able to demonstrate that they have already filed for the year even though the filing deadline isn’t until April 15th.
4. By law, notwithstanding any of the above, all student

records must be released under court order. The student will be notified by mail to the last address on file of any such access, and the student shall have the right to request a copy of any information released in this manner.

5. Any questions regarding the student’s rights under this act should be addressed in writing to the address below:

Yvonne Gutierrez-Sandoval, ygutierrez@lbcc.edu

LBCC Web Course Outline Database (COR)

LBCC currently uses a web database for faculty to create new courses or modify existing courses for credit and noncredit. The instructions on the following pages are intended to provide guidance for your use of the database. Updates to the web course outline database are expected. Once the new version is completed the information will be made available and posted to the web.

LBCC currently uses a web database for all course outlines. This database is the repository for official records of course outlines. All faculty must teach courses according to the approved Course Outline of Record.

There are two ways to view the COR: 1) An open-access Public View and 2) An LBCC login view that allows faculty to make changes per the standard processes.

Both versions are available at <https://www.lbcc.edu/pod/course-evaluation-forms>.

Course outlines in the database are separated by Credit and Noncredit. For assistance with login, please contact the Curriculum Database Specialist at curriculum-desk@lbcc.edu or 562-938-4126.

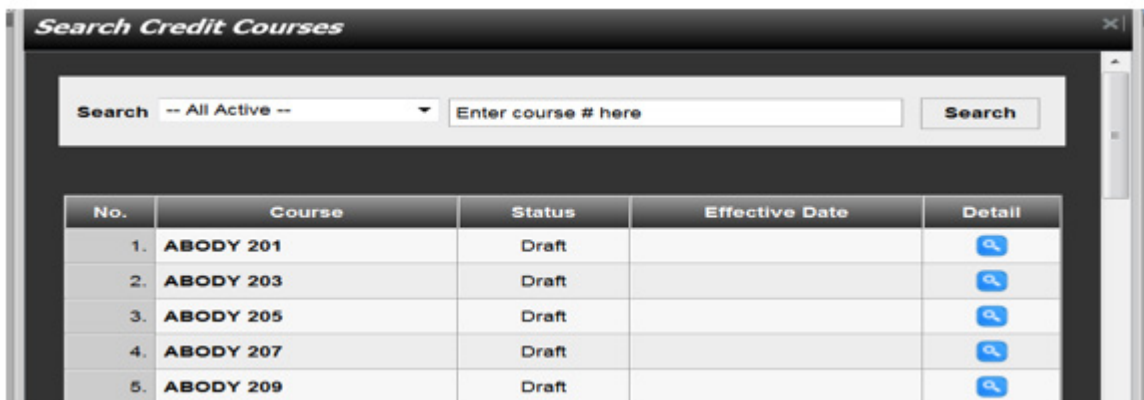

Note: The District is implementing a new curriculum management system to replace the current COR database referenced above.

Credit/Noncredit Course Outline

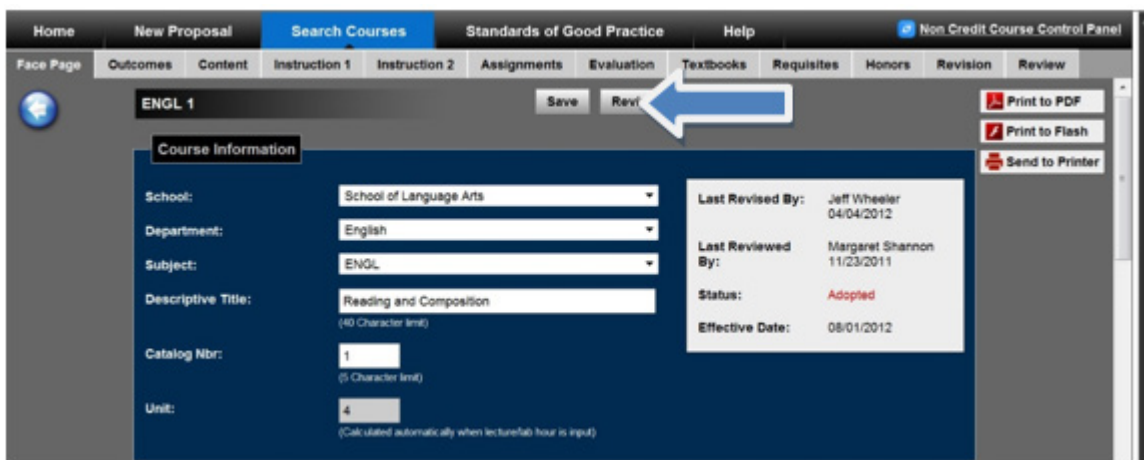

Search a Course

If you intend to revise an existing course, select Search Courses and this dialog box will appear. Type in the course you want to revise. Once the course appears on the list you can click on the detail box and the outline will open.

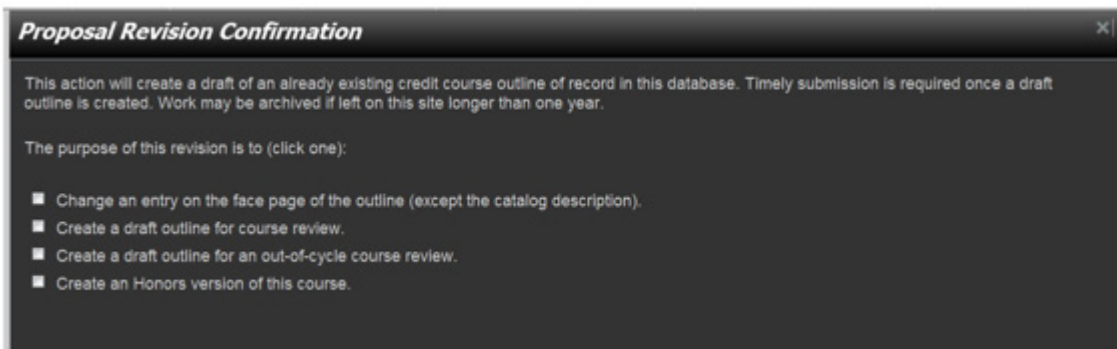

Creating a Draft

If a course has already been adopted, you must first create a draft version of the outline before you can make any changes to it. Press the Revise key at the top or bottom of the Adopted course outline.

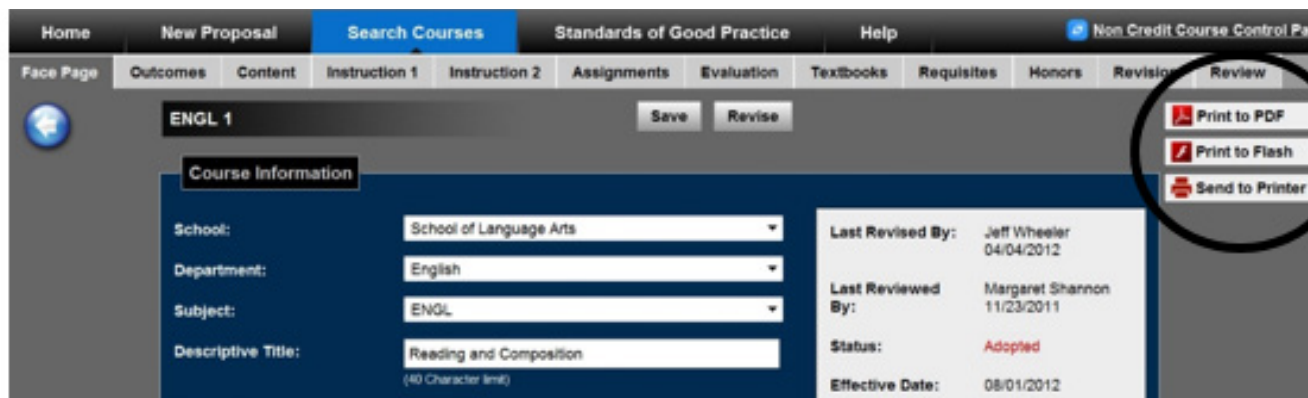

Then check the box to the purpose of creating a draft. You may have noticed on an adopted course that you were only able to view the Face Page and could not “tab” to the other pages. This is to prevent users from altering the adopted version without first creating a draft.

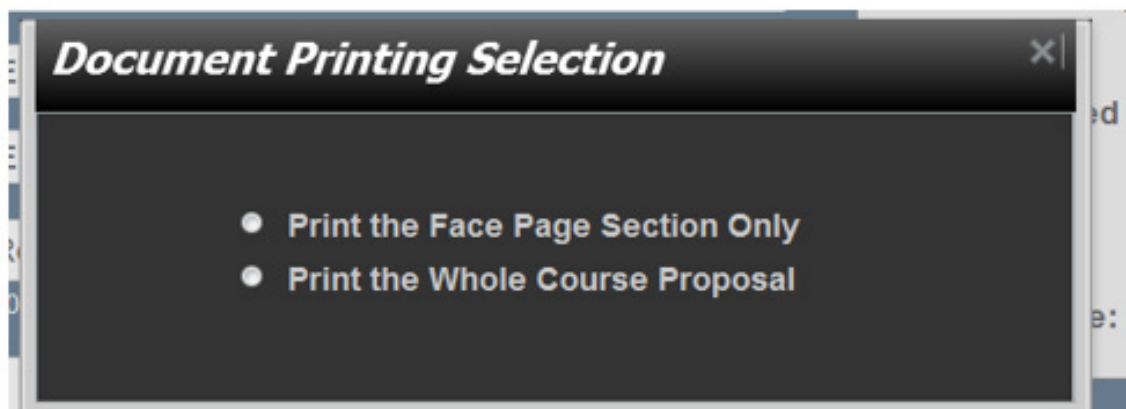

Printing the Course Outline

If you simply wish to view or print out an outline without altering any data, you can do so by selecting any of the printing options on the right.

The box below will be displayed on the screen. At that point you can click on which ever button you would like to print. The course outline you have chosen will show on the screen and you can then print the outline.

Online Learning Program (OLP)

LBCC's Online Learning Program (OLP) is dedicated to supporting teaching and learning, as well as enhancing student engagement, achievement, & academic success.

Types of Online Learning Courses at LBCC

Online Learning refers to three types of courses:

- Fully Online: a course that meets 100% fully online
- Partially Online/Hybrid: a course that meets partially in a classroom and partially online
- Web-Enhanced: a face-to-face course that meets 100% in a classroom yet also uses the LMS.

The fully online and partially online/hybrid courses are also known as online learning courses. The web-enhanced courses are regular face-to-face classes in which the instructor uses online tools (like the LMS) as additional resources for students.

- Asynchronous – There are no required meetings in real-time; no meeting day/times are listed in the schedule.
- Synchronous – There are required meetings in real-time; meeting day/time patterns are in the schedule.

Online Teaching Certification Program

If you are a faculty member that has been assigned or would like to be assigned an online learning course (partially online/hybrid or fully online) at LBCC then you are required to complete the certification process by completing these two components (in either order):

- 1) **Canvas LMS certification**
 - 2) **Online Teaching Pedagogy (TOS 3.0) Certification.**
- These two combined make up the LBCC Online Teaching Certification.

If you have completed Online Teaching Certification and/or Canvas LMS Certification at another institution you may complete the Online Teaching and Canvas Certification Waivers.

- [Visit the Online Teaching Certification Website for details.](#)

Viking Campus Bookstore

Textbook Affordability

Textbook affordability is a sensitive subject. The bookstore has implemented options to help keep those costs down for students and to ensure student success.

First Day

First Day is an inclusive access model that allows digital course materials to be purchased through class registration at a price below market value. Students will have access to those digital materials on the FIRST DAY of class through

their LMS.

Price Matching

The bookstore price matches books with Amazon and BN.com:

- New, used, and used rentals.
- Exact textbook - condition and rental term.
- In stock titles on competitors' website.
- Sold and shipped by Amazon/BN.com.

They cannot match:

- Digital textbooks and access codes.
- Rentals with new condition (only used).
- Online Marketplaces (3rd party sellers).

Rental Books

Standalone textbooks are entered into their rental program for students to rent for the entire semester for a one-time fee. Fee is based on individual titles.

Textbook Adoptions and Why They're Important

The sooner the bookstore receives your book adoptions the better chance they have at finding used books for students. Your adoptions also help them keep used rentals and enable them to buy books from students. The bookstore rents around 4,000 books per semester. They would need to have your adoptions before the semester ends to keep those used rentals on the shelves or risk giving them to other schools that have adoptions. The buyback program allows students to put cash back in their pockets and sell their books for 50% store value. The bookstore's buyback list is based on your adoptions so they know what to buy.

Submitting Adoptions

Submit your adoptions through the online system for ease of tracking, history and to keep your department head in the loop.

The Adoptions and Insights Portal - AIP - is single sign on through your canvas account or you can follow the link below <https://sso.bncollege.com/bes-sp/bessso/saml/lbccedu/aip/logon>.

Student Learning Outcomes (SLO)

Student Learning Outcomes (SLOs) are statements of the overarching knowledge, skills, abilities, and/or values students should acquire in a course, program, or at the institution (general education). These broad learning outcomes demonstrate core student understanding and application of a subject. Course SLOs are found on all Course Outlines of Record and must be included in faculty syllabi. Program and Institutional SLOs are found in the College Catalog.

All full-time and part-time faculty participate in each phase of the SLO Cycles, which is the continuous process of assessing learning outcomes and analyzing the results to determine how well learning expectations are being met. The purpose of this process is to use these results to stimulate meaningful dialogue about how curriculum and instruction actively engage students in the learning process and sustain institutional effectiveness (i.e., the ability to meet college's mission and values).

In collegial conversation, faculty are called upon to discuss what the overarching and disaggregated assessment results reveal about student learning and to use these insights to enhance instructional strategies and curriculum. To accomplish this, faculty work with their departmental SLO Facilitator, and often the department head and dean, to close the loop on the SLO cycle and improve student learning. SLO Facilitators also work with faculty to design and modify SLOs and assessment methods and to capture discussions about the results of assessment and meaningful actions that departments take to increase student learning and success.

For department-specific information about SLO expectations, contact your SLO Facilitator and/or your DH. For general information about the SLO process, visit [SLO Website](#). Contact information for SLO efforts can be found in the [SLO Coordinator and SLO Facilitators Contact Information List](#).

5. STUDENT ACADEMIC POLICIES

LBCC has established multiple Board Policies (BP) and Administrative Procedures (AP) that are available online. These are updated as legislation changes as well as through a cycle of review. All District BP/AP documents are available online at <https://www.lbcc.edu/lbccd-procedures>. Below are highlighted pertinent Administrative Procedures related to academic policies

Course Repetition

State regulations restrict the number of times a student may enroll in a course within a community college district.

i. [AP 4225 COURSE REPETITION](#)

ii. [AP 4227 REPEATABLE COURSES](#)

iii. [AP 4228 COURSE REPETITION-SIGNIFICANT LAPSE OF TIME](#)

iv. [AP 4229 COURSE REPETITION-VARIABLE UNITS](#)

To alleviate substandard work: When a mark of D, F, NP, or W has been previously recorded in a course, a student may enroll to repeat the course. The student is limited to a maximum of three attempts in any one course to earn a passing grade. The grade from the most recent time the course was repeated will be used for determining grade point average regardless of whether the last grade is higher or lower than the grade earned on previous attempts. The grades for all earlier attempts and the most recent attempt shall each be recorded on the student's permanent record, ensuring a true and complete academic history.

Significant Lapse of Time: When a grade of A, B, C, or P has been previously recorded in a course, a student may only repeat the course if 36 months have passed since the grade was awarded and the student is required to have taken the course within a recent amount of time as required by another course or program at the college or at another college or university to which the student seeks to transfer. For courses in which a grade of A, B, C, or P has been recorded, the grade of the repeated course shall be counted in calculating a student's grade point average. The grades of all earlier attempts and the most recent attempt shall each be recorded on the student's permanent record, ensuring a true and complete academic history. Courses repeated under this criterion will not be used for determining financial aid, scholarships, or athletic eligibility. Unit credit is allowed only once. Neither credit nor grades shall be allowed for unauthorized repeated courses.

Mandated Training: A student will be allowed to repeat courses in which the student has previously earned a grade of A, B, C, or P when repetition of the course is necessary in order to meet legally mandated training requirements or conditions of continued paid or volunteer employment. Enrollment under this provision is limited. Documentation supporting the mandated training is required and must be submitted to the Enrollment Services office.

Change of Industry Standard or Licensure:

A student may be allowed to repeat courses in which the student has previously earned a grade of A, B, C, or P when repetition of the course is necessary in order to maintain licensure or if an industry standard has changed significantly since the course was taken and the student needs the skills in order to gain or keep employment. Documentation supporting the licensure or change in industry standard is required and must be submitted to the Enrollment Services office.

The student is responsible for ensuring that the repetition of a course is authorized by these regulations. Any student who is determined to be repeating a course when not authorized to do so shall be administratively removed from the class. Credit by examination and courses in the 600-number noncredit band are not subject to the course repetition rules.

Noncredit & Non-Graded Zero Unit Courses and Grades

You must assign the grade “UG” for non-graded zero unit courses. Only noncredit (600-699) courses will use the credit/no credit grading symbols. All credit courses will use the pass/no pass symbols.

Grading and Academic Record Symbols

Students choosing this option must either choose the pass/no pass option online or complete and submit a “pass/no pass Option Request Form” (available in the Admissions Office) by the 30% mark of a class. Students can check this date for each class in their Student Self Service. Visit <https://www.lbcc.edu/admissions-records> for beginning of the term enrollment services hours of operation dates for either the fall or spring term. The Online Registration System is available daily from 6:00 a.m.–2:00 a.m. (including weekends and holidays).

Prerequisites, Corequisites and Recommended Preparation

Some courses at LBCC have prerequisites and/or advisories in the form of prerequisites, corequisites, and recommended preparation as designated in the Course Outline of Record and identified in the college catalog. Students have the right to challenge prerequisites by obtaining the Requisite Challenge form in Admissions & Records.

- i. [AP 4260 PREREQUISITES, CO-REQUISITES, AND ADVISORIES](#)

Reinstatement

If you have dropped a student and have decided to reinstate the student please follow this process:

- A. Faculty members or student can obtain a reinstatement form from Admissions & Records or your department office may also have the forms.
- B. Complete the form and turn it into Admissions & Records. The form is very short and easy to complete.

Notes: Do not wait to complete this process and do not complete this process if the student has been coming to class but has NOT been legally registered for the class.

Student Conduct and Discipline

LBCC has standards of behavior that apply to everyone associated with the District.

The Office of Student Conduct is responsible for acting on behalf of the College in matters of student discipline. In addition, Student Affairs (Student Health Services and Student Conduct) staff are available to provide your department with training on how to respond to students in distress. If you would like to schedule a training, please contact Sergio Grimaldi at 562-938-3127 or sgrimaldi@lbcc.edu.

Student Health Services

Students who have paid the Student Health Center fee (\$20 per semester) can use the medical and mental health services at no additional charge. Regardless of what insurance coverage the student may or may not have, they are still eligible for basic health services and mental health support at the Health Center.

All services are no-cost or low-cost and are supported by student health fee. Student Health Services engages students in making informed decisions about health-related concerns and empowers them to be self-directed healthcare consumers. Medical Services are located on both campuses and are staffed by a nurse practitioner, registered nurses, and health service technicians. Students are welcome to make appointments for a variety of services such as physicals and flu vaccines as well as receive over-the-counter medications for colds or headaches.

Lactation rooms or Mother's Rooms for students needing a private space on campus, are also available in both Student Health Services Clinics during clinic hours. Students can expect to find a health services team member who is interested in listening to their concerns, helping them understand themselves better and guiding them with healthy resolutions. They will be taking the student seriously, and able to discuss anything they wish.

Information on low-cost health insurance coverage under Covered California is also available.

8. EMERGENCY SITUATIONS

Building Evacuation Procedures

1. When evacuation is determined to be necessary by the Emergency Operations Manager, and approved by the College President, occupants will leave their buildings immediately by the nearest plan-designated "Staging Area" or as advised. In each building, a chart is posted identifying the appropriate evacuation route from the building.
2. Building Emergency Coordinators designated in the Disaster Plan will assist district employees, students and campus visitors and will ensure that evacuation instructions are carried out according to building evacuation plans. As shown on the campus maps, people will be evacuated to designated "Staging Areas" around the campus.
3. Evacuation of disabled persons will be given high priority by Building Emergency Coordinators in all emergencies; they will be evacuated in accordance with the district evacuation plan. Elevators are not to be used. Building Emergency Coordinators may request assistance of faculty. Based on specific circumstances, Building Emergency Coordinators

are responsible for designating the safest evacuation routes for disabled persons. If a disabled person cannot reasonably be assisted out of the building due to the nature of the disability, arriving emergency personnel must be made aware of the location of the individual inside the building.

4. DO NOT RETURN TO AN EVACUATED BUILDING unless directed by appropriate authorities.
5. If total evacuation from the campus is necessary, specific instructions for a safe evacuation procedure will be given by the Emergency Operations Manager at that time.

On-Campus Staging Areas

Areas on campus have been designated as “Staging Evacuation Areas” for evacuation. These include:

- Baseball fields
- Tennis courts
- Parking lots (all persons should assemble in the middle of lots)
- Stadium parking lot (all persons should assemble in the middle of lot)

If only on-campus evacuation is necessary (i.e., the emergency is confined to a specific area and people are not required to leave campus), evacuated persons will remain at location(s) until an “all clear” signal is given by the Emergency Operations Manager.

Earthquake Response

During an earthquake, remain calm and quickly follow the steps outlined below.

1. If indoors, seek refuge in a corner, under a desk or a table. Avoid windows, shelves, and heavy equipment.
2. When the earth is shaking, DROP to your knees, clasp both hands behind the neck, bury your face in your arms, make your body as small as possible, close your eyes and cover your ears with forearms.
3. If outdoors, move quickly away from buildings, utility poles and other structures.
4. After initial shock, evaluate the situation and if emergency help is necessary call the Campus Police at 562-938-4910 or 911 from a cell phone, 9-9-1-1 from a campus phone. Protect yourself at all times and be prepared for aftershocks.
5. Turn off all potentially hazardous equipment such as gas and electric appliances. Damaged facilities should be reported to Facilities, Maintenance & Operations at 562-938-4040 or 562-938- 4484.
6. If necessary to evacuate, activate the building alarm system.
7. Evacuate the building by quickly walking to the nearest exit, alerting people as you go. Be aware of structural damage and assist both the disabled and injured.
8. FLASH THE LIGHTS ON AND OFF to alert deaf or hard

of hearing students. Write notes to explain what is happening.

9. Once outside, move to a clear area at least 150-300 feet away from the affected building(s). Keep walkways clear of emergency vehicles.
10. To the best of your ability, and without re-entering the building, assist in determining that everyone has evacuated safely.
11. Do not return to an evacuated building unless directed by appropriate authorities.

Guidelines for Response to an Active Shooting on Campus

Background

The potential for a shooting on campus exists on every college campus throughout the United States. Although the possession of firearms on or around the LBCC campuses is rare, their availability and past national and local shootings dictate the need for a response plan, in case a shooting or other violent attack occurs.

When a Shooting Occurs

- CALL “911” From a cell phone or 9-911 from a campus phone. Identify your college or workplace and exact location. Remain calm and answer the police operator’s questions. They are trained to obtain the necessary and required information for a proper emergency response.
- Instruct students and employees to drop to the ground immediately, face down as flat as possible. If within 15-20 feet of a safe place or cover, duck and run to it.
- Move or crawl away from gunfire, trying to utilize any obstructions between you and the gunfire. Remember that many objects of cover may conceal you from sight, but may not be bulletproof.
- Try to get inside or behind a building and stay down.
- When you reach a place of relative safety, stay down and do not move. Do not peek or raise your head in an effort to see what may be happening.

- Wait and listen for directions from the police. LBPD will be on scene.

If Suspect is Outside Your Classroom

- Duck and cover. Keep students inside the classrooms and down on the floor. Move behind available cover inside the classroom.
- Close and lock the outside door to the classroom if possible. Close the blinds, turn off the lights and stay on the floor. Do not peek out the door or windows to see what may be happening.
- Report location of the assailant.

Office Personnel

In response to a report of a shooting from a classroom or other area of the campus, have all persons in the office duck and cover onto the floor, behind protective objects or into side rooms. Make required emergency telephone calls to the police from this position. It is crucial that telephone calls be limited to emergency calls only.

Emergency Evacuation Guidelines for Persons with Disabilities

Evacuation is difficult and uncomfortable for both the rescuers and people being assisted. Some people have conditions that can be aggravated or triggered if they are moved incorrectly. Remember that environmental conditions (smoke, debris, loss of electricity) will complicate evacuation efforts.

Before an Evacuation is Ordered

- Students should be invited to volunteer ahead of time to assist disabled persons in an emergency. If volunteers are not available, designate someone to assist who is willing to accept the responsibility.
- DO NOT evacuate disabled people in their wheelchairs. This is standard practice to ensure the safety of disabled people and volunteers. Wheelchairs will be evacuated later, if necessary.
 - Always ASK disabled people how you can help BEFORE attempting any rescue technique or giving assistance. Ask how they can best be assisted or moved, and if there are any special considerations, or items that need to come with them.
 - Before attempting an evacuation, volunteers and the people being assisted should discuss how any lifting will be done and where they are going.
 - Proper lifting techniques (e.g. bending the knees, keeping the back straight, holding the person close before lifting, and using leg muscles to lift) should be used to avoid injury to rescuer’s backs.

- Certain lifts may need to be modified depending on the disabilities of the people.

Everyone needs to take responsibility for preparing for emergencies. People with disabilities should consider what they would do and whether they need to take additional steps to prepare themselves.

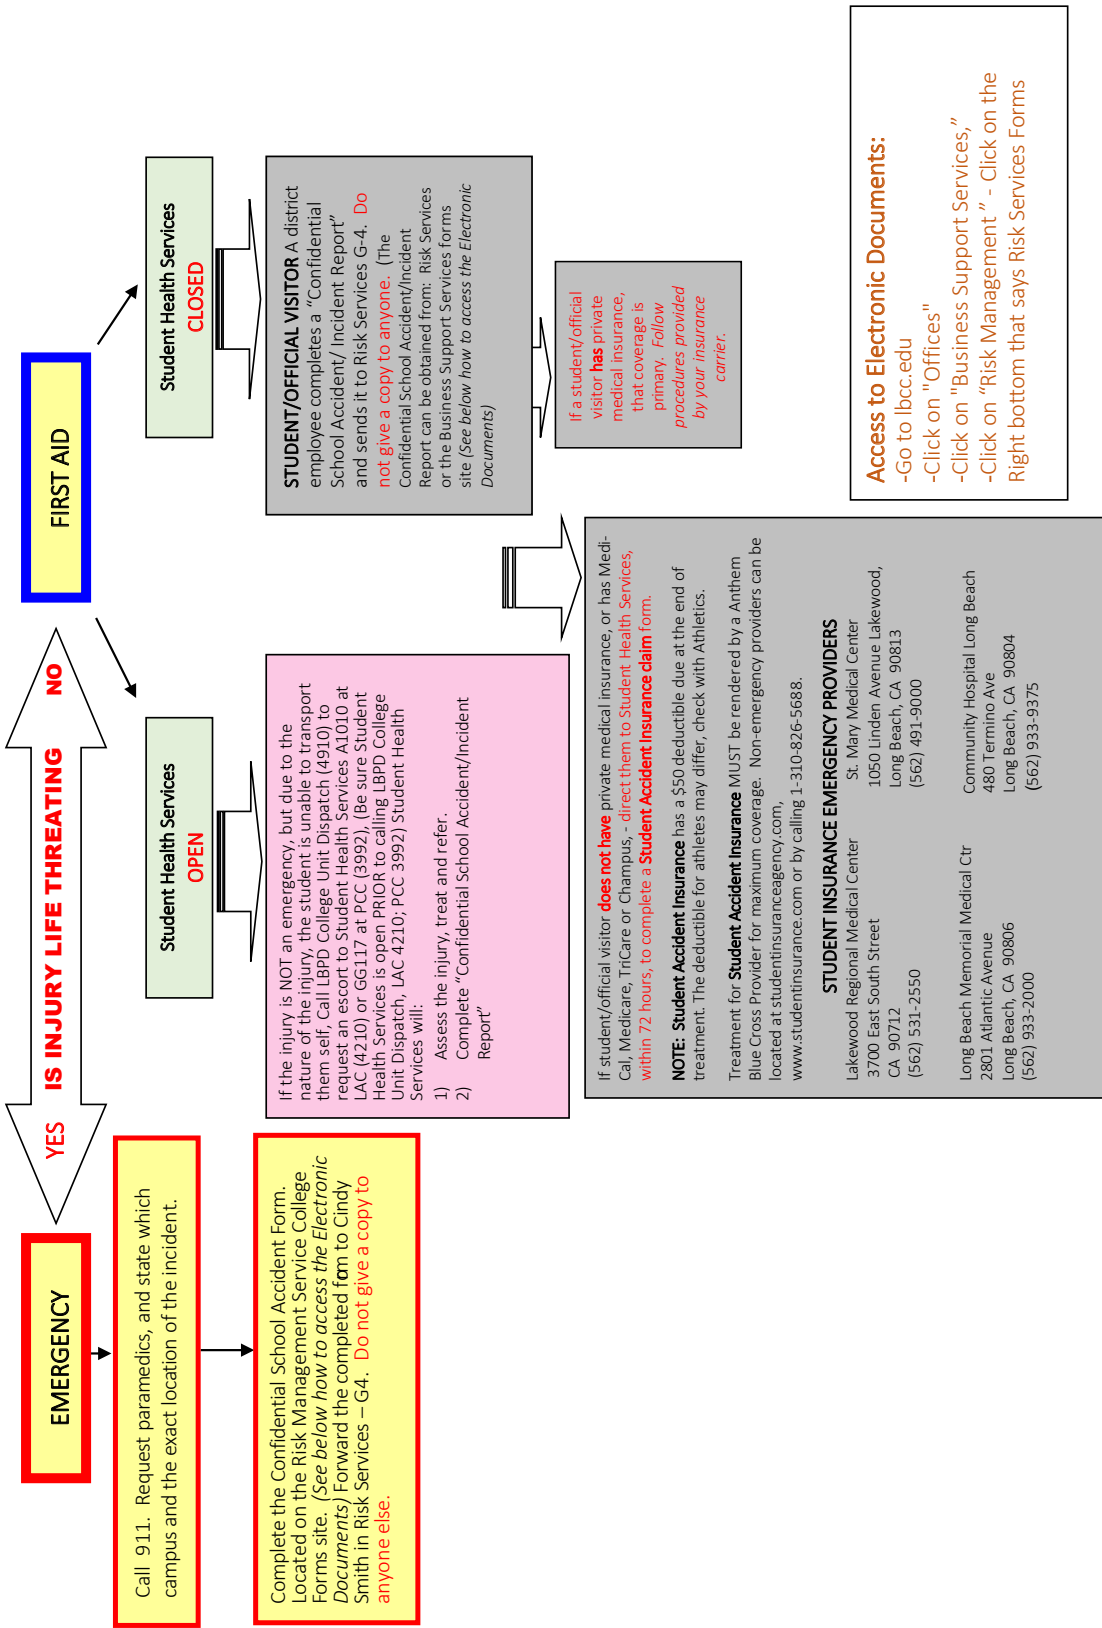

When an Evacuation Has Been Ordered:

- Evacuate people with disabilities, if possible.
- DO NOT use elevators, unless authorized to do so by police or fire personnel. Elevators could fail during a fire or major earthquake. Persons unable to evacuate should remain in the stairwell landing.
- Call 9-911 from a campus telephone or 911 from a cell telephone.
- Check on persons with a disability during an evacuation. A “buddy system,” where people with disabilities arrange for volunteers (Staff/Students) to assist them in an emergency, is a good method.
- Attempt a rescue evacuation ONLY if you have had rescue training or the person is in immediate danger and cannot wait for professional assistance.
- Always ASK someone with a disability how you can help BEFORE attempting any rescue technique or giving assistance. Ask how he or she can best be assisted or moved, and whether there are any special considerations or items that need to come with the person.

Evacuating a disabled or injured person yourself is the last resort. Consider your options and the risks of injuring yourself and others in an evacuation attempt. Do not make an emergency worse.
